Kicking Off the New Year

Our chapter started 2016 with several groups getting outside to enjoy the local environment.

In The Blue Hills Reservation, The First Day hike covered 5.8 miles over 3 hours along the Skyline, yellow arrow, and green dot trail in the northwest section of the reservation. There were many familiar faces but also some new folks participated, including some long time members who are trying to get more active. It was great to also see so many other hikers, including families, in the reservation on a beautiful New Year’s Day.

At Borderland State Park, 25 folks showed up for a morning hike. They hiked out the West Side, French, Northwest, NEMBA, Ridge Quarry Loop trails to visit Moyle’s Quarry, where they got a show & tell about how to hand split granite, and one eagle-eyed participant even found a set of ‘feathers and wedge’ stuck in a block of granite that had split crooked and had been abandoned. The group continued on the Morse Loop to the very northern end of the park, stopping there for lunch. They worked their way back toward the cars over the Friends, Ridge, and Granite Hills trails. Having hiked a total of seven miles, including a short walk along Pond Walk Trail, everyone returned to their cars.

View From the Chair

Hello SEM Members,

Best wishes for many joyous outdoor adventures in 2016! We would love to meet you and have you take a trip with us. Would you like to bike, ski, paddle, hike, backpack or perform trail work? We can show you beautiful places close to home and we can also show you beautiful places across New England.

Contact one of our enthusiastic leaders and try something new! You can always find our activities on our web site at http://amcsem.org/schedules.html.

If you are looking for a volunteer opportunity in the new year, we are always looking for help. Currently we are looking for a Communications Chair to oversee our SEM Chapter Communications. Also, our Biking, Hiking, Skiing and Paddling Committees are looking for Vice Chairs. Contact me if you’d like to help out.

See you outdoors!

Kicking Off the New Year, continued.

SEMAMC 13th annual New Year’s Day cycling by Paul Currier

Relocating the 13th Annual New Year’s Day ride from Rochester/Marion to Falmouth was well received as we had a dozen signups. We gathered at the Shining Sea Bike Path parking lot in North Falmouth but opted for some scenic street riding on the way to Woods Hole. Old Silver was our first regroup; lovely although quite windy looking to Marion, Rochester, Mattapoisett, and Fairhaven. We continued south taking in Gunning Point and Racing Beach side street tours to the ocean. Back on the path and eventually to Woods Hole for a stop at Pie in the Sky for refreshments in the sun and a group picture taken by a friendly couple.

Thanks to Joe Tavilla, we decided to take in Nobska Light and, across from it, Martha’s Vineyard on the return trip so we would be riding with the wind. We continued back along the beach for a bit and then a casual return (for 4 of us as 5 riders flew back!) on the Shining Sea Path.

It was a lovely day for riding – low 40’s with enough sun to ward off any possible chill. Everyone stayed warm and graciously thanked me for a most enjoyable ride. Thanking them in return seemed more important as I always feel that the riders make the ride!

Barbara Gaughan, Bernie Meggison, Geoffrey Lenk, Jack Jacobsen, Jim Burke, Joe Tavilla, Larry Decker, Mark Gurnee, Mike Henley, Nancy Kahn, and Paul Currier (Leader)

SEMAMC 2,000 Mile Club Begins 12th Year by Paul Currier

Founded in 2004 by Jack Jacobsen and becoming operational in 2005, our AMC Southeast Mass 2000 Mile Club is now beginning its twelfth year of recording and awarding our cyclists for riding 2,000 miles or more annually. First time achievers are awarded the 2,000 Mile Club patch.

The club experienced its first significant growth during Vice-Chair Victor Oliver’s tenure and has been growing since. We have had several volunteer registrars starting with Paul Currier and continuing with Dan Egan to our present registrar, Bernie Meggison.

Record and send your quarterly or final 2015 mileage to Bernie Meggison thosemeggisons@gmail.com, our Chair/Registrar. An online tracker is coming soon.

For additional information about joining our 2,000 Mile Club, see the Breeze or contact our club officers Bernie Meggison, thosemeggisons@gmail.com, Jack Jacobsen cyclejac51@yahoo.com, or Paul Currier paulbcurrier@comcast.net.

Volunteer of the Month

Len Ulbricht

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have wonderful people give their time, energy and resources to make our chapter one of the best. This month we recognize LEN ULBRICHT from the Hiking Committee.

For those of you who do not know him, Len has been a long-standing member and volunteer in the SEM chapter in several capacities. He held the positions of Membership Chair from 2009-2013 and the Education Chair in 2013-2014. He has written several articles for The Breeze over the years and he has been an active hike leader, leading a variety of day and overnight trips in the Berkshires, Blue Hills, MA and NH. This past year, Len led a Conditioning Hike Series in the Blue Hills to prepare people for summer hiking and is implementing this series again for the upcoming spring. Another series led by Len this fall was “Warming Up for Winter” to help prepare participants for winter hiking. On all his hikes, Len not only provides an opportunity for participants to enjoy nature and the outdoors as well as socialize with others, but to become better, stronger, hikers. Thanks, Len, for all you do!

Len will receive a Volunteer of the Month Certificate and a $50 gift card.

Elizabeth Hayes Pratt

We are sad to note that Libby Pratt, a longtime SEM kayaker, died on November 14, 2015. She was 88 years old. Her obituary can be found on the Cape Code Times website.
The Trail by Ray Anderson

A Thru-Hiker publishes his debut novel.

AMC member, Ray Anderson, has published his first book: The Trail, A murder mystery written with an eye for the details only those who have hiked the Appalachian Trail can give, The Trail combines the solitary world of trail life with the harrowing story of two men desperately trying to escape their pasts.

We asked him a few questions about his new book:

How did your experiences with the AMC influence your book?

I've been an AMC member for many years and first got interested in hiking over 30 years ago when I began climbing the 4000 footers in NH. When I was peak-bagging in NH, I decided to thru-hike the A.T. when I retired. My joy of hiking as an AMC member gave me the incentive to retire early from the corporate world. (I'm a retiree of the Coca-Cola Company).

What's your favorite scene in the story?

There are several favorite scenes in the story: The REI scene where the villain ("Moonwalker") clueless about hiking, decides to get outfitted for his escape onto the Appalachian Trail. And the scene in Roaring Fork shelter during the No. Carolina snowstorm. Some of the dialog in that scene is word-for-word as I remember it. And the "Magic Moment" scene where my protagonist, “Awol” snacks by a stream in the forest on a sunny day and watches deer nearby. This also happened to me.

Learn more about Ray’s new book.

3rd Annual Stroll Down Memory Lane

Bob Vogel

November brought the SEM Annual Meeting and with it the Third Annual Stroll Down Memory Lane. A couple dozen lucky folks got to enjoy fine weather this year as we strolled, and occasionally stopped to tell old stories, around Myles Standish State Forest. This easy-paced ‘Stroll’ gives us a good opportunity to get together for a walk that isn’t too strenuous, so more can attend. So, mark your calendar for next year’s Stroll (and Annual Meeting) the first Saturday in November!

Become a Plant Conservation Volunteer with New England Wild Flower Society

New England Wild Flower Society is seeking enthusiastic people interested in plant identification and exploring interesting natural habitats to participate in their Plant Conservation Volunteer Program. Plant Conservation Volunteers (PCVs) puts the skills of citizen science to work collecting information on rare plants and their habitats across all six New England states. There are also opportunities to assist with invasive and habitat management projects that benefit rare plants and botanical surveys. The New England Wild Flower Society provides annual training for those interested in becoming PCVs. The Society also offers free field trips and learning opportunities to PCVs often interacting with professional botanists to learn more about hard to identify species and the ecology of various habitats.

Good candidates are motivated, interested in plant identification, and a little adventurous. It’s an excellent opportunity to develop your botanical skills and put them to work, learn more about the flora of New England, meet others with similar interests, and help preserve your state’s natural heritage.

Training sessions will be held on a weekend in March/April for each of the New England states. Interested applicants with some botanical knowledge and are outside of Eastern Massachusetts are encouraged to apply. For more information and to apply visit our website at [www.newenglandwild.org/volunteers/plant-conservation.html/](http://www.newenglandwild.org/volunteers/plant-conservation.html/) or contact:
