VOLUNTEERS NEEDED!

BIKE NEWS: WANTED...

Bicycling Chair. The SEM Chapter is looking for a dedicated person to run our Bicycling committee. This position includes running bike planning meetings, attending monthly Executive Board Meetings, and other various Bicycling Chair responsibilities.

Ride Leaders & Co-Leaders. Enthusiastic about cycling? Like showing others your favorite roads? If yes, then share your enthusiasm and routes with your fellow AMC members!

Contact: Jim Plouffe, 508-586-1394, chair@amcsem.org

WHY VOLUNTEER FOR THE AMC?

Gain work experience!
Put your volunteer experience on your resume!

One approach used by many people is to add a section to their resumes called "Community Service" or "Volunteer Work." They list the highlights of their volunteering here, to show that they have interests outside of their employment history already described.

Also, consider integrating your volunteer work into the section of your resume called "Work Experience." Even if you were not paid a salary and did not consider the volunteering to be "employment," it certainly was productive work and should count as "experience." The key is to translate what you gained from the volunteer activity into the language of the paid work world. So, if you did tutoring, use the title "Tutor." If you coordinated a project, identify your work accurately as "Project Coordinator."

Got a little free time to help us grow? Are you a people person who likes to help others? Are you concerned about environmental issues? Do you enjoy outdoor activities? Do you have some free time? If this sounds like you, then you may be interested in some opportunities to help our chapter of the AMC grow and better accomplish its mission. Get in touch with us and we'll be happy to tell you more.

Southeastern Mass Chapter AMC 2,000 Mile Club

Jack Jacobsen founded the 2,000 Mile Club in 2003 to recognize our Southeastern Mass AMC member’s accomplishments of cycling 2,000 miles or more in a calendar year. Mileage must be accurately logged and recorded and may be a combination of road cycling and mountain biking miles. The club was waning in the early years but was successfully revived in 2007 by Victor Oliver. 2011 marks the 8th year of the organization, as the first year of recording our mileage was 2004. Embroidered patches of recognition are awarded to first time members only. Mileage is compiled and recorded by our registrar Dan Egan. Send your mileage quarterly to him at danielfrancisegan@hotmail.com

Female Hikers, Unite

Hello fellow hikers. This column is for all hikers, backpakers, and campers. Most of my blog subscribers are male and most comments I've received have been from men. Judging by the increased numbers of females on trails, I would have expected more readership and feedback from women. Every year I see more of the fair sex out on trails, and that's a positive development for the AMC hiking community.

Now and then, I see something referring to women hikers. Recently, it was Trail Dames at www.traildames.com. I don't know much about this group or how active they are, but their site looks interesting. They have eleven chapters, all in the east except for a chapter in Michigan. I suspect this is because of the increasing popularity of women, young and old, hiking the Appalachian Trail. Trail Dames held their own conference this past June in Virginia.

Another blogger mentioned the Women’s Adventure Club of Centre County PA, which ran an Appalachian Hiking Series For Women this past summer. When I thru-hiked the A.T. some years ago, I remember how grateful I was to a young lady who had---all day---hauled my sack of soaked and dirty laundry I'd left at the shelter.

Of course, the big hiking news last year was Jennifer Pharr Davis (www.mensjournal.com/jennifer-pharr-davis-beats-appalachian-trail-record) who now holds the speed record for thru-hiking the Appalachian Trail. She trimmed 26 hours off the previous record set by a man! Click above and you'll see the stunning article from Men's Journal. That she hiked the entire length of the A.T. in 46 days, 11 hours, and 26 minutes is incomprehensible to me. She was chosen as one of National Geographic's Adventurers of the Year.

This picture is from a hike with friends to AMC’s Mizpah Springs Hut. Most of the women I see on hikes are fit and tough. Welcome!
