This course deals with medical emergencies that may occur in the back woods when you are more than one hour from medical care and 911 help may not be accessible. Wilderness First Aid is a comprehensive lesson in how to react, respond, and save life in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify.

Our 2013 year
AMC SEM's Board
collected toys for
Marine's Toys for Tots

**We collected enough toys
for several families, and
many children.**

*We are pleased to contribute to
such a worthwhile program!*

[Registration is Open!](#)

The day's activities will include

138th Annual Business Meeting 4-5pm
Clubwide committee meetings and workshops 8am-4pm
Volunteer Leadership Awards Dinner with Guest Speaker, [Kristen Kelliher](#) 6pm

AMC Expo, Doors open at 8am

Outdoor destination exhibits - Chapter information - Sponsor booths - Mountain of Fleece

Accepting Nominations for Volunteer Awards Each year we are inspired by the dedication and hard work of our volunteers. The Annual Summit is an opportunity to recognize those who have gone above and beyond.

Who has inspired you this year? Visit www.outdoors.org/Awards and nominate a volunteer for the Distinguished Service, Volunteer Leadership, Joe Dodge or Emerging Conservationist Award.

Registration is required

Saddle up

Yes it is a bit chilly to get on the bike...but we always have some warmer days throughout the winter

Ride some or all of these great rides!

How about the **11th Annual New Year's Day Ride?**

January 01, 2014 (Wed)

SEMAC 11th Annual New Years Day Ride. Kick off our cycling schedule and our annual quest for 2,000 + miles. 30 miles with options for early bailout.

This beautiful coastal ride includes Marion Harbor, Seashell Beach, Converse Rd. loop, The Stone Estate, Planting Island, and Kittansett Point. Helmets, water, Spare tube and tools required as is registration as changes will be sent to registered riders only. Paul Currier - currierpaul@comcast.net or call until 7pm

This is a great way to start accumulating your 2000 miles for 2014 to earn your badge.

And let's not forget the **Sunset/Full Wolf Moon Ride**

January 15, 2014 (Wed)

Intermediate paced road cycling from Sandwich Recreation area on Freezer Road for ride on canal trail and streets of Gray Gables and Mashnee Island. Return to the canal for sunset near RR Bridge and ride along the canal for full Snow Moon Rise over the Sagamore Bridge. Helmets, water, registration, spare tube and tools required contact Paul Currier - currierpaul@comcast.net or call until 7pm.

Paul Courier also leads rides every Tuesday.

Plenty of opportunities for January.

Ride-Leaders
Co-Leaders

*Are you enthusiastic about cycling? Do you like showing other riders your favorite roads?
If yes, then why not share your enthusiasm and routes with your fellow AMC members?*

This opportunity is for all types of rider - fast, intermediate, slow, touring, special events, mountain etc.
We will train you to lead the rides.

Contact Bike Chair - Cheryl Washwell , cawashwell@gmail.com or 774.259.4535

2014 Adventure Travel Trips

Adventure Travel has many exciting adventures lined up for 2014! Are you interested in hiking Big Bend, backpacking in Death Valley or maybe fly fishing in Montana? If international travel is more enticing, consider cycling in Tuscany or trekking in Peru. The adventures take our participants all over the globe in a dynamic and active group setting. To learn more about our program and view our trip listings, visit www.outdoors.org/adventuretravel.

Annual Pizza Social

2014's Annual Pizza Social will fall on Friday October 31st, providing the perfect opportunity for a Costume Party/Pizza Social combination event. To participate in this event, perspective participants should contact Denise Spoor at 603-466-8137 or by email at dspoor@outdoors.org. This information will be posted on the AMC website and in the AMC Outdoors magazine as well.

Other Interests *not endorsed by AMC

MASSACHUSETTS BREAST CANCER COALITION

The Lesbians & Friends Dance: A Party for Prevention is a benefit for the Massachusetts Breast Cancer Coalition (MBCC), the only education and advocacy non-profit in the country working closely with an environmental research organization toward breast cancer prevention. This event for the New England LGBT community and friends will be held on Saturday, January 25th from 8:30pm-12:30am at the Holiday Inn Brookline located on 1200 Beacon Street in Brookline, MA.

Highlights for the 16th annual dance include the **musical stylings of DJ Jodi**, an abundant silent auction, complimentary hors d'oeuvres, and a cash bar. Tickets are \$40 in advance (visit www.mbcc.org or call 617-376-6222 to purchase) or \$45 at the door. For full event information, please visit www.mbcc.org.

[Buy Tickets](#)

DANCE WORKSHOP FOR PREVENTION:

Dancing With A Star: Chaz Bono and
OUT to Dance Director Liz Nania

From 8:00pm-8:30pm at the Holiday Inn Brookline, directly before the Lesbians & Friends Dance, all event participants can enjoy a 30 minute free Beginners' Merengue Lesson by Liz Nania, Boston's premier dance instructor and Director of OUT to Dance.

Merengue is the easiest dance ever, guaranteed! It's perfect for both merengue music and top 40 club-style pop music, so you can dance it all night long; you'll learn the super-simple merengue footwork and dress it up with some fun and fancy spins. Absolutely no experience or partner needed for this easy and exhilarating dance lesson. Meet some fun new women and get your groove on; your two left feet are welcome!

To learn more about OUT to Dance, please visit www.outtodance.com.

NIKE REUSE-A-SHOE RECYCLING PROJECT

Recycle your old sneakers and athletic shoes. The Nike recycling facility grinds them up into materials that are used to make indoor and outdoor track flooring. They won't accept dress shoes, sandals, flip-flops or cleats.

Drop off your old sneakers with any leader they will get them to the vice chair, Maureen Kelly, vicechair@amcsem.org.

Check out the website: www.nikereuseashoe.com

ACTIVITIES

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS(S)

AMCS SEM "Open House" coming up this spring! Great chance for new or prospective members to get to know the chapter. Intro to Winter Fun Feb. 7-9. WFA April 5-6. Leadership Training May 3.

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoors opportunities (e.g., web work, arranging events). Something for everyone!

BICYCLING

Bike Ratings: First character indicates distance in mi: AA=50+; A=35-50; B=25-35; C=under 25. Second is L's pace in mph: 1=17; 2=13-16; 3=11-13; 4=up to 11. Third is terrain: A=very hilly; B=hilly; C=rolling; D=flat.

WANTED: Ride Leaders and Co-Leaders. Are you enthusiastic about cycling? Do you like showing other riders your favorite roads? If yes, then why not share your enthusiasm and routes w/ your fellow AMC members? Contact Bike Chair (bikingchair@amcsem.org) for more info.

EXECUTIVE COMMITTEE

We need an "Event Planner" for the AMC SEM Executive Board. Do you have event planning skills? Our events are typically: Annual Meeting/Dinner, Holiday

AMC ACTIVITY PARTICIPATION POLICY

AMC encourages involvement in its mission and activities through its membership, programs, policies, and procedures. Our goal is to be a community that is comfortable, inviting, and accessible for people of any age, gender, race, religion, ethnicity, ability, sexual orientation, or socioeconomic status. Some AMC programs are designed for a certain age range of members or for a special activity or topic. However, any person who meets the minimum qualifications (age, skills, experience, fitness) established by the trip leader(s) for an activity is eligible to attend, if space is available. Individuals under 18 must be accompanied by a responsible adult. All participants in AMC activities are required to sign the AMC waiver form provided by the leader. Preview the waiver at: <http://amcsem.org/documents.html>

Party, Summer Picnic. Can you find and reserve a room, choose a menu that fits in our budget, worry about a projector and screen, set an agenda, and generally make an event happen? Contact the chapter chair at chair@amcsem.org.

Volunteer Opportunities

Until Filled. Chapter Youth Program (CYP) Leader. Share your outdoor knowledge and leadership skills with local groups of children. Give your time to these programs to help kids get outside who might not otherwise have the opportunity. A typical Chapter Youth Program (CYP) might include a local walk with some nature lesson or trail games. CYP leader training and screening is required. L Sally Delisa (picpocit@verizon.net)

Rating codes (e.g. C4D): first letter indicates distance in mi, middle number indicates pace, second letter indicates terrain.

Miles	Pace (mph)	Terrain
AA = 13+	1 = very fast (2.5)	A = v. stren.
A = 9 - 13	2 = fast (2)	B = strenuous
B = 5 - 8	3 = moderate	C = average
C = <5	4 = leisurely	D = easy

HIKING

IMPORTANT: No pets w/o prior permission of trip leader. Individuals under 18 years of age must be

accompanied by a parent or responsible adult, and obtain prior consent from L. Those accompanying a minor are responsible for minor's actions. Reg. req'd for most hikes, preferably at least 1 week prior to the trip so Ls can discuss prior hiking exp., conditioning, clothing, and equipment. Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy)

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Chapter Trips

Sat., Jan. 4. Winter Hike #2, Mount Monadnock. For the second winter hike of the season, the SEM Chapter will be climbing Mount Monadnock (elevation 3165 feet). This hike brings us to Monadnock State Park in New Hampshire and up one of the most climbed

peaks in North America. Monadnock's bare, and rocky summit provides expansive views from the Boston skyline to Mt Greylock and the Green Mountains in Vt. This will give us a opportunity to test out winter hiking gear and skills before going to the next winter hike in the White Mountains. Also check out our winter hiking workshop on November 2. L Walt Granda (508-999-6038 before 9:00 p.m., wlgranda@aol.com) L Paul Miller (paulallenmiller@verizon.net) L Maureen Kelly (mokol773@aol.com) L Mike Woessner (stridermw@hotmail.com), R Walt Granda (508-999-6038 Before 9 pm, wlgranda@aol.com)

(FT) (NM) Thu., Jan. 9. Thurs. Morn. Hike Copicut Woods, Fall River (B3C). Meet at 10:00 a.m. Indian Town Rd Parking lot. Required equipment: Hiking boots, rain gear, water and snacks. Heavy rains will cancel. Snow or ice will require yaktrax, stabilicers, or snowshoes. This 516-acre property is both a prime destination and the southern gateway to the Southeastern Massachusetts Bioreserve. Copicut introduces nature lovers and outdoor enthusiasts to an entire regional ecosystem. Experience forests, streams, and cedar swamps, amid an array of flora and fauna, from deer and coyote darting among stands of hardwoods and conifers, to hawks, owls, and salamanders. L Walt Granda (508-999-6038 before 9:00 PM, wlgranda@aol.com)

Thu., Jan. 16. Myles Standish East Head Reservoir Loop Hike. Thursday Morning Hike in Myles Standish S.P. East Head Reservoir Loop. Meet at 9:45 A.M. in Headquarters parking lot. Bring lunch and water. 2-3 hour hike. Snow shoe possible. L Richard Carnes (508-947-3204 evening, rcarnes2@aol.com)

Thu., Jan. 23. Thursday Morn. hike Houghton's Pond. Meet at 10:00 for a 6 mile hike/snowshoe depending on conditions over a variety of trails. Bring: water, snack and wear appropriate footwear. L Claire Braye (508-857-0320, cbraye57@comcast.net)

(FT) (NM) Thursdays

Jan. 30. Thursday Morning Monastery Hike. Thursday Morning Hike. Nice easy hike on the beautiful Monastery grounds in Cumberland, RI - Bring lunch or snack. Snow equipment may be needed. Rain cancels. Rte. 295S to exit 11. Take 114S app. 1-1/2 mi. Take right into Monastery, go past playground and park on right. L Muriel Guenther (508-699-7461 Before 9:00pm, murielguenther@comcast.net)

BREEZE - AMC Southeastern Massachusetts Chapter - 800-372-1758 amcinformation@outdoors.org Sign up

Sat., Feb. 1. Winter Hike #3 - Mt. Pierce. Join us for the third hike in our 2014 Winter Series, which will bring us above 4,000 feet for the first time this year to the summit of Mt. Pierce, with it's panoramic views of the southern Presidentials, Mt. Washington, and beyond. We'll take the historic (mostly protected) Crawford Path and return via the Webster Cliff Trail to the Mizpah Cutoff and then back to the trailhead via the Crawford Path. Previous winter hiking experience and/or participation in the SEM Winter Workshop on Nov. 2, 2013 required. L Paul Miller (508-369-4151 before 9:00pm, paulallenmiller@verizon.net) L Christine Pellegrini (chrispellegrini@yahoo.com) L Bill Pellegrini (billpellegrini@yahoo.com) CL Jim Casey , R Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net)

Fri., Feb. 7-9. Intro to Winter Hiking and Cross Country Skiing at Noble View Camp. Let us show you the joys of winter hiking, snowshoeing and cross country skiing from a beautiful heated lodge in central Mass. Friday evening we will meet the group and discuss winter gear. Saturday and Sunday we'll have half - day hikes and ski trips both in the morning and the afternoon. Hot lunch will be served back at the Camp. Noble View has shared bunkrooms, a kitchen, electricity, showers, flush toilets and wood stoves. All meals are included. Winter clothing and gear will be required. L Maureen Kelly (508-224-9188 before 8 pm, mokol773@aol.com) L Walt Granda (wlgranda@aol.com) L Jodi Jensen (jodijensen@gmail.com) CL cathy maccurtain , R maureen kelly (508-224-9188 before 8 pm, mokol773@aol.com)

Thu., Feb. 13. Ponkapoag Pond Hike (Thurs.). Meet at 10:00am in Ponkapoag Golf Course Parking Lot for a 5 mile hike/snowshoe depending on conditions over a variety of trails. Bring: water, snack and wear appropriate footwear. L Claire Braye (508-857-0320, cbraye57@comcast.net)

Sat., Feb. 15-17. Winter Hike and Overnight at Cardigan High Cabin. Presidents Weekend trip to High Cabin. Full winter gear and previous winter hiking and camping experience required. Fee includes two night's stay. Participants responsible for all food and to help carry up firewood. L Mike Woessner (508-577-4879 Anytime, stridermw@hotmail.com) CL Kevin Mulligan , R Mike Woessner (12 Bradley Ln., Westford, MA, 508-577-4879, Stridermw@hotmail.com)

Fri., Feb. 28-Mar. 2. Winter Hike Series #4. Complete the SEM Winter Series with an overnight stay at Lonesome Lake hut for two nights. Opportunity to hike the Kinsmans or Cannon. 4 group meals (dinners, breakfasts) included. Winter gear/experience required. \$90 payment needed by 1/20/14 to ensure spot. (AN) (XCE) Tue., Mar. 4-6. Mid-Week XC and downhill skiing. Join in for three fun filled days of XC or downhill mid-week skiing at Bretton Woods, Jackson, Attitash, Wildcat or other local ski area. Stay in the Shapleigh bunkhouse for three days, Tuesday March 4 through

Thursday March 6, departing the 7th. Pricing includes three breakfasts and dinners at the Highland Center. Optional fourth day skiing on drive up. Come and enjoy great skiing, après ski socializing and meals to please. Please note that a trip leader will not be managing the group and each skier should act accordingly and use their own judgement in selection of terrain suitable to their skill level, be it XC or downhill. Pricing base on up to 10 participants and capped at \$215 per person for three days, with meals, discount ski tickets extra. A greater turnout lowers your cost, a tough to beat deal. Full payment due by February 10. No refunds after February 17. L Len Ulbricht (lenu44@gmail.com), R len ulbricht (lenu44@gmail.com)

AMC SEM 100-MILE HIKING CLUB

Log your miles; earn an awesome patch!

SEM Hiking Committee has just initiated an "100-Mile Hiking Club" for SEM members who get out on the trails regularly with the club.

Membership is open to any SEM member who, starting on July 1, 2013, hikes at least 100 miles with the SEM and/or any other AMC chapter and remembers to log those miles along with the date hiked and location on our online spreadsheet linked to the SEM Hiking page on www.amcsem.org.

To get your name included on the online spreadsheet so you can record your miles hiked with the AMC after July 1st (using the honor system), just send an email to either hikingchair@amcsem.org or hikingvicechair@amcsem.org.

Mount Rainier from Van Trump Park, Mt. Rainier National Park.

August Camp 2014

Experience Van Trump Park, Mt. Rainier National Park and Mount St. Helens with AMC's August Camp, July 19 to Aug. 16, 2014.

Come for one or two weeks, starting any Saturday. It's a full service summer camp for grown-ups, with hikes at all levels every day! Details available in December at www.augustcamp.org.

2014 LEADERSHIP TRAINING

Leadership Training will be held on **Saturday, May 3, 2014** at **Borderland State Park, N. Easton, MA**. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to chapter members.

Please register by April 19 with Len Ulbricht at lenu44@gmail.com

Leadership Training - *Why Take It?*

In order to foster safe outdoor recreation enjoyable to all, AMC has for many years offered a variety of [training programs](#) - both for personal growth and trip leaders/organizers. The most basic program is Leadership Training. This program covers the essential elements our trip leaders need to un-

derstand when organizing, planning and managing groups of hikers, bikers, paddlers, or skiers. It is offered by all AMC chapters to train leaders with a common set of guidelines for situations they will likely face in running an outdoor activity. Anyone wishing to lead trips for our chapter should take this program.

Suppose one is uncertain as to whether or not they want to lead trips. Can they take it? Or how about members new to AMC who are not seeking to lead but want to learn how our organization operates. Can they take it? And there are those members who just wish to participate and not lead. Can they take it?

Yes! Yes! Yes! to all three questions. Leadership Training is for participants, too. You will learn how leaders manage groups, screening considerations leaders undertake and may ask you about to insure group compatibility, how to deal with accidents and AMC liability protections, and ways to personally prepare for your outdoor experience whether it's hiking, biking, paddling or skiing. You'll also meet and interact with SEM trip leaders who present course materials. So give LT some thought.

CYP Leadership Training

A CYP Leadership Training class will be given in our region one Saturday in March
However, we need to guarantee 6 people.

View from the Chair

By Cheryl Lathrop

Guess what giant outdoor event is happening in February? The Winter Olympics! Our country's best winter athletes will be travelling to Sochi, Russia to compete. This should make for two weeks of great watching.

But, don't just watch! And don't think you have to be an Olympian! You too can get outside and participate in winter sports. Our SEM leaders have set up hikes, bikes, and ski trips for you. And we'll have some SEM 'Olympians' completing the Winter Hiking Series with an overnight stay at Lonesome Lake hut for two nights.

Guess what other giant outdoor event is happening in February? It's Super Bowl XLVIII. It's being billed as the first, outdoor, cold weather Super Bowl. At the NY/NJ MetLife Stadium. Well, those of us that participate in SEM winter activities know firsthand what outdoor cold weather feels like—and we love it! We love getting outside.

So, enjoy the Super Bowl and enjoy the Olympics. But don't spend all of your time in front of the TV. Get outside!!! Our hardworking SEM volunteer leaders have set up some wonderful winter activities for you!

Your chapter chair scrunching under a log

As always, feel free to contact your chapter chair, or vice chapter chair at any time.

Chapter Chair: Cheryl Lathrop (chair@amcsem.org) ~ Vice Chapter Chair: Maureen Kelly (vicechair@amcsem.org)

GET INVOLVED

Be a volunteer and reap the rewards

If you'd like to give back to your SEM chapter, we'll find something small for you to do to get started.

Contact the Chapter Chair at chair@amcsem.org and we'll match up your interests and capabilities with our needs.

Are you a detail person, long-time chapter member & former board member?

We're forming a committee to update our chapter Bylaws and Operating Rules.

See our current [Bylaws and Operating Rules](#). Contact your Chapter Chair at chair@amcsem.org.

Like to work with groups of children? Want to share your outdoor knowledge with the next generation?

Our Chapter Youth Program (CYP) is looking for leaders. A typical CYP might include a local walk with some nature lesson or trail game. Contact Sally Delisa cypcoordinator@amcsem.org

Like to ski? Want to see more ski trips?

Our Ski Committee needs a Vice Ski Chair to work with our Ski Chair to help to plan ski events, both downhill and cross-country. Contact xcskichair@amcsem.org for more information.

Conservation minded? Want more conservation activities?

Our Conservation Committee needs a Vice Conservation Chair to work with our Conservation Chair to help plan conservation events and education. Contact conservationchair@amcsem.org for more information.

Mountain of Fleece

Contributions go to AMC "Youth Opportunities Program" Making the outdoors accessible and meaningful to urban and at-risk youth

At the 2013 SEM Annual Meeting on November 2, SEM collected fleece to add to the AMC "Mountain of Fleece" at the 2014 AMC Annual Summit on Jan. 25. Here it is! We threw our bags of fleece into the pile!

The Education Committee organizes and promotes training of trip leaders for our chapter. Two fundamental programs, Leadership Training and Wilderness First Aid, are planned and supported every year. Other programs may be offered at the committee's discretion.

The Vice Chair and Chair share tasks that typically involve the planning, coordination and hosting of training sessions, nominally two or three weekend sessions per year. Presenting training material is not

required. Upon expiration of the Chair's term in office, the Vice Chair normally moves into the Chair's position.

Volunteer Opportunity Education Committee Vice Chair

Small event planning experience helpful. Completion of Leadership Training or Wilderness First Aid desirable but not required.

To explore this volunteer position further, contact Len Ulbricht, the Education Committee Chair, at lenu44@gmail.com.

“...THE BEST DAY OF MY LIFE”

A twelve year old girl exclaimed, “This is the best day of my life!” The child, and her inner city peer group, had just completed a 1¼ mile hike with the Chapter Youth Program Leaders (CYP). The trail, on a former estate, was quiet and covered with crunchy fallen leaves. The rolling terrain offered a variety of tall trees, rhododendron, stone walls and foot bridges over a stream. Along some sections of the trail, busy streets and expensive homes could be seen in the dis-

ance. As they crested the last hill a blue reservoir surprised the group.

That sunny fall outing was far more than a hike in the woods. Four dedicated CYP Leaders shared their skills and time with eleven inner city boys and girls, thus making the day special for all. The children learned to read trail maps and trail blazes, observed mosses and lichens through magnifying lenses, measured the girth of trees, learned to determine the age of white pine saplings, saw where deer had browsed and practiced Leave No Trace (LNT). The group was also taught trail courtesy when meeting people and pets. Their etiquette generated compli-

ments from other site visitors.

August Camp 2014 Mount Rainier National Park, WA

Hike in the shadows of majestic Mount Rainier

© Peter Selig

In 2014 August Camp experiences the incredible beauty of Mount Rainier National Park. Marvel at spectacular scen-

ery, wildflowers and towering hemlocks, relive the drama of Mt. St. Helens, and hike on the shoulders of one of the highest peaks in the lower 48. Camp will be set up in the small former lumbering town of Packwood, adjacent to the park.

After a day of the activity of your choice, relax around the nightly campfire, listening to ranger talks, reports from the day’s hikes, and a description of the next day’s activities, followed by singing and conversation.

This full service tent village for 64 campers each week offers home-cooked meals, daily hikes at all levels, evening campfires and wonderful camaraderie.

The designated airport is Seattle-Tacoma International, and the camp fleet of vans provides transport between camp and SeaTac each Saturday.

The Application and Camper information forms, as well as detailed Camp information can found on the August Camp website at <http://www.august-camp.org/> . Plan your one or two week adventure now and be part of one of the AMC’s oldest traditions.

Southeast MA chapter leaders Leslie Carson and Éva Borsody Das will be leading hikes at August Camp during weeks 3 and 4.

Applications will be accepted after Jan 1, 2014.

- Week 1:** July 19 - July 26
- Week 2:** July 26 - Aug 2
- Week 3:** Aug 2- Aug. 9
- Week 4:** Aug. 9 - Aug. 16

Questions about August Camp? Contact SEM Chapter and August Camp leader Éva Borsody Das, at borsody@gmail.com.

..THE BEST Continued from Page 5

Near the end of the adventure, the children sat for a snack break on a slope overlooking the reservoir. The LNT activities at the site included packing up all food scraps and crumbs prior to departing. Back on the trail, a young boy, who had frequently needed redirection by the group's director, dropped back with a CYP leader. "Well, if the squirrels like our food, why can't we feed them?" he asked. With an 'aha' moment, the retired teacher explained, "Well, you know how you really like junk food even though it isn't good for you?" "Yes" (vigorously nodding his head) "Well, squirrels and other wildlife are kind of the same. Our food is like junk food for them. It just is not good for their bodies." "Oh", replied the child as he looked up with sparkling eyes. And then he said in a surprised voice, "You know, you are really nice!"

At the trailhead, the children and their three parent/ chaperones enthusiastically demonstrated appreciation for the hike. As their loaded van departed, the CYP Leaders waved back to the smiling and waving group. Then the sweep leader (last person who assures entire group is ahead) shared

that a child had privately exclaimed, "This is the best day of my life!"

This adventure is a wonderful example what CYP is all about! If you would like to share your love of the outdoors with children, who might not otherwise have the opportunity, then consider becoming a CYP Leader. For information contact cypchair@amcsem.org
Sally Delisa, CYP Chair, SEM/AMC

Note: This hike was facilitated by the Framingham AMC Youth and Family Outdoor Community Coordinator. It was the first time an AMC Staffer had worked with CYP to provide an outdoor adventure for inner city youth. The successful outing could not have happened without the Our House Director's support and enthusiasm for getting kids outdoors.

Barry Farnsworth Memorial Scholarship

Map and Compass Training

To honor the late Barry Farnsworth, our recent Education Committee Vice Chair, the Executive Board has voted to create a \$100 scholarship toward the cost of M&C training tuition. Barry had a personal interest in promoting M&C training within the chapter, and the Board chose to recognize him in this manner. The funds may be used for training programs offered by any AMC chapter or those offered by non-AMC entities. This scholarship is open to both trip leaders and non-trip leaders in SEM. Interested parties should review the scholarship [application form](#) and, upon completion of training, submit an SEM scholarship application to the Education Committee chair. Reimbursement will be made upon approval by the chapter's Executive Board.

Contact Education Committee chairperson, Len Ulbricht, at lenu44@gmail.com for further information.

Spring 2014 WFA/CPR April 5 & 6, 2014

AMC Noble View Outdoor Center, Russell, MA

The WFA course runs 8-4 that Saturday and Sunday. CPR follows the Saturday session. Pricing is as follows: \$190 AMC Member Price, \$215 for non-AMC members. CPR is optional for additional \$35. Pricing includes shared cabin accommodation and meals Friday evening through Sunday lunch. Social gathering Friday and Saturday evening. [Noble View description](#)

Register with Len Ulbricht, Education Chair, at lenu44@gmail.com

Wilderness First Aid Course (WFA)

This course deals with medical emergencies that may occur in the back woods when you are more than one hour from medical care and 911 help may not be accessible. Wilderness First Aid is a comprehensive lesson in how to react, respond, and save life in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify.

AMC SEM 2,000 MILE CLUB

10th Anniversary

Jack Jacobsen founded the 2,000 Mile Club in 2003 to recognize our South-eastern Mass AMC member's accomplishments of cycling 2,000 miles or more in a calendar year. After initial interest subsided somewhat, the club was successfully revived in 2007 thanks to our then interim Cycling Chair, Victor Oliver. Since then we have grown steadily and are increasing our

membership annually.

Mileage

2013 marks the 10th year of the 2K Club, as the first year of recording our mileage was 2004. Mileage must be accurately logged and recorded on your bicycle odometer and may be a combination of road cycling and mountain biking miles in whatever climate you may be enjoying. Send your mileage quarterly to our registrar, Bernie Meggison at thosmeggisons@gmail.com.

Embroidered patches of recognition are awarded to first time members only. To receive your patch, e-mail your name, AMC number, first year of qualification, and mailing (USPS) address to Paul Carrier currierpaul@comcast.net.

This year we have two new members in our 2,000 Mile Club:

Mark Gurnee	Falmouth, Ma	2679 Miles for 2013
Kelli Covel	Taunton MA	2444 Mileage Total for 2013

Congratulations and welcome aboard!

For additional information about the 2,000 Mile Club, please contact Bernie, Jack at cyclejac51@yahoo.com or me, Paul.

SUNSET/FULL WOLF MOON RIDE

To have a great sunset, there must be clouds to disperse the multitude of colors across the sky. Tonight the entire sky was alive and illuminated with pinks, purples, reds, violets, yellows, golds and more as the sun descended. The picture that includes yours truly was taken facing EAST - the opposite direction from sunset. In the few years I have been on the cape, I've met so many, many people who have been here for so long who have never experienced the ongoing changing and spectacular outdoors that is continuously waiting for folks like us to observe. - Paul Currier

TUESDAYS Sunset/Full Moon Road Cycling Rides

Scheduled all year long. 22+/- miles or 2 hours; flat to rolling/hilly. Riders and tires pumped and ready to roll; helmets, spare tube & tools, and water required. Contact leader Paul Currier at currierpaul@comcast.net or 508-833-2690 for location and time.

Why I Love Snowshoeing!

By Gina Hurley

If you have not had the pleasure of snowshoeing make the effort to get out there and try it this winter. Snowshoeing is a great winter activity for many reasons. Here are a few of my reasons for picking this as my absolute favorite winter activity.

1. It is great cardio activity.
2. It is easy to learn.
3. You can snowshoe just about anywhere there is snow....hiking trails, golf courses, closed forest roads, to name a few.
4. You do not need a lot of equipment....appropriate outdoor winter clothing, winter boots, and snowshoes. You can add hiking or ski poles for balance, and more of a workout.
5. Snowshoeing is often a very quiet, serene, and peaceful activity. Who doesn't need peace and quiet!

Hopefully these reasons resonate with you, and sparked your interest in snowshoeing. If you want to learn more about snowshoeing the following websites are great resources. From getting started to choosing snowshoes these resources will give you all the information you need to get out there!

SEM Winter Hikers Test their Skills on a Frigid Mt. Monadnock

Minus 20 degree windchill on the summit! (Sal Spada photo)

By Paul Miller, SEM Hiking Chair

While the “Nor’easter” snowstorm that hit parts of New England on January 2nd and 3rd may not have fully lived up to the weather forecasters’ foreboding predictions, their predictions for intense cold to follow overnight on Jan. 3rd and into the morning of Jan. 4th were right on. When I woke up before dawn that Saturday morning, the temperature outside my home in North Attleboro was well below zero. However, with predictions for the thermometer to rise into the mid-teens that afternoon, accompanied by mostly sunny skies and moderate winds; I made my own prediction that this was going to be excellent winter hiking

weather for SEM Winter Series Hike #2 to Mt. Monadnock in southern New Hampshire.

I was right.

A combination of unanticipated visits by relatives, awesome XC skiing conditions back in Mass., and the weather forecasts had shrunk our numbers significantly. However, 13 hearty SEMers showed up at the main parking area for Monadnock State Park off Poole Rd., in Jaffrey, NH at the designated time of 8:45 am. By then, the temperature had risen to a “balmy” four degrees below zero. Based on a quick visual reconnaissance of the trail by leaders Walt Granda, Maureen Kelly, Mike Woessner, and myself and the

recommendation of the park rangers, we modified our plans a bit and decided to attempt the summit and then return again via the White Dot Trail. According to the ranger who collected our \$5.00 per person fee in the park store (too cold in the unheated entrance kiosk...), the White Dot: 1) was broken out, 2) had the least ice, and 3) should only require microspikes. This third point meant we could all shed a little weight by leaving both our crampons and snowshoes in the cars.

As many of you know, I usually abhor the popular White Dot Trail. While this is the most direct route to the summit, it’s typically swarming with often loud and ill-prepared

day trippers. However, with the cold weather on this particular Saturday, crowds were not a problem. What's more, the recent snowfall actually made the White Dot Trail a very pretty choice for this winter hike.

After everyone signed in, slipped on their microspikes, and shouldered their still-heavy winter packs, we "circled up" for a few minutes. This provided the leaders with an opportunity to once again remind everyone that, on days like this, it was very important to adjust clothing layers to prevent overheating, drink plenty of water to stay hydrated, and keep an eye on each other for signs of frostbite. At around 9:30 am, we finally hit the snow-covered trail with Walt in the lead keeping a nice slow pace. This gave everyone a chance to warm up gradually and loosen up our still-stiff legs after the two-hour drive up from Massachusetts. The trail was covered in snow but easy to negotiate, with our microspikes providing a little extra traction. In not too long a time, we made our first stop to peel off a layer or two of clothing and drink some water.

Once the trail started getting a little steeper, one of our party convinced himself that he wouldn't be able to keep up with the group, so - after a little discussion among the leaders -- Walt walked him back to the car. I took the lead, maintaining my usual steady, snail-like, but often-appreciated pace. (Walt later rejoined us and the other hiker used the time waiting for our return as an opportunity to practice his snowshoeing on the gentler trails low down on the mountain, so it all worked out ok.)

The trail only got steeper as we made our way up the mountain, but as the trees thinned out a bit; we were rewarded with nice views

Those hiking poles and microspikes sure helped (Mike Woessner photo)

back toward Mt. Wachusett and the Boston area. Along the way, we encountered perhaps a half dozen other well-bundled-up hikers who were making their way back down the mountain. They reported good views; but also very cold temps and high winds on the exposed summit. As we got closer to the summit, with cairns replacing the occasionally visible white dots to mark the trail, we started feeling the full force of the wind and the biting cold. This called for yet another layering adjustment. After passing through several wooded areas near the summit and scrambling up a few steep areas on the trail, we made our final push to the mountain's dramatic summit, which we had all to ourselves. This is a rare occurrence indeed on this popular and accessible mountain!

While the views were indeed fine, the high wind and cold temps kept us from dawdling up there for very

long. (An earlier summiteer we encountered on the trail had told us that, using an anemometer and thermometer, he calculated that the wind chill on the summit to be in the area of 20 degrees below zero...). Instead, we started back down the steep and snowy White Dot Trail, which - not surprisingly -- proved a lot trickier to descend than climb. (Full crampons or even snowshoes may have worked better here, but the microspikes represented an acceptable compromise...) While several of us took tumbles on the slippery trail, to the best of my knowledge, we all had "soft" landings, with no bodily damage experienced.

Once we got back to a more protected wooded area on the trail, we stopped for a quick lunch and some good-natured kidding. Soon after starting up again, we encountered Walt on his way up to join us, although he was barely recog-

nizable all covered up and with his snow goggles on.

Other than a bit of slipping and sliding on some of the trickier sections of the trail, the rest of the hike back down to the cars was uneventful, but very enjoyable. This was particularly the case when passing through some pretty, peaceful, snow-draped groves of birch

trees. We got back to our cars at about 3:00 pm, having completed the four-mile round trip hike with something like 1,800 ft. elevation gain in about five hours of hiking time. Not a record to be sure, but nothing to be ashamed of either. Particularly considering the relatively harsh weather conditions.

Since no one experienced any signs of hypothermia, frost bite, or dehydration, and most everyone expressed their pleasure and appreciation; this trip helped prove a point we've been making all season: with appropriate knowledge, caution, gear, and clothing - real winter hiking can be both safe and very enjoyable.

A short break at a cairn near the summit (Mike Woessner photo)

.....
AMC ACTIVITY PARTICIPATION POLICY

AMC encourages involvement in its mission and activities through its membership, programs, policies, and procedures. Our goal is to be a community that is comfortable, inviting, and accessible for people of any age, gender, race, religion, ethnicity, ability, sexual orientation, or socioeconomic status. Some AMC programs are designed for a certain age range of members or for a special activity or topic. However, any person who meets the minimum qualifications (age, skills, experience, fitness) established by the trip leader(s) for an activity is eligible to attend, if space is available. Individuals under 18 must be accompanied by a responsible adult. All participants in AMC activities are required to sign the AMC waiver form provided by the leader. Preview the waiver at: <http://amcsem.org/documents.html>

Hiking Safely

By Ray Anderson

Mount Katahdin is the peak having the greatest spire measure in Eastern United States. Français : Vue aérienne du mont Katahdin.

Hiking safely is a big subject worthy of many posts. For a start, here are some suggestions on this important topic.

MAPS: No matter how short or how easy the hike is, don't go anywhere without some type of map. If you get injured, and you raise help on your cell, the first question asked is, "Where exactly are you?" To say you're in Wompatuck Park makes things difficult and

adds to rescue time. Carry a map.

WHISTLE: The lowly referee whistle enables you to give the universal signal for distress--three sharp blasts.

FIRST AID KIT: Get a [first aid kit](#) for you and for providing help to others. I once met a hiker who had a nasty cut on his back; he'd fallen on the broken branch of a blow-down and gotten stabbed. He had no bandages or ointments with him, and I was able to help him.

EXTRA WATER: I always carry an additional small bottle inside my pack. You never want to run out, and water can also be used to clean a wound.

RAIN JACKET WITH HOOD: Some type of rain gear is a must. A [hooded rain jacket](#), sometimes

called a shell, always comes with me, even on a short hike on a nice day. If there is one item I consider indispensable, it is this. Be prepared for foul weather.

The picture by the lake was taken in the 100 mile wilderness in Maine---that last gasp before Mt. Katahdin. The other picture shows my family on the scenic summit of Mt. Liberty, a popular 4000 footer in New Hampshire.

EDUCATION

Looking for a vice chair! Contact education@amcsem.org

Chapter Trips

(AN) (XCE) Sat., May. 3. Leadership Training. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. L Len Ulbricht (lenu44@gmail.com) CL Len Ulbricht (508-359-2250, lwu9944@verizon.net), R Len Ulbricht (11 Hilltop Circle, Medfield, MA 02052, lenu44@gmail.com)

HIKING

IMPORTANT: No pets w/o prior permission of trip leader. Individuals under 18 years of age must be accompanied by a parent or responsible adult, and obtain prior consent from L. Those accompanying a minor are responsible for minor's actions. Reg. req'd for most hikes, preferably at least 1 week prior to the trip so Ls can discuss prior hiking exp., conditioning, clothing, and equipment. Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy)

EXECUTIVE COMMITTEE

We need an "Event Planner" for the AMC SEM Executive Board. Do you have event planning skills? Our events are typically: Annual Meeting/Dinner, Holiday Party, Summer Picnic. Can you find and reserve a room, choose a menu that fits in our budget, worry about a projector and screen, set an agenda, and generally make an event happen? Contact the chapter chair at chair@amcsem.org.

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Volunteer Opportunities

Until Filled. Chapter Youth Program (CYP) Leader. Share your outdoor skills with local groups of kids. Additional training and screening required. L Sally Delisa (picpocit@verizon.net)

Rating codes (e.g. C4D): first letter indicates distance in mi, middle number indicates pace, second letter indicates terrain.

Miles	Pace (mph)	Terrain
AA = 13+	1 = very fast (2.5)	A = v. stren.
A = 9 - 13	2 = fast (2)	B = strenuous
B = 5 - 8	3 = moderate	C = average
C = <5	4 = leisurely	D = easy

FAMILY

Looking for ideas for new and fun Family Hikes.

SKIING

Looking for someone to take over the ski committee and plan xc ski and downhill ski events in the winter. Contact the current ski chair at xcskichair@amcsem.org. Also looking for xc and downhill ski leaders!

Chapter Trips

Fri., Feb. 28-Mar. 2. XC Ski White Mtns. Can you think of a better way to begin the month of March than XC- skiing in the White Mountains? Join the SEM and Forty Plus chapters on Feb. 28 and Mar. 1 for 2 nights lodging at the Old Field House in Intervale, NH. Room rates are from \$120 to \$135

per night plus tax and include a hearty breakfast on Saturday and Sunday mornings. Visit their website www.oldfieldhouse.com for a complete description of their amenities. We'll ski at Jackson or Bear Notch - or right out the door on the Intervale trails. Bring your snowshoes, too. The weekend begins with a pizza, salad and socializing on Friday night (nominal charge) around 6:00 or 6:30. Bring a snack to share and your favorite beverage. After registering by phone with the AMC Leader, call the Old Field House to reserve your room. If you don't have a roommate, I'll try to match you up with one or you have the option of paying for a single supplement. Space is limited, so reserve a spot soon. L Barbara Hathaway (508-880-7266 before 9pm, barb224@tmlp.net) CL Wayne Cardoza (603-673-2518 before 9pm), R Barbara Hathaway (508-880-7266 before 9 pm, barb224@tmlp.net)

TRAILS

March 29 | 4pm - 9pm
Bourne Community Center

For more information contact Membership Chair
 Ed Miller membershipchair@amcsem.org

The Education Committee organizes and promotes training of trip leaders for our chapter. Two fundamental programs, Leadership Training and Wilderness First Aid, are planned and supported every year. Other programs may be offered at the committee's discretion.

The Vice Chair and Chair share tasks that typically involve the planning, coordination and hosting of training sessions, nominally two or three weekend sessions per year. Presenting training material is not

required. Upon expiration of the Chair's term in office, the Vice Chair normally moves into the Chair's position.

Volunteer Opportunity
Education Committee Vice Chair

Small event planning experience helpful. Completion of Leadership Training or Wilderness First Aid desirable but not required.

To explore this volunteer position further, contact Len Ulbricht, the Education Committee Chair, at lenu44@gmail.com.

Volunteers Wanted

Volunteer for the Executive Board. Do you have skill and want to see where you fit? Lead hike, bike, ski, snowshoe, x-country or paddle trips. We have volunteer positions open! Contact chair@amcsem.org

Want SEM activities delivered right to your email inbox? Sign up for AMC "digests". Access the Member Center from our home page (amcsem.org) or call 800-372-1758.

View from the Chair

By Cheryl Lathrop

Winter isn't over yet! Remember, March comes in like a lion and goes out like a lamb. But, here in New England it could be quite the reverse! That's why our activity leaders have a March full of winter outdoor activities set up for you. So, get outside!

Newbie SEM member? Wannabe SEM member? Come to our annual SEM Open House—Saturday, March 29, 4-9:00pm at the Bourne Community Center. Meet SEM volunteer leaders and find out what our chapter is all about. Free food, slide shows, and lotsa info!

Want to get more involved? Email me and I'll find something for you. We have both large and small volunteer needs. And I'll find something that matches your interests and capabilities.

Cheryl Lathrop

Chapter Chair

Got something to say? Got a good idea? Want to volunteer?
Feel free to contact me anytime about anything!
chair@amcsem.org

Courtesy Nancy Minah

As always, feel free to contact your chapter chair, or vice chapter chair at any time.

Chapter Chair: Cheryl Lathrop (chair@amcsem.org) ~ Vice Chapter Chair: Maureen Kelly (vicechair@amcsem.org)

GET INVOLVED

Be a volunteer and reap the rewards

If you'd like to give back to your SEM chapter, we'll find something small for you to do to get started. Contact the Chapter Chair at chair@amcsem.org and we'll match up your interests and capabilities with our needs.

Are you a detail person, long-time chapter member & former board member?

We're forming a committee to update our chapter Bylaws and Operating Rules.

See our current [Bylaws and Operating Rules](#). Contact your Chapter Chair at chair@amcsem.org.

Like to work with groups of children? Want to share your outdoor knowledge with the next generation?

Our Chapter Youth Program (CYP) is looking for leaders. A typical CYP might include a local walk with some nature lesson or trail game. Contact Sally Delisa cypcoordinator@amcsem.org

Like to ski? Want to see more ski trips?

Our Ski Committee needs a Vice Ski Chair to work with our Ski Chair to help to plan ski events, both downhill and cross-country. Contact xcskichair@amcsem.org for more information.

Conservation minded? Want more conservation activities?

Our Conservation Committee needs a Vice Conservation Chair to work with our Conservation Chair to help plan conservation events and education. Contact conservationchair@amcsem.org for more information.

2014 LEADERSHIP TRAINING

Leadership Training will be held on **Saturday, May 3, 2014** at **Borderland State Park, N. Easton, MA**. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to chapter members.

Please register by April 19 with Len Ulbricht at lenu44@gmail.com

Leadership Training - Why Take It?

In order to foster safe outdoor recreation enjoyable to all, AMC has for many years offered a variety of [training programs](#) - both for personal growth and trip leaders/organizers. The most basic program is Leadership Training. This program covers the essential elements our trip leaders need to understand when organiz-

ing, planning and managing groups of hikers, bikers, paddlers, or skiers. It is offered by all AMC chapters to train leaders with a common set of guidelines for situations they will likely face in running an outdoor activity. Anyone wishing to lead trips for our chapter should take this program.

Suppose one is uncertain as to whether or not they want to lead trips. Can they take it? Or how about members new to AMC who are not seeking to lead but want to learn how our organization operates. Can they take it? And there are those members who just wish to participate and not lead. Can they take it?

Yes! Yes! Yes! to all three questions. Leadership Training is for participants, too. You will learn how leaders manage groups, screening considerations leaders undertake and may ask you about to insure group compatibility, how to deal with accidents and AMC liability protections, and ways to personally prepare for your outdoor experience whether it's hiking, biking, paddling or skiing. You'll also meet and interact with SEM trip leaders who present course materials. So give LT some thought.

CYP Leadership Training

A CYP Leadership Training class will be given in our region one Saturday in March
However, we need to guarantee 6 people.

IF YOU ARE INTERESTED IN BECOMING A CYP LEADER, CONTACT THE CYP CHAIR ASAP! cypchair@amcsem.org

Mt. Pierce Winter Hike Doesn't Disappoint

by Paul Miller, SEM Hiking Chair

With temperatures frequently in the single digits down here in Massachusetts in the weeks leading up to SEM 2014 Winter Hike #3 on Feb. 1st, I had been a little concerned about the weather and trail conditions we would encounter for Saturday's trip to 4,300 foot Mt. Pierce in New Hampshire's Presidential Range. On the Friday before the hike the local weather forecast posted at the AMC Highland Center in beautiful Crawford Notch wasn't all that encouraging. But rather than the anticipated bitterly cold temperatures, the forecast now called for lots of clouds and unseasonably mild temperatures with the possibility of snow or rain in the afternoon.

But we lucked out once again. When the 16 intrepid SEM winter hikers, many of us who had driven up to Crawford Notch the day before, showed up at the large Crawford Connector parking area off the Mt. Clinton Rd. at 8:45 am on Saturday morning, the sun was shining brightly and the temps in the high 20's at the trailhead suggested that we would have fine winter weather for our hike. Leaders for this Winter Series hike included myself, Mike Woessner, Wayne Anderson, and Chris and Bill Pellegrini, with Anne Duggan serving as co-leader.

Based on the AMC info desk reports that trail conditions on the Crawford Path were mostly hard-packed snow with several icy spots, we decided to leave our snowshoes in the cars and wear our microspikes to start out. But we also brought our full crampons...

because you never know what kind of conditions you'll encounter along the way.

At the last minute, we also decided to modify our route. Since several people had expressed concern about potentially icy conditions on the steep section of the Webster Cliff Trail between the summit of Pierce and the AMC Mizpah Hut, we decided to do a reverse,

The group pauses for a photo op on the summit of Mt. Pierce. That's Mt. Eisenhower and Mt. Washington in the background. (Mike Woessner photo)

Barry Farnsworth

Memorial Scholarship

Map and Compass Training

To honor the late Barry Farnsworth, our recent Education Committee Vice Chair, the Executive Board has voted to create a \$100 scholarship toward the cost of M&C training tuition. Barry had a personal interest in promoting M&C training within the chapter, and the Board chose to recognize him in this manner. The funds may be used for training programs offered by any AMC chapter or those offered by non-AMC entities. This scholarship is open to both trip leaders and non-trip leaders in SEM. Interested parties should review the scholarship [application form](#) and, upon completion of training, submit an SEM scholarship application to the Education Committee chair. Reimbursement will be made upon approval by the chapter's Executive Board.

Contact Education Committee chairperson, Len Ulbricht, at lenu44@gmail.com for further information.

Map & Compass Training Opportunities

A map and compass (M&C) are two of the ten must have essentials for wilderness hiking. (Do you know the other eight.) Key elements of M&C instructional training include basic compass use, correction for magnetic variation, terrain map reading, following a compass course, triangulation and bushwhacking. If M&C is new to you or if you could use a refresher session, consider the following M&C offerings.

March 9, 15 or 22 at Rocky Woods in Medfield. Offered by REI. See <http://www.rei.com/outdoorschool/140/programs/23>

April 25-27 at Cardigan Lodge in NH. Offered by NH Chapter. See <http://activities.outdoors.org/search/index.cfm/action/details/id/72532>

May 2-4 at Highland Center in Crawford, Notch NH. Offered by AMC. See <http://activities.outdoors.org/search/index.cfm/action/details/id/70838>

SEM is offering the Barry Farnsworth Memorial Scholarship for Map & Compass training. This scholarship will help defray the tuition expense for any of the above training opportunities. Contact the Education Chair, Len Ulbricht, at lenu44@gmail.com for further details.

Julianne and Sue change from microspikes to crampons at the closed-for-season Mizpah Hut. (Mike Woessner photo)

counter-clockwise loop. This involved taking the Crawford Connector to the Crawford Path; heading up the Crawford Path and taking the Mizpah Cutoff on the inbound (rather than outbound) loop, before hitting the summit Pierce via the Webster Cliff Trail from the hut. This would mean we would be climbing up (rather than down) the short, but very steep section of the Webster Cliff Trail to the summit of Pierce. The rationale here, of course, was that it's usually a safer to scramble up steep icy sections of trail, than slip, slide, and stumble down...

As it turned out, either loop probably would have worked fine on this particular day, but I for one certainly did enjoy the variety of doing the loop in a counter-clockwise direction.

As promised, the snow-packed Crawford Path offered excellent footing and the few icy sections were not difficult to negotiate with our microspikes, which were able to get a grip on the relatively soft ice (this might not have been the case if the temperatures had been colder). We made it up to the Mizpah Cutoff in

pretty good time and then followed this up toward the hut. As we got closer to the hut, gaining altitude along the way, the snow got a bit deeper and less consolidated, the temperature dropped, and the trail became even prettier as we passed through the peaceful snow-draped birch forest.

It was only about 11:30 am when we broke out of the trees into the clearing in which the closed-for-the-season Mizpah Hut sits, but it was so sunny and pleasant there that we decided to stop for a quick lunch before negotiating the short (.9-mile), section of the Webster Cliff Trail that leads up to the summit of Pierce.

At this point, I retook the lead, but even at my tortoise-like pace, this section of the trail provided everyone with an excellent cardio workout. One step at a time (in full crampons now), we eventually got up the steep section and arrived at a false summit that offered some wonderful views north toward Mt. Washington, and even across to Jefferson and Adams in the Northern Presis. Very cool!

From this false summit, it was a pretty easy jaunt up through the increasingly smaller trees to the partially exposed (but on this day, virtually windless) summit of Pierce, which added a nice view of the rounded summit of nearby Mt. Eisenhower to the panorama.

After stopping to enjoy the views and take the obligatory summit photos, we changed back into our microspikes, shouldered our packs, and headed down the short remaining stretch of the Webster Cliff Trail to the Crawford Path. The jog back down the Crawford Path was quite enjoyable, since now we had gravity working in our favor and the hard-packed snow was easy on the knees. We didn't even mind that the predicted clouds had started to fill in, with a clear threat of snow in the air.

We got back to our cars at around 3:30 pm, having completed the 6.6-mile loop hike with app. 2,400 elevation gain in about 6.5 hours. While several lucky hikers had made plans to stay up in Crawford Notch, most of us had to make the long drive back down to Massachusetts. Before doing so, I stopped briefly at the Highland Center to change into street clothes and grab the first of several cups of coffee for the drive.

AMC SEM 100-MILE HIKING CLUB

Log your miles; earn an awesome patch!

SEM Hiking Committee has just initiated an "100-Mile Hiking Club" for SEM members who get out on the trails regularly with the club.

Membership is open to any SEM member who, starting on July 1, 2013, hikes at least 100 miles with the SEM and/or any other

AMC chapter and remembers to log those miles along with the date hiked and location on our online spreadsheet linked to the SEM Hiking page on www.amcsem.org.

To get your name included on the online spreadsheet so you can record your miles hiked with the AMC after July 1st (using the honor system), just send an email to either hikingchair@amcsem.org or hikingvicechair@amcsem.org.

Final: Committees of the SEM executive board

ter in my kayak, seeing wildlife around me like seabirds and seals and using my strength to paddle through the water -hiking or skiing in a winter wonderland of snow and blue skies, waiting for the stars to come out with my backpacking buddies in the Maine mountains

5. Dream adventure: My dream outdoor adventure would be to hike the Grand Canyon with my 3 sons

Karen Singleton, Secretary

Executive Board: 4th year as Secretary
 AMC member: Since October 2002
 Favorite activity: hiking
 Dream adventure: Would love to go hiking in New Zealand

Patty Rottmeier, Treasurer

Executive Board: Third year as treasurer.
 AMC member: Since 2007
 Favorite activity: Love Downhill skiing and cross country skiing...just don't get to do it often enough. I love to hike and bike (rail trails are great fun on Cape Cod and are being developed around Mass)
 Dream adventure: Most likely a ski adventure...guided back country trip.

Gina Hurley, Communications Chair

Executive Board: 1 year
 AMC member: Since 1996
 Favorite activity: Hiking
 Dream adventure: There are so many dream trips....one is hiking in the Swiss Alps.

Farley Lewis-Chair Cape Hikes

Executive Board: Second year
 AMC member: 12+ years.
 Favorite activity: hiking.
 Dream adventure: Explore Norway

Christine Pellegrini, Family Events Chair and Bill Pellegrini, Family Events Co-chair

Executive Board: Chris 6+ years, Bill 4yrs
 AMC member: 8 yrs.
 Favorite activity: Riding our Tandem Bike
 Dream adventure: Riding the Tandem across the US

Elizabeth Hinkley, Paddling Chair

Executive Board: 4 years
 AMC member: Since 2002
 Favorite activity: Kayaking
 Dream adventure: Kayaking in other places around the world (Baja, New Zealand etc.)

Len Ulbricht, Education Committee Chair

Executive Board: Six years, the first three as Membership Chair
 AMC member: Since February 2008
 Favorite activity: Hiking and sailing
 Dream adventure: Hiking to the Napali Coast on Hawaiian island of Kauai

Paul Miller, Hiking Chair

Executive Board: Just started as Hiking Chair; previously served two tours as Communications Chair
 AMC member: Since 1995
 Favorite activity: Hiking in winter and sailing and biking in summer
 Dream adventure: Trekking in Nepal or chartering a sailboat in the Caribbean.

Melissa Powers, Social Director

Executive Board: 1 Month
 AMC member: Since September 2013.
 Favorite activity: I love Hiking!
 Dream adventure: I hope to one day walk the Camino de Santiago en route to Santiago de Compostela.

Ellen Thompson, Vice chair Membership

Executive Board: A few months
 AMC member: 4 years
 Favorite activity: Hiking, biking, kayaking and cross country skiing. All of them.
 Dream adventure: Skiing in the Alps.

Cheryl Washwell, Biking Chair

Executive Board: On board and Vice Biking Chair in June 2013
 AMC member: Since 2013.
 Favorite outdoor activity is road cycling – love it, love it, love it!
 Dream adventure: I don't have a specific outdoor dream trip but I think cycling all over the globe – I would love to see the world from a bike.

Leslie Carson, Hiking Vice Chair

Executive Board: One month; was the SEM Treasurer for 3 years
 AMC member: Ten years
 Favorite activity: Hiking
 Dream adventure: Hiking and exploring in New Zealand

Explore the Bay Circuit Trail

One of Boston's premier recreation destinations, with AMC.

The 200-mile trail stretches around Boston from Newburyport all the way to Duxbury!

First proposed in 1929 by Benton MacKaye and Charles Eliot II, the Bay Circuit Trail and Greenway is a 200-mile outer "emerald necklace" linking 57 Boston area communities in Eastern Massachusetts and providing open space and recreational opportunities to metropolitan Boston.

Join AMC Staff on monthly hikes to explore and learn about different sections of the trail. We will meet at

the designated trailhead 15 minutes prior to the start of each hike. Each hike will be two hours long with little elevation gain. Be prepared to be walking for the full two hours as there is limited time for breaks. Also be sure to bring snacks, water, and wear proper hiking gear. Hike locations may be subject to change depending on weather conditions and response.

Specific trailhead locations and directions will be sent to you after you register, along with information about hike difficulty.

To learn more or to register, contact Tessa Olson at 617-391-6634 or tolson@outdoors.org.

- Thursday, April 22 (Earth Day!) - 10am-12pm - Easton/West Bridge-water
- Wednesday, July 23 - 10am-12pm - North Andover
- Thursday, August 14 - 10am-12pm - Walpole

August Camp 2014 Mount Rainier National Park, WA

Hike in the shadows of majestic Mount Rainier

© Peter Selig

In 2014 August Camp experiences the incredible beauty of Mount Rainier National Park. Marvel at spectacular scenery,

wildflowers and towering hemlocks, relieve the drama of Mt. St. Helens, and hike on the shoulders of one of the highest peaks in the lower 48. Camp will be set up in the small former lumbering town of Packwood, adjacent to the park.

After a day of the activity of your choice, relax around the nightly campfire, listening to ranger talks, reports from the day's hikes, and a description of the next day's activities, followed by singing and conversation.

This full service tent village for 64 campers each week offers home-cooked meals, daily hikes at all levels, evening campfires and wonderful camaraderie.

The designated airport is Seattle-Tacoma International, and the camp fleet of vans provides transport between camp and SeaTac each Saturday.

The Application and Camper information forms, as well as detailed Camp information can found on the August Camp website at <http://www.augustcamp.org/>. Plan your one or two week adventure now and be part of one of the AMC's oldest traditions.

Southeast MA chapter leaders Leslie Carson and Éva Borsody Das will be leading hikes at August Camp during weeks 3 and 4.

Applications will be accepted after Jan 1, 2014.

Week 1: July 19 - July 26

Week 2: July 26 - Aug 2

Week 3: Aug 2- Aug. 9

Week 4: Aug. 9 - Aug. 16

Questions about August Camp? Contact SEM Chapter and August Camp leader Éva Borsody Das, at borsody@gmail.com.

Other Interests *not endorsed by AMC

Winter Boot Camp

Milton, MA:
Mondays and Fridays
Meet at Blue Hills Reservation/Houghton's Pond Visitor Center
840 Hillside Street, Milton

9:00 am, approximately 1 hour

DCR MassParks and YMCA/Hyde Park co-sponsor the first Boot Camp Exercise Program at the Blue Hills Reservation. A heart-pounding exercise, repetitive drills, running trails and sweating guaranteed! Wear workout clothes for outdoors (including heat, rain, dirt, grass and pavement), proper foot gear and bring water.

<http://www.mass.gov/dcr/parks/bluehills/>

The Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs, oversees 450,000 acres of parks and forests, beaches, bike trails, watersheds, dams, and parkways. Led by Commissioner Edward M. Lambert Jr., the agency's mission is to protect, promote, and enhance our common wealth of natural, cultural, and recreational resources. To learn more about DCR, our facilities, and our programs, please visit www.mass.gov/dcr.

2014 Adventure Travel Trips

Adventure Travel has many exciting adventures lined up for 2014! Are you interested in hiking Big Bend, backpacking in Death Valley or maybe fly fishing in Montana? If international travel is more enticing, consider cycling in Tuscany or trekking in Peru. The adventures take our participants all over the globe in a dynamic and active group setting. To learn more about our program and view our trip listings, visit www.outdoors.org/adventuretravel.

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS(S)

AMCS SEM "Open House" coming up this spring! Great chance for new or prospective members to get to know the chapter. Intro to Winter Fun Feb. 7-9. WFA April 5-6. Leadership Training May 3.

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoors opportunities (e.g., web work, arranging events). Something for everyone!

BICYCLING

WANTED: Ride Leaders and Co-Leaders. Are you enthusiastic about cycling? Do you like showing other riders your favorite roads? If yes, then why not share your enthusiasm and routes w/ your fellow AMC members? Contact Bike Chair (bikingchair@amcsem.org) for more info.

AMC SEM 2,000 Mile Club. AMC SEM has a unique 2,000-mi Club. Certificates of achievement and embroidered award patches are presented annually to members who ride 2,000 mi or more per year. Contact the bicycling chair to register your mileage and for more info. (bikingchair@amcsem.org)

Bike Ratings: First character indicates distance in mi: AA=50+; A=35-50; B=25-35; C=under 25. Second is L's pace in mph: 1=17; 2=13-16; 3=11-13; 4=up to 11. Third is terrain: A=very hilly; B=hilly; C=rolling; D=flat.

Tues. Rides. Turn Those Tires on Tues. Rides scheduled all year long, weather permitting. 25 mi of road or 15 mi of mtn. biking. Tues. at 2 p.m. Flat to hilly. Contact L for start location and directions. Intermed. pace. Riders and bicycles in top shape; tires and riders pumped and ready to roll; helmets and water req'd. L Paul Currier (508-833-

and riders pumped and ready to roll. Helmets, spare tube & tools, and water required. Cancellation or rescheduling sent to registered riders only. L Paul Carrier (508-833-2690 8am - 7pm, carrierpaul@comcast.net)

(FT) (NM) Sat., Apr. 26. "Celebrate Blue Hills" Hike, Paddle, Trailwork Event - Join Us!. "Celebrate Blue Hills" - Join the Southeast Mass Chapter in celebrating this 7000 acre parcel of land incorporated in 1893, containing 125 miles of trails and 22 hills with a day full of events on Saturday, April 26, 2014. The Blue Hills Reservation is located 19 miles South of Boston and is bounded by the towns of Quincy, Braintree, Randolph, Canton, Dedham and Milton. Numerous fun options! Sign up for an easy, intermediate or rugged hike on trails showing a variety of habitats and views of Boston, Mt. Wachusett or points south. Have little ones? Try the family hike. Or sign up to paddle the shores of Ponkapoag Pond in hopes of seeing early spring plants and birds. You could also choose to do Trail

work and give back to the Reservation by brushing and edging the trails with rocks on the popular Skyline Trail. All of these activities will be hosted by knowledgeable leaders. They are listed individually online and you must register for them. Enjoy your choice of activity and then join us for a cookout at 4:00pm by Houghton's Pond. Cost for the cookout is \$6/person payable by cash on the day of the event. Sign up for the cookout online when you sign up for an activity. Please join us; we hope to share this wonderful park and the activities with you rain or shine. L Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com) CL Karen Singleton (karen.singleton@comcast.net), R Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com)

EXECUTIVE COMMITTEE

We need an "Event Planner" for the AMC SEM Executive Board. Do you have event planning skills? Our events are typically: Annual Meeting/Dinner,

Holiday Party, Summer Picnic. Can you find and reserve a room, choose a menu that fits in our budget, worry about a projector and screen, set an agenda, and generally make an event happen? Contact the chapter chair at chair@amcsem.org.

Volunteer Opportunities

Until Filled. Chapter Youth Program (CYP) Leader. Share your outdoor knowledge and leadership skills with local groups of children. Give your time to these programs to help kids get outside who might not otherwise have the opportunity. A typical Chapter Youth Program (CYP) might include a local walk with some nature lesson or trail games. CYP leader training and screening is required. L Sally Delisa (picpocit@verizon.net)

FAMILY

Looking for ideas for new and fun Family Hikes. Looking for families that want to hike! Contact familyeventschair@amcsem.org.

Chapter Trips

(FT) (NM) Sat., Apr. 26. "Celebrate Blue Hills" Family Hike. Join us for a Family springtime hike through the Blue Hills Reservation on the Skyline Trail in conjunction with the chapter's "Celebrate Blue Hills" event. Located only minutes from the bustle of downtown Boston, the DCR Blue Hills Reservation stretches over 7,000 acres from Quincy to Dedham, Milton to Randolph, providing a green oasis in an urban environment. Rising above the horizon, Great Blue Hill reaches a height of 635 feet, the highest of the 22 hills in the Blue Hills chain. From the rocky summit visitors can see over the entire metropolitan area. We will be hiking on the skyline trail out to the infamous Whale Rock where we will take a break and enjoy a snack. The rock actually looks like a whale from a distance and is a great place to take pictures. Appropriate for children 3+, under 3 in child carrier. Hike begins at 10:30. Registration necessary. Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign

up for the activity (hike, paddle, or trail work).
 L Christine Pellegrini (chrispellegrini@yahoo.com)
 CL Bill Pellegrini (billpellegrini@yahoo.com)(chrisspellegrini@yahoo.com), R Christine Pellegrini (508-244-9203 6-8 PM, chrispellegrini@yahoo.com)

HIKING

IMPORTANT: No pets w/o prior permission of trip leader. Individuals under 18 years of age must be accompanied by a parent or responsible adult, and obtain prior consent from L. Those accompanying a minor are responsible for minor's actions. Reg. req'd for most hikes, preferably at least 1 week prior to the trip so Ls can discuss prior hiking exp., conditioning, clothing, and equipment. Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy)

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Chapter Trips

(FT) Thu., Mar. 6. Thurs Morn. Hike (Walk) in Historic Plymouth. Meet at 10:00 AM parking lot beyond Jenny's Grist Mill, 6 Spring Lane, Plymouth. We will visit Burial Hill, Forefathers Monument, Plymouth Harbor, Sarcophagus of Pilgrim bones,

Rating codes (e.g. C4D): first letter indicates distance in mi, middle number indicates pace, second letter indicates terrain.

Miles	Pace (mph)	Terrain
AA = 13+	1 = very fast (2.5)	A = v. stren.
A = 9 - 13	2 = fast (2)	B = strenuous
B = 5 - 8	3 = moderate	C = average
C = <5	4 = leisurely	D = easy

and more. Please bring water and snack, be prepared for cold. L Ellie MacPherson (508-224-6465, elliemacp@comcast.net)

Thu., Mar. 13. Borderland Full Moon Hike. Come on a two hour, more or less, evening hike/snowshoe around the ponds, and maybe through the woods, on this 'Full Moon' hike at Borderland State Park in Sharon/Easton, MA. Please wear clothing and footwear appropriate for the weather. We walk at a 'moderate' pace, not fast, not dawdling. And we generally just get some exercise, see the park in the dark, see old friends and make new ones. (We hike monthly, October through March, except during heavy snow when they need the lot empty to plow, on a convenient evening that's at least close to the full moon.). L Bob Vogel (vogel.r@comcast.net) L Jim Casey (cmne@comcast.net) CL Nancy Coote, R Nancy Coote (nmcoote@yahoo.com)

(FT) (NM) Thu., Mar. 13. Blue Hills Hike. We will meet at 10:00 am on Hillside Street across from the Reservation Headquarters and the State Police Barracks. It will be a leisurely 4-5 mile hike with a lunch break either before or after the hike. It will all depend on when we reach the Houghton Pond area. Make sure you bring two liters of water, snacks, and a lunch. Bring a rain jacket in case or layers of clothing depending on the weather. L Sue Chiavaroli (508-496-6452, brillo6452@yahoo.com)

Thu., Mar. 20. Thursday Morning Moose Hill/TTOR Hike. Meet at 10AM at the Moose Hill Audubon parking lot for a 6 mile hike over relatively flat terrain with some gentle climbing. No parking fee for Audubon members; small fee for non members. Bring appropriate footwear, water and lunch. Storm cancels. L Deborah Lepore (781-828-0572 Before 9 PM, DLepore2@GMail.com)

Sat., Mar. 22. Mt. Tom and M&M Hike. 8.9 mile loop hike over moderate terrain through the Mt Tom Reservation and on the Metacomet-Monadnock Trail. Enjoy views of the Berkshires, Pioneer Valley, and the Connecticut River. L Anne Duggan (508-789-5538 before 9 pm, ab.duggan@verizon.net) L Len Ulbricht (lwu9944@verizon.net), R Anne Duggan (Rochester, MA 02770, 508-789-5538 before 9 pm, abduggan12@gmail.com)

(FT) (NM) Sun., Mar. 23. Ponkapoag Pond Hike. Intro. hike, great for new members. Hike around Ponkapoag Pond. Easy terrain, 4.5 miles. Bring sturdy footwear, water and snacks. Heavy rain cancels. Meet at 8:45 am Ponkapoag Golf Course (Rt. 138) parking lot in Canton. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camaccurtain@aol.com)

Thu., Mar. 27. Thursday Morning Hike Joe's Rock/ Birchwold Wrentham. Wooded hike with short climb to Joe's Rock. Meet 10:00 a.m. at Joe's Rock pkg. area on 121, Wrentham. Bring water, lunch/snacks. Wear layers and suitable footwear. Traction devices if icy. Storm or rain cancels. L Joanne Staniscia (508-528-6799 7-9 p.m., jstaniscia@comcast.net)

Sat., Apr. 5. Great Woods Hike Norton to Mansfield. Great Woods from Yelle Conservation Area in Norton to Mansfield's Greatwoods via two previously unconnected trail systems with historical sites, vernal pools and varied glacial remnants. Car spotting. Rain or Shine. L Richard Carnes (508-947-3204, rcarnes2@aol.com), R Richard Carnes (508-947-3204 Before 9PM, rcarnes2@aol.com)

(FT) (NM) Sun., Apr. 6. Braintree Pass Path Hike. Sunday intro hike through the beautiful Braintree Pass Path in Blue Hills. Easy terrain, 4.5 miles. Bring sturdy footwear, water and snacks. Meet at 9:00 am at the parking lot at the intersection of Rt. 28 and Chickatawbut Rd. Heavy rain cancels. L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com)

(FT) (NM) Thu., Apr. 10. Thursday Hike in the Blue Hills. Nice Thursday morning hike through the Blue Hills. Meet at 10:00 AM at the third parking area on the left on Route 28 in Milton. There is limited parking. There are some parking areas along the road. Take Route 95 North, and then take 93 towards Boston. Take exit 5 North towards Milton. L Sue Chiavaroli (508-496-6452 7PM-9PM, brillo6452@yahoo.com)

Thu., Apr. 17. Thurs. Morning Hike - Oldham Trail & Harold Clark Forest. Hike the Oldham Trail and Harold Clark Forest in Foxboro. Meet at 10:00 am at parking lot on Rt. 140 across from Sunoco Station. Heavy rain will cancel. Bring lunch or snack and water and wear appropriate footwear. L Muriel Guenthner (508-699-7461 Before 9:00PM, murielguenthner@comcast.net)

(FT) (NM) Thu., Apr. 17-Sep. 18. Red Line Blue Hills. Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8pm every Thursday night. Register once then show-n-go. L Joe Keogh (508-542-0665 before 9 pm, RLBH_leader@amcsem.org) L Michael Swartz (swartz@brandeis.edu) L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

(FT) (NM) Sat., Apr. 26. "Celebrate Blue Hills" Wolcott and Border Path Hike. Intro hike through Wolcott and Border Path in conjunction with the chapter's "Celebrate Blue Hills" event. Easy terrain 4.5 miles. Bring sturdy footwear, water and snacks. Meet at 1:30 am at the parking lot to the left of the Trailside Museum. Heavy rain cancels. Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com) CL Cathy Fagan (fagankd@msn.com), R Cathy MacCurtain (781-848-9506, camaccurtain@aol.com)

(FT) (NM) Sat., Apr. 26. "Celebrate the Blues Hills" Beginner's Hike. A leisurely 4-5 mile hike with some rolling hills but basically flat in conjunction with the chapter's "Celebrate the Blue Hills" event. Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). Meet at 12:45 for

1:00 start. L Sue Chiavaroli (508-496-6452 7-9 PM, brillo6452@yahoo.com) CL Nancy Coote (508-596-82227-9PM, nmcoote@yahoo.com), RSueChiavaroli (508-496-6452 7-9 PM, brillo6452@yahoo.com)

Sat., Apr. 26. "Celebrate the Blue Hills" Skyline Trail End-to-End Hike. App. 9-mile long, 6-hour hike in conjunction with the chapter's "Celebrate Blue Hills" event. Great spring conditioning hike to get you ready for some 4000 footers in NH! Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Walt Granda (508-999-6038 Before 9:00 PM, wlgranda@aol.com) L Paul Miller (paulallenmiller@verizon.net), R Walt Granda (508-999-6038 Before 9 pm, wlgranda@aol.com)

Sat., Apr. 26. "Celebrate Blue Hills" Fast & Hilly Skyline Trail Hike. Join us for a fast and hilly loop on the rugged and rocky North & South Skyline trails, on to Tucker and beyond if we have time, 1pm-3:30pm, in conjunction with the Chapter's "Celebrate Blue Hills" event. Meet at Houghton Pond parking lot playground. Limited to experienced hill walkers who can maintain a steady pace with few breaks. Then join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Eva Borsody das (borsody@gmail.com), R Eva Borsody-Das (borsody@gmail.com)

(C) (FT) (NM) (SN) Sat., Apr. 26. "Celebrate Blue Hills" Hike, Paddle, Trailwork Event - Join Us!. "Celebrate Blue Hills" - Join the Southeast Mass Chapter in celebrating this 7000 acre parcel of land incorporated in 1893, containing 125 miles of trails and 22 hills with a day full of events on Saturday, April 26, 2014. The Blue Hills Reservation is located 19 miles South of Boston and is bounded by the towns of Quincy, Braintree, Randolph, Canton, Dedham and Milton. Numerous fun options! Sign up for an easy, intermediate or rugged hike on trails showing a variety of habitats and views of Boston, Mt. Wachusett or points south. Have little

ones? Try the family hike. Or sign up to paddle the shores of Ponkapoag Pond in hopes of seeing early spring plants and birds. You could also choose to do Trail work and give back to the Reservation by brushing and edging the trails with rocks on the popular Skyline Trail. All of these activities will be hosted by knowledgeable leaders. They are listed individually online and you must register for them. Enjoy your choice of activity and then join us for a cookout at 4:00pm by Houghton's Pond. Cost for the cookout is \$6/person payable by cash on the day of the event. Sign up for the cookout online when you sign up for an activity. Please join us; we hope to share this wonderful park and the activities with you rain or shine. L Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com) CL Karen Singleton (karen.singleton@comcast.net), R Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com)

(AN) (XCE) Sat., May. 3. Leadership Training. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to SEM chapter members. L Len Ulbricht (lenu44@gmail.com), R len ulbricht (lenu44@gmail.com)

Sun., May. 4. Buck Hill Hike. Challenging 3.5 mile Sunday hike (not for beginners) to the rocky summit of Buck Hill with great views. Bring sturdy footwear, water and snacks. Meet at 9:00 am at Houghton Pond parking lot. Heavy rain cancels. L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com)

(C) (FT) (NM) Thu., May. 8. Thurs Morn. Hike - Wollomonopoag Conservation Area. Meet 10:00am in Conservation Area parking lot off of Elysium St. Bring water, snack or lunch & sturdy footwear. Rain cancels. Great blue rookery and eskers and possi-

ble sighting of deer. L Muriel Guenthner (508-699-7461 Before 9:00pm, murielguenthner@comcast.net), R Muriel Guenthner (99 Birchwood Drive, Attleboro Falls, MA 02763, 508-699-7461 Before 9:00pm, murielguenthner@comcast.net)

Fri., May 9-11. Mt. Greylock Backpack Hike. Enjoy a spring weekend hiking Mt. Greylock and camping under the stars. Backpacking experience preferred, but not necessary. L Leslie Carson (508-833-8237 Before 9 PM, ltc929@comcast.net) L Maureen Kelly (mokol773@aol.com) L Mike Woessner (stridermw@hotmail.com), R Leslie Carson

Sat., May. 17. North Pack Monadnock Hike. Great springtime hike near the MA/NH border. This section of the Wapack Trail to North Pack Monadnock offers some great views and a few challenging sections to the summit. The 8-mile hike will start at the Miller State Park using the Wapack and Cliff trails. L Walt Granda (508-999-6038 Before 9:00 p.m., wlgranda@aol.com) CL Luther Wallis (lew89@comcast.net), R Walt Granda (508-999-6038 Before 9:30 pm, wlgranda@aol.com)

Sat., May. 31. Mt. Holyoke Range Hike. Enjoy some of the nicest views along the Metacomet-Monadnock Trail, hiking the Seven Sisters and Mt. Holyoke. L Leslie Carson (508-833-8237 Before 9 PM, ltc929@comcast.net) L Eva Borsody das (borsody@gmail.com), R Leslie Carson

(FT) (NM) Sat., Jun. 21. Long/Ell Pond Hike on Narragansett Trail. We'll hike along the Narragansett Trail to the cliff that overlooks Long Pond. The hike will then descend through a gorge of rhododendrons and hemlocks to a beautiful lunch spot along another pond. A great hike for new members and hikers. L Sue Chiavaroli (508-242-4164 9AM-5PM, brillo6452@yahoo.com) CL Nancy Coote (nmcoote@yahoo.com)

Sat., Jun. 28. Alpine Garden via Nelson Crag Loop Hike. We'll visit the Alpine Garden on Mt. Washington on a challenging, but rewarding loop hike

via the Nelson Crag, Alpine Garden, Lion Head, and Tuckerman Ravine Trails. Experienced hikers only. Also see leader's hike on June 29th. Several overnight accomodation options available. L Paul Miller (508-369-4151 before 9:00 PM, paulallenmiller@verizon.net) L Eva Borsody das (borsody@gmail.com), R Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net)

Sun., Jun. 29. Mt. Crawford Hike. A relatively easy White Mountain hike to the summit of Mt. Crawford from Rte 302 in Crawford Notch where (weather permitting) we'll get to enjoy the beautiful views. Also see leader's hike on June 28h. Several overnight lodging available. L Paul Miller (paulallenmiller@verizon.net) L Eva Borsody das (borsody@gmail.com), R Paul Miller (508-369-4151 before 9:00 PM, paulallenmiller@verizon.net)

Breeze Newsletters

Photos

The Southeast Breeze, the newsletter of the Southeastern Massachusetts Chapter (SEM) of the Appalachian Mountain Club (AMC), is published 12 times a year.

Editor: Andrea Holden
breeze.editor@amcsem.org

Are you a detail person, long-time chapter member or former board member?

We're forming a committee to update our chapter Bylaws and Operating Rules.

See our current [Bylaws and Operating Rules](#).

Contact your Chapter Chair at chair@amcsem.org.

Like to work with groups of children? Want to share your outdoor knowledge with the next generation?

Our Chapter Youth Program (CYP) is looking for leaders. A typical CYP might include a local walk with some nature lesson or trail game. Contact Sally Delisa cypcoordinator@amcsem.org

Like to ski? Want to see more ski trips?

Our Ski Committee needs a Vice Ski Chair to work with our Ski Chair to help to plan ski events, both downhill and cross-country. Contact xcskichair@amcsem.org for more information.

Conservation minded? Want more conservation activities?

Our Conservation Committee needs a Vice Conservation Chair to work with our Conservation Chair to help plan conservation events and education. Contact conservationchair@amcsem.org for more information.

If you'd like to give back to your SEM chapter, we'll find something small for you to do to get started. Contact the Chapter Chair at chair@amcsem.org and we'll match up your interests and capabilities with our needs.

Volunteers Wanted

Volunteer for the Executive Board. Do you have skill and want to see where you fit? Lead hike, bike, ski, snowshoe, x-country or paddle trips. We have volunteer positions open! Contact chair@amcsem.org

Want SEM activities delivered right to your email inbox? Sign up for AMC "digests". Access the Member Center from our home page (amcsem.org) or call 800-372-1758.

View from the Chair

By Cheryl Lathrop

April showers bring May flowers! Yes, it is a little muddy this month. But, at least the snow is gone (hopefully!)

How about those great Conservation events in March! And there are more coming up in April. Watch our SNEL (Short Notice Email List). And you can always click on the “Schedules” tab on our website, then click on “conservation”, to see all of our upcoming conservation activities.

Are you ready to “Celebrate the Blue Hills” on April 26? We love our local Blue Hills, and we wanted to celebrate them with a day of hiking, paddling, and trail work. All topped off with a cookout! On our website, click on the “Schedules” tab, then “all SEM activities”—and sign up for one of the many “Celebrate the Blue Hills” fun events!

Courtesy Cheryl Lathrop

Want to get more involved? Email me and I’ll find something for you. We have both large and small volunteer needs. And I’ll find something that matches your interests and capabilities.

TREKKING THE ALPS

By Gina Hurley
Communications Chair

ONE OF MY DREAM ADVENTURES is to trek through the Alps.

This year my husband and I are celebrating 25 years of marriage, and want a big vacation, so we are looking into making this dream adventure come true. I have planned many big trips, including several long distance backpacking trips, such as the Long Trails, the Tahoe Rim Trail, and the John Muir Trail. However, trekking in the Alps offers so many possibilities, that

it is hard to zero in on one area.

In doing my research I found 20 classic trekking routes covering several different countries, including France, Switzerland, Austria, Italy, Germany, and even Slovenia. Where to begin? Of course if you want to do some day hiking, any of these classic routes can be broken into a one or two day trip, but if you are considering a long distance trek, other factors have to be considered. Distance, duration, ascent, and grade are all factors to think about. The shorter treks are about 6 days, with many averaging 12-15 days,

and a few treks can take a month or longer to complete.

All the routes have accommodations along the way. Some treks have mountain huts or hostels, and most provide access to small towns with typical accommodations, such as hotels and B & Bs. Since there are huts and hostels along the way, you do not need to bring all of the gear you typically need backpacking, such as a tent, stove, and dinner and breakfast food. You spend the nights at the huts, so

Continued on page 7

The Education Committee organizes and promotes training of trip leaders for our chapter. Two fundamental programs, Leadership Training and Wilderness First Aid, are planned and supported every year. Other programs may be offered at the committee's discretion.

The Vice Chair and Chair share tasks that typically involve the planning, coordination and hosting of training sessions, nominally two or three weekend sessions per year. Presenting training material is not

required. Upon expiration of the Chair's term in office, the Vice Chair normally moves into the Chair's position.

Volunteer Opportunity Education Committee Vice Chair

Small event planning experience helpful. Completion of Leadership Training or Wilderness First Aid desirable but not required.

To explore this volunteer position further, contact Len Ulbricht, the Education Committee Chair, at lenu44@gmail.com.

Map & Compass Training Opportunities

A map and compass (M&C) are two of the ten must have essentials for wilderness hiking. (Do you know the other eight?) Key elements of M&C instructional training include basic compass use, correction for magnetic variation, terrain map reading, following a compass course, triangulation and bushwhacking. If M&C is new to you or if you could use a refresher session, consider the following M&C offerings.

March 9, 15 or 22 at Rocky Woods in Medfield. Offered by REI. See <http://www.rei.com/outdoorschool/140/programs/23>

April 25-27 at Cardigan Lodge in NH. Offered by NH Chapter. See <http://activities.outdoors.org/search/index.cfm/action/details/id/72532>

May 2-4 at Highland Center in Crawford, Notch NH. Offered by AMC. See <http://activities.outdoors.org/search/index.cfm/action/details/id/70838>

SEM is offering the Barry Farnsworth Memorial Scholarship for Map & Compass training. This scholarship will help defray the tuition expense for any of the above training opportunities. Contact the Education Chair, Len Ulbricht, at lenu44@gmail.com for further details.

Barry Farnsworth Memorial Scholarship

Map and Compass Training

To honor the late Barry Farnsworth, our recent Education Committee Vice Chair, the Executive Board has voted to create a \$100 scholarship toward the cost of M&C training tuition. Barry had a personal interest in promoting M&C training within the chapter, and the Board chose to recognize him in this manner. The funds may be used for training programs offered by any AMC chapter or those offered by non-AMC entities. This scholarship is open to both trip leaders and non-trip leaders in SEM. Interested parties should review the scholarship [application form](#) and, upon completion of training, submit an SEM scholarship application to the Education Committee chair. Reimbursement will be made upon approval by the chapter's Executive Board.

Contact Education Committee chairperson, Len Ulbricht, at lenu44@gmail.com for further information.

Alan Greenstein Completes RLBH Green Sequence

Third time around and in excess of 375 miles later, I think that I am beginning to have a feel for the lay of the land in the Blue Hills Reservation. The variety of trails traversed on the Thursday night RLBH hikes supplemented by the skillful planning of Trail Master Extraordinaire, Joe Keogh, during the winter "off-season" supported my completing the Green Sequence in just under 14 months. Great fun all around except maybe for the "wettest ever" Thursday night hike during the summer of 2013.

-Alan Greenstein

Joe Keogh presents Alan Greenstein with RLBH patch.
Let's congratulate Alan Greenstein! Photo courtesy Joe Keogh

Want to see your photo on our website?

You know the rotating/changing banner photos on our chapter website, www.amcsem.org? Well, we're looking for some new ones! If you have a great photo of a SEM activity or of the outdoors, please send it to the chapter webmaster, webmaster@amcsem.org. We can provide a photo credit in the corner! Requirements: High quality. Horizontal format is best. Generally the bigger the file size, the better the picture. (Not 72 dpi)

2014 LEADERSHIP TRAINING

Leadership Training will be held on **Saturday, May 3, 2014** at **Borderland State Park, N. Easton, MA**. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to chapter members.

Please register by April 19 with Len Ulbricht at lenu44@gmail.com

Leadership Training - Why Take It?

In order to foster safe outdoor recreation enjoyable to all, AMC has for many years offered a variety of [training programs](#) - both for personal growth and trip leaders/organizers. The most basic program is Leadership Training. This program covers the essential elements our trip leaders need to understand when organiz-

ing, planning and managing groups of hikers, bikers, paddlers, or skiers. It is offered by all AMC chapters to train leaders with a common set of guidelines for situations they will likely face in running an outdoor activity. Anyone wishing to lead trips for our chapter should take this program.

Suppose one is uncertain as to whether or not they want to lead trips. Can they take it? Or how about members new to AMC who are not seeking to lead but want to learn how our organization operates. Can they take it? And there are those members who just wish to participate and not lead. Can they take it?

Yes! Yes! Yes! to all three questions. Leadership Training is for participants, too. You will learn how leaders manage groups, screening considerations leaders undertake and may ask you about to insure group compatibility, how to deal with accidents and AMC liability protections, and ways to personally prepare for your outdoor experience whether it's hiking, biking, paddling or skiing. You'll also meet and interact with SEM trip leaders who present course materials. So give LT some thought.

AMC ACTIVITY PARTICIPATION POLICY

AMC encourages involvement in its mission and activities through its membership□ any age, gender, race, religion, ethnicity, ability, sexual orientation, or socioeconomic status. Some AMC programs are designed for a certain age range of members or for a special activity or topic. However, any person who meets the minimum qualifications (age, skills, experience, fitness) establish□ by a responsible adult. All participants in AMC activities are required to sign the AMC waiver form provided by the leader. Preview the waiver at: <http://amcsem.org/documents.html>

CYP Leadership Training

By Jess Wilson, AMC Leadership Training Mgr.

Saturday, April 12, 2014

At Ventress Memorial Library

Marshfield, MA

9:00-3:00

Materials and Lunch Provided

TO REGISTER for a space, materials and lunch in the
Chapter Youth Program Leadership Training
contact Sally Delisa, cypchair@amcsem.org
Or call 781-834-6851 (Best time between 7-9 p.m.)

only need to carry food and gear for a day hike each day.

There are circuit routes, starting and ending in the same small European town, and then there are distance routes, where you start in one country and end in another.

An interesting circuit route is the Tour of the Matterhorn. For this trek you start and finish in Zermatt, Switzerland. It is a 91 mile hike that takes about 8-10 days to complete. The Matterhorn stands at the center of this circuit trek.

The Walker's Haute Route is another trek. This one starts in Chamonix, France, and ends in Zermatt, Switzerland. It is 112 miles, and takes about 12-14 days. The

20 routes seem to have a bit of everything, and each seems appealing in their own right.

SO HOW DO YOU CHOOSE?

I am not sure, and am trying to figure that out.

Oh, what a problem! There are guidebooks published by Cicerone (www.cicerone.co.uk) for most of these treks. There is also a lot of information on the web. If Trekking the Alps is on your bucket list, I hope you have the adventure of a lifetime. I'm planning on it!

COMING EVENTS

CYP Leader Training (4/12) : TO REGISTER for a space, materi-

als and lunch contact Sally Delisa, cypchair@amcsem.org Or call 781-834-6851 (Best time between 7-9p.m.) www.amcsem.org/events_cyp.train_04.12.14.pdf

Celebrate Blue Hills Day (4/26): Come

celebrate the Blue Hills with the Southeast Mass Chapter on Saturday, April 26. We are offering hikes for all levels, a paddle on Ponkapoag Pond and trail work. Enjoy your activity and then join us for a cookout at 4:00pm by Houghton's Pond for \$6/person <http://activities.outdoors.org/search/index.cfm/action/details/id/73692>.

August Camp 2014 Mount Rainier National Park, WA

Hike in the shadows of majestic Mount Rainier

© Peter Selig

In 2014 August Camp experiences the incredible beauty of Mount Rainier National Park. Marvel at spectacular scenery, wildflowers and towering hemlocks, relive the drama of Mt. St. Helens, and hike on the shoulders of one of the highest peaks in the lower 48. Camp will be set up in the small former lumbering town of Packwood, adjacent to the park.

After a day of the activity of your choice, relax around the nightly campfire, listening to ranger talks, reports from the day's hikes, and a description of the next day's activities, followed by singing and conversation.

This full service tent village for 64 campers each week offers home-cooked meals, daily hikes at all levels, evening campfires and wonderful camaraderie.

The designated airport is Seattle-Tacoma International, and the camp fleet of vans provides transport between camp and SeaTac each Saturday.

The Application and Camper information forms, as well as detailed Camp information can found on the August Camp website at <http://www.augustcamp.org/>. Plan your one or two week adventure now and be part of one of the AMC's oldest traditions.

Southeast MA chapter leaders Leslie Carson and Eva Borsody Das will be leading hikes at August Camp during weeks 3 and 4.

Applications will be accepted after Jan 1, 2014.

- Week 1:** July 19 - July 26
- Week 2:** July 26 - Aug 2
- Week 3:** Aug 2- Aug. 9
- Week 4:** Aug. 9 - Aug. 16

Questions about August Camp? Contact SEM Chapter and August Camp leader Éva Borsody Das, at borsody@gmail.com.

Leadership Training (5/03): This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to SEM chapter members. For more information go to <http://activities.outdoors.org/search/index.cfm/action/details/id/73661>

Lonesome Lake Trail Work (5/31-6/1)" Join us for trailwork on our adopted trail "Lonesome Lake Trail" on May 31-June 1, in beautiful Franconia Notch. Stay at the hut; tools provided; all are welcome. trailsvicchair@amcsem.org.

Chapter Hut Weekend (9/19-9/21): Mark your calendars; more information to come!

YEAR ROUND. BLUE HILLS HIKES

Blue Hills (Milton, MA) hikes and other activities run year round [visit >>](#)

Activities are not a part of AMC, nor endorsed by AMC. They are provided as a resource for chapter members, as AMC also believes in getting outside. Send your activity web link (url) to the webmaster@amcsem.org and/or breeze.editor@amcsem.org for consideration.

The SEM Communications Chair and SEM Executive Board will be the sole judge of a submission's appropriateness for posting.

Please join us for the annual Cape Cod Canal Clean Up. SEM participates every year and it's a great event to give back to our beautiful Cape Cod.

CAPE COD CANAL CLEAN UP

<http://www.americorpscapedod.org/volunteer-opportunities-2/annualsignature-events/canal-clean-up/>

When: Sat, April 19, 9am - 1pm

Where: Buzzards Bay, Bourne, MA

Annual signature event, Canal Clean-Up, a day to spruce up our beloved canal, will celebrate the 100th anniversary of the Cape Cod Canal along with the Army Corps of Engineers! Please join us in making the canal a even more enjoyable spot to spend your days! Interested in joining us?

CONSERVATION

Use one less paper napkin than you normally would. The average American uses about 2,200 napkins per year. That is about six per day! If everyone used just one less napkin per day, it would save more than a billion pounds of napkins from landfills. You can conserve even more paper by using cloth napkins at home. These save both money and the environment!

Call the AMC to specify your preferences! 800-372-1758

SEM VOLUNTEERS NEEDED – to "Table Sit"

Melissa Powers & Ed Miller "Table Sitting"

We need "table sitters". Folks willing to sit at a table and talk to the public about what we do locally. Many people think we only hike the AT! We get a lot of opportunities to have a SEM "table" at EMS, REI, LLBean, Wellness Day, State Park, etc. So, we need *you* to hand out SEM brochures and chat with folks that stop at the table. Bring your backpack, your bike, or your new paddle as a great prop to bring people to the table. Great opportunity to give back to the chapter!

Ideally we'd like a long list of folks to call on when an opportunity arises, so no one has to invest an entire day, but only a 2-hour shift.

Contact the Membership Committee: membershipchair@amcsem.org, membershipvicechair@amcsem.org. Or the Chapter Chair, chair@amcsem.org, or Vice Chair, vicechair@amcsem.org

worked fine on the snow-packed trails, a couple of sections of trail had proved more challenging.

One section in particular sticks in my mind (I had half-jokingly referred to it as the "crux" of our hike...). While in the lead at one steep section not too far from the summit, I had encountered an obstacle. To the left of the trail immediately in front of me was a fairly steep drop off into the woods. To the right, an ice-encrusted boulder protruded menacingly into the trail. The available footpath itself was very narrow, slippery looking, and angled ever so slightly toward the drop off. After stopping for a moment to figure out how I was going to negotiate this obstacle,

I lunged toward a small tree just past my reach, caught the tree, and successfully swung my way around the boulder. Probably not the smartest move, but it worked.

Since I had no idea how I was going to help everyone else get past this obstacle, luckily for the group, SEM hike leader extraordinaire, Wayne Anderson, bounded up the trail in his full crampons (Wayne being the only one of us who had had the sense to wear crampons, rather than microspikes), established his sturdy body against the same tree I had used, dug in his crampons, and made sure that everyone made it safely around the protruding ice-encrusted boulder.

Mountain Man Wayne. Photo courtesy Ken Carson

Maureen and Paul heading out. Photo courtesy Ken Carson

From the hut, we had used the adjacent Lonesome Lake Trail and then the Kinsman Ridge Trail to get to the summit of Cannon. As is typical of winter hikes in the White Mountains, both trails got prettier and prettier as we climbed higher up on the mountain, with hardwoods changing to birch trees and finally to conifers and the snow getting progressively deeper (although never deep enough to require snowshoes...). Once at the summit, we climbed the summit tower, which was being buffeted by some pretty impressive wind gusts, and then hiked a little ways down to the Tram Lodge, which was operating today, even though the tram itself was not. While luxuriating in the lodge after devouring our cafeteria lunches,

we had briefly pondered returning to the hut via the slightly longer Hi-Cannon Trail, an idea I quickly squelched after looking at the trail map and noticing that at one section of the trail, the contour lines appeared very, very close, indicating significant steepness. "That's where the ladders are," one of our party contributed. But, since ladders are rarely of any use when buried in snow, we all agreed to descend the same way we had come up.

Other than having to negotiate that same obstacle again on the way down (with Wayne once again providing the safety cushion...), the hike back down to the hut was a blast. Not only was gravity on our side this time around, but the well-cushioned, snow-covered trails were very easy on the knees. We took advantage of multiple opportunities to "butt slide," a highly refined winter hiking technique that's fast, easy on the legs, and a whole boatload of fun! At one of the trail intersections, we encountered a several younger people (also staying at the hut, but not part of our group) who were in the final stages of completing what -- compared to our own modest hike -- was a near-epic hike; having already climbed up to North Kinsman via the Fishin' Jimmy Trail, traversed the challenging Cannonballs on the unbroken-out Kinsman Ridge Trail, and were now on their way up to the summit of Cannon, before returning to the hut later that afternoon!

Since it was still kind of early when we arrived back down at the lake (not surprisingly, butt sliding is a lot quicker than hiking...), we took the long way around. This provided us with another opportunity to cross the frozen lake and look back to enjoy the amazing views that it affords of Mounts Lafayette, Lincoln, and Little Haystack on the Franconia Ridge across Franconia Notch.

Upon our return to the hut at about 3:00 pm, I took the opportunity to

Leslie, Maureen, and Alan in the hut. Photo courtesy Sal Spada

change into a fresh base layer of clothing in my bunkroom (always a luxury!). Back in the main hut, we patiently held off breaking out the cheese, crackers, and wine for our traditional pre-dinner "happy hour" almost until our SEM compatriots who had climbed North Kinsman returned at about 5:00 pm. Led by Maureen Kelley, this small group of SEMers had pioneered an enjoyable, new (for us) loop hike that involved taking the Fishin' Jimmy and Kinsman Ridge Trails up to the 4,293-foot summit of North Kinsman, and then returning via the Kinsman Pond and Cascade Brook Trails, an almost 7-mile round trip hike with approximately 2,260 feet of elevation gain; quite a bit more ambitious than our own relatively modest 4.2 mile (round trip) Cannon hike, with a measly 1,400 feet of elevation gain.

After preparing dinner (spicy Shrimp Creole!), devouring it, cleaning up, and then socializing a bit, we all trickled off to our bunkrooms to hit the sack. With the temperature on Saturday night a relatively "balmy" plus-six degrees (twelve degrees warmer than on Friday night!), many of us found ourselves stripping off layers to keep from overheating in our winter sleeping bags. (Ordinarily, plus six degrees would seem pretty cold, but -- of course -- everything is relative...). Sunday morning, after preparing and eating breakfast, cleaning up, and packing up our stuff; we donned our

In the Woods. Photo courtesy Sal Spada

ground in Franconia Notch. On Friday, when we first arrived at Franconia Notch, lugging our full winter packs (loaded down with the group food and our personal beverages) up the 1.6-miles to the hut with its 1,000 feet of elevation gain had been a bit of a struggle for some, and certainly a good cardio workout for everyone. However, as usual, the hike back down to the trailhead was a breeze.

I'd like to thank the other trip leaders - Leslie Carson, Wayne, and Maureen - for making this, the finale of the 2013-14 SEM Winter Hiking Series such a success (and particularly Leslie and Maureen for the wonderful group meals they prepared...). I'd also like to thank everyone else who participated in both this trip and the entire Winter Series.

I, for one, had a blast!

PUZZLE ANSWERS

Words: spring, birds, grow, tulips, daffodils, grass, hike, bike, April

Final Answer: Spring is here.

and shouldered our backpacks for the short hike back down to the trailhead at Lafayette Camp-

(FT) (NM) Sat., Apr. 26. "Celebrate Blue Hills" Hike, Paddle, Trailwork Event - Join Us!. "Celebrate Blue Hills" - Join the Southeast Mass Chapter in celebrating this 7000 acre parcel of land incorporated in 1893, containing 125 miles of trails and 22 hills with a day full of events on Saturday, April 26, 2014. The Blue Hills Reservation is located 19 miles South of Boston and is bounded by the towns of Quincy, Braintree, Randolph, Canton, Dedham and Milton. Numerous fun options! Sign up for an easy, intermediate or rugged hike on trails showing a variety of habitats and views of Boston, Mt. Wachusett or points south. Have little ones? Try the family hike. Or sign up

to paddle the shores of Ponkapoag Pond in hopes of seeing early spring plants and birds. You could also choose to do Trail work and give back to the Reservation by brushing and edging the trails with rocks on the popular Skyline Trail. All of these activities will be hosted by knowledgeable leaders. They are listed individually online and you must register for them. Enjoy your choice of activity and then join us for a cookout at 4:00pm by Houghton's Pond. Cost for the cookout is \$6/person payable by cash on the day of the event. Sign up for the cookout online when you sign up for an activity. Please join us; we hope to share this wonderful park and the activities with you rain or shine. L Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com) CL Karen Singleton (karen.singleton@comcast.net), R Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com)

CHAPTER YOUTH PROGRAMS

Share Skills With Youth - Our group works with facilities to plan and lead children in outdoor activities. If you're interested in the gratifying experience of getting kids out on the trails and discovering nature, please contact the SEM CYP Coordinator for workshop details. cypcoordinator@amcsem.org

Chapter Trips

(NM) (CE) (SN) Sat., Apr. 12. Chapter Youth Program Leadership Training. Become a Chapter Youth Program Leader and make a difference in the life of a child. Share your skills with children who might not otherwise have a chance to get out on a trail. Here is a description of our November, 2013 hike with children from a housing authority: That sunny fall outing was far more than a hike in the woods. Four dedicated CYP Leaders shared their skills and time with eleven inner city boys and girls, thus making the day special for all. That sunny fall outing was far more than a hike in the woods. Four dedicated CYP Leaders shared their skills and time with eleven inner city boys and girls, thus making the day special for all. The children learned to read trail maps and trail blazes, observed mosses and lichens through magnifying lenses, measured the girth of trees, learned to determine the age of white pine saplings, saw where deer had browsed and practiced Leave No Trace (LNT). The group was also taught trail courtesy when meeting people and pets. Their etiquette generated compliments

from other site visitors. See the SEM website for CYP Leaders. www.amcsem.org Click on CYP in the left column. L Sally Delisa (781-834-6851 7-9 p.m., delisally@yahoo.com), R Sally Delisa (781-834-6851 7-9 p.m., delisasally@yahoo.com)

CONSERVATION

Looking for a vice chair for our conservation committee to help the chair plan and execute conservation events for the chapter. Contact the conservationchair@amcsem.org

Chapter Trips

(C) (FT) (NM) Sat., Apr. 19. CONSERVATION ALERT: Cape Cod Canal Cleanup. Please join us, for the annual Cape Cod Canal Clean Up. SEM participates every year and it's a great event to give back to our beautiful Cape Cod. Come celebrate the 100th anniversary of the Cape Cod Canal! Buzzards Bay, 9 am-1 pm. This is not a leader-led event. Please make your own plans to attend. L Joanne Jarzowski (conservationchair@amcsem.org)

(C) (FT) (NM) Sat., Apr. 26. CONSERVATION ALERT: Massasoit SP Spring Clean Up Day. SAVE THE DATE! 2014 State Park Clean up day is Saturday, April 26 and Massasoit State Park will have it's spring Clean-Up Day on that day. More information and details will be posted soon on our Facebook page: <https://www.facebook.com/pages/Friends-of-Massasoit-State-Park/110253339052017> THIS IS NOT A LEADER-LED TRIP. PLEASE MAKE PLANS TO ATTEND INDIVIDUALLY! L Joanne Jarzowski (conservationchair@amcsem.org)

(C) (FT) (NM) Sat., Apr. 26. CONSERVATION ALERT: 2014 Mass. Park Serve Day. Join us for DCR's Park Serve Day 2014. This year's event features parks from the Berkshires to Cape Cod, giving you a wide range of volunteer opportunities to choose from. Last year, more than 4,000 volunteers participated in DCR's Park Serve Day. During this statewide day of volunteer service, we will work together to get state parks and beaches across

Massachusetts ready for the recreation season by cleaning coastlines, clearing trails, planting flowers, painting picnic tables, and more. So please, take a moment to check your calendar and sign up to volunteer. We look forward to seeing you out there! <http://web1.env.state.ma.us/DCR/Parkserve/> This is not a leader-led trip. Please make your own plans to attend. L Joanne Jarzowski (conservationchair@amcsem.org)

FAMILY

Looking for ideas for new and fun Family Hikes. Looking for families that want to hike! Contact familyeventschair@amcsem.org.

Chapter Trips

(FT) (NM) Sat., Apr. 26. "Celebrate Blue Hills" Family Hike. Join us for a Family springtime hike through the Blue Hills Reservation on the Skyline Trail in conjunction with the chapter's "Celebrate Blue Hills" event. Located only minutes from the bustle of downtown Boston, the DCR Blue Hills Reservation stretches over 7,000 acres from Quincy to Dedham, Milton to Randolph, providing a green oasis in an urban environment. Rising above the horizon, Great Blue Hill reaches a height of 635 feet, the highest of the 22 hills in the Blue Hills chain. From the rocky summit visitors can see over the entire metropolitan area. We will be hiking on the skyline trail out to the infamous Whale Rock where we will take a break and enjoy a snack. The rock actually looks like a whale from a distance and is a great place to take pictures. Appropriate for children 3+, under 3 in child carrier. Hike begins at 10:30. Registration necessary. Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Christine Pellegrini (chrispellegrini@yahoo.com) CL Bill Pellegrini (billpellegrini@yahoo.com)(chrispellegrini@yahoo.com), R Christine Pellegrini (508-244-9203 6-8 PM, chrispellegrini@yahoo.com)

HIKING

IMPORTANT: No pets w/o prior permission of trip leader. Individuals under 18 years of age must be

Rating codes (e.g. C4D): first letter indicates distance in mi , middle number indicates pace, second letter indicates terrain.

Miles	Pace (mph)	Terrain
AA = 13+	1 = very fast (2.5)	A = v. stren.
A = 9 - 13	2 = fast (2)	B = strenuous
B = 5 - 8	3 = moderate	C = average
C = <5	4 = leisurely	D = easy

accompanied by a parent or responsible adult, and obtain prior consent from L. Those accompanying a minor are responsible for minor's actions. Reg. req'd for most hikes, preferably at least 1 week prior to the trip so Ls can discuss prior hiking exp., conditioning, clothing, and equipment. Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy)

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Chapter Trips

Sat., Apr. 5. Great Woods Hike Norton to Mansfield. Great Woods from Yelle Conservation Area in Norton to Mansfield's Greatwoods via two previously unconnected trail systems with historical sites, vernal pools and varied glacial remnants. Car spotting. Rain or Shine. L Richard Carnes (508-947-3204, rcarnes2@aol.com), R Richard Carnes (508-947-3204 Before 9PM, rcarnes2@aol.com)

(FT) (NM) Sun., Apr. 6. Braintree Pass Path Hike. Sunday intro hike through the beautiful Braintree Pass Path in Blue Hills. Easy terrain, 4.5 miles. Bring sturdy footwear, water and snacks. Meet at 9:00 am at the parking lot at the intersection of Rt. 28 and Chickatawbut Rd. Heavy rain cancels. L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com)

(FT) (NM) Thu., Apr. 10. Thursday Hike in the

Blue Hills. Nice Thursday morning hike through the Blue Hills. Meet at 10:00 AM at the third parking area on the left on Route 28 in Milton. There is limited parking. There are some parking areas along the road. Take Route 95 North, and then take 93 towards Boston. Take exit 5 North towards Milton. L Sue Chiavaroli (508-496-6452 7PM-9PM, brillo6452@yahoo.com)

Thu., Apr. 17. Thurs. Morning Hike - Oldham Trail & Harold Clark Forest. Hike the Oldham Trail and Harold Clark Forest in Foxboro. Meet at 10:00 am at parking lot on Rt. 140 across from Sunoco Station. Heavy rain will cancel. Bring lunch or snack and water and wear appropriate footwear. L Muriel Guenther (508-699-7461 Before 9:00PM, murielguenther@comcast.net)

(FT) (NM) Thu., Apr. 17-Sep. 18. Red Line Blue Hills. Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8pm every Thursday night. Register once then show-n-go. L Joe Keogh (508-542-0665 before 9 pm, RLBH_leader@amcsem.org) L Michael Swartz (swartz@brandeis.edu) L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

(FT) (NM) Thu., Apr. 24. Thurs. Morn. Hike-Cornell Farm/Little River Reserve. Meet at 9:45 at Cornell Farm parking area for a 6-mile hike. The hike will explore the DNRT Frank Knowles-Little River Reserve and the Trustees Cornell Farm. The trails will take us on the newly a constructed boardwalk and suspended bridge through wetlands, pass stone walls and farmhouse foundations. The crown jewel of DNRT's Little River Reserve is the Boardwalk Trail, which features a 200-foot-long suspended boardwalk and viewing platform that takes hikers 15 feet above a red maple swamp for a bird's eye view of the mound-and-pool wetland below. The trail then connects to two long boardwalks that cross through pristine salt marsh at the head of Little River, allowing visitors to wander over the estuarine environment. Benches

along the boardwalk provide visitors with a place to take in salt marsh vistas extending nearly half a mile south toward the mouth of Little River. A wooded upland trail across DNRT's Jonny Point property connects the two salt marsh boardwalks. Some trails could be wet and soggy so waterproof footwear is suggested. Bring snacks/lunch, rain jacket and at least one liter of water. Heavy rain will cancel. L Walt Granda (508-999-6038 before 9 PM, wlgranda@aol.com)

(FT) (NM) Sat., Apr. 26. "Celebrate Blue Hills" Wolcott and Border Path Hike. Intro hike through Wolcott and Border Path in conjunction with the chapter's "Celebrate Blue Hills" event. Easy terrain 4.5 miles. Bring sturdy footwear, water and snacks. Meet at 1:30 am at the parking lot to the left of the Trailside Museum. Heavy rain cancels. Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com) CL Cathy Fagan (fagankd@msn.com), R Cathy MacCurtain (781-848-9506, camaccurtain@aol.com)

(FT) (NM) Sat., Apr. 26. "Celebrate the Blue Hills" Beginner's Hike. A leisurely 4-5 mile hike with some rolling hills but basically flat in conjunction with the chapter's "Celebrate the Blue Hills" event. Join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). Meet at 12:45 for 1:00 start. L Sue Chiavaroli (508-496-6452 7-9 PM, brillo6452@yahoo.com) CL Nancy Coote (508-596-8222 7-9PM, nmcoote@yahoo.com), R Sue Chiavaroli (508-496-6452 7-9 PM, brillo6452@yahoo.com)

Sat., Apr. 26. "Celebrate the Blue Hills" Skyline Trail End-to-End Hike. App. 9-mile long, 6-hour hike in conjunction with the chapter's "Celebrate Blue Hills" event. Great spring conditioning hike to get you ready for some 4000 footers in NH! Join

us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Walt Granda (508-999-6038 Before 9:00 PM, wlgranda@aol.com) L Paul Miller (paulallenmiller@verizon.net), R Walt Granda (508-999-6038 Before 9 pm, wlgranda@aol.com)

Sat., Apr. 26. "Celebrate Blue Hills" Fast & Hilly Skyline Trail Hike. Join us for a fast and hilly loop on the rugged and rocky North & South Skyline trails, on to Tucker and beyond if we have time, 1pm-3:30pm, in conjunction with the Chapter's "Celebrate Blue Hills" event. Meet at Houghton Pond parking lot playground. Limited to experienced hill walkers who can maintain a steady pace with few breaks. Then join us after the hike for a fun cookout at 4:00 pm at Houghton's Pond. Cost for the cookout is \$6/person. Sign up for the cookout with your leader when you sign up for the activity (hike, paddle, or trail work). L Eva Borsody das (borsody@gmail.com), R Eva Borsody-Das (borsody@gmail.com)

(C) (FT) (NM) (SN) Sat., Apr. 26. "Celebrate Blue Hills" Hike, Paddle, Trailwork Event - Join Us!. "Celebrate Blue Hills" - Join the Southeast Mass Chapter in celebrating this 7000 acre parcel of land incorporated in 1893, containing 125 miles of trails and 22 hills with a day full of events on Saturday, April 26, 2014. The Blue Hills Reservation is located 19 miles South of Boston and is bounded by the towns of Quincy, Braintree, Randolph, Canton, Dedham and Milton. Numerous fun options! Sign up for an easy, intermediate or rugged hike on trails showing a variety of habitats and views of Boston, Mt. Wachusett or points south. Have little ones? Try the family hike. Or sign up to paddle the shores of Ponkapoag Pond in hopes of seeing early spring plants and birds. You could also choose to do Trail work and give back to the Reservation by brushing and edging the trails with rocks on the popular Skyline Trail. All of these activities will be hosted by knowledgeable leaders. They are listed individually online and you must register for them. Enjoy your choice of activity and then join us for a cookout

at 4:00pm by Houghton's Pond. Cost for the cook-out is \$6/person payable by cash on the day of the event. Sign up for the cookout online when you sign up for an activity. Please join us; we hope to share this wonderful park and the activities with you rain or shine. L Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com) CL Karen Singleton (karen.singleton@comcast.net), R Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com)

(AN) (XCE) Sat., May. 3. Leadership Training. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to SEM chapter members. L Len Ulbricht (lenu44@gmail.com), R len ulbricht (lenu44@gmail.com)

Sun., May. 4. Buck Hill Hike. Challenging 3.5 mile Sunday hike (not for beginners) to the rocky summit of Buck Hill with great views. Bring sturdy footwear, water and snacks. Meet at 9:00 am at Houghton Pond parking lot. Heavy rain cancels. L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com)

(C) (FT) (NM) Thu., May. 8. Thurs Morn. Hike - Wollomonopoag Conservation Area. Meet 10:00am in Conservation Area parking lot off of Elysium St. Bring water, snack or lunch & sturdy footwear. Rain cancels. Great blue rookery and eskers and possible sighting of deer. L Muriel Guenthner (508-699-7461 Before 9:00pm, murielguenthner@comcast.net), R Muriel Guenthner (99 Birchwood Drive, Attleboro Falls, MA 02763, 508-699-7461 Before 9:00pm, murielguenthner@comcast.net)

(AN) Fri., May 16-18. Mt. Greylock Hiking/Backpacking. Enjoy a spring weekend hiking Mt.

Greylock and camping under the stars. Backpacking experience preferred, but not necessary. Hike over Mts. Prospect, Williams, Fitch and Greylock - 8+ miles. L Leslie Carson (508-833-8237, ltc929@comcast.net) L Mike Woessner (stridermw@hotmail.com) L Maureen Kelly (mokel773@aol.com), R Leslie Carson

Sat., May. 17. North Pack Monadnock Hike. Great springtime hike near the MA/NH border. This section of the Wapack Trail to North Pack Monadnock offers some great views and a few challenging sections to the summit. The 8-mile hike will start at the Miller State Park using the Wapack and Cliff trails. L Walt Granda (508-999-6038 Before 9:00 p.m., wlgranda@aol.com) CL Luther Wallis (lew89@comcast.net), R Walt Granda (508-999-6038 Before 9:30 pm, wlgranda@aol.com)

Sat., May. 31. Mt. Holyoke Range Hike. Enjoy some of the nicest views along the Metacomet-Monadnock Trail, hiking the Seven Sisters and Mt. Holyoke. L Leslie Carson (508-833-8237 Before 9 PM, ltc929@comcast.net) L Eva Borsody das (borsody@gmail.com), R Leslie Carson

(FT) (NM) Sat., Jun. 21. Long/Ell Pond Hike on Narragansett Trail. We'll hike along the Narragansett Trail to the cliff that overlooks Long Pond. The hike will then descend through a gorge of rhododendrons and hemlocks to a beautiful lunch spot along another pond. A great hike for new members and hikers. L Sue Chiavaroli (508-242-4164 9AM-5PM, brillo6452@yahoo.com) CL Nancy Coote (nmcoote@yahoo.com)

Sat., Jun. 21-22. Bonds and Bondcliff Hike. Hike and camp in the Pemigewasset Wilderness with unsurpassed views. Hiking Zealand Mtn., West Bond, Mt. Bond and Bondcliff. Camping at Guyot campsite. Backpacking experience needed. L Leslie Carson (508-833-8237, ltc929@comcast.net) L Maureen Kelly (mokel773@aol.com), R Leslie Carson (508-833-8237, ltc929@comcast.net)

Sat., Jun. 28. Alpine Garden via Nelson Crag Loop Hike. We'll visit the Alpine Garden on Mt. Washington on a challenging, but rewarding loop hike via the Nelson Crag, Alpine Garden, Lion Head, and Tuckerman Ravine Trails. Experienced hikers only. Also see leader's hike on June 29th. Several overnight accommodation options available. L Paul Miller (508-369-4151 before 9:00 PM, paulallenmiller@verizon.net) L Eva Borsody das (borsody@gmail.com), R Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net)

Sun., Jun. 29. Mt. Crawford Hike. A relatively easy White Mountain hike to the summit of Mt. Crawford from Rte 302 in Crawford Notch where (weather permitting) we'll get to enjoy the beautiful views. Also see leader's hike on June 28th. Several overnight lodging available. L Paul Miller (paulallenmiller@verizon.net) L Eva Borsody das (borsody@gmail.com), R Paul Miller (508-369-4151 before 9:00 PM, paulallenmiller@verizon.net)

(AN) Sat., Aug. 2. Whiteface and Passaconaway Loop Hike. Loop hike over Blueberry Ledge Trail to Rollins Trail to Dicey's Mill Trail. Will summit both Whiteface (4,020 ft) and Passaconaway (4,043 ft). Strenuous hike with challenging rock ledge scramble and a water crossing. One of the more challenging hikes in the Whites. For experienced White Mtn. hikers only. Magnificent views from bare ledge precipices. Elevation change 2850 Ft, 10+ mile loop. L Len Ulbricht (lenu44@gmail.com) CL Walt Granda (wlgranda@aol.com), R len ulbricht (lenu44@gmail.com)

(AN) Mon., Aug. 25-27. White Mtns. Hut Hike (multi-day). Enjoy one of the best hikes in the Whites with superb views, summiting Mts. Monroe, Washington, Clay, Jefferson, Adams and Madison. Stay at Lakes of the Clouds and Madison huts, dinners and breakfasts included. Cost \$212 per person. L Leslie Carson (508-833-8237, ltc929@comcast.net) L Maureen Kelly (mokel773@aol.com), R Leslie Carson

Sat., Sep. 13-14. Mt. Isolation Hike. Hike along the Rocky Branch Ridge, camp among the stars and summit Mt. Isolation surrounded by wonderful views of the Presidential Range. Several river crossings. Backpacking experience needed. L Leslie Carson (508-833-8237, ltc929@comcast.net) L Maureen Kelly (mokel773@aol.com), R Leslie Carson (508-833-8237, ltc929@comcast.net)

Map and Compass Training

To honor the late Barry Farnsworth, our recent Education Committee Vice Chair, the Executive Board has voted to create a \$100 scholarship toward the cost of M&C training tuition. Barry had a personal interest in promoting M&C training within the chapter, and the Board chose to recognize him in this manner. The funds may be used for training programs offered by any AMC chapter or those offered by non-AMC entities. This scholarship is open to both trip leaders and non-trip leaders in SEM. Interested parties should review the scholarship [application form](#) and, upon completion of training, submit an SEM scholarship application to the Education Committee chair.

Reimbursement will be made upon approval by the chapter's Executive Board.

tee chairperson, Len Ulbricht, at lenu44@gmail.com for further information.

Map & Compass Training Opportunities

A map and compass (M&C) are two of the ten must have essentials for wilderness hiking. (Do you know the other eight?) Key elements of M&C instructional training include basic compass use, correction for magnetic variation, terrain map reading, following a compass course, tri-

Contact your Chapter Chair at chair@amcsem.org.

Like to work with groups of children? Want to share your outdoor knowledge with the next generation?

Our Chapter Youth Program (CYP) is looking for leaders. A typical CYP might include a local walk with some nature lesson or trail game. Contact Sally Delisa cypcoordinator@amcsem.org

Like to ski? Want to see more ski trips?

Our Ski Committee needs a Vice Ski Chair to work with our Ski Chair to help to plan ski events, both downhill and cross-country. Contact xcskichair@amcsem.org for more information.

Conservation minded? Want more conservation activities?

Our Conservation Committee needs a Vice Conservation Chair to work with our Conservation Chair to help plan conservation events and education. Contact conservationchair@amcsem.org for more information.

If you'd like to give back to your SEM chapter, we'll find something small for you to do to get started. Contact the Chapter Chair at chair@amcsem.org and we'll match up your interests and capabilities with our needs.

Volunteers Wanted

Volunteer for the Executive Board. Do you have skill and want to see where you fit? Lead hike, bike, ski, snowshoe, x-country or paddle trips. We have volunteer positions open! Contact chair@amcsem.org

Want SEM activities delivered right to your email inbox? Sign up for AMC "digests". Access the Member Center from our home page (amcsem.org) or call 800-372-1758.

View from the Chair

By Cheryl Lathrop

May brings us sunshine, flowers, and warm weather – and also SEM hikes, bikes, and paddles! In early May we offer our annual Leadership Training for aspiring activity leaders or anyone looking to see how trips are run. And in late May we offer our annual chapter trailwork event—the cleanup of our adopted trail in the White Mountains: The Lonesome Lake Trail. A fun weekend of work mixed with hiking!

Want to get more involved? Email me and I'll find something for you that matches your interests and capabilities.

Got something to say? Got a good idea? Want to volunteer?

Feel free to contact me anytime about anything! chair@amcsem.org

Chapter Chair

Wellfleet Hike 2 March 2014, photo courtesy of AMC SEM Flickr Photostream

As always, feel free to contact your chapter chair, or vice chapter chair at any time.

Chapter Chair: Cheryl Lathrop (chair@amcsem.org) ~ Vice Chapter Chair: Maureen Kelly (vicechair@amcsem.org)

that typically involve the planning, coordination and hosting of training sessions, nominally two or three weekend sessions per year. Presenting training material is not required. Upon expiration of the Chair's term in office, the Vice Chair normally moves into the Chair's position.

Small event planning experience helpful. Completion of Leadership Training or Wilderness First Aid desirable but not required.

To explore this volunteer position further, contact Len Ulbricht, the Education Committee Chair, at lenu44@gmail.com.

CONSERVATION

Buy in bulk whenever possible. This means that instead of buying individually wrapped bags of goods such as rice, beans, etc., you can bring your own container, and fill it with rice your self! This significantly cuts down on packaging, and it quite often less expensive. You can reuse empty pasta sauce jars (and containers like that) to put your bulk items in, and that way, you are also reusing materials. Win win!

Mt. Tom Spring Hike

March 22, 2014

By Len Ulbricht

The forecast portended gloomy conditions, cloudy with chance of morning snow and showers, wind picking up, temperature near freezing, not one's preferred choice for the first spring hike of the year. The day's plan called for hiking up Bray Loop, Lost Boulder, Keystone Ext and DOC to the west facing ridge of the Metacomet-Monadnock Trail, turn south along the precipice to Mt. Tom, double back and continue north along the ridge line past Goat Peak to Mt. Nonotuck, double back again and return via Teabag to reservation headquarters, a distance of 8.9 miles with 900 ft. elevation gain.

We arrived at the trailhead with overcast conditions, temperature at 32 degrees, and ice on the trail. The slippery kind of ice, the kind nothing but spikes will handle. Gloves, fleece and parka time, and on with the micro-spikes. Ahhhh the joys of spring. Though the uphill climb was gradual and well blazed, it was slow going on the ice bound trail. After a couple of delayering stops, about 3/4 of the way to the ridge line flurries and a light shower forced us to put on rain gear. It is spring, isn't it? The ice and frequent gear swaps slowed our pace. It wasn't long before decision time came upon reaching the ridge. Behind schedule, we bagged the southerly spur to Mt. Tom and followed the ridge line north.

Call the AMC to specify your preferences! 800-372-1758

COMING EVENTS

Leadership Training (5/03)

This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to SEM chapter members. For more information go to <http://activities.outdoors.org/search/index.cfm/action/details/id/73661>

Lonesome Lake Trail Work (5/31-6/1)

Join us for trailwork on our adopted trail

"Lonesome Lake Trail" on May 31-June 1, in beautiful Franconia Notch. Stay at the hut; tools provided; all are welcome. trailsvicechair@amcsem.org.

Chapter Hut Weekend (9/18-9/21)

Mark your calendars!

Map & Compass

The SEM Executive Board has approved funding for a scholarship to promote map and compass skill development for SEM members. A special application form (the Barry Farnsworth Memorial Scholarship) has been created and is now available on the SEM website under "Documents". See <http://amcsem.org/assets/pdf/schapp bf.pdf>. The scholarship offers up to \$100 toward the M&C tuition offered by AMC or any AMC chapter, or a

non-AMC entity (e.g., REI). For further information contact Len Ulbricht at education@amcsem.org.

Current AMC M&C offerings

Oct 24-26 M&C Weekend at Mohican

in NJ, see <http://activities.outdoors.org/search/index.cfm/action/details/id/73824>

REI Map & Compass offerings

May 3 at Rocky Woods, Medfield and May 24 at Goddard State Park in Rhode Island. See <http://www.rei.com/class/49378/market/140>

And then - spring arrived. The rain stopped, the cloud cover dissipated,

blue sky appeared and old sol warmed away the chill. On went the sun glasses, off came the rain gear, parka and gloves, for a short

while at least. Soon the wind began blowing up the face of and over the precipice, setting in a chill. But the sun shone on and cheered us on our way. We passed one lookout after another with views over Easthampton out to the Berkshires. Goat Peak offered a treat - raptors. A hawk and then an eagle floated upon the air above us and glided out over the landscape. Gorgeous. Further along toward Nomotuck at another lookout ice covered an oxbow lake, formerly part of the Connecticut River. Thick with ice and snow, it's shore outline was lost in the white blanket covering fields of a farm tucked in the arms of the lake. Finally the decent towards our return home. Just in time to beat the gated 4 pm entrance closure. Though shortened to 6 miles, a great introduction to spring hiking. A do-again hike when real spring arrives.

Ice on the trail, photo courtesy Len Ulbricht

Bill Doherty finishes Greenlining

By Bill Doherty

I have to admit it - I enjoy hiking the Blue Hills. Last year, 2013, was a great year for the SEM Redline the Blue Hills (RLBH) Series. Our leaders Joe Keogh, Michael Swartz, Maureen Kelly and Jim Casey led us all over the reservation, completing an astounding 114 miles of trails. This started with the weekly Thursday evening hikes in April and culminated with the Skyline End-

to-End hike in November.

I try to attend most of the RLBH hikes. I like the camaraderie, the gentle ribbing and support everyone provides. We also learn a lot from each other. It is a talkative and social group. The amazing diversity of the terrain in the Blue Hills provides endless opportunities for our leaders to vary the hikes from easy walks to more difficult hill climbs. After a couple of easy hikes we generally walk at a very good pace. Further you can increase the intensity of your individual workout just by just carrying more weight in your pack. Over time this really does increase your physical endurance and overall conditioning. Hiking with the SEM RLBH is an excellent way to improve your health while having fun.

I hiked on my own to complete my remaining Greenline trails. Being directionally challenged, I am forced to use some of the skills I learn from our leaders to find my own way in the woods. It builds self confidence. Further, I found out that what Bob Vogel told me was true. He said that you can occasionally get lost in the Blue Hills but you can't stay lost in the Blue Hills. Within 15 to 20 minutes of wandering you will usually come to a road or a larger trail and be able to get your bearings on your map. The serenity of being alone in the woods can be appreciated because you can really savor the quiet and enjoy the beauty of the Blue Hills.

I encourage my fellow RLBH hikers to get out there and finish the trails they need in order to collect a coveted RLBH patch.

Lonesome Lake Trail work

May 31, 2014 - June 01, 2014 (Sat - Sun)

Come get dirty and enjoy the scenery of Franconia Notch as we embark on our annual trail maintenance of Lonesome lake trail.

We will work Saturday and spend the night at Lonesome lake hut. The work will consist lite maintenance of brushing, water bar clean-outs and brush removal. Possible hike on Sunday depending on time.

Location: New Hampshire, White Mountains, NH

Nearby AMC Destination: Lonesome Lake Hut

Registrar information: <http://activities.outdoors.org/search/index.cfm/action/details/id/75143>

THANK YOU ANDREA HOLDEN!

The May newsletter is Andrea's last one as editor. Thank you Andrea for all of the work you have done to get our newsletter published each month. It is a huge undertaking. You have done an amazing job, and will be missed. Thank you, thank you, thank you!

If you would like to step in to help the Communication committee with the next newsletter, please email Gina Hurley, the Communications Chair at communicationschair@amcsem.org

WHY VOLUNTEER FOR AMC? Gain work experience! Add it to your resume! Got a little free time to help us grow? Are you a people person who likes to help others? Are you concerned about environmental issues? Do you enjoy outdoor activities? If this sounds like you, then you may be interested in some opportunities to help our chapter of the AMC grow and better accomplish its mission. Get in touch with us and we'll be happy to tell you more. Contact: chair@amcsem.org

Chapter Hut Weekend

These weekends are full of fun, hikes, paddles, bikes and most important laughs.

MARK YOUR CALENDARS

SEPTEMBER 18TH - 21ST

WE WILL BE HOSTING OUR
ANNUAL SEM CHAPTER HUT WEEKEND AT
**THE HIGHLAND CENTER AT CRAWFORD
NOTCH, NEW HAMPSHIRE**

*Don't miss out on the fun!
Reserve your spot at Chapter Hut Weekend Now!*

We are excited to be hosting this weekend at the beautiful Highland Center. The accommodations will not disappoint. Your package includes your lodging as well as breakfast and dinner. The food is absolutely delicious and we can meet up after our various activities over a drink in front of the fireplace.

WITH AN EXTENSIVE TRAIL NETWORK AT ITS FRONT DOOR, WATERFALLS, LAKES, AND MORE, THE [HIGHLAND CENTER](#) IS THE PERFECT BASE FOR ANY OUTDOOR ADVENTURES.

WE HAVE ALREADY HAD PEOPLE RESERVING THEIR SPOTS.
DON'T WAIT - BOOK YOUR RESERVATION TODAY!

This will be a year you won't want to miss.
Check out our [flyer](#) to learn more and register.

For questions and reservations contact Melissa Powers at socialchair@amcsem.org

Spring skiing: East versus West

By Gina Hurley

Spring skiing is something I look forward to each year. There is nothing like skiing in a light jacket, or just a t-shirt. This year I had the good fortune to enjoy spring skiing out west, and up north. After a business trip to Portland, Oregon, my husband and I took a day to ski at Timberline. Timberline is a beautiful hotel and ski resort on Mount Hood. It is the only ski area in North America that is open all 12 months of the year. While traveling out west several years ago, my husband and I skied there in mid-July, vowing to come back to try it during the winter season when the mountain would be fully open. Late this March we had our chance. Timberline is a very unique mountain. With 3,690 feet of vertical drop (more than anybody else in the Pacific Northwest), it is located near the top of an 11,245 foot volcano.

If you are not familiar with Timberline, it is located in Government Camp, approximately one hour from Portland, Oregon. It is the mountain lodge where the movie *The Shining* was filmed. Driving the long and winding 6 mile road to get to the lodge and ski resort is excit-

ing and beautiful. It is an interesting ski resort; one of the few where you can actually ski down the mountain from the parking lot before the ski lifts open. The day we skied the

amazing, and the views spectacular! To learn more about this wonderful ski resort go to <http://www.timberlinelodge.com/>

Fresh tracks on Mt. Hood at Timberline. Photo courtesy of Gina Hurley

View from Wildcat....it never gets old. Photo courtesy of Gina Hurley

mountain had received 18 inches of fresh new powder overnight. With 41 trails, and over 400 inches of snow this year, the conditions were

Although skiing out west is phenomenal, skiing in the northeast is what I know. It is where I learned to ski, so has sentimental value. Even with some of the more challenging conditions, there is something special about skiing in your own "backyard." Wildcat is a great, rustic mountain located in Pinkham Notch, NH. There is no volcano to ski on, and there is less vertical drop than Timberline, but there is that amazing view of Mount Washington and the ravines. On a clear day, like the one I had, the view is spectacular. Wildcat does not get as much snow as Timberline, and thus did not have the same amount of base as Timberline did this spring, but, with all 47 trails still open in early April, it was a great day to cruise the slopes. The chart below compares the two mountains. Although the numbers may matter to some, both mountains delivered with great views and great fun! I hope you were able to get in some spring skiing. If not, put it on your to-do list for next year. It is a great way to cap off a season for fun.

	Timberline	Wildcat
Annual Snowfall	444 inches (13-14 season)	200 inches (average)
Current Base Depth	147 inches	18-36 inches
Number of Trails	41	47
Vertical Drop	3,690	2,112

Milestone Celebrations

A beautiful spring hike at Ponkapoag Pond.
In the middle, holding his tree, is Eddy DeSantas, who turned 93 on April 20th.

Happy Birthday, Eddy!

Photo courtesy of Deborah Lepore

Are you or someone you know celebrating a milestone with an outdoor activity?

Are you turning 60, 70, 80, or 90+ and still enjoying the outdoors, like Eddy? If so, tell us about it. We would love to include your story in our newsletter. Send entries to breeze.editor@amcsem.org.

Spring Products To Be Excited About

Interview with Peter Casson, Schools General Manager, Eastern Mountain Sports

By Gina Hurley

I had the chance to interview Peter about the new products he and Eastern Mountain Sports are excited about. Below is his list, along with links to learn more about these great new products. I also asked Peter a few questions about his own outdoor adventures. His favorite activities are stand-up-paddling and kayaking. He enjoys doing both with his 4 and 8 year old children. Although a dream trip was hard to come up with, Peter is currently planning a 3 day overnight kayak trip in ME with his 8 year old. Sounds like a fun trip!

• EMS Wapack

- With a pack as well-designed and comfortable as the EMS Wapack, you'll wish you could quit your job and just be a full-time backpacker instead (as if that thought has never crossed your mind before!)
- Wapack 60
 - MSRP \$159
 - In stock in all stores and EMS.com
 - Additional detail at: <http://www.ems.com/product/index.jsp?productId=22249506>
- Wapack Youth 50
 - MSRP \$139
 - In stock in all stores and EMS.com
 - Additional detail at: <http://www.ems.com/product/index.jsp?productId=22249496>

• EMS Long Trail Packs

- Fully featured with clean lines and new technology to keep you as comfortable as possible, the updated EMS Long Trail 70 is a well-thought-out work of art that'll keep you on the trails for years to come.
- MSRP \$229
- In stock in May in all stores and EMS.com

• EMS Boreal 20 Sleeping Bags

- Updated for 2014 with InsoTECT Tubic construction and Pinneco Core insulation, the EMS Boreal 20 is now a more perfect solution for your lightweight, three-season sleeping needs than ever before.
- MSRP \$199-209
- In stock in May in all stores and EMS.com

• EMS Velocity 35 Sleeping Bag

- New for 2014 with a shortened zipper and lighter weight construction, the Velocity 35 is a perfectly packable, ultra-lightweight synthetic sleeping bag designed to meet all of your fast-packing needs.
- MSRP \$229-\$239
- In stock in May in all stores and EMS.com

- NOTE: One of our employees is carrying this on his Appalachian Trail thru-hike. Follow his adventures at <http://www.emsoutstores.com/wordpress/why-weve-never-followed-an-appalachian-trail-thru-hiker-until-now/>

• Jetboil Joule Group Cooking System:

- A trusted companion on any adventure—and 2013 Outdoor Industry Award winner—the Jetboil Joule Group Cooking System provides unparalleled cold-weather performance and ease of use for expert backpacking groups and alpinists. New regulator systems and inverted canister design make boiling water for a group fast and efficient.
- MSRP \$199.95
- In stock now on EMS.com
- Additional details at: <http://www.ems.com/product/index.jsp?productId=24484676>

• BioLite Stove and Kettlepot:

- BioLite Stove
 - If you've been trying to find a way to pack a little lighter, be a little greener, and have a little more fun when cooking in the wilderness, then the BioLite CampStove is exactly what you're looking for! This innovative stove will simultaneously boil water and charge your gadgets using biomass, which decreases your carbon footprint and eliminates the need to carry the extra weight of a solar charging panel and fuel canisters.
 - MSRP \$129.95
 - In stock now in all stores and EMS.com
 - Additional details at: <http://www.ems.com/product/index.jsp?productId=16895996>
- KettlePot
 - The newest addition to the BioLite family, the KettlePot cooks like a pot, pours like a kettle, and stores your CampStove inside to save valuable pack space.
 - MSRP \$50
 - In stock now on EMS.com
 - Additional details at: <http://www.ems.com/product/index.jsp?productId=24084096>

• Leatherman Juice CS4

- An update to a classic tool. Pliers, wine opener, scissors and much more coming in a nice little package makes it a must have for your pack.
- MSRP \$79.95
- Anticipated in-stock in May in all stores and EMS.com

• Petzl Tikka RXP

- Reactive Lighting! An integrated light sensor adjusts the light output of this headlamp to your conditions, look down the trail and you'll get up to 215 lumen beam to see your way look down at your map and the light dims to an appropriate level.
- MSRP \$94.95
- In stock in limited stores (including Hyannis MA) and

EMS.com now; Will be in all stores in May

- Additional details at: <http://www.ems.com/product/index.jsp?productId=19459966>

- **Goal Zero Lighthouse 250 Lantern**

- The Goal Zero Lighthouse 250 is both a lantern and USB power hub in one convenient unit, perfect for use on camping trips or during a power outage. Up to 250 lumens of light and an large internal rechargeable Li-ion battery with a 5v usb output to charge your other gadgets. Charge at home with wall socket, in the field with the built in dynamo hand crank, or use a Goal Zero solar panel (not included).
- MSRP \$79.95
- In stock now at EMS.com
- Additional details at: <http://www.ems.com/product/index.jsp?productId=29603826>

- **Garmin Vivofit Fitness band**

- Track your day to day activity with this fitness band from Garmin. Learns your daily activity levels and sets goals to encourage you to step up your fitness. tracks steps distance and heart rate when

paired with a Garmin chest strap (available w/ select versions). Track your progress on Garmin Connect.

- MSRP \$129.99
- In stock in all stores and EMS.com by May
- Additional details at: <http://www.ems.com/product/index.jsp?productId=32680986>

- Built to provide technically advanced eye protection to enthusiasts of all sports and outdoor activities, Tifosi Dolomite 2.0 sunglasses with Fototec lenses are guaranteed to enhance your sport whether you're running a 10k, riding a century, or heading out on the weekend for a kayak fishing trip. The Polarized Fototec lens automatically adjust from 32.1- 11.9 visible light transmission meaning you don't spend time interchanging lens when you have variable light conditions. Tough Grilamid frames and built in venting to prevent fogging make these perfect for strenuous activity.
- MSRP \$99.95
- In stock now at EMS.com
- Additional details at: <http://www.ems.com/product/index.jsp?productId=34658286>

Biking

Biking

Spring is here!!! The roads will have our presence on them again!

There will be many opportunities to enjoy the great outdoors on our bikes this upcoming season.

If you have never had the pleasure of enjoying one of Paul C's cape rides, try one of these: Paul's once a month Tuesday rides, and his famous Full Moon rides 5/14 and 6/13.

And Jack is back after double hip replacements – His rides are in the Lakeville – Fairhaven areas. And they are so very enjoyable.

We are also organizing a weekend on Nantucket. Special thanks to our Treasurer Patty who will be our gracious tour guide for the weekend. (Psst it's also her birthday and we are going to celebrate it on Saturday night with a Good Old New England Clam Bake.) You don't need to know Patty to come! It will be a great weekend at an absolutely priceless location with great people and great fun.

We have reserved some beds at the ***Star of the Sea Hostel***

<http://www.hiusa.org/massachusetts/nantucket/nantucket>

We will be taking the Traditional Ferry out of Hyannis on Friday June 20th at noon. We will return on Sunday June 22nd. There is some flexibility with the return times on this. We have beaches to stroll, sunsets to enjoy, biking all over to soak in the unique splendor of Nantucket with Patty showing it off and knowing all the great places to enjoy.

The cost to register for this event is \$160. This includes travel, lodging and Saturday's New England Clam Bake. Breakfast is provided at hostel if you like. All other meals and sundries we will pay for on our own.

Space is limited please register with Bike Chair (Cheryl W.) at bikingchair@amcsem.org. Include name, address, telephone, email and emergency name and number.

See you on the bike soon!

Joyfully submitted,

Cheryl Washwell, Bike Chair AMC SEM

Pre-Fall Gathering 2014

Come early to Fall Gathering and stay up to three nights in the AMC Maine wilderness lodges at deeply discounted rates. Choose from cabins with facilities, rustic cabins, or bunkhouses, all sited close to a log lodge, a Maine wilderness lake, and inviting hiking trails. Hike a hill, paddle a lake, or sit on a porch. Full family-style meals included.

Take this opportunity to visit AMC's newest facilities in Maine and see what all the excitement has been. Come to Maine early and make your drive worth it!

Dates: Oct 14, 15, or 16, the three nights immediately preceding Fall Gathering.

Location: Little Lyford Lodge and Cabins and Gorman Chairback Lodge and Cabins are about 45 minutes from Greenville, ME, in the heart of AMC's 67,000 wilderness acres.

Accommodations and Costs:

Little Lyford Lodge and Cabins

- Cabin: \$ 85
- Bunkhouse: \$ 58

Gorman Chairback Lodge and Cabins:

- Deluxe Cabin: \$ 112
- Cabin: \$ 95
- Bunkhouse: \$ 73

The per night rates above are valid for 1 to 3 nights, Oct 14, 15 or 16, and will be taxed at 8%. Cabin rates are double occupancy. Deluxe cabins at Gorman Chairback Lodge have private bath. Guests can call AMC reservations (603-466-2727) any time and reserve whatever space is still available. To get these rates, mention Group #246008.

August Camp 2014 Mount Rainier National Park, WA

Hike in the shadows of majestic Mount Rainier

© Peter Selig

In 2014 August Camp experiences the incredible beauty of Mount Rainier National Park. Marvel at spectacular scenery, wildflowers and towering hemlocks, relive the drama of Mt. St. Helens, and hike on the shoulders of one of the highest peaks in the lower 48.

Camp will be set up in the small former lumbering town of Packwood, adjacent to the park.

After a day of the activity of your choice, relax around the nightly campfire, listening to ranger talks, reports from the day's hikes, and a description of the next day's activities, followed by singing and conversation.

This full service tent village for 64 campers each week offers home-cooked meals, daily hikes at all levels, evening campfires and wonderful camaraderie.

The designated airport is Seattle-Tacoma International, and the camp fleet of vans provides transport between camp and SeaTac each Saturday.

The Application and Camper information

forms, as well as detailed Camp information can be found on the August Camp website at <http://www.augustcamp.org/>. Plan your one or two week adventure now and be part of one of the AMC's oldest traditions.

Southeast MA chapter leaders Leslie Carson and Éva Borsody Das will be leading hikes at August Camp during weeks 3 and 4.

Applications will be accepted after Jan 1, 2014.

Week 1: July 19 - July 26

Week 2: July 26 - Aug 2

Week 3: Aug 2- Aug. 9

Week 4: Aug. 9 - Aug. 16

Questions about August Camp? Contact SEM Chapter and August Camp leader Éva Borsody Das, at borsody@gmail.com.

Fall Gathering 2014

Katahdin 13, photo courtesy Kim Sanders

Chairback Canoes, photo courtesy Peg Nation

Dates: Oct 17, 18, and 19, 2014

Cost: To be determined soon, but reasonable!

Location: Picture-perfect Maine summer camp, beautiful Camp Wavus on Damariscotta Lake in Jefferson, Maine.

Activities: Hiking, biking, socializing, exploring the Maine coast, and having fun!

Register: www.amcmaine.org under AMC Fall Gathering 2014

FMI: www.amcmaine.org or email Larry Dyer at lwdamc@maine.rr.com

You ARE INVITED

AMC's Fall Gathering October 17-19, 2014, a traditional AMC club-wide activity for AMCs, their families, and guests of all ages.

Gear up now for some great AMC fun this October in Maine when AMCs from all chapters will gather for three days of fun and exciting outdoor activities and socializing along the Maine coast! Grab your friends and make plans now for Jefferson, Maine, near the waterfront village of Damariscotta.

ACTIVITIES

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS(S)

Looking for a 3rd member for our Bylaw Update Committee to serve from now til 11/1/2014 Annual Meeting. Contact chair@amcsem.org

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

SEM Leadership Training (May 3, Borderland)
SEM Annual Meeting & Dinner, Sat. Nov. 1.

BICYCLING

WANTED: Ride Leaders and Co-Leaders. Are you enthusiastic about cycling? Do you like showing other riders your favorite roads? If yes, then why not share your enthusiasm and routes w/ your fellow AMC members? Contact Bike Chair (bikingchair@amcsem.org) for more info.

AMC SEM 2,000 Mile Club. AMC SEM has a unique 2,000-mi Club. Certificates of achievement and embroidered award patches are presented annually to members who ride 2,000 mi or more per year. Contact the bicycling chair to register your mileage and for more info. (bikingchair@amcsem.org)

Bike Ratings: First character indicates distance in mi: AA=50+; A=35-50; B=25-35; C=under 25. Second is L's pace in mph: 1=17; 2=13-16; 3=11-13; 4=up to 11. Third is terrain: A=very hilly; B=hilly; C=rolling; D=flat.

Tues. Rides. Turn Those Tires on Tues. Rides scheduled all year long, weather permitting. 25 mi of road or 15 mi of mtn. biking. Tues. at 2

p.m. Flat to hilly. Contact L for start location and directions. Intermed. pace. Riders and bicycles in top shape; tires and riders pumped and ready to roll; helmets and water req'd. L Paul Currier (508-833-2690 8 am-7 pm, pbencurrier@hotmail.com)

(NM) Fri., Jun. 20-22. Exploring Nantucket Bike and Walk.. Enjoy a weekend on Nantucket! Special thanks to our Treasurer Patty who will be our gracious tour guide for the weekend. (Psst it's also her birthday and we are going to celebrate it on Saturday night with a Good Old New England Clam Bake.) You don't need to know Patty to come! It will be a great weekend at an absolutely priceless location with great people and great fun. We have reserved some beds at the Star of the Sea Hostel <http://www.hiusa.org/massachusetts/nantucket/nantucket> We will be taking the Traditional Ferry out of Hyannis on Friday June 20th at noon. We will return on Sunday June 22nd. There is some flexibility with the return times on this. We have beaches to stroll, sunsets to enjoy, biking all over to soak in the unique splendor of Nantucket with Patty showing it off and knowing all the great places to enjoy. The cost to register for this event is \$160. This includes travel, lodging and Saturday's New England Clam Bake. Breakfast is provided at hostel if you like. All other meals and sundries we will pay for on our own. Space is limited please register with Bike Chair (Cheryl W.) at bikingchair@amcsem.org. L Cheryl Washwell (774-259-4535 between 7am - 8pm, cawashwell@gmail.com) CL Patty Rottmeier (prottmeier@aol.com), R Cheryl Washwell (774-258-4535 7am-8pm, cawashwell@gmail.com)

(FT) (NM) Thursdays

May. 22. Red Line the Blue Hills. Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and eleva-

tion will vary each week. Time is approximately 6-8pm every Thursday night. Register once then show-n-go. L Michael Swartz (swartz@brandeis.edu), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

(C) (FT) (NM) (AN) (CE) (SN) Thu., May. 29. North Hill Wildflower Hike. On this hike, our group can anticipate seeing a variety of wildflowers which we will stop and observe along the trails. We will hike at a relaxed pace over some of Duxbury's upland trails and hills, past a large kettle hole, and along an old cart path. Then, we will drop down and hike past a cranberry bog and around a large pond owned by Audubon. There will be a separation/snack break about half way. Following the hike, those wishing for more on their own may wish to hike nearby Round Pond. The Bay Circuit Trail goes across that property and there is a bench overlooking the pond. The last time the leader offered this hike, we spotted several varieties of wildflowers, including about one hundred Lady Slippers in prime bloom. In addition to flowers, we saw five snakes, several birds, and even gave wide birth to a turtle laying her eggs in the middle of a sandy trail. Registration required. L Sally Delisa (781-834-6851 7-9 p.m., delisally@yahoo.com), R Sally Delisa (781-834-6851 7-9 p.m., delisasally@yahoo.com)

(FT) (NM) Thursdays

(AN) (XCE) Sat., Nov. 8-9. Wilderness First Aid (WFA) Training [Foxboro]. The WFA course runs 8:30 am -4:00 pm Saturday and Sunday in Foxboro, MA. Optional CPR is available. SOLO has been engaged to provide the instruction. Pricing is as follows: \$145 AMC Member Price, \$170 for non-AMC members. Pricing includes lunch and break service both days. Wilderness First Aid is a comprehensive lesson in how to react, respond, and save life in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. L Len Ulbricht (lenu44@gmail.com), R Len Ulbricht (lenu44@gmail.com)

(FT) (NM) (AN) Fri., Feb. 6-8. Winter Fun Weekend (hiking, snowshoeing, xc skiing, etc.). SEM Annual "Winter Fun" Weekend at Noble View. Hiking, snowshoeing, XC skiing, sledding, etc. DETAILS TO COME. L Walt Granda (wlgranda@aol.com) L Jodi Jensen (jodiajensen@gmail.com)

PADDLING

Always looking for additional paddle leaders! Contact the canoe/kayak committee at paddlingchair@amcsem.org

Chapter Trips

(AN) Sat., May. 3. Leadership Training. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader can-

didates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to SEM chapter members. L Maureen Kelly (mokol773@aol.com), R Len Ulbricht (lenu44@gmail.com)

Wed., May. 21. Paddling - Long Pond, Harwich. Paddle the perimeter of Long Pond; lunch half-way around. Put-in: Exit 10 North from Route 6; R on Long Pond Rd; L to parking/beach. PFD required. L Betty Hinkley (508-255-2818, bhinkley@mindspring.com)

the southeast Breeze

June 2014

View from the Chair

By Cheryl Lathrop

Happy spring! And look at our nice new Breeze! You can always tell when we have a change of Breeze editors, as they always put their personal stamp on the newsletter. Change is good! Variety is good! And welcome and thank you Gina Hurley, Communications Chair, for producing our chapter newsletter, *The Southeast Breeze*!

A special thank you to all of our volunteer leaders! Spring is gonna be great with all the activities you have set up for us. I signed up for the *AMC Digest* so I don't miss any—the activities get mailed right to my email inbox. Super convenient! At our chapter website www.amcsem.org, click on the "Schedules tab", and then click on "Sign up for the AMC Activity Digest."

While I love hiking, biking, and paddling—actually anything where I can get outdoors!—my personal fav is a "series"—something where you keep plugging away until you do it all—like the NH 48 4000-footers. Below you'll see me in my red hat on my last hike to finish the North-South Trail in RI. Also my shirt documenting my finish of the Red Line the Blue Hills hike series.

I'm still working on the Mid-State Trail; 12 more miles to go! And I'm still working on the 48; I keep my 48 hike record in the White Mountain Guide Online—easy! Go to our chapter website www.amcsem.org, click on Hiking on the left, then click on "White Mt. Guide" on the right.

Got something to say? Got a good idea? Want to volunteer? Feel free to contact me

anytime about anything! chair@amcsem.org

The Breeze Has A New Look

We hope you like the new look of the Breeze....simple and sleek! We want to keep it simple so that you could get the information you want and need to get you spending more time in the outdoors. And more changes are coming. We will be moving to just one newsletter this summer....a July/August edition. Although we will continue to publish a monthly newsletter from September to June, July and August will be a combined

edition. **Also, the July/August edition will be the last one that will include the listing of activities.** We will always provide the website link for the activities. This is the most up to date way of providing you current information. Starting with the September 2014 edition the activities will be just a click away! To find current activities, [click here](#), or see the listings at the end of this edition.

Important Chapter Information and Links

Ten 'Gifts' Join Six

By Sally Delisa, CYP Chair

Eight SEM members gave an April Saturday for training to become Leaders in the Chapter Youth Program (CYP). Three of the current CYP Leaders joined the April trainees for lunch and an afternoon of related games/activities. Two additional SEM members had previously completed training in March during a combined CYP/Family Hiking class. That brings our total to ten new people. CYP Leaders must also have completed AMC Leadership Training. We are delighted to report that on May 3, the final three completed that requirement. These ten new people join six active CYP Leaders. Their 'gifts' will be shared with area children. Each CYP Leader

donates gifts of time, energy, skills and joy in the outdoors to benefit lucky children at agencies such as Inner City Housing groups, YMCA, Boys and Girls Clubs and Scouts. In the past, due to a lack of available CYP Leaders, SEM has cancelled at least two activities. We have also been slow to recruit new agencies due to our lack of available leaders. These issues should not happen again. Sixteen CYP leaders now represent all parts of our region including the Cape. Their 'gifts' will be shared with youth throughout our region. **CYP IS ON A ROLL!** If you know of a group of children who might benefit from CYP activities, please send an email to cypchair@amcsem.org

SEM in Norwood

SEM was invited to the recent Advanced Instruments Health Fair in Norwood on May 1. Our display joined Whole Foods, the Norwood Country Club, L.L. Bean and others during the two hour event. Table

Sitting was a delightful adventure and we may have recruited some new members as we distributed information. It was also a pleasure to chat with current AMC members who stopped by the table.

THE COMMUNICATIONS COMMITTEE NEEDS YOU!

- **Do you like the Breeze?**
- **Have ideas for improving it?**
- **Do you like technology?**
- **Do you have an interest in publishing?**
- **Do you simply want to help out?**

If any of these apply to you, please contact the Communications Chair.

WE NEED YOU!

Conservation Tip

By Joanne Jarzowski, Conservation Chair

Eat organic whenever possible; it is better for both the environment and better for you! Here are a couple of reasons why:

- Studies show that organic food is higher in nutrients than conventionally grown foods.
- They do not contain neurotoxins. Neurotoxins? Yep, neurotoxins--those pesky compounds that damage brain and nerve cells. The majority of pesticides fall under the category of neurotoxins, therefore, by eating organic, you cut the risk of being exposed to them.
- According to the US Environmental Agency, pesticides used in farming pollute the source of drinking water for about half of the American population.
- Since pesticides and herbicides are not used on organic farms, the surrounding wildlife is not exposed to harmful chemicals.

These are a few of the big reasons, but there are many more. This website lists those mentioned above, as well as several more: [15 Reasons to Eat Organic Foods](#)

CONSERVATION MINDED? LOVE THE OUTDOORS? ESPECIALLY LOVE SOUTHEAST MASS? WANT TO VOLUNTEER?

The AMC SEM Conservation and Trails Committees are looking for your help—and you don't even have to leave home! Just a few minutes a day...

We need someone computer literate to search and find South East Mass trails and conservation community activities and simply let us know about them—enter them into the OLTL (On Line Trip Listing) system [5 min] and send them out on our SNEL (Short Notice Email List) [5 min]. Only 10 minutes at your computer for each one! We also ask that you receive activities that others email you and then enter them also. Quick! Easy!

Contact the Chapter Chair, chair@amcsem.org, if you can volunteer to help out!

Don't miss out on the fun! Reserve your spot at Chapter Hut Weekend Now!

By Melissa Powers, Social Chair

Mark your calendars for September 19th - 21st as we will be hosting our annual SEM Chapter Hut Weekend at The Highland Center at Crawford Notch, New Hampshire. These weekends are full of fun, hikes, paddles, bikes and most important laughs.

We are excited to be hosting this weekend at the beautiful Highland Center. The accommodations will not disappoint. Your package includes your lodging as well as breakfast and dinner. The food is absolutely delicious and we can meet up after our various activities over a drink in front of the fireplace.

With an extensive trail network at its front door, waterfalls, lakes, and more, the Highland Center is the perfect base for any outdoor adventures.

We have already had people reserving their spots. Don't wait - [book your reservation](#) today! This will be a year you won't want to miss. Check out our [flyer](#) to learn more and register.

Questions? Contact Melissa Powers at socialchair@amcsem.org

Leadership Training

By Len Ulbricht, Education Chair

We had ten SEM members complete Leadership Training this spring. Three of the trainees are targeting CYP, and one already signed up for WFA in November. All are now eligible to begin the co-leading process toward attaining certification as SEM trip leaders.

The SEM Leadership Training includes both classroom presentations by SEM senior trip leaders and outdoor role plays emulating group management situations. Also included this year were exercises on decision making and screening to better prepare the participants for managing trip situations. SEM trip leaders participating in the day were Eva Borsody Das, Bob Vogel, Sally DeLisa, Leslie Carson and Len Ulbricht. In addition, Winslow Carroll from AMC Leadership Development facilitated the exercises and discussed AMC's approach to managing risk.

Looks like we have a good group of leader candidates. Congratulations to our new leaders!

- Peggy Qvicklund
- Barry Young
- Patti McNally
- Tom Madden Jr.
- Mike DeBartolomeo
- Jean DeBartolomeo
- Karen Singleton
- Jay Vivian
- Paul Brooks
- Peter MacPherson

Biking

By Cheryl Washwell, Biking Chair

We are so glad that biking seasons is upon us. We are developing new leaders and some 'old' ones are returning! We have Jack back in the saddle doing rides in the southeast area and a number of leaders for all areas of the cape. We have a great weekend on Nantucket planned! And you have to experience Paul's Full Moon rides! Just getting going – Jodi is doing an easy one!

Please keep checking the following link as we continue to add more rides.

Red Lining the Blue Hills

By Paul Brookes

I am back from England and just completed Red Lining the Blue Hills, 'Blue' series. I started with the new year (Jan 7 for me) and finished yesterday (May 10). Total distance walked 173 miles, over 4 months. Of that, my dog Sunny hiked with me every day other than two of the days: 166 miles!

It was a much different experience than the first time round which I did during the summer months. This time the majority of the walking was in the winter with micro spikes or snow shoes. Those days when the temperature was in single digits I would rarely see another hiker and found these were some of the most enjoyable hikes of all. Those days when I hiked in fresh or falling snow, Sunny would bound ahead, in and out of the snow drifts until tired then would recuperate by walking in my snow-shoe footsteps. He's quite the hero of my hikes.

Photos courtesy of Joe Keogh

More Red Lining the Blue Hills

Several SEM members have been working on Red Lining the Blue Hills. Here are some pictures of recent hikes. All photos are courtesy of Joe Keogh.

CALLING ALL WOMEN! BACKPACKER'S "GET OUT MORE" TOUR

This one-of-a-kind mobile tour brings BACKPACKER'S authoritative advice to life. The 50+ event Tour features in-depth retail workshops and presentations that inform and inspire active and aspiring outdoor women while covering the unique challenges women face while hiking, camping and backpacking, the specialized equipment designed specifically for women and the current state of fashion in the outdoor industry. For more details visit www.Backpacker.com/womensedition

Are You An AAA Member?

Do you have an AAA membership? Do you like to bike? If you answered yes to both of these....read on. AAA Southern New England covers your bicycle, too! AAA Bicycle Service is free and available to all membership levels AAA Members automatically receive two bicycle calls per year. If your bicycle breaks down while you're out for a ride, simply call the road service number on your AAA card (1-800-AAA-HELP).

National Trails Day is June 7! Click [here](#) for more information and to find a National Trails Day activity near you.

SEM 100-Mile Hiked Patches

By Paul Miller, SEM Hiking Chair

This month, I had the pleasure of awarding SEM 100-Mile Hiked patches to Alan Greenstein, Kathy Fagan, and Dan Fagan. Congratulations to them!!

Any SEM member that would like to have his or her name entered into the 100-mile hiking log spreadsheet (accessible from the SEM Hiking Page on www.amcsem.org) to be able to log their own AMC hiking mileage to earn a patch, should contact the Hiking Chair via email hikingchair@amcsem.org

(NM) Fri., Jun. 20-22. Exploring Nantucket Bike and Walk.. Enjoy a weekend on Nantucket! Special thanks to our Treasurer Patty who will be our gracious tour guide for the weekend. (Psst it's also her birthday and we are going to celebrate it on Saturday night with a Good Old New

England Clam Bake.) You don't need to know Patty to come! It will be a great weekend at an absolutely priceless location with great people and great fun. We have reserved some beds at the Star of the Sea Hostel <http://www.hiusa.org/massachusetts/nantucket/nantucket> We will be taking the Traditional Ferry out of Hyannis on Friday June 20th at noon. We will return on Sunday June 22nd. There is some flexibility with the return times on this. We have beaches to stroll, sunsets to enjoy, biking all over to soak in the unique splendor of Nantucket with Patty showing it off and knowing all the great places to enjoy. The cost to register for this event is \$160. This includes travel, lodging and Saturday's New England Clam Bake. Breakfast is provided at hostel if you like. All other meals and sundries we will pay for on our own. Space is limited please register with Bike Chair (Cheryl W.) at bikingchair@amcsem.org. L Cheryl Washwell (774-259-4535 between 7am - 8pm, cawashwell@gmail.com) CL Patty Rottmeier (prottmeier@aol.com), R Cheryl Washwell (774-258-4535 7am-8pm, cawashwell@gmail.com)

(CE) Tuesdays

Strong Island for a 10 plus mile paddle. Arrive no later than 10:15 for a 10:30 departure. Registration required - contact leader. L Ed Foster (508-420-7245, erfoster@comcast.net)

Sat., Jun. 21. Paddling - Great Hill. Approximately 13 mile open and flat water trip to and around Great Hill. Launch site and time upon registration. PFD, 14' plus boat, level 3-4 skills all required. Registration Haven Roosevelt, 508-636-0006, Havenesq@comcast.net; paddlewu@gmail.com. L Haven Roosevelt (508-636-0006 Any time, Havenesq@comcast.net)

Wed., Jun. 25. Paddling - Nauset Marsh, Eastham. Nine plus mile paddle. Contact leader for directions to put-in. PFD req'd. Spray skirt may be req'd. level 2/3. Registration Required. L George Wey (781-789-8005 anytime, geowey@comcast.net), R George Wey (781-789-8005 anytime, geowey@comcast.net)

Sat., Jun. 28. Leader's Choice Paddle. Depending on conditions, Barnstable Harbor or Southway/Monomoy. We'll probably paddle 8 to 10 miles in relatively protected waters. Arrive no later than 10:15 for a 10:30 departure. Registration required - contact Leader. L Ed Foster (508-420-7245, erfoster@comcast.net)

Wed., Jul. 16. Paddling - Shoestring Bay. A menu of options, depending on conditions: Masphee and Santuit Rivers, Ockway Bay, Popponesset Creek, Shoestring Bay, Popponesset Bay Nantucket Sound and Pinquisset Marsh. Possible lunch spots - Gooseberry Island, Thatch Island, Meadow Point and Crocker's Neck Beach. Likely wildlife galore! Probably approximately 8 miles. Registration required. L Louise Foster (508-420-7245 Any Time, janlouise@comcast.net), R Louise Foster (508-420-7245 Any Time, louise.foster@alumnae.brynmawr.edu)

Sat., Jul. 19. Indian Lakes. Explore Middle Pond and Mystic Lake. Possibly Hamblin Pond, Likely 6+ miles. L George Wey (781-789-8005, geowey@comcast.net), R George Wey (781-789-8005 any time, geowey@comcast.net)

Wednesdays

Jul. 23. Paddling - Follins/Mill Ponds, Dennis. Paddle Follins to Weir creek & if tide is ok into Mill Pond passing crab creek conservation area and back to circumnavigate Follins Pond, 7-9 miles. Beach lunch. Life vest required. Spray skirt may be required. Registration required. L Paul Corriveau (508-362-0451 before 8 pm, paulcorri@gmail.com) CL Jean Orser (508-362-0451 before 8 pm, jeanorser@gmail.com)

Sat., Jul. 26. Leader's Choice Paddle. Depending on conditions, Barnstable Harbor or Southway/Monomoy. We'll probably paddle 8 to 10 miles in relatively protected waters. Arrive no later than 10:15 for a 10:30 departure. Registration required - contact Leader. L Ed Foster (508-420-7245, erfoster@comcast.net)

Wed., Jul. 30. Paddle - Pleasant Bay. We'll paddle around Allen Point, past the Chatham Fish Pier, around Tern Island and then out to the Chatham cut where we'll have lunch. We'll return around Strong Island for a 10 plus mile paddle. Arrive no later than 10:15 for a 10:30 departure. Registration required - contact Leader. L Ed Foster (508-420-7245, erfoster@comcast.net)

Saturdays

Aug. 9. Paddling - Herring River North. Paddle upstream to Coy Brook, East & West Reservoirs, 8-9 miles. Lunch North Bridge. Life vests required. Spray skirts may be required. Registration required. L Jean Orser (508-362-0451 before 8 pm, jeanorser@gmail.com) CL Paul Corriveau (508-362-0451 before 8 pm, paulcorri@gmail.com)

Wed., Aug. 13. Paddling - Wellfleet Harbor. Wellfleet Harbor. PFD required. Launch at 10:30 am. Registration required. L Don Palladino (djp1958@comcast.net) (508-349-2950). L Don Paladino (508-349-2950, djp1958@comcast.net)

Sat., Aug. 16. Paddling - Slocum River. Mostly flat water trip down Dartmouth's Slocum River and up Little River, about 14 miles. PFD, 14' plus boat, level 3 skills all required. Registration required.

Haven Roosevelt 508-636-0006, Havenesq@comcast.net; paddlewu@gmail. L Haven Roosevelt (508-636-0006 any time, havenesq@comcast.net)

Sat., Aug. 23. Leader's Choice Paddle. Depending on conditions, Barnstable Harbor or Southway/Monomoy. We'll probably paddle 8 to 10 miles in relatively protected waters. Arrive no later than 10:15 for a 10:30 departure. Registration required - contact Leader. L Ed Foster (508-420-7245, erfoster@comcast.net)

Wed., Aug. 27. Paddling - Pamet Harbor. Pamet Harbor. PFD required. Launch at 10:30 am. Registration required. L Don Palladino (djp1958@comcast.net) (508-349-2950). L Don Paladino (508-349-2950, djp1958@comcast.net), R Don Palladino (Box 352, South Wellfleet, MA 02663, 508-349-2950, djp1958k@comcast.net)

Chapter Trips

Wed., Jul. 2. Paddle Cotuit Bay. Paddle Cotuit bay, PFD and spray skirt req. 10:30 am. Route 28 to south on Putnam, Left on Old Shore to town landing. Unload and park back up on Putnam. Paddle 3 Bays, Lunch on Deadneak. Registration required. L Bill Fischer (508-420-4137 before 9pm, wmbarbarafischer@comcast.net), R Bill Fischer (508-420-4137 before 9pm, wmbarbarafischer@comcast.net)

Wed., Jul. 9. Paddle - Oyster Pond/Stage Harbor - Chatham, MA. Launch 10:30 AM; PFD/spray skirt required; Put-in: from Route 6, take Exit 11 South to Left on Route 28; at rotary take 1st exit (Stage Harbor Rd) to Oyster Pond. Description: From Oyster Pond, up the river to Stage Harbor, across to Mill Pond. Back across part of Stage Harbor to lunch on the beach. After lunch, perhaps go out to the Sound to look around, then back down the River to Oyster Pond. L Betty Hinkley (508-255-2818, bhinkley@mindspring.com)

Sat., Jul. 12. Paddle Waquoit Bay Falmouth. Paddle Waquoit Bay, Falmouth. PFD and spray skirt req. 10:30am. Rt. 28 to Whites Landing Rd. (near Mashpee town line.) Nice river and Possible bay Paddle. Registration required. L Bill Fischer (508-420-4137 BEFORE 9 PM, wmbarbarafischer@comcast.net), R Bill Fischer (508-420-4137 before 9pm, wmbarbarafischer@comcast.net)

Wed., Aug. 6. Paddle Cotuit Bay. Paddle Cotuit Bay. PFD and spray skirt req. 10:30am. Rt. 28 to left on Putnam. L on Old Shore to town landing. Unload and park back up on Putnam. Paddle 3 Bays and lunch on Deadneck. Registration required. L Bill Fischer (508-420-4137 before 9pm, wmbarbarafischer@comcast.net)

Wed., Aug. 20. Paddle - Swan Pond/River, Dennis, MA. Launch 10:30 AM; PFD required/spray skirt if windy; Put-in: Clipper Lane off Upper County Road, Dennis; put-in (Swan Pond) is on the left. Description: Down the river to the Sound; if possible, we'll go out into the Sound for a short time, but that will depend on what the outlet is like and the weather. L Betty Hinkley (508-255-2818, bhinkley@mindspring.com)

SOUTHEASTERN MASSACHUSETTS CHAPTER

YOUR CONNECTION TO THE OUTDOORS

July/August 2014

View from the Chair

By Cheryl Lathrop

Happy summer! Heat! Humidity! And everything we were dying for all that long winter! Well, now you got it!

Thank you leaders for all the fun activities I see coming up in July and August—we're gonna be out on the trails, the roads, and the waterways.

Grab your spot now for Chapter Hut Weekend! Fun doings at the Highland Center Sept. 18-21. I'm going. Are you? And mark your calendar now for our SEM Annual Meeting and Dinner on Nov. 1. Come for the social hour, for the meeting, for the dinner—or for all three! And remember, we run our Winter Hiking Workshop that afternoon. (And maybe some fun local hikes that day.)

Email me and I'll find something for you that matches your interests and capabilities. And your time and energy available!

Got something to say? Got a good idea? Want to volunteer?
Feel free to contact me anytime about anything! chair@amcsem.org

Summer BREEZE...makes me feel fine!

We have moved to a July/August edition of the Breeze. Although we will continue to publish a monthly newsletter from September to June, July and August will be a combined edition. **Also, the July/August edition is the last one that will include the listing of activities.**

We will always provide the website link for the activities. This is the most up to date way of providing you current information. To find current activities, [click here](#), or see the listings one last time at the end of this edition.

Important Chapter Information and Links

Find activities (hikes, bikes, etc.)

1. The monthly *Breeze* - email
2. *AMC Outdoors* magazine - mail
3. [Online trip listings](#)

Pictures and Article Submissions

We encourage SEM members to submit articles and photos for both the Breeze and our website. Materials will be edited at the editor's discretion.

Submissions must be copy ready.

Credit for all photos must be included.

Send to breeze.editor@amcsem.org

Breeze Deadline

Monthly on the 15th

TRAILWORK FOR NATIONAL TRAILS DAY, JUNE 7

by the Red-Liners

In keeping with the SEM guidelines for incorporating conservation and trails concepts into our everyday SEM lives and activities, the Thursday evening Red Line the Blue Hills (RLBH) hiking series dedicated its Thursday, June 5, Ponkapoag hike to conservation and trail work by picking up trash. It was a rainy day and the trails were muddy, but 17 intrepid hikers arrived at the Fisherman's Beach trail head early to pick up the considerable trash there. Then each hiker donned protective gloves and carried a trash bag to collect trash while hiking. The promise of a prize provided great motivation and a little competition. "No, no, that's my beer can! I saw it first!"

Trash consisted of the usual detritus: cans, bottles, candy wrappers, snack wrappers, and cigarette butts. Along with a few unmentionables! And there were 2 big bottles of hand sanitizer waiting at the end of the hike.

A lot of recognition and good will was generated. The Friends of the Blue Hills (FBH) donated trash bags. The Blue Hills Rangers donated trash bags also. The SEM Trails Committee supplied the

What a wet, muddy, and trashy crew we are!

(Photo courtesy of Cheryl Lathrop)

Rangers to leave the trash gathered at the Fisherman's Beach map board sign for pick up by truck. All of this made a nice cooperative collaborative effort with both the FBH and the Rangers. It put SEM on their radar as caring and giving back. All in all, a lot of good will was generated!

And who was the winner? Sue Svelnis picked up the most trash and won a \$20 AMC book. (She had the biggest bag!)

protective gloves and hand sanitizer. Prior arrangements had been made with the

Wilderness First Aid Training

by Len Ulbricht, Education Chair

The fall SEM offering of WFA (Woofers as some call it) will be held November 8 & 9 at the Chapel Meeting House in Foxboro, MA. It is taught by a professional instructor from SOLO schools.

The WFA course runs 8-4 that Saturday and Sunday. CPR follows the Saturday session. Pricing is as follows: \$145 AMC Member Price, \$170 for non-AMC members. CPR is optional for additional \$35.

This course covers back woods first aid for those hikers who want to be prepared should a medical situation arise when they are in a remote area far from a quick 911 EMT response. Whether one is hiking up north or out west, camping or backpacking away from populated areas, biking distant routes, paddling the hinterlands or backcountry skiing, accidents do happen and adverse health conditions

do arise. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. WFA prepares you to treat and stabilize victims until professional help arrives, which could take many hours and perhaps overnight. If you venture into remote areas, whether or not you are an AMC trip leader, WFA will give you confidence you can handle that unexpected situation we all hope will never occur. To register or for further information, contact Len Ulbricht, Education Chairperson, at lenu44@gmail.com.

Mt. Tom Redux, May 20, 2014

by Len Ulbricht, Education Chair

Mt. Tom served as the capstone hike for the Tuesday Blue Hills Conditioning Series. Previously hiked this past March in cold icy conditions by several of the participants, this return trip brought delightful sunny warmth for the 8.7 mile loop hike.

The Oxbow

Dominated by terrific views along the west facing ridge line between Mt Tom in the south and Mt Nonotuck in the north, participants took in the Oxbow Lake, ruins of the Eyrie House, gliding hawks, a 360 degree panorama from the Goat Peak

viewing tower, a garden labyrinth in a resident's yard below the ridge, Mt Greylock on the distant horizon, groves of oak and pine trees, and trailside spring flowers. Images that follow capture several of the pleasures of this hike that are best experienced in person.

THE COMMUNICATIONS COMMITTEE NEEDS YOU!

- Do you like the Breeze?
- Have ideas for improving it?
- Do you like technology?
- Do you have an interest in publishing?
- Do you simply want to help out?

If any of these apply to you, please contact the Communications Chair.

WE NEED YOU!

Don't miss out on the fun! Reserve your spot at Chapter Hut Weekend Now!

by Melissa Powers, Social Chair

Mark your calendars for September 19th - 21st as we will be hosting our annual SEM Chapter Hut Weekend at The Highland Center at Crawford Notch, New Hampshire. These weekends are full of fun, hikes, paddles, bikes and most important laughs.

We are excited to be hosting this weekend at the beautiful Highland Center. The accommodations will not disappoint. Your package includes your lodging as well as breakfast and dinner. The food is absolutely delicious and we can meet up after our various activities over a drink in front of the fireplace.

With an extensive trail network at its front door, waterfalls, lakes, and more, the Highland Center is the perfect base for any outdoor adventures.

We have already had people reserving their spots. Don't wait - [book your reservation](#) today! This will be a year you won't want to miss. Check out our [flyer](#) to learn more and register.

Questions? Contact Melissa Powers at socialchair@amcsem.org

AMCSEM FIVE DO MT. GREYLOCK BACKPACK/OVERNIGHT

by Alan Greenstein

The day following the big mid-May rainstorm Jim Plouffe and Maureen Kelly led five veteran AMCSEM hikers including Karen Singleton, Jeannine Audet and Alan Greenstein on a trip which included 12.6 miles of hiking over two days and an overnight at the Sperry Campground. The adventure began at the access road to the trailhead which was blocked by a tree felled by the storm the night before. Alan's folding pack saw proved an asset in clearing the substantial limbs which Maureen rapidly moved to the side of the road just in time for Jim's carpool to arrive. He offered a big THANKS! We packed-in the 1.7 miles to the campground, had lunch and proceeded to hike down, down, down the Hopper Trail, ascended to the Stone Ledge campground, enjoyed the view and then back in time for lots of wine, starting a bonfire and

preparing dinner on a JetBoil and a white gas stove. A surprise treat of toasted marshmallows with chocolate syrup was enjoyed by all. We stowed remaining food in the prominent bear box and retired for the night. Alan slept in his tent while the others utilized the shelter. Everyone professed to have a good night's sleep. It was clear and 39 degrees when we awoke on Sunday. We left most equipment at the campground, energetically ascended Mt. Greylock, enjoyed the view and interpretive signage and toured the Bascom Lodge. The hike down and out to the trailhead was uneventful, but one challenge remained. Jim's truck would not start. Jumper cables were available and the hurdle was quickly overcome. It was a terrific couple of days and a preview of the great hiking/camping program available this summer.

PADDLE REPORT: BASS RIVER SOUTH 6-7-14 by Betty Hinkley

Paddlers: Paul Corriveau, L, Jean Orser, CL, Vickie Blair-Smith, Bill Fischer, Margot Fitsch, Gary Robinson, Pat Carden, Seth Stoffregen, Imelda Stoffregen, Lilo Kimball, Mary O'Connor, Beverly Ferris

Twelve paddlers left Cove Road put-in and paddled south on Bass River into Horse Foot Cove past Bass River Marina and under Route 28 bridge to Winkle Point where we checked out the large boats moored in the fingers. Just past the West Dennis Boat Club we looked at the Loring Ave Bridge to Weir Creek where we had paddled last year, but the tide was going out too fast to get under the bridge. So we headed to West Dennis Beach passing a family of geese with a really cute baby. We lunched opposite the dredging crane on West Dennis Beach and one brave paddler went swimming and she said the water was great. Afterwards we headed back on the opposite shore out of the slight breeze passing Grand Island and the Yarmouth Windmill. Most headed to the put-in but a few circled Grand Cove. Bill reported the mileage as 7.6. A really nice day for paddling with perfect temp, light breeze and sunshine.

Photos courtesy of Betty Hinkley

Conservation News from the AMC

The Cleanest Energy is the Energy Not Used

Energy dependence is a huge issue. With some of your favorite places to recreate at risk from big energy projects like Northern Pass, it's time to look at why these threats are popping up in the first place. Hint: it has a lot to do with high demand.

AMC's dedication to recreation goes further than caring for your trails, helping you plan your next adventure, and introducing you to new places to explore all over the Northeast. Your club is dedicated to all things outdoors – including protecting your natural playgrounds.

Conservation has been part of our mission from the start and today we're recognized as experts for our independent research and our impactful advocacy. Every time you pay your dues, you support our conservation efforts. The same goes for every kWh you conserve.

AMC has asked members to take a pledge to schedule a home energy audit. If you've already done so, kudos to you! Now, encourage a friend to take the pledge. Think about how your daily energy consumption affects the demand for new energy projects. Consider how you get from place to place and see if you can make less of an impact on air quality.

It's true, many energy projects are greener than in the past, but **the cleanest energy is the energy not used**. Keep up with AMC's Cleanest Energy campaign by joining the Conservation Action Network today at www.outdoors.org/CAN.

Appalachian Mountain Club Welcomes EPA Plan to Reduce Carbon Pollution from Existing Power Plants

Rob Burbank
Director of Media and Public Affairs
rburbank@outdoors.org
(603) 466-8155

Georgia Murray
AMC Staff Scientist
gmurray@outdoors.org
(603) 466-2721 x8111

The Appalachian Mountain Club (AMC) applauds today's announcement by the Environmental Protection Agency of a much anticipated plan that will address carbon pollution from America's existing power generating facilities. As the nation's oldest conservation and recreation organization, AMC sees this as an essential step toward curbing greenhouse gas emission impacts, improving air and water quality, and encouraging a robust clean-energy future. Using proven market-based approach of cap-and-trade as one of the core tools to achieve emissions reductions of 30 percent from 2005 levels by 2030, the plan also will foster investments in energy efficiency and clean energy alternatives, AMC representatives said.

"AMC has been studying the impacts of air pollution and climate change in the northern Appalachian mountains for decades. As outdoor recreationists and conservationists, we take air pollution personally, given what it can do to our lungs, our views, and our environment," said AMC Air Quality Scientist Georgia Murray. "We promote outdoor activity to help kids and their families learn about and enjoy the natural world, and we encourage stewardship of our trails, forests, and waters. But dirty air is a barrier to healthy outdoor experiences and it degrades popular outdoor places that attract millions of people each year," she said.

Further, noted Murray, the release of greenhouse gases from fossil fuel combustion threatens the ecological stability of mountain and forested landscapes. She reports that over the past 80 years, the White Mountains of New Hampshire have warmed and snow melt timing is trending about two weeks earlier today in Pinkham Notch than in the 1930s. "While the mountain forests and unique alpine plants of the Northeast summits survived the last natural warming period, with human-caused climate change we are headed into uncharted waters," she said.

The good news, Murray said, is that air quality has improved, thanks to successful Clean Air Act cap-and-trade programs and Northeast states' participation in the Regional Greenhouse Gas Initiative (RGGI). "Mountain ozone levels have decreased, hazy polluted days have declined, and rain and cloud water are less acidic," she said. "The RGGI program has seen success with reduced CO2 emissions and increased energy efficiency investments that will pay off far into the future. AMC believes these same proven tools can be used to

make much needed additional progress nationally. And the Obama Administration agrees, as the plan announced today offers the successful RGGI model as an option for all states to use to meet carbon reductions requirements.”

Murray said AMC looks forward to helping finalize strong standards that focus on energy efficiency and conservation.

AMC CLUBWIDE NEWS

AMC'S FALL GATHERING 2014

Hosted by the Maine Chapter
October 17-19, 2014
Camp Wavus, Damariscotta Lake,
Jefferson, Maine

- **REGISTER BY OCTOBER 1, 2014:** Lodging/Tenting options and Day Rate available, including meals, activities, and registration fee. For more information or to register, visit www.amcmaine.org/fall
- **HIKING • PADDLING • BICYCLING • NATURE WALKS:** Gear up for some great AMC fun this October when AMCs from all Chapters will gather for three days of exciting outdoor activities and socializing along the Maine coast! Grab your friends and make plans now to join us in Jefferson, Maine, near the waterfront town of Damariscotta. Events for all ages including families, groups, and singles.
- **Come enjoy this club-wide event hosted by the Maine Chapter!** www.amcmaine.org/fall or www.outdoors.org/fallgathering

AMC's NEW LOOK

AMC is unveiling an updated look. You'll see a refreshed logo and some changes to how we talk about AMC. It's all a part of the effort to simplify AMC's message, address common misconceptions, attract a younger, more diverse constituency, and better represent the current, vibrant AMC community. Go to outdoors.org/AMCbranding and check out a new video featuring our tagline "Your Connection to the Outdoors." You will also find a Q&A on the refreshed branding.

AMC BOOK HIGHLIGHT

***Quiet Water Massachusetts, Connecticut, and Rhode Island: AMC's Canoe and Kayak Guide to 100 of the Best Ponds, Lakes, and Easy Rivers*, 3rd ed.**
By John Hayes and Alex Wilson Paperback • \$19.95 Pub date: 4/16/14

Explore the flatwater ponds, lakes, and rivers of southern New England with this fully updated guide in AMC's popular Quiet Water series. Great for families, anglers, and canoeists and kayakers of all abilities, this guide features 100 of the best flatwater paddling trips in Massachusetts, Connecticut, and Rhode Island, including twelve new trips. Explore the tidal estuary of the Parker River, trace the travels of Thoreau and Emerson on the historic Concord River, and observe abundant bird life on the great ponds of Martha's Vineyard. Look for blueberries and mountain laurel along the shores of Western Connecticut's Lake Winchester. Follow the meandering Wood River in Rhode Island and experience the Housatonic River on its run from the Berkshires to Long Island Sound. And much more!

Praise

- "*Quiet Water* is a fabulous, comprehensive resource ideally suited for novice as well as experienced paddlers. Use it to explore, enjoy, and especially to appreciate peaceful lakes, ponds, rivers and estuaries that are readily accessible throughout southern New England."—Gary R. Clayton, VP for Conservation Programs, Mass Audubon

Inside You'll Find:

- Detailed descriptions of each pond, lake, and river, with maps and photographs
- At-a-Glance Trip Planner listing trip time, distance, difficulty, and special features
- Safety and equipment tips
- GPS coordinates, driving directions, and put-in instructions

About the Authors

John Hayes is the Director of Sustainability at Pacific University. He has paddled extensively in New England and is co-author with Alex Wilson of three other books in AMC's Quiet Water series. Wilson is an avid canoeist and naturalist and

a widely published writer on energy, building technology, and environmental issues. He lives near Brattleboro, Vermont.

Ordering Information for AMC Books

AMC Books are available nationwide through booksellers and outdoor retailers, and are distributed by The Globe Pequot Press, Inc., Guilford, CT 06437.

Members and then general public may order directly from AMC at www.outdoors.org/amcstore or by calling 800-262-4455. (Members receive a 20% discount.) The e-book versions are available online through Amazon, iBooks, and Barnes and Noble.

Don't Forget

- Do you have an AAA membership? Do you like to bike? If you answered yes to both of these....read on. AAA Southern New England covers your bicycle, too! AAA Bicycle Service is free and available to all membership levels AAA Members automatically receive two bicycle calls per year. If your bicycle breaks down while you're out for a ride, simply call the road service number on your AAA card (1-800-AAA-HELP).
- **SEM 100-Mile Hiked Patches**
Any SEM member that would like to have his or her name entered into the 100-mile hiking log spreadsheet (accessible from the SEM Hiking Page on www.amcsem.org) to be able to log their own AMC hiking mileage to earn a patch, should contact the Hiking Chair via email hikingchair@amcsem.org

How to Fit a Backpack

Learn how to fit a backpack so that you enjoy your days of hiking. Read this article to learn how to [carry in comfort!](#)

Paddle Report: Shoestring Bay and Mashpee River, 5-24-14 by Ed Foster - Leader

Despite predictions of rain and wind 7 paddlers showed up at the put-in. We headed out with the wind at our backs but crossed to the western shore to get relief from the chop. It was comfortable paddling to Punkhorn point where we turned north into the Mashpee River. Somehow we were sheltered from the wind and casually paddled all the way to Rte. 28. On the way up, the leader had noticed a possible lunch spot on the left (west) at the end of Amos landing Road and pulled out there on the way out. The other paddlers didn't like the sharp drop-off and opted to a somewhat sandy beach on the eastern side.

The leader dutifully went along. After lunch we continued out the Mashpee River planning to cross the entrance to Shoestring Bay and go into Pinquicket Cove. However there was significant chop and not wanting to deal with that we headed up Shoestring Bay planning to paddle to its head and go up the Santuit River. Unfortunately no matter which side of the bay we paddled on there was no relief from the stiff headwind (~15-20 mph) so we fought our way back to the put-in and called it a day after a 6.6 mile paddle. No rain and other than the headwind heading up Shoestring Bay it was a delightful paddle.

The Southeastern Massachusetts Bioreserve – This Land is Your Land! by Everett Castro

Down in the southeastern part of the state is a forested oasis almost completely surrounded by suburbia. Although some local residents have enjoyed its natural amenities for many years, this public open space land has only been fully accessible to the public for the past twelve years and is just now becoming known to a wider range of outdoor enthusiasts and those that simply enjoy viewing the natural world. What and exactly where is this public land? It is the Southeastern Massachusetts Bioreserve (SMB) in Freetown, Fall River and Dartmouth.

ORV damage and riverbank erosion
at Freetown State Forest
Photo courtesy of *Everett Castro*

Within a fifty mile radius from the center of the SMB reside more than one million people. Easy to see how this forested area is of importance not only to the human residents of southeastern Massachusetts, but also ...especially ... to the vanishing flora and fauna of Bristol County. Our Bioreserve consists of a large (for our small state) contiguous forest with diverse habitats and natural communities. The largest portion of land within the SMB is managed by the Massachusetts Department of Conservation and Recreation (DCR) and the Massachusetts Department of Fish and Wildlife. Also included within the SMB are the Watuppa Watershed lands of the Fall River Water Department as well as land owned and managed by The Trustees of Reservations.

The purpose of our Bioreserve, the first in the state, is to protect, restore and enhance the biological diversity and ecological integrity of a large scale ecosystem representative of southeastern Massachusetts. 15,000 acres is the minimum necessary, according to ecological consultants, required to achieve that goal. At present the SMB is 13,000 acres ...and growing! The SMB also permanently protects drinking water supplies, such as North Watuppa Pond and the Copicut Reservoir as well as wetlands that drain to coastal rivers. In addition, the Bioreserve protects early cultural resources and allows for interpretive educational programs on natural and human history.

In this densely populated area of the state, the SMB also provides opportunities for passive outdoor recreation and enjoyment of our natural environment. Great place to take a break from the urban environment most of us spend our days in and unwind by taking a hike around our shared property.

Let's take a look at a unique, biodiversity rich, coastal stream that lies almost entirely within the SMB. Flowing from Atlantic white cedar swamps, sphagnum bogs and hillside springs, deep within the SMB, is Rattlesnake Brook. Rattlesnake Brook is a lovely, high-gradient, cold water brook. Along and in Rattlesnake Brook live mink and otter, muskrats and raccoons, banded sunfish, red fin pickerel and stocked brook trout. Along the brook nest the rarely seen worm eating warbler, parula warbler, northern water thrush and Acadian flycatcher. In the not too distant past the brook hosted anadromous alewife, blueback herring, rainbow smelt and salter brook trout. A dam at tidewater has blocked the return of these former residents. The good news is that the dam is slated to be removed in the near future and this will, hopefully, help restore those extirpated anadromous species adding to the biodiversity of the Bioreserve.

However, even here in this forested oasis, there is illegal dumping and growing illegal off-highway-vehicle (OHV) use. OHVs have, unfortunately, destroyed a portion of the Rattlesnake Brook valley, just upstream of the old dam. For many years DCR turned a blind eye to this destructive and illegal activity. The damage is egregious.

Not a high profile DCR managed property ...think Horseneck Beach State Reservation, Blue Hills Reservation, Walden Pond State Reservation ...with thousands of patrons and the political interest that brings ...DCR is loath to secure that area of the Bioreserve and restore the brook and land. They need a little nudge.

We are reaching out for support to other regional and statewide groups and organizations that can provide some of the little nudges we feel are needed. Constant vigilance by those in charge and an environmentally aware public are essential to the preservation of such large bioreserves and reservations that are set aside in the public interest.

Those that use and love the forest ...hikers, trail runners, horse riders, berry pickers, birders, mountain bicycle riders, hunters, cross country skiers, etc. have a treasure in the SMB. Shall the land be conserved ...or wasted? These large and small abuses, seemingly minor concession here and there, may lead to the SMB's ultimate destruction before most even get to know it.

If interested in viewing the SMB, there is a small map [here](#):

And a free comprehensive map is available at:

- Freetown State Forest Headquarters, Slab Bridge Road, Freetown, MA.
- The Town Farm, 830 Drift Road, Westport, MA.
- Watuppa Reservation Headquarters, 2929 Blossom Road, Fall River, MA.

Biking Trips-by Cheryl Washwell

We have had a great spring season for biking. Paul Currier continues to share the beauty of the Cape with us with a variety of rides including his Full Moon rides. Linda Church has jumped back in to lead some Cape rides too!

6/23/14: we had an absolutely beautiful ride with Linda Church: We rode the bike path N, then stopped at Megansett, Fiddler's Cove and took the back way to Old Silver, Sippewissett Rd. to Oyster and cut over to surf drive and back to parking lot for a total of 23 miles. Everyone had a great time. We even saw a skunk run across the road. I have had many wildlife sightings over the years on my bike; however, this was my first skunk one!

Jack Jacobson is back too, leading great scenic rides alternating out of Rochester, Lakeville and Carver. Good to have you back!

Trail Hazard

AMC-SEM Bike trip – Nantucket Trek:

June 20, 2014 - June 22, 2014 (Fri - Sun)

Photos courtesy of Len Ulbricht

-Departed Hyannis Fri 6/20/14 at 12:00pm on the Steamship Authority Traditional Ferry (Slow boat).

-Arrived in Nantucket 2:15pm at the Steamship Wharf. Luggage was transported to the Hostel in Surfside. Everyone biked to the Hostel thru downtown (route was thru the historic district) and to the Surfside bike path (3.4 Miles). All checked in to the Hostel by 4pm.

The Nantucket Hostel

Dinner at Lola Burger

-Dinner was at LoLa Burger (casual dining with fun atmosphere) at the rotary about 5pm-ish. Although the restaurant was about 2 miles from hostel, we squeezed 7 people in a Mazda SUV and 4 in the little red Jeep Wrangler. Two others biked in for additional fun.

-After dinner 9 of us rode back, 2 walked back (the long way) to the Hostel for the sunset and evening at the beach. With minimal light pollution, and clear sky, viewing the constellations was splendid, while listening to the surf.

-Saturday bike trip – Breakfast was provided at the Hostel by 7am. First Trek was the Siasconset Loop – started from Surfside to Siasconset (east side of island) by way of Polpis road....about 13 miles. It was a windy bike path with slight ups and downs, with no big hills. Once in Siasconset we were able to do a little touring around of the town with cute little houses from the 1800's. Since it was early (11am) we decided to continue to Cisco Beach & Cisco Brewery on the way to Cisco Beach for lunch. This leg of the trip was 11 – 17 miles on Milestone Rd (very flat and straight stretch) to the Rotary, then to Fairgrounds Rd bike path to Surfside bike path; Surfside to Vesper Lane to Cisco bike path. We reached the Cisco Brewery where we were could pick up a lunch at one of the concession

trucks from local restaurants and a beverage from the brewery...one favorite was the Blueberry Triple 8 Vodka with Lemonade. We enjoyed the outside seating, at the brewery, in the beautiful day we were blessed with. We then biked back on to Cisco Beach for a little beach time and get our feet wet in the surf. Now we had a few who wanted to find some ice cream so we back tracked on the Cisco bike path and continued into downtown to find the ice! That was a bit tricky thru the narrow roads and Saturday afternoon traffic (with 12 bikers), but we survived it. We made it to the Juice Bar for the homemade ice cream....Then back to the Hostel to clean up for dinner.

Siasconset Town

Prepping for beach sunset

-Saturday night dinner was a NE Clambake (lobster, chowder, corn on the cob) or a non-seafood choice from Sayles Seafood. Food was served at Patty Rottmeier's house in Naushop on Old South Road for a little birthday revelry. We had the car shuttling again, and by now we are still all getting along, so that was still fun also. Fun evening of eating, and exchanging stories.

-Sunday – 9am the coach came to pick up the luggage and the group sang “Happy Birthday” to the 2 birthday girls. Lots of chuckles were had....Now it was time for all saddled to up for their bike ride to the Steamship. We had time before the boat departs at noon, so everyone strolled around downtown to window shop, have coffee, or buy gifts for their loved ones. Sandwiches were picked up on Broad Street (otherwise known as fast food alley) near the Steamship to take on the boat for lunch. One last laugh for the adventure was that once we unloaded the luggage from the car, there was one extra suit case that belonged to no one in the group...oops...we picked up someone else's luggage from the Hostel. With a quick call to the Hostel, disaster was averted for one distressed camper.

Boat sails back to America, with the happy bikers who hope to come back for another trip.

Path to the beach and dunes

Interested in being a Bike Leader??

There are many more opportunities for new bike leaders to emerge. I would love to chat with you about this if you have a passion for cycling and would like to show of your neck of the woods to the many cyclists that are looking for just what you have to offer. We all have very different styles and abilities. Let's share them with the many people who are like us.

If you would like to lead or co lead a ride or 2 or 10...or 64 like Paul Currier please let me know. If you are interested in a particular area for rides please let me know. If you or anyone you know is interested in a leadership position such as a committee vice chair position – send them my way!

If I can be of assistance to you please email bikingchair@amcsem.org
Bike Chair AMC SEM

SOUTHEASTERN MASSACHUSETTS CHAPTER

YOUR CONNECTION TO THE OUTDOORS

September 2014

View from the Chair

By Cheryl Lathrop

Thank you leaders for all the fun activities I see coming up in September!

I can't wait for our **Annual Chapter Hut Weekend!** Our chapter Social Director, Melissa Powers, has done a superb job organizing and advertising it. We have close to 50 members attending! Looking forward to a great weekend with all of you.

And mark your calendar now for **our Nov. 1 SEM Annual Meeting and Dinner.** Come for the cash-bar social hour (free hors d'oeuvres), for the Annual Meeting (free), for the Annual Dinner (register and pay)—or for all three! And remember, we run our Winter Hiking Workshop and our "Stroll Down Memory Lane" (easy) hike nearby that afternoon.

We have lots of volunteer opportunities available! Contact me if you want to get more involved in any of those listed on the next page.

Chapter Officers needed—

Chapter Vice Chair—In training to take over as Chapter Chair.

Chapter Secretary – Take notes at monthly Executive Board meetings.

Committee Chairs needed—Manage the committee and leaders.

Education Chair

Skiing Chair

Trailwork Chair

Committee Vice Chairs needed—Help the Committee Chair. In training to take over when their term ends.

Biking

Communications

CYP

Conservation

Education

Skiing

Social

Trailwork

Additional leaders for all sports

needed—Watch for our next Leadership Training course in the spring!

Got something to say? Got a good idea? Want to volunteer?

Feel free to contact me anytime about anything! chair@amcsem.org

Chapter Hut Weekend

By Melissa Powers, Social Chair

Registration for this event is officially closed but if you want to join in the fun – contact the Highland Center directly to see if they have room for you. We would love to see you!

The dates are September 19th - 21st we will be hosting our annual SEM Chapter Hut Weekend at The Highland Center at Crawford Notch, New Hampshire. Call the Highland Center at 603-466-2727.

Chapter Youth Program

By Sally Delisa

This fall the AMC SEM Chapter Youth Program leaders we will be working with students from the Cardinal Cushing school. Recently leaders met and discussed great areas in our region for children, a list for First Aid Kits geared to our needs, required/suggested equipment list for growing children, activities such as Forest Watch, tick prevention and other safety ideas, pond and tidal pool fun, and experiments from the AMC 'Staying Found' kit. We discussed possible other new groups to recruit and a newly created recruiting folder with information. Many thanks to six leaders who gave of their valuable time to AMC SEM!

Hiking in Switzerland, Italy, and France! (Part 1 of 3)

By Gina Hurley

(All photos courtesy of Gina Hurley)

The Matterhorn

This summer I was so fortunate to take the trip of a lifetime.....hiking for a month in Europe, specifically Zermatt, Switzerland; Monterosso, Italy; and Chamonix, France. It was our 25th wedding anniversary trip. My husband and I took just our backpacks, and made a dream come true. Here are some of the highlights of Zermatt, Switzerland. Look for the Italy and France highlights in the October and November Breeze.

Zermatt is a great village, with the Matterhorn and many other peaks looming over it. Although there are many hotels, there is a campground on the edge of town that we stayed at to help save some money. There are also two hostels in the village. Our plan was to spend a couple of nights in Zermatt, and then backpack for 10 days around the Matterhorn. The book "Tour of the Matterhorn", by Hilary Sharp, provides a lot of detail and information to plan the hike. We had great weather the first couple of days of the hike. On our first day of the backpacking trip we hiked 11 miles to Europahutte, a full service high mountain hut with amazing views.

View from the Europahutte deck.

Ibex near the Europahutte

The hut is at 7,280 feet elevation. We met hikers from New Zealand, England, Spain, Germany, and Denmark....some were completing the same backpacking trip as us.

The next few days brought more great hiking in Grachen, Zinal, and Grimentz, but also brought rain in the valley and snow (yes, it was snowing in July) at higher elevations. The new snow on the glaciers caused some of the passes to be too dangerous to cross. So we went to plan B....took the train back to Zermatt for several day hikes.

Given that the mountains are so high, hikers can take gondolas, trams, chairlifts, or even trains to higher elevations to hike. One day we took two gondola rides up to the Matterhorn Glacier Paradise. The ride was 35 minutes, and the temperature went from the 60s to low 20s. It is at 12,740 feet. Of course it was snowing at the top, and plenty of skiers (in case you are looking for summer skiing in the Alps). You can also walk through the glacier.

(Below-Inside the Matterhorn Glacier)

We hiked back down to the village. Above Zermatt there are several tiny villages on the mountainside. We stopped at one (Zum See) that had a little restaurant. Very unique and quaint place....great for a little snack.

Tram to Matterhorn Glacier Paradise

Restaurant Zum See

Another great hike was the Gornergrat. Gornergrat is a rocky ridge that overlooks the Gorner Glacier, and is at 10,285 feet. We took the train up, and hiked down. On the way down we saw lots of wildlife. There are many trails down the

mountain, some go by tiny villages, others are more secluded, and follow the river into Zermatt. The trails are well marked, and utilized. Given that they are all above tree line, they are very easy to follow.

View from Gornergrat

Wildlife on Gornergrat

Zermatt was easy to get around, and the tourist office was very helpful, offering many ideas for hikes and outdoor activities. If you are considering a trip to Zermatt, visit their website before hand (www.zermatt.ch/en/). They will respond to email questions, and help you plan a great trip. Zermatt is an outdoor enthusiast's dream. Hiking, skiing, climbing, and mountaineering are all at your fingertips. It is a trip worth making!

In the next breeze, look for the highlights of hiking in Monterosso, Italy.

A Visit to the Alpine Garden **By Paul Miller, SEM Hiking Committee Chair**

Like most ardent AMC hikers, I've spent quite a bit of time over the years poring over the wonderfully detailed topographical maps included with the AMC White Mountain Guide. At first, I struggled to correlate what I was looking at on the two-dimensional map with the very three-dimensional White Mountains. This made it challenging to visualize terrain and the relatively steepness or ruggedness of the different trails. The detailed trail descriptions in the White Mountain Guide helped; but just a bit.

Now that I've actually visited many of the places and hiked many of the trails included on those maps to use as points of reference, I can do a much better job of visualizing the challenge new trails would pose, estimating relative distances

and actual hiking times (as opposed to the often-unrealistic “book times” provided in the White Mountain Guide...), and figuring out how much physical preparation my no-longer-youthful body might need before attempting those trails.

In recent years, I’ve shied away from hikes on Mt. Washington, partly because the more popular trails tend to get pretty crowded, and partly because I’ve pretty much lost my ardor for hikes that involve huge elevation gains. While these are tough to avoid anywhere on that 6,288-foot high mountain, since I felt like trying something new and relatively challenging, I took another look at “the Rockpile” as a potential destination for a new hike to lead in the warmer months. As I often do, I turned to Daniel Doan’s “50 Hikes in the White Mountains,” for ideas. His description of one hike in particular caught my fancy; a loop hike through the Alpine Garden via the Old Jackson Rd. and Nelson Crag Trail, and back down via the Lion Head and Tuckerman Ravine Trails. According to Mr. Doan:

The object of the climb to Mount Washington’s Alpine Garden is enjoyment of the mountain rather than its conquest. This loop climb, with the garden as its destination, is a rugged and demanding rock-scramble above tree line. But it’s spectacular and shows you why the mountain is unique. The alpine-arctic environment at the garden affords more attractions than the tourist mecca on the summit.

Smiles before the hike
(Photo courtesy of Peggy Qvicklund)

Eva weighs her pack
(Photo courtesy of Peggy Qvicklund)

Since I’d never been to the Alpine Garden and I’ve never been a huge fan of the crowded, touristy summit in the summer (souvenirs and hot dogs in the Visitor’s Center anyone?), this sounded like a great fit. So I pulled out my trusty AMC Presidential Range topo map and carefully studied the route that Dan Doan described. I also checked with the White Mountain Guide Online to verify distances and get more current trail descriptions than were available in my somewhat outdated hard-copy guide.

“What a cool hike!” was all I could think. But it was also clear that the climb/scramble/crawl(?) up the very steep Nelson Crag Trail would be a real challenge, for me, at least. As a point of reference, consider that while both the Nelson Crag Trail and the Mt. Washington Auto Road start at about the same elevation in Pinkham Notch and both end at the summit; the 8-mile long Auto Road meanders upward in a series of broad switchbacks, while the app. 3.7-mile long Nelson Crag Trail covers the same elevation gain in pretty much a straight line.

Climbing Nelson Crag Trail
(Photo courtesy of Dexter Robinson)

Approaching Nelson Crag
(Photo courtesy of Dexter Robinson)

Timing would also be particularly crucial for this hike, since the alpine flora in the Alpine Garden only bloom for several weeks each year, and that can vary depending on the particular weather conditions experienced that year.

Another consideration was my own relative inexperience leading above-treeline hikes. I decided that I would only go ahead with this hike if I could recruit another leader to join me, one who was both strong and experienced. I sure hit a couple of homeruns in this respect, as shortly after throwing this out hike out to the SEM hiking committee, both Eva Borsody das and Len Ulbricht stepped up to lead the hike with me. We were on a roll!

When I entered this app. 8-9 miles round trip hike with app. 4,000- foot elevation gain (and loss!) into the AMC online system, I indicated that it was for experienced” NH hikers only. Nevertheless, the trip didn’t take very long at all to fill up, with most participants taking advantage of the group reservation that I made for the night before for a couple of bunkrooms at the AMC Joe Dodge Lodge in Pinkham Notch. This is conveniently located practically right at the trailhead. A week or so before the hike, I sent out a “cheat sheet” onto which I had cut and pasted the pictures and names of some of the alpine flowers that we hoped to see in the garden. These included Bigelow’s Sedge, Mountain Avens, Diapensia, Labrador Tea, Alpine Bilberry, and Mountain Cranberry, several of which are typically only found at much higher latitudes, and one or two that are only present in the alpine zone of NH! Former SEM chapter chair and hike leader,

Dexter Robinson, also forwarded a link to a wonderful narrated AMC video tour of the Alpine Garden, which further whetted our respective appetites to see lovely and obviously tenacious alpine flowers.

The night before the hike, most of us met for a hearty buffet dinner in the dining hall at the AMC facility in Pinkham Notch, followed by some wine and socializing in the cozy common room at the Joe Dodge Lodge, after which we turned in early to get a good night's sleep (which, unfortunately, eluded me) in anticipation of the next day's hike.

After breakfast Saturday morning, we all assembled our gear, filled up our water bottles, and reconvened on the dining hall porch to await Eva, who had elected to spend the night at the comfortable Sub Sig Outing Club cabin down the road in Hart's Location. Unfortunately for her, when she arrived at Pinkham Notch that morning, the parking lot was already full and she had to park in the "overflow" lot up the road at Wildcat Mountain and hike back from there.

We hit the trail almost on time at around 9:30 am. While nice and sunny with mild temps at that relatively early hour, it was already obvious that this was going to be an uncomfortably muggy day. This turned out to be the case and it didn't take very long at all for everyone to de-layer down to hiking shorts and t-shirts!

Group at Nelson Crag
(Photo courtesy of Sal Spada)

On the Alpine Garden Trail
(Photo courtesy of Kristin Yngve)

From the AMC Pinkham Notch Center, we took the Tuckerman Ravine trail for a short stretch to the Old Jackson Rd. We followed this trail (part of the AT) gradually uphill for approximately two miles, crossing several streams. After passing the Crew Cut and George's Gorge Trails and the Raymond Path, and just before we hit the Mt. Washington Auto Rd., we hung a left on the Nelson Crag Trail to begin our climb up the massive Chandler Ridge on Mt. Washington's shoulder. The challenging, approximately two-mile climb up to 5,635-foot Nelson

Crag (just 635 feet below the summit of Mt. Washington), was a real lung buster! It involved several fun scrambles, including a particularly memorable scramble at a point on the trail right at around treeline after it intersected with the Auto Rd. for several yards. At around 12:30 pm or so, we stopped for a quick lunch on a relatively level ledge with nice views across Pinkham Notch to the Wildcats and Carters and northward over the Great Gulf to Mounts Madison, Adams, and Jefferson in the Northern Presidentials and then resumed our climb.

Mountain Avens
(Photo courtesy of Dexter Robinson)

Group in Alpine Garden
(Photo courtesy of Peggy Qvicklund)

While I did hear an occasional grumble or two, and at least one good-natured, “Paul, you’re killing me!” everyone did fine and we eventually made it up to the huge stone cairn that marked Nelson Crag itself. We continued over Nelson Crag and followed the well-cairned Nelson Crag Trail to the Alpine Garden Trail, which also featured large cairns, most with distinctive white marble-like stones at their tops. Not surprisingly, the Alpine Garden Trail traverses the Alpine Garden. This compact plateau passes along the top of dramatic Huntington Ravine about a mile below the summit of Mt. Washington, which was now temptingly close to us on which we could clearly see the summit buildings. We followed the Alpine Garden Trail into the Alpine Garden itself. I was a bit disappointed to see that we had missed the peak bloom for many of the plants by at a least a week. Nevertheless, quite a few flowers were still in bloom, keeping the photographers in our group busy.

Being careful not to trample the fragile vegetation, we took another quick break to rest our tiring legs, hydrate, and have a snack. We were surprised to see several casually dressed young women romping about with flip flops on their feet and could only surmise that they had parked their car on the nearby Auto Road to do some sightseeing! We followed the relatively level Alpine Garden Trail past the cairned intersection with the Huntington Ravine Trail, where we encountered a number of hikers descending from the summit and others on their way up to the summit.

We continued on to the Lion Head Trail to begin our long descent back down to Pinkham Notch. After passing over the dramatic Lion Head itself with its expansive views down into Tuckerman Ravine (which still had some snow on the headwall) and across to Boot Spur, we took the steep and rugged Lion Head Trail down to its intersection with the Tuckerman Ravine Trail. While, the Tuckerman Ravine Trail is technically a fire road at that point, it was still a long, rocky slog back down to Pinkham Notch, prompting the question, "Does this trail ever end?" from at least one in our party.

Stream in Alpine Garden
(Photo courtesy of Kristin Yngve)

We finally made it back down to Pinkham Notch at about 6:30 pm, after being on the trail for a solid nine hours, tired, but exhilarated! After saying our goodbyes to those who were heading home, several of us took advantage of the shower facilities at Pinkham before driving down to Hart's Location to enjoy the vegetarian dinner Eva was preparing for us at the Sub Sig Cabin. Not only did this hike turn out to be a wonderful, if challenging, alpine experience for all, it helped me fill in some additional pieces of the topographical "puzzle" that the White Mountains represent for me.

SEM's ANNUAL DINNER By Maureen Kelly

**SAVE THE DATE:
NOVEMBER 1, 2014**

Laura Waterman will be speaking at our Annual Dinner on November 1, 2014. She and her husband Guy were instrumental in voicing the new ideas of "conservation" in the 1960s and wrote many books about hiking, climbing and camping. I decided to read some of her books before she spoke to our group. I started with "Losing the Garden", the story of her marriage. It begins with Guy heading out for a hike on a February morning to the Franconia Ridge with the plan to not return. A very compelling beginning, and an honest narrative of their life together. I recommend it.

AMC'S FALL GATHERING 2014

Hosted by the Maine Chapter
October 17-19, 2014
Camp Wavus, Damariscotta Lake,
Jefferson, Maine

- **REGISTER BY OCTOBER 1, 2014:** Lodging/Tenting options and Day Rate available, including meals, activities, and registration fee. For more information or to register, visit www.amcmaine.org/fall
 - **Come enjoy this club-wide event hosted by the Maine Chapter!** www.amcmaine.org/fall or www.outdoors.org/fallgathering
-

CLIMATE CHANGE

The AMC will be marching with thousands of others to call for worldwide political action on climate change. The New York-North Jersey Chapter will host AMC members and friends at the largest ever [Climate March](#). The group will meet at the AMC's NYC Headquarters (in the West Side YMCA on 5 West 63rd Street) on **September 21** and walk together to join the March, which begins at Columbus Circle. Membership Chair Jill Arbuckle will lead the group on the day. For more information, click on [March with the AMC](#). Email Lauren Zondag to sign up to march with the AMC and to receive updates (lzondag@outdoors.org)

AMC ADVENTURE TRAVEL LEADERSHIP TRAINING

November 14-16, 2014

Visit some of the most exciting places in the world as the leader of an AMC Adventure Travel trip! This workshop provides important training to people who have AMC chapter leadership experience (no beginners) to transition from leading weekend chapter activities to more complex and longer trips, domestically and overseas. Previous outdoor leadership training is necessary. Emphasis is on planning, cost estimating, marketing, trip management, people skills, risk management, and reporting. Includes procedures and guidelines for researching, proposing, and leading AMC Adventure Travel trips. Exchange ideas, problems, and solutions with some of AMC's most experienced and skilled leaders. Small group size assures abundant discussion and access to instructors. Cost: \$75 incl. 2 nights lodging, 2 breakfasts, 2 lunches and Saturday dinner at White Memorial Conservation Center in Litchfield, CT. Download registration package at: <http://snebulos.mit.edu/majorexursions/training>. Please register by October 25th. For details contact Registrar Merri Fox, merri.fox@pw.utc.com

AMC's 20th Annual Photo Contest is now open!

*"Water Jewels," by Ashok Boghani, Boston Chapter.
Winner of the 2013 Grand Prize.*

AMC's Photo Contest began on August 4 and will remain open until October 1. This year's Grand Prize winner will receive a spot in an upcoming photography workshop and an accompanying stay at an AMC destination. Winners of the "Kids, Families, and Adults Outdoors," "Scenics and Nature," "AMC in Action," and "People's Choice" categories will receive great outdoor gear prizes from Deuter, Forty Below, LEKI, and Outdoor Research.

For complete rules and entry instructions, visit www.outdoors.org/photocontest. Entries will be accepted until October 1, with the winners appearing in a 2014 issue of *AMC Outdoors*.

SOUTHEASTERN MASSACHUSETTS CHAPTER

YOUR CONNECTION TO THE OUTDOORS

October 2014

View from the Chair

By Cheryl Lathrop

I just returned from our annual SEM Chapter Hut Weekend—held this year at the AMC Highland Center in NH. Melissa Powers, our Social Director, organized a fabulous weekend for us. And our Hiking Committee, led by Chair Paul Miller and Vice Chair Leslie Carson, planned a wonderful array of hikes—something for everyone. A big thank you to everyone who helped make this weekend a great success. And to all the 50 attendees who made it great fun.

In addition to our usual fall lineup of hikes, bikes, and paddles, we have our SEM Annual Meeting and Dinner coming up Nov. 1. First you get to choose your chapter officers for 2015. And then you get to enjoy dinner, raffles, awards—and a very special speaker this year: Laura Waterman. See the signup sheet on page 9. Seating is limited, so reserve your spot now!

This will be my last *View from the Chair*, as my 2-year term as SEM Chapter Chair ends November 1 when we elect a new Chair. It has been an honor to serve the chapter these past 2 years. But, I couldn't have done it without the selfless volunteerism of the entire Executive Board and all of our volunteer Activity Leaders. You all made it fun and interesting.

See you all on the trails, roads, and waterways!

Got something to say? Got a good idea? Want to volunteer?
Feel free to contact me anytime about anything! chair@amcsem.org

Chapter Chair

Chapter Officers needed—

- Chapter Vice Chair—In training to take over as Chapter Chair.
- Chapter Secretary - Take notes at monthly Executive Board meetings.

Committee Chairs needed—Manage the committee and leaders.

- Education Chair
- Skiing Chair
- Trailwork Chair

Committee Vice Chairs needed—Help the Committee Chair. In training to take over when their term ends.

- Biking
- Communications
- CYP
- Conservation
- Education
- Skiing
- Social
- Trailwork

Additional leaders for all sports needed—Watch for our next Leadership Training course in the spring!

Activity Participation Policy

"AMC encourages involvement in its mission and activities, through its membership, programs, policies and procedures. Our goal is to be a community that is comfortable, inviting and accessible for people of any age, gender, race, religion, ethnicity, ability, sexual orientation, or socioeconomic status. Some AMC programs are designed for a certain age range of members or for a special activity or topic. However, any person who meets the minimum qualifications (skills, experience, fitness) established by the trip leader(s) for an activity is eligible to attend, if space is available."

SEM COMMITTEE ANNOUNCEMENTS

***BICYCLING**

-WANTED: Ride Leaders and Co-Leaders. Are you enthusiastic about cycling? Do you like showing other riders your favorite roads? If yes, then why not share your enthusiasm and routes w/ your fellow AMC members? Contact Bike Chair (bikingchair@amcsem.org) for more info.

-AMC SEM 2,000 Mile Club. AMC SEM has a unique 2,000-mi Club. Certificates of achievement and embroidered award patches are presented annually to members who ride 2,000 mi or more per year. Contact the bicycling chair to register your mileage and for more info. (bikingchair@amcsem.org)

-Tues. Rides. Turn Those Tires on Tues. Rides scheduled all year long, weather permitting. 25 mi of road or 15 mi of mountain biking. Tues. at 2 p.m. Flat to hilly. Intermediate pace. Riders and bicycles in top shape; tires and riders pumped and ready to roll; helmets and water required. Contact Paul Currier (508-833-2690 8am-7pm, paulbcurrier@comcast.net)

***CAPE HIKES**

Always looking for additional leaders to lead hikes on the cape! Contact the capehikingchair@amcsem.org

***HIKING**

-IMPORTANT: No pets w/o prior permission of trip leader. Individuals under 18 years of age must be accompanied by a parent or responsible adult, and obtain prior consent from leader. Those accompanying a minor are responsible for minor's actions.

-Get your 100-mile patch! Contact hikingchair@amcsem.org.

***PADDLING**

Always looking for additional paddle leaders! Contact the canoe/kayak committee at paddlingchair@amcsem.org

***SOCIALS**

Looking for leaders to lead social events. Contact: socialchair@amcsem.org

***TRAILS**

Looking for leaders to lead trail work events. Contact chair@amcsem.org.
Looking for a trails chair.

NEW: AMC SEM Trips Can Appear in Your Email--Daily!

- An easy and convenient way to always know what's coming up!
- Go to the AMC Member Center (get there via amcsem.org, right-hand side).
- Then "Subscribe to Activity Digests" (choose hike, bike, paddle, etc.).
- And choose daily (or weekly, bi-weekly, or monthly).

The screenshot shows a web form for subscribing to activity digests. It features three main sections: 1. 'Activity:' with a dropdown menu showing 'Backpacking', 'Bicycling', and '-Evening'. 2. '*Email Frequency:' with a dropdown menu showing 'Daily', 'Weekly', 'Bi-Weekly', and 'Monthly'. 3. A checkbox labeled '*Yes! I'd like to receive a periodic digest of Group activity listings.' which is checked. Below these sections is a 'Review' button.

Conservation Tip

Turn off your computer at night. By completely shutting down your computer (as opposed to leaving it in sleep mode) you can save 40 watt-hours per day. In monetary terms, this translates to saving 4 cents per day, and about \$14 per year. **That doesn't seem like a whole lot, but if everyone takes part, it amounts to a huge difference.** If you don't turn it off all the way because you don't want to have to wait for it to start up, you can set it so that it turns on automatically just before the time you know that you will need it.

What is Trail Magic?

By Gina Hurley

Trail Magic can be simply defined as an unexpected act of kindness given to a long-distance hiker. My husband Mark and I have been supporting Appalachian Trail thru-hikers with trail magic for several years. For the past few years we have picked a day late in August, set up at the Ripley Falls/Ethan Pond trailhead off of Route 302 in New Hampshire, and provided a cookout for the AT hikers making their way to Katahdin. We pick this spot, as it is the beginning of their ascent of the Presidentials, and Mt. Washington. Not only are we able to feed them, but can offer a bit of information as to what to expect on the trail, and at the summit of Mt. Washington. Cars, trains, and a cafeteria are not always expected by hikers that have been out on the trail for 4-5 months. Our simple cookout of hotdogs, chips, pickles, cookies, and drinks are so appreciated by the hikers, that it even brought one hiker to tears this year. However, the joy is just as great for us. Sitting with the hikers, listening to their stories, finding out where they are from

and how their journey is going, is a great experience. This year we met a young man from my childhood town, and ironically his family members are friends with my family members. It really is a small world! For many hikers, their thru-hike has been a dream of theirs. If we can play a small roll in helping a stranger achieve their dream, then that is a gift to be had. Mark and I were blessed with trail angels on our thru-hikes and the idea of paying back, and forward, is something we plan to do each year!

Two A.T. thru-hikers getting close to the end!

Fall walking Weekend: October 10-13

Fall Walking Weekend is sponsored by the Cape Cod Pathways. It offers hikes and walks of all types. Please visit the Cape Cod Commission Website at: www.capecodcommission.org and click on Walking Weekend.

Hiking in Switzerland, Italy, and France! (Part 2 of 3)

By Gina Hurley

(Photos courtesy of Gina Hurley)

Part two of my trip took us from the mountains of Switzerland to sea level in Italy. We took the train from Zermatt to Rome, as we wanted to tour the Vatican, and some other sites in Rome. After spending a few days camping in Rome, yes, you can find camping in Rome (www.ecvacanze.it/en/), we headed to the Ligurian Sea, and Cinque Terre. Cinque Terre is a rugged portion of coast comprised of five villages: Monterosso, Vernazza, Corniglia, Manarola, and Riomaggiore. The five villages are surrounded by cliffs, stunning ocean views, and vineyards. The villages are connected by a trail that takes you through the rugged hillside. There are no cars allowed in the villages, so the only way to get from by village to village is by train, boat, or trail.

(Monterosso Beach from the trail)

We were staying in Monterosso, so planned to hike from Monterosso to the next village, Vernazza. The trail to Vernazza leaves Monterosso along the beach, then begins to climb up and out of the village. The views of the water, vineyards, and colorful old village structures are stunning.

(Views of the trail)

The trail is well marked, and easy to climb. There is a fee, but nominal. Many tourists hike this trail for the beautiful scenery. After the climb out of Monterossa the trail weaves through vineyards, and curves exposing amazing cliffs and ocean views. The trip to Vernazza is not long, and although not a difficult trail, the heat (over 90 degrees that day) made it a bit warm. After about an hour of hiking we started the descent, and beautiful views of Vernazza appeared. Vernazza is a lovely village with plenty of restaurants and shops perfect for summer tourists.

(Views of Vernazza from the trail)

We spent the day in Vernazza, swimming, eating, and enjoying this quant village. Although the walk back would not have been long, the heat of the day, and the ease of the ferry all worked together to make an easy trip back to Monterosso. If you are thinking of a trip to Italy, consider Cinque Terre. With some options for hiking, beautiful ocean views, and wonderful seafood dinners, it is a place well worth visiting.

The Massachusetts Walking Tour on the Bay Circuit Trail

By Kristen Sykes

(Photos courtesy of Kristen Sykes)

This summer I joined a band of intrepid hikers for most of their journey along sections of the Bay Circuit Trail and Greenway (www.baycircuit.org). The Greenway, envisioned almost ninety years ago and now nearly complete, curves its way along more than 230 miles of trail from Plum Island on the north shore of the Massachusetts Bay to Kingston Bay on the south shore, passing through 34 towns.

The hikers were a group of traveling musicians known as the Massachusetts Walking Tour (www.masswalkingtour.org). Since 2010, folk musicians Mark Mandaville and Raianne Richards, have been organizing an annual “bi-pedal tour” of free community concerts for towns throughout the Bay State. Last year they were joined by two more musicians, Mark Killianski and Amy Alvey, along the Massachusetts stretch of the New England National Scenic Trail. And in 2014, after some persuasion by Charlie Tracy from the National Park Service, the troupe set its sights on the Bay Circuit Trail.

The tour began with a free concert on June 17th at the Spencer Pierce

Little Farm, a Historic New England property in Newbury. We then set off across the salt flats of Newbury, up a steep overgrown portion of the trail in Rowley and into Rowley town center where the troupe played to a sold out concert at the public library. Passing through Ipswich, Boxford, North Andover, Lowell, and Acton, the troupe was guided on the trail by the people who built and still maintain the trail.

On a particularly hot and muggy day in Acton we encountered a fellow on a bike with a child in a baby seat. After a short exchange, this firefighter from Lowell offered to buy us all iced coffee at the local Dunkin Donuts. We gladly accepted and hauled our heavy packs to the air-conditioned coolness of New England’s ubiquitous coffee shop. Here we were greeted by patrons asking “where we were going” and “what the heck we were doing?” We stood out even more than the average backpackers as I wore a large, antique external frame pack and the Walking Tour musicians had their instruments strapped to their packs. We told the customers where we were headed and handed out postcards with the dates and locations of the free community

concerts. This type of 'trail magic' greeted us at nearly every turn.

The MA Walking Tour playing a free community concert at Camp Kiwanee in Hanson, MA

The MA Walking Tour hiking on the Bruce Freeman Trail stretch of the Bay Circuit Trail in Acton, MA

Due to the close-to-home nature of the Bay Circuit Trail we would often find ourselves walking down a suburban street and would have a chance to tell the neighbors, out mowing their lawns, that we were hiking the Bay Circuit Trail from Newbury to Kingston. Although the trail ran right by their houses, many people were unaware of the span of the Bay Circuit Trail.

Our travels also took us down historic paths. We walked along the Jenkins Road in Andover past stops on the Underground Railroad. We followed the Acton Minutemen's "Line of March in 1775", which ended at the North Bridge in Concord. The concert that evening was in the shadow of the Old

Manse, a Trustees of Reservations property that was home to many transcendentalists including Emerson, Hawthorne and Peabody.

Leaving the Old Manse we followed the trail past Henry David Thoreau's cabin site and on to an eagerly anticipated dip in Walden Pond. Later we enjoyed a home-cooked meal by another 'trail angel' and chair of the Bay Circuit Alliance board. We continued through Lincoln, Wayland, and into the Nobscot Scout Reservation in Sudbury where a rousing concert, that included 5 musical acts, made for a fun evening. Thanks to the help of a Bay Circuit Trail maintainer and his wife we skipped down to the South Shore to East

Bridgewater where we had a day off that culminated with a concert around the campfire at dusk.

As we made our way to Kingston Bay we were treated with more hospitality at Camp Kiwanee in Hanson and participated in the dedication of a protected cranberry bog, known as the Alton J. Smith Reserve or "Smitty's Bog." This 103-acre bog with amazing views was protected through the Town of Hanson and the Natural Resources Conservation Service and is truly one of the jewels of the Bay Circuit Trail.

After a stay at the Silver Lake Sanctuary in Kingston we made the last leg of our journey accompanied by Alan French, Bay Circuit guru and driving force behind the trail. It was with mixed emotions that we ended our nearly

3 week, 110-mile journey with a concert at the Jones River Landing in Kingston. In all, the Walking Tour played 17 free community concerts along the trail. But we'll be back! We had such an incredible time on the Bay Circuit that the Mass. Walking Tour plans to finish the rest of the Bay Circuit Trail next summer.

So it is with incredible gratitude to all those who love and care for the Bay Circuit Trail, the many people and trail angels we encountered along the way, and the kinship of the Walking Tour that we rest, till next year's trek.

Kristen Sykes is Director of Conservation Strategies for the Appalachian Mountain Club and the Director of Operations for the Bay Circuit Alliance.

The MA Walking Tour plays their final concert at the southern terminus of the Bay Circuit Trail in Kingston, MA.

North Presidential Range Hut-to-Hut Aug 24 - 27, 2014

By Len Ulbricht

(Photos courtesy of Len Ulbricht)

This multi-day trip covered the last sections of the Presidential range aborted last year due to continuous rain and threats of thunderstorms. This time clear skies favored us. The first day goal was to hike up the beautiful Ammonoosuc Ravine trail to Lakes of the Clouds hut in the morning, then drop our packs for a quick jaunt up nearby Mt. Monroe. Views from Monroe were fabulous, all the way back to Eisenhower, Pierce and beyond, views that didn't exist last year in the rain and cloud cover. Upon returning to the hut a few hikers cooled off in the nearby lake. Yes some folks even brought suits to go for a frigid swim. After a relaxing dinner hikers were drawn to the west facing hillside behind the hut for nature's sunset treat.

Madison Spring Hut

Trailside berries

Day 2 was a long grueling rock pile hike. First up Mt. Washington, then the Gulfside trail to Mts. Clay, Jefferson, and Adams to reach the Madison Springs hut. These peaks are all above tree line, and are all just piles of boulders, as if a huge dump truck in the sky dumped loads upon load of granite rocks. Ankles and knees ached with every step. But we had fabulous views in all directions to make up for the soreness.

On day 3 we awoke to cloud emersion. There were a few souls who woke before sunrise to climb from cairn to cairn to the summit of Madison for their cloud enshrouded sun spectacular. The rest of us went after breakfast, still cloud enveloped, to a peek into grayness at the top. As we all gathered for our descent via the Air Line trail, the sun broke though and gave us a fourth day of captivating views from the high peaks of New Hampshire.

Beautiful Sunset

AMC-SEM Chapter Hut Weekend 2014

By Melissa Powers

Chapter Hut Weekend 2014 was a huge success. We had 49 attendees! Some longtime members and lots of new ones. What a great way to meet people and really become active with the Chapter.

We stayed at the Highland Center at Crawford Notch, New Hampshire. The lodge was large enough to accommodate our group and, most importantly, it was in close proximity to many trails and peaks—making it the perfect location for our annual chapter weekend.

Some folks opted for a 4-day weekend, but most joined in the fun from Friday to Sunday. For those who arrived on Thursday evening, they enjoyed a variety of informal hikes on Friday.

The weekend officially kicked off with a Social Hour hosted by The Highland Center in the Washburn Room. We had a chance to get to know one another over a drink and some appetizers while enjoying the amazing photography by Bradford Washburn.

Hadley Donaldson and Julieanne Capone

Liz Monteiro, Sally DeLisa, Barbara Manuelpillai

Cheryl Lathrop, Chapter Chair, Welcoming all

Group Photo (Courtesy of Ken Carson)

After dinner on Friday night we enjoyed a presentation on **“Lightweight Backpacking & Experiences from Long Journeys on the Trail”** by Jeremy Day.

Jeremy "Beowulf" Day talked to us about the newest technologies, designs, and methodologies of lightweight backpacking that he learned by hiking on the Appalachian Trail, Pacific Crest Trail, Long Trail, and John Muir Trails.

In his talk, he covered Cuben Fiber versus Cordura backpack designs, minimalist shelters and hammocks, lightweight footwear and its importance, cottage industry gear manufacturers, eating for light weight backpackers, and simple, inexpensive ways to ditch weight and make your hike more enjoyable. He taught us that you CAN get your base weight down to 10-12 pounds! Also, he shared the importance of Hiking Your Own Hike (HYOH).

Jeremy "Beowulf" Day

Jeremy talking to the group

Saturday was for hiking in the wilderness and being together. Paul Miller, Hiking Chair, will be sharing more details on the hikes that he and his committee organized and led. They did a fabulous job offering hikes of different levels and different varieties.

In the evening after our Social Hour and group dinner, Sally Delisa organized an impromptu lecture and discussion on "How to Pack your Pack" that was delivered by Sue Chiavaroli.

Sue Chiavaroli talking to the group on Saturday Night

Later that evening, Jodi Jensen led a rousing game of "spoons." Additionally, some folks got to enjoy the beautiful night sky loaded with stars while others sat in the Living Room enjoying each other's company and making new friends.

At breakfast on Sunday it was a time to swap emails and numbers and make plans to meet up at future hikes and chapter outings. Some took part that day in a hike led by the Highland Center while others enjoyed Zip Lining at the nearby Bretton Woods Ski Area. Others simply meandered around the beautiful grounds of the Highland Center.

We were sad to leave on Sunday. The weekend flew by but the experiences we had and the memories we made will last a lifetime.

There truly was something for everyone to enjoy over the weekend. Mostly, we had plenty of time for hiking, socializing, fun, and laughs. If you didn't get to join us this year - please join us next year. It's our goal to make it even bigger and better and with you there we will certainly accomplish that!

Check out our Facebook page and follow us on Twitter to see more pictures from the weekend. Also, check out the photo gallery on our Chapter site (<https://www.flickr.com/photos/amcsem/sets/>).

SEM Hikers on Crawford Notch for Chapter Hut Weekend

By Paul Miller, SEM Hiking Committee Chair

With almost 50 enthusiastic SEM Chapter members (mostly hikers) signed up for our annual Chapter Hut Weekend up at the AMC Highland Center in beautiful Crawford Notch, NH, your Hiking Committee found it a bit challenging to come up with a full program of hikes. Our initial goal was to offer "something for everyone;" from eager entry-level hikers, to experienced Cape and Blue Hills hikers, to several hikers who have scaled all 48 4,000-foot peaks in NH!

The fact that only a small handful of "Class 2" (NH hike-rated) hiking leaders had signed up for the weekend made this even more challenging; and with one leader coming down with a bad head cold at the last minute and having to reluctantly cancel out for the weekend, we had to do some additional last-minute scrambling. But based on all the smiling faces we saw during the weekend and the many gracious compliments received afterwards, it appears that we managed to pull this off!

Apparently, quite a few people took advantage of the option to come early stay at the Highland Center for a third night (Thursday), because bright and early on Friday morning Leslie Carson led a group of almost 20 hikers up to the 3,430-foot summit of Mount Avalon via the Avalon Trail. This starts virtually at the back door of the Crawford Depot, part of the AMC's modest complex of facilities in Crawford Notch.

According to reports, it was a glorious sunny day with comfortable temperatures and a nice breeze. Once at the summit of Mt. Avalon, after enjoying the spectacular views, hike participants performed a careful self-assessment, with several hikers wisely deciding to descend back down to the Highland Center and the rest of the group continuing on to summit both Mounts Field (4,340 feet) and Willey (4,285 feet) before descending to the Willey House Site back down in Crawford Notch, where they had spotted a car prior to the hike.

Down the ladders on Mt. Willey and the Summit of Mt. Fields (Photos courtesy of Ken Carson)

Following a little shuttling around in cars, the whole group made it back to the Highland Center in time to join us for the 5:00 pm social hour in the Washburn Room prior to dinner in the dining room. This was a challenging, approximately nine-mile long hike involving two 4,000 footers and significant elevation gain and loss. Kudos to those hikers!

Saturday morning, we were able to offer a choice of two different hikes: Maureen Kelly's easy-to-moderate "Sugarloaves" hike and a more challenging Eisenhower/Pierce hike led by Leslie and me. While the weather forecast for the higher peaks ("in the clouds," high winds, with a chance of rain in the afternoon), the forecast for the valleys was pretty good (partly sunny, breezy, and mild...).

Twenty-one hikers joined Maureen for this hike, which first required a short car ride up Crawford Notch road to the Zealand Road in Twin Mountain. After a short jaunt up the Zealand Road past the popular campground, the group hit the trail up to Middle Sugarloaf. From this modest peak, the group enjoyed fine views in several directions, including nice views of nearby North Sugarloaf and more distant Mt. Hale.

On Middle Sugarloaf (Photo courtesy of Barry Young)

For the "more challenging" Saturday hike, I had planned out an app. 8.5-mile long loop that would take us up the nearby Edmands Path (trailhead accessible via the Mt. Clinton Rd. which started in eyesight of the Highland Center...), to the summit of 4,761- foot high Mt. Eisenhower. On a clear day this offers spectacular views in all directions, including up the Crawford Path to the summits of Mt. Monroe and Mt. Washington and beyond to the Northern Presidentials (Mounts Jefferson, Adams, and Madison). From the top of "Ike," we would follow the Crawford Path for several (exposed) above-treeline miles and jog up to the summit of Mt. Pierce before "cruising" back down to the Highland Center via the Crawford Path. Once back at the Highland Center, the plan was to hop into a car or two and retrieve the rest of our cars at the Edmands Path trailhead. It was a great plan and I'm sure this would have been a wonderful hike; but not one that fit in well with the ominous higher peaks forecast for that particular day!

Instead, we did a familiar 8.2-mile loop hike that started at the trailhead for the historic Crawford Path (the oldest continuously maintained hiking trail in the US...). From the trailhead, located directly across from the Highland Center, we hiked up the Crawford Path to the Mizpah Cutoff. From here, we took the Cutoff through some very pretty woods to the AMC Mizpah Hut where we stopped for a short break and took advantage of the "facilities." Then we took the sporadically steep Webster Cliff Trail up to 4,321-foot summit of Pierce before returning to the Highland Center via the Crawford Path.

This route made a lot of sense considering the high winds and low visibility, since the Crawford Path remains largely within treeline and thus not exposed to the worst of the elements until just below the summit of Pierce. (This is why we often do this same loop as part of our Winter Hiking Series.) "Plan B" worked out just fine, providing everyone with a nice, if not overly challenging, hike to the summit of a Presidential 4,000 footer, a chance to check out an AMC high mountain hut while it was still open for the season, and have lunch on the windy the summit, which we shared with several other groups of hikers. Unfortunately, while the summit of Mt. Pierce often offers excellent views, on this day the weather forecasters were right on, since we indeed were "in the clouds." Also on the positive side, we got back down to the Highland Center in time to take hot showers prior to the 5:00 pm social hour, followed by dinner and more socializing!

On Saturday afternoon, Maureen led a group of about 18 hikers on an easy, but scenic hike up to nearby Arethusa Falls, the highest waterfall in the White Mountains! From all reports, the Falls were beautiful, and the group got to enjoy viewing some early fall foliage up at the Falls.

While we couldn't offer any "official" hikes Sunday morning, several SEMers chose to do some hikes on their own to nearby locations, including another small group that headed up to Arethusa Falls to check it out.

While it would have been nice to be able to offer more entry-level hikes, all in all, it was a great hiking weekend with a great group of people!

Arethusa Falls (Photo courtesy of Barry Young)

AMC ADVENTURE TRAVEL LEADERSHIP TRAINING

November 14-16, 2014

Visit some of the most exciting places in the world as the leader of an AMC Adventure Travel trip! This workshop provides important training to people who have AMC chapter leadership experience (no beginners) to transition from leading weekend chapter activities to more complex and longer trips, domestically and overseas. Previous outdoor leadership training is necessary. Emphasis is on planning, cost estimating, marketing, trip management, people skills, risk management, and reporting. Includes procedures and guidelines for researching, proposing, and leading AMC Adventure Travel trips. Exchange ideas, problems, and solutions with some of AMC's most experienced and skilled leaders. Small group size assures abundant discussion and access to instructors. Cost: \$75 incl. 2 nights lodging, 2 breakfasts, 2 lunches and Saturday dinner at White Memorial Conservation Center in Litchfield, CT. Download registration package at: <http://snebulos.mit.edu/majorexursions/training>. Please register by October 25th. For details contact Registrar Merri Fox, merri.fox@pw.utc.com

Congratulations Gary!!

Gary Forish, AMC Berkshire Chapter, has had a trail named after him at the AMC Noble View Outdoor Center, in honor of his many contributions to Noble View

Paddling Trip Report

By Betty Hinckley

Mashpee/Wakeby ponds – Saturday September 13, 2014

Paddlers: Jean Orser, Leader, Paul Corriveau, CL, Ed Foster, Louise Foster, George Wey, Gary Robinson

We left the put-in on Mashpee Pond on calm water heading in a clockwise direction; there was some chop before the narrows but very doable. After the narrows into Wakeby Pond we paddled around Pickerel Cove and headed for the beach at the end of the Wakeby pond for lunch arriving at 11:50 am. We were delighted to see 5 new large picnic tables on the back of the beach each under a tree - perfect for us. After lunch we continued circling back to the put-in. The ponds were quiet with little boat traffic. Sighted were a coyote, many ducks and an osprey. Mileage reported ranged from 7.35 - 7.5 miles depending on how closely one hugged the shore.

(Photos courtesy of Pictures by Jean Orser.)

Transitions

I hope you all enjoyed our SEM Annual Meeting and Dinner Saturday night! It was great to see you all.

During our Annual Meeting we conducted our chapter business: presented the Annual Report to the membership, heard the Treasurer's year end summary report, and elected the 2015 Executive Board. This is where Cheryl handed the baton into the very capable hands of Maureen Kelly, former Chapter Vice Chair. (Check page 2 of this Breeze to see the other elected officers and board members for 2015.) After our chapter business was conducted, we held our very festive Annual Dinner where we had a great buffet, honored our leaders, and heard our wonderful speaker, Laura Waterman.

Cheryl would like to thank the 2014 Executive Board members for their dedication and hard work. It was a pleasure working with all of you. Maureen looks forward to working with the new Executive Board, as the chapter continues to grow and thrive.

We're both looking forward to a winter full of fun SEM activities. And always remember, that nothing happens without the hard work of all of our volunteer leaders. Thank you leaders for getting us outside!

As always, we're both available if you have something to say! We're just an email away.

Activity Participation Policy

"AMC encourages involvement in its mission and activities, through its membership, programs, policies and procedures. Our goal is to be a community that is comfortable, inviting and accessible for people of any age, gender, race, religion, ethnicity, ability, sexual orientation, or socioeconomic status. Some AMC programs are designed for a certain age range of members or for a special activity or topic. However, any person who meets the minimum qualifications (skills, experience, fitness) established by the trip leader(s) for an activity is eligible to attend, if space is available."

An Interview with Mark St. John, an AT Thru-Hiker

By Gina Hurley

(Mark St. John at McAfee Knob in Va; Photo Courtesy of Mark St. John)

Last month's Breeze featured an article about Trail Magic. Mark St. John, a recent thru-hiker, saw the article and contacted me. Through various communications Mark gave me an interview about his thru-hike of the Appalachian Trail. I hope you enjoy reading about his journey.

1. Why the AT and why this year?

The stars aligned perfectly for me. The company that employed me for over 18 years had been acquired and I knew in March 2013 that I would no longer have a job at the end of March 2014. I had a severance package that allowed me to be paid while I was hiking. I started researching the trail and acquiring gear. In December 2013 I signed a lease to rent my house while I was on the trail to keep expenses to a minimum.

2. Had you been a hiker or completed other long distance hikes before the AT?

Hiking for me started in 2011 when I completed a section hike of the AT in Massachusetts. The following year (2012) I section-hiked the AT in Vermont and also completed the NH 48 4K peaks. In 2013 in preparation for the AT I did a one-day Presidential Traverse (19 miles), the 100 Mile Wilderness (120 miles) and completed the northern section of the Long Trail in Vermont (173 miles).

3. Did you do a 'solo' hike or did you hike with a group?

I started with (BaconDog) and by day three had met up with a group making a total of eight of us. Within a week we had separated, some falling back due to physical or equipment issues (knees, feet, etc.). I continued on and hiked with Kamikaze, Fargo and The GOAT (Greatest Of All Time) until we got to Waynesboro, Va. We split up at that point as most were going to Aqua Blaze (canoe the Shenandoah River in lieu of hiking the miles). I continued by myself until MA where I met up with Happy and then Tree in Vt - and hiked with them to Gorham NH. I left Gorham solo and ran into Kamikaze in Rangeley ME. The GOAT skipped about 40 miles to meet us in Monson ME to complete the last 114 miles. Of the eight of us that started out, three of us completed the hike - Kamikaze and I on 08/09 and BaconDog on 08/25. (I should note that one of the eight (WetBandit) hiked south from Katahdin to Boiling Springs, PA last year and completed his northbound hike from Springer Mountain to Boiling Springs this year).

4. What was your trail name and how did you acquire it? Did most hikers have trail names?

My trail name was Gandalf and it was given to me in Georgia due to my gray beard. Most hikers I knew had trail names - in fact, it was difficult to remember their 'real' names as you only referenced them by their trail names.

5. How long is the AT? How long did it take you to thru hike it?

The official mileage of the AT changes each year due to reroutes and upgrades. This year the official mileage was 2185.3. I completed the hike in 150 days.

6. What was your average miles hiked per day, and what was the most distance you covered in a day?

I blogged on TrailJournals.com and by blogging it keeps track of my statistics. Here they are from the Trail Journals site:

➤ Trip Miles	2185.3
➤ Total Days	150
➤ Number of Zero Days	19
➤ Number of Hiking Days	131
➤ Avg Miles per Day	14.57
➤ Avg Miles per Hiking Day	16.68
➤ Avg Miles per Week	101.98
➤ Number of Trail Towns	19
➤ Nights in Shelter	34
➤ Nights in a Tent	65
➤ Nights under Stars	1
➤ Nights in Hotel	18
➤ Nights in Hostel	20
➤ Nights in House	12
➤ Longest Day	32.6
➤ Shortest Day	3.2
➤ Days over 20 Miles	32

- Days between 15-20 54
- Days between 10-15 29
- Days between 5-10 15
- Days between .1-5 1
- Most Consecutive Days Off 2
- Longest Section (no days off) 264.7 miles
- Longest Section (no days off) 13 days

7. Did you come across a lot of trail magic? What kind?

I came across considerable trail magic – especially down south. Here are some examples:

- There was a church in Franklin, NC that sent vans daily to all the hotels to pick up hikers and bring them to the church for a free pancake and bacon breakfast.
- There were several church groups that would setup at a road crossing (gap) and have hot dogs, coffee, soda, chips, etc.
- There was a woman (Frogger) who was section hiking and her father (Energizer Bunny) was following by van and would meet her at the road crossings. We met up with them daily and he always had something for us. On his last day of the two weeks that Frogger was hiking, he filled baggies with snacks and wrote our trail names on each baggie and then placed each one on stairs leading to the trail from a road crossing so that we would find them.
- While eating breakfast in Andover, ME – a woman came by and tapped me on the shoulder.
 - Woman: “thru-hiker?”
 - Me: “Yes”
 - Woman: “northbound?”
 - Me: “Yes”
 - Woman: “Congratulations – you’re almost there”.

I finished my breakfast and went to pay my bill. The owner stated that I was all set – someone had paid my bill. I looked around and saw the woman who had tapped me on the shoulder sitting at a table with a big smile. I went over and thanked her. She said that is the way she likes to do trail magic.

8. What person(s) did you meet that left a lasting effect on you?

I met a woman at Pine Grove Furnace, PA (1/2 gallon challenge) and we struck up a conversation. Apparently she had section hiked the entire AT except for a section in Maine. In 2013 she traveled from the PA area to Maine to complete her hike – this was about the same time that “Inchworm”, a female thru-hiker went missing and in the same area that she was to hike. She drove back from Maine without starting the hike – nervous about being a solo woman hiker. I reassured her that there were quite a few women hiking this year and that you can count on your fellow hiker to watch out and assist you should you encounter any issues. She took my photo as I was leaving and thanked me for “restoring her faith in the hiking community”. Months later, I’m in Gorham NH when this woman approaches me and identifies herself as the woman I had met at Pine

Grove Furnace. She stated to me that "the reason I'm here is because of you – I am going to finish that section". I never saw her again – but am confident that she completed section hiking the AT this year.

9. What pack did you use? How much did your pack weigh fully loaded?

I used a Gregory Baltoro 75. When I left Hiker Hostel (Springer Mt) it was 39 lbs. fully loaded. Somehow I kept adding more weight – mostly food – along the way. My best guess was it was between 40-45 lbs.

10. What other equipment did you have with you?

The equipment varies as you go along the trail. I sent back many things (including my stove) as I continued north. The following is what I used at some point during the hike.

- Shoes: Asolo TPS 520 (first 300 miles and PA); Solomon XA-Pro trail runners
- Socks -Darn Tough Socks
- Shirts - Icebreaker Merlino wool t-shirts
- Sleeping Bag - Western Mountaineering 20 degree
- Air Mattress - Thermarest Neo Air
- Tent - Tarptent Notch
- Trekking Poles – Black Diamond Alpine Carbon Cork
- Stove – Jet Boil
- Water Filter – Sawyer Squeeze
- Cell Phone – iPhone 5s (Verizon)
- Camera – Cannon Powershot D20 (Waterproof)
- External Battery - Anker

11. Did you sleep in a tent or shelters most nights? Any huts?

I tried to stay in my tent as often as possible at a location where there was a shelter – as there is water and a privy at most shelters. I stayed in my tent as shelters tend to have mice issues, tend to be colder in the early months and disease (noro-virus, colds, etc.) tend to linger in a shelter. Although, if it was raining I would stay in a shelter because you don't want to pack up in the rain and/or carry a wet tent. As for huts, we stayed at Lake of the Clouds Hut in NH and performed a 'work-for-stay' so that we could stay for free.

12. Did you run into any wildlife? What kind?

I saw three bears - one in the Shenandoah National Park, one in New Jersey and another in New Hampshire. I also saw a moose in New Hampshire and a porcupine in Vermont and countless snakes. I was 'attacked' by a peregrine falcon hiking out of Duncannon PA (apparently they had a nest under the bridge that I was crossing). There were some turtles resting on a log as I hiked out of Harpers Ferry.

13. How did you resupply?

At the beginning I sent resupply boxes to myself on the trail. That didn't work out well – as either I would miss the stop (i.e. PO closed on weekend) or the food

that was shipped was not what I needed. I decided it would be easier to resupply in town so I would look at a map and determine how many days it would be to the next town and shop for enough food to get me there. Usually there were no more than four days on the trail between towns.

14. What was your favorite trail food?

I think I was the poster child for Little Debbies. I loved their Streusel Cakes and Cheese Danish – plus they traveled well (really didn't get too crushed in the pack). I also ate a LOT of pepperoni and cheese in a tortilla wrap and used MIO – an additive to water.

15. Did you keep a journal of your trip? Is it on-line for others to read?

I kept a daily journal on TrailJournals.com. It was my way to communicate with family and friends that were following me. This is available to the public at www.trailjournals.com/saint

16. People say the White Mountains are the hardest part of the trail. Would you agree?

I would have to disagree. I found Maine to be more 'rugged' than the Whites. This might be due to the fact that I had already hiked most of the AT in New Hampshire and knew the terrain and had not hiked the southern part of the AT in Maine. New Hampshire, by far, has the most 'striking' views, but I really enjoyed Maine due to the remoteness of the trails.

17. How did you keep your motivation?

The views are the motivation I would use to get up a mountain on a nice day. I was fortunate that the weather for the most part was favorable. Continuous days of rain can you drag you down – this only happened in New York when it rained four straight days. I had also dedicated my hike to raise funds and awareness for the Multiple Myeloma Research Foundation. No matter how difficult some of the days may have been – I knew it didn't compare to what some of these patients endure daily.

18. Did you have any health problems or need to leave the trail for a period of time?

I was sick once through the 100 Mile Wilderness, but needed to press on to meet family and friends that I was summiting with. The other incident occurred in Lyme, NH when I slipped on a wet root and hit my head on a rock and blacked out. I was fortunate to be with two other hikers who stopped the bleeding on my forehead and "Krazy Glued" my head back together. I was evaluated by Hanover Fire/Rescue, took a day off and then continued on.

19. Describe the feeling of finishing.

Finishing was definitely not what I had anticipated. The final week as we hiked through the 100 Mile Wilderness I was fortunate to be with three other hikers who I had hiked with from Ga to Va. We reminisced and I really thought I would be emotional when I summited however it was more like "OK – done. What's

next?”. I truly was happier that I had reached my fundraising goal of \$10K for MMRF than I was arriving at the summit of Katahdin.

20. Describe how it has been to re-integrate back into your life before the hike?

My first experience with ‘re-entry’ was when we were driving back from Maine. It took five weeks to hike from MA to ME and it was going to take five hours to drive back. There is not a day that goes by that I don’t think of the trail and my trail family. There is a certain amount of ‘closure’ that I had to go through. I had planned the hike for a year and it took five months to complete – it takes time to readjust and refocus.

21. Would you do it again, or another long distance thru-hike?

If I was to hike the AT again, I would most likely go Southbound. There are many other trails such as the PCT and the CDT that I would consider however they also would take several months to complete so I do not see them in the near future.

22. What did you learn about yourself after this experience?

You spend quite a bit of time reflecting as you hike 2200 miles. The trail has taught me that there are some things you just can’t change and there is no need to stress about them. Push on and push through - it will figure itself out. Also, never say “NEVER”. A few years back when I was section hiking in Vermont, I said that I would NEVER hike the AT – and I did. Don’t give up on anything – you are your own worse and best critic. Listen to yourself.

23. Where can we see some pictures of your thru-hike?

Here is a video about my trail family:

<https://www.youtube.com/watch?v=YEIzauDr85E>

Here is a video of the views along the AT:

https://www.youtube.com/watch?v=t_E2ECzIhtY

(Mark St. John finishes the AT on Mt. Katahdin, ME Va; Photo Courtesy of Mark St. John)

INTERESTED IN BIKING??

Read Some of Our Recent Biking Trip Reports.

You Will Want to Join the Next One!

Bike Leader-Jodi Jensen: I have been leading cycling for SEM the past few years. My motivation to be a cycling leader was my previous experience as a "club" ride participant. My chain fell off my bike during a long, slow climb. By the time I got the chain replaced, I discovered I was the only cyclist around. I was "somewhere" in Chelmsford without a map and no idea how to get back to Arlington. I vowed not to let this happen to anyone else. Hence, my rides are run like a hike, which includes a leader and a sweep. I keep them manageable to approximately 14 cyclists so I can keep an eye out for the rider.

The season always starts out on a bikepath to encourage cyclists without previous group experience to try it out. This year we rode along the beautiful 22 mile ride along the Blackstone River Bikepath in RI. This is the second time I have cycled with a group to this destination. Since it's early in the season, the bikepath is quiet, with the exception of an occasional deer, and beautiful views of the river. There is always a coffee/donut stop at Dunkin's along the route.

In September, the group cycled 40 miles on Martha's Vineyard, which included both bike paths and road. We enjoyed an ice cream in Vineyard Haven and chowda in Wood's Hole before our return home. As people who have ridden with me before, it's all about the food.

Recent Biking trips have included: Pioneer Valley starting in Sunderland with optional dinner at Bub's BBQ; Wellfleet Oysterfest with optional tent camping at Nickerson State Park; and Block Island with optional dinner in Galilee.

For 2015, a weekend cycling Martha's Vineyard Sept. 11-13 is in the works. Stay tuned.

Scenic Cycling-Paul B. Currier: It is around 10AM on January 1, 2014 and I watch a slow but steady procession of vehicles with racks of road bicycles pulling into Plumb Corner at Rochester Center. The temperature is already in the 40's with the high 50's predicted. What better weather could we have for my 11th

Annual SEMAMC New Year's Day Ride? We are not always so fortunate weather wise; in fact once recently we didn't ride until mid-February. But today is one the best to kick off our cycling season and our individual quests to attain 2,000 miles to qualify for the SEM AMC 2,000 Mile Club.

Until recently, I did not know that I had been leading rides for 12+ years. When asked how long I had been leading, I guessed at 7 or 8 years; planning the upcoming NYD ride proved me pleasantly incorrect. Since the founding years, I have brought my annual schedule of leading rides up to about 42 a year: New Year's Day, a Sunset/Full Moon ride every month; Tuesday rides one time a month all year long, and First day of spring, last day of summer and last day of fall thrown in for good measure. It is a long schedule involving much time and effort to plan and produce but for the most part it is rewarding to do so; at times, though, I'll admit, it does become a tad overwhelming.

I've done my Century and a few Metrics; but am now enjoying shorter 25-35 mile rides that offer chances to appreciate this most beautiful place in which we live. From (and including) Rhode Island through our South Coast towns, Cape Cod, and the South Shore, we are offered one the most interesting and scenic places to ride. And it is in constant change – the ocean, sky, birds, animals, flowers, plants, trees, and marshes. Toss in our spectacular architecture dating from the colonial to modern and the package is complete! Except for sunset at Skaket, eagles in Tihonet, the huge red moon of late summer rising under, though, and finally over the Sagamore Bridge, Sun dogs over Craigville Bach, the Boch Llama "farm"; Menemsha; the fox taking a few steps away but curiosity making him stopping to look back at us; the coyote patiently sitting and watching us pass by; the triple rainbow on the canal; the osprey splashing out of the water with fish in talon; whales off Herring Cove Beach: the Provincetown street performers; deer at Scusset; The Cliff at Sagamore Highlands; the smell of the marsh at First Encounter Beach; Chatham in bloom in mid-July; the Red Tail Hawk high in a dead tree scanning for lunch.

Knowing that my rides do not fit everyone's taste, our Chair of biking Cheryl Washwell and I would be willing to guide you along to share your favorite rides (faster, slower, shorter, longer, etc.) with us. Submit your route to Cheryl @ cawashwell@gmail.com for approval and we'll set a date for you to co-lead/navigate the ride. And soon you will feel the pride and pleasure of leading cycling rides and sharing your knowledge of your favorite areas with us.

Exploring Nantucket Bike and Walk in June

We had a blast on a weekend trip to Nantucket – This was coordinated and lead by me – Cheryl Washwell, Bike Chair and Patty Rottmeier, Treasurer.

- Departed Hyannis Fri 6/20/14 at 12:00pm on the Steamship Authority Traditional Ferry (Slow boat).
- Arrived in Nantucket 2:15pm at the Steamship Wharf. Luggage was transported by Patty's car to the Hostel in Surfside. Everyone biked to the Hostel thru downtown (route was thru the historic district) and to the Surfside bike path (3.4 Miles). All Checked in to the Hostel by 4pm.
- Dinner was at LoLa Burger (casual dining with fun atmosphere) at the rotary about 5pm-ish. Although the restaurant was about 2 miles from hostel, we squeezed 7 people in Patty's Mazda SUV and 4 in the little red Jeep Wrangler. 2 others biked in for additional fun.
- After dinner 9 of us rode back, 2 walked back (the long way) to the Hostel for the sunset and evening at the beach. With minimal light pollution, and clear sky, viewing the constellations was splendid, while listening to the surf.
- Saturday bike trip – Breakfast was provided at the Hostel by 7am. First Trek was the Siasconset Loop – started from Surfside to Siasconset (east side of island) by way of Polpis road. We rode about 13 miles of windy bike path with slight ups and downs, with no big hills. Once in Siasconset we were able to do a little touring around of the town with cute little houses from the 1800's. Since it was early (11am) we decided to continue to Cisco Beach & Cisco Brewery on the way to Cisco Beach for lunch. This leg of the trip was 11 – 17 miles on Milestone Rd (very flat and straight stretch) to the Rotary, then to Fairgrounds Rd bike path to Surfside bike path and then Surfside to Vesper Lane to Cisco bike path. We reached the Cisco Brewery where we were could pick up a lunch at one of the concession trucks from local restaurants and a beverage from the brewery...one favorite was the Blueberry Triple 8 Vodka with Lemonade. We enjoyed the outside seating, at the brewery, in the beautiful day we were blessed with. We then biked back on to Cisco Beach for a little beach time and get our feet wet in the surf. Now we had a few who wanted to find some ice cream so we back tracked on the Cisco bike path and continued into downtown to find the ice! That was a bit tricky thru the narrow roads and Saturday afternoon traffic (with 12 bikers), but we survived it. We made it to the Juice Bar for the homemade ice cream....Then back to the Hostel to clean up for dinner...
- Saturday night dinner was a NE Clambake (lobster, chowder, corn on the cob) or a non-seafood choice from Sayles Seafood. Food was served at Patty's (Rottmeier) house in Naushop on Old South Road for a little birthday revelry for the twins (Patty & Joanie). We had the car shuttling again, and by now we are still all getting along, so that was still fun also. Fun evening of eating, and exchanging stories.

- Sunday – 9am the Patty Coach came to pick up the luggage and the group sang “Happy Birthday” to the 2 birthday girls again. Lots of chuckles were had....Now it was time for all saddled to up for their bike ride to the

- Steamship. We had time before the boat departs at noon, so everyone strolled around downtown to window shop, have coffee, or buy gifts for their loved ones...Sandwiches were picked up on Broad Street (otherwise known as fast food alley) near the Steamship to take on the boat for lunch. One last laugh for the adventure was that once we unloaded the luggage from the car, there was one extra suit case that belonged to no one in the group...oops...we picked up someone else’s luggage from the Hostel...with a quick call to the Hostel, disaster was averted for one distressed camper. Boat sails back to America, with the happy bikers who hope to come back for another trip.

Bike Leader-Jack Jacobsen: My name is Jack Jacobsen and I'm from the little town of Fairhaven located on the south coast of the state. I've been leading bicycle rides for the AMC for about 11 years and I'd like to share some info on my favorite rides.

One of my favorite rides is actually right in my hometown of Fairhaven. It's a 27-mile ride that's very easy to do which makes it a good ride for beginners. It's also a very safe ride traveling a lot on the Phoenix/Mattapoisett Rail Trail and on quiet back roads. The ride has no hills on it - just flat, easy riding all the way. Beautiful ocean views of Buzzards Bay, New Bedford Harbor and West Island make this a really nice, scenic ride. A mile before the end of the ride we usually stop at Simmy's Restaurant for lunch. Check out the AMC schedule and don't miss out on this great ride. I like to do this one 6 or 7 times a year.

Another old favorite ride is the Dighton Rock State Park ride. It's a 35-mile ride that starts in Lakeville and passes through the quiet country towns of Freetown and Berkley. The highlight of the ride is the stop at Dighton Rock State Park overlooking the beautiful Taunton River. There's a little museum that houses the Dighton Rock with the ancient inscriptions carved on it. Originally the rock was sitting in the Taunton River but was lifted out in the 60's and placed in a museum. No one knows for sure who wrote the inscriptions but there are 4 different theories. It could have been the local Native American Indians or either Viking, Portuguese or Phoenician explorers who sailed down the river hundreds of years ago and left their marks on the Rock. The museum is free and open only by appointment so call ahead of time. Another good feature of the ride is availability

of rest rooms and waters either here or at another stop we make at the Freetown State Forest.

Another highlight of the ride is a stop at a mini Fenway Park in Freetown. There's a Little League ball field in Freetown that's an exact replica of Fenway Park, the home of the Red Sox. It's got the Green Monster in left field and looks just like Fenway only on a smaller scale. The ride also features a couple of thrilling downhill runs that are always fun to do. Well that's all for now and I hope to see you at the rides. Jack Jacobsen cyclejac51@yahoo.com

Passings

On September 29 our beloved friend and hiking buddy Eddie DeSantis passed away peacefully at the age of 93 at The Ellis Nursing Home in Norwood. He was a man of great character, always cheerful and admired by everyone who knew him. During the depression he was in the Civilian Conservation Corps in New Hampshire where he acquired a passion for the outdoors and hiking. Eddie was a volunteer for DCR Blue Hills TrailWatch at Ponkapoag, a member of the AMC and Friends of the Blue Hills. As an active hiker with the AMC and the Blue Hills Adult Walking Group, he was known as the "candy man" and the "Mayor" of Blue Hills. When he wasn't hiking with the group, he walked every day at Ponkapoag, greeting walkers along the way. We will cherish our memories of him on the trails, his positive attitude, and his determination to get out no matter what kind of weather. He was an inspiration to all of us and will be sorely missed.

(Photo and text courtesy of Nancy Moran)

Hiking in Switzerland, Italy, and France! (Part 3 of 3)

By Gina Hurley

(Photos courtesy of Gina Hurley)

Part three of my trip took us from the Ligurian Sea and Cinque Terre in Italy, to the high elevations and mountains of Chamonix, France. The official name of the town is Chamonix-Mont-Blanc, but is often, and simply referred to as Chamonix. It took about a day and half to get from Cinque Terre to Chamonix, using both trains and buses. Chamonix is situated in the middle of the Alps region in south eastern France. It was the site of the first winter Olympics in 1924. The town is surrounded by stunning mountains and spectacular peaks. The population is around 9,800, and the town is filled with hikers, climbers, and skiers all year long. Given this, there are a few campgrounds in town, which is where we stayed for six nights. The view of Mont Blanc from the campground was amazing.

View of Mt. Blanc from the campground

Top of L'Aiguille du Midi

Our first full day in Chamonix we took two cable cars to the top of L'Aiguille du Midi. It was a beautiful clear day, and you could see the top of Mt. Blanc, which felt like it was close enough to touch. The peaks and terrain were covered in snow, and the many hikers had their mountaineering gear, and were roped for safety. Although the scenery is stunning and spectacular, the dangers of hiking in this area are very real. We took the cable car back down to the middle of the mountain, and hiked a few hours to the Grand Hotel du Montenvers. This hotel sits next to the Montenvers glacier, which is located on the northern slope of the Mt. Blanc massif.

Hotel Montenvers

Montenvers Glacier

There is so much hiking in and around Chamonix it is hard to decide where to go. Our second hike started from Le Tours, about a 45 minute bus ride from Chamonix. After taking two chairlifts we started hiking towards Refuge Albert 1, and very modern mountain hut. The hut sits next to a glacier, and there were many roped mountaineering groups traversing the glacier. Hiking in the Alps is different from the hiking I have done in the United States. Most hikers take the chairlifts up at least part of the mountain to begin their hiking. The huts are also different, more modern, and more of a business.....serving food and drinks to hikers all day long. The scenery was beautiful. We sat on a big rock overlooking the glacier enjoying our packed lunch.

Hiking Trail to Refuge Albert 1

Our last great hike in Chamonix was to Le Brevent. We took a chairlift and tram to the top of Brevent, then hiked to Lac Brevent and another mountain hut. On the way we saw many goats, including this mother and baby.

Goats near Lac Brevent.

Instead of taking the tram back down, we hiked a ski trail, which made me want to return to Chamonix for a winter trip!

Hiking in Switzerland, Italy, and France was our dream hiking trip! I would do it again in a minute. If you are interested in hiking in Europe I hope you consider any of these places. You will not be disappointed!

SEM COMMITTEE ANNOUNCEMENTS

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

BICYCLING

- WANTED: Biking Vice Chair. Contact bikingchair@amcsem.org
- WANTED: Ride Leaders and Co-Leaders. Are you enthusiastic about cycling? Do you like showing other riders your favorite roads? If yes, then why not share your enthusiasm and routes w/ your fellow AMC members? Contact Bike Chair (bikingchair@amcsem.org) for more info.
- AMC SEM 2,000 Mile Club. AMC SEM has a unique 2,000-mi Club. Certificates of achievement and embroidered award patches are presented annually to members who ride 2,000 mi or more per year. Contact the bicycling chair to register your mileage and for more info. (bikingchair@amcsem.org)
- Tues. Rides. Turn Those Tires on Tues. Rides scheduled all year long, weather permitting. 25 mi of road or 15 mi of mtn. biking. Tues. at 2 p.m. Flat to hilly. Contact L for start location and directions. Intermed. pace. Riders and bicycles in top shape; tires and riders pumped and ready to roll; helmets and water req'd. L Paul Currier (508-833-2690 8am-7pm, paulbcurrier@comcast.net)

CAPE HIKES

Looking for additional leaders to lead hikes on the cape! Contact the capehikingchair@amcsem.org

HIKING

- IMPORTANT: No pets w/o prior permission of trip leader. Individuals under 18 years of age must be accompanied by a parent or responsible adult, and obtain prior consent from L. Those accompanying a minor are responsible for minor's actions. Reg. req'd for most hikes, preferably at least 1 week prior to the trip so Ls can discuss prior hiking exp., conditioning, clothing, and equipment. Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy)
- Get your 100-mile patch! Contact hikingchair@amcsem.org.
- Always looking for additional hike leaders! Contact hikingchair@amcsem.org

PADDLING

Looking for additional paddle leaders! Contact paddlingchair@amcsem.org

SKIING

Looking for ski chair. Looking for someone to take over the ski committee and plan xc ski and downhill ski events in the winter. Contact the current ski chair at xcskichair@amcsem.org. Also looking for xc and downhill ski leaders! Also looking for a Vice Ski Chair.

SOCIALS

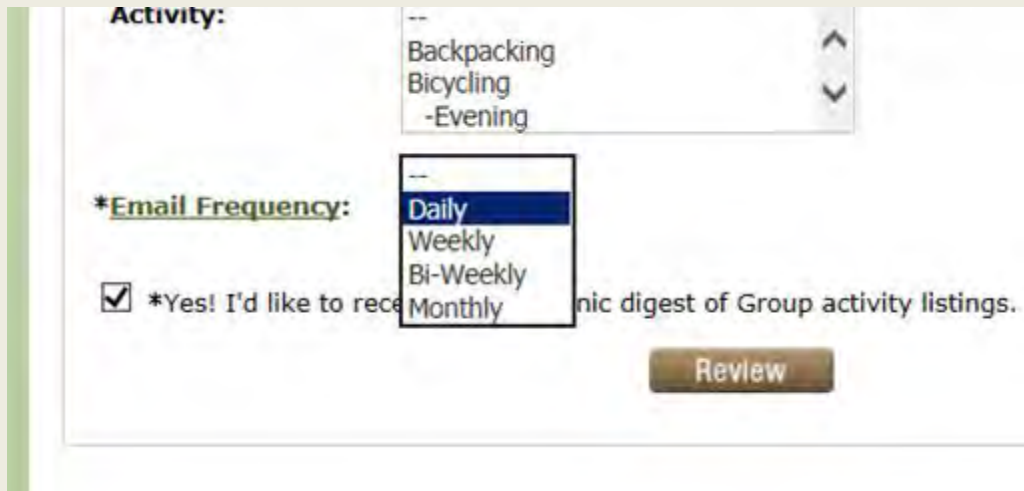

Looking for leaders to lead social events. Contact: socialchair@amcsem.org

TRAILS

Looking for leaders to lead trail work events. Contact chair@amcsem.org. Looking for a trails chair. (We have a trails vice chair!)

NEW: AMC SEM Trips Can Appear in Your Email--Daily!

- An easy and convenient way to always know what's coming up!
- Go to the AMC Member Center (get there via amcsem.org, right-hand side).
- Then "Subscribe to Activity Digests" (choose hike, bike, paddle, etc.).
- And choose daily (or weekly, bi-weekly, or monthly).

The screenshot shows a web form for selecting activity and email frequency. The 'Activity' dropdown menu is open, showing options: Backpacking, Bicycling, and -Evening. The '*Email Frequency:' dropdown menu is also open, showing options: Daily, Weekly, Bi-Weekly, and Monthly. Below the dropdowns, there is a checked checkbox with the text '*Yes! I'd like to receive a periodic digest of Group activity listings.' and a 'Review' button.

Cell Phone Use While Driving

By Alan Greenstein

Driving to your next AMCSEM event may require more focus on driving and less use of your cell phone. VT is most recent state to add a specific regulation prohibiting the use of a hand held cell phone while driving. The Vermont law went into effect on October 1, 2014. VT joined CT with this regulation. The VT law states that an electronic device "can be used for single button HANDS-FREE operations long as the device is in a cradle or otherwise securely mounted in the vehicle." MA has some individual town regulations regarding cell phone use and Maine has specified a distracted driver infraction. All the New England states prohibit texting while driving. Inasmuch as this area of motor vehicle regulation is receiving considerable attention and is changing quickly, make every effort to stay current on the laws in each state where you drive. Most importantly, stay alert and arrive at your AMC event happy and ready to have FUN.

Click [here](#) for more information.

AMC ADVENTURE TRAVEL LEADERSHIP TRAINING

November 14-16, 2014

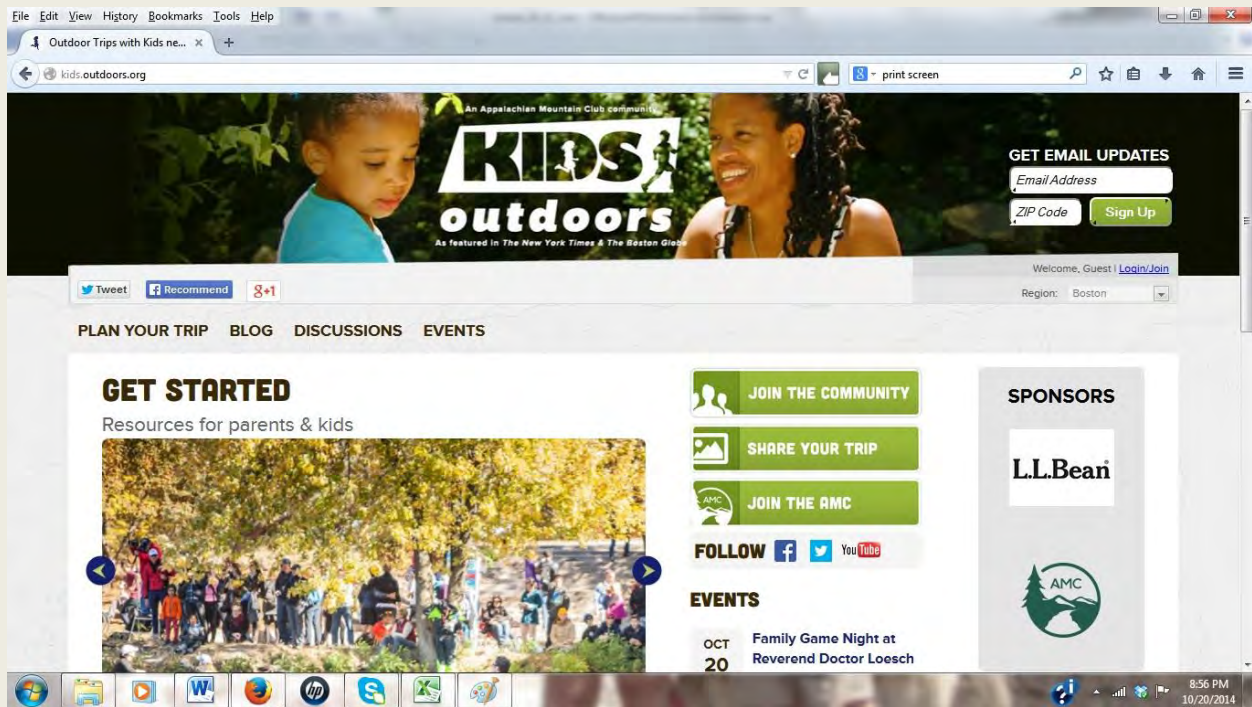

Visit some of the most exciting places in the world as the leader of an AMC Adventure Travel trip! This workshop provides important training to people who have AMC chapter leadership experience (no beginners) to transition from leading weekend chapter activities to more complex and longer trips, domestically and overseas. Previous outdoor leadership training is necessary. Emphasis is on planning, cost estimating, marketing, trip management, people skills, risk management, and reporting. Includes procedures and guidelines for researching, proposing, and leading AMC Adventure Travel trips. Exchange ideas, problems, and solutions with some of AMC's most experienced and skilled leaders. Small group size assures abundant discussion and access to instructors. Cost: \$75 incl. 2 nights lodging, 2 breakfasts, 2 lunches and Saturday dinner at White Memorial Conservation Center in Litchfield, CT. Download registration package at: <http://snebulos.mit.edu/majorexursions/training>. Please register by October 25th. For details contact Registrar Merri Fox, merri.fox@pw.utc.com

Conservation Tip

Wash your laundry in warm or cold water. If every household in the United States switched from the hot-hot cycle to the warm-cold cycle, it would save energy comparable to 100,000 barrels of oil per day. Imagine how much more would be saved if you switched to cold-cold! Not only does washing your laundry in cold water save energy, it also helps your clothes keep their colors longer. To save even more energy, only run the laundry machine when you have a full load.

December 2014

View From the Chair

Maureen Kelly, Chapter Chair

Hello! I am very excited and honored to be the Chapter Chair of SEM. I'm grateful to the previous Chairs and Executive Committees for their hard work and organization, especially to Cheryl Lathrop. I plan to build onto their successes with the help of our many wonderful volunteer leaders and officers.

December starts the season of winter fun. If you've always wanted to be more active in the winter, **now** is the time to check our list of trips and join us for one. Our trained volunteer leaders are waiting to show you the beauty of winter.

We are always looking for new leaders and new volunteers. Meet some great people who love the outdoors. Feel free to contact me if you'd like to volunteer, make a suggestion or just introduce yourself.

See you outdoors!

Maureen Kelly, Chapter Chair

Activity Participation Policy

"AMC encourages involvement in its mission and activities, through its membership, programs, policies and procedures. Our goal is to be a community that is comfortable, inviting and accessible for people of any age, gender, race, religion, ethnicity, ability, sexual orientation, or socioeconomic status. Some AMC programs are designed for a certain age range of members or for a special activity or topic. However, any person who meets the minimum qualifications (skills, experience, fitness) established by the trip leader(s) for an activity is eligible to attend, if space is available." experience, fitness) established by the trip leader(s) for an activity is eligible to attend, if space is available.

SEM COMMITTEE ANNOUNCEMENTS

!

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

!

CAPE HIKES

Looking for additional leaders to lead hikes on the cape! Contact the capehikingchair@amcsem.org

!

HIKING

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

!

SKIING

Looking for ski chair. Looking for someone to take over the ski committee and plan xc ski and downhill ski events in the winter. Contact the current ski chair at xcskichair@amcsem.org. Also looking for xc and downhill ski leaders! Also looking for a Vice Ski Chair.

!

SOCIALS

Looking for leaders to lead social events. Contact: socialchair@amcsem.org

!

News from the Communications Committee

Meet Mark St. John

Recently I was elected as the Vice Chair of the Communication's Committee for the AMCSEM. For the past fifteen years I served various roles in the IT department of a specialty retailer in the Boston area – most recently as the Director of IT. I am hopeful that I can bring some of my expertise to AMCSEM to streamline technology and make the experience for the end-users and the administrators a more fulfilling online engagement. I have been a member of AMC for several years and have participated in the

WFA course that was presented in 2013. In addition to this I have done considerable hiking in the area completing both the Appalachian Trail (thru-hike) and the Long Trail (section-hike) in 2014 and the NH 48 4,000 footers in 2012. I continue hiking as often as I can get out and will continue my quest of the NH 'Winter' 48 4,000 footers this year. I am a member of the Appalachian Mountain Club, Appalachian Trail Conservancy, Green Mountain Club and Appalachian Long Distance Hiker Association. You can reach me at communicationsvicechair@amcsem.org.

Annual Winter Hiking Workshop Draws a Crowd

By Paul Miller, SEM Hiking Committee Chair

The SEM Hiking Committee held our annual Winter Hiking Workshop in Sandwich on Nov. 1, 2014 (prior to the Annual Meeting and Dinner in Onset).

Approximately 30 curious people with a wide variety of hiking backgrounds participated in this successful workshop, which was possible thanks largely to the efforts of SEM winter hike leaders Leslie Carson, Mike Woessner, Walt Granda, and Eva Borsody Das; plus Sue and Kevin Mulligan (who put on a dynamite winter hiking slide show).

The program covered appropriate clothing, gear, hydration/nutrition, and conditioning for safe and enjoyable winter hiking in the White Mountains of New Hampshire.

Participation in this (or an equivalent) workshop is a prerequisite for hikers without prior winter hiking experience to register for the 2014-15 SEM Winter Hiking Series. This season's series includes trips to Mt. Wachusetts in Princeton, MA; Mt. Kearsarge North in North Conway, NH; Mts. Tom and Field in Crawford Notch, NH; and a winter overnight trip to the AMC Zealand Falls Hut in NH.

Wilderness First Aid Training November 8 and 9, 2014 at Chapel Meeting House

By Doug Griffiths

Say you are a couple miles up the trail. What would you do if a member of your hiking group tripped and seriously sprained their ankle, or maybe even broke their ankle? How about if you are confronted with someone having an asthma attack or reaction to a bee sting? What if you came across someone who just had a bad fall from the steep cliff trail they were scrambling up, their leg doesn't look very good, or worse, they are unconscious? Don't freak out, take a deep breath and recall your wilderness first aid training.

This two-day, concentrated but manageable course, gives you a systematic approach to assessing the scene, the circumstances, the injury and the response that you can offer when rapid professional intervention is an hour or more away.

Twenty two people, most of them AMC members, took advantage of the most recent wilderness first aid training at the charming and convenient Chapel Meeting House in the Cocasset River Recreation Area in Foxboro, MA. Beautiful weather allowed us to focus completely on the hands-on training opportunities, much of which takes place outside.

Led by an instructor from SOLO (Stonehearth Open Learning Opportunities), a wilderness medicine school in Conway, NH, the course involves about equal parts of lecture, followed by practice scenarios, feedback and discussion. Participants trade off roles as victims and rescuers for practical experience. Even the victims get instructed how to act out their injuries for true realism. It's fun, exciting and serious all at the same time. As a rescuer, your heart rate increases just as it would in a real life situation. There is ample time to discuss and process the practice scenarios. SOLO has been providing these trainings to AMCSEM for several years, and our instructor for this course, Kathryn, was dynamic and engaging.

The curriculum for the course has been carefully prepared by SOLO and includes instruction in assessing the scene for safety, assessing the patient for both critical and less critical injuries, obtaining necessary background information, and then providing comfort and treatment with whatever resources you may have on hand in the backcountry. Attention is paid to developing a rescue plan, managing the safety and anxiety of the rest of your group as you wait for or travel towards more definitive treatment. There is a specific framework for these assessments and plans that is outlined in an excellent, easy-to-read, illustrated text that is provided to all participants.

Wilderness first aid training is required for current and prospective AMC hike leaders, but is a great experience for anyone who enjoys outdoor recreation including hikers, bikers, paddlers, skiers, campers and families. This course increases your confidence and so increases your enjoyment of all those activities. It's fun to meet new faces from outside the chapter who take advantage of the training. This course included fifteen SEM members, three Boston chapter members and four non-AMC'ers. Naturally, WFA participants are outdoor enthusiasts who have their own stories and tips for great trips and destinations.

The skills learned in wilderness first aid are most helpful when two or more people involved in a group activity have experienced this training. Using teamwork when confronting a situation multiplies the level of care, the degree of calmness, and the confidence brought to bear. Keep an eye out for future offerings. You won't regret it!

Earn An AMC SEM Patch In Conservation!

The AMC SEM Conservation Committee is proposing to offer a patch for conservation-related activities, similar to earning a patch for climbing all 4000 footers in the White Mountains or riding a bike for 2000 miles. To earn a patch, participants would need to complete any 10 activities from the 18 listed below, but at least one from each of the six categories. Ideally, you would not pick an activity that you already do, and each activity should be done whenever possible, but for at least one year. Should you have your own ideas for an activity within a category, feel free to substitute, but please let the Conservation Committee know in advance. Completing the activities as a family or group is fine, as long as everyone participates. We will establish a central location to update progress. Here are the categories and the activities in each:

Conservation Activism

!

- Write an elected official about a conservation-related topic
- Read a book about conservation and write a summary for AMC SEM Breeze
- Teach 'Leave No Trace' principles to a local group

!

Environmental Activism

- Spend at least a day doing trail work maintenance
- Participate in conservation-related events, such as clean-ups, walks or lectures
- Plant native plants around your home that require less water and pesticide

!

Health Activism

!

- Walk or ride a bike on one errand or commute per week
- Replace one grocery item with an organic or locally-grown item per week
- Use organic fertilizer and pesticide

Energy Conservation

- Thermostat: not higher than 63 degrees F in winter, not lower than 78 F in summer
- Always turn off unnecessary lights and appliances
- Take stairs rather than elevators

!

Water Conservation

!

- Collect rain water to use for watering lawn and garden
- Take shorter showers
- Use gray water to flush toilets

Waste Reduction

- Compost kitchen and yard waste
- Use reusable bags at stores other than grocery stores
- Reduce household waste disposal by 10%

Reducing household waste by 10% might sound a bit tricky to accomplish. Here is our thought: each person should estimate how much trash they dispose of per week e.g. "my trash can is always 3/4 full", and then etch or paint a line about 10% below that. Then each week, try to get close to the line. It is imperfect, but we are trying to instill a way of thinking related to reducing, reusing and recycling as opposed to strict rules.

Please let us know what you think about the idea of a Conservation Patch and the specific activities by emailing the Conservation Committee at conservationvicechair@amcsem.org. We may change the activities depending on feedback. We hope to begin the program in 2015. As the recent U.N. IPCC report highlighted, now is the time to focus on conservation/environment issues/ climate change!

Sincerely,

AMC SEM Conservation Committee

Come to August Camp 2015 in Oregon's Beautiful Central Cascade Mountains

!

August Camp 2015 will take place in the Three Sisters Wilderness area in the Central Cascades of Oregon, southwest of Portland. This area offers terrific hiking and fascinating geological sites. Studded with volcanic peaks, mountain lakes, wildflower meadows, lava tubes and obsidian, miles of beautiful hiking trails, including the Pacific Crest Trail and the Three Sisters Wilderness Area -- it's legendary for a reason! In addition to the multiple hikes August Camp offers each day for all levels of ability, other activities may include car camping at Crater Lake National Park, backpacking, sightseeing excursions, river rafting, canoeing and kayaking. Delicious cooked meals and trail lunches are provided; great camaraderie and nightly campfire make for a memorable experience. This full service tent village accommodates 64 campers each week, and the fleet of rental vans provides transportation to trailheads, as well as between camp and the airport (Portland International) each Saturday.

The Application and Camper information forms, as well as detailed Camp information can be found on the

August Camp website at www.augustcamp.org. Plan your one or two week adventure now and be part of one of the AMC's oldest traditions.

Applications will be accepted after Jan. 1, 2015.

Week 1: July 18 - July 25

Week 2: July 25- Aug 1

Week 3: Aug 1- Aug 8

Week 4: Aug 8 - Aug 15

Questions about August Camp? Contact hike leaders Éva Borsody Das, borsody@gmail.com, or Leslie Carson, lc929@comcast.net

AMC ANNOUNCEMENTS

YOU'RE INVITED...
to help us kick off a fantastic year in the outdoors!

AMC Annual Summit – Norwood, MA – Saturday, January 25, 2015

The AMC Annual Summit is a fun day of exciting trainings, meaningful meetings, and fun conversations with volunteers and staff from every level and area of the club. We have curated a great selection of useful and interesting courses this year including:

- Splinting in the Backcountry
- AMC's Historical Film Fest
- Advocacy for the Outdoors
- Volunteer for Trails!
- Navigation for Sea Kayakers
- Group Dynamics for Leaders

and many more!

!

For more information and to register, visit outdoors.org/AnnualSummit

AMC's New Books!

AMC Fall Books: [No Limits But the Sky: The Best Mountaineering Stories from Appalachia Journal](#) and [Outdoors With Kids Maine, New Hampshire, and Vermont](#). Contact Ryan Dorsey (rdorsey@outdoors.org) if you are interested in writing a review for either of these books in your newsletter.

Adventure Travel

Adventure Travel recently added 7 new trips to their 2015 calendar. There are a total of 41 opportunities in 2015 for an adventurous trip with like-minded travelers, and we have started listing our trips for 2016 too. Travel the globe including such destinations as Thailand, Utah, Machu Picchu, Austria, Alaska and Patagonia. Check out our full listings of trips at www.outdoors.org/adventuretravel. If you are interested in leading Adventure Travel trips, please contact Nancy Holland (nholland@outdoors.org) for more information about the upcoming training in November.

!

AMC NH Chapter Winter School

Two sessions Jan 30-Feb. 1, and Feb. 27-March 1 2015

!

This workshop offers instruction in winter mountain travel to backcountry skiers and snowshoers of all levels, covering just about every aspect of winter backcountry travel. The weekend is filled with instruction, field exercises, lectures and discussions. And there will be plenty of great food to fuel you back up!

!

Choose from one of the following classes:

- Introduction to Winter Mountain Travel: beginner and intermediate classes. Instruction in safety equipment, route finding, map and compass, off-trail navigation, weather, trip planning, nutrition and emergencies in the mountain environment.

!

- Backcountry Skiing: beginner, intermediate and Down-mountain Backcountry classes.

!

- Advanced winter wilderness travel, high peaks and crampons.

!

- Winter backpacking: beginner in January, intermediate class in February. Instruction in backpacking equipment, campsite selection, route finding, map and compass, weather, trip planning, cooking and emergencies. For those who want to take their skills beyond day hiking. Plan to spend Friday and Saturday night outdoors and provide for your own backpacking equipment.

!

- Leadership and Mountain Skills: For those who have good winter hiking and/ or skiing skills, and wish to enhance them to run trips of their own. Exercises in planning, organizing and conducting trips with emphasis on leadership techniques and group dynamics. Plus the basics of accident scene management, medical considerations and off-trail navigation.

!

Not sure which class is right for you? Just ask Workshop Director Rick Silverberg at (603) 225-5921. You must be 18 years or older to attend. Cost is \$150 for AMC members and \$170 for non-members, and includes lodging, excellent meals, materials and instruction.

!

Workshop begins at 7:30 p.m. on Friday and ends at 4 p.m. Sunday.

!

For more information go to www.amc-nh.org

!

AMC Activity Digests

Find out about new chapter activities the day they are posted!

!

Don't have time to search AMC's or your chapter's website? Can't wait for your weekly digest? Good news! You can now receive a daily update of newly posted chapter activities via e-mail. You can be notified of upcoming chapter activities by chapter, activity area, or region.

Sign up for this member-only benefit now, or update your digest settings, through AMC's Member Center: www.outdoors.org/membercenter.

The *Breeze*

The Newsletter of the Southeastern Massachusetts Chapter of the AMC

January 2015

View From the Chair

Maureen Kelly, Chapter Chair

Happy New Year!

Every year at this time we gather our hopes and dreams for the New Year. We commit ourselves to improvement. Come with us this year as we increase our strength and vitality outside. Come with us as we learn about and protect our environment. Come with us and join the social fun. Start off 2015 with the Southeastern Mass Chapter of the AMC.

In January, our local hikers will be at the Barnstable Crooked Cartway, Moose Hill in Sharon, the Blue Hills, a R.I. Monastery, Hawks Nest State Park, Ryder Conservation Lands, the Bay Circuit Trail at Borderland State Park, Island Pond in Harwich and Great Woods in Mansfield – and that is only January! Don't you want to experience all those wonderful local places?

Come with us! We'll be looking for **you** on the trails.

See you outdoors!

Map and Compass Training

A compass is one of the 10 hiking essentials to pack. If circumstances dictate going off trail, do you know how to use one to get yourself (or a group) out? All hikers should have a sufficient knowledge of M & C skills to guide themselves and others to safety.

To encourage SEM members to develop (or refresh) skills in the use of terrain navigation using a map and compass, the SEM Executive Board has approved funding for a scholarship to promote map and compass skill development. A special application form (the Barry Farnsworth Memorial Scholarship) has been created and is now available on the SEM website under "Documents". (Click [here](#)). **The scholarship offers up to \$100 toward the M & C tuition offered by any AMC or non-AMC entity (e.g., REI, LL Bean). This award is open to all SEM members, trip leaders and non-trip leaders alike.**

Current M & C Offerings: April 24-26, 2015, NH Chapter Spring School @ AMC Cardigan Lodge.

SEM CONSERVATION CORNER: By Joshua Tefft!

What's new in SEM Conservation?

Hello everyone! I'm Joshua Tefft, the new Conservation Vice Chair. While conservation may not be at the top of everyone's list, it is the cornerstone for what we love as outdoor enthusiasts. Without conservation we wouldn't have so many outdoor parks and other areas to enjoy. But conservation isn't just about having special areas for nature to thrive, and people to visit; it is about the human/nature interaction in its entirety. Everyday our actions affect the environment in some way (for better, or worse); these actions not only affect nature, but our own well-being too. It only takes a little effort for everyone to contribute to the conservation of our planet's natural resources; it can be as simple as recycling, or repurposing an item.

The SEM Conservation Committee is hoping to help you become more conservation savvy, and live more sustainably (if you choose). The SEM Conservation web page will be updated soon with new links related to conservation, including where to recycle electronics, water and energy saving tips, and suggested reading list. We will also be contributing a monthly article in the *Breeze*, and establishing a **Conservation Patch Program**.

Saving money and energy in an un"bear"able winter

A lot of us in New England love the winter months, the beautiful snow covered peaks and frost laden forest. However, there is nothing pretty about a hefty heating bill. High heating bills not only have a negative effect on your wallet, but the environment too. The simplest money saving tip is to turn your thermostat down when you're not home (save 10% a year). Sealing cracks and holes in your house with weather stripping or caulk is another great tip, which will pay for itself in a year. For those of you wanting to cut more off your heating cost (35%-50%) a pellet stove is a great investment. Click [energy saving tips](#) for more ways to save this winter, and winters to come. The EPA also has a new [Energy Star Tool](#) to help homeowners save money this winter. So by applying a few of these suggestions you could not only save the environment, but a few dollars along the way.

For any questions, comments, or to volunteer on the committee please contact me at conservationvicechair@amcsem.org. Stay warm and happy.

COMING ATTRACTIONS FOR SEM AMC CYCLING 2014-2015

- Winter cycling – We are still road cycling on the few sunny days we are having – anyone want to be added to the list? If so, contact

paulbcurrier@comast.net,

508-833-2690

- Sunday Dec. 21 – Winter Solstice Ride. Contact

paulbcurrier@comast.net,

Update on Damage in the Southeastern Massachusetts Bioreserve By Everett Castro

In the southeastern corner of Massachusetts is the Southeastern Massachusetts Bioreserve (SMB). By linking protected lands managed by the Department of Conservation and Recreation, the Massachusetts Department of Fish and Game, The Trustees of Reservations and municipal watershed land controlled by the City of Fall River, the SMB was born.

In establishing the Bioreserve, Massachusetts seized a rare opportunity to protect a large, contiguous area of coastal forest with diverse habitats. The SMB protects natural communities representative of the region such as Atlantic white cedar swamps, which host species adapted to wet conditions and the pitch pine-scrub oak barrens, which host species that are adapted to dry conditions. Species considered at risk by the state's Natural Heritage and Endangered Species Program are the Plymouth gentian, a flowering plant found only along broad, sloping lakeshores; Hartford fern; marbled and four-toed salamanders; spotted and eastern box turtles and the barrens buck moth.

The SMB provides opportunities for the enjoyment of the natural environment and for appropriate outdoor recreation. Unfortunately, before its creation a little more than a decade ago, the Freetown/Fall River State Forest section of the SMB suffered years of neglect. Trails were illegally cut and legal trails were compromised by off-road vehicle (ORV) activity. The most serious land and trail damage in the SMB occurs along Rattlesnake Brook and its watershed. Rattlesnake Brook is a high gradient stream flowing almost entirely through protected land, northerly to the Assonet River and westerly, to the Wild and Scenic Taunton River.

Rattlesnake Brook is one of the last pristine, ecologically-rich, brooks in Bristol County and will be even richer in species diversity when the remnants of a dam are removed and anadromous brook trout, river herring and other species can once again ascend to their natal waters for spawning.

Seeking to find ways to restore the brook reclaim the land and repair legal trails AMCSEM long-time member Rick McNally contacted AMC. He was referred to AMC's Director of Trails and Recreation Management Andrew Norkin and Trails Supervisor Kris Kebler and asked them if they would come down and take a look at the damage and assess what it will take to repair it.

Andrew and Kris were kind enough to come for a site visit December 3rd to view the most egregious damage. While walking and viewing the site Andrew and Kris shared some initial ideas and they promised to get back to Rick with a more comprehensive assessment of what can be done to return the land to its former pristine condition ...or else as close to pristine as is humanly possible.

Thanks to Andrew and Kris for their interest and we look forward to their report.

From all of us at AMC SEM we wish you a very Happy New Year!

Make your New Year's resolution to get outside!

NEWS FROM THE EDUCATION COMMITTEE

Leadership Training

The next Leadership Training course will be held on Saturday, April 11, 2015 at the Chapel Meeting House, 56 Mill Street, Foxboro, MA 02035. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshments are provided. The course is offered at no cost to SEM members.

This training is required for prospective SEM trip leaders, but is useful for any participant interested in improving their outdoor skills and anyone wishing to become familiar with trip group management.

To register, please contact AMCSEM Education Chair Doug Griffiths (RedDougG@aol.com) or 508-758-4315 after 6 PM.

Wilderness First Aid Training

The next Wilderness First Aid course will be held 5/2 and 5/3/2015 in Foxboro, MA. with an optional CPR course available.

Instruction is provided by SOLO, experts in providing wilderness medical training. Their excellent courses have been well received by AMC members for years and we look forward to continuing to sponsor their trainings.

Cost: \$155 for AMC Members; \$170 for non-AMC members. Price includes lunch and break service both days.

Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify.

This training is required for AMCSEM Level 2 and above trip leaders, but is a great experience for any outdoor enthusiast.

To register, please contact AMCSEM Education Chair Doug Griffiths (RedDougG@aol.com) or 508-758-4315 after 6 PM.

Volunteers Wanted

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org. We have something for everyone!

CAPE HIKES: Looking for additional leaders to lead hikes on the cape. Contact the capehikingchair@amcsem.org.

HIKING: Looking for additional hike leaders. Contact hikingchair@amcsem.org.

SKIING: Looking for leaders to plan XC and/or downhill ski events. Also looking for new Ski Committee Chair and Ski Committee Vice Chair. Contact the current ski chair at xskichair@amcsem.org.

SOCIALS: Looking for leaders to lead social events. Contact socialchair@amcsem.org

THANK YOU

The Breeze

The Newsletter of the Southeastern Massachusetts Chapter of the AMC

February 2015

View From the Chair

Maureen Kelly, Chapter Chair

Hello SEMers,

Fresh Snow has arrived in our area! Prepare to cross-country ski and snowshoe in this powdery, white, crystalized water. Our SEM volunteer leaders have planned great trips for you. Check out the 'skiing' and 'hiking' links in this newsletter for trip specifics.

Join us and see snowy landscapes in the glow of the late-afternoon sun. Feel your strength as you power through the cold. Enjoy the relaxed atmosphere afterwards as you share the stories of the day with the group. Give it a try; winter is wonderful.

The SEM Chapter Activity Listings are printed again in this edition of *The Breeze*. Contact me anytime with questions or comments.

NEWS FROM THE EDUCATION COMMITTEE

Leadership Training Offered Saturday April 11, 2015

- This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips.
- It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshments are provided.
- The course is offered at no cost to SEM members.

Wilderness First Aid Training Offered May 2 and 3, 2015

- The course runs 8:30 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM.
- Instruction is provided by SOLO, experts in providing wilderness medical training.
- Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations.
- This training is required for AMCSEM trip leaders, but is a great experience for any outdoor enthusiast. Any AMC trip participant is encouraged to consider taking this course. You will find it exciting and stimulating.

To register for these courses, please contact AMCSEM Education Chair Doug Griffiths (RedDougG@aol.com) or 508-758-4315 after 6 PM.

How Exercise Keeps Us Young! By Paul Carrier

The NY Times Health Section recently published an article regarding an interesting study on the effects of bicycle fitness on the, if you will excuse the term, "elderly". Here is the gist of the findings.

"As it turned out, the cyclists did not show their age. On almost all measures, their physical functioning remained fairly stable across the decades and was much closer to that of young adults than of people their age. As a group, even the oldest cyclists had younger people's levels of balance, reflexes, metabolic health and memory ability." **To read the article, click [here](#).**

Len Ulbricht Reviews Henry Thoreau's *The Maine Woods*

I spotted this book at the Medfield Town Library. I had recently enjoyed reading *Walden* and, having never been in the Maine woods, just up and down the coastline, thought here's a means to learn about deep woods Maine should I ever find my way there. This presumes of course it hasn't changed much in the 150+ years since Thoreau trekked these woods.

The Maine Woods is Thoreau's travelogue of three separate trips to Maine's interior, the first in 1849 to ascend Mt. Katahdin, the second in 1853 to reach Chesuncook Lake and observe a moose hunt, and the third in 1857 to explore the Allagash and East Branch of the Penobscot. Each excursion went deeper into the heart of Maine than it's predecessor. Thoreau began each trip in Bangor and traveled for the most part by bateaux or canoe inland through Maine's many interconnected lakes and streams. The annotations clarified references and unfamiliar terminology used by Thoreau. Absent from the book are maps depicting the route taken on each trip. Given the countless bodies of water Thoreau describes I wished I had had a map of Maine handy as I read to visualize the extent of his travels

One of the joys of *Walden* was the meticulous details Thoreau the naturalist paints of the environment around him, be it lake ice formations, plants, critters, people, his bean field, even the clouds. His notes are used today by researchers studying the effects of global warming in seasonal changes. Similarly *The Maine Woods* focuses on forest and plant observations that he recorded in his journal for scientific posterity. But he also gives detailed descriptions of bateaux and birch bark canoe construction, their passage over lakes, streams, white water and swamps, and many other aspects of the Maine wilderness. There were no settled communities back then, just occasional logger huts or sparsely spaced single family farms cut at water's edge out of impenetrable wilderness. Nearest neighbors were many days travel away. Campsites were simple with mattresses of freshly cut tree bows to sleep on, and large camp fires made with four foot logs to burn all night for warmth, and a blanket propped up to keep off the rain or dew, if needed. Provisions of salt pork and hard tack biscuits were occasionally supplemented by berries, forest plants and moose kill. Camping was

different in those days. Thoreau also recorded the evidence of logging deep into the wilderness, not the clear cutting of today but the selective logging of white pine, and the impact of damming streams to enable the floating of cut logs from the deep woods all the way to Bangor for milling. Loggers cut all winter and floated their logs downstream in the spring, and marked each log cut (like branding or tagging cows) to distinguish theirs from those cut by others when sorted at the mill, so they could be paid. And as with *Walden* ample insertions of his philosophical ideas about man and society weaved into this travelogue.

! So if you want to get a sense of what old time wilderness travel used to be like, and is no more, put away Strayed's *Wild* or Bryson's *A Walk in the Woods* and pick up Thoreau's *The Maine Woods*.

Map and Compass Training

! A compass is one of the 10 hiking essentials to pack. If circumstances dictate going off trail, do you know how to use one to get yourself (or a group) out?

To encourage SEM members to develop (or refresh) skills in the use of terrain navigation using a map and compass, the SEM Executive Board has approved a scholarship to promote map and compass skill development. The scholarship offers up to \$100 toward the cost offered by any AMC or non-AMC entity. This scholarship is open to all SEM members, trip leaders and non-trip leaders alike. Click [here](#) for more information.

Current M & C Offerings: April 24-26, 2015, NH Chapter Spring School @ AMC Cardigan Lodge. Check for monthly M & C offerings from REI [here](#).; from LL Bean [here](#).

**Thursday Morning Hike: Audubon Society's Moose Hill
Wildlife Sanctuary, Sharon, MA.**

Hearty hikers enjoy Moose Hill in Sharon. Temperature was a cool 5 degrees at the start . Hike leader Hans Luwald and co-leader Debbie Lepore. Photos courtesy of Berryman Minah!

**First Day Hike
January 1, 2015**

Jodi Jensen led the annual First Day Hike at Blue Hills that included 21 hikers. They hiked for 2 1/2 hours at a moderate pace followed up with the DCR's chicken noodle soup. New Year's Day doesn't get any better!

Mount Wachusett: Winter Hiking Series – Hike 1

By Susan Mulligan (All photos courtesy of Susan Mulligan)

Hike 1 of the winter series actually took place a week after hike 2 due to rainy weather conditions on the originally scheduled date. It was decided to switch things up a little this year so the first hike took place at Mount Wachusett, instead of the usual Blue Hills. The summit of Wachusett Mountain, at 2006', is the highest point in Massachusetts east of the Connecticut River and provides panoramic views all the way to the Boston skyline. It was a sunny, clear day that was cold but not frigid; a nice day for a winter hike.

We started our trek from the Mt. Wachusett ski area parking lot following the Balancing Rock trail. We came out of the woods just below the summit by the ski lift where many skiers were preparing for their runs down the mountain. They

were surprised to see 14 people walk out of the woods with full packs on their backs heading for the summit. We were a strange sight for the skiers. Why would anyone want to walk up the mountain instead of taking a ski lift?

The summit was windy and cold but the views were spectacular! We even saw the Boston skyline way off in the distance in a blurry haze. We lingered long enough to take some photos then headed back down into the trees for a quick lunch in a more protected area. Too soon, we arrived back at the parking lot and our hike was over.

Kearsarge North: Winter Series Hike -Hike 2 By Paul Miller, SEM Hiking Committee Chair

(All photos courtesy of Sal Spada)

On Saturday, January 3rd, 19 SEM winter hikers met at the trailhead for the Mt. Kearsarge North Trail on Hurricane Mountain Road in Intervale, NH. While this was supposed to be “Winter Series Hike #2” in our carefully planned out Winter Series, it actually preceded Hike #1 to Mt. Wachusett, which we had to reschedule due to nasty, un-winter-like weather on the initially planned date in December.

A number of us had driven up the day before and stayed overnight in NH (including three of us who stayed at the AMC Joe Dodge Lodge in Pinkham Notch and thus got to enjoy a nice “pre-dinner” hike on the snow-covered Tuckerman Ravine Trail to work up an appetite). However, several intrepid SEMers carpooled up that same morning, requiring a very early start indeed! For those of us who drove up on Friday, all except Doug Griffith managed to avoid the colossal 35-vehicle (or so) mid-day pileup on Rte. 93 near Sandwich, NH that resulted from a sudden snow squall that reduced visibility to essentially zero and rapidly froze the road surface. While Doug’s car reportedly was totaled, we heard that Doug luckily avoided serious injury (but was in no condition to hike with us the next day..)

Trail Sign

On the Trail

!

The higher summits weather forecast for Saturday called for high winds, low temps, and dangerous windchill conditions. Luckily for us, at 3,268 feet, Kearsarge North is not among the higher summits in NH. What's more the trail remains mostly in the trees until just below the summit and the summit boasts a rare, well-maintained fire tower that hikers are welcomed to visit to escape the elements and enjoy the panoramic, 360-degree views into Maine, the nearby Presidential peaks, and other fine vistas!

While we were hoping to see more snow on the trails, the recent snow/rain/thaw/freeze cycle meant that any white stuff on the largely bare trail was more likely to be ice than snow. So the leaders (Maureen Kelly and myself) and co-leaders (Barry Young and Paul Brookes) made the executive decision to leave our snowshoes in the car and rely on our microspikes to keep us upright on the trail, particularly the icier trail sections, which popped up with some frequency, often accompanied by steep pitches.

While definitely winter like, the weather that day was pleasant enough with partly sunny skies, temps in the mid-twenties, and a barely any wind at all down low on the trail. Not surprisingly, there was plenty of wind on the mostly exposed summit.

The trail started out gently enough, passing through a pleasant forested stretch (formerly farmland). After a bit, we reached several more challenging steep and ledgy sections of trail where the icy conditions made them a little trickier to get up (with the promise of being even trickier to get down on our return trip). The group kept together nicely, with no one straggling behind or leaping ahead, and the nonstop conversation indicated that no one was struggling. Always a good sign.

View of the Presidentials

After several short stops to make layering adjustments to our clothing, rehydrate, and/or grab a handful of gorp, we eventually made it up to the upper reaches of the mountain. There, we encountered more snow cover, hardier vegetation, and increasing winds.

Eventually, the fire tower came into view atop this fine little mountain. Once we reached the tower, we doffed our microspikes, climbed the stairs leading up to the glass-enclosed tower. Once inside and out of the wind, we encountered a number other hikers, making it a "standing-room only situation." The upside of the crowded conditions, of course, was that all that body heat meant that the temperature inside the glass-enclosed (but otherwise unheated), fire tower was now noticeably higher than outside. After taking in the great views, we unshouldered our heavy winter packs and enjoyed our respective lunches; with many of us in agreement that nothing tastes better than a good peanut butter and jelly sandwich on top of a mountain!

Approaching the Fire Tower

After a bit, not wanting everyone's muscles to get too stiff after the climb, the leaders gently prodded our hikers to re-shoulder their packs and leave the relative comfort of the fire tower to begin the trip back down. Since the wind on the summit had now built to the point where we didn't want to stand around waiting for everyone to get ready, many of us waited in a more protected spot out of the wind a little way back down the trail until all members of our group had assembled.

The hike back down was easier than expected. By going slowly and carefully on some of the trickier spots, we managed to get back down to the cars with only several of us taking minor tumbles. (Although I did do a nice job wrenching my shoulder when, less than a quarter-mile from the cars, I removed my microspikes prematurely and ended taking a hard fall on a small patch of ice. Lesson learned!) It was also good that we got back down in advance of the snowfall predicted for that afternoon.

While the hike itself had been very enjoyable and relatively uneventful, the drive back to Massachusetts took longer than usual for most of us due to intermittent light snow in NH that developed into heavier snow and slippery driving conditions in Mass.

All in all, a great beginning for the 2014-15 Winter Hiking Series; even though it was billed as "Winter Series Hike #2." Onward to Mounts Tom and Field in Crawford Notch in February!

Saying goodbye!

!

Department of Conservation and Recreation

!

Draft Resource Management Plan for DCR Properties on Cape Cod and the Islands

!

The full draft plan is available for viewing on the DCR website at <http://www.mass.gov/eea/agencies/dcr/public-outreach/public-meetings/>, and in print form at public libraries in Brewster, Edgartown, Harwich, Nantucket, Sandwich, and West Tisbury. The draft plan is also available for review at the Waquoit Bay National Estuarine Research Reserve headquarters, 131 Waquoit Highway (Route 28), during business hours.

Written comments on the draft plan may be submitted to DCR until March 2, 2015, either via email to DCR.Updates@state.ma.us, noting "Cape Cod and the Islands" in the subject line, or by mail to the Department of Conservation and Recreation, Office of Public Outreach, 251 Causeway Street, Suite 600, Boston, MA 02114.

SEM CONSERVATION CORNER

By Joshua Tefft
AMC SEM Conservation Vice Chair

What's new in SEM Conservation? Hello everyone! We are moving along almost as fast as the New Year. The new [conservation page](#) is up and nearly complete. Soon all the conservation page links will be active, giving you a wealth of conservation resources right at your finger tips.

We are also working on a collaborative with local conservation groups (e.g. Buzzards Bay Coalition) to strengthen the Chapter's involvement in the conservation. We hope these partnerships will allow our members more opportunities to practice conservation in their community.

Conservation Patch Program & Volunteering: I want to remind everyone that our [Conservation Patch Program](#) is almost underway. Participating in the program is a great way for families to bond while saving the planet, or for the individual looking to set clear conservation goals. Also, if you are looking to volunteer the Conservation Committee could use your help. We are looking for people to help us come up with conservation activities, as well as assist/organize at events. If you are interested please contact me at conservationvicechair@amcsem.org.

Every year most of us make a resolution to minimize something (whether it be our waistline, or our spending), but I think we should focus more on what we can gain, rather than lose. By losing weight we can gain a better sense of health and self-esteem. By cutting our spending we are able to save for that backpacking trip we've been dreaming about. In terms of conservation, we can make lasting improvements to the environment (and our own well-being) by reducing our impact on the planet. I am making a resolution to gain a healthier Earth and community this year. What will you gain in 2015?

Mt. Jackson. Photo by J. Tefft

Notes from the Biking Committee

By Paul Currier

Paul Currier. Photo courtesy of Paul Currier
Our Award Recipient of Greatest
Contributor to Biking!

Biking has had a great 2014 and so looking forward to all this year will bring. Our 2014 totals for our 2000 mile club are now posted on line – check it out [here](#).

AMC SEM 2,000 Mile Club Celebrates Tenth Year

Founded in 2004 by Jack Jacobsen and becoming operational in 2005, our AMC Southeast Massachusetts 2000 Mile Club is now in its 10th successful year of recording and awarding our cyclists for riding 2,000 miles or more annually. First time achievers are awarded the 2,000 Mile Club patch.

The club experienced its first significant growth during our Vice-Chair – Victor Oliver's tenure and has been growing since. We have had several volunteer registrars starting with Paul Currier and continuing with Dan Egan to our present registrar, Bernie Meggison.

For information about joining our 2,000 Mile Club, contact our club officers Bernie Meggison, thosemeggisons@gmail.com, Jack Jacobsen cyclejac51@yahoo.com, or Paul Currier paulbcurrier@comcast.net

!

!

Photo courtesy of Cheryl Washwell

This Is What Biking Has Accomplished In Miles By Bernie Meggison

!

We have a total of 56,192 miles, or 96,432.3 km. That means that our participants have cycled the equivalent mileage of:

- Hiking the Appalachian Trail of 2,185 miles both ways, 4,370 miles...
- And paddling the Mississippi River up and down, 4,640 miles
- AND... kayaking the Charles River both ways... 160 miles
- Oh... and canoeing the Kennebec River end to end and back, 540 miles
- The Saco River up and down to the ocean...272 miles
- The entire Merrimack River, two ways...234 miles...And we are not tired yet.
- We then rafted the Colorado River up and down for a total of 2,840 miles.
- The Amazon River was a fun boat trip from almost coast to coast...another 8,000 miles.
- Then we got bored and did the entire route once again for laughs...and a few brews.

!

Upcoming Biking Events: Contact paulcurrier@comcast.net

AMC SEM Winter Cycling: February 3 - Sunset/Full Snow Moon Ride – Intermediate Road Cycling from the Sagamore Recreation area in Sandwich to Monument Beach– return on Shore Rd to Gray Gables and canal. 22 miles/2+hours. C2C

Mid-month cycling February: February 22-26 – Intermediate Road Cycling – 10:30-ish on one of these weekdays - We'll do one of my 22 mile/2 hour rides on a good weather day during this week. Location TBD by wind and weather.

Ride and Planning Meeting: Early March- If interested in sharing your thoughts please contact C. Washwell, Bike Chair at cawashwell@gmail.com

!

Beartown State Forest
Monterey, MA
January 17, 2015
By Len Ulbricht

!

Couldn't think of a better summary of the day than this comment from fellow hiker Vince Forte, *Blue skies, snow covered trails, animal tracks, changing woodland scenes, old and new hiking friends -- a great day in the Berkshires!*. And so it was. Six of us trekked to Beartown State Forest, a gem of a DCR property, for a winter day in the woods. It was a cold start, 4 degrees, but no wind chill. A good day to find out if the chosen layers did the job. Hand and toe warmers were in order. Snow cover was just deep enough for either snowshoes or micro-spikes.

!

About 8 miles of the AT plus numerous other trails populate 12,000 acre Beartown. We chose to hike a portion of the AT plus a couple of the local trails. Snow on the trail was undisturbed by previous hikers, giving the aura of untrammelled wilderness. Anne and Rima broke trail in their snowshoes, the rest of us opted for the spikes. We had fantastic views to the east from the AT, and in the unmarred snow easily spotted deer, coyote and raccoon tracks. A newly built lean-to, where we stopped for lunch, had a sleeping loft in addition to four 2 person platforms. Quite an upgrade from the previous

lean-to which was still standing nearby and usable. Our goal for the day was to reach Mt. Wilcox (el. 2155 ft.) but we hit our turn around time before we could make it. We did pass through two large rhododendron groves which in bloom would be a spring hike treat. All in all a most pleasant winter day hike of about 7 miles with a few hundred feet of elevation change. !

!

**Remembering a Former
SEM Executive Board
Member**

!

Walter ("Walt") L Wells 67, of Bridgewater MA, died Friday, December 26, 2014 after a brief illness. Walt was an avid hiker. For many years, he served as Hiking Chair and Board Member of the Southeastern Massachusetts Chapter of the Appalachian Mountain Club. As a hiking leader Walt led many hikes in the White Mountains, as well as the Adirondacks. In 2005, he and two friends climbed the Chilkoot Trail, a high mountain pass used by gold seekers in the 1898 Klondike Gold Rush, which runs from Dyea, Alaska to Lake Bennett, British Columbia. In September, 2009, he was recognized by the AMC for having climbed all 48 of the New Hampshire's "4000 Footer" peaks.

!

In lieu of flowers, the family suggests that memorial gifts be made to the Appalachian Mountain Club, 5 Joy Street, Boston MA 02108 or via their website www.outdoors.org/tribute or to the American Heart Association.

!

Considering the AMC in your Will or Estate Planning?

!

The Summit Trust is a group of AMC supporters who have included the AMC in their wills or other estate plans. By joining them, you can extend your commitment to the mountains, rivers, and trails of the Northeast far beyond your own lifetime.

!

For more information, contact Stephanie Schiele at 617.391.6638 or sschiele@outdoors.org.

The Breeze

The Newsletter of the Southeastern Massachusetts Chapter of the AMC

March 2015

View From the Chair

Maureen Kelly, Chapter Chair

Have you been reading *The SEM Breeze* for months but haven't joined us for an activity yet? We have the perfect event for you.

"Take It Outside with AMC" is SEM's Open House, Saturday, April 18 at [Borderland State Park](#) in Easton from 10:00-4:00.

Join us for a [beginner hike](#), a [beginner bike ride](#), a [family hike](#), a nature walk to a [vernal pool](#) or an [intermediate hike](#). We'll have a **free lunch** for you at the Visitor's Center and interesting talks and presentations.

Sign up with the leader for each activity on the links above. Or contact [Jodi](#) with any questions.

Come with us! We'd like to show you the trails.
SEE YOU IN THE OUTDOORS! chair@amcsem.org

NEWS FROM THE EDUCATION COMMITTEE

!

Leadership Training Offered Saturday April 11, 2015

- This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips.
- It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshments are provided.
- The course is offered at no cost to SEM members.

!

Wilderness First Aid Training Offered May 2 and 3, 2015

- The course runs 8:30 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM.
- Instruction is provided by SOLO, experts in providing wilderness medical training.
- Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations.
- This training is required for AMCSEM trip leaders, but is a great experience for any outdoor enthusiast. Any AMC trip participant is encouraged to consider taking this course. You will find it exciting and stimulating.

!

To register for these courses, please contact AMCSEM Education Chair Doug Griffiths (RedDougG@aol.com) or 508-758-4315 after 6 PM.

!

!

"The Young Woman and The Mountain"

!

Sadly, there was a recent death of a woman attempting to traverse the top four mountains in the Presidential range: Madison, Adams, Jefferson, and Washington. This true story is a reminder of the dangerousness of the mountains. As you read [this account](#) please remember that the mountains will be there on another day when better weather and conditions prevail.

!

Volunteer of the Month

Each month the SEM will recognize one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the bests! This month we recognize **Wes Blauss** from the Chapter Youth Program.

Wes has given many hours of dedication and support for the AMC goal of getting children outdoors. While in his capacity as a Chapter Youth Program Leader, he generated an appreciation for nature while on the trail. In addition, he has been instrumental in recruiting agencies for our group.

His White Pine workshop is exciting for youth and adults because he can use a branch from our backyard white pine tree to determine the health of the tree and the quality of the air we all breathe. His ability to share this information has generated excitement, enthusiasm and curiosity about our environment.

Wes will receive a Volunteer of the Month certificate and a \$50 gift card.

Are you interested in volunteering?

We have something for everyone. Contact the chapter chair at chair@amcsem.org to learn more about the opportunities that await you!

Nelson Memorial Forest Hike

By Sally Delisa

(Photos courtesy of Mary Wisbach)

What a great hike! Seventeen hardy hikers joined Co-Leader/Naturalist Lorraine Rubinacci for a wonderful January hike at Nelson Memorial Forest in Marshfield. One section of trail followed along the North River estuary, where we saw a mature bald eagle. First the bird flew toward us, then turned and flew parallel to our group, thus providing an opportunity to view the vivid and beautiful white head and tail feathers.

During the hike, the group learned about the history of the land and many aspects of the flora on this reforested farm. Nearing the end of our hike, we took a trip down a side trail to visit my favorite place on the property, a huge old oak tree. We tried to measure the circumference and to determine the type. Some hikers thought that it was probably a black oak. Three people gathered to put their arms around it, thus guessing the circumference to be approximately fifteen feet. (The largest oaks in Massachusetts measure about 20 feet). An attempt to obtain good measurements with a string was difficult because the grand old tree is growing on a hillside and fingers quickly got cold. Lorraine later calculated that the tree is approximately 214 years of age! I wonder if it was a seedling during the War of 1812?

Back at the trailhead, our group gave Lorraine a round of applause for a great hike which was packed with information. When we hikers left, the temperature had 'warmed up' to 18 degrees and the wind had died down.

SEM Conservation Corner

By Joshua Tefft

What's new in SEM Conservation?

The SEM Conservation Committee wants you to design our Conservation Patch! We are looking for some creative ideas for our patch and would love your support.

The only rules are:

1. Patch must contain, "AMC, SEM, and Conservation"
2. Patch detail must be simple enough to place on a 3"x3" area.
3. All entries must be emailed to conservationvicechair@amcsem.org by May 8, 2015.
4. Name must be on entry (first and last).

The top 3 entries will be determined by the SEM Conservation Committee and/or the SEM Executive Board; finalists will be showcased in the June issue of the Breeze. Members and the public will be able to vote on the final 3 patch ideas (more details to come on where and how to vote).

If you still haven't checked out our [Conservation Patch Program](#), please do. Participating in the program is a great way for families to bond while saving the planet, or for the individual looking to set clear conservation goals. If anyone has any questions about the Conservation Patch Program, or any other SEM Conservation topic please contact me at conservationvicechair@amcsem.org.

Winter Fun Weekend at Noble View

February 6-8, 2015

By Julieanne Capone

!

(Photo courtesy of Jodi Jensen)

A wonderful weekend of winter activities and socializing was had by twenty-seven members at Noble View Outdoor Center in Russell, Massachusetts. The property, acquired by the AMC in 1931, provided our recreational trails, living space, and a hilltop view of the Pioneer Valley. The time and effort put forth by trip organizer Jodi Jensen to plan such a fun-filled weekend was much appreciated by all. Our gracious volunteer-member hosts, Joyce and Luther Wallis, prepared, cooked, and served a variety of homemade hot meals and baked goods all weekend long that left many of us asking for recipes and seconds, of course! Everyone was very grateful for their hard work and talents! The Wallis' also kept us warm by keeping the cabin's wood stoves freshly stoked. Many thanks to the leaders, Walt Granda, Maureen Kelly, and Cathy MacCurtain, that guided cross country skiing and snowshoeing trips.

The weekend began as participants arrived Friday afternoon and evening, this was an opportunity to settle-in and socialize before dinner was served. Albeit a necessity of communal living, Jodi assigned rotating post-meal dishwashing, wipe-down, and sweep-up duties to the group members. Saturday morning's plentiful breakfast provided everyone with full stomachs for their cross-country skiing and snowshoeing adventures. Both groups embarked with the common goal of not being late for lunch, naturally. Lunch time conversations were in collective agreement that weather and snow conditions were excellent according to skiers and hikers alike. Lightly falling snow, warm beverages, and the coziness of the wood stove provided an iconic winter scene as yet another delicious meal quenched our appetites. In the afternoon, there was more snowshoeing and cross country skiing to be had, while some members chose to spend the afternoon enjoying the comforts of the indoors to relax amongst the many leather sofas. Light snacks and libations preceded another wonderful dinner with accompanying desserts by Joyce and Luther. After dinner, a yoga session, led by volunteer member Jeanine Audet, proved to be a terrific way to stretch after a day full of activity. Yoga enthusiasts were grateful for Jeanine's expertise in the following morning's session as well.

Sunday morning began with a hot breakfast and coffee, and culminated with tidying up the cabin and packing up belongings. Some took advantage of a mid-morning snowshoe hike, while others headed home in anticipation of a winter storm warning and accompanying traffic. As "good-bye's" were said, it was obvious the weekend was a fantastic way to embrace winter's offerings. 'Winter Fun Weekend' would not have been possible without the work and efforts of our volunteer members! Thank you again to those who dedicated themselves to making the time spectacular!

Draft Resource Management Plan for DCR Properties on Cape Cod and the Islands: Comments accepted until March 2, 2015!

!

!

The full draft plan is available for viewing on the DCR website at <http://www.mass.gov/eea/agencies/dcr/public-outreach/public-meetings/>, and in print form at public libraries in Brewster, Edgartown, Harwich, Nantucket, Sandwich, and West Tisbury. The draft plan is also available for review at the Waquoit Bay National Estuarine Research Reserve headquarters, 131 Waquoit Highway (Route 28), during business hours.

Written comments on the draft plan may be submitted to DCR until March 2, 2015, either via email to DCR.Updates@state.ma.us, noting "Cape Cod and the Islands" in the subject line, or by mail to the Department of Conservation and Recreation, Office of Public Outreach, 251 Causeway Street, Suite 600, Boston, MA 02114.

Biking

By Cheryl Washwell, Biking Chair

!

Happy Winter! Well as you can imagine, biking is not the way to get around these days. However, Paul Currier paulbcurrier@comcast.net will continue attempting to do his monthly road cycling rides - a full moon ride and a mid-month weekday ride. Check our [website](#) for scheduled time and location.

BIG NEWS: We have a scheduled ride with a planning meeting on March 28thrain date is the 29th. If you are a leader or interested in finding out about leading or co-leading rides please consider this great kick start to our riding season. If you have lead rides in the past and want to get more involved please come.

We will be riding about 20+ miles out of Rochester (beautiful area) and will also have a shorter and easier pace ride for variety. We will enjoy some pizza after the ride and do some planning for our riding season. Our goal is to offer more rides in different areas (SEM covers some great picturesque territory), different distances, different paces, different goals!

Check out the [website](#) for this listing – It will be posted soon!

Be Safe – Stay Warm cawashwell@gmail.com

Sign up to get all the latest AMC Club and Chapter wide news at the AMC [Member Center](#)! Don't miss out on all the outdoor fun!

SEM-TRAIL MAINTENANCE

One Day – That's all we ask!

Are you using the Southeastern Massachusetts trails for recreation (hiking, biking, skiing)? If so, you should also contribute to their maintenance. Where do you recreate? Who maintains those trails? If you don't know, ask the trailschair@amcsem.org

We do everything from digging in the dirt, clipping branches, painting blazes, moving rocks, building steps, changing and building trails. Every trail project is unique and we have work for volunteers of all abilities and experiences (including none). We teach you everything you need to know and why.

One day a year is all that is necessary if everyone pitches in. Don't be surprised if you find trail work fun, creative, interesting and compelled to return for more projects. The trail work is fun, otherwise none of us would do it.

Check the SEM Trail schedule for upcoming projects.

SEM TRAIL MAINTENANCE WORKSHOP

GET OUT, GIVE BACK, GET DIRTY...AND GET TO KNOW THE BLUE HILLS!

We are looking for volunteers for our "Trail Maintenance Workshop" which will be held on **Saturday April 25, 2015** at the Blue Hills. We have a leader from the AMC North Country coming to show us the basics of trail maintenance including use of tools, tool safety and practical application on the trails of the Blue Hills

RAIN OR SHINE! NO EXPERIENCE NEEDED, JUST ENTHUSIASM!

REGISTRATION REQUIRED: Contact Cathy MacCurtain with any questions at trailschair@amcsem.org

Thank YOU for Volunteering!

!

!

**Remembering an SEM
Executive Board Member:
Betty Hinkley 1941-2015**

It is with a heavy heart we report the sudden passing of Betty Hinkley on February 17, 2015. She was the quintessential volunteer, mother, grandmother and friend. Among her passions and beneficiaries of her unfailing willingness to pitch in, were the hiking and paddling programs of AMCSEM. She most recently served as Vice Chair and Chair of the Paddling Committee and channeled her energy and talent to support several other nonprofit organizations in both hands-on and leadership roles. These organizations included the Alumnae Associations of both her alma maters, Northfield Mount Hermon School and Tufts University; the Business and Professional Women's Foundation of Lower Cape Cod, the Orleans Council on Aging and the Independence House. In spite of a full calendar, nothing was more important than family and she always had time for friends. Betty leaves a son Steve and a daughter Sara, three grandchildren and countless friends in her generation, as well as her children's - and she never turned down an opportunity to travel to Texas and California to visit her family. Betty will be greatly missed and fondly remembered by the many who were privileged to share a day with her on the water, a hike along a Cape Cod cranberry bog, or a job on a program committee. On the very day she was stricken, Betty posted an email response to a fellow paddler who had proposed a Spring Celebration Potluck, saying "Great idea...what day would it be?...I'd be happy to help." That was so "very" Betty. A memorial service is being planned for this summer on a date to be announced later.

April 2015

View From the Chair

Maureen Kelly, Chapter Chair

chair@amcsem.org

Welcome Spring!

It's been hard to think about Spring so far but the bulbs **are** starting to push through the snow and the weather will warm up **soon**. We have some fun Spring Events for you.

Consider taking our free, one-day [Leadership Training](#) Program in Foxboro on **Saturday, April 11**. Begin to lead hikes, bikes or paddles as one of the great volunteer leaders of the SEM Chapter of the AMC. We want YOU to become our new leader.

If you are new to the AMC or haven't tried an activity with us yet, we are hosting an [SEM Open House](#) called "Take It Outdoors with AMC" on **Saturday, April 18** at Borderland State Park in Easton. Meet our leaders and join us for a beginner or intermediate hike, a beginner bike, a family hike or a nature walk to a vernal pool with a naturalist. I will see you there.

See you outdoors!

Leadership Training Offered Saturday April 11, 2015

- This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips.
- It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshments are provided.
- ! The course is offered at no cost to SEM members.

Wilderness First Aid Training Offered May 2 and 3, 2015

- The course runs 8:30 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM.
- Instruction is provided by SOLO, experts in providing wilderness medical training.
- Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations.
- This training is required for AMCSEM trip leaders, but is a great experience for any outdoor enthusiast. Any AMC trip participant is encouraged to consider taking this course. You will find it exciting and stimulating.

! To register for these courses, please contact SEM Education Chair Doug Griffiths (RedDougG@aol.com) or 508-758-4315 after 6 PM.

HAPPY SPRING!

Volunteer of the Month Joe Keogh

Each month the SEM will recognize one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month we recognize **Joe Keogh** from the Hiking Committee.

Joe continues to do an outstanding job organizing, nurturing, and leading hikes for the SEM RLBH (Red Line the Blue Hills) series of Thursday evening hikes that starts up reliably every spring and runs through the fall. This very popular series not only provides our members with an opportunity to get out and enjoy the diverse trails in the Blue Hills for some exercise and socializing, but also provides an effective mechanism for transforming inactive AMC members into active members and as an "engine" for generating new SEM hike leaders. The SEM Hiking Committee truly appreciates Joe for his time and dedication. Joe will receive a Volunteer of the Month certificate and a \$50 gift card.

Are you interested in volunteering?

We have something for everyone. Contact the chapter chair at chair@amcsem.org to learn more about the opportunities that await you!

Cyclists: Do You Know What The Tour de Barnstable Is? (From the Barnstable Patriot, March 13, 2015)

!

Simply put, it is a nice spin on two wheels around the seaside town of Barnstable. The ride is a first-time cycling event that consists of a 38.5-mile ride around Barnstable and its seven picturesque villages on May 17. Much of the money raised from the event will go toward the Barnstable Land Trust and the in-the-works George Morrison Training Village, a program for at-risk youth run by a Barnstable police officer. The "Great Fundo" is based on the gran fondo cycling events that originated in Italy and have since grown in popularity in the United States. In gran fondos, cyclists ride, rather than race. "Being that it's not a race, it's about people riding bicycles," said ride consultant Rob Micelli, of Cotuit Cycling Tours. "You can ride your bicycle comfortably at any pace." The ride will kick off at Aselton Memorial Park in Hyannis and wend its way through all seven villages by traveling north to Barnstable Village, west to West Barnstable, south to Cotuit and back east to Hyannis. Registration forms and additional details are available at semcsports.com. Fees are \$55 to register in advance; \$60 after April 1; and \$65 on the day of the ride.

**AMC Boston Chapter Bicycling Committee
BIKE REPAIR AND INFORMATION WORKSHOP**

Saturday, April 11, 2015 9:45AM - 3:30PM

Trinitarian Congregational Church, 54 Walden Street, Concord, MA 01742

Come to the **Bike Repair and Information Workshop** to improve your bike knowledge and ride preparedness! This workshop is worthwhile for both newer and more experienced riders who want to feel more confident and capable on the road or trail. Topics covered include:

- differences between road, mountain, hybrid and other varieties of bikes
- the correct way to fit a helmet
- how to maintain your bicycle
- understanding gear ratios
- clothing and equipment

Concepts will be discussed and demonstrated at four stations: "Basic Bike", "General Maintenance", "Flat Tires", and "Brakes & Derailleurs". Participants will rotate through all four stations and receive an extensive handout to take home. During lunch (included) you will have the opportunity to pump your instructors about their favorite bike routes, best area bike shops, worthwhile bike accessories and clothing or anything else bike-related.

Advance registration strongly recommended

Prices are: Adults: \$30 for AMC Members/\$35 for Non Members
Youth (12-18): \$20 for AMC Members/\$25 for Non Members
\$40 at the door for ALL

Register online at: <http://www.amcboston.org/bicycle/workshop/reg.php> OR mail your check payable to "AMC Boston Chapter Bicycling Committee" along with contact information to **Valerie Paul, 85 Fruit St., Ashland MA 01721.**

Please arrive by 9:45 to sign in. Bring the front wheel from your bike (it is easier to remove than the rear), tire irons, and a pump to practice fixing flats, but NOT the whole bike (space is limited).

**For more information, contact Valerie Paul
valerie.paul@gmail.com or 508-561-8097 before 9:00PM**

Cycling By Paul Currier

!

We have been road cycling on the recent sunny days. At last we were able to ride the sunny side of the meticulously plowed canal. It's been a long time since the milder days of early January. Our chapter bicycling photographer and cartographer **Barbara Gaughan** took several dramatic pictures of her ride and the ice flows. Riders with her were Jim Kilpela, Larry Decker, and Paul Currier.

!

If you want to be added to the Riders list contact paulbcurrier@comcast.net or 508-833-2690. Paul Currier will continue to attempt full moon and mid-month road cycling. Check our AMCSEM website for [cycling schedule](#) and particulars.

SEM's Conservation Corner

By Joshua Tefft

!
!

In a world full of comfort and convince it can be hard to think, and act, with conservation in mind. Some of you may want to add more daily conservation acts to your life, but difficulties may be holding you back. As Conservation Vice Chair, I want everyone to know I also have a hard time being as ecofriendly as I should. While I do recycle, and turn off lights when not in the room, I still find myself committing eco-sacrilege. I sometimes find myself buying drive-thru coffee (in unrecyclable cups) out of sheer convenience. It wasn't until recently my wife and I finally got reusable shopping bags. And my biggest act against the environment-LONG SHOWERS!

My position as Vice Chair of Conservation and my personal pursuit of the SEM Conservation Patch have caused me to be more critical of my daily activity. Since my biggest concern is water conservation, I thought reducing my showering time was a great place to start. Most of you know the guilty pleasure of long, hot showers after a long hike, and I am no exception to this delight. I've probably taken 20 minute showers after a long muddy hike or obstacle course race. So what did I do? Rest assured I did not stop taking them. I took a stopwatch into the shower and timed the cleansing process. I averaged a little over 10 minutes on a regular work day. After doing some research, I found the average shower last 8.2 minutes, wasting over 17 gallons of water (2.1 gallons per minute)! I was over the average, so I decided to reduce my shower time and water use. I'm currently approaching the average, but I'm hoping to reduce my overall time to 6-7 minutes. I am also planning to invest in a showerhead that uses less water. Check out <http://www.home-water-works.org/> to calculate your water use in the shower, and the rest of your home.

We often have to give one thing up to gain another, and some choices are harder than others. The trick is to not give up all together. I hope everyone keeps pushing on with their conservation efforts (and any other goals) despite the difficulties. As always if anyone has any questions about the Conservation Patch Program, or any other SEM Conservation topic please contact me at conservationvicechair@amcsem.org.

And...if you still haven't checked out our [Conservation Patch Program](#), please do. Participating in the program is a great way for families to bond while saving the planet, or for the individual looking to set clear conservation goals.

!

New to Hiking or Backpacking? Come Join Us May 9Th!

!

Have always wanted to go on a backpacking trip, but not sure what to pack or where to start? Come join the SEM Chapter's **Introduction to Hiking** and **Introduction to Backpacking, Saturday May 9th** (place and time TBD), to learn more about clothing, nutrition, choosing the right gear, weather hazards, backcountry stewardship and much more! This workshop will kick off the SEM Backpacking and Summer Hiking Series. Check the [website](#) for further details, or email hikingvicechair@amcsem.org for more information. You won't be disappointed!

!

AMC Books Announces the Publication of [AMC's Best Day Hikes Along the Maine Coast: Four-Season Guide to 50 of the Best Trails From the Maine Beaches to Down East](#)

This new guide from the editor of AMC's popular *Maine Mountain Guide* lets hikers explore the full length of the rugged coast of Maine. Between the century-old stands of white pine in Vaughan Woods Memorial State Park near Portland, and the oceanfront cliffs and maritime forests of Quoddy Head State Park—the easternmost point in the US—readers will find 50 of the best hikes in the state that can be completed in less than a day.

Acadia National Park is here, including the iconic Isle au Haut, as are multiple hikes in the York County, Casco Bay, Midcoast, and Downeast regions. Beginner hikers and seasoned trekkers alike will discover trails that will satisfy their longing for classic views of the rocky coast of Maine. For short outdoor excursions along the coast of the Pine Tree State, this guide will prove invaluable.

Inside You'll Find:

- 50 of the best coastal day hikes in Maine
- At-a-Glance Trip Planner, including family- and dog-friendly hikes
- Detailed maps, trail descriptions, difficulty ratings, distances, elevation gain and estimated times
- Directions to trailheads and GPS coordinates for parking areas
- Trip planning, safety tips, and Leave No Trace information

!

About the Author

Carey Michael Kish has been exploring the hiking trails along the coast and in the mountains of Maine for more than four decades. Carey is a freelance outdoors and travel writer and photographer, editor of AMC's *Maine Mountain Guide*, and writes a regular hiking and camping column for the *Portland Press Herald/Maine Sunday Telegram*. His writing and images have also appeared in a variety of online and print publications, including *AMC Outdoors* magazine. A Registered Maine Guide and Wilderness First Responder, Carey has thru-hiked the Appalachian Trail and completed more than two dozen other long-distance backpacking treks in the US, Canada, and Europe. He lives in Southwest Harbor, Maine.

**Planning a White Mountain Hiking Trip?
The White Mountain Hiker Shuttle Map and Schedule for 2015 is now available.**

The [Hiker Shuttle](#) operates daily from June 3rd through September 20th, and on weekends and holidays from September 26th through October 18th.

AMC's 2015 Information Volunteers and Volunteer Naturalist Trainings

!
.
Information Volunteers: AMC Information Volunteers are friendly folks who possess a firm knowledge base in outdoor recreation, as well as the trails around the location they serve in the White Mountains and at Cardigan Lodge in Alexandria, NH. Volunteers provide recreation information (trails, gear, trip planning, weather, etc.), conservation and natural history information, assist with retail sales and provide information on AMC membership these volunteers are an invaluable resource to both the public and the AMC!

!
.
Volunteer Naturalists: For more than 20 years, AMC Volunteer Naturalists have offered natural history programs to backpackers and hikers staying at AMC destinations. Naturalists draw on their own expertise, which can range from alpine ecology to logging history to wildlife management. Although diverse in their backgrounds, they all have a common appreciation for the complexities of nature, a desire to share their knowledge, and a dedication to the conservation of our natural resources. Through the Naturalist Program, the AMC promotes wise and responsible use of our natural resources by educating backcountry users and encouraging a deep sense of awareness for the mountain environment, including the ecology, social history, and resource management of the White Mountains. The program also serves to increase public awareness of AMC's mission.

!
.
Training Details: This year we are planning on combining our various trainings for both Information and Naturalist volunteers providing several dates and locations for our busy volunteers from the Mid Atlantic to New England region to choose from. We are happy to announce that the programs will expand to include naturalist volunteer opportunities at Mohican in New Jersey and at Gorman Camp in Maine. As a result we will be holding these multi-track trainings at both these locations as well as Highland Lodge throughout the 2015 spring season.

!
.
AMC Information and Naturalist Training Dates:

April 17-19 – Mohican Outdoor Center

May 16-17 – Highland Center

June 5-7 – Gorman Chairback Camp

!
.
For more information contact the AMC at 800-372-1758.

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS AND ACTIVITIES

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

Activities

HIKING KEY

Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy). FT=First Timer; NM = New Member; AN = Advance Notice; C = Conservation

(NM) Thu., Apr. 2. Hike-Barnstable-Bridge Creek Conservation (C3D), Cape Cod, Massachusetts, Cape Cod, MA. Flat terrain, cedar upland, maple swamp and salt marsh, bogs, stone walls. Meet at 9:45AM. 2 hrs. From exit 5 off Rte 6 North on Rt 149. Park along grass triangle on immediate left beside church. L Farley Lewis (508-775-9168, farlewis@comcast.net)

(FT) Thu., Apr. 2. Thurs. Morn. Hike World's End (C3C), Hingham, MA, Massachusetts, Southeast, MA. Meet at 10:00 AM, World's End, \$5.00 per person entrance fee for non-Trustees members. Join us on a moderately paced walk of approximately 4-5 miles, exploring the landscape of a unique peninsula in Boston Harbor. The terrain is moderately hilly (over the 4 drumlins), with a mixture of carriage ways and sometimes rocky paths. Boots or shoes with good traction are recommended. The reservation has stunning views, but is exposed to the sea and wind, so dress accordingly, in layers and with good wind protection, as well as sunglasses if bright out! Bring water, snacks or lunch. There are portable toilets to the left of the parking area, up a small hill. For more information visit: <http://www.thetrustees.org/places-to-visit/greater-boston/worlds-end.html>. L Eva Borsody das (borsody@gmail.com)

(FT) (NM) Thu., Apr. 9. Thursday Morning Hike Blue Hills, Blue Hills, Massachusetts, Southeast, MA. A moderate paced 5 mile hike around the Yellow Triangle loop with a short detour to Eliot Tower where we will have lunch. Make sure to bring two liters of water, snacks, and a lunch. Bring sturdy shoes, this is a rugged and hilly hike in sections. Also bring a rain jacket and appropriate layers of clothing depending on the weather. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

(AN) Sat., Apr. 11. Leadership Training AMC Southeastern Massachusetts Chapter, Foxboro, MA, Massachusetts, Southeast, MA. This one day training session is required for SEM trip leaders. Training is focused on improving group management skills and understanding AMC leadership practices. Training is optional yet encouraged for group participants who wish to become familiar with trip group management. This training is free to AMC members. L Douglas Griffiths (508-758-4315 after 6 PM, RedDougG@aol.com), R Doug Griffiths (508-758-4315 after 6pm, RedDougG@aol.com)

(FT) (NM) Thu., Apr. 16. Thurs. Morning Hike - Oldham Trail & Harold Clark Forest, Foxboro, MA, Massachusetts, Southeast, MA. Hike the Oldham Trail & Harold Clark Forest. Meet 10:00 am at parking lot on Rt. 140 Foxboro across from Sunoco Station. Bring lunch or snack and water and wear appropriate footwear. L Muriel Guenthner (508-699-7461 Before 9:00PM, murielguenthner@comcast.net)

(C) (FT) (NM) Sun., May. 17. Copicut Woods Bioreserve Hike, Fall River, MA, Massachusetts, Southeast, MA. We'll take a leisurely 3.5-mile loop hike through Copicut Woods Biosphere Reserve in Fall River with an optional short side trip to an ongoing White Cedar restoration project. Along the hike we will encounter vernal pools and an abandoned farm settlement. A pre-hike breakfast will take place for those who would like to join. L Walt Granda (wlgranda@aol.com) CL John Pereira (774-473-8145 6:00 to 8:30 P.M., Johnpereira33@gmail.com), R John Pereira (774-473-8145 6:00 to 8:30 P.M., Johnpereira33@gmail.com)

May. 20. Wednesday Blue Hills 'Conditioning' Hike Series, Massachusetts, Southeast, MA. Hike hilly Skyline Trail and adjacent trails on successive Wednesday mornings 4/1-5/20, progressively increasing distance, elevation gain and pack weight to condition for summer hiking season up north. Moderate to fast pace 3 to 4 hour hike, distance 3 to 6 miles. 9:30 am start. Not suitable for beginners. Register once for entire series. L Len Ulbricht (lenu44@gmail.com), R len ulbricht (lenu44@gmail.com)

(FT) (NM) Thu., May. 21. Thursday Morning Hike in Blue Hills, Blue Hills, Massachusetts, Southeast, MA. A leisurely 5 mile hike in the Blue Hills. We will meet at Shea Ice Rink and follow the Skyline trail to Chickatawbut Tower where we will have lunch. After lunch we will cross Chickatawbut road and allowing lunch to settle by returning along Indian Camp Path at a gentle stroll through relatively flat woodlands. Make sure to bring two liters of water, snacks, and a lunch. Bring sturdy shoes, the skyline part of the trail is rugged and rocky in parts. Also bring a rain jacket and appropriate layers of clothing depending on the weather. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

SEM TRAIL MAINTENANCE WORKSHOP

By Cathy MacCurtain

On April 25, the SEM Chapter hosted a Trail Maintenance Workshop at the Brookwood Farm Conference Center in Canton. We had a presenter from the AMC North Country, Molly Higgins, who began with a discussion of tool safety and discussed the different tools that are used in trail work. (Hazel hoe, loppers, Pulaski, pick mattock, long handle shovel, double bladed swizzle, bow saw and handsaws).

After the tool demonstration we hiked over to the trails behind the conference center to do some trail maintenance including: clearing blowdowns, trimming branches, and cutting and removing trees that were covering the trails. Following lunch, we hiked across the street, tools at the ready, to a section of trails that had been earmarked by the FOBH for some trail work. We brushed back and removed several small white pine trees. We continued on the trails removing blowdowns and trimming branches. Our biggest project was clearing and reconfiguring two drainage ditches in order to prevent further trail erosion.

We ended the day back at the Conference Center discussing all the skills and techniques that we learned and discussing future opportunities for trail maintenance work. Cathy MacCurtain was the leader and Pat Achorn was the co-leader of the workshop. Photos courtesy of Cathy MacCurtain.

!

Our Annual Leadership Training By Doug Griffiths Photos courtesy of Maureen Kelly

! The Southeastern Massachusetts Chapter held its annual Leadership Training day-long program on Saturday April 15, 2015 in Foxboro at the ever popular Chapel Meeting house. We had great attendance, with 21 participants. Most of the participant were new to considering becoming activity leaders but a couple of people seeking to refresh their leader skills attended as well.

! Leadership skill topics were presented by eight dedicated SEM volunteers plus one AMC staff member from New Hampshire. The format for the day included some lecture, plus additional practice role plays that introduce the element of real world decision making. This made for a fun and challenging day.

! Please give a high five, when you see them, to our fantastic volunteer presenters who make these programs possible. Thanks go to Len Ulbricht, Bob Vogel, Eva Borsody Das, Maureen Kelly, Sally Delisa, Cathy Giordano, Farley Lewis, Susan Chiavaroli, and Jess Wilson (AMC staff).

! If you missed it and have an interest, sign up next spring. We'll be back!
!

**New to Hiking or
Backpacking?
Come Join Us May 9th!**

! Have always wanted to go on a backpacking trip, but not sure what to pack or where to start? Come join the SEM Chapter's [Introduction to Hiking](#) and [Introduction to Backpacking](#), **Saturday May 9th** (Foxboro, Ma.), to learn more about clothing, nutrition, choosing the right gear, weather hazards, backcountry stewardship and much more! This workshop will kick off the SEM Backpacking and Summer Hiking Series. Check the [website](#) for further details, or email hikingvicechair@amcsem.org for more information. You won't be disappointed!

Try this Natural Tick Repellent: In a spray bottle, mix 2 cups of distilled white vinegar and 1 cup of water. To make a scented solution so you do not smell like bitter vinegar all day, add 20 drops of your favorite essential oil. Eucalyptus oil is a calm, soothing scent that also works as a tick repellent, while peppermint and citrus oils give off a strong crisp scent that also repel ticks. After mixing the solution, spray onto clothing, skin, and hair before going outdoors. Reapply every four hours to keep ticks at bay, and examine your skin and hair when back inside to make sure no ticks are on the body.

EMS Partnership and Club Day

- AMC is excited to announce a new partnership with New England-based Eastern Mountain Sports!
- The campaign kicks off with EMS Club Day, taking place May 1st-2nd in all EMS stores from Maine to Virginia. Don't forget your AMC Member Card! During Club Day, AMC Members will have access to an exclusive Club Day discount of 20% off all full-priced items, with limited exclusions. EMS Rewards members will also get Double Points on their entire transaction during Club Day.
- Join us on Club Day May 1 and 2 to support the AMC and EMS – partners in building a vital outdoor community, and equipping our professional and volunteer trail crews throughout the region!

#EMSClubDay

Join us May 1st & 2nd to learn about local clubs that love the outdoors as much as you do! Club reps will be on site to answer questions about the best local rides, routes, and rivers.

Exclusive offer for members of outdoors clubs: 20% off full-price items, storewide. EMS Rewards members can earn Double Points!

20% OFF
ALL FULL-PRICE ITEMS STOREWIDE*

EASTERN MOUNTAIN SPORTS

Valid May 1-2, 2015 for outdoor club members. Show this flyer or club member ID & SAVE! Valid in store only.

*May be applied to one transaction per customer. Not valid on the purchase of a gift card or online gift certificate, taxes, shipping and handling, repurchase of returned merchandise, product rental, EMS schools, certified devices, action cameras, kayaks, stand up paddleboards, 2015 bikes, racks, or Western Mountaineering. Planning a White Mountain Hiking Trip?

The White Mountain Hiker Shuttle Map and Schedule for 2015 is now available.

The [Hiker Shuttle](#) operates daily from June 3rd through September 20th, and on weekends and holidays from September 26th through October 18th.

In Memorium: Joseph F. Quinn

The SEM is sad to report the loss of a wonderful friend. A true outdoorsman, kayaker, fisherman, professional photographer. Many may remember Joe with his 12' yellow Walden Vista kayak or his 10' green Walden kayak that he paddled in & fished from.....almost always with his camera along!

[JOSEPH F. QUINN Jr.'s Obituary on The Boston Globe](#)

The family of Betty Hinkley will have a memorial for Betty on the afternoon of Saturday July 11 at the Federated Church of Orleans. We look forward to celebrating her life with all those who knew her.

Teen Trail Crew Opportunity on the Bay Circuit Trail!

By Molly Higgins

Community Engagement Coordinator, Bay Circuit Trail

A long-awaited spring is finally making its way to New England, and with that will be the start of the field season for AMC's Trail Department. Trails crews has been getting outside, getting dirty, and giving back since 1919 when the White Mountain Professional Crew first started. Fast forward 96 years later and the trail crew is still protecting and restoring the natural resources and environments that AMC serves. Volunteers join us every year to help maintain and improve trails in the White Mountains, Maine, Western Massachusetts, New Jersey, and more, including international locations.

2015 will mark the pilot year for AMC's newest Teen Volunteer Trail Crew on the Bay Circuit Trail (BCT). The teen volunteers will be working in Harold Parker State Forest in North Andover, MA. This 3,000 acre protected forest just 20 minutes north of Boston hosts about 5 miles of the BCT. It provides an array of recreational opportunities such as mountain biking, hiking, horseback riding, camping, trail running, and more. Visitors can enjoy seeing varied ecosystems, diverse wildlife, and awesome natural features like as they make their way through the forest.

Not only will participants get to enjoy all of the great aspects of trail crew life like hearty meals and swapping stories around the campfire, they will also help improve and maintain the BCT through Harold Parker State Forest. The BCT and many trails will need lots of work to get "back into shape" after this harsh winter, and the 40 hours these teens will serve will be a tremendous help in doing so. A week long crew will be able to tackle some of the "bigger"

projects that one-day work parties cannot. Know a teen that might be interested? Check out the information below!

Dates: July 19th – July 24th

Contribution: \$255 (AMC members) - \$285 (Non-members)

Perfect for: Beginners, Teens (15-18)

Click [here](#) for more information.

Come to August Camp 2015 in Oregon's beautiful Central Cascade Mountains

August Camp 2015 will take place in the Three Sisters Wilderness area in the Central Cascades of Oregon, southwest of Portland. This area offers terrific hiking and fascinating geological sites. Studded with volcanic peaks, mountain lakes, wildflower meadows, lava tubes and obsidian, miles of beautiful hiking trails, including the Pacific Crest Trail and the Three Sisters Wilderness Area -- it's legendary for a reason! In addition to the multiple hikes August Camp offers each day for all levels of ability, other activities

may include car camping at Crater Lake National Park, backpacking, sightseeing excursions, river rafting, canoeing and kayaking. This full service tent village accommodates 64 campers each week, and the fleet of rental vans provides transportation to trailheads, as well as between camp and the airport (Portland International) each Saturday. Delicious home-cooked meals and

trail lunches are provided; great camaraderie and nightly campfire make for a memorable experience. The application and camper information forms, as well as detailed camp information can found on the August Camp website at <http://www.augustcamp.org>. Plan your one or two week adventure now and be part of one of the AMC's oldest traditions.

Week 1: July 18 - July 25

Week 4: Aug 8 - Aug 15

Weeks 2 and 3 are currently filled. There IS still space available in weeks 1 and 4 – book now before it's too late!

Questions about August Camp? Contact [Lennie Steinmetz](#).

AMC's 2015 Information Volunteers and Volunteer Naturalist Trainings

!
.
Information Volunteers: AMC Information Volunteers are friendly folks who possess a firm knowledge base in outdoor recreation, as well as the trails around the location they serve in the White Mountains and at Cardigan Lodge in Alexandria, NH. Volunteers provide recreation information (trails, gear, trip planning, weather, etc.), conservation and natural history information, assist with retail sales and provide information on AMC membership these volunteers are an invaluable resource to both the public and the AMC!

!
.
Volunteer Naturalists: For more than 20 years, AMC Volunteer Naturalists have offered natural history programs to backpackers and hikers staying at AMC destinations. Naturalists draw on their own expertise, which can range from alpine ecology to logging history to wildlife management. Although diverse in their backgrounds, they all have a common appreciation for the complexities of nature, a desire to share their knowledge, and a dedication to the conservation of our natural resources. Through the Naturalist Program, the AMC promotes wise and responsible use of our natural resources by educating backcountry users and encouraging a deep sense of awareness for the mountain environment, including the ecology, social history, and resource management of the White Mountains. The program also serves to increase public awareness of AMC's mission.

!
.
Training Details: This year we are planning on combining our various trainings for both Information and Naturalist volunteers providing several dates and locations for our busy volunteers from the Mid Atlantic to New England region to choose from. We are happy to announce that the programs will expand to include naturalist volunteer opportunities at Mohican in New Jersey and at Gorman Camp in Maine. As a result we will be holding these multi-track trainings at both these locations as well as Highland Lodge throughout the 2015 spring season.

!
.
AMC Information and Naturalist Training Dates:

May 16-17 – Highland Center

June 5-7 – Gorman Chairback Camp

!
.
For more information contact the AMC at 800-372-1758.

PIECES OF SEM HISTORY PRESERVED!

Thanks to the record keeping of chapter member Bruce Dunham, we now have 18 of the missing Breezes in our Breeze Archive: 1982-1996, 1998.

<http://amcsem.org/newsletters.html>

Also thanks to Bruce's record keeping—

- We have a record of how our Distinguished Service Award was originally created:

<http://amcsem.org/about.dsa.creation.memo.pdf>

- And a record of how our chapter was created: http://www.amcsem.org/assets/pdf/sem_creation_history.pdf

Thank you Bruce for preserving some of our chapter history. And for your generosity in sharing it with us.

(FT) (NM) (AN) (SN) Sat., May. 30. Summer Hiking Series - Hike #1 (Blue Hills), Blue Hills, Milton, MA, Massachusetts, Southeast, MA. Ever wanted to hike the mountains of New Hampshire, but didn't know how to start? Here's

the answer. The SEM Chapter is offering a 'Summer Hiking Series', during which we will take you from 'What you need to know' to the summits of NH 4000 foot peaks. The series starts May 9th with a local workshop (see separate listing), where you can learn about clothing, food, equipment, conditioning, etc. It will be followed by five hikes, ranging from 'Piece of cake,' to 'Boy, that was a real challenge!' Hike #1 in the Series will take place at the nearby Blue Hills in Canton. We will do a lot of 'up and down' hiking, to start getting in shape, while testing out our clothing and gear, and getting used to the 'flow' of a hike. Preference in this series will be given to those who have completed the workshop and the previous hikes in the series. Interested? Sign up for the workshop May 9th (if you are available). Then sign up for this hike (registrations accepted after May 9th.) Series dates (tentative): (Details of hikes 2-5 will be available when hikes are listed.) Workshop May 9th Hike #1: May 30th Hike #2: June 27th Hike #3: July 11th Hike #4: August 1st Hike #5: August 29th. L Bob Vogel (vogel.r@comcast.net) L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net), R Bob Vogel (vogel.r@comcast.net)

! (FT) (NM) (AN) Thursdays

Jun. 4. Red Line the Blue Hills - Hiking, Massachusetts, Boston Area, MA. Hike the Blue Hills. Location, terrain and elevation vary each week. 6-8pm every Thursday night. Register once then show-n-go. L Michael Swartz (swartz@brandeis.edu) L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com) L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

! (FT) (NM) (AN) (SN) Fri., Jun. 5-7. Backpacking Series - Backpack Hike #1 - Three Ponds, Three Ponds, Ellsworth, NH, New Hampshire, White Mountains, NH. Have you ever wanted to backpack into the woods of New Hampshire, but weren't sure how to get started? If that's the case, this summer the SEM Chapter is offering a 'Backpacking Series', where we will take you from 'What you need to know' to 'camping in the backwoods of the White Mountain National Forest'. The series starts May 9th with a workshop (see separate listing), where you can learn about clothing, food, equipment, etc. It will be followed by four backpacks, ranging from 'Anyone can do this!' to 'Hey, that was one HECK of a backpack!' This backpack, #1 in the Series, will take place near Three Ponds, in Ellsworth, NH. Friday night (for those who can make it) will give you an opportunity to camp 'near your cars' (In case this is backpack number 1 for you, and you want to start near your car, and a cozy cabin.... just in case.) Saturday night we will camp in the back country near Three Ponds. (This is prime territory for moose, so if we are

lucky, we may spot one...) This first backpack in the series will involve modest distance and elevation gain, and we'll have all day to "get there." Future backpack trips in the series will be more challenging. Preference in this series will be given to those who have completed the workshop and the previous backpacks in the series. Interested? Sign up for the workshop May 9th (if you are available). Then sign up for this backpack (registrations accepted after May 9th.) Series dates (tentative): (Details of hikes 2-5 will be available when hikes are listed.) Series dates (dates and locations are tentative, and subject to revision): May 9th: Workshop (Foxboro) June 5-7: Backpack #1 Near Three Ponds, Ellsworth, NH July 18-19th: Backpack #2 Mt. Sunapee greenway area August 15-16th: Backpack #3 Flume and Liberty, with camping off the Osseo Trail September 26-27th: Backpack #4 Mt Cabot, with the night at Unknown Pond. The Breeze

The Newsletter of the Southeastern Massachusetts Chapter of the AMC

June 2015

View From the Chair

Maureen Kelly, Chapter Chair

chair@amcsem.org

June is Here!

If you find yourself on Cape Cod this month.....

Join our great volunteer leaders for an outdoor activity while you're on the Cape!

We are leading a wonderful 22 mile 'Sunset and Full Strawberry Moon' bike ride in the Monument Beach and Gray Gables area of Bourne.

Paddling Trips in June include Chase Garden Creek in Yarmouth Port, the Herring River in Harwich, Oyster Pond in Chatham and Follins and Mill Ponds in Dennis.

When you are looking for an outdoor activity, check out our [website](#) to see what wonderful trips the Southeastern Mass Chapter of the AMC is offering.

See you Outdoors!

Volunteer of the Month Jodi Jensen

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month we recognize **Jodi Jensen** from the Biking Committee.

Jodi is involved in the SEM chapter in a number of capacities. One of which is sharing her time and biking skills creating and leading great rides showing off various places in our SEM region. Jodi put together and led a beginner's ride at our open house. Each year she leads a beginning of the season ride. One of her great rides is the 'Mothers Day Muffin Ride'. Jodi leads rides that are beautiful, fun, and have a great social component to them. Jodi is the current SEM Membership chair, and has served as the Biking chair. Thanks Jodi for your dedication! Jodi will receive a Volunteer of the Month certificate and a \$50 gift card.

Are you interested in volunteering?

We have something for everyone...Biking, Communications, Conservation, Education, Paddling, Skiing, and Social committees all need you! Contact the chapter chair at chair@amcsem.org to learn more about the opportunities that await you!

Take it Outside with AMC

WAS A GREAT SUCCESS!

Did We Meet You There?

AMC SEM Leaders and Volunteers

**Thank you SEM Leaders and Volunteers for
sharing your love of the outdoors and AMC with
others.**

**Thank you Rangers Eleanor and Paul at Borderland
State Park for all of your help. More pictures below.**

2015 OPEN HOUSE -- TAKE IT OUTSIDE WITH AMC

MORNING BEGINNER HIKE: By Cheryl Lathrop

Saturday, April 18, was AMC SEM's "Take It Outside with AMC" Open House program at Borderland State Park. As part of this exciting day, we held a beginner hike at 10:00am to walk around the ponds at Borderland-- the "Pond Walk" trail. The leader was Cheryl Lathrop (red cap kneeling); the co-leader was Ellen Correia (pink shirt standing). As it turns out, we didn't get real beginners, but rather those recovering from long winter illnesses, joint replacements, and having eaten too many holiday cookies. But we did get one teenager (and his parents).

We had a nice warm sunny day, which was a great relief after our awful New England winter. Our hike was a leisurely 2-hour walk around the ponds, talking and getting to know each other, and taking pictures. Our teenager even went wading (the rest of us used the bridge).

INTERMEDIATE HIKE: By Cathy MacCurtain

We had an overwhelming response to the afternoon intermediate hike that included fifteen new enthusiastic SEM members. Pat Achorn mapped out the 4.1 mile hike that included a wooded, rocky route which followed part of the Bay Circuit Trail as it crosses Borderlands. Because of the recent snowmelt and rain there were several bubbling springs. Borderlands was previously a private property; we observed evidence of historic use in old stone walls and the dams that create the ponds on the property. It was a warm afternoon and so not to overwhelm the new hikers, the hike finished along the Heart Healthy Trail avoiding some of the elevation and providing an easy walk along the Leach ponds and past the Lodge on the return to the Visitor Center.

Cape Cod Paddling Trip Report by Ed Foster Popponeset/Shoestring Bays and the Mashpee River May 2, 2015

!

Leader: Louise Foster

Paddlers: Vicki Blair-Smith, Bill Fischer, Ed Foster, George Wey

We departed from the put-in in bright sun, temperatures in the low 50's and very light winds. A few had difficult starts, likely due to the long hiatus from last fall. Made our way along the shore of Shoestring Bay, crossing from the east to the western shores slightly after the Narrows. Along the way we noted several docks which had been ravaged by the harsh winter. A pair of osprey were busy trying to reconstruct a nest which had been built on a float owned by the marina on Popponeset Bay and removed by the same. The osprey had not yet given up hope of rebuilding, although it looked pretty bleak. Paddled up to the end of the Mashpee River, which according to Bill was exactly three miles from where we began. Had lunch on the river at a deserted picnic table, on a small patch of open beach area along the river.

Returned to the put-in around 2:00. I can only speak for Ed and me in saying we are a bit sorer than usual after just six miles, but that is usually the way it is after the first paddle of the season (for us, anyway). It was a good day and great to be back out on the water with friends. We miss Betty. !

SEM's Chapter Hut Weekend Sept. 17-20 2015

!

Mark your calendar for the 2015 SEM's Chapter Hut Weekend **Sept. 17-20**, returning to the comfortable AMC Cold River Camp in beautiful Evans Notch, NH. The weekend will feature a variety of hiking and other outdoor activities, plus wonderful meals and lots of socializing.

!

Wilderness First Aid Training May 2 and 3, 2015 By Doug Griffiths-Education Chair

Our chapter sponsored a successful and well attended Wilderness First Aid two-day training on May 2nd and 3rd in Foxboro at the Donald Cotter Recreation Hall of the Cocasset River Recreation Area. We had 23 participants with one no-show, unfortunate because we had 8 last minute people who wanted to be on a wait list. Twelve attendees were from SEM, five from the Boston chapter, two from Worcester and one from New Hampshire. We had two Eagle Scouts preparing to go to the Philmont Scout Ranch and Training Center in New Mexico and there was one unaffiliated participant, maybe later to be encouraged to join the AMC!

The course was led by SOLO instructor Jennifer Spears, a wilderness EMT, outdoor educator and leader. Her interactive and engaging style kept everyone interested, involved and on their toes.

In a series of hands-on scenarios, participants faced a bewildering array of backcountry emergencies and using an organized approach to evaluation and treatment, saved life and limb in repeated situations. With equal time spent in classroom talk and in role plays, it is during the role plays and debriefings in which one begins to develop self confidence in handling situations. This makes for a challenging and exhilarating day that leaves you brimming with knowledge. If you've never taken this course, you should check it out the next time. It's really cool and you'll have a fun time.

! **MASSACHUSETTS DEPARTMENT OF CONSERVATION AND RECREATION IS HOSTING ACCESSIBLE RECREATION FAIR
MAY 30TH, 2015 FROM 10AM-3PM
AT ARTESANI PARK IN BRIGHTON** !

The Department of Conservation and Recreation's (DCR) Universal Access Program (UAP) will offer a free fun-filled day of celebrating Accessible Outdoor Recreation available for individuals, families and friends of people with disabilities. Activities will include a cycling fair with an assortment of accessible cycles available for use; other adaptive recreational activities, including power soccer, hiking, letterboxing, face painting, kite decorating/flying, DJ music, snacks, and more!

! Join us rain or shine [call 617 626-1294 for recorded status in case of severe weather] and enjoy the accessible recreation fair and the beauty of the Charles River running along the park. Enjoy the camaraderie while learning about DCR's inclusive, accessible programs and resources available to people of all abilities around the state.

For more information on DCR's Universal Access Program and a schedule of activities, and to confirm program status, call (617) 626-1294 or visit <http://www.mass.gov/eea/agencies/dcr/massparks/accessibility/>

Grand Monadnock via Monte Rosa Hike Turns into an Exercise in Group Navigation By Paul Miller, SEM Hiking Chair

! |
On the summit of Grand Monadnock
(Photo courtesy of Peggy Qvicklund)

! |
Anyone who has climbed Mount Monadnock in southern NH on a nice day knows that the main trails leading to the summit can be like Boston's Southeast Expressway at rush hour. Over the years, to avoid the crowds, I've put together a number of hikes on this wonderful mountain that, to a large degree, avoid the more popular White Dot and White Cross Trails that start at the State Park Headquarters in Jaffrey, NH. These are the two most direct routes to the summit (if not the prettiest) and thus the ones that get the most traffic.

One of my favorite of these alternate, "avoid the crowds" hikes is my "Grand Monadnock via Monte Rosa" loop hike. From the park headquarters, this hike skirts around the Poole Reservoir and follows the Parker Trail to the Lost Farm Trail and then hangs a right onto the Cliff Walk Trail for a short stretch before dropping down on the Thoreau Trail to the old Halfway House site. From there, the hike follows the Monte Rosa Trail up to the top of little-visited Monte Rosa. Next, it drops down again on the interesting Smith Summit Trail and eventually climbs steeply up to the summit of Grand Monadnock, typically the first place you run into any number of other hikers. From the Monadnock summit, the hike follows the exposed Pumpelly Trail for a stretch and then drops down again on the somewhat challenging (but fun) Red Spot Trail to pretty Cascade Link, which leads back to the main White Dot Trails and ultimately back to the main parking area.

Thanks to the fine advance work of co-leader, Barry Young, fifteen well-matched, enthusiastic and appropriately-dressed and equipped hikers showed up at the trailhead right on time at 9:15 am for our early spring hike on April 25th, including several participants joining us from other AMC chapters and Walt Granda and myself as nominal hike leaders. It looked like the weather for the hike would be great too, with comfortable temps in the 50s and mostly sunny skies. After a little socializing, we shouldered our packs, made the usual procedural announcements and introductions, and hit the trail at 9:30 am. We started out with me in the lead, Walt in the middle, and Barry doing "sweep."

One of the things that I like about this hike, is that rather than going right at the fall line, it starts with a relatively gentle stretch of the Parker Trail and only starts climbing a bit after a half mile or so when you reach the very pretty Lost Farm Trail. This gives everyone a chance to loosen up the legs and get the heart pumping after the approximately hour-and-half drive up from Southeastern Mass. After about a mile or so on the Lost Farm Trail (and at least one "de-layering" break), we gained about 700 feet of elevation and got to enjoy some nice views toward the south. Then we hung a right onto the Cliff Walk Trail for a short distance to the Thoreau Trail, which drops down to the historic Halfway House site. While obvious signs mark both ends of the Thoreau Trail, this not-terribly-popular trail appears to be otherwise totally unblazed. This is when our exercise in group navigation began, since I lost the trail at one point and it took multiple eyeballs to regain it.

Once down at the Halfway House Site, where a small inn served by the Old Toll Road (now a trail) had once operated at some point in the past, we followed the popular White Arrow Trail for a short stretch to the Monte Rosa Trail. All was well until I missed the turn that leads up to the summit of Monte Rosa and continued for a short stretch on the aptly named Smith Bypass Trail, which bypasses this pretty sub-summit altogether. Luckily, Barry was paying better attention than I, and let me know about it before we went too far out of our way. The pretty, typically "un-peopled" summit of Monte Rosa features a distinctive wind vane. From here, we looked across to the crowded, exposed summit of Grand Monadnock, on which the wind appeared to be howling. Based on this observation and the fact that it was now almost noon, we decided to eat a quick lunch on a nicely protected spot on Monte Rosa before continuing along on our hike.

After lunch, we initially started down by following a cairn that I had mistakenly assumed identified the Smith Summit Trail, but others in the group more astutely identified the correct trail as the one marked by an "S" (duh!). The Smith Summit Trail drops down a bit into the trees before climbing steeply toward the exposed summit area of Grand Monadnock, requiring some scrambling in several spots. Once at the summit, where it was colder and windier enough to have to re-layer again, we found a more-or-less protected spot to stop for a drink, a snack, and a grab a few summit photos. After this quick break, Walt took the lead and led us down on the Pumpelly Trail, which follows a largely exposed ridge and ultimately ends up at Dublin Pond in picturesque Dublin, NH (home of *Yankee* magazine).

The Pumpelly offers several options for regaining the trailhead. Initially, we had planned to take the Pumpelly down to the Red Spot Trail, which cuts a corner and connects up with the Cascade Link Trail. However, due to the relatively steep and rugged nature of the Red Spot and the likelihood of encountering some wet and/or icy spots, we opted to follow the more scenic Pumpelly Trail all the way to its intersection with the Cascade Link and, from there, then descend from the ridge via the Cascade Link down to the main White Dot Trail that leads back to the parking area. While this added about a mile to the hike and there still were a few tricky spots to negotiate on the upper end of the Cascade Link, I'm pretty sure this is a "gentler and kinder" way down from this mountain. (Not everyone would agree with me on this...)

While the mostly sunny sky had threatened to cloud up ominously at several points in the hike, we made it back down to our cars dry, in good spirits, and with plenty of daylight left; if about an hour later than anticipated due to the route adjustment. Thanks everyone for joining us for this excellent hike on this wonderful, relatively nearby mountain!

Nature's Detective: Animal Tracking Workshop Reveals Unseen World

By Doug Karlson
(Photos courtesy of Doug Karlson)

!

You don't have to actually see an otter to know that one's out there. You just have to read its signs. Reading those signs is Todd Kelley's specialty. The self-taught animal tracker from Chatham doesn't do it to hunt animals, rather, to understand them. Tracking is a way of observing nature, nature that is often unseen. A short distance from the herring run in Bell's Neck Conservation area in Harwich, he points out a narrow path where vegetation has been

trampled down. "This is an otter run," Kelley informs the 15 people who turned up on a recent Saturday morning for his tracking workshop organized by the Harwich Conservation Trust, "and that's an otter's scat."

Everyone gathers for a closer look as Kelley picks up the otter waste and pokes it with his finger. The scat contains fish scales, which makes sense, since river otters eat fish. As an added bonus, the otter has also left behind some scat, which is an anal gland secretion animals in the weasel family use to mark their scent. It's a form of communication, an animal's way of marking its range, or of attracting a mate. "It's nature's bulletin board," says Kelley.

A graduate of Chatham High School, Kelley started Kelley Trailblazer (kelleytrailblazers.com). Interpretive Guide Services after beginning his career as a 16th century Timucuan Indian re-enactor in St. Augustine, Florida. That led to an interest in tracking, and Kelley now hosts popular nature walks in Chatham, Orleans, Harwich and elsewhere on the Cape where he introduces the art, and the science, of tracking. During the summer he also works as a naturalist educator at Nickerson State Park. Part naturalist, part semiotician, Kelley see signs others would miss. "There are

signs all around us. When you walk out your door in the morning, there are signs. The question is, can you perceive them?"

When you're interpreting signs, explains Kelley, "you're a nature detective.... Through [an animal's] tracks, you're stepping into its life." With a little practice, he adds, it's amazing how you start to recognize them. Interpreting signs involves a process of elimination, says Kelley. That tells you what it isn't. For example, if a footprint has five toes, it's not canine. But figuring out what it is can be a challenge. You look for clues. If a print has four toes in front, four in back, it's a rodent. A twist in the scat indicates the animal is a carnivore. The color and composition tell us when, in the animal's digestive process, the scat was deposited, and by whom. It also helps if you know what you should be looking for. Kelley has been to Bell's Neck many times before, and has collected fresh water mussel shells that have been bitten open by otters. So he knows they live here. There are also fishers, bobcats, minks, weasels, muskrats, snapping turtles, coyotes, foxes, raccoons and many other animals. Most of them avoid humans during the day, but are active at night. Kelley is particularly interesting in minks, and hopes to spot one. "You never see animals, but I want to see signs that they're there," said Alison Carroll of Orleans, who attended the three-hour walk. "I thought it was fascinating that there are just so many signs. It's amazing."

Tracking is "really an art, but it's a science also," says Kelley (pictured below). In fact it's a blend of many sciences: meteorology, ornithology, dendrology, botany, and geology. That's because it not just about footprints, it's about using all your senses to see, hear, and smell the signs around you: weather, sounds, smells, marks on trees, birds in the sky. It can also get very technical, and as Kelley examined a set of tracks left in the dirt, one is reminded of Sherlock Holmes investigating a crime scene. Trackers consider

many three dimensional components of an animal's track, as well as the composition of the soil. Identifying the gait, which is a pattern of movement that demonstrates the rate of speed, is also important. The gait indicates whether the animal is a bounder, a hopper, a waddler, or a looper, among other things. It may also indicate if the animal is tired, injured, old, hungry or sick.

!

On the sandy marge of a cranberry bog, Kelley studies a footprint. He points out a subtle raised portion of the print which he says was made by the fur on the bottom of the paw, and a barely discernible chevron pattern on its heel. The only animal around here that has fur like that on the bottom of its paw, and a chevron, is the red fox, he explains. Kelley is concerned that people are losing that connection to nature, and are out of sync with the seasonal rhythms that traditionally guided activities on Cape Cod. By reading the signs, we realize how much nature is all around us, and that leads to greater respect for it. Says Kelley, "when you have a deep reverence for it, you stop being a consumer and actually have a relationship with nature."

!

He pauses by West Reservoir toward the end of his tour, and looks down to examine some scat he's noticed at the water's edge. Even an expert tracker like Kelley is sometimes challenged.

!

Tracks in the sand left by a red fox.

SEM's Hiking and Backpacking Workshop

By Leslie Carson

On May 9th, an Introduction to Hiking and Backpacking workshop was held at The Chapel Meeting House in Foxboro.

Three SEM leaders, Bob Vogel, Bryan Jones and Leslie Carson were the presenters to the 24 participants who attended.

The morning was spent on general hiking information. A few of the topics included clothing, footwear, nutrition, hydration, water purification and Leave No Trace. The presenters and some participants brought gear to demonstrate and related personal stories about hiking experiences. The afternoon session focused on backpacking. A variety of tents were set up and cooking demonstrations with different stoves took place outside. Great tips were offered on how to pack a backpack and decrease weight when backpacking. The participants asked pertinent questions, were able to sample trail food and tried out the different styles of tents. Regardless of what the participants' level of experience, everyone left with some new information. It was a great way to kick off the summer Hiking and Backpacking Series!

Skyline End to End Hike in the Blue Hills By Paul Brookes

!

On Mother's day, SEM held its traditional Skyline end to end hike in the Blue Hills. This is a strenuous 8 mile hike that allows the participants to summit 12 of the hills in the Blue Hills. The temperature for the day was in the mid to high 80's, extremely hot for this early in the season, yet a small and intrepid crew braved the heat to enjoy a challenging hike and good company. With amazing views of Boston from Buck Hill where we had lunch, to the welcome shade of Tucker ravine, we enjoyed it all. The first leaves of spring along the woodland trails were appearing on the beech trees and the

Skyliners at the finish line.
Photo courtesy of Paul Brookes.

skunk cabbage in the wetlands was soaking up the heat; it's flowers ready to burst forth. We stopped at the Blue Hills Weather Observatory to pay homage to the plaque showing maximum snow depth over the years and confirmed that this winter will be added as an historical high in both total snow fall and greatest depth. Then on to Little Blue Hill and Royall Street where our cars awaited. This hike is dedicated to Mother's everywhere.

Skiing Tuckerman's Ravine!

By Gina Hurley

(Photos courtesy of Mark Hurley)

!

On Saturday May 9, 2015 I crossed this off my bucket list! For the past several years, each spring my husband and I have hiked up into Tuckerman's Ravine to watch hundreds of people ski the steep walls of the ravine. Each year we have wanted to trek up with our skis and try out our skiing skills. This year we finally did it! We loaded our ski boots and gear into our packs, strapped on skis to the outside of the pack and off we went. Our packs weighed about 35

pounds, which is about the same weight when we

are long distance hiking. Here are a few pictures from the day. The pictures cannot capture the experience. Every year it is a party atmosphere.

Hundreds and hundreds of young and old (I think we were on the top of the old side) enjoyed the day. People bring backpacking stoves to cook, sleds to ride, music, four legged friends, and a variety of food and beverages! Many skiers climb left or right gully to the top, but others climb up as far as they feel comfortable. When a skier or snowboarder completes a great run the crowd goes wild, and gives a round of applause. Each year we have heard of some of the crazy antics. While in the ravine this year we actually witnessed this....a skier coming down with just his ski boots and skis. That's right, he was totally naked. He seemed to be one with nature, and received a round of applause. If skiing Tuckerman's has been on your bucket list, my advice is to just do it! You will be exhausted at the end of the day, but be thrilled and overjoyed with the experience.

! AMC's Activities Database (OLTL) Updates Have Launched!

We are pleased to announce that AMC's activities database, activities.outdoors.org, has some new exciting changes to ease trip sign-up and participation! The new features, launched in April 2015, allow participants to register for trips online and receive registration confirmation via email, and help coordinate carpooling with other participants.** You can also use your account dashboard to keep track of your upcoming trips!

In order to use these new features, you will need to login to <https://activities.outdoors.org/login> with your AMC account (the same as the AMC Member Center account or your AMC Online store login). If you have not yet created an AMC account, go to the link above and fill in the appropriate information in the box on the left side of the screen to create one. If you have an account but have forgotten the username and password, just scroll down and click the "I forgot my username or password" link at the bottom of the screen.

**Note that these new features are only available if the leader who posted the trip has opted to use the AMC Registration Form.

! AMC Members: Drive Green and Save Green!

Want to put your auto and home insurance to work for the environment and save money at the same time?

AMC members receive an automatic 10% discount on auto insurance purchased through the [Environmental Insurance Agency](http://EnvironmentalInsuranceAgency.com) (EIA). Low-mileage drivers save even more. Each EIA policy also supports the environmental advocacy work of Conservation Law Foundation, a loyal AMC partner dedicated to [solving New England's toughest environmental issues](http://solvingNewEngland.com). When's the last time your auto (and home) insurance helped promote healthy forests and clean water, fight climate change, and build healthy communities throughout New England? Learn more at <http://EIAinsurance.com/AMC>.

White Lining the Blue Hills By Paul Brookes

!

This Winter I decided to hike all the trails in the Blue Hills in the twelve cold and dark weeks between the Winter Solstice and the Spring Equinox. The SEM chapter of the AMC call this White Lining. After hurricane Juno dropped three feet of snow I would rarely see another person, just the occasional cross country skier. Usually I would be snow-shoeing through the virgin snow with map, compass and handy Garmin, my only indications that under many feet of white fluff a trail lay hidden.

!

I would leave my house after weekday traffic died down, drive to the hills and hike into the twilight. Four weeks into White Lining, Juno hit hard and from then on I was snow-showing. My dog, Sunny, would run ahead or when tired walk in the indentations left by my snow shoes. He would nuzzle my pocket, where I often carried treats, when he thought it was time for lunch. I would stomp down the snow until it formed a hardened circle; take off my pack and stretch my weary back, then give him his kibble. While I slowly ate my sandwich, Sunny would lie down and gather in the scents on the breeze, confident that I would protect him from the snow demons that lurked behind ice bound trees.

!

Once you leave the over hiked Houghton's pond area the Hills are more alone, more strange, more assured of themselves. These less hiked trails remind me of my childhood, playing in the woods behind my house where I was once sure wood nymphs danced around the next bend and older magic hung in the air. My daily trudge through the drifting snow settled into a melancholic rhythm, in tune with the deep sadness of winter: A season on pause; a season waiting for spring. Then to unwind, then to restart, only then to begin the cycle of life anew.

!-
Paul and Dog Sunny
White Lining the Blue Hills
(Photo courtesy of Paul
Brookes)
!-

!

I finished the last trail two days before the Spring Equinox, happy to have accomplished my goal, in one season, during the worst winter in memory. Now, as spring approaches, like the winter hills, I am renewed and ready, waiting for new adventures and the new life that comes with the spring. I cannot say why the Blue Hills enamor me so but I ask that you hike them yourself and if you find an answer flowing in the brook or whispered on the breeze maybe you can let me know and we can share a trail together.

Wednesday Blue Hills Conditioning Hike Series By Len Ulbricht

! (Photo courtesy of Alan Greenstein)

This hiking series began on April 1 and continued for 8 consecutive Wednesdays through May 20. With a focus on conditioning for more demanding hikes in the Whites, we began week one hiking the north to south Skyline loop, about 3 miles

of up and down hills. Then each subsequent week an additional up and down was added so that by the seventh week we were up to 7+ miles with lots of hills including a leg out to Buck Hill. Sometimes we reversed direction from the previous week to add a bit of variety. Some of us even added weight to our packs as the weeks progressed to enhance the conditioning effect. Weatherwise we hit the jackpot. No rain any day and sunshine or partial sun every Wednesday. Twenty two hikers participated but not every day. Turnout varied from as few as 4 to as many as 13, with several hikers getting their first Skyline Trail experience. The last hike of the series, on May 20, dawned with clear breezy conditions, a perfect hiking day that highlighted our traditional capstone hike. For this year's finale we hiked the Skyline Trail end-to-end from west to east, completing the 8.5 mile trek in 5 1/2 hours. Kudos to George Danis for making 7 of the 8 hikes, Pete Tierney made 6, and both Alan Greenstein and Ellen Nichols made 5 hikes. To emphasize the benefit of taking on a conditioning series, here is a quote selected from an email to me from one of this year's hikers.

! "...I wanted you to know it [the conditioning series] is much appreciated and has been very effective for me. On week one when we headed up Hancock on the North Skyline and you didn't stop till we reached the top, I thought my heart was going to pop out of my chest. It was a rude awakening to show me how poor my conditioning really was after a bad winter. This week when we headed up Hancock again (after already heading out to Buck Hill and back), I had no problems at all. That's when it really sunk into my brain that the conditioning hikes have really helped."

! As a final note, this spring's weekly conditioning series was inspired by a similar series in past years that I attended run by Ken Jones, and the fast and hilly series of Maureen Kelly. Thank you both for leading the way!

Breeze Information

Pictures and Article Submissions

We encourage SEM members to submit articles and photos for both the Breeze and our website. Materials will be edited at the editor's discretion. Submissions must be copy ready. Title and credit for all photos must be included. Send to breeze.editor@amcsem.org

(FT) (NM) (AN) (SN) Fri., Jun. 5-7. Backpacking Series - Backpack Hike #1 - Three Ponds, Three Ponds, Ellsworth, NH, New Hampshire, White Mountains, NH. Have you ever wanted to backpack into the woods of New Hampshire, but weren't sure how to get started? If that's the case, this summer the SEM Chapter is offering a 'Backpacking Series', where we will take you from 'What you need to know' to 'camping in the backwoods of the White Mountain National Forest'. The series starts May 9th with a workshop (see separate listing), where you can learn about clothing, food, equipment, etc. It will be followed by four backpacks, ranging from 'Anyone can do this!' to 'Hey, that was one HECK of a backpack!' This backpack, #1 in the Series, will take place near Three Ponds, in Ellsworth, NH. Friday night (for those who can make it) will give you an opportunity to camp 'near your cars' (In case this is backpack number 1 for you, and you want to start near your car, and a cozy cabin.... just in case.) Saturday night we will camp in the back country near Three Ponds. (This is prime territory for moose, so if we are lucky, we may spot one...) This first backpack in the series will involve modest distance and elevation gain, and we'll have all day to "get there." Future backpack trips in the series will be more challenging. Preference in this series will be given to those who have completed the workshop and the previous backpacks in the series. Interested? Sign up for the workshop May 9th (if you are available). Then sign up for this backpack (registrations accepted after May 9th.) Series dates (tentative): (Details of hikes 2-5 will be available when hikes are listed.) Series dates (dates and locations are tentative, and subject to revision): May 9th: Workshop (Foxboro) June 5-7: Backpack #1 Near Three Ponds, Ellsworth, NH July 18-19th: Backpack #2 Mt. Sunapee greenway area August 15-16th: Backpack #3 Flume and Liberty, with camping off the Osseo Trail September 26-27th: Backpack #4 Mt Cabot, with the night at Unknown Pond. Sat., Jun. 20-20. Whitney and Thayer Woods, Massachusetts, Southeast, MA. What do giant boulders, a Nike missile site, a hermit's den, and American holly trees have in common? They can all be found at Whitney and Thayer Woods! This special Trustees of Reservations property and the adjacent Turkey Hill offer rocky trails, a brook, vernal pools, grasslands, and fine views. Rich in human and natural history, this Cohasset reserve is part of the largest tract of open space on the South Shore. Come enjoy its lovely trails in early summer when some of the rhododendrons will still be in bloom. We will be making some stops to study nature and history along the trails. Expect 5 miles of somewhat hilly terrain. Wear sturdy shoes and please bring water, snack, and raingear. Binoculars would be helpful. L Lorraine Rubinacci (lrubinacci@hotmail.com), R Lorraine Rubinacci (lrubinacci@hotmail.com)

May 3: Sunset/Full Flower Mood Ride

Flowers spring forth in abundance this month. Some Algonquin tribes knew this full Moon as the Corn Planting Moon or the Milk Moon. Our Flower Moon ride on May 3 was accompanied by a strong, cold and gusty wind mostly from the north and west - more of a November than May feeling - making the trip toward Buzzards Bay a challenge. But of course our hearty riders were up to the task knowing that the trip back would be a breeze. We had hoped to see a whale or two from the cliff in Sagamore, some herring in the herring run, and a gorgeous sunset. We opted to cut Mass Maritime from the trip and headed up to 3-Mile Outlook for sunset. The camaraderie of our crew and the beautiful moonrise were reward enough. Our regulars were joined by a new rider to our crew - Kate Jewett - welcome, Kate and hope to see you for more rides.

!

!

Photos courtesy of Jim Doherty. Riders - from left to right - Jack Jacobsen, Larry Decker, Paul Currier (leader), Bernie Meggison, Kate Jewett, and Linda Church. We were certainly not lacking for co-leaders on this trip!

Mother's Day Muffin Ride with Jodi Jensen: By Linda Church

On Mother's Day, nine cyclists took to the road starting in Wrentham in search of muffins. We rode up and down rolling hills and past wide open fields. As we breezed along the flats on that sunny day, we saw many horses along the way. About $\frac{3}{4}$ of the way thru the ride Phantom Farm appeared where we found the muffins. After eating and conversation the group saddled up and rode back to the parking lot where we said goodbyes until next time. Thanks to Jodi Jensen for leading the 28 mile muffin ride! Ride on!

!

!

!

The Biking Committee also presented an award to Paul Currier.

Photo courtesy of Cheryl Washwell

!

- Up and coming rides include two rides in July - a Blue Moon Month.
July 2 Buck Moon
July 31 Blue Moon

!

- Watch our website for details or contact me - paulbcurrier@comcast.net
- There are more people in training to become leaders and some returning! We have some very interesting rides coming up – stay tuned to the listings on our [website](#).
- We are always looking for leaders to share the great areas they like to ride or making a social event along with a ride. If you are interested in sharing your gifts please contact me. bikingchair@amcsem.org

Mt. Moosilauke Loop Hike **Friday, June 12, 2015** **By Len Ulbricht!**

! Leader: Len Ulbricht

Co-leader: Anne Duggan

Difficulty Rating: B (strenuous) for distance, C (average) for terrain

(Photo courtesy of Len Ulbricht)

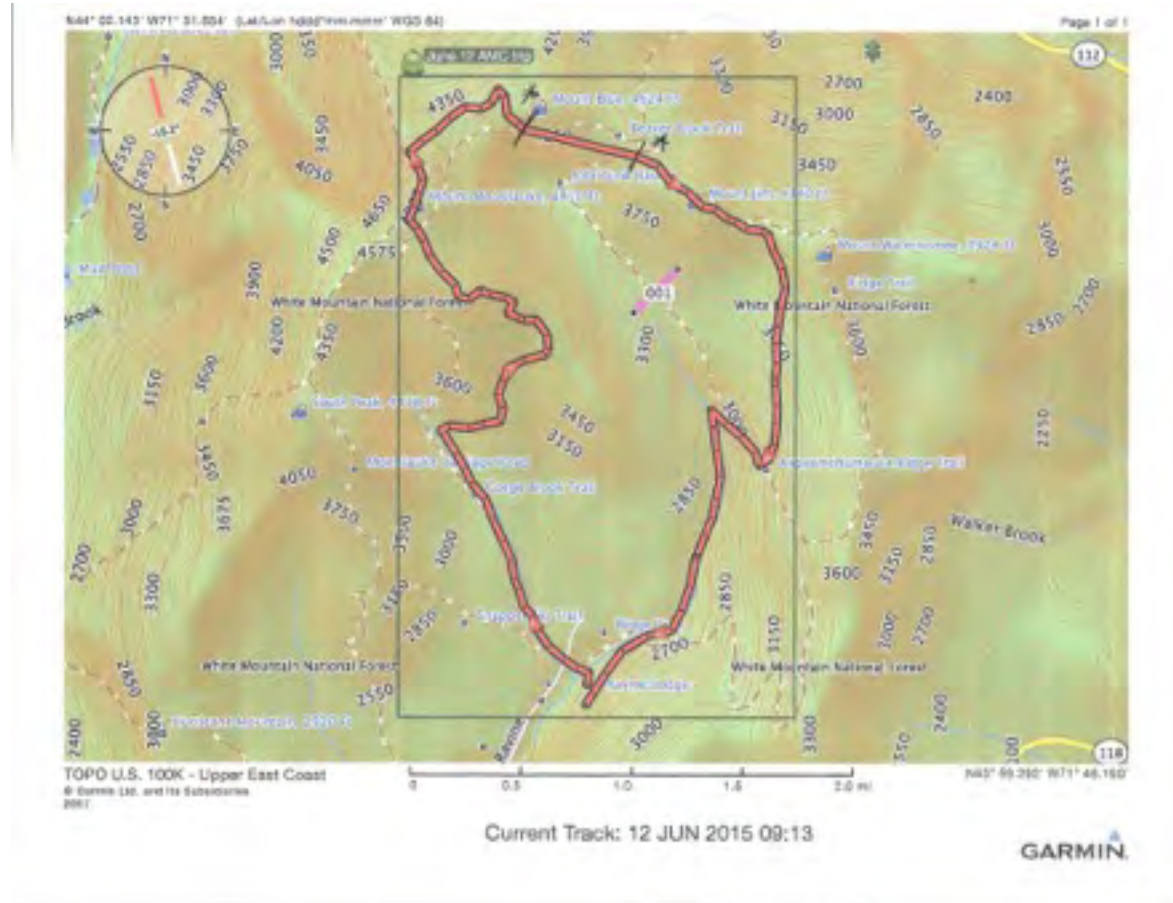

! This enjoyable loop hike is long at 9.3 miles but terrain is not overly difficult, even for the summit's 4802 ft elevation and an elevation change of about 2400 ft. The route starts at the Moosilauke Ravine Lodge off NH route 118 following the Gorge Brook trail to the summit, then loops around Jobildunk Ravine to return via the Beaver Brook (part of the AT) and Asquam Ridge trails. The trails are well maintained with stone steps in many places, easy switchbacks when needed and all river crossings bridged. There are signs of hurricane Irene damage and trail re-routing is still underway in spots. The Lodge, which is open to the public, and though part of the WMNF much of the mountain is property of the Dartmouth College Outing Club (See http://outdoors.dartmouth.edu/services/ravine_lodge/). There is ample roadside parking. Just the day before club members celebrated the opening of a newly built bunkhouse. (It's the Class of 65 bunkhouse should you inquire about accommodations.)

! Weather was perfect with temperature in the 70s, moderate humidity, a light NW breeze and high cloud cover filtering out the sun's heat, yet occasional pockets of blue sky allowed the sun to poke through every now and then. Six of us completed the hike in about 7 hours including a 40 minute lunch, rest and enjoy the view stop at the summit. Our 2 hour 40 minutes to the summit (book time is 3 hours) is indicative of easy terrain not fast hiking. On the ascent the roar of Gorge Brook accompanied us much of the way. At one point there was a large south facing view clearing giving uninterrupted sightline to Mt. Kineo, the ridge line of wind turbines in Rumney/Plymouth area, what looked like Mt Cardigan in the far distance, and rolling hills to the left and right. Just gorgeous. The treeless summit is well marked with cairns and we easily spotted the Franconia Notch ridge line and peaks beyond. To get relief from the cool wind hikers huddled behind several stone windbreaks, perhaps foundation remnants of a former mountaintop hotel. An AT through hiking couple (with dachshund) passed us on the summit. The

pretty return trip took us through dense and fragrant pine forest, over a couple of side peaks (Mts. Blue and Jim), sections of open forest understory with multiple stretches of emerald green moss and clintonia borealis wildflower carpeting the forest floor, and more roaring brook from the Baker River.

Track courtesy of Walt Granda. GPS hike time 7:05 hrs., ascent 2579 feet, distance 8.7 miles

Mt. Washington and the Alpine Garden

By Gina Hurley

If you have never walked through the Alpine Garden on Mt. Washington in June, put it on your "To Do" list. Although climbing Mt. Washington is always a great experience, adding an extra mile or so to stroll through the Alpine Garden is well worth it. We

recently did this. Starting on the Tuckerman's Ravine trail we hiked up to the Lion's Head trail, and then to the junction with the Alpine Garden trail. We took our time walking the 1.1 miles to the Huntington Ravine trail, snapping photos and enjoying the beautiful wild flowers nature had to offer. After hiking up the top of the Huntington Ravine trail to the Nelson Crag trail, we made it to the top of Mt. Washington. After a snack break, we headed down the Tuckerman's Ravine trail, back to the Lion's head trail, as part of Tuckerman's was still closed due to snow and ice. We took the lower part of Tuckerman's Ravine trail back to the parking lot. The hike was about 10 miles, and took us about 8 1/2 hours. A great day!

Top Left: Cairns leading the path on the Alpine Garden trail.
Above: Wild flowers in the Alpine Garden.

Appalachian Trail Hike & Community Picnic

Saturday July 25, 2015

FREE

Come celebrate Great Barrington's connection with the Appalachian Trail. Join DCR MassParks staff and Great Barrington Trails & Greenways partners on one of four separate hikes being offered.

Parking for the event will be offered at the main entrance for Beartown State Forest near the boat ramp on Benedict Pond Rd. in Monterey.

Hikers interested in joining us on one of two adventurous 7 mile hikes: south along the A.T. from Fernside Rd. OR north along the A.T. from Homes Rd, are asked to meet at Benedict Pond parking lot for 10:30am and will be shuttled to the starting points. **Space limited/Registration required: info@gbtrails.org**

A third moderate hike will be offered beginning at 2pm leaving from the parking lot where hikers will travel along the Benedict Pond Loop Trail and join the A.T. with a short climb to "The Ledges" for fantastic views.

A fourth all ages hike around the Benedict Pond Loop will begin at 2pm leaving from the parking lot.

After the hike join us for our community pot luck beginning at 5pm; bring your favorite picnic food to share.

Swimming & campfire provided.

photograph by Peter Robertson

Sponsored by: DCR MassParks, GB Trails & Greenways, Greenagers, AMC, & ATC.

Hiking registration is required! For hike, picnic or both, email: info@gbtrails.org

For more information please visit <http://www.gbtrails.org> or CALL 413-528-0904

In the event of rain or significant weather the event will be cancelled.

Coming Event

Department of Conservation and Recreation, Massachusetts State Parks

WE WANT YOU IN AMC OUTDOORS!

! Our chapters work hard and play hard! We have two special opportunities coming up to showcase AMC's chapters in the pages of our member magazine.

! **1.** The first is our **21st ANNUAL PHOTO CONTEST**, coming this summer from *AMC Outdoors*. This is the contest you know and love, showcasing your gorgeous photography, with a couple of twists. We're adding a new category in 2016: Recreation Close to Home, focused on the adventures you find in the parks, preserves, and bike paths in your own neck of the woods, throughout the entire AMC region.

! We're also upping the ante with a competitive contest pitting chapter against chapter, Maine against Mohawk Hudson: The recipient of our new **Chapter Award**, delivered to the chapter with the highest percentage of participation in the contest, will win a customized photography workshop with the staff of *AMC Outdoors*. For details, including the contest's summertime launch date, stay tuned to outdoors.org/photocontest.

! **2.** Are your creative juices flowing? Good! For our November/December 2015 issue, we're aiming to capture **48 HOURS IN THE LIFE OF AMC**, from the volunteer-managed camps to chapter activities to the trails to the rivers to the huts to YOP to—well, you get the idea. The 48 hours in question will be **Friday, August 7 through Saturday, August 8**, and we want to gather every photo, every paddle, every summit, and every quiet moment of reflection from that 48-hour period that you're willing to share.

! We'll weave all of this rich material from all of our many constituents—members, volunteers, board, staff, and beyond—into one epic timeline conveying just how awesome this club is and how truly proud of it we are. We'll be reaching out to chapter leaders soon to enlist your help. We're eager to showcase all of your excellent efforts to work together on these projects celebrating AMC! Stay tuned!!

! Jennifer Wehunt, editor in chief (jwehunt@outdoors.org)

Marc Chalufour, senior editor (mchalufour@outdoors.org)

Ryan Smith, managing editor (rsmith@outdoors.org)

2015 FALL GATHERING

YMCA Camp Chingachgook • Lake George, New York
Hosted by the Mohawk Hudson Chapter
October 16-18, 2015

Join us for a weekend on scenic Lake George in the Adirondacks! Choose from a variety of activities including cycling local bike paths, paddling the coves, hiking summits, relaxing by the lake, and much more. Start planning your fall adventure at outdoors.org/fallgathering today!

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS AND ACTIVITIES

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

Fridays

Jul. 31. Fri July 31 - Sunset & Full Blue Moon Ride, Massachusetts, Cape Cod, MA. Contrary to popular belief, a blue moon is not actually blue in color. Blue moon is a term that is used to describe the third full moon of a season that has four full moons. A year has four seasons - Spring, Summer, Fall (Autumn), and Winter - with three months and three full moons each. When one of the seasons in a year has four full moons, instead of the usual three, the third full moon is called a blue moon. These days, the second full moon in a calendar month is also often referred to as a blue moon. This particular use was popularized due to a misinterpretation in a 1946 article in Sky and Telescope magazine. Such blue moons occur rather frequently - at least once every two or three years. The next such blue moon will occur on July 31, 2015. We'll ride from Sandwich Recreation Area at the end of Freezer Road

in Sandwich to Monument Beach and return along Shore Road and through Gray Gables and Mashpee Island for sunset at Tidal Flats Recreation Area across the canal from MMA. Return along the canal with a stop - maybe - at the RR Bridge for the Energy Train and Aptuxet Trading Post/ President Cleveland's personal railroad station. 22+/- Miles/ 2 +/- hours. Mostly flat - a couple of hills. Contact leader for further information. Ride starts around two hours before sunset. L Paul Currier (508-833-2690 8-7, paulbcurrier@comcast.net)

! Tuesdays

September 2015

View From the Chair

Maureen Kelly, Chapter Chair

chair@amcsem.org

!

What a great summer with lots of outdoor fun!

I want to thank all of our paddling, biking and hiking leaders for offering wonderful activities this summer in the outdoors.

Are you joining us at Chapter Hut Weekend this year at Cold River Camp? We have a couple of spots left and would love to have you join us. It's a fun and relaxing weekend with old and new friends in the White Mountains of New Hampshire. See the registration information on our homepage www.amcsem.org.

As we begin to feel cooler evenings and see bright colors in the trees, be sure to check out our many upcoming [Fall Activities](#).

!

See you Outdoors!

Annual Picnic for the Red Line Blue Hills Hikers By Nancy Coote

!

On Thursday, July 9, the annual picnic for the Red Line the Blue Hills (RLBH) hikers was held at Houghton's Pond in Milton. Many enjoyed an early, pre-picnic hike and dip in the pond. As usual we BBQ'd and enjoyed all the pot luck fixings, conversation, and laughter brought by everyone. Thank you to all who attended and made it a fun event.

!

The Communication's Committee is looking for support developing the BREEZE newsletter. Do you like to write, edit, or publish? Do you want to help get information to the SEM membership? If so, we could use your help a few hours a month. Contact the Communications Chair at communicationschair@amcsem.org

AMC Fall Gathering
By Sam Jamke

!

AMC's 2015 Fall Gathering is being hosted by the Mohawk Hudson Chapter and is being held on beautiful Lake George in NY State, **October 16-18**. If you have never attended a Gathering, let me tell you all about this Club-wide annual event and the spectacular venue for this year's special weekend. All of AMC's chapters take turns hosting this fun event to which all AMCers, friends and family are welcome. It is a great opportunity for each chapter to showcase hikes, bike rides, cultural sites and other activities in their area, with trips all led by the chapter's experienced leaders. The Fall Gathering is also a great way to meet AMCers from across the club. I know many people who have maintained friendships with folks they met at a Fall Gathering—even across our whole region!

So what goes on at the annual Fall Gathering? There are numerous activities offered to attendees each day – hikes, bikes, and other outings. Nighttime brings concerts, special speakers, dancing and campfires. (You might be able to sneak in a swim or a paddle, too.) The area around Lake George offers endless possibilities for great outings, including a couple of mountains right next to the camp.

For those of you that are interested in Club governance, the Fall Gathering also hosts meetings of Club-wide committees, like Chapters Committee, Outdoor Leadership Development Committee, Conservation Committee and other special interest groups, like Young Members. These meetings are open to all AMC members who are interested.

So why come this year, you ask? Because Camp Chingachgook is a fabulous location on Lake George! Mohawk Hudson hosted the 2006 Spring

Gathering there and it was one of the prettiest venues I have ever been to. Hopefully they can arrange the same spectacular weather, too. Check out the [website](#) for information on planned activities and for registration information. I hope I will see you there!

! !

AMC's 21st Annual Photo Contest – and All-New Chapter Award!

Our annual photo contest is underway—with a new twist! As always, you can enter for a chance to win great outdoor gear prizes and, new this year, your entry will also help your chapter compete for the Chapter Award. The chapter with the greatest level of participation (as of the close of the contest, on September 30) will receive a **customized outdoor photography workshop** conducted by AMC Outdoors staff. The winner will be determined by the highest number of entries as a percentage of total chapter membership. Enter today at www.outdoors.org/photocontest and encourage your friends to join you!

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS AND ACTIVITIES

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

Activities

HIKING KEY

Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy). FT=First Timer; NM = New Member; AN = Advance Notice; C = Conservation

Wed., Sep. 2-2. Paddle Child's River and Waquoit Bay, Massachusetts, Cape Cod, MA. Paddle down the Child's River into Waquoit Bay and possibly Hamblin Pond. Arrive no later than 10:15 for a 10:30 departure. Bring lunch and water. PFD's are required, spray skirts may be necessary if conditions are windy/rough. L Bill Fischer (508-420-4137, wmbarbarafischer@comcast.net)

(FT) (NM) (AN) Thursdays

Sep. 3. Red Line the Blue Hills - Hiking, Massachusetts, Boston Area, MA. Hike the Blue Hills. Location, terrain and elevation vary each week. 6-8pm every Thursday night. Register once then show-n-go. L Michael Swartz (swartz@brandeis.edu) L Catherine MacCurtain (781-848-9506, camacurtain@aol.com) L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

(FT) (NM) Sat., Sep. 5. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS, Blue Hills, Massachusetts, Boston Area, MA. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS This series of five hikes is for those who are new or interested in getting back into hiking. For those unfamiliar with the Blue Hills, or who only know a small section of the 250 miles of hiking trails

available, this is also a good way to broaden your experience of the Reservation. Each hike builds on a prior hike to increase stamina with increasing distance, elevation, challenging trails or a combination of those features. There is no requirement to commit to every hike but hiking regularly with the group also provides an opportunity to become acquainted with others who share your love of being outdoors. In order to accommodate busy schedules we will start all the hikes at 8:30 a.m. Intro Series Hike Dates: September 5, 2015 September 19, 2015 October 3, 2015 October 31, 2015 November 14, 2015 Leader: Cathy MacCurtain Co-Leader: Pat Achorn Intro Hike # 1 - Ponkapoag Pond The hike around the Ponkapoag Pond is 5 miles with easy terrain. Dress in layers. Bring 16 oz of water, snacks and sturdy footwear. Heavy rain cancels. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camacurtain@aol.com) CL Patricia-Lee Achorn (plachorn@me.com), R Patrica-Lee Achorn (plachorn@me.com)

Sat., Sep. 5. Paddle Swan Pond/River, Dennisport, Massachusetts, Cape Cod, MA. Paddle down river to mouth on Nantucket Sound & along coast if not too windy. Lunch on beach. Return & circumnavigate pond. PFD required, bring spray skirt for windy conditions, bring lunch. REGISTRATION REQUIRED. L Jean Orser (jeanorser@gmail.com)

Wed., Sep. 9. Paddle Chase Garden Creek, Yarmouth Port, Massachusetts, Southeast, MA. Paddle Chase Garden Creek & tributaries Judahs & White's Brook; see Bray Farm, shell processing plant & Chapin Beach for 7-8 miles with a stop for lunch. Wear PFD, bring spray skirt (for windy conditions) & lunch. REGISTRATION REQUIRED. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com), R Jean Orser (jeanorser@gmail.com)

(FT) (NM) (AN) Thursdays

Sep. 10. Red Line the Blue Hills - Hiking, Massachusetts, Boston Area, MA. Hike the Blue Hills. Location, terrain and elevation vary each week. 6-8pm every Thursday night. Register once then show-n-go. L Michael Swartz (swartz@brandeis.edu) L Catherine MacCurtain (781-848-9506, camacurtain@aol.com) L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

Sat., Sep. 12-13. Cycling Martha's Vineyard-Overnight, Massachusetts, Cape Cod, MA. Join us for a weekend on the Vineyard. Enjoy two days cycling (approximately 40 miles/day) and stay one night at the hostel. We will take the early ferry from Wood's Hole Saturday morning to Vineyard Haven, stopping at the Farmer's Market in W. Tisbury and then spend the day

cycling to Aquinnah. We will take the bus from the hostel to Menemsha for dinner Saturday evening and watch the sunset. On Sunday, we will leave the hostel and head to the flatter east side of the island including Edgartown. We will return Sunday on the later afternoon ferry from Oak Bluffs. This ride is for strong cyclists who are comfortable riding on the roads as well as bike trails. Cost does not include lunches or dinner or ferry transportation (\$25 round trip). All cyclists must have helmet, water, and spare inner tube. Limited to 12 cyclists. Contact Jodi Jensen for more information. L Jodi Jensen (781-249-8346, jodiajensen@gmail.com), R Jodi Jensen (781-249-8346, jodiajensen@gmail.com)

! .
Sat., Sep. 12-12. Leader's Choice Paddle, Massachusetts, Cape Cod, MA. If winds are favorable we'll paddle into Hall's Creek, Hyannisport. Otherwise Barnstable Harbor. Arrive no later than 10:15 for a 10:30 departure. Bring water and lunch. PFDs are required, spray skirts may be necessary depending on wind/water conditions. L Ed Foster (508-420-7245, erfoster@comcast.net)

! .
Wed., Sep. 16. Paddle Oyster Pond/River, Chatham, Massachusetts, Cape Cod, MA. Paddle Oyster Pond/River, Stage Harbor, Mitchel River to Mill Pond stopping for lunch and return. Wear PFD, bring spray skirt in case it becomes windy, bring lunch. REGISTRATION REQUIRED. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com)

! .
(FT) (NM) Thu., Sep. 17-20. Chapter Hut Weekend 2015, AMC Cold River Camp, New Hampshire, White Mountains, NH. Mark your calendar for the 2015 Southeastern Mass. Chapter Hut Weekend, now returning to the comfortable AMC Cold River Camp in beautiful Evans Notch, NH. The weekend will feature a variety of hiking and other outdoor activities at nearby venues, plus wonderful meals and lots of socializing. L Maureen Kelly (moke1773@aol.com), R Sandy (smsantilli@comcast.net)

! .
(FT) (NM) (AN) Thursdays

Sep. 17. Red Line the Blue Hills - Hiking, Massachusetts, Boston Area, MA. Hike the Blue Hills. Location, terrain and elevation vary each week. 6-8pm every Thursday night. Register once then show-n-go. L Michael Swartz (swartz@brandeis.edu) L Catherine MacCurtain (781-848-9506, camacurrtain@aol.com) L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

! .
(FT) (NM) Sat., Sep. 19. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS, Blue Hills, Massachusetts, Boston Area, MA. Intro Hike # 2 - Braintree Path

Pass The hike around the Braintree Path Pass loop is 5.8 miles with easy terrain. Dress in layers. Bring 16 oz water, snacks and sturdy footwear. Heavy rain cancels. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camaccurtain@aol.com) CL Patricia-Lee Achorn (plachorn@me.com), R Patrica-Lee Achorn (plachorn@me.com)

Sat., Sep. 19. Paddle Mashpee/Wakeby Ponds, Sandwich, Massachusetts, Central, MA. Paddle 2 fresh water ponds with lunch on beach at end of Wakeby Pond & return for about 7 miles total. Wear PFD, bring spray skirt in case conditions become windy, bring lunch. REGISTRATION REQUIRED. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com)

Wed., Sep. 23-23. Paddle Cotuit, North, and West Bays, Cotuit, Massachusetts, Cape Cod, MA. Circumnavigate Osterville Grand Island (Oyster Harbors) and Little Island with lunch on Dead Neck. Arrive no later than 10:15 for a 10:30 departure. Bring water and lunch. PFDs are required, spray skirts may be necessary if conditions are windy/rough. L Bill Fischer (508-420-4137, wmbarbarafischer@comcast.net)

(FT) (NM) (AN) Thursdays

Sep. 24. Red Line the Blue Hills - Hiking, Massachusetts, Boston Area, MA. Hike the Blue Hills. Location, terrain and elevation vary each week. 6-8pm every Thursday night. Register once then show-n-go. October 2015

View From the Chair

Maureen Kelly, Chapter Chair

chair@amcsem.org

Hello SEM Members,

Please consider joining us for our AMC SEM Annual Meeting and Dinner on Saturday, November 7 at Salerno's Seaside Function Hall in Onset Village. Attending the Annual Meeting or the Social Cocktail Hour (cash bar) is free of charge. The Annual Dinner buffet is \$20 per person. Details can be found here.

During the Annual Meeting we will be voting to elect the members of the Executive Committee and we will be voting on whether to accept the proposed changes to our AMC SEM Bylaws. Afterwards we will have a delicious buffet dinner, give out Chapter Awards to our wonderful Leaders and hear a talk from Diane Benson Davis. Diane raised 6 baby bald eagle chicks and was instrumental in reintroducing this species to Massachusetts.

See you there; it will be a great time! And, see you outdoors!

A Week in the Corn: Biking Across Iowa By Julieanne Capone

!

In July, I completed a weeklong 500 mile bike ride across Iowa. In its 43rd year, [RAGBRAI](#), *Register's Annual Great Bicycle Ride Across Iowa*, remains the oldest, longest, and largest ride in the world. There is a lot of interesting history as to how the ride evolved to hosting 15,000 participants. While I researched past participants' experiences, training, and advice, I was inspired to make my first trip ever to the Midwest. I decided to book my trip with a charter company that arranged a designated camping area, dinner, entertainment, shower trailers, luggage transport, and airport shuttles. I was determined to live "high on the hog" after long days of pedaling.

In January, while buried in snow in Massachusetts, I watched the ride route announcement party live-stream from Iowa; my cycling training would be a priority if bare pavement would ever re-emerge. As pass-thru towns were announced, cheers could be heard, in some instances RAGBRAI had not visited in a decade or longer. There was now six months for Iowans to pre-plan the logistics, food tents, entertainment, and volunteers to support thousands of riders.

Upon starting the ride by a traditional back tire dip in the Missouri River, it quickly became obvious why "rolling party", "Sturgis for cyclists", and "adult summer camp" properly described the ride. The entire route, including major

roadways were blocked off for cyclists, as locals waved with greetings of "good morning" and "where ya from?" thru residential areas, the vast landscape could be admired thru rolling cornfields. On the route, consumption of local pork, homemade pies and ice cream, and sweet corn were easily justified by the sheer amount of physical activity.

As each day's bike route ended, the overnight towns turned into tent cities. At night, for those with extra energy to attend headliner concerts, Huey Lewis, Denis DeYoung, and Cheap Trick were scheduled, for others it was 'hitting the hay' early. As day seven came to an end with a front tire dip in the Mississippi River, the sense of completion was absolutely fantastic. Another so called crazy idea of mine was a success! I hammered out 500 miles in one week and enjoyed every minute of it. Although it is difficult to put the entire experience into words, RAGBRAI is definitely a "must-do" item for cycling enthusiasts. Quite simply, as I packed up my belongings each dawn and stuffed a \$20 bill in my pocket, the only thing I had to think about was, well, riding my bicycle!

!

We Had “Fun in the Sun” on Both Land and Water at 2015 Chapter Hut Weekend-Cold River Camp By Paul Miller, SEM Hiking Committee Chair

!

After a one-year hiatus, we returned to the volunteer-run AMC Cold River Camp in beautiful Evans Notch, NH for the 2015 SEM Chapter Hut Weekend, Sept. 17th -20th. In addition to many of our regular active members, this year’s event brought out lots of new folks, which was great to see! We had an excellent turnout, pretty much filling the Cold River Camp to capacity, and the weather gods cooperated with excellent warm, sunny weather and some light afternoon breezes.

In addition to a variety of different local (and one not-quite-local) hikes organized and led by the SEM Hiking Committee, Luther Wallis, an SEM paddling leader, led enjoyable paddles on nearby Kezar Pond on Friday, and one on the (also relatively nearby) Saco River on Saturday. Hiking options on Friday included a challenging 10-mile Baldfaces Loop hike, along with less challenging hikes on Blueberry Mountain and Little Deer Hill, which is adjacent to the camp. Saturday hiking options included Mt. Moriah, a 4,000 footer (on which SEM Hike Leader, Peggy Qvicklund, completed her 4,000 footer list...), an 8.5-mile loop hike up both Blueberry and Speckled Mountains (with a shorter

option to just do Blueberry...), plus easy hikes around Shell Pond in the morning and another jog up Little Deer in the afternoon.

For those SEM members who have never been to Cold River Camp, it’s located in Evan’s Notch, which straddles the New Hampshire/Maine border north of Fryeburg, Maine and east of Pinkham Notch, NH. This volunteer-run AMC camp features small, cozy cabins, most with wood stoves or fireplaces; a comfortable fireplaced lodge building where the staff serves up excellent meals; and bath houses with hot showers and flush toilets! Combined with the wonderful hiking, paddling, and bike riding opportunities; plus our afternoon “happy hours” on the lodge porch with its view of nearby South Baldface Mountain; what more could you ask for?

Perhaps by coincidence (or perhaps not), the volunteer staff this year was led by the SEM's own Rob Price and included former SEM executive board members, Paul and Louise Anthony. Needless to say, the entire volunteer staff took very good care us!

Speckled Mountain

Breakfast at Cold River Camp

Mt. Washington: My Summer Playground By Gina Hurley

(Photos courtesy of Gina Hurley)

!

This summer I was very fortunate to spend a good deal of time in the White Mountains near Mt. Washington. My husband Mark and I have a goal of summiting the rock pile this winter. We have climbed it several times over the years, but never in the winter, so our goal for this summer was to summit a few times, but also take some different trails and routes on the mountain to be familiar with them just in case we needed to alter our winter ascent/descent due to weather. Thus, between June and September we had four great trips on the mountain.

!

Our first trip up the mountain was on June 20. Mark and I parked at Pinkham Notch and took Tuckerman's Ravine trail to the Lion's Head trail. Our intent was to walk through the Alpine Garden to see the wildflowers. We weren't sure we were going to summit that day. We were making good time, and once we traversed from Lion's Head across the Alpine Garden trail, we decide to take the Huntington Ravine and Nelson Crag trails to the summit. We had seen some beautiful wildflowers along the way and we made it to the summit in four hours and fifteen minutes. After a nice rest on top we headed down the Lion's Head trail, as Tuckerman's Ravine was still closed in sections due to snow. We were back at the car by late afternoon, taking 8.5 hours to traverse 10 miles with approximately 8,000 feet in elevation change.

!

!

Wildflowers and cairns along the Alpine Garden!

!

Our second trip came unexpectedly. Our friend was planning to climb Mt. Washington, but had never done it before and asked if we would be interested in going with her. Of course we said yes! On July 6 we again left from Pinkham Notch, headed up Tuckerman's Ravine to Lion's Head to the summit. Parts of Tuckerman's was still closed due to snow. After spending about an hour and a half on top, showing our friend all of the sites, we decided to head down the Crawford Path to Davis Path, to Southside trail to Tuckerman's Ravine trail. This avoided the steep part off the summit, but added a half mile to the trip. Once at Tuckerman's Junction we saw that the trail had opened earlier that day, so we hiked down the Tuckerman's Ravine trail to our car. This hike was just over 9 miles and took 10 hours.

!

Making my way up Lion's Head

Planning our third trip was fun. Since we had never hiked up the Boott Spur trail we wanted to do that, and also stop by Lakes of the Clouds hut. We were not intending to summit. Again, we wanted to become very familiar with the terrain and as many aspects of the mountain for our upcoming winter hike. Thus our route was Boott Spur to Davis Path to Camel to the hut. There are great views of Tuckerman's Ravine from the Boott Spur trail. After having our lunch at the hut, and taking a well deserved rest, we left the hut, taking the Crawford Path to Tuckerman's Crossover, to Tuckerman's Junction and down the ravine trail. This trip was 9.4 miles and about 6,950 feet elevation change.

View of Tuckerman's Ravine from Boott Spur.

Traversing Tuckerman's Crossover

Most recently, on September 5, we summited taking one of our favorite trails, the Jewell trail off of the 302 side of the mountain. This is a beautiful trail with a relatively easy grade. After you break out of the trees you can see the cog railway and the trains climbing to the top. We left the parking lot at 7:20 and were back at our car at 3:10, taking the Crawford Path and Ammonoosuc Ravine Trail trail down. It was a beautiful hiking day, with lots of sun and cool air. We enjoyed our lunch at the summit and then took a rest at the Lakes of the Clouds hut just to enjoy the views and all the people hiking through. Given that we got an early start, lots of people were still ascending as we were descending.

! The Cog train making its way up.

View of Lakes of the Clouds hut

! It was a great summer playing on the rock pile. We hope to get one more fall hike in up the mountain before our winter ascent. We are working on the winter 48, so to get this big one done this year would be an accomplishment!

! And if you think hiking up Mt. Washington is tough, read [this article](#) about a 90 year old man that just did it. Inspiring!!

AMC Books Announces the Publication of the *Bay Circuit Trail Map & Guide*

Appalachian Mountain Club Books is pleased to announce the release of the [Bay Circuit Trail Map & Guide](#). The *Bay Circuit Trail Map & Guide* is the essential day-hiker's companion to the 230-mile-long trail and greenway encircling Boston. Extending through 34 towns, this "outer Emerald Necklace" stretches from Plum Island in the north to Kingston Bay in the south. Within a stone's throw for millions of people in eastern Massachusetts, the trail and greenway is ideal for hiking, biking, snowshoeing, and cross-country skiing. This guide—the first large-format, waterproof map and guide to the entire BCT—is based on highly accurate digital trail data compiled by AMC's staff cartographer.

Inside You'll Find:

- Three easy-to-use, waterproof, color topographical maps
- 30 multiuse trip suggestions for every season and ability level
- Natural and cultural history sidebars
- Parking areas shown for easy navigation to trailheads
- Trip planning, safety tips, and Leave No Trace information
- AMC members receive a 20% discount.

Also from AMC Books

- [New England Trail Map & Guide](#) (NEW)
- [AMC's Best Day Hikes Near Boston, 2nd edition](#)
- [Outdoors With Kids Boston](#)
- [Massachusetts Trail Guide, 9th edition](#)

About the Bay Circuit Trail

The [Appalachian Mountain Club](#) and [The Trustees of Reservations](#) are working together to assist the [Bay Circuit Alliance](#) in the completion, enhancement, and long-term protection of the 230-mile Bay Circuit Trail and Greenway. Often referred to as Greater Boston's "Outer Emerald Necklace," the Bay Circuit Trail is a multi-use recreational trail and greenway encircling 57 towns and cities in the Boston metropolitan area between Route 128 and Interstate 495, and running through 37 communities from Plum Island to Duxbury, connecting thousands of acres of scenic and historic areas and conservation lands. The trail, close to four million people in Eastern Massachusetts, is available for walking, biking, snowshoeing, and cross-country skiing, with many sections accessible by MBTA commuter rail. To learn more, visit baycircuit.org.

SOUTHEASTERN MASSACHUSETTS ANNOUNCEMENTS AND ACTIVITIES

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

Activities

HIKING KEY

Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy). FT=First Timer; NM = New Member; AN = Advance Notice; C = Conservation

(NM) (AN) Thu., Oct. 1-1. Thursday Morning Hike - Norton/Mansfield Great Woods, Norton/Mansfield, Massachusetts, Massachusetts, Southeast, MA. Thursday Morning Hike - Hike from Great Woods in Norton thru to the Mansfield NRT Trails. L Richard Carnes (508-947-3204 before 8 PM, rcarnes2@aol.com)

Thursdays

Oct. 1-1. Brewster Nickerson State Park Hike (C3C), Massachusetts, Cape Cod, MA. Two hour hike around the ponds of Nickerson State Park. Woods, hills views! Meet at 9:45 at Fisherman's Landing. Enter Pk from 6A, stay on main pk road 1.8 mi. to pkg on L. L Janet DiMattia (jandimattia@verizon.net) CL Debbie Hayden (shaferhayden@gmail.com)

(FT) (NM) Sat., Oct. 3. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS, Blue Hills, Massachusetts, Boston Area, MA. Intro Hike # 3- Wolcott Path Loop The hike around the Wolcott Path loop is 5.19 miles with some gentle climbing. Dress in layers. Bring 16 oz water, snacks and sturdy footwear. Heavy rain cancels. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camaccurtain@aol.com) CL Patricia-Lee Achorn (plachorn@me.com), R Patrica-Lee Achorn (plachorn@me.com)

Sat., Oct. 3. Franconia Ridge Loop Hike over Lafayette and Lincoln, New Hampshire, White Mountains, NH. Follow this challenging, classic New Hampshire 8.8-mile loop hike in Franconia Notch. We'll ascend to treeline via the Falling Waters Trail, follow the Franconia Ridge Trail over Lincoln to Lafayette, and then descend via the Greenleaf Trail and Old Bridle Path. Fall foliage should be near peak and -- weather permitting -- we'll hit two four-thousand footers: Lincoln and Lafayette. L Anne Duggan (508-789-5538 before 9 pm, abduggan12@gmail.com) L Peggy Qvicklund (774-893-3011 before 9 pm, qvickan@comcast.net) CL Jeanine Audet , R Anne Duggan (177 Rounseville Road, Rochester, MA 02770, 508-789-5538 before 9 pm, abduggan@gmail.com)

Sat., Oct. 3-3. Paddle Indian Lakes, Marstons Mills, Massachusetts, Cape Cod, MA. A 6 mile paddle around Middle Pond and Mystic Lake. Arrive no later than 10:15 AM for a 10:30 departure. Bring water and lunch. PFDs are required, spray skirts may be necessary if conditions are windy/rough. L Bill Fischer (508-420-4137, wmbarbarafischer@comcast.net)

Sun., Oct. 4-4. Hike - Ryder Conservation Sandwich, Sandwich, MA, Massachusetts, Cape Cod, MA. Meet at 12:45 PM for 1 PM start. Moderate hike on wooded trails between Mashpee/Wakeby Ponds. Hike will start in Ryder Conservation area and cross into Lowell Hawley conservation area, some moderate hills. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net) CL Barbara Gaughan (barbaragaughan12@comcast.net)

Wed., Oct. 7. Paddle Long Pond, Harwich/Brewster, Massachusetts, Cape Cod, MA. Circumnavigate fresh water pond for about 6 miles total stopping for lunch at beach on east side. Wear PFD, bring spray skirt for wind, bring lunch. REGISTRATION REQUIRED. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com)

Thu., Oct. 8-8. Hike - Yarmouth, Three Ponds (C3C), Massachusetts, Cape Cod, MA. Meet at 9:45 am for 10:00 am departure for a 2 hour hike. Visit three ponds in Yarmouth and observe cranberry bog harvesting. Directions: Exit 8 off of Mid Cape Hwy., turn S. At 2nd light turn R onto Townend House Rd. Go to end and turn L onto West Yarmouth Rd. Park on side of R about 1 mile down at Cranberry bogs. L Peter Selig (508-432-7656, pandmselig@hotmail.com)

Thu., Oct. 8-8. Thursday Morning Hike in the Blue Hills, Massachusetts, Southeast, MA. A four mile hike on Squamaug Notch Path to the Skyline Trail

followed by a hike around the Blue Hills Reservoir. Rain Cancels. L Sue Chiavaroli (508-496-6452, brillo6452@yahoo.com)

Sat., Oct. 10. Blue Hills Skyline Trail End-to-End Hike, Massachusetts, Boston Area, MA. Join us to hike the Blue Hills from one end to the other. This is a great hike in itself as well as great training for higher mountains this fall and winter. We'll hike about 9 miles with 1300' of elevation as we go up and down most of the hills in the reservation. We'll maintain a moderate pace and expect about a 6 hour day with a planned lunch stop on Buck Hill. Leaders will collect worn-out sneakers for Nike's reuse-a-shoe program in which old sneakers are ground up to make new running surfaces. Redline hikers are especially welcome. L Maureen Kelly (508-224-9188 4-8pm, mokol773@aol.com) L Joe Keogh (jpkeo24@gmail.com) L Michael Swartz (swartz@brandeis.edu), R Maureen Kelly (508-224-9188 4-8pm, mokol773@aol.com)

Sat., Oct. 10-10. Leader's Choice Paddle, Massachusetts, Central, MA. If winds are favorable we'll paddle into Hall's Creek, Hyannisport. Otherwise Barnstable Harbor. Arrive no later than 10:15 for a 10:30 departure. Bring water and lunch. PFDs are required, spray skirts may be necessary depending on wind/water conditions. L Ed Foster (508-420-7245, erfoster@comcast.net)

Wed., Oct. 14. Paddle Herring River North, West Harwich, Massachusetts, Cape Cod, MA. Paddle north upstream to Coy Brook to end & back, Continue on Herring River to North Road bridge for lunch. Afterwards paddle East & West Reservoirs and return to put-in for 8-9 miles. Wear PFD, bring spray skirt in case of wind, bring lunch. REGISTRATION REQUIRED. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com)

(FT) (NM) Thursdays

Oct. 15. Thursday Morning Hike, Moose Hill, Sharon, MA, Sharon, MA, Massachusetts, Southeast, MA. Meet at 10 am in Sharon at the Audubon Moose Hill Wildlife Sanctuary parking lot for a 5-mile hike. Relatively flat route. Parking fee for non-Audubon members is \$3 for Seniors. Bring rain gear, lunch, water and sturdy shoes. Rain cancels. L Hans Luwald (508-668-0462 before 9 pm, hans.luwald@gmail.com) CL Debbie Lepore (781-828-0572 before 9 PM)

Sat., Oct. 17-17. Paddle Centerville River, Centerville, Massachusetts, Cape Cod, MA. Paddle up the Centerville River, possibly explore the Bump's River and Scudder Bay and/or East Bay. Arrive no later than 10:15 for a 10:30 departure. Bring water and lunch. PFDs are required. Spray skirts may be

necessary if conditions are windy/rough. L Bill Fischer (508-420-4137, wmbarbarafischer@comcast.net)

Sun., Oct. 18-18. Hike - Maple Swamp Sandwich, Sandwich, MA, Massachusetts, Cape Cod, MA. Meet at 12:45 PM for a 1 PM start. Hike in historic woods formed by glacial moraine and used by early settlers for wood supply. Hilly hike on narrow sometimes rutted trails and cart roads. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

Wed., Oct. 21-21. Leader's Choice Paddle, Massachusetts, Cape Cod, MA. We'll probably paddle Lewis Bay, explore Uncle Robert's Cove, have lunch on Egg Island and maybe go into Hyannis Inner Harbor. Arrive no later than 10:15 for a 10:30 departure. Bring water and lunch. PFDs are required, spray skirts may be necessary depending on wind/water conditions. L Ed Foster (508-420-7245, erfoster@comcast.net)

Thu., Oct. 22-22. Harwich - Hawksnest State Park Hike (C3C), Massachusetts, Cape Cod, MA. Two hour pleasant fall hike through woods, ponds on trails and dirt roads. Meet at 9:45. Exit 11 from Rte 6. Go diagonally across light onto Spruce Rd. Park on one side of the road only about 1/2 mi. Heavy rain cancels. L Janet DiMattia (jandimattia@verizon.net)

Sat., Oct. 24. Paddle Nauset Marsh/Mill Pond, Orleans/Eastham, Massachusetts, Cape Cod, MA. Start from beautiful Mill Pond put-in & paddle to Nauset Beach for lunch & to view ocean & cut. Circle Island & return for 6-7 miles. Wear PFD, bring spray skirt in case windy, bring lunch. REGISTRATION REQUIRED. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com)

(FT) (NM) Tue., Oct. 27-27. Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a full moon hike at Borderland State Park. Moonrise is 6:13pm so with clear weather, we should have good moon views. Hike will be about 4-5 miles at a moderate pace, lasting approximately 2 hours. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (pmcnallyma@comcast.net) CL Nancy Coote , R Patti McNally (pmcnallyma@comcast.net)

Wed., Oct. 28-28. Leader's Choice Paddle, Massachusetts, Cape Cod, MA. If winds are favorable we'll paddle Barnstable Harbor and possibly a little bit of Chase Garden Creek. Arrive no later than 10:15 for a 10:30 departure. Bring water and lunch. PFDs are required, spray skirts may be necessary

depending on wind/water conditions. L Ed Foster (508-420-7245, erfoster@comcast.net)

! (FT) (NM) Thu., Oct. 29-29. Thursday Morning Hikes - Newport Cliff Walk, Cliff Walk, Newport, RI, Rhode Island, RI. Meet at 10 a.m. at foot of Narragansett Ave facing the Cliff Walk. Park on street. Leisurely 3.5 mi. walk each way. 2/3 paved, 1/3 rocky walk behind Newport Mansions. Return by mansions on Bellevue Ave. to complete 7-mi. loop. Sturdy walking shoes required. Bring water, snack. Lunch at local restaurant. Heavy rain cancels. Limited parking - carpool if you can. Parking fee payable at central meter. Call leader for carpool info. L Barbara Hathaway (508-880-7266 before 9 p.m., barb224@tmlp.net)

! (FT) (NM) Thu., Oct. 29-29. Hike - Cataumet Greenways, Bourne, Bourne, MA, Massachusetts, Cape Cod, MA. Enjoy hiking Cataumet Greenways, which encompass several of Bourne's conservation areas. Traverse gently rolling wooded trails, and grassy pastures. View ponds, bogs and historic sites. Suggestions: Wearing sturdy shoes/hiking boots and hunters orange. Bring plenty of water, snacks, bug spray. The cape is a known tick habitat. Heavy rain cancels the hike. Arrive at 9:45 for a 10:00 start. A 2 hr. hike. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

! (FT) (NM) Sat., Oct. 31. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS, Blue Hills, Massachusetts, Boston Area, MA. Intro Hike # 4 - Bouncing Brook Path The hike on the Bouncing Brook Path is 5 miles with some elevation and connects to the Skyline trail. Dress in layers. Bring 16 oz of water, snacks and sturdy footwear. Heavy rain cancels. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camacurtain@aol.com) CL Patricia-Lee Achorn (plachorn@me.com), R Patrica-Lee Achorn (plachorn@me.com)

! Sat., Oct. 31. Paddle Bass River South, Dennisport, Massachusetts, Cape Cod, MA. Paddle Grand Cove to Bass River, 'fingers', to mouth on Nantucket Sound with lunch on West Dennis Beach. Wear PFD, bring spray skirt in case of wind, bring lunch. REGISTRATION REQUIRED. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com)

! (C) (FT) (NM) Sat., Oct. 31. Lloyd Center Day Hike, Dartmouth, MA, Massachusetts, Southeast, MA. We'll take a leisurely ~2.4 mile hike through the grounds of the Llyod Center for the Environment. The hike will be mostly within woodland habitat with vistas of the Slocum River and adjacent salt marshes. After the hike we will explore the center's indoor exhibits and take in the view of Buzzards Bay from the observation deck. L John Pereira (774-473-8145, johnpereira33@gmail.com) CL Josh Tefft

(tefft9wes@aol.com), R John Pereira (774-473-8145 6:00 to 8:30 P.M., johnpereira33@gmail.com)

! .
(FT) (NM) Thu., Nov. 5. Thurs. Morn. Hike Horseneck/Westport Beach B3D, Westport, Ma, Massachusetts, Southeast, MA. Meet at 10:00 AM Horseneck Beach main parking lot. Five mile hike with an option to extend to 8 miles hiking Gooseberry Island. Bring snacks/lunch sturdy footwear, water, and rain jacket. Heavy Rain cancels. Directions: Rte 195 to Exit 10 Rte. 88 south. Follow Rte 88 to parking lot. After the hike a short drive to a local restaurant for pie and ice cream. L Walt Granda (508-999-6038 before 9 pm, wlgranda@aol.com)

! .
Thu., Nov. 5-Dec. 10. Warming Up For Winter, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes (none on Thanksgiving Day) within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. L Peggy Qvicklund (508-883-1623 before 9pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

(FT) (NM) (AN) Sat., Nov. 7. SEM Annual Meeting & Dinner, Massachusetts, Southeast, MA. SEM Annual Meeting & Dinner. Chapter elections, cocktail hour, buffet dinner, awards, raffle, speaker. L Cheryl Lathrop (chair@amcsem.org)

! .
Thursdays

Nov. 12-12. Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. While not technically part of the "SEM Winter Hiking Series," these local hikes offer a complementary opportunity to get in shape for winter hiking, which typically involves carrying a lot more gear and a heavier pack. L Peggy Qvicklund (508-883-1623 before 9pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

! .
(FT) (NM) Sat., Nov. 14. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS, Blue Hills, Massachusetts, Boston Area, MA. Intro Hike #5 - Buck Hill Loop The hike around the Buck Hill Loop is a 4.5 miles challenging hike to the

rocky summit offering 360° views. Dress in layers. Bring 16 oz of water, snacks and sturdy footwear. Heavy rain cancels. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camaccurtain@aol.com) CL Patricia-Lee Achorn (plachorn@me.com), R Patrica-Lee Achorn (plachorn@me.com)

Sat., Nov. 14-15. North & South Kinsman Backpack Hike, New Hampshire, White Mountains, NH. This two-day/11-mile backpack trip will take us to the summits of North Kinsman (4,293') and South Kinsman (4,358'). We will set up base camp at Kinsman Pond campsite and possibly attempt both summits on Saturday. If not, an early morning attempt will be made on Sunday. Due to the exposed summits, severe weather may cause a change in destination, most likely to Cannon Mountain. This is an early winter backpack intended for those with a fair amount of cold weather backpacking experience and who are in very good physical condition. Winter clothing and gear will be required. L Bryan Jones (508-746-2379, bjones1017@live.com) CL John Pereira (774-473-8145, johnpereira33@gmail.com), R John Pereira (774-473-8145 6pm to 8:30pm, johnpereira33@gmail.com)

Thursdays

Nov. 19-19. Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. While not technically part of the "SEM Winter Hiking Series," these local hikes offer a complementary opportunity to get in shape for winter hiking, which typically involves carrying a lot more gear and a heavier pack. L Peggy Qvicklund (508-883-1623 before 9pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

(FT) (NM) Tue., Nov. 24-24. Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a nearly full moon hike & burn some calories ahead of Thanksgiving. Moonrise is 3:45pm so we should have clear views if good weather. Hike will be approximately 4-5 miles at a moderate pace, lasting about 2 hours. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (pmcnallyma@comcast.net) CL Bob Vogel , R Patti McNally (pmcnallyma@comcast.net)

Sign up for Adventure Travel Leadership Training!

November 20-22, 2015

Visit some of the most exciting places in the world as the leader of an AMC Adventure Travel trip! This workshop provides important training to people who have AMC chapter leadership experience (no beginners) to transition from leading weekend chapter activities to more complex and longer trips, domestically and overseas. Previous outdoor leadership training is necessary. Emphasis is on planning, cost estimating, marketing, trip management, people skills, risk management, and reporting. Includes procedures and guidelines for researching, proposing, and leading AMC Adventure Travel trips. Exchange ideas, problems, and solutions with some of AMC’s most experienced and skilled leaders. Small group size assures abundant discussion and access to instructors. Cost: \$75 incl. 1 nights lodging on Saturday, 1 breakfast, 2 lunches and Saturday dinner or \$95 incl. 2 nights lodging Friday and Saturday, 2 breakfasts, 2 lunches and Saturday Dinner at Prindle Pond in Charlton, MA.

View From the Chair

Hello SEM Members,

Time is running out to register for our [Annual Dinner](#) at [Salerno's](#) in Onset on Saturday, November 7, 2015. The Social Cocktail Hour (cash bar) begins at 4:30 and the Annual Meeting will start at 5:30. Dinner will begin at 6:30 followed by awards, dessert and a great speaker, Dianne Benson Davis.

Before the Annual Meeting we are hosting our Annual [Winter Workshop](#) in Sandwich in the afternoon. It is free and packed full of how-to-hike-in-the-winter knowledge. Whether you are walking the dog on snowshoes or hiking a 4K, we will help you be more comfortable outside in the winter.

Don't dread the coming of winter - celebrate it - with SEM!

See you outdoors!

Winter Hiking Workshop

Sat., Nov. 7, 2015 1:00PM - 4:00PM

It's still not too late to register for our free annual Winter Hiking Workshop. Learn how much fun winter hiking can be!

Experienced Southeastern Mass. Chapter winter hike leaders will cover clothing, equipment, nutrition, and conditioning for safe and enjoyable winter hiking as a prelude for participating in our popular Winter Hiking Series. The Series will start out with a local hike in December, then proceed to increasingly more challenging winter hikes in MA and NH, culminating with an overnight trip to an AMC hut.

The workshop will be held in the afternoon in Sandwich, MA and will end in time for SEM members to attend the Chapter's annual meeting and dinner in Onset that evening, if they so choose. Either participation in the Winter Hiking Workshop or prior winter hiking experience will be a prerequisite for participation in the Winter Hiking Series.

To register for the workshop, please contact Paul Miller via at paulallenmiller@verizon.net.

Volunteer of the Month

Jane Harding

Jane has been a terrific leader and organizer for Cape Hikes and for another very popular walking group here. Her hikes are always well-planned, and well-attended. We very much appreciate her concerned and dependable commitment to Cape Hikes. Thank you Jane for your dedication! Jane will receive a Volunteer of the Month certificate and a \$50 gift card.

Breeze Information

Pictures and Article Submissions

We encourage SEM members to submit articles and photos for both the Breeze and our website. Materials will be edited at the editor's discretion. Submissions must be copy ready. Title and credit for all photos must be included. Send to breeze.editor@amcsem.org

Breeze Deadline

On the 15th of the preceding month.

Volunteer!

AMC SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoorsy opportunities (e.g., leading a hike); we also have indoorsy opportunities (e.g., web work, arranging events). Something for everyone!

Mark your calendars & save the dates!

AMC August Camp 2015 – Central Cascades, Oregon

By Leslie Carson

This past August, I was able to participate, once again, as a leader in the wonderful experience known as August Camp. It was set up at the Hoodoo Ski Resort near Sisters, Oregon amid the Cascade mountain range, Oregon's recreational heartland. This was my third year of being an AC leader and hopefully, not my last.

For those of you who are not familiar with August Camp, let me provide you with a brief description from the AC website (www.augustcamp.org). August Camp is a volunteer-run summer program of the Appalachian Mountain Club. Each summer August Camp sets up a tent community for about 60 people in the chosen area, which serves as a base camp, with most activities being within an hour's drive. Participants sleep on cots in 2-person tents, and are provided three meals a day, transportation to the day's activities, and an evening campfire program. This year, because of the wildfire dangers and drought, we were not allowed to have campfires in Oregon. It offers four one-week sessions of group hiking for adults in or near National Parks, Forests, and Wilderness areas, chiefly in the Western US. The hikes are led at several levels (A, B, C) of pace and challenge daily, to accommodate a variety of preferences. When the area allows, the program may also offer (at an extra fee) canoeing, kayaking, bicycling or other outings as well.

For Week 3, I had the opportunity to lead some fantastic hikes and day trips around the area. On Day one, our group walked through old growth forest on a waterfall loop around the McKenzie River's two grandest cascades, the 100-foot Sahalie Falls and 70-foot Koosah Falls. From there, we drove up the old McKenzie Pass Highway to the Dee Wright Observatory, a rock lookout hut with 360-degree views of the surrounding mountains. Crossing the alpine lava fields on a paved nature path looping through lava flow, we had views of Mount Washington, Little Belknap, North Sister and Black Butte, to name a few. Day two led us through wildflower meadows and lodge pole pine snags up a steep glacier

Continued on page 6

AMC August Camp 2015, Continued from page 5

moraine to a cirque lake with breathtaking views of Three-Fingered Jack (Elevation 7841 ft.).

A hike on the Obsidian Trail led us through alpine meadows nestled between Middle Sister and Little Brother strewn with obsidian glass. The most challenging hike I co-led with Sarah Keats, an AMC Maine leader, was hiking South Sister (10,358 ft.), Oregon's third tallest peak. The trail up south Sister was long, steep and rugged, but the views from the top were fabulous and well worth the effort. These are just a few of the wonderful hikes offered at August Camp each year.

In 2016, August Camp will set up on the shore of Lake Leland in Quilcene, Washington. The wonderful new site is located in the foothills of the Olympic Range west of Seattle, just outside Olympic National Park. Dates are July 16 through August 13. The forest, coastal, and mountain ecosystems of the Olympic Peninsula combine to create a spectacular wilderness park. We will explore this diverse environment with multiple hike offerings each day at varying levels of difficulty. We will also feature special activities such as sea kayaking, biking, swimming, and various tours to unique destinations in the area.

Several of our own SEM members have joined me Week 3 the past three years in Oregon, the North Cascades and Mount Rainier National Park. If you have an interest in joining in on the fun at August Camp 2016, please submit your application the first few weeks of January as it tends to fill quickly, particularly Week 3. If you have any questions, please ask me or visit the August Camp website.

Paddle Report

Long Pond: Harwich/Brewster 10-7-15

Seven paddlers left the Harwich town landing heading in a counterclockwise direction under sunny skies with a slight breeze. We quickly reached the beach at the end of the pond and did a quick portage into Short Pond which is a lovely pond with many lily pads but no flowers now although we did see some minuscule pink flowers. The Tupelos lining the shore were a nice crimson color. We portaged back into Long Pond and continued until Paul found the passage to Greenland Pond which was much longer than the first one and more challenging. We all made it and paddled to a nice beach with picnic tables for lunch. Paul shared his lunch with some very friendly ducks. Afterwards we continued on along the shore and portaged back to Long Pond where two went back to the put-in and the rest of us continued on around. We passed the sea plane landing area, the Sea camp, a now private cranberry bog, the Girl Scout camp, and the Brewster town landing. We reached the Harwich town landing at 2:55 pm. Ed said we managed to increase a 6 mile paddle to a 8.8 mile paddle. It was a great day to be on the water as not too cold and very calm.

SEM Conservation Corner

What's new in SEM Conservation?

We have a few conservation events scheduled for the rest of 2015, and a couple of them sound really interesting. "Impacts of Climate Change on Nature and the Outdoors in the Northeast" is one I'm excited for. This is a two part presentation that will focus on climate change in Massachusetts' ecosystems, as well as our northern playground some call the mountains. This is a great collaboration between AMC, Mass Audubon, and the Union of Concerned Scientist designed to give us a greater understanding on climate change in our own backyard. This event will be held on December 8, 2015 between 6:45 pm-8:30 pm.

A showing of the film "Chasing Ice" is another great conservation event happening in December. This is an epic story of one man's journey to gather undisputable evidence of melting ice caps and glaciers. If you want to see it for yourself, show up on December 16th at 6:45pm and stay until 8:30pm.

Both of these events are free of charge and do not require registration, all you need to do is show up ready to learn more about conservation. If you would like further information on these, or other, up and coming conservation events click on [Conservation](#). As always the SEM Conservation Committee loves to hear from Chapter members, so feel free contact me any time at conservationchair@amcsem.org.

Joshua Tefft
AMC SEM Conservation Chair

My 48!

By Peggy Qvicklund

I didn't realize it then, but my quest for the 48 began in 1970. A high school friend introduced me to hiking in the Whites, and we followed the maps that were included in the 1969 AMC White Mountain Guide. Those maps are laughable now! And there were only 46 mountains on the list back then! After high school graduation we drifted apart.

I moved to Sweden, (hiking in the Swedish mountains is SOOO different), began a family, and as often happens, children took all my attention. My cousin Jean gave me a membership to the AMC for my birthday one year, and by joining the weekly Thursday hikes I realized how much I missed getting out on the trails.

Using my backpack from 1970, Jean and I section hiked the AT of Massachusetts and slack packed the AT of Connecticut. We felt ready for NH.

The AMC SEM ran a wonderful summer hiking series led by Walt G., Maureen K., and Paul M., and that gave me my real jumpstart toward trying to complete the NH 48. I have had the company of various people on the hikes. Most memorably: My husband Lars, on Tom and Field for the 10th anniversary commemoration of 9/11, with Flags on the 48. (The blackhawk helicopter captured us waving from Mt Field). My daughter, Eva, who heard me bemoaning I couldn't find someone to hike with on a beautiful summer midweek day. She said, "I'll go with you Mom". She uncomplainingly got up in the wee hours, we hit the Osseo Trail for Mt Flume, and returned 11 miles later to drive home. Her first 4000'er! Anne D. who has arranged and rearranged her life to be off when I was off so we could make a quick run up to the Whites to knock another one off the list. Jean H. who is always so positive and trusting, (she never looks at a map in preparation). Her daughter Stephanie has also joined us several times, and has the same tireless hiking ability as her mother. All the patient and confident leaders of the AMC SEM, whose trips have always been a pleasure to be part of. (They don't allow any bullying!) The fellow hikers I have met along the trail who have helped guide me up the

difficult North Tripyramid slide, and down the Brutus Bushwhack from Owls Head.

Each mountain brings memories, and finishing on Moriah during Chapter Hut Weekend, with all my best hiking buddies was superb, but I must share a unique experience from the Owl's Head hike. Not wanting to leave Owl's Head as my last hike, Anne, Jean and I were prepared to go mid

July. I watched the water discharge rates carefully as I have a fear of water crossings! The chosen day arrived, we drove to NH the evening before, along with Maureen K. Then it began to rain. And it rained. Discussion ensued, "it might stop... the next day is supposed to be better.." In the end, we put the hike on hold and drove all the way home again. Good thing, the discharge rate of the East Branch of the river went from 200 cubic feet/second to 1900! Not my kind of fun! Three days later we returned (without Maureen who had to work) and hit the trail at 6:00. Sunshine and 70 degrees. What could go wrong? As we approached the first water crossing, I looked and knew I could do it. Anne and Jean forged across, and I eventually made it too. As suggested by other hikers, we left our water shoes on, and made the second crossing. Then a complication became apparent. Jean had not secured her boots well, and had LOST one along the way. We scoured the river edge. Jean recrossed and went back to the first crossing, but no sign of a boot. What to do? We were only 5.5 miles in on the 18 mile total for the day. All options were discussed, but Jean being Jean, just started walking again, now in two rubber water shoes. All Anne and I could do was follow!

Checking in with her now and then, Jean said her feet felt fine, better than with her boots. We made an uneventful climb up the slide, and found the old and new summit. Best of all we met a group of seasoned hikers doing the grid. They were able to guide us down a bushwhack which saved Jeans's feet immensely. Tired and sore, we tumbled into the car, and headed for a motel with a hot tub! Jean's perseverance remains the highlight of all 48, and I thank her so much!

Activities

Hiking Key: Rating codes (e.g. C4D): first letter indicates distance in mi (AA=13+, A=9-13, B=5-8, C=less than 5 mi), middle number indicates pace (1=very fast, 2=fast, 3=moderate, 4=leisurely), second letter indicates terrain (A=very stren., B=stren., C=average, D=easy). FT=First Timer; NM = New Member; AN = Advance Notice; C = Conservation

(FT) (NM) Thu., Nov. 5. Thurs. Morn. Hike Horseneck/Westport Beach B3D, Westport, Ma, Massachusetts, Southeast, MA. Meet at 10:00 AM Horseneck Beach main parking lot. Five mile hike with an option to extend to 8 miles hiking Gooseberry Island. Bring snacks/lunch sturdy footwear, water, and rain jacket. Heavy Rain cancels. Directions: Rte 195 to Exit 10 Rte. 88 south. Follow Rte 88 to parking lot. After the hike a short drive to a local restaurant for pie and ice cream. L Walt Granda (508-999-6038 before 9 pm, wlgranda@aol.com)

Thu., Nov. 5-Dec. 10. Warming Up For Winter, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes (none on Thanksgiving Day) within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. L Peggy Qvicklund (508-883-1623 before 9pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

(FT) (NM) Sat., Nov. 7. SEM Annual Meeting & Dinner, Massachusetts, Southeast, MA. SEM Annual Meeting & Dinner. Chapter elections, cocktail hour, buffet dinner, awards, raffle, speaker. All members, potential members, and friends are welcome. Buffet is \$20 / person before 10/27. Join us for a fun celebration of the year's events. See the flyer for more details, and to register. L Maureen Kelly (chair@amcsem.org) L Jodi Jensen (membershipchair@amcsem.org), R Membership Chair (membershipchair@amcsem.org)

Sat., Nov. 7-7. Winter Hiking Workshop, Massachusetts, Cape Cod, MA. Learn how much fun winter hiking can be at our free annual workshop! Experienced Southeastern Mass. Chapter winter hike leaders will cover clothing, equipment, nutrition, and conditioning for safe and enjoyable winter hiking as a prelude for participating in our popular Winter Hiking Series. The Series will start out with a local hike in December, then proceed to increasingly more challenging winter hikes in MA and NH, culminating with an overnight trip to an AMC hut. Workshop will be held in the afternoon in Sandwich, MA and will end in time for SEM members to attend the Chapter's annual meeting and dinner in Onset that evening, if they so choose. Either participation in the Winter Hiking Workshop or prior winter hiking experience will be a prerequisite for participation in the Winter Hiking Series. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net) L Leslie Carson (ltc929@comcast.net), R Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net)

(AN) Sun., Nov. 8-8. Hike - Eagle Pond Cotuit (C3C) 2 hours, Massachusetts, Cape Cod, MA. From Rte 28 in Cotuit turn onto Putnam Ave at CVS and travel approximately 0.5 miles to dirt parking area on left. Meet at 12:45 PM for 1 PM start. L Jane Harding (508-833-2864 before 9 PM, janeharding@comcast.net) CL Nancy Wigley (nrwigley@verizon.net)

Thursdays, Nov. 12-12. Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. While not technically part of the "SEM Winter Hiking Series," these local hikes offer a complementary opportunity to get in shape for winter hiking, which typically involves carrying a lot more gear and a heavier pack. L Peggy Qvicklund (508-883-1623 before 9pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

Activities

(FT) (NM) Sat., Nov. 14. AMC/SEM - INTRO HIKING SERIES - BLUE HILLS, Blue Hills, Massachusetts, Boston Area, MA. Intro Hike #5 - Buck Hill Loop The hike around the Buck Hill Loop is a 4.5 miles challenging hike to the rocky summit offering 360° views. Dress in layers. Bring 16 oz of water, snacks and sturdy footwear. Heavy rain cancels. L Catherine MacCurtain (781-848-9506 Before 9:00 p.m., camacurtain@aol.com) CL Patricia-Lee Achorn (plachorn@me.com), R Patrica-Lee Achorn (plachorn@me.com)

Sat., Nov. 14-15. North & South Kinsman Backpack Hike, New Hampshire, White Mountains, NH. This two-day/11-mile backpack trip will take us to the summits of North Kinsman (4,293') and South Kinsman (4,358'). We will set up base camp at Kinsman Pond campsite and possibly attempt both summits on Saturday. If not, an early morning attempt will be made on Sunday. Due to the exposed summits, severe weather may cause a change in destination, most likely to Cannon Mountain. This is an early winter backpack intended for those with a fair amount of cold weather backpacking experience and who are in very good physical condition. Winter clothing and gear will be required. L Bryan Jones (508-746-2379, bjones1017@live.com) CL John Pereira (774-473-8145, johnpereira33@gmail.com), R John Pereira (774-473-8145 6pm to 8:30pm, johnpereira33@gmail.com)

Thursdays, Nov. 19-19. Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. While not technically part of the "SEM Winter Hiking Series," these local hikes offer a complementary opportunity to get in shape for winter hiking, which typically involves carrying a lot more gear and a heavier pack. (FT) (NM) Tue., Nov. 24-24. Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a nearly full moon hike & burn some calories ahead of Thanksgiving. Moonrise is 3:45pm so we should have clear views if good weather. Hike will be approximately 4-5 miles at a moderate pace, lasting about 2 hours. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (pmcnallyma@comcast.net) CL Bob Vogel , R Patti McNally (pmcnallyma@comcast.net)

Wednesday, Nov. 25. Sunset & Full Beaver Moon Road Cycling: 22+/- Miles/ 2 +/- hours., Massachusetts, Cape Cod, MA. Wednesday Nov. 25 - Sunset & Full Beaver Moon Road Cycling: 22+/- Miles/ 2 +/- hours. Mostly flat - a couple of hills. Alt. date 11/24. We'll ride from Sandwich Recreation Area at the end of Freezer Road in Sandwich to Monument Beach and return along Shore Road and through Gray Gables and Mashpee Island for sunset at Tidal Flats Recreation Area across the canal from MMA. Return along the canal with a stop at the Railroad Bridge for the Energy Train and Aptuxet Trading Post and moonrise over the Sagamore Bridge. According to folklore, the full moon for November is named after Beavers who become active while preparing for the winter. Contact leader for further information. Ride starts around two hours before sunset. L Paul Currier (508-833-2690 8-7, paulbcurrier@comcast.net)

Thursdays, Dec. 3-3. Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. While not technically part of the "SEM Winter Hiking Series," these local hikes offer a complementary opportunity to get in shape for winter hiking, which typically involves carrying a lot more gear and a heavier pack. Thu., Dec. 3-3. Thurs. Morning Hike - Massasoit State Park, Massasoit State Park, E. Taunton, Massachusetts, Southeast, MA. Meet at 10 a.m. at Massasoit SP, East Taunton's "hidden jewel." Approx. 6 miles on trails lined with pine needles that wind around lakes and ponds on mostly flat to gently rolling terrain. Wear boots, bring water, snacks and lunch. Rain cancels. L Barbara Hathaway (508-880-7266 before 9 pm, barb224@tmlp.net)

Activities

Sat., Dec. 5. Winter Series Hike #1 - Mt. Wachusett, Massachusetts, Central, MA. We'll Hike to the summit of Mt. Wachusett (2006') in Princeton, MA to enjoy views of the Boston Skyline and Mt. Monadnock (weather permitting). Four miles round trip. Snowshoes and microspikes or other light traction devices may be needed. For this, the first hike in this season's winter series, hiking technique, food, hydration, and equipment will be featured during the hike. We'll also practice carrying our full winter backpacks. Note that either prior winter hiking experience or participation in our annual Winter Workshop in Sandwich on Nov. 7th (or equivalent) will be required. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net) L Leslie Carson (lrc929@comcast.net) L Walt Granda (wlgranda@aol.com) CL Barry Young

Thursdays, Dec. 10-10. Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. L Peggy Qvicklund (508-883-1623 before 9pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

Sat., Dec. 12. Mt. Washington Hike via Jewell Trail, New Hampshire, White Mountains, NH. We'll be hiking to the summit of Mt. Washington, the tallest peak in New England. The 10.4-mile (round trip) hike will take us up and down the Jewell and Gulfside trails, an elevation gain of 3,800 ft. Because of the exposed summit and ridge, severe weather and/or winter conditions may cause a change in destination, most likely to another 4,000 footer without such exposure. Winter clothing and equipment will be required. Experienced winter 4K hikers only please. L John Pereira (johnpereira33@gmail.com) L Maureen Kelly (mokol773@aol.com) CL Josh Tefft (tefft9wes@aol.com), R John Pereira (774-473-8145 6:00 to 8:30 P.M., johnpereira33@gmail.com)

Thu., Dec. 17. Hike John's Pond and Beyond, Massachusetts, Cape Cod, MA. 9:45AM for sign-in. Hikes starts promptly at 10AM. 2hr. hike C3C. An old favorite revisited. Waterviews, wetlands, woodlands. From Rte. 151 turn North (not South) on Currier Rd. then right on Ashumet Rd. Short distance Ashumet bears off to right but continue straight on what will become Hoopole Rd. (unmarked). Continue 1.5 miles and turn R onto Back Road following it .06 mile to large beach parking lot. L Nancy Wigley (508-548-2362, nrwigley@verizon.net)

Thu., Dec. 17-17. Thursday Morning Hike in the Blue Hills, Massachusetts, Southeast, MA. A 3-4 mile hike up to Rattlesnake Hill. The hike will then continue on the Skyline Trail to Wampatuck Hill. Meet at Shea Ice Rink in Quincy. L Sue Chiavarioli (508-496-6452, brillo6452@yahoo.com)

Tuesdays, Dec. 22-22. White Line the Blue Hills Hike Series, Blue Hills, Massachusetts, Southeast, MA. White Line the Blue Hills. We will meet weekly, Tuesday mornings at 10:30am (for 10:45 start) and hike trails in the Blue Hills for about 4 hours. After the first snow fall appropriate winter clothing, including winter hiking boots and snow shoes will be required. A severe snow storm or unsafe driving conditions will cancel that week's hike. The series will run for the 13 weeks from the Winter Solstice (Dec 22) to the Spring Equinox (Mar 20). The leader will have his dog, Sunny, with him when weather permits, if you wish to bring your well behaved dog please discuss during registration. Register once and then Show and Go. Have you been a Red Liner and would like to try White Lining or do you simply enjoy winter hiking then consider joining us Tuesday mornings. L Paul Brookes (603-799-4399), R Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

Fri., Dec. 25. Sunset and Full Cold Moon Road Cycling, Massachusetts, Cape Cod, MA. Friday Dec. 25 - Sunset and Full Cold Moon Cycling - - 22+/- Miles/ 2 +/- hours. Flats & Hills. Perhaps we'll do this ride on Boxing Day. December is the month when winter begins for most of the Northern Hemisphere, hence, its full moon is called the Cold Moon. We'll ride from Sagamore Recreation Area (mainland side) into Sagamore Highlands with a stop at Peaked Cliff for a peek at Provincetown in the distance. Return to the recreation area and along the canal to Buzzards Bay for sunset at MMA or on Three Mile Outlook. Then back along the canal for moonrise over the Sagamore Bridge. Contact leader for further information. Ride starts around two hours before sunset. L Paul Currier (508-833-2690 8-7, paulbcurrier@comcast.net)

Activities

Tuesdays, Dec. 29-29. White Line the Blue Hills Hike Series, Blue Hills, Massachusetts, Southeast, MA. White Line the Blue Hills. We will meet weekly, Tuesday mornings at 10:30am (for 10:45 start) and hike trails in the Blue Hills for about 4 hours. After the first snow fall appropriate winter clothing, including winter hiking boots and snow shoes will be required. A severe snow storm or unsafe driving conditions will cancel that week's hike. The series will run for the 13 weeks from the Winter Solstice (Dec 22) to the Spring Equinox (Mar 20). The leader will have his dog, Sunny, with him when weather permits, if you wish to bring your well behaved dog please discuss during registration. Register once and then Show and Go. Fri., Jan. 1. SEMAMC 13th Annual New Year's Day Road Cycling, Massachusetts, Cape Cod, MA. SEMAMC 13th Annual New Year's Day Ride - Road Cycling in Rochester/Marion - B2C/D - Friday Jan. 1, 2016 - late morning. *Weather-related relocation is possible. Kick off our year round cycling program and quests for 2,000+ miles in 2016. 27.5 +/- miles at an intermediate pace - early bailouts are easily available. This beautiful ride includes the coasts and harbors of Marion including Sea Shell Beach, Converse Road loop, Point and Delano Roads with an excursion into the Stone Estate, Sippican Land Trust, Planting Island, and Kittansett Golf Course offering a view of all three canal bridges. Please arrive with tires and riders pumped and ready to roll. Helmets, water, spare tube required; pump and tools would be nice. Cancellation/rescheduling sent to registered riders only. L Paul Currier (508-833-2690 8-7, paulbcurrier@comcast.net)

Full House at 2015 SEM Winter Hiking Workshop

By Paul Miller, SEM Hike Leader, Photos by Ken Carson

Thirty participants from the SEM and several other AMC chapters, six SEM hike leaders, plus several tables piled high with examples of typical winter hiking clothing and gear packed the Lakewood Hills Clubhouse in East Sandwich, Mass. for our 2015 Winter Hiking Workshop. This was held on the afternoon of November 7th, prior to the SEM Annual Dinner and Meeting in nearby Onset that evening.

With the wonderful winter hiking slide show assembled by Sue and Kevin Mulligan running in the background, Leslie Carson and Paul Miller welcomed the participants, reviewed the workshop objectives and agenda, and introduced the other leader/presenters.

After workshop participants introduced themselves and provided a quick overview of their own recent hiking experiences, Jeanine Audet and Ken Carson took a few minutes to discuss why they get so much enjoyment from winter hiking. Some of the reasons provided included the beautiful snow-draped scenery in the winter woods, the more expansive views, the peace and quiet, the smoother snow-packed trails, and the absence of bugs.

Winter hike presenters: Paul Miller, Anne Duggan, Leslie Carson, Dexter Robinson and Jeannine Audet

Maureen Kelly,
Chapter Chair

chair@amcsem.org

View From the Chair

Hello SEM Members,

In the midst of the holiday season I want to thank you, our members, for supporting the recreation, conservation and education principles of the AMC. Whether you are an active participant in activities or not, you all care about protecting the land today and for future generations. As Chair of the SEM Chapter of the AMC, I thank you for that.

I also want to thank our cape hikes, hiking, biking, paddling, skiing, conservation and trails leaders for offering fun outdoor activities for us to enjoy. To find SEM activities quickly, go to our website, www.amcsem.org and click on the brown 'schedules' tab at the top of the page. Then you can choose which activity you'd like see all the trip listings for. You can choose one or you can choose 'all SEM activities' to see everything we have listed. It is always up to date!

Best wishes for a warm, happy, holiday season.

See you outdoors!

Maureen Kelly

Upcoming Executive Board Meetings: no meeting in Dec., Jan. 13 and Feb. 10

Paul Miller presenting the winter gear topic

Winter workshop, Continued from page 1

Then, Anne Duggan put on her promised “fashion show,” displaying a wide assortment of appropriate (non-cotton) clothing options for base, insulating, and shell layers. Anne stressed the importance of selecting clothing made of fabrics that wick moisture away from the skin (to help avoid hypothermia) and the equally important need to constantly adjust clothing layers when hiking in the winter to minimize sweating in the first place. Participants and leaders then had a lively discussion about the best places to purchase these types of clothing without having to take out a second mortgage on our homes. We also discussed other non-cotton alternatives to polyester that avoided the tendency of polyester clothing to become overly aromatic with repeated use. Leslie mentioned that she gets very good results from the latest generation of lightweight, “itch-proof” clothing made from lambswool.

Leslie provided a thorough overview of the available options for the all-important insulated, waterproof winter hiking/snowshoeing boots and provided some of the pros and cons of each. These included Sorel-type pac boots with removable felt liners (warm and generally affordable, but not very supportive); stiffer and more supportive winter hiking boots without removable insulation (tend to hold crampons well and warm enough with at least 400 grams of Thinsulate-type insulation...); plus technical “plastic” winter mountaineering boots (very warm, but also very expensive and generally too stiff for our types of winter trips).

Leslie stressed that, since everyone’s feet are different, it’s important to spend plenty of time in the store walking around with the boots on, wearing your own winter hiking socks, to try to determine how the boot will feel out on the trail. She mentioned that she went through several pairs of winter boots herself before finding a pair that fit her well and were appropriately warm (rated down to minus 40 degrees F.), yet comfortable over the long haul.

Following Leslie’s presentation, “Gear-head Paul” discussed and displayed a variety of winter hiking equipment: snowshoes, hiking poles, light traction devices (e.g., micro-spikes), full crampons (those with 10 or 12 points), insulated water bottle holders, goggles, zero-degree sleeping bag (required for the winter overnight trip), plus a backpack large enough to hold all this stuff and lots more! Paul also discussed some of the available options for each of the above and provided some advice for how to select the right winter gear.

Jeanine and Ken discussed the need for and importance of adequate hydration and nutrition for winter hiking and put on an excellent demonstration of some of the techniques they use to condition themselves for winter hiking, which typically involves long hours, carrying a heavier-than-usual backpack, and negotiating snow- and/or ice-covered trails. Jeanine’s kettle ball demonstration was particularly impressive, particularly when you consider that she weighs all of 90 pounds herself, and demonstrated some exercises with a 50-pound kettle ball! Ken also stressed the importance of exercises that strengthen our core muscles and how to stretch properly after a hike.

AMC/SEM Annual Meeting and Dinner 2015

On November 7, 2015, AMC Southeastern Massachusetts Chapter held its Annual Meeting and Dinner at the filled-to-near-capacity function room at beautiful Salerno's in Onset, Massachusetts. Over 100 people attended including many former board members as well as many people new to AMC making for a recent memorable attendance record. Attendance was bolstered by two local activities held prior to the meeting. Bob Vogel, long time hiking leader and Past Chapter Chair, organized and led the annual "Stroll Down Memory Lane" at nearby Myles Standish State Park, and Paul Miller, outgoing Hiking Chair, and his dedicated team conducted the annual "Winter Hiking Workshop" in Sandwich.

The formal part of the event began promptly at 5:30 PM with true gentleman Luther Wallis, as Master of Ceremonies, and Maureen Kelly, SEM Chapter Chair and event organizer, orchestrating the evening. A quorum being present, the Annual Meeting consisted of the presentation of the Annual Report, Treasurer's Report, and elections for the 2016 Board. Also, this year a special Bylaws Committee presented their proposed changes to the membership for a vote. Alan Greenstein, Bylaws Committee spokesman, presented to the membership the bylaw changes and the reasoning behind the requested changes. After some discussion, the bylaws were approved with some minor changes. Copies of reports, bylaws, and the newly elected Executive Board and Officers are available at the AMCSEM www.amcsem.org website. Susannah Hatch, AMC Volunteer Relations Coordinator, updated the members on the latest activities emanating from AMC Joy Street Headquarters.

Following the Salerno's scrumptious buffet with several entrée choices, the evening moved on to member volunteer awards. Volunteer activities are the lifeblood of AMCSEM and this year was exceptional in both numbers and dedication, too numerous to mention them all here. The highlighted Distinguished Service Award, which is presented to an active member with more than five years of service who goes "above and beyond" the normal service to the SEM Chapter, was presented by last year's winner Mike Woessner to this year's winner Barbara Hathaway, Ski Chair for SEM for many years. Barbara's enthusiasm for skiing, winter activities, and willingness to volunteer was apparent in her acceptance speech imploring people to get outdoors and to volunteer. Anniversary awards presented by Ellen Thompson, Membership Vice Chair, were impressive - almost 70 people for 10 years of active membership, over 15 people with 25 years, and one person with 50 years of continuous membership!

The final major event of the evening featured guest speaker, Dianne Benson Davis, who presented slides and commentary of her book, Eagle One, which chronicles her life of dedication to the care of wildlife. The title of the book stems from the time she spent four months living alone as the caretaker for eight baby bald eagles in the remote Quabbin Reservoir area of Massachusetts as part of an ambitious and successful effort to reintroduce the endangered bald eagle to the skies of New England. In addition to the chronicle of her time with the eagles, the book also tells the story of a woman's life devoted to the care of wildlife: her nearly twenty year relationship with a red-tailed hawk, her experiences caring for a baby polar bear, tagging loggerhead sea turtles, and working with countless animals at the Tufts University Wildlife Clinic and the EcoTarium in Worcester. Dianne graciously stayed after her presentation to answer many questions.

Thanks to all who attended and made the event a great success.

Breeze Information

Pictures and Article Submissions

We encourage SEM members to submit articles and photos for both the Breeze and our website. Materials will be edited at the editor's discretion. Submissions must be copy ready. Title and credit for all photos must be included. Send to breeze.editor@amcsem.org

Breeze Deadline

On the 15th of the preceding month.

Volunteer!

AMC/SEM is always looking for volunteers to volunteer a little or a lot. Contact the chapter chair at chair@amcsem.org if you'd like to volunteer. We have outdoors opportunities (e.g., leading a hike). We also have indoors opportunities (e.g., web work, arranging events). Something for everyone!

New! The Breeze Marketplace

Kahtoola micro-spikes

Used pair of recently sharpened Kahtoola micro-spikes, pre 2013 version, size large, suitable for men's shoe size 10.5 - 14, \$25.

Contact Dexter Robinson at dexpdoc@gmail.com

Stewardship Society Awards 2015

Submissions due by December 15, 2015

Now is the time to look back and tally up all of the time you have contributed doing the things you love with the AMC! AMC values all of our volunteers and we would not be able to do all that we do without your help! Please take the time to total up your hours spent volunteering for the AMC in 2015. This information helps us to calculate the thousands of hours our volunteers contribute annually. Thank you!

Stewardship Society Award tally sheets should be sent to Alex DeLucia: adelucia@outdoors.org

<http://www.outdoors.org/volunteers/awards/index.cfm>

Understanding the Impacts of Climate Change in the Northeast

The AMC Series: Climate Change, Energy & The Outdoors

The next episode, on December 8, is called *Understanding the Impacts of Climate Change in the Northeast*. Scientists Dave Publicover, AMC and Robert Buchsbaum, Mass Audubon will deliver this presentation. For full details, you can visit this listing: <https://activities.outdoors.org/search/index.cfm/action/details/id/86070>

On December 16, the series will close with a screening of *Chasing Ice*. This is the description for that event:

Dec. 3 (Thu). Beautiful Mashpee Waterfront Ride, Massachusetts, Cape Cod, MA. Meet at Mashpee Town Beach for 12 noon departure. We will cycle thru Popponessett CC, onto Daniels Island, Monomoscoy Island & Seconsett Island. Views of tidal marshes, Waquoit Bay and real estate of course! C2D. L Bernie Meggison (617-930-4029 8:00 AM - 6:00 PM, thosmeggisons@gmail.com) CL Barbara Gaughan

Dec. 10 (Thu). Dennis- Brewster, New Coffee Boutique Ride, Massachusetts, Cape Cod, MA. Enjoy the quietness of off season riding on the Rail Trail from Dennis to Brewster. We will stop at the new Coffee Owl Roasters custom coffee shop near Nickerson State Park. L Bernie Meggison (617-930-4029, thosmeggisons@gmail.com) CL Barbara Gaughan

Dec. 25 (Fri). Sunset and Full Cold Moon Road Cycling, Massachusetts, Cape Cod, MA. Approx. 22 miles; approx. 2 hours. Flats & Hills. Perhaps we'll do this ride on Boxing Day. December is the month when winter begins for most of the Northern Hemisphere, hence, its full moon is called the Cold Moon. We'll ride from Sagamore Recreation Area (mainland side) into Sagamore Highlands with a stop at Peaked Cliff for a peek at Provincetown in the distance. Return to the recreation area and along the canal to Buzzards Bay for sunset at MMA or on Three Mile Outlook. Then back along the canal for moon-rise over the Sagamore Bridge. Contact leader for further information. Ride starts around two hours before sunset. L Paul Currier (508-833-2690 8-7, paulbcurrier@comcast.net)

We're always looking for additional hike leaders! Contact hikingchair@amcsem.org

Thursdays in Dec. (12/3, 12/10, 12/17, 12/24, 12/31). Warming Up For Winter Hike, DCR Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. A series of five Thursday hikes within the Blue Hills area as a conditioning program preparing for winter hiking. The length of the hikes will progress, and each individual can modify their packs and gear to prepare for winter hiking. While not technically part of the "SEM Winter Hiking Series," these local hikes offer a complementary opportunity to get in shape for winter hiking, which typically involves carrying a lot more gear and a heavier pack. L Peggy Qvicklund (508-883-1623 before 9 pm, qvickan@comcast.net) L Len Ulbricht (lwu9944@verizon.net) CL Mike DiBartolomeo (mbart4fam@comcast.net), R Peggy Qvicklund (508-883-1623, qvickan@comcast.net)

Dec. 3 (Thu). Hike Shawme Crowell State Park, Massachusetts, Southeast, MA. 2 hour hike on marked trails in state park. Meet at 9:45 AM for 10:00 AM start. Directions from the Cape take Rte 6 to exit 2 and turn N on Rte 130 and follow around Shawme Pond, past Town Hall, continue about 1.5 miles and entrance to park will be on L. From off Cape take Sagamore Bridge to Rte 6 and take 1st exit, follow ramp to 2nd traffic lights and turn R on Sandwich Rd., Follow to merge with 6A and bear L and look for R to Rte. 130, entrance to park on R. Drive past entrance kiosk and continue on road to dumpsters and park. L Jane Harding (508-833-2864 Before 9 PM., janeharding@comcast.net) CL John Bescherer (notmtwain@yahoo.com)

Dec. 3. Thursday Morning Hike - Massasoit State Park, Massasoit State Park, E. Taunton, Massachusetts, Southeast, MA. Meet at 10 a.m. at Massasoit SP, East Taunton's "hidden jewel." Approx. 6 miles on trails lined with pine needles that wind around lakes and ponds on mostly flat to gently rolling terrain. Wear boots, bring water, snacks and lunch. Rain cancels. L Barbara Hathaway (508-880-7266 before 9 pm, barb224@tmlp.net)

Activities

Dec. 5. Winter Series Hike #1 - Mt. Wachusett, Massachusetts, Central, MA. We'll Hike to the summit of Mt. Wachusett (2006') in Princeton, MA to enjoy views of the Boston Skyline and Mt. Monadnock (weather permitting). Four miles round trip. Snowshoes and micro-spikes or other light traction devices may be needed. For this, the first hike in this season's winter series, hiking technique, food, hydration, and equipment will be featured during the hike. Well also practice carrying our full winter backpacks. Note that either prior winter hiking experience or participation in our annual Winter Workshop in Sandwich on Nov. 7th (or equivalent) will be required. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net) L Leslie Carson (Itc929@comcast.net) L Walt Granda (wlgranda@aol.com) CL Barry Young , R Paul Miller (Paulallenmiller@verizon.net)

Dec. 10. Thursday AM Hike on Bay Circuit Trail through Walpole Conservation Land, 109 Robbins Road, MA, Massachusetts, Southeast, MA. Meet at 10am at the VFW Post at 109 Robbins Rd in Walpole for a 4.5 mile hike on the Bay Circuit Trail through Conservation Land. Mostly flat but with a few steep, but short sections up and down eskers. L Hans Luwald (508-668-0462 Before 9 pm, hans.luwald@gmail.com) CL Debbie Lepore (781-828-0572 Before 9 pm, dlepore2@gmail.com)

Dec. 12 (Sat). Mt. Washington Hike via Jewell Trail, New Hampshire, White Mountains, NH. We'll be hiking to the summit of Mt. Washington, the tallest peak in New England. The 10.4-mile (round trip) hike will take us up and down the Jewell and Gulfside trails, an elevation gain of 3,800 ft. Because of the exposed summit and ridge, severe weather and/or winter conditions may cause a change in destination, most likely to another 4,000 footer without such exposure. Winter clothing and equipment will be required. Experienced winter 4K hikers only please. L John Pereira (johnpereira33@gmail.com) L Maureen Kelly (moke1773@aol.com) CL Josh Tefft (tefft9wes@aol.com), R John Pereira (774-473-8145 6:00 to 8:30 P.M., johnpereira33@gmail.com)

Dec. 17 (Thu). Hike John's Pond and Beyond, Massachusetts, Cape Cod, MA. 9:45AM for sign-in. Hikes starts promptly at 10AM. 2hr. hike C3C. An old favorite revisited. Water-views, wetlands, woodlands. From Rte. 151 turn North (not South) on Currier Rd. then right on Ashumet Rd. Short distance Ashumet bears off to right but continue straight on what will become Hoopole Rd. (unmarked). Continue 1.5 miles and turn R onto Back Road following it .06 mile to large beach parking lot. L Nancy Wigley (508-548-2362, nrwigley@verizon.net)

Dec. 17. Thursday Morning Hike – the Blue Hills, Massachusetts, Southeast, MA. A 3-4 mile hike up to Rattlesnake Hill. The hike will then continue on the Skyline Trail to Wampatuck Hill. Meet at Shea Ice Rink in Quincy. L Sue Chiavaroli (508-496-6452, brillo6452@yahoo.com)

Tuesdays (Dec. 22, 29; Jan. 5, 7, 12, 19, 26; Feb. 2, 9, 16, 23; Mar. 1, 8). White Line the Blue Hills Hike Series, Blue Hills, Massachusetts, Southeast, MA. White Line the Blue Hills. We will meet weekly, Tuesday mornings at 10:30am (for 10:45 start) and hike trails in the Blue Hills for about 4 hours. After the first snow fall appropriate winter clothing, including winter hiking boots and snow shoes will be required. A severe snow storm or unsafe driving conditions will cancel that week's hike. The series will run for the 13 weeks from the Winter Solstice (Dec 22) to the Spring Equinox (Mar 20). The leader will have his dog, Sunny, with him when weather permits, if you wish to bring your well behaved dog please discuss during registration. Register once and then Show and Go. Have you been a Red Liner and would like to try White Lining or do you simply enjoy winter hiking then consider joining us Tuesday mornings. L Paul Brookes (603-799-4399), R Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

Jan. 7. Thursday Morning Hike – Whitney and Thayer Woods (B3C), Cohasset, Hingham, Ma, Massachusetts, Southeast, MA. Whitney & Thayer Woods (B3C) Lovely woods walk across rolling hills on Trustees of Reservations property. Meet at 10:00am in the Whitney and Thayer Woods main parking area. Boots suitable for weather/trail conditions, possibly traction devices or snowshoes, water, winter wear (layers, hats, mittens) and snacks/lunch required. Directions: from Route 3 (Exit 14), take Route 228N for 6.5 miles through Hingham. Turn right onto Route 3A eastbound and follow for 2 miles to the entrance. Parking is on the right. Contact L if weather is questionable. Please carpool if possible, as parking is limited. L Eva Borsody das (781-925-9733, borsody@gmail.com)

Jan. 9 (Sat). Winter Series Hike #2 - Seven Sisters, Massachusetts, Pioneer Valley, MA. Moderate 6-mile hike on the Metacomet Monadnock Trail over a series of peaks including Mt Holyoke, and The Seven Sisters. Total elevation gain will be approximately 2000 ft. Enjoy great winter views of the Pioneer Valley and the Connecticut River (weather permitting) while getting in condition for our next winter series hikes "up North." Snowshoes and micro-spikes (or other light traction devices) are likely to be needed. Once again, we'll be carrying our full winter backpacks for this preparatory hike. Note that either prior winter hiking experience or participation in our annual Winter Workshop in Sandwich on Nov. 7th (or equivalent) will be required. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net) L Leslie Carson (Itc929@comcast.net) L Walt Granda (wlgranda@aol.com) CL Anne Duggan CL Peggy Qvicklund , R Paul Miller (Paulallenmiller@verizon.net)

Jan. 14 (Thu). (FT) (NM) Borderland State Park/Bay Circuit Trail Thurs. AM Hike, Sharon/North Easton, Massachusetts, Southeast, MA. Meet at 10AM at Borderland SP parking lot on Massapoag Avenue on the Sharon/North Easton border for a six-mile hike, including portions of the Bay Circuit Trail with pond views. Bring water, lunch, layers, sturdy footwear. Rain or storm cancels. Parking fee is \$2.00. L Deborah Lepore (781-828-0572 before 9 PM, DLepore2@GMail.com) CL Hans Luwald (508-668-0462 before 9 pm, Hans.Luwald@GMail.com)

Jan. 21 (Thu). (FT) (NM) Thursday Morning Hike in the Blue Hills, Massachusetts, Southeast, MA. A 4-5 mile hike on the Wildcat Notch Path, the Coon Hollow Path, and around the Eliot Tower. Meet at the northern parking lot at Trailside Museum at 9:45. Driving Directions Take exit 2 (route 138N) off of Rt. 128 and go north toward Milton. We will meet in the 2nd parking lot next to the Trailside Museum. L Sue Chiavaroli (508-496-6452 7-9PM, brillo6452@yahoo.com)

Jan. 23 (Sat). Mt. Tom & Mt. Field Hike, New Hampshire, White Mountains, NH. This 7.2-mile hike will take us to the summits of two NH 4,000 footers - Mt. Tom (4,051') and Mt. Field (4,340') - plus Mt. Avalon (3,442') provides another winter-hiking option in addition to those hikes in the Southeastern Mass. Chapter's Winter Hiking Series. This trip will involve a total of ~2,800' in elevation gain. Poor winter conditions may cause the hike to be canceled or cause a change in destination, most likely to a lesser peak nearby. Winter clothing and equipment will be required. Experienced winter hikers only please. L John Pereira (774-473-8145, johnpereira33@gmail.com) L Maureen Kelly (mokol773@aol.com), R John Pereira (774-473-8145 6pm to 8:30pm, johnpereira33@gmail.com)

Jan. 25 (Mon). (NM) Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a post-full moon hike at Borderland State Park. Moon-rise is 6:46 pm. Hike will be approximately 4-5 miles at a moderate pace, lasting about 2 hours. Snowshoes may be needed. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (508-212-0330, pmcnallyma@comcast.net) CL Nancy Coote, R Patti McNally (pmcnallyma@comcast.net)

Jan. 28 (Thu). (C) (FT) (NM) (AN) Morning hike at the Monastery Grounds, Cumberland, RI, Cumberland, RI, Rhode Island, RI. Thursday Morning Hike on Monastery grounds in Cumberland, RI - Bring lunch or snack. Snow equipment may be needed. Rain cancels. Rte. 295S to exit 11. Take 114S app. 1-1/2 mi. Take right into Monastery and go past playground. L Muriel Guenther (508-699-7461 Before 9:00pm, murielguenther@comcast.net)

Feb. 6 (Sat). Winter Series Hike #3 - Mt. Pierce, New Hampshire, White Mountains, NH. Join us for the third hike in our 2014 Winter Series, which will bring us above 4,000 feet for the first time this year to the summit of Mt. Pierce with it's panoramic views of the southern Presidentials, Mt. Washington, and beyond. We'll take the historic (mostly protected) Crawford Path and return via the Webster Cliff Trail to the Mizpah Cutoff and then back to the trail-head via the Crawford Path. Full winter clothing and gear, including both snowshoes and micro-spikes (or other light traction devices) will be required. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in the SEM Winter Workshop on Nov. 7th (or equivalent) required. L Maureen Kelly (617-943-4288, mokol773@aol.com) CL Anne Duggan CL Barry Young, R Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net)

Feb. 22 (Mon). (FT) (NM) Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a full moon hike at Borderland State Park. Hike will be about 4-5 miles at a moderate pace, lasting approximately 2 hours. Moon-rise is 5:34pm. With good weather, we should have nice moon views. Snowshoes may be needed. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (508-212-0330, pmcnallyma@comcast.net) CL Bob Vogel, R Patti McNally (508-212-0330, pmcnallyma@comcast.net)

Mar. 4-6. Winter Series Hike #4 - Carter Notch Overnight Trip, New Hampshire, White Mountains, NH. We'll return to remote Carter Notch for the final trip in the 2015-2016 SEM Winter Hiking Series. Participants may have an option to stay at the AMC Carter Notch Hut for either one or two nights under our group reservation. At the hut, we'll enjoy camaraderie and group breakfasts and dinners. App. Four mile hike into the hut, with some elevation gain and loss. We'll also offer several shorter hikes from the hut. A warm winter sleeping bag (rated to at least 0 degrees F.) and full winter gear including snowshoes and micro-spikes (or other light traction devices) will be required. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in the SEM Winter Workshop on Nov. 7th required. Preference will be given to those who participated in previous hikes in the series. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net) L Maureen Kelly (mokol773@aol.com) L Leslie Carson (ltc929@comcast.net) CL Barry Young CL Ken Carson, R Paul Miller (Paulallenmiller@verizon.net)

Apr. 21 (Thu). (FT) Morning hike - World's End (C3C), Hingham, MA, Massachusetts, Southeast, MA. World's End (C3C). Meet at 10am, \$6 pp non-Trustees members. Moderate 4-5 miles. Explore unique peninsula in Boston Harbor, stunning views, hilly, carriage ways, rocky paths, could be muddy sections. Wear layers, wind protection, good shoes suitable for weather and conditions. Bring water, snacks/lunch. Directions at <http://www.thetrustees.org/places-to-visit/greater-boston/worlds-end.html>. L Eva Borsody das (781-925-9733, borsody@gmail.com)

Skiing

Dec. 20 (Sun). XC Skiing, Massachusetts, Boston Area, MA. Advanced beginner/Intermediate XC skiing. Come for a day to enjoy skiing the trails in the woods and fields at Great Brook Farm in Carlisle, MA. We will ski groomed trails. Meet at lodge at 10:00 a.m. Estimated time on the trails will be 3 or 4 hours. Bring lunch, snack and drink. Equipment rentals are available. Complete details including conditions and fees at this website: www.greatbrookski.com. L Barbara Hathaway (508-880-7266 before 9 p.m., barb224@tmlp.net) CL Jeannine Audet (508-493-8221 7 to 10 p.m., milmod@aol.com), R Jeannine Audet (508-493-8221 7 to 10 p.m., milmod@aol.com)

Jan. 15-18. XC Ski Weekend in White Mountains, White Mountains, New Hampshire, White Mountains, NH. SEM and Boston Forty+ join together for XC skiing, snowshoeing and camaraderie at Applebrook B&B, in Jefferson, NH. Friday, Saturday and Sunday nights lodging, 3 hot breakfasts, Friday night pizza and salad and Saturday and Sunday dinners are included in rates that range from \$230 to \$310 per person including taxes. Skiing at Bretton Woods or other facilities depend upon snow and trail conditions. Additional details provided prior to trip. L Barbara Hathaway (508-880-7266 before 9pm, barb224@tmlp.net) CL Wayne Cardoza (603-673-2518 before 9pm), R Barbara Hathaway (508-880-7266 before 9pm, barb224@tmlp.net)

Mar 4-6. XC Ski White Mountains, Intervale, NH, New Hampshire, White Mountains, NH. Can you think of a better way to begin the month of March than XC- skiing in the White Mountains? Join the SEM and Forty Plus chapters on Mar. 4 for 2 nights lodging at the Old Field House in Intervale, NH. Room rates are from \$120 to \$135 per night plus tax and include a hearty breakfast on Saturday and Sunday mornings. Visit their website www.oldfieldhouse.com for a complete description of their rooms and amenities. After registering by phone with the AMC Leader, call the Old Field House at 800-444-9245 to reserve your room. If you don't have a roommate, leader or innkeeper will try to match you up with one or you have the option of paying for a single supplement. We'll ski at Jackson, Great Glen, or Bear Notch - or right out the door on the Intervale trails. Bring your snowshoes, too. The weekend begins with pizza, salad and socializing on Friday night (nominal charge) around 6:30. Bring a snack to share at Happy Hours and your favorite beverage. Space is limited, so reserve a spot soon. L Barbara Hathaway (508-880-7266 before 9pm, barb224@tmlp.net) CL Wayne Cardoza (508-880-7266 before 9 pm, barb224@tmlp.net)

Kicking Off the New Year

.....
Our chapter started 2016 with several groups getting outside to enjoy the local environment.

In The Blue Hills Reservation, The First Day hike covered 5.8 miles over 3 hours along the Skyline, yellow arrow, and green dot trail in the northwest section of the reservation. There were many familiar faces but also some new folks participated, including some long time members who are trying to get more active. It was great to also see so many other hikers, including families, in the reservation on a beautiful New Year's Day.

At Borderland State Park, 25 folks showed up for a morning hike. They hiked out the West Side, French, Northwest, NEMBA, Ridge Quarry Loop trails to visit Moyle's Quarry, where they got a show & tell about how to hand split granite, and one eagle-eyed participant even found a set of 'feathers and wedge' stuck in a block of granite that had split crooked and had been abandoned. The group continued on the Morse Loop to the very northern end of the park, stopping there for lunch. They worked their way back toward the cars over the Friends, Ridge, and Granite Hills trails. Having hiked a total of seven miles, including a short walk along Pond Walk Trail, everyone returned to their cars.

Maureen Kelly,
Chapter Chair

chair@amcsem.org

View From the Chair

Hello SEM Members,

Best wishes for many joyous outdoor adventures in 2016! We would love to meet you and have you take a trip with us. Would you like to bike, ski, paddle, hike, backpack or perform trail work? We can show you beautiful places close to home and we can also show you beautiful places across New England.

Contact one of our enthusiastic leaders and try something new! You can always find our activities on our web site at <http://amcsem.org/schedules.html>.

If you are looking for a volunteer opportunity in the new year, we are always looking for help. Currently we are looking for a Communications Chair to oversee our SEM Chapter Communications. Also, our Biking, Hiking, Skiing and Paddling Committees are looking for Vice Chairs. Contact me if you'd like to help out.

See you outdoors!

Maureen Kelly

Kicking Off the New Year, continued.

SEMAMC 13TH annual New Year's Day cycling by Paul Currier

Relocating the 13th Annual New Year's Day ride from Rochester/Marion to Falmouth was well received as we had a dozen signups. We gathered at the Shining Sea Bike Path parking lot in North Falmouth but opted for some scenic street riding on the way to Woods Hole. Old Silver was our first regroup; lovely although quite windy looking to Marion, Rochester, Mattapoisett, and Fairhaven. We continued south taking in Gunning Point and Racing Beach side street tours to the ocean. Back on the path and eventually to Woods Hole for a stop at Pie in the Sky for refreshments in the sun and a group picture taken by a friendly couple.

Thanks to Joe Tavilla, we decided to take in Nobska Light and, across from it, Martha's Vineyard on the return trip so we would be riding with the wind. We continued back along the beach for a bit and then a casual return (for 4 of us as 5 riders flew back!) on the Shining Sea Path.

It was a lovely day for riding - low 40's with enough sun to ward off any possible chill. Everyone stayed warm and graciously thanked me for a most enjoyable ride. Thanking them in return seemed more important as I always feel that the riders make the ride!

The participants:

Barbara Gaughan, Bernie Meggison, Geoffrey Lenk, Jack Jacobsen, Jim Burke, Joe Tavilla, Larry Decker, Mark Gurnee, Mike Henley, Nancy Kahn, and Paul Currier (Leader)

SEMAMC 2,000 Mile Club Begins 12th Year

by Paul Currier

Founded in 2004 by Jack Jacobsen and becoming operational in 2005, our AMC Southeast Mass 2000 Mile Club is now beginning its twelfth year of recording and awarding our cyclists for riding 2,000 miles or more annually. First time achievers are awarded the 2,000 Mile Club patch.

The club experienced its first significant growth during Vice-Chair Victor Oliver's tenure and has been growing since. We have had several volunteer registrars starting with Paul Currier and continuing with Dan Egan to our present registrar, Bernie Meggison.

Record and send your quarterly or final 2015 mileage to Bernie Meggison thosmeggisons@gmail.com, our Chair/Registrar. An online tracker is coming soon.

For additional information about joining our 2,000 Mile Club, see the Breeze or contact our club officers Bernie Meggison, thosmeggisons@gmail.com, Jack Jacobsen cyclejac51@yahoo.com, or Paul Currier paulbcurrier@comcast.net.

140th Annual AMC Summit

Saturday, January 30, 2016.

The Annual Summit highlights the people who make AMC's mission real everyday - our dedicated volunteers!

The day's activities will include: Lectures and Trainings; AMC Committee Meetings; Buffet Lunch; 140th Annual Business Meeting; Celebration Reception

[Learn more](#)

Volunteer of the Month

Len Ulbricht

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have wonderful people give their time, energy and resources to make our chapter one of the best. This month we recognize LEN ULBRICHT from the Hiking Committee.

For those of you who do not know him, Len has been a long-standing member and volunteer in the SEM chapter in several capacities. He held the positions of Membership Chair from 2009-2013 and the Education Chair in 2013-2014. He has written several articles for The Breeze over the years and he has been an active hike

leader, leading a variety of day and overnight trips in the Berkshires, Blue Hills, MA and NH. This past year, Len led a Conditioning Hike Series in the Blue Hills to prepare people for summer hiking and is implementing this series again for the upcoming spring. Another series led by Len this fall was "Warming Up for Winter " to help prepare participants for winter hiking. On all his hikes, Len not only provides an opportunity for participants to enjoy nature and the outdoors as well as socialize with others, but to become better, stronger, hikers. Thanks, Len, for all you do!

Len will receive a Volunteer of the Month Certificate and a \$50 gift card.

Elizabeth Hayes Pratt

We are sad to note that Libby Pratt, a longtime SEM kayaker, died on November 14, 2015. She was 88 years old. Her obituary can be found on the [Cape Code Times website](#).

The Trail by Ray Anderson

A Thru-Hiker publishes his debut novel.

AMC member, Ray Anderson, has published his first book: *The Trail*, A murder mystery written with an eye for the details only those who have hiked the Appalachian Trail can give, *The Trail* combines the solitary world of trail life with the harrowing story of two men desperately trying to escape their pasts.

We asked him a few questions about his new book:

How did your experiences with the AMC influence your book?

I've been an AMC member for many years and first got interested in hiking over 30 years ago when I began climbing the 4000 footers in NH. When I was peak-bagging in NH, I decided to thru-hike the A.T. when I retired. My joy of hiking as an AMC member gave me the incentive to retire early from the corporate world. (I'm a retiree of the Coca-Cola Company).

What's your favorite scene in the story?

There are several favorite scenes in the story: The REI scene where the villain ("Moonwalker") clueless about hiking, decides to get outfitted for his escape onto the Appalachian Trail. And the scene in Roaring Fork shelter during the No. Carolina snowstorm. Some of the dialog in that scene is word-for-word as I remember it. And the "Magic Moment" scene where my protagonist, "Awol" snacks by a stream in the forest on a sunny day and watches deer nearby. This also happened to me.

[Learn more about Ray's new book.](#)

3rd Annual Stroll Down Memory Lane

Bob Vogel

November brought the SEM Annual Meeting and with it the Third Annual Stroll Down Memory Lane. A couple dozen lucky folks got to enjoy fine weather this year as we strolled, and occasionally stopped to tell old stories, around Myles Standish State Forest. This easy-paced 'Stroll' gives us a good opportunity to get together for a walk that isn't too strenuous, so more can attend. So, mark your calendar for next year's Stroll (and Annual Meeting) the first Saturday in November!

Photo of the group preparing to depart, by Elsie Laverty.

Become a Plant Conservation Volunteer with New England Wild Flower Society

New England Wild Flower Society is seeking enthusiastic people interested in plant identification and exploring interesting natural habitats to participate in their Plant Conservation Volunteer Program. Plant Conservation Volunteers (PCVs) puts the skills of citizen science to work collecting information on rare plants and their habitats across all six New England states. There are also opportunities to assist with invasive and habitat management projects that benefit rare plants and botanical surveys. The New England Wild Flower Society provides annual training for those interested in becoming PCVs. The Society also offers free field trips and learning opportunities to PCVs often interacting with professional botanists to learn more about hard to identify species and the ecology of various habitats.

Good candidates are motivated, interested in plant identification, and a little adventurous. It's an excellent opportunity to develop your botanical skills and put them to work, learn more about the flora of New England, meet others with similar interests, and help preserve your state's natural heritage.

Training sessions will be held on a weekend in March/April for each of the New England states. Interested applicants with some botanical knowledge and are outside of Eastern Massachusetts are encouraged to apply. For more information and to apply visit our website at www.newenglandwild.org/volunteers/plant-conservation.html or contact:

Jan. 1 (Fri). SEMAMC 13th Annual New Year's Day Road Cycling, Massachusetts, Cape Cod, MA (Rochester/Marion). Kick off our year round cycling program and quests for 2,000+ miles in 2016. 27.5 +/- miles at an intermediate pace - early bailouts are easily available. This beautiful ride includes the coasts and harbors of Marion including Sea Shell Beach, Converse Road loop, Point and Delano Roads with an excursion into the Stone Estate, Sippican Land Trust, Planting Island, and Kittansett Golf Course offering a view of all three canal bridges. Please arrive with tires and riders pumped and ready to roll. Helmets, water, spare tube required; pump and tools would be nice. Weather-related relocation is possible. Cancellation/rescheduling sent to registered riders only. L Paul Currier (508-833-2690 8-7, paulbcurrier@comcast.net)

Hiking

Get your 100-mile patch! Contact hikingchair@amcsem.org.

We're always looking for additional hike leaders! Contact hikingchair@amcsem.org

Jan. 1 (Fri). Start the year with a Borderland New Year's Hike!, Massachusetts, Southeast, MA. Start the year off right, with a 6-7 mile, brisk paced hike along the mostly flatter trails at Borderland State Park, Easton, MA. We'll hike out to the far end of the park and, conditions permitting, stop for lunch near a pond, then continue around the park. We'll also visit Moyle's Quarry, source of the face stone for the Canton viaduct. Bring raincoat, water, lunch and dress for the weather. Registration not required, however if you haven't come on any similar AMC hikes please contact leader, so he can advise you about what we expect of our hikers. In case of bad weather contact leader to see if trip is cancelled. There is a \$5/\$6 parking fee at Borderland, allow time to get ticket for your car. Meet near ticket booth at entrance to main parking lot. Please arrive in time to get prepared and start hiking @ 10:30. Cell phone, morning of hike 603-960-2995. L Bob Vogel (vogel.r@comcast.net)

Tuesdays (Jan. 5, 7, 12, 19, 26; Feb. 2, 9, 16, 23; Mar. 1, 8). White Line the Blue Hills Hike Series, Blue Hills, Massachusetts, Southeast, MA. White Line the Blue Hills. We will meet weekly, Tuesday mornings at 10:30am (for 10:45 start) and hike trails in the Blue Hills for about 4 hours. After the first snow fall appropriate winter clothing, including winter hiking boots and snow shoes will be required. A severe snow storm or unsafe driving conditions will cancel that week's hike. The series will run for the 13 weeks from the Winter Solstice (Dec 22) to the Spring Equinox (Mar 20). The leader will have his dog, Sunny, with him when weather permits, if you wish to bring your well behaved dog please discuss during registration. Register once and then Show and Go. Have you been a Red Liner and would like to try White Lining or do you simply enjoy winter hiking then consider joining us Tuesday mornings. L Paul Brookes (603-799-4399), R Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

Jan. 7. Thursday Morning Hike - Whitney and Thayer Woods (B3C), Cohasset, Hingham, Ma, Massachusetts, Southeast, MA. Whitney & Thayer Woods (B3C) Lovely woods walk across rolling hills on Trustees of Reservations property. Meet at 10:00am in the Whitney and Thayer Woods main parking area. Boots suitable for weather/trail conditions, possibly traction devices or snowshoes, water, winter wear (layers, hats, mittens) and snacks/lunch required. Directions: from Route 3 (Exit 14), take Route 228N for 6.5 miles through Hingham. Turn right onto Route 3A eastbound and follow for 2 miles to the entrance. Parking is on the right. Contact L if weather is questionable. Please carpool if possible, as parking is limited. L Eva Borsody das (781-925-9733, borsody@gmail.com)

[Search activities online](#)

Jan. 9 (Sat). Winter Series Hike #2 - Seven Sisters, Massachusetts, Pioneer Valley, MA. Moderate 6-mile hike on the Metacomet Monadnock Trail over a series of peaks including Mt Holyoke, and The Seven Sisters. Total elevation gain will be approximately 2000 ft. Enjoy great winter views of the Pioneer Valley and the Connecticut River (weather permitting) while getting in condition for our next winter series hikes "up North." Snowshoes and micro-spikes (or other light traction devices) are likely to be needed. Once again, we'll be carrying our full winter backpacks for this preparatory hike. Note that either prior winter hiking experience or participation in our annual Winter Workshop in Sandwich on Nov. 7th (or equivalent) will be required. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net) L Leslie Carson (lrc929@comcast.net) L Walt Granda (wlgranda@aol.com) CL Anne Duggan CL Peggy Qvicklund , R Paul Miller (Paulallenmiller@verizon.net)

Jan. 14 (Thu). (FT) (NM) Borderland State Park/Bay Circuit Trail Thurs. AM Hike, Sharon/North Easton, Massachusetts, Southeast, MA. Meet at 10AM at Borderland SP parking lot on Massapoag Avenue on the Sharon/North Easton border for a six-mile hike, including portions of the Bay Circuit Trail with pond views. Bring water, lunch, layers, sturdy footwear. Rain or storm cancels. Parking fee is \$2.00. L Deborah Lepore (781-828-0572 before 9 PM, DLepore2@GMail.com) CL Hans Luwald (508-668-0462 before 9 pm, Hans.Luwald@GMail.com)

Jan. 21 (Thu). (FT) (NM) Thursday Morning Hike in the Blue Hills, Massachusetts, Southeast, MA. A 4-5 mile hike on the Wildcat Notch Path, the Coon Hollow Path, and around the Eliot Tower. Meet at the northern parking lot at Trailside Museum at 9:45. Driving Directions Take exit 2 (route 138N) off of Rt. 128 and go north toward Milton. We will meet in the 2nd parking lot next to the Trailside Museum. L Sue Chiavari (508-496-6452 7-9PM, brillo6452@yahoo.com)

Jan. 23 (Sat). Mt. Tom & Mt. Field Hike, New Hampshire, White Mountains, NH. This 7.2-mile hike will take us to the summits of two NH 4,000 footers - Mt. Tom (4,051') and Mt. Field (4,340') - plus Mt. Avalon (3,442') provides another winter-hiking option in addition to those hikes in the Southeastern Mass. Chapter's Winter Hiking Series. This trip will involve a total of ~2,800' in elevation gain. Poor winter conditions may cause the hike to be canceled or cause a change in destination, most likely to a lesser peak nearby. Winter clothing and equipment will be required. Experienced winter hikers only please. L John Pereira (774-473-8145, johnpereira33@gmail.com) L Maureen Kelly (mokol773@aol.com), R John Pereira (774-473-8145 6pm to 8:30pm, johnpereira33@gmail.com)

Jan. 25 (Mon). (NM) Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a post-full moon hike at Borderland State Park. Moon-rise is 6:46 pm. Hike will be approximately 4-5 miles at a moderate pace, lasting about 2 hours. Snowshoes may be needed. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (508-212-0330, pmcnallyma@comcast.net) CL Nancy Coote , R Patti McNally (pmcnallyma@comcast.net)

Jan. 28 (Thu). (C) (FT) (NM) (AN) Morning hike at the Monastery Grounds, Cumberland, RI, Cumberland, RI, Rhode Island, RI. Thursday Morning Hike on Monastery grounds in Cumberland, RI - Bring lunch or snack. Snow equipment may be needed. Rain cancels. Rte. 295S to exit 11. Take 114S app. 1-1/2 mi. Take right into Monastery and go past playground. L Muriel Guenther (508-699-7461 Before 9:00pm, murielguenther@comcast.net)

Feb. 6 (Sat). Winter Series Hike #3 - Mt. Pierce, New Hampshire, White Mountains, NH. Join us for the third hike in our 2014 Winter Series, which will bring us above 4,000 feet for the first time this year to the summit of Mt. Pierce with it's panoramic views of the southern Presidentials, Mt. Washington, and beyond. We'll take the historic (mostly protected) Crawford Path and return via the Webster Cliff Trail to the Mizpah Cutoff and then back to the trail-head via the Crawford Path. Full winter clothing and gear, including both snowshoes and micro-spikes (or other light traction devices) will be required. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in the SEM Winter Workshop on Nov. 7th (or equivalent) required. L Maureen Kelly (617-943-4288, mokol773@aol.com) CL Anne Duggan CL Barry Young , R Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net)

Feb. 22 (Mon). (FT) (NM) Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a full moon hike at Borderland State Park. Hike will be about 4-5 miles at a moderate pace, lasting approximately 2 hours. Moon-rise is 5:34pm. With good weather, we should have nice moon views. Snowshoes may be needed. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. Ten years of red lining in the Blue Hills Reservation

For the past ten years a group of enthusiastic hikers has met weekly from mid April until mid September to hike every foot of every trail in the Blue Hills Reservation, Quincy-Canton, MA (BHR). It has become one of the signature hiking events of the AMCSEM Chapter. The name and the goal of the group was inspired by Bob Vogel and Bill Ruel. Bob wanted to hike and Bill wanted to keep track of the BHR trails he had covered by marking his map with a red highlighter. The idea caught-on and literally hundreds of hikers have participated since then. This includes Maureen Kelly, Chapter Chair and prior Chapter Chairs Cheryl Lathrop and Jim Plouffe. Each of them are Red Liners having hiked every inch of every one of the 125 miles of trails. The BHR has a wide range of challenges and the format of the program provides the opportunity to experience them all.

As more people completed the Red (35) series, the additional Blue (9), Green (7), Orange (6), Yellow (3), Purple (2), Pink (1) and Bronze (1) levels of completion were added. The bracketed numbers indicate the number of hikers who have completed each level. Walt Granda, Joe Keogh and Michael Swartz are the "Elite Trio" having completed the Yellow series. Michael Swartz is the sole hiker attaining the Pink and Bronze levels. Alan Greenstein has the distinction of being the last hiker to complete a series in 2015. He completed the Orange series on 12/28/2015.

View From the Chair

Hello SEM Members,

Are we curled up on the couch by the fire in February? No we are not.

We are hiking on the Cape!
 We are camping at High Cabin, Cardigan Mt.!
 We are Whitelining the Blue Hills every Tuesday!
 We are hiking under the Full Moon!
 We are skiing and snowshoeing all weekend at Noble View Camp!
 We are hiking every Thursday in Mass!
 We are hiking Mt. Pierce, a 4K!

We also have a special event on Tuesday, February 23, 2016 8:45AM - 3:00PM
[Cape Cod National Seashore Cleanup Day](#)

Join us for a day or half day to give back to a beautiful National Park we all enjoy.
 Contact Joshua to sign up conservationchair@amcsem.org

Give one of our activities a try! We would love to have you join us.

Continued from page 1

Joe Keogh has ably led the group since 2010 and plans the Red Line hikes with the goal of a regular participant completing a series in 1.5 years.

A White Lining series was launched in 2009 to give people interested in hiking in the BHR during the period from the Winter Solstice until the Spring Equinox (12/22-3/22) a unique challenge. Jodi Jensen completed it in 3/2012. Michael Swartz, 1/2014 and Paul Brookes, 3/2015. Paul has the distinction of being the only person to achieve that objective in one season! Paul is currently leading a Winter hiking series on Tuesdays while attempting to complete his second set of White Line credentials. click on this link for details on participating <http://activities.outdoors.org/search/index.cfm/action/details/id/86167>

To further enhance the program an attractive patch was designed and each person completing a series is awarded one. (photo below). It is proudly worn on backpacks.

Anyone interested in joining one of the Red Line hikes is encouraged to contact Cathy Garry, Registrar at RLBH_registrar@amcsem.org. Please provide your phone number for Cathy to follow-up with you.

4

1. 1st RLBH hike in the Spring.

2. Paul Brookes, center, leads the White Line the Blue Hills winter series

3. Joe Keogh, Trail Master Extraordinaire.

4. Layton Gaines receives the coveted RLBH Patch.

Volunteer of the Month

Nancy Wigley

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have wonderful people give their time, energy and resources to make our chapter one of the best. This month we recognize NANCY WIGLEY from the Cape Hikes Committee.

Nancy is not just a great Leader, but an educator as well. Her vast knowledge of botany and the great outdoors makes her hikes a learning experience, as well as a great walk. Cape Hikes is very fortunate to have such a committed and talented leader. Come on her May 8th hike at Santuit Preserve and look for the bird's foot violets! Thanks, Nancy, for all you do!

Nancy will receive a Volunteer of the Month Certificate and a \$50 gift card.

Ryder Conservaton & Lowell Holly Reservation

Cape hike Jan 18 at Ryder Conservation & Lowell Holly Reservation. 4.58 mi. 17 hikers. 38 degrees. Remnants of winter storm Jonas which had dropped 12-18" on the cape the previous weekend did not deter us.

*Cape hike Jan 28
Conaumet Point in Lowell
Holly Reservation*

Tuesdays (Jan. 5, 7, 12, 19, 26; Feb. 2, 9, 16, 23; Mar. 1, 8). White Line the Blue Hills Hike Series, Blue Hills, Massachusetts, Southeast, MA. White Line the Blue Hills. We will meet weekly, Tuesday mornings at 10:30am (for 10:45 start) and hike trails in the Blue Hills for about 4 hours. After the first snow fall appropriate winter clothing, including winter hiking boots and snow shoes will be required. A severe snow storm or unsafe driving conditions will cancel that week's hike. The series will run for the 13 weeks from the Winter Solstice (Dec 22) to the Spring Equinox (Mar 20). The leader will have his dog, Sunny, with him when weather permits, if you wish to bring your well behaved dog please discuss during registration. Register once and then Show and Go. Have you been a Red Liner and would like to try White Lining or do you simply enjoy winter hiking then consider joining us Tuesday mornings. L Paul Brookes (603-799-4399), R Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

Feb. 6 (Sat). Winter Series Hike #3 - Mt. Pierce, New Hampshire, White Mountains, NH. Join us for the third hike in our 2014 Winter Series, which will bring us above 4,000 feet for the first time this year to the summit of Mt. Pierce with it's panoramic views of the southern Presidentials, Mt. Washington, and beyond. We'll take the historic (mostly protected) Crawford Path and return via the Webster Cliff Trail to the Mizpah Cutoff and then back to the trail-head via the Crawford Path. Full winter clothing and gear, including both snowshoes and micro-spikes (or other light traction devices) will be required. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in the SEM Winter Workshop on Nov. 7th (or equivalent) required. L Maureen Kelly (617-943-4288, mokel773@aol.com) CL Anne Duggan CL Barry Young , R Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net)

Feb. 22 (Mon). (FT) (NM) Full Moon Hike - Borderland, Massachusetts, Southeast, MA. Join us for a full moon hike at Borderland State Park. Hike will be about 4-5 miles at a moderate pace, lasting approximately 2 hours. Moon-rise is 5:34pm. With good weather, we should have nice moon views. Snowshoes may be needed. Please bring \$2 dollar to contribute to permit needed for after-hours hiking if you haven't paid on a prior month. Registration is required for this hike. L Patricia McNally (508-212-0330, pmcnallyma@comcast.net) CL Bob Vogel , R Patti McNally (508-212-0330, pmcnallyma@comcast.net)

Mar. 4-6. Winter Series Hike #4 - Carter Notch Overnight Trip, New Hampshire, White Mountains, NH. We'll return to remote Carter Notch for the final trip in the 2015-2016 SEM Winter Hiking Series. Participants may have an option to stay at the AMC Carter Notch Hut for either one or two nights under our group reservation. At the hut, we'll enjoy camaraderie and group breakfasts and dinners. App. Four mile hike into the hut, with some elevation gain and loss. We'll also offer several shorter hikes from the hut. A warm winter sleeping bag (rated to at least 0 degrees F.) and full winter gear including snowshoes and micro-spikes (or other light traction devices) will be required. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in the SEM Winter Workshop on Nov. 7th required. Preference will be given to those who participated in previous hikes in the series. Clean-up at Coast Guard Beach in Eastham

.....
On Tuesday, February 23, 2016, AMC SEM volunteers helped remove and pile brush for burning at Little Creek parking area. It was a nice cold day in Eastham, MA, but a great day to work up a sweat. In collaboration with Cape Cod National Seashore, AmeriCorps, and Cape Cod Senior Environmental Corps we had over 30 people helping to make this project a success. The AmeriCorp Volunteer Coordinator for the Cape Cod National Seashore, Emily McDermott, even commented on how well AMC SEM volunteers worked. So, a special thank you to all those who volunteered!

If you're interested in participating in events like this, or have event suggestions please contact Joshua Tefft conservationchair@amcsem.org.

Maureen Kelly,
Chapter Chair

chair@amcsem.org

View From the Chair

Hello SEM Members,

I became a hike leader for SEM because it was time for me to give back to my AMC Chapter. My chapter took me paddling with seals, porpoises and seabirds; boating down the Connecticut River to see nesting bald eagles; hiking the White Mountains like I was on top of the world and walking under a full moon with new friends.

With a little nudging from other leaders, I took the plunge to become a leader and I'm so glad I did! Participants really appreciate the trips I lead and I get to see them having fun.

SEM activities are all led by volunteer leaders. They are a fabulous group of people but we need more! You don't have to be able to carry the biggest pack at REI, and you don't have to be able to bushwhack up Mt. Washington. You just have to want to share whatever you like to do outdoors with others; we'll take care of the rest.

Consider this your nudge from me to become an SEM leader and contact [Doug](#) for all the details. **The Leadership Training will be Saturday, April 9 at the Foxboro State Forest** and I will be so happy to see you there.

The Winter Hiking Series Visits Mount Pierce

Story & Photos: Michelle Martinat

On Saturday February 6, the AMC SEM Chapter hiked Mount Pierce as part of their winter hiking series.

After layering up at the Highland center, we slipped on our backpacks and microspikes and headed up the mountain. Skirting along Gobbs Brook, we were dwarfed by snow dusted towering trees. On snow covered planks, we criss crossed over the gently flowing brook.

At a trail junction, we chose the Mizpah Cutoff up to the Mizpah Spring Hut. At the hut, some of us changed from microspikes to crampons. They're an odd cross between a benign adjustable toy roller skate and deadly kung foo fighting foot weaponry. Sharp cat fang teeth menacingly jutt out at the toes. After a hasty lunch break, we began the steep icy ascent to the summit.

Peepholes through trees revealed expansive views to distant peaks. We moved through a luminous landscape silvered with snow and mist. The trees, enveloped with layers of crystals, formed a frozen tunnel our hiking chain meandered through.

As the snow became deeper, the trees became shorter. The summit exposed breathtaking views over valleys and rolling ranges. Deep blue vistas contrasted with frosty trees. Everything was glazed with ice: rocks, trees, pathways, snowfields.

We traversed slowly and carefully down the frozen descent into the forest below. The late afternoon sun cast long shadows across a shimmery forest floor. Throughout the hike, we were captivated with gray jays accompanying us.

Suddenly we saw our base and destination, Highland Lodge, through the branches. Our brisk almost 6 hours / 6 mile adventure had already come to an end.

Skiing

Mar 4-6. XC Ski White Mountains, Intervale, NH, New Hampshire, White Mountains, NH. Can you think of a better way to begin the month of March than XC- skiing in the White Mountains? Join the SEM and Forty Plus chapters on Mar. 4 for 2 nights lodging at the Old Field House in Intervale, NH. Room rates are from \$120 to \$135 per night plus tax and include a hearty breakfast on Saturday and Sunday mornings. Visit their website www.oldfieldhouse.com for a complete description of their rooms and amenities. After registering by phone with the AMC Leader, call the Old Field House at 800-444-9245 to reserve your room. If you don't have a roommate, leader or innkeeper will try to match you up with one or you have the option of paying for a single supplement. We'll ski at Jackson, Great Glen, or Bear Notch - or right out the door on the Intervale trails. Bring your snowshoes, too. The weekend begins with pizza, salad and socializing on Friday night (nominal charge) around 6:30. Bring a snack to share at Happy Hours and your favorite beverage. Space is limited, so reserve a spot soon. L Barbara Hathaway (508-880-7266 before 9pm, barb224@tmlp.net) CL Wayne Cardoza (), R Barbara Hathaway (508-880-7266 before 9 pm, barb224@tmlp.net)

Socials

Apr. 16 (Sat). Take It Outside with AMC 2016, Borderland State Park, Easton, MA, Massachusetts, Southeast, MA. Are you a member of AMC but haven't tried any of our activities yet? Good, because we have an Open House for you! Join us at Borderland State Park in Easton, MA, on Saturday, April 16, 10:00-3:00 for "Take it Outside with AMC 2016" to meet our leaders and try a hike, a family hike, a nature walk, or a bike. All are welcome; bring a friend. We know once you try it, you'll be hooked. Contact Jodi, membershipchair@amcsem.org for more information. Each activity has its own description and registration in the online trip system. Parking fee is \$6/car. L Jodi Jensen (781-249-8346, jodijensen@gmail.com)

Trail Work

Mar. 5 (Sat) (C) (FT) (NM). My First Trailwork!, Borderland State Park, Massachusetts, Boston Area, MA. OK, so you hike all the time... Did you ever wonder how those trails get cleared of fallen branches, why the trees along the trail never seem to stick out into the trail? This is your chance to learn, while taking a hike and doing light trailwork at Borderland State Park. (More experienced trailworkers welcome too!) This will be an approximate 3 hour hike with trailwork as we enjoy this early 'spring' weather. L Bob Vogel (vogel.r@comcast.net), R Bob Vogel (vogel.r@comcast.net)

Happy Trails!

Winter Hiking Series Carter Notch Weekend

By Paul Miller, SEM Hike Leader

The SEM Hiking Committee completed its 2015-16 Winter Series March 4-6 with a three day trip into beautiful Carter Notch in New Hampshire's White Mountains. This season's Winter Hiking Series kicked off with our well-attended indoor workshop in November where we covered clothing, gear, conditioning, and preparation for winter hiking; followed by progressively more challenging hikes in the months that followed. These included a fun jaunt up Mt. Wachusett in December, a somewhat slippery Seven Sisters/Holyoke Range hike in January, and a hike up Mt. Pierce in New Hampshire in February that finally brought the group above 4,000 feet for a real "Presidential in winter," experience.

For the final hike in our annual Winter Hiking Series, we typically do a multi-day, multi-night trip; rotating among the three AMC huts that stay open in winter on a self-service basis. These are the Lonesome Lake Hut in Franconia Notch, Zealand Springs Hut in the Pemi, and the Carter Notch Hut. Since we stayed at Zealand last year, and Lonesome Lake the previous year; it was Carter's turn this year.

While all three AMC winter huts are special places, I'm particularly fond of Carter. I like the way it's situated a few steps away from the two pristine Carter Lakes (actually glacial tarns), with rugged Wildcat Mountain and massive

Maureen Kelly,
Chapter Chair

chair@amcsem.org

View From the Chair

Hello SEM Members,

Welcome to Spring and all the outdoor activities it brings to Southeastern Massachusetts!

Join me on Saturday, April 16 for our second annual Open House “[Take it Outdoors with AMC - 2016](#)” at Borderland State Park in Easton. Sign up for a beginner or intermediate bike ride, a dog-friendly beginner hike or an intermediate hike, a family hike or a Super Hero Hike. Enjoy a free lunch before or after your activity. I would love to meet you and show you all the fun, local activities that we run. AMC does a lot more than just hike the Appalachian Trail - we hike, bike and paddle right here in Southeastern Mass!

See You Outside!

Carter Dome rising dramatically on either side. The huge boulders that comprise "The Ramparts" strewn about the notch add another interesting dimension, as does the immense boulder/viewpoint that still clings high above the Notch, still waiting to make its gravity-propelled descent down from Carter Dome. I like the two rustic bunkhouses, accommodating 20 people each in several smaller bunk-rooms. I especially like the somewhat cramped but cozy stone main hut; the oldest hut in the AMC hut system (now that Madison Hut has been rebuilt). And, in general, I like the remote and timeless feel of the place.

It was great to have the opportunity to share this special place with those Winter Series participants who had never visited the hut before.

The primary goal of the Winter Series is to convey the point that with a little knowledge; the right clothing, gear, and preparation; and a good dose of both planning and common sense - winter hiking can be both safe and very enjoyable. As difficult as it is for the uninitiated to

believe, for many of us, winter is our favorite time of year to hit the trails.

Consider that in winter there are no bugs, more expansive views, less crowded trails, and unparalleled beauty in the quiet, snow-draped woods and mountains. And with the right equipment, the snow-packed trails can also be a lot easier on the knees and ankles than the rugged, jagged rock-strewn trails we often have to negotiate in other seasons up in the White Mountains.

In our winter workshop and for all subsequent winter hikes, we stress that, while not inexpensive, it's important

to be equipped with appropriate winter clothing, insulated hiking boots, good snowshoes, and both pointy light traction devices (such as Micro-spikes or Hill-sounds) and even-pointier 10- or 12-point crampons (Black Diamond, Grivel, Petzel, etc.). This is because you never really know what kind of conditions you'll encounter once you're out on the winter trails. For the winter overnight, it's also important to have a good winter sleeping bag rated down to at least zero degrees F.

The point is that in winter it's far better to have a piece of gear and not need it, than to need it and not have it. This point was well-demonstrated during the Carter Notch trip, since none of us would have made it to the summits of either Carter Dome or Wildcat A on Saturday without the aggressive front points on our real crampons.

While 25 people had initially registered for this trip, due to a number of last-minute cancellations, the final count was nineteen winter hikers, mostly from the SEM, but with several other AMC chapters also represented. We all met at the Nineteen Mile Trail trailhead at the northern end of Pinkham Notch Friday morning promptly at 11:45 am. A quick inspection showed that everyone was well-equipped with appropriate clothing layers, insulated winter boots, snowshoes, micro-spikes, crampons, and our heavier-than-usual winter backpacks.

At the trailhead, we divvied up the group food (conveniently packaged into more-or-less equal sized three-to-four pound parcels by our meal organizer for the weekend, Sal Spada), signed the AMC release form, and "circled up" to introduce the leaders (Maureen Kelly, Wayne Anderson, Mike Woessner, Dexter Robinson, Barry Young, Paul Brookes, Peggy Qvicklund, and myself). After everyone else introduced themselves and we made the usual introductions and discussed the usual protocols for the hike, we hit the beautiful Nineteen Mile Brook Trail for the mostly uphill, 3.8-mile hike into the Carter Hut. This trail largely follows the swiftly flowing Nineteen Mile Brook, crossing it several times on rustic bridges before making the climb up to the saddle on the ridge that connects Wildcat A with Carter Dome. The trail then drops down steeply to the two Carter Lakes and the hut itself. Since the trail was nicely snow-packed with only a few icy spots, our micro-spikes provided adequate traction for this part of the trip.

While weighed down by our 35- to 40-pound backpacks, everyone in the group hiked strong and did great. As has been the case for the entire Winter Series, the group was relatively well matched and kept together nicely. While we certainly didn't break any speed records (and

Photo by Dexter Robinson.

were'n't trying to...), we arrived at the hut with plenty of daylight left to be able to claim our bunks, lay out our sleeping bags, and explore the area. As previously planned, prior to our pre-dinner "happy hour" in the main hut, Dexter provided us with a brief tutorial on the history, use, and care of crampons. In combination with the on-slope training sessions he provided Saturday morning after breakfast, this really came in handy for the two subsequent hikes that day, particularly for those participants who had never used real crampons before.

For our pre-dinner happy hour, those who cared to partake broke out their wine or other alcoholic beverages and Peggy laid out several scrumptious plates of cheese, crackers, and other goodies for the group to enjoy. For dinner, Sal supervised the preparation of his hearty and tasty bean soup (available with or without ham) with fresh-baked cornbread on the side. This was followed by desserts prepared by Paul B. and Maureen. I don't believe that anyone went to bed hungry that night, which was a good thing, since the overnight temperatures dropped down into the single digits. This certainly was not the coldest night we've encountered for our Winter Series overnight trips, but it was far from tropical!

Saturday morning dawned bright and brisk, with a fresh layer of snow blanketing everything. After a hearty breakfast of coffee, pancakes, syrup, ham (you'll notice a pattern starting here...), and hardboiled eggs, Dexter brought a couple of groups outside for a little on-hill crampon training. Then we broke up into two groups for our Saturday hikes. As planned, Dexter, Wayne, and Mike led a small group up Wildcat A and B; and Maureen and I, with Barry, Peggy, and Paul B's assistance, led a larger group up to the summit of Carter Dome.

Volunteer of the Month

Joe Tavilla

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have wonderful people give their time, energy and resources to make our chapter one of the best. This month we recognize Joe Tavilla from the Biking Committee.

Joe has been leading AMC rides for years. His rides always have large attendance.. His demeanor is smooth and calm. The ride locations are not only beautiful, but also contain some historic stories. He is a true leader. Thank you, Joe, for your time and commitment!

Joe will receive a Volunteer of the Month Certificate and a \$50 gift card.

While I had “advertised” Carter Dome as being the less-challenging of the two hikes, that didn’t turn out to be the case due to the very icy conditions on this always-steep section of the Carter Moriah Trail that climbs from Carter Notch at 3,288 feet up to the 4,832-foot high summit of Carter Dome. It’s obvious that we never would have made it up to the summit without judicious use of the front points on our full crampons. We had initially considered also hitting the summit of nearby Mt. Hight, which promised even better, 360-degree views. But after eating a quick lunch and enjoying the excellent views of Mt. Washington and the Northern Presidentials from Carter Dome, we assessed the situation and decided not to go any further due to the time of day (2:00 pm) and the anticipated trail conditions (icy). Instead, we headed back down to the hut (or, as Alan Greenstein so glibly put it, we “made a controlled retreat.”)

Dex and his group had also tentatively planned to follow the Wildcat Ridge Trail past the 4,422-foot summit of Wildcat A, perhaps all the way to Wildcat D before returning. However, due to the slow going due to the challenging conditions, Dex’s group also decided to turn back after enjoying the fine views from Wildcat A and then hitting the somewhat anti-climatic summit of nearby Wildcat B.

While we were anticipating a challenging descent down from Carter Dome, the ice had softened up a bit in the sunlight, making the trail a bit easier to negotiate. Dex and few others from his group met us partway down and then joined us for the rest of the trip back to the hut.

We got back down to the hut just as James, the amiable AMC caretaker, was lighting the fire in the wood burning stove in the main hut. This made it nice and cozy for our Saturday evening happy hour. By this time, however, the hut was starting to get a bit crowded (but convivially so) with the arrival of another large AMC group from the Boston Chapter and several other smaller groups of non-affiliated winter hikers.

Continued on page 6

Photo by Dexter Robinson.

Sal's chili dinner that night was memorable, mostly because it was so spicy that it made almost everyone's eyes tear on first taste and sent us lunging for our water bottles. While some succeeded in tempering the spiciness by mixing judicious quantities of fresh-baked cornbread into the chili; many of us made do with the cornbread and ham (yup, that again), followed by the yummy deserts, which helped purge our scorched palettes of the taste of the chili. (Sal insisted it tasted fine to him...).

Dexter Robinson

After dinner and some more socializing, many of us headed up to our bunk-rooms to turn in early for evening. With the temperatures only dropping into the teens that evening, it was relatively balmy in our zero degree sleeping bags.

Sunday morning once again dawned bright and brisk. After another hearty breakfast of coffee, oatmeal, hardboiled eggs, and ham (which I finally gave up upon at this point...), we cleaned up the kitchen, packed up our things, swept the snow out of our bunk-rooms, and hit the trail for the return hike to the trailhead. Other than the short initial climb up to the ridge, it was mostly gently downhill on the Nineteen Mile Trail back to the trailhead on Rte. 16. The gentle trail conditions combined with our somewhat lighter packs, made for a quick and easy hike out. Everyone arrived back at the trailhead in good shape and with smiles on their faces.

This was a great group of hikers - a nice mix of relative newcomers to winter hiking with many from our regular crew. Everyone got along great and hiked well and safely all weekend long, even when faced with the challenging hiking conditions on Saturday (not to mention surviving Sal's chili!). Best of all, we lucked out with real winter conditions and three days of clear, sunny skies. All in all, that's about as much as you can ask for.

Dexter Robinson

AMC Trip Talk Video Contest Winner!

Chapter member Barbara Gaughan won the AMC Trip Talk Video Contest. She was ably assisted by fellow chapter member Jeff Hyman who taped [her talk](#). The video will serve as a training tool for new and existing leaders. An AMC lodging gift certificate was awarded to Barbara for her winning entry.

Calling Volunteers to Work for Wildlife

Mass Audubon is hosting its annual Statewide Volunteer Day on Saturday, April 30, 2016

Join Mass Audubon for a day of family fun as they spruce up trails, gardens, and nature centers and dive into other spring cleaning projects. See their list of participating wildlife sanctuaries for [more details and sign up](#) today.

NOTE: AAA Bicycle Benefits Page

The AMC SEM biking site has a highlighted link to the AAA Bicycle Benefits page. The AAA page uses a GPS locating system that automatically knows where you are at the time you search for services. For example: if you're in Florida at the time you login, it automatically sends you to the Florida web site.

Not all AAA locations have bicycle service. It seems to be available in the Northeast.

New Year's Day Riders. Photo by Bernie Meggison.

Mts. Crawford and Willard, March 5 & 6, 2016

Words & Photos by Len Ulbricht

This year, on Barbara Hathaway's annual first weekend in March XC ski/snowshoe weekend to Intervale NH, a few of us chose to hike Mt. Crawford on Saturday and Mt. Willard on Sunday. We had a brilliant blue sky, temps in the low 30s and negligible wind, perfect weather. The snow was not feet deep but inches deep (about 6-10) so we chose to hike with micro-spikes. Though mostly snow packed and a few icy spots, Crawford was an easy 5 mile round trip and Willard an even easier 3 miler, yet each had magnificent views. Crawford gave us Mt Washington and the Southern Presidential ridge line and Willard the wow of Crawford Notch. With comfortable accommodations and breakfasts at The Old Field House, engaging socializing with 21 participants, this was yet another do again winter weekend. Thank you, Barbara.

Ryder Conservation Area/Lowell Holly Reservation Hike March 13, 2016

Contributed by Len Ulbricht

Twenty three hikers enjoyed a beautiful day on the Cape in the low 60's with bright sunshine. We hiked along woodland trails, cart paths, and vistas adjacent to the shorelines of Wakeby and Mashpee Ponds. Portions of the area are undisturbed while others have been planted with holly, rhododendron, and mountain laurel.

AMC Southeast Mass. Chapter Invites All To "Take It Outdoors"

Free open house event at Borderland State Park
Saturday April 16, 2016 from 10 AM to 3 PM

The Appalachian Mountain Club (AMC) Southeast Massachusetts Chapter is holding its annual "Take it Outdoors" open house event at Borderland State Park in Easton, MA. The event will feature a variety of fun outdoor activities, including beginner and intermediate hiking and cycling, a family hike, naturalist and conservation programs, and free lunch for participants.

This popular annual event is targeted at individuals and families who would like to become more active outdoors and meet like-minded people. It also provides an opportunity to learn more about the AMC Southeast Mass. Chapter, which offers hiking, biking, cycling, paddling, and skiing activities for newcomers and experienced outdoorspeople alike.

Questions about Take it Outside with AMC? Email Jodi at membershipchair@amcsem.org or visit www.amcsem.org.

Biking

Apr. 16 (Sat) (FT) (NM). Take It Outside w/AMC 2016 - Beginner Bicycling, Borderland State Park Visitor Center, Easton, Massachusetts, Southeast, MA. Bicycling has all sorts of health benefits and it's FUN! This 10-12 mile BEGINNER ride on flat, gently rolling, quiet, secondary roads will be at a relaxed, stay-together pace. Bike in good working condition. Tires pumped. Helmets and water mandatory. Free lunch provided. Parking \$5/car. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net) CL Joe Tavilla (silverski6184@comcast.net), R Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net)

Apr. 16 (Sat). Take it Outside with AMC 2016 - Intermediate Biking, Borderland State Park, Massachusetts, Southeast, MA. The areas around Borderland are beautiful. We will ride at an intermediate pace 11-13mph. This 12-15 mile intermediate ride on flat, rolling hills, and a moderate hill or 2. Bike in good working condition. Tires pumped. Helmets and water mandatory. Spare tube a good idea. Free lunch provided. Parking \$5/car. L Cheryl Washwell (cawashwell@gmail.com) CL John Adams

Jun. 5 (Sun). Westport-Dartmouth Ride, Massachusetts, Southeast, MA. Join us for a 25-30 mile ride past lovely scenery (farms, beaches) in Westport & Dartmouth. Some parts are hilly. Moderate (15 mph) pace. Call leader to register. L Jeannine Audet (508-493-8221 weeknights after 7:00 pm, weekends anytime, milmod@aol.com) CL Jodi Jensen

Conservation Volunteer Opportunities

Apr. 16 (Sat) (C) (FT) (NM) . Take it Outside with AMC 2016 - Super Hero Clean-up hike, Borderland State Park (main building), Massachusetts, Southeast, MA. Do your children like super heroes? Have they ever wanted to become a super hero? Well now is their chance! Come by AMC SEM's Open House event at Borderland State Park and help take on the super villain...Litter. Children 5-12 years old, come dressed as your favorite super hero, or wear a costume of your own design. Parents or legal guardians will be sidekicks, and will be responsible for picking up litter super heroes spot. After our mission there will be free lunch! Contact Joshua Tefft, Conservation Chair for more details and to register. *Borderland Parking Fee (\$5 per car). L Joshua Tefft (conservationchair@amcsem.org) CL Karen Singleton , R Joshua Tefft (conservationchair@amcsem.org)

Education

May 14 (Sat) (AN). Wilderness First Aid Two Day Training Course, Foxboro Recreation Department Rec Hall, 68 Mill Street, Foxboro, MA 02035. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. L Douglas Griffiths (508-758-4315 After 6 PM, RedDougG@aol.com)

Hiking on The Cape

Apr. 14 (Thur). Brewster - Nickerson State Park - part#2, Brewster, Massachusetts, Cape Cod, MA. Hike the trails in the back area of the park around ponds and in wooded areas. Meet at 9:45 at Fisherman's Landing. Enter Park of Rte 6A. Stay on Main road 2.8 mi. to dirt road pkg area on left. L Janet DiMattia (jandimattia@verizon.net)

Activities

Apr. 23 (Sat) Hike Falmouth Moraine, Falmouth MA, Massachusetts, Cape Cod, MA. This nine mile, 5 hour hike along the moraine trail in Falmouth is a one way hike. We'll pass through heavily forested areas on steep hilly trails. The beauty of Long Pond, Falmouth's water supply, will keep us company during our journey. There will be a stop for lunch and separation breaks during the hike. Meet at Goodwill Park at 9:30 sharp to carpool to the start. Not a beginners hike! Sturdy, broken in hiking boots are a must. Dress in layers. Bring plenty of water, snacks /lunch, sunscreen. Be aware that poison ivy is abundant alongside the trails. This is a known Tick habitat. Repellent is strongly recommended. Registration is required. Rain cancels. L Catherine Giordano (508-243-3884 before 9 pm, cmgiordan@msn.com) L John Gould (508-540-5779), R Cathy Giordano (508-243-3884 before 9 pm, cmgiordan@msn.com)

Apr. 24 (Sun) Hike- Maple Swamp Sandwich (C3C), Service Road, East Sandwich between exit 3 & 4, Massachusetts, Cape Cod, MA. Meet at 12:45 PM for 1 PM start. This hike requires hiking steep inclines and down hills not for beginner hikers. From Rte 6 take exit 3 Quaker Meetinghouse Rd and turn S. Take 1st left onto the Service Rd. Entrance to Maple Swamp is just beyond Mill Lane. L Jane Harding (508-833-2864 before 9 PM, janeharding@comcast.net)

Apr. 28 (Thur) Hike - Bourne 3 Sisters (C3C), Massachusetts, Cape Cod, MA. This hike has almost continuous rolling hills on woodland paths with trails around an adjacent bog. Views of Back River from the Leary property. Moderate pace required due to multiple turns in the trail. L Robin McIntyre (508-789-8252 Before 9:00 p.m., robinmcintyre@comcast.net)

May 1 (Sun) (FT) (NM) Hiking: Quashnet River, East Falmouth/Mashpee (C3C), East Falmouth / Mashpee, MA, Massachusetts, Cape Cod, MA. Spend 2 hours on a May Day afternoon walking in a small valley along a stream. May see some herring and trout. Meet at 1245 for 1300 start. Rain cancels, but phone or email leader if any doubt. L John Gould (508-540-5779, jhgould@comcast.net)

May 5 (Thu) Harwich - Hawksnest State Park, Harwich, Massachusetts, Cape Cod, MA. Woods walk on trails and dirt roads. Meet at 9:45. Exit 11 from Rte 6. Spruce Rd is diagonally across from exit. Park approx. 1/2 mile on edge of road. L Janet DiMattia (jandimattia@verizon.net)

May. 8 (Sun) Hiking: Santuit Pond and River (C3C), Mashpee, MA 02649, Massachusetts, Cape Cod, MA. Water views, woodland trails. Field with Bird's Foot Violets in bloom --Hopefully! Directions: Rte.6, Exit 5. South on Rte. 149 to Rte. 28, R on Santuit-Newtown Rd. for 0.8 mile to yellow gate and parking lot on left. Meet 12:45pm for sign-in. 2hr. hike starts at 1pm. L Nancy Wigley (508-548-2362, nrwigley@verizon.net)

May 12 (Thu) Hike - Bourne Town Forest (C3C), Massachusetts, Cape Cod, MA. This 4.8 mile hike is through rolling forest trails, mountain bike paths, fire cut lines, and along the edge of Bourne 4 Ponds. Several moderate hills. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net)

May 19 (Thu) Hike - Long Pond, Falmouth, Falmouth Town Forest, Winn Rd. Falmouth, MA, Massachusetts, Cape Cod, MA. Traverse through Falmouth's Town Forest on rolling wooded trails. Enjoy scenic views of Long Pond, a kettle pond formed at the edge of the glacial moraine. Sturdy shoes, plenty of water, sunscreen, and tick repellent are strongly recommended. The Cape is a known tick habitat! Poison ivy is also abundant in the woods and along the sides of the trail. You may consider wearing long pants. Meet at 9:45 AM to begin the hike promptly at 10 AM. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

Thursdays in April, May, June, July & Aug. Red Line the Blue Hills (FT) (NM) - Hiking, Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8pm every Thursday night. Register once then show-n-go. L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com) L Michael Swartz (swartz@brandeis.edu), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

Thursday Mornings in April, May: Morning Hike (C) (FT) (NM) (AN) - Wollomonopoag Conservation Area, Wrentham, MA, Massachusetts, Southeast, MA. Thu., April 14 Wollomonopoag Conservation Area, Wrentham, MA. Meet 10:00 am in Conservation parking lot off of Elysium St. Bring water, snack or lunch & sturdy footwear. Rain cancels. L Muriel Guenther (508-699-7461 before 9:00pm mguenther@comcast.net). B3C. L Muriel Guenther (508-699-7461 Before 9:00pm, murielguenther@comcast.net)

Apr. 16 (Sat) (FT) (NM) Take It Outside with AMC 2016 Beginner Hike @ Borderland State Park, Borderland State Park, Massachusetts, Southeast, MA. Don't just read these listings, come hike with us! This hike is designed to introduce new members (and potential new members!) to hiking with the Southeastern Mass Chapter of AMC. We will hike the relatively flat, narrow, winding, back trails at Borderland (not just the wide, flat loop around the ponds.) During the hike we will also take some time to talk to you about the clothing and equipment needed, both for local hikes, as well as for hiking in the White Mountains of New Hampshire. Plus, hopefully, we will be able to explain why we have had so much fun hiking with SEM/AMC! Please bring: Water, and a rain coat if the weather looks iffy. More info will be provided when you register. Hike will finish by noon, and a free lunch will then be available at the visitor Center. Note there is a \$5 (MA registered cars) or \$6 (others) parking fee at Borderland. L Bob Vogel (vogel.r@comcast.net) L Ellen Correia (ellencorreia@gmail.com), R Bob Vogel (vogel.r@comcast.net)

Apr. 16 (Sat) (NM) Take it Outside with the AMC 2016 Intermediate Morning Hike at Borderland State Park, Borderland State Park, Easton, MA, Massachusetts, Southeast, MA. An intermediately paced 4-5 hike through the upper quarry area of Borderland State Park. After the hike a free lunch will follow. There is a parking fee of \$6 dollars. L Sue Chiavari (508-496-6452 7-9PM, brillo6452@yahoo.com) L Nancy Coote (508-596-8222 7-9PM)

Apr. 16 (Sat) (FT) (NM) Take It Outside with AMC 2016 Borderland Open House Family Hike, Borderland State Park, 259 Massapoag Ave., North Easton, MA, Massachusetts, Southeast, MA. Join us for a 1 1/2-2 hour Family Hike, approximately 2 miles, at a very do-able pace, on some of the beautiful trails at Borderland. A great way to introduce kids to the joys of hiking. Free lunch for all participants. Hike leaves from the Visitor Center; arrive earlier for lunch. Parking fee per car \$5. L Jeannine Audet (508-493-8221 Weekdays after 6:00 pm, weekends any time (if any questions), milmod@aol.com) L Sui-Wen Yang (linsuiwen@verizon.net)

Apr. 16 (Sat) (FT) (NM) Take It Outside with AMC 2016 SEM's Open House Beginner Hike (pet friendly) @Borderland State Park, Borderland State Park, Easton, MA, Massachusetts, Southeast, MA. Join AMC Southeastern Mass (SEM) Chapters Open House event at Borderland State Park for a group hike. This beginner/first-timer and pet-friendly hike is geared towards new AMC members (and potential new members) who are new to hiking. Get up your energy and meet other new members with a free pre-hike lunch followed by a one to two hour hike around some relatively flat, winding back trails at Borderland. The leader will have his friendly dog, Sunny, with him on-leash and other well-behaved pets are welcome to join us for an on-leash walk. We will hike at a slow pace for our dogs to smell the scents and so we can enjoy the trail. During the hike we can, if you wish, talk about what clothing and equipment can be helpful for local hikes. Please bring at least 1 liter of water and discover that the AMC is far more than just hiking the Appalachian Trail. Note there is a parking fee at Borderland, it is \$5 for MA registered cars or \$6 (for others). L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com)

Apr. 16 (Sat) (NM) Take It Outside with AMC 2016 Intermediate Afternoon Hike, Borderland State Park, Massachusetts, Southeast, MA. Join AMC Southeastern Mass (SEM) Chapter open house event at Borderland State Park for a group hike. This intermediate hike will traverse parts of the Bay Circuit Trail (BCT) as well as some of the lesser traveled trails in Borderland and wind up along the scenic ponds back at the visitor center. Join us for a free pre-hike lunch at the visitor center for an energy boost and meet some of your fellow hikers. During the hike feel free to ask the leaders any questions you may have about hiking (clothing, equipment, nutrition, etc.). Please bring one liter of water and wear sturdy shoes. There is a five dollar parking fee per car. L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net) L Dexter Robinson (dexsue@comcast.net), R Barry Young (Barry.young@comcast.net)

Activities

Apr. 17 (Sun) North South Trail Hike, East Beach Road, Charlstown, RI, Rhode Island, RI. Join me on the first of a ten hike series that will traverse the 72 miles of rolling hills and farmlands along the "North South Hiking Trail" in western RI. This section N/S#1, will be 9 miles long starting at Blue Shutter Beach at waters' edge, through Burlingame State Park, to Burdickville Road. Registration is required. Complete info will be provided by email upon registering. L Fred Wason (508-838-6049, fmwason@gmail.com)

Apr. 18 (Mon.) Borderland Family Hike! Borderland State Park, Massachusetts, Southeast, MA. April Vacation. What activities are there to do with kids? Why not bring them to Borderland State Park and go on a 2 hour guided hike with them? AMC Leaders will take you for a walk through the winding trails through the woods, as well as along the wider 'roads' around the pond. Suitable for energetic school age children and their parents. (Strollers won't work on these paths!) We'll talk about hiking, give you information about local hiking, and hiking in New Hampshire, and generally be available to answer hiking related questions. Note: My sons both climbed their first NH 4000 foot mountain at aged 5.. kids can do great things. (Of course keeping up with them is your problem!) Come enjoy the woods. (Note: There is a parking fee at Borderland, \$5 MA cars, \$6 out of state cars.) Meet at Visitor Center. See Borderland info at: <http://www.mass.gov/eea/agencies/dcr/massparks/region-south/borderland-state-park.html>. L Bob Vogel (vogel.r@comcast.net) L Joe Keogh (jpkeo24@gmail.com) CL Paul & Louise Anthony

Apr. 21 (Thu) (FT) Thursday Morning Hike - World's End (C3C), Hingham, MA, Massachusetts, Southeast, MA. World's End (C3C). Meet at 10am, \$6 pp non-Trustees members. Moderate 4-5 miles. Explore unique peninsula in Boston Harbor, stunning views, hilly, carriage ways, rocky paths, could be muddy sections. Wear layers, wind protection, good shoes suitable for weather and conditions. Bring water, snacks/lunch. Directions at <http://www.thetrustees.org/places-to-visit/greater-boston/worlds-end.html>. L Eva Borsody das (781-925-9733, borsody@gmail.com)

Apr. 23 (Sat) Woodland End2End Hike in the Blue Hills (Sat), Blue Hills, Massachusetts, Southeast, MA. Have you ever wanted to do the Blue Hills Skyline End2End but were not sure if you were ready for the hills or do you simply prefer the woods to the summits? This hike skirts around all the summits and sticks to the wooded lowlands. It's perfect distance training for the Skyline End2End (which is shorter but hilly) or to be enjoyed in its own right. The Skyline End2End is the following Saturday (April 30). We will hike from the Northernmost end of Fowl Meadow in Canton to Shea Ice Rink in Milton, stopping at Houghtons Pond for a leisurely lunch (and to refill our water). The total distance is 11 miles but the pace will be on the slower side of moderate (1.5 to 2 mph) ideal for hiking and chatting at the same time. The terrain is mostly flat and well-maintained trails. Since we are keeping to lowlands, heavy rain or flooding will cancel. The leader will have his well-behaved dog with him, Sunny. If you wish to bring your dog, please discuss during registration. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com) L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com) L Joe Keogh (jpkeo24@gmail.com) CL Pat Achorn (plachorn@me.com), R Pat Achorn (781-784-8983, plachorn@msn.com)

Sat., Apr. 30. Blue Hills Skyline End-to-End Hike, Blue Hills Reservation, Braintree and Canton, MA, Massachusetts, Southeast, MA. This most challenging of Blue Hills hikes is an SEM chapter favorite! We'll follow the Skyline Trail from the Shea Rink in Braintree to the end of Royal St. in Canton, hitting all the major hills in the expansive Blue Hills Reservation. Relatively rugged approximately 8.5 mile hike. Sturdy hiking boots and strong legs required! L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net) L Paul Miller (paulallenmiller@verizon.net), R Barry Young (Barry.young@comcast.net)

May 1 (Sun) (FT) (NM) F. Gilbert Hills Hike, F. Gilbert Hills State Forest, 45 Mill St., Foxboro, MA 02035, Massachusetts, Southeast, MA. Join us for a 5-6 mile hike along the beautiful trails in F. Gilbert Hills Forest. Pack lunch for a picnic afterward. Call leader to register. L Jeannine Audet (508-493-8221 Weeknights after 7:00 pm, weekends anytime, milmod@aol.com) CL Claire MacDonald (781-582-0316 Between 8:00 am and 10:00 pm, cfmacdonald@hotmail.com), R Claire MacDonald (781-582-0316 Between 8:00 am and 10:00 pm. Be sure to leave a message., cfmacdonald@hotmail.com)

May 7 (Sat) (FT) (NM) Introduction to Hiking and Backpacking Workshop, Foxboro Recreation Hall, 68 Mill Street, Foxboro, MA. F. Gilbert Hills State Park, Massachusetts, Southeast, MA. New to hiking and backpacking? Not sure where to start? Come join SEM leaders to learn all that you need to know to get outdoors and start hiking. The morning session (9-12) will focus on appropriate clothing, footwear, backpacks, nutrition and hydration, physical conditioning, and much more. The afternoon session (1-4) will focus on tents, sleeping bags, stoves, cooking, how to pack your backpack and Leave No Trace. A variety of gear will be demonstrated. Lunch will be provided. This workshop will prepare you to come join the day hikes and backpacking trips that the SEM Chapter will be offering this summer. L Leslie Carson (508-833-8237 Before 9:00 pm, lrc929@comcast.net) L Bob Vogel (vogel.r@comcast.net)

Jun. 18 (Sat) Hike Mount Carrigain, Mount Carrigain, Livermore N.H., New Hampshire, White Mountains, NH. Hike Mount Carrigain (4,700"). From the Parking lot on Sawyer Rd in Livermore N.H. we will hike 1.7 miles on Signal Ridge trail to a junction with the Carrigain Notch Trail. Bear left and continue to hike Signal Ridge Trail for 3.3 miles. There will be a fire tower with a 360 degree view waiting for us at the summit. Eat lunch, bask in the views, take some

Activities

photos, then retrace our steps back to the parking lot. Easy for the first two miles, the trail then progresses to a moderate hike for the remaining 3 miles. Milage is 10.16 miles with an elevation gain of 3,712'. the code would be A-3-B/C. L Ken Carson (508-833-8237 4pm-6pm, kcciii@comcast.net) CL Leslie Carson (508-833-8237 before 8:00pm, LTC929@comcast.net)

Jun. 24-25 (Fri & Sat) (AN) Hike Cannon and the Kinsmans, New Hampshire, White Mountains, NH. Summit three 4000 footers over two days. Hike Cannon on Friday and the Kinsmans on Saturday with one overnight at Lonesome Lake hut. Soak up the beauty of Franconia Notch and a summer evening by Lonesome Lake. Bring your camera. Strenuous with significant elevation change. For experienced hikers. Register with leader by May 7. L Len Ulbricht (lenu44@gmail.com) CL Anne Duggan (abduggan12@gmail.com), R Len Ulbricht (lenu44@gmail.com)

Jul. 8-10 (Fri & Sat) (AN) Carter Notch Hike Weekend, Carter Notch, New Hampshire, White Mountains, NH. We'll hike into Carter Notch Hut from the south on the beautiful Wildcat River Trail, spend the night at the hut, then summit Carter Dome and return via the Rainbow and Bog Brook Trails. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net) L Peggy Qvicklund , R Peggy Qvicklund (qvickan@comcast.net)

Jul. 16 (Sat) Loop Hike the Osceolas, New Hampshire, White Mountains, NH. Loop hike Osceola (el. 4340 ft.) and East Osceola (el. 4156 ft.). We will hike in on the Greeley Ponds trail (recently restored from Hurricane Irene damage), by the Greeley Pods Scenic Area to the Mt. Osceola trail, hike up and over the two Osceolas, and hike out to cars spotted on Tripoli Road. Hike distance is 9.9 miles, total elevation change 2700 ft., and estimated hike duration 8 hours. This is a strenuous hike for experienced hikers only. Consider joining the leaders to hike the Hancocks the next day, Sunday July 17. Register separately for each hike. L Len Ulbricht (lenu44@gmail.com) CL Ken Carson (kcciii@comcast.net), R len ulbricht (lenu44@gmail.com)

Jul. 17 (Sun) Loop Hike the Hancocks, Mount Hancock, New Hampshire, White Mountains, NH. Loop Hike North Hancock (4,420') and South Hancock (4319'). We will hike in across the street from the Hancock Overlook, on the Hancock Notch Trail. Then a small trek on the Cedar Notch Trail will have us arrive at the Hancock Loop Trail. The distance between both summits is 1.5 miles. Hike distance is 9.8 miles. Elevation gain is 2,700' This is a moderate hike for experienced hikers. Hopefully, hikers will join the leaders into making this a joint adventure hiking the Osceolas on Saturday and the Hancocks on Sunday. Register for each hike separately. L Ken Carson (508-833-8237 4pm-8-pm, kcciii@comcast.net) CL Len Ulbricht (lenu44@gmail.com)

Aug. 4-7 (Thu., Fri, Sat., Sun.) (AN) Hut-to-hut Hiking the Southern Presidentials, New Hampshire, White Mountains, NH. Multi-day hike of the southern Presidentials. Summit Webster, Jackson, Pierce, Eisenhower, Monroe and Washington. Stay at AMC huts. This section of the AT mostly above tree line. Strenuous with significant elevation gain and distance. Restricted to conditioned hikers with 4000 footer summiting experience. Latest date to register is June 24. Expected to fill much earlier. L Len Ulbricht (lenu44@gmail.com) CL Anne Duggan (abduggan12@gmail.com), R Len Ulbricht (lenu44@gmail.com) Socials

Woodlands End-to-End Hike

.....
By Paul Brookes, SEM Hike Leader
.....

On a wet and cloudy Saturday in April, twenty-one hikers and a dog met to hike the Blue Hills from end to end. The chosen trails skirted around all the summits and stuck to the wooded lowlands. This was the first year of what may become a new annual tradition in SEM, the Woodland End-To-End.

The hike was held the week before the Skyline End-To-End, and was perfect distance training for some in the group that were preparing for next weeks' Skyline hike (which was shorter but hilly).

The group met at Shea Ice Rink and loaded their gear and themselves into as few cars as possible where we car-pooled over to the small parking pull-off at the Northernmost end of Fowl Meadow in Canton. Since there is not much parking space here we kept most of our cars at the larger capacity Shea Parking and hiked back to our cars.

After arriving at Fowl Meadow, we circled around Paul Brookes to hear the plans for the day and risks inherent in hiking; we also went round and introduced ourselves to one another. Trailhead logistics complete, Paul led us out of the parking area and, with Cathy MacCurtain and Pat Achorn sweeping, we set off down the Burma road in Fowl Meadow.

Soon we arrived at a bisecting path where we approvingly inspected the bog bridge that Sal Spada built in 2015 as part of his Eagle Scout project. Here Maureen Kelly took a group photo proving that the bridge was sturdy enough to hold us. Paul's

View From the Chair

Hello SEM Members,

May is here! The flowers are blooming and the birds are singing. It's time to get outdoors, breathe the fresh air and savor the sunshine. Our fabulous leaders have activities waiting for you and I want to make sure that you know where to find them. Here's how.

Go to our SEM homepage: www.amcsem.org

Easiest - under "This Week's Activities" click on "hikes, bikes, paddles"

One committee's trips - Click the "Schedules" tab on the top of the page and choose any committee to view their trips.

To learn about SEM - Read our newsletter The Breeze with the list of trips in the back - link is top left

See you outdoors!

Woodlands End-to-End, continued

yellow Lab is seen departing the bridge as rolling in the mud seems like more fun to his dog brain.

Youth from the Civilian Conservation Corps during the great depression built the Eliot & Chickatawbut Towers and the first ski runs in what is now the Blue Hills ski area. It's inspiring to see the conservation tradition running unbroken (albeit somewhat frayed) all the way to Sal and his Eagle Scout project.

After crossing Sal's bridge, Paul (foolishly?) decided to test whether skunk cabbage lived up to its name. Carefully tearing a small piece of leaf, breaking a vein, suddenly we were inundated with the most obnoxious smell. Having proved the cabbage was aptly named we agreed that this was an experiment that did not need repeating.

Suddenly the trees ended and we found ourselves on a long, straight but abandoned strip of asphalt leading to the junction of Interstates 95 and 93 in the distance. We stopped and different members in the group explained the history behind this strange and disturbing site.

The original Department of Transportation plans called for I-95 to run through downtown Boston. However, due to pressure from local residents, all proposed Interstate Highways within Route 128 were canceled in 1972 by Governor Francis Sargent with the exception of Interstate 93 to Boston.

With appreciation for Sals conservation work lingering in our thoughts Paul proposed that this too is conservation at work but in its activist form.

We head up the abandoned interstate to arrive at the Westernmost terminus of the Skyline trail. Following a short section of the Skyline we came upon Green Street, which rarely sees a car. Here Paul reviewed how he would like us to cross the later busy streets as a group both quickly and safely. We saw a strange pantomime as Paul purposely strode into the completely deserted street, raised both hiking poles high above his head to stop the non-existent oncoming cars and exhorted us to cross quickly.

We headed into the Little Blue Hill section of the Reservation and before long were crossing one of the busier roads, Rt 138. Now after a short climb we headed along the Accord Path circling the base of Great Blue Hill, a 460-million-year-old dome of granite porphyry, to arrive at the beaches of Houghton's pond.

Since there was drizzle in the air we gathered at the sheltered picnic tables under the concession stand along with a number of other groups and individuals (this being the week of spring break).

The owner of the concession-stand, salivating over another large group of potential customers (or perhaps he had just

been cooking) exhorted us to try his delicious hot soup, shepherd's pie or meatball subs. Unfortunately for him, and for us, most of us did not have our wallets with us. We reverted to our packed cold lunches and he returned to his kitchen.

We enjoyed a chance to sit down, chat facing one another and devoured our homemade food. During lunch, the rain stopped and the sky started lightening. Paul pulled out a large bag of chocolate goodies to share with the group and then, before our muscles got too settled, lunch was done. Picking up our slightly lighter packs (due to having eaten the lunch food), we headed over to the Visitors Center to stand in line (remember spring break), used the indoor restrooms and refilled our water. Our lighter packs were now heavier.

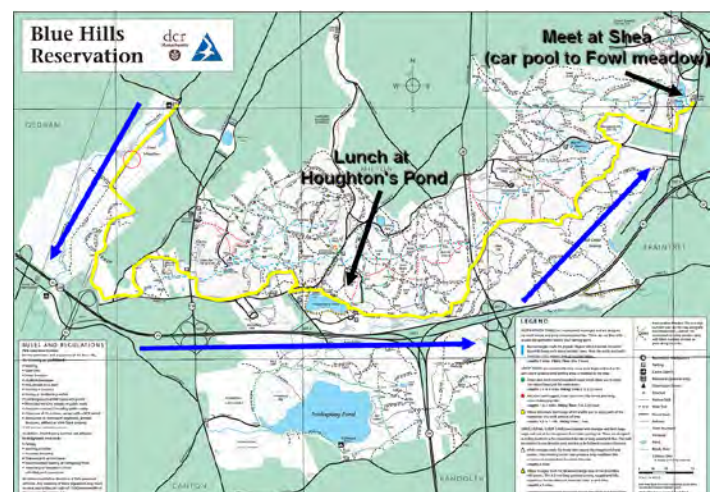

Leaving the 25-Acre glacial pond behind we walked along a mile or so of an abandoned portion of the original Rt 128 stopping to observe a stunning example of pudding stone.

After crossing RT28 we were now headed into the Chickatawbut section of the reservation. This section is darker, quieter and less travelled than the Houghton's pond section and we settled into a steady rhythm.

Some of us were starting to tire and for most of us this was our longest hike so far this season, the total length of our hike being 12 miles. We slowed the pace and stopped more often for people to recuperate, drink water and grab a snack. Once again we settled into a steady rhythm and soon we found ourselves passing by a graveyard on our right and then the man-made St Moritz ponds on our left. These signs of civilization are our indication that our cars are waiting for us over a slight rise.

A little over 6 hours after we left Fowl Meadow we were back at our cars. We gathered in a circle to congratulate one another and offset our tired feet with proud accomplishment. We all agreed that the hike was a great success and decide that the 'Woodland End2End' should become an annual tradition.

An enjoyable day was had by all!

Trailwork – What is it really? How can I get involved, and Why should I?

By Bob Vogel, Photo Credit: Barry Young

When we think of trailwork perhaps each of us gets a different mental picture. Some, that are deeply involved in Trailwork may think about building bog bridges, re-routing trails around eroded areas, or installing culverts. Maybe they think about the White Mountains, and maybe they took part in an AMC Trail Crew working there. Those things are all definitely Trailwork, but when I think of Trailwork, I think smaller and more local.

You know those local trails you like to hike at Borderland or the Blue Hills? Someone has to maintain those trails, and to me, that is trailwork. As those that have hiked with me know, I love flipping sticks off the trail as we hike along. I mean, we all enjoy hiking along a nice, clean, pretty natural trail. The unfortunate thing is nature doesn't like those trails. Nature keeps dropping branches, and occasionally whole trees, onto those trails. Every summer the brush along those trails reaches for the light, and unfortunately, it's lightest and brightest in the middle of the trail. All this means that if we want to enjoy our walks in the woods, someone has to spend some time cleaning up the trails. (Spoiler Alert: I'm hoping that by the end of this article, you will want to be one of these people.)

There are different ways to do trailwork. For instance a crew can do Lop & Drop, where they just cut anything growing into the trail, and leave it where it falls. Sometimes this is necessary, for instance when there are miles of trails to be brushed and limited resources to brush them. But Lop and Drop leaves the trail looking messy, and I try to avoid this approach. I prefer Invisible Trailwork. My goal when doing trailwork is for future hikers to come along and say "What a nice, natural looking, trail." I want it to look like no one has needed to come along before them doing trailwork. So, how do you do Invisible Trailwork?

Start by clearing the trail of any fallen branches, or loose rocks. (Either of these can lead to a trip, slip and bottom line, injury.) And when you move the branch off the trail, don't just push it to the side of the trail. If we keep doing this the sides of the trail end up lined with branches, and the trail looks like a walkway at a nature park, not a woody trail. So, pick them up and throw them (Or flip them with your hiking pole) at least several feet off the trail.

What about any new growth? Ideally major trails should be cleared 4' wide and 8' high. (As big as a sheet of plywood.) 4' wide gives room for two people to easily pass each other. 8' high means that in the winter, when there's snow and the branches are bending down, there will still be room to walk without constantly ducking. For less frequently used trails, like

Led by leader Bob Vogel, six industrious hikers embarked on the trails of Borderland State Park to do maintenance trail work. Armed with gloves, hand pruners, loppers, and saws, the group was able to cover over 5 miles of trail work. After some initial instruction on "hiking pole flipping" technique, the group split into two, in order to maximize trail coverage. Trail workers were rewarded that day by the many hikers in Borderland who expressed thanks and gratitude for the work AMC was doing to maintain the trails for everyone.

Left to right, Barry Young, Bob Vogel (leader), Jodi Jensen, Chad Wohlers, Lynn Maybury, Hans Luwald.

trail workers take a break for lunch at Split Rock in Borderland

Continued on page 5

Trailwork, continued

the single dot trails at the Blue Hills, or in the back corners of Borderland, 4' is really wider than necessary, and I use a simple test: Could I walk through right after a rainstorm and not get my clothes wet from the brush along the trail? If so, I'm happy that it's wide enough.

There are several ways you can get involved in Trailwork, and do your share to help maintain the trails. One way is to just start cleaning up the trails you like to hike on. Reading this has given you all the training you need to start moving sticks and rocks off the trails. No work permit is needed. If one hiker out of every 100 picked up sticks as they hike along, our trails would be in much netter shape.

You can go a step further by getting involved in brushing trails and the like. Watch the SEM Short Notice Email List for my upcoming Trailwork events. Go to: <http://amcsem.org/> and scroll down to the bottom.

Or see:

A lit of all the upcoming AMC Chapter [trailwork events](#).

Friends of the Blue Hills also offer an [Adopt-a-Trail program](#). Through this program you can adopt a trail at the Blue Hills, and then go out several times a year to check up on it and do any maintenance needed. I've been the adopter of Five Corners Path since the program started in 2008. And, unlike your kids, your trail won't need to be put through college. And if you aren't sure adoption is for you, they offer single day trailwork events, so you don't need to make a long term commitment to get started.

And if it was my mentioning bog bridges, culverts and re-routing trails that got your interest up, [investigate this](#). I'm sure you'll find something there that interests you.

Why Trailwork?

There are several ways to look at it. Some say "Someone has to do it." Others look at it as a chance to 'give back' for all the enjoyment they get from hiking. But, for me at least, I just enjoy the warm fuzzy feeling of finishing a hike, knowing the trail is in better condition than when I started the hike. Try it, you'll like it!

And if you have any questions about trailwork, just [email](#) me.

Volunteer of the Month

Paul Brookes

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes PAUL BROOKES for his continuing contributions.

Paul has been a very active leader with the Southeast Mass Chapter for the past few years leading many local hikes year round, particularly in the Blue Hills with his dog, Sunny. He is noted for his upbeat, cheerful manner, thorough research of his hiking routes including historical facts, very detailed information sheets with pictures and his willingness to share his knowledge and expertise. Paul recently finished leading the White Line the Blue Hills Series this past winter and will be leading some of the RLBH hikes on Thursday nights. He enjoys leading dog-friendly hikes with well-behaved dogs and their owners. Thank you, Paul, for all you do!

Paul will receive a Volunteer of the Month Certificate and a \$50 gift card.

Galapagos and Chocolate: Ecuador's Islands and Amazon

Adventure Travel with the AMC

Tentative travel are dates July 4 - 15, 2017 (during the full moon).

This trip will bring you to Ecuador to experience the unique Galapagos Islands by yacht for 6 days/5 nights and to visit the Amazon to see how the ancient cacao plant is made into delicious chocolate.

The word "galápagos" is Old Spanish for tortoise. Like large rocks moving slowly through grass, you will get close to these famous icons of the Galapagos Islands. The Galapagos, the first UNESCO World Heritage Site, offers an unparalleled opportunity to learn about evolution and engage with unique flora and fauna such as giant tortoises during their nesting season, blue-footed boobies, Darwin's finches, albatrosses, frigate birds, iguanas, sea lions and reef fish, to name just a few. Get your camera ready!

Learn from a bilingual guide about the unique environmental characteristics of these islands including isolation (600 miles from mainland), volcanoes and the confluence of 3 ocean currents. Visit the Charles Darwin

Mts. Crawford and Willard March 5 & 6, 2016

Contributed by Len Ulbricht

Several attendees of Barbara Hathaway's annual First Weekend in March XC Ski/Snowshoe trip to Intervale, NH chose to hike Mts. Crawford and Willard. We had a brilliant blue skies, temps in the low 30s and negligible wind - perfect weather! The snow was only 6 - 10" deep, so we chose to hike with micro-spikes. Mostly snow-packed with a few icy spots on Saturday, Mt. Crawford was an easy 5 mile round trip. On Sunday, Mt. Willard was an even easier 3 miler. Each had magnificent views. Crawford gave us Mt Washington and the Southern Presidential ridge line. Mt. Willard gave us the wow of Crawford Notch. With comfortable accommodations and breakfasts at The Old Field House, engaging socializing with 21 participants, this was yet another great winter weekend. Thank you, Barbara.

Research Center and hear the Ecuadorian government's strategies for conservation.

The trip starts in the colonial city of Quito (9350 ft), the highest official capital city in the world. Stay for two nights and do a city tour, stand on the equator with a foot in each hemisphere, visit an artisan chocolatier, and learn about the cultures of Ecuador.

Drive in a van east across the stunning Andes Mountains to the Ecuadorian Amazon. Stay near the rainforest town of Tena (1378 ft, known as the Cinnamon Capital) in Napo Province for 3 days and 2 nights. Locals will describe the production of cacao and chocolate, sustainable farming, fair trade, and environmental challenges in the Amazon. Experience chocolate with all of your senses: feel the luxury of a chocolate face massage (optional) from a Kichwa woman, hear indigenous Kichwa farmers tell you about their lives, smell raw cocoa and melted chocolate, and savor foods and drinks made with chocolate.

Join our pre-trip tour of the Taza Chocolate Factory in Somerville, MA and learn about the making and marketing of chocolate.

Price of \$6275 includes group leader, bilingual guides and naturalists, lodging, taxes, all meals on the Galapagos yacht and in the Amazon, breakfasts in Quito, travel medical insurance, park entry fee, 10% contingency. Does not include airfare of approx. \$1400 (\$800 international, \$600 to the Galapagos; less if booked early). AMC membership is not required. Any unused funds will be returned to participants.

\$1000 Deposit due May 18, 2016.

For a prospectus with full itinerary contact Robin Melavalin, Rmelavalin@rcn.com, 617-780-5362.

Leadership Training

By Doug Griffiths, Education Chair

The Southeastern Massachusetts Chapter presented its Leadership Training Program for 2016 to an enthusiastic group of twenty aspiring trip leaders on Saturday 4/9/2016 in Foxboro. We are grateful to the dedicated chapter volunteers who presented the talks this year at our program. Thanks go out to Maureen Kelly, Bob Vogel, Leslie Carson, Walt Granda, Joshua Tefft, Anne Duggan, Farley Lewis, Cathy Giordano, and for the first time, representatives from Paddling, Ed Foster, and from Biking Joe Tavilla. AMC staff training expertise came from Jess Wilson, Leadership Training Manager, who traveled from New Hampshire to attend our training, and earlier in the day, a similar training for the Narragansett Chapter. We greatly appreciate her hard work on behalf of the AMC.

Leaders and presenters prepare lectures, but also provide personal insights and encouragement as to what it is like to start out as a beginning trip leader. Questions and discussion are an important aspect of getting prospective co-leaders to become comfortable with taking the first step towards leading trips.

Topics covered in the Training include: Trip Planning, How To Screen Trip Participants, How To Adjust Your Leader Style to the Needs of Your Group, How To Conform to the Best Leave No Trace Practices, How To Lead a Show and Go Trip, How To Become a Hike Leader, Bike Leader or Paddling Leader, and a review of the required AMC Risk Management, Liability Safeguards, and Necessary Documentation. These topics are supplemented by some practical role play exercises that allow for more give and take between audience and presenters.

Attendees are encouraged to follow through by contacting the committee chairs of the activities they are interested in. All attendees have been given lists of those committee chair email addresses. Please be on the lookout for inquiries from our 2016 Leadership Training Program graduates. I will be soliciting feedback from both participants and presenters on how we can continue to improve our trainings.

Ralph G. Upton, 94

SOUTH DENNIS - Ralph G. Upton, 94, most recently of South Dennis, MA, passed away Nov. 6, 2015, at Cape Cod Hospital after a period of declining health. He was born in Torrington, CT on April 9, 1921, the second son of James Upton and Olive (Palmer) Upton. He was the husband of Doris G. Upton for 63 years.

A veteran of World War II, Ralph served in Europe as a meteorologist in the Army Air Corps. He was an acoustical engineer who held several patents and retired from Sanders Associates, Nashua, NH. He was an avid skier and kayaker, kayaking well into his 90's

He is predeceased by his parents and brothers, Ross and George Upton. He is survived by his son Edward Upton and his wife Patricia of Manchester NH, and his daughters Linda Harrington of Coopersville, MI and Holly Pare and her husband Daniel of Nashua, NH. He is also survived by his grandchildren Robert, Brian, Nathaniel and Olivia and several great grandchildren.

Relatives and friends are invited to celebrate Ralph's life on Saturday, April 9, 2016 at 2 p.m. at 20 Olde Dennis Approach, South Dennis. Memorial donations made be made to the Appalachian Mountain Club or the National Park Foundation.

Wild Cycling in Florida

.....
Written By [Bernie Meggison](#)

Photos By [Ira Hubell](#)
.....

On March 2, 2016 a small group of riders from NY, NJ, CT and Florida visited the Shark Valley National Park in the Florida Everglades. All are retirees from vocations such as engineering, construction and commercial photography.

The day was picture perfect, little wind and plenty of Florida sunshine. We rode the 15 mile nicely paved path through a wilderness that almost defies words. The path is flat, but due to very wet conditions, about 50% of the path had water run over from the Everglades high water table. We were in 1/2" to 2" of water for a good [while](#). The going slow managed to keep us safe and dry. We stopped half way on the path where there is a tall look out tower that scans the Everglades for as far as the eye can see. Just listening to the various birds and hearing the alligators croaking out their spring time mating calls was wonderful. We finished pretty much dry, but hungry. After short discussions about the sights and sounds, we left and visited a BBQ place named The Pit - it's real BBQ and is about 5 miles easterly down the road.

This happens to be one of the worlds largest aquifers. It is home to over 350 species of birds. Note that some of these species are often seen here on our New England shores during the summer months.

Alligators abound here by the thousands. Rare Florida Panthers have been seen in the "Glades" as have deer, raccoon's and all sorts of snakes. The dangerous Burmese Python has made the Everglades a new home for their species. The numbers are

in the tens of thousands. Their sheer numbers and appetites are decimating the Everglades rapidly.

Cycling in Florida is much different than cycling here in the northeast. Up here, the roads are narrow, curvy, full of road obstacles, etc. In

Florida, for the most part, the roads are in excellent condition. The state laws here allow bicycle groups of 2 or more to take a lane on a two lane highway or road. On major thoroughfares, there are well marked specific bike lanes that are about 4' wide. Most motorists are respectful of these lanes.

Club riding is huge here. On weekdays clubs regularly have up to 10-12 riders. On weekends, the groups can easily register upwards of a 100 [riders](#). On Key Biscayne Island, for example they have 500 or so riders from several groups riding all weekend long. There's more bike traffic than vehicles. The technique of club riding here is different than the northeast as well. In Florida, we travel in pace lines where it looks like a giant snake with everyone only a foot or two behind the bicycle in front of them. It does make for excellent drafting, but is a pure white knuckle experience for the untrained cyclist. I tend to be in the rear of these lines, for my safety. Their speeds range from our AMC type club average of 12-16 MPH to 22 MPH and above. Truly scary.

Shark Valley is a must see if you are in the south Florida area.

Wilderness First Aid Training

By Doug Griffiths, Education Committee Chair.

Our Southeastern Chapter sponsored another successful and well attended Wilderness First Aid two day training on May 14th and 15th in Foxboro at the Donald Cotter Recreation Hall of the Cocasset River Recreation Area.

We had 23 eager and focused participants, described by instructor Kathryn Riley Yousif as one of the most cohesive and supportive groups that she has worked with. Kathryn is a wilderness EMT and SOLO instructor that has led this course for our chapter in the past as well. Her upbeat engaging style kept attendees excited and thinking, through classroom instruction and multiple scenarios of emergency situations. Practice scenarios require careful thought, planning and creative responses to simulated injuries endured by our participants.

Nine attendees were from SEM, six from the Boston chapter, one from New Hampshire. Others were from Venture scouting and several people preparing for summer camping and trip leading jobs.

Wilderness First Aid training teaches an organized approach to evaluation and treatment of backcountry medical emergencies. Equal time is spent in classroom talk and in role plays. These realistic hands-on scenarios require thinking, planning and documenting on the spot, in real time, in an organized way. During the role plays and debriefings, participants develop real self confidence in handling emergency situations.

WFA training is a challenging and exhilarating experience, great for any outdoors enthusiast. It will make you smarter, more aware and more self assured. If you've never taken this course, you should check it out the next time. It's really cool and you will have a fun time.

A Pet Friendly Hike

By Susan Mulligan

One offering at the recently held SEM Open House at Borderland State Park was a beginner dog-friendly hike. It was a beautiful, sunny but windy day, a good day to enjoy being outdoors and for our dogs to enjoy one-another's company. The 11 hikers and 9 dogs hiked at a slow pace so our dogs could smell the scents and we could enjoy the trails. Everyone was well behaved, including the hikers.

Starting from the Visitor Center, we headed down towards the Ames Mansion and then followed Pond Walk out to Quiet Woods trail taking us to the edge of the Leach Pond. At that point, we walked around a section of the pond before heading back into wetlands. We then took Pond Walk and Swamp Trail to the lodge. At this point, the smallest dogs were getting weary so we headed back to the Visitors' Center.

The trip ended with everyone in good spirits and a strong interest in more pet friendly hikes.

New Muddy Creek bridge 15 years in the making

New bridge seen as environmental boon for marsh.

There's a nice article in the [Cape Cod Times](#) about the rebuilding of a bridge that benefits the ecology of the marsh and makes for better paddling.

Blue Hills Conditioning Series Concludes

By Len Ulbricht

Nine hikers turned out on a sunny spring Tuesday on May 10 for the last hike of the 8 week conditioning series. The plan was to hike out 3 1/2 hrs, have lunch, and return on the hilly Skyline Trail (3 1/2 hrs), totaling about 7 hrs and 10 miles. We started out at the Rt 138 commuter lot, took the North Skyline out, stopped on Nahanton Hill for lunch and distant views to Boston and the harbor, and returned via South Skyline. Actual time was 6 h 20 m, and distance 9.15 mi. (Thank you, Paul Brookes).

Each week as few as 7 and as many as 19 participated (average turnout 13) over the course of seven hikes (we had one rainout). Once we hiked in snow from the previous day, several times in drizzling rain, and one Tuesday that fell between Earth Day and Park Serve Day we collected assorted trash while hiking from Rt 138 to Buck Hill and back.

For the regulars who hiked each or most weeks, the hills were interval training for hikers (Bob Jabaily's descriptor). Up, down, up, down, ... with each week more up and down. And the conditioning works, as we progressed from a little over 3 miles in 2 hours in the first week to over 9 miles in almost 6 1/2 hours in the capstone hike. Congratulations hikers on your personal accomplishment.

In closing, this Blue Hills spring conditioning series has been run annually for 5 or so years. This past year the preceding Blue Hills white lining winter series (Paul Brooks, L) was introduced, and preceding that the fall Blue Hills conditioning series (Peggy Qvicklund, L). When coupled with the summer Red Line Blue Hills series staying in hiking conditioning year round is becoming easier and easier.

Photo by Paul Brookes.

Hiking in Bourne Town Forest

By Robin McIntyre

Robin McIntyre and Dia Prantis, leader and co-leader-in-training, led 9 hikers in conservation areas in the Bourne Town Forest, Bourne Water District property, and a portion of Four Ponds Conservation Area. The skies were blue on our first warm morning hike of the season at 70° without a sea breeze. We covered 4.8 miles on wooded fire roads and mountain bike trails with some hilly terrain. We shared some area history as Grover Cleveland fished in the ponds and a rum runner's barn burned in a massive explosion in 1913. A great start to warm weather hiking!

Photo by ?

Volunteer of the Month

Farley Lewis

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes FARLEY LEWIS for her continuing contributions.

Farley has been actively involved with Cape Hikes for several years and for the past few years as Cape Hiking Chair. Farley has provided leadership and support to many hiking activities on the Cape. Farley does a superb job as hike leader sharing knowledge of the area to be hiked as well as introducing participants to one another. As she made her decision to step down as chair, she has been very helpful in smoothing the transition to a new chair. She has provided resource material and offered to be available on an as needed basis to make the change in leadership smooth.. Thank you, Farley, for all you do!

Farley will receive a Volunteer of the Month Certificate and a \$50 gift card.

AMC Adventure Travel – Hiking in Majestic Sedona

November 5-12, 2016

Join us for a week of hiking in sublimely beautiful Sedona, Arizona, with its deep canyons, soaring mesas, and gentle streams. Connect with subtle energy as you hike to and admire places such as Cathedral Rock, Brins Mesa, and Bear Mountain. Expand your knowledge of vortex sites, geologic strata, and native culture. After hiking, we may explore the thriving local art scene, enjoy locally-sourced meals, and sample wines from nearby vineyards. Moderately paced hikes will be 5-8 miles with 500-1800' elevation gain. Cost \$1695 plus airfare.

For details contact Leader Eva Borsody Das (borsody@gmail.com) or Co-Leader Karen Thurston (karenjthurston@gmail.com).

BICYCLING

Sun., Jun. 5. Westport-Dartmouth Ride, Massachusetts, Southeast, MA. Join us for a 25-30 mile ride past lovely scenery (farms, beaches) in Westport & Dartmouth. Some parts are hilly. Moderate (15 mph) pace. Call leader to register. L Jeannine Audet (508-493-8221 weeknights after 7:00 pm, weekends anytime, milmod@aol.com) CL Jodi Jensen

Sat., Jun. 18. Bike Harwich, Chatham, Cape Cod June 18th, Harwich, MA, Cape Cod, Massachusetts, Cape Cod, MA. June 18 START, 9:30 a. m. Harwich-Chatham Road biking. Combination rail trail, main roads, secondary rides. Scenic water views and historical sites. Rolling hills. 24 miles. 12-15 mph. Lunch stop. Helmet, spare tube, water, snack required. Rain cancels. Leader & Registrar: Barbara Gaughan. barbaragaughan12@comcast.net. 781-572-1321 before 9 p. m. L Barbara Gaughan (barbaragaughan12@comcast.net, barbaragaughan12@comcast.net) CL Bernie Meggison , R Barbara Gaughan (barbaragaughan12@comcast.net)

Mon., Jun. 20. Full Strawberry Moon Ride at Cape Cod Canal, Cape Cod Canal, Sagamore Side, Massachusetts, Cape Cod, MA. Monday, June 20th.- Sunset and - Strawberry Full Moon Road Cycling - - 22+/- Miles/ 2 +/- hours. Flats & Hills. We'll ride from Sagamore Recreation Area (mainland side) into Sagamore Highlands with a stop at Peaked Cliff for a peek at Provincetown in the distance. Return to the recreation area and along the canal to Buzzards Bay for sunset at MMA or on Three Mile Outlook. Then back along the canal for moonrise over the Cape Cod Bay. Helmets a must. Have bike tires pumper and bike ready to roll. We will be riding after sunset on the Cape Cod bike path. Have lights at the ready. This is another classic Paul Currier ride. Contact leader for further information. Ride starts around two hours before sunset. L Bernie Meggison (617-930-4029 8:00 AM- 8:00 PM, thosmeggisons@gmail.com, AMC/ SEM Bike Chair), R Bernie Meggison (West Harwich, MA 02671, 617-930-4029, thosmeggisons@gmail.com)

Tue., Jul. 19. Full Moon Bike Ride, Cape Cod Canal, Cape Cod Canal. Sandwich side of canal, Massachusetts, Boston Area, MA. Tuesday, July 19th- Sunset & Buck Moon Road Cycling: 22+/- Miles/ 2 +/- hours. Mostly flat - a couple of hills. We'll ride from Sandwich Recreation Area at the end of Freezer Road in Sandwich to Monument Beach and return along Shore Road and through Gray Gables and Mashpee Island for sunset at Tidal Flats Recreation Area across the canal from MMA. Return along the canal with a stop at the Railroad Bridge for the Energy Train, President Cleveland's personal RR station and Aptuxet Trading Post; then moonrise over the Sagamore Bridge. Helmets mandatory. Have tires pumped up and have bikes ready to roll. We will finish this ride after sunset, please have lights at the ready. THIS IS A LEGACY PAUL CURRIER RIDE Contact leader for further information. Ride starts around two hours before sunset. L Bernie Meggison (617-930-4029, thosmeggisons@gmail.com, AMC/ SEM bike chair), R Bernie Meggison (West Harwich, MA 02671, 617-930-4029, thosmeggisons@gmail.com)

HIKING

(FT) (NM) Thursdays: Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA, Massachusetts, Boston Area, MA. Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8pm every Thursday night. Register once then show-n-go. L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.) L Michael Swartz (swartz@brandeis.edu), R Cathy Garry (508-524-8621 before 9 pm, cathygarry@comcast.net)

Sat., Jun. 4. Hike 2A of SEM Summer Hiking Series (Mount Shaw), Lakes Region, NH, New Hampshire, Lakes Region, NH. Mount Shaw is located in the Lakes Region Conservation Trust area, home of Castle in the Clouds. Mount Shaw is just one of the peaks upon an old volcanic ring dike (awesome I know).

Activities

For the most current information, [search activities online](#)

Mount Shaw is also on the "52 with a View" list, if you're into lists. This hike will be rated B3C. The terrain is generally moderate, but has some strenuous, as well as, easy sections. We are looking at roughly an 8 mile hike in total with an elevation gain of 1800 ft. to 2300 ft. (depending on where we will start). We will likely utilize Pond Trail, Upper Bridal, Oak Ridge Cutoff, and High Ridge Trails. Depending upon the final route there may be some small brook crossings, so keep this in mind when registering. Hikers who already participated in hike 1 of the SEM Summer Series, or those who attended the SEM hiking workshop will have priority registration. Exact meeting times and location will be sent to those who become registered. I look forward to hiking with you all! L Joshua Tefft (401-212-7463 After 5pm, tefft9wes@aol.com)

Sun., Jun. 5. North-South Trail Section#3, Rhode Island, RI. The North-South Trail is a 77 mile continuous marked, footpath along the border of RI and Conn., from Block Island Sound to the Massachusetts border. Each section is an individual hike and must be registered as such, open to all even though you don't intend to complete all sections. Section #3 is 9 miles long (rating A-3-C) starting just South of Rte. 138 in Kingston then heads North on paved roads passing through residential and open Farm lands, passing under Rte. 95, and continuing NW into the Arcadia Management Area. Our next 5+ miles are on trails and abandoned road through hilly terrain to Roaring Brook Pond and on to section end. We will encounter reminders of early RI, glacial boulder fields and other such oddities. Registration is a requirement for each section hike. The hike info sheet will be sent to you upon registering. Plan 5 hours plus travel time for this section. Please join us for a pleasant day. Plan ahead Section #4 will be June 26. L Fred Wason (508-883-6049, fmwason@gmail.com), R Fred Wason (508-838-6049, fmwason@gmail.com)

Sat., Jun. 11-12. SEM Backpacking Series #1 - MSGT, Mount Sunapee Ski Area, Newbury, NH, New Hampshire, Monadnock Region, NH. Start the summer off by joining us on the first of five of the SEM Backpack Series hiking the Monadnock-Sunapee Greenway Trail. On day one, we spot cars then hike 4.4 miles to where we will set up camp and have a delightful evening under the stars. The next day, we hike 9.9 miles along the Sunapee Ridge, enjoying views of Mount Kearsarge and the White Mountains to the north, Lovewell Mountain and Mount Monadnock to the south and Vermont's Green Mountains to the west. We then return to our cars for the ride home. Participants should be experienced hikers, but those new to backpacking are encouraged to join us. Some equipment will be shared (i.e. tents, stoves). Please contact the leaders with questions. L Leslie Carson (508-737-6627 Before 9:00 pm, lrc929@comcast.net), Leslie is a 4-season hike leader who leads day and multi-day trips with the SEM Chapter. She also leads hikes with AMC's August Camp and Adventure Travel.) CL Joshua Tefft (401-212-7463), R Joshua Tefft (401-212-7463 Before 9 PM, tefft9wes@aol.com)

Sat., Jun. 18. Hike Mount Carrigain, Mount Carrigain, Livermore N.H., New Hampshire, White Mountains, NH. Hike Mount Carrigain (4,700"). From the Parking lot on Sawyer Rd in Livermore N.H. we will hike 1.7 miles on Signal Ridge trail to a junction with the Carrigain Notch Trail. Bear left and continue to hike Signal Ridge Trail for 3.3 miles. There will be a fire tower with a 360 degree view waiting for us at the summit. Eat lunch, bask in the views, take some photos, then retrace our steps back to the parking lot. Easy for the first two miles, the trail then progresses to a moderate hike for the remaining 3 miles. Milage is 10.16 miles with an elevation gain of 3,712'. the code would be A-3-B/C. L Ken Carson (508-833-8237 4pm-6pm, kccii@comcast.net) CL Leslie Carson (508-833-8237 before 8:00pm, LTC929@comcast.net)

(AN) Fri., Jun. 24-25. Hike Cannon and the Kinsmans, New Hampshire, White Mountains, NH. Summit three 4000 footers over two days. Hike Cannon on Friday and the Kinsmans on Saturday with one overnight at Lonesome Lake hut. Soak up the beauty of Franconia Notch and a summer evening by Lonesome Lake. Bring your camera. Strenuous with significant elevation change. For experienced hikers. Register with leader by May 7. L Len Ulbricht (lenu44@gmail.com) CL Anne Duggan (abduggan12@gmail.com), R Len Ulbricht (lenu44@gmail.com)

Sun., Jun. 26-26. North South Trail Section #4, Exeter, RI, Rhode Island, RI. The North-South Trail is a 77 mile, continuous, marked, footpath along the border of RI and Conn., from Block Island Sound to the Massachusetts border. Each section is an individual hike and must be registered as such, open to all, even though you don't intend to complete all sections. This upcoming section promises to be just as interesting as the previous 3 sections. The series of footpaths, abandoned and gravel roads are all within the Arcadia Wildlife Management Area. Much of the trail parallels the Falls River. This could offer good opportunities to photograph the beauty of a fast flowing river and cascades. Along the way we will find signs of early commerce as well as old farms from the 19th and 20th century. We will be starting at trail mile 26.45 at Arcadia Road, Exeter RI then travel north to trail mile 33.5 on the south side of Hazard Rd in West Greenwich RI. Registration is a requirement for each section hike. The hike info sheet will be sent to you upon registering. Plan 5 hours plus travel time for this section. Please join us for a pleasant day. Plan ahead. Section #5 will be July 17th. L Fred Wason (508-883-6049, fmwason@gmail.com)

(AN) Fri., Jul. 8-10. Carter Notch Hike Weekend, Carter Notch, New Hampshire, White Mountains, NH. We'll hike into Carter Notch Hut from the south on the beautiful Wildcat River Trail, spend the night at the hut, then summit Carter Dome and return via the Rainbow and Bog Brook Trails. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net) L Peggy Qvicklund, R Peggy Qvicklund (qvickan@comcast.net)

Activities

Thu., Jul. 14-14. Evening Hike in Wrentham State Forest, Wrentham State Forest, Wrentham, MA, Massachusetts, Southeast, MA. Evening hike through the rambling terrain of Wrentham State Forest. Enjoy glacial eratics and abandon [quarries](#). This 5-6 mile hike will cover varied terrain. Be sure to wear sturdy foot wear, bring water and plenty of bug repellent. Well behaved dogs on leashes welcome. We will meet at the State Forest parking lot off of Taunton Street, Wrentham. L Mike Woessner (508-577-4879, stridermw@hotmail.com) CL Ken Carson

Sat. & Sun, Jul. 16-17. Loop Hike the Osceolas, New Hampshire, White Mountains, NH. Loop hike Osceola (el. 4340 ft.) and East Osceola (el. 4156 ft.). We will hike in on the Greeley Ponds trail (recently restored from Hurricane Irene damage), by the Greeley Pods Scenic Area to the Mt. Osceola trail, hike up and over the two Osceolas, and hike out to cars spotted on Tripoli Road. Hike distance is 9.9 miles, total elevation change 2700 ft., and estimated hike duration 8 hours. This is a strenuous hike for experienced hikers only. Consider joining the leaders to hike the Hancocks the next day, Sunday July 17. Register separately for each hike. L Len Ulbricht (lenu44@gmail.com) CL Ken Carson (kcciii@comcast.net), R len ulbricht (lenu44@gmail.com)

(AN) Thu., Aug. 4-7. Hut-to-hut Hiking the Southern Presidentials, New Hampshire, White Mountains, NH. Multi-day hike of the southern Presidentials. Summit Webster, Jackson, Pierce, Eisenhower, Monroe and Washington. Stay at AMC huts. This section of the AT mostly above tree line. Strenuous with significant elevation gain and distance. Restricted to conditioned hikers with 4000 footer summiting experience. Latest date to register is June 24. Expected to fill much earlier. L Len Ulbricht (lenu44@gmail.com) CL Anne Duggan (abduggan12@gmail.com), R Len Ulbricht (lenu44@gmail.com)

PADDLING

Wed., Jun. 1. Paddle Nauset Marsh from Mill Pond, Orleans, Orleans, MA, Massachusetts, Cape Cod, MA. Paddle from beautiful put-in on Mill Pond to Nauset Marsh. Lunch on beach & short walk to ocean. Circle island toward Town Cove & return to put-in. Wear life jacket, bring spray skirt in case windy. Bring lunch E-mail leader to register & for directions to put-in & launch time. Chapter of the AMC

September 2016

View From the Chair

Hi everyone, wow, what a summer! The weather was great for outdoor activities. As we head into days of cooler temperatures and fall foliage, our great SEM leaders have more hikes, bikes and paddles just waiting for you. See the list [here](#).

If you missed signing up for our Chapter Hut Weekend at Cardigan Lodge, think about attending the Fall Gathering in Bristol, R.I., October 14-16. AMC members from all of the chapters come together for social time and ocean kayaking, rock climbing, biking and hiking. Check it out [here](#).

Most important is to Save the Date of Saturday, November 5 for **SEM's Annual Meeting and Dinner** at the [Brookside Club](#) in Bourne. We had a great turnout last year and it will be even better this year with you.

See you outdoors!

SEMAMC 2,000 Mile Club

Club is halfway through 12th Year

June 2016

Founded in 2004 by Jack Jacobsen and becoming operational in 2005, our AMC Southeast Mass 2000 Mile Club is now beginning its twelfth year of recording and awarding our cyclists for riding 2,000 miles or more annually. First time achievers are awarded the 2,000 Mile Club patch.

5

The club experienced its first significant growth during our Vice-Chair – Victor Oliver’s tenure and has been growing since. We have had several volunteer registrars starting with Paul Currier and continuing with Dan Egan to our present registrar, Bernie Meggison. Record and send your quarterly and final annual mileage to Bernie Meggison at thosmeggisons@gmail.com, our Chair/Registrar, or put your own mileage into the appropriate spreadsheet (as our hikers do) at our chapter website www.amcsem.org.

To enter your mileage or to check out the standings, go to www.amcsem.org. Under “Committees” (on the left) click on “Biking”, then click on “2,000 MILE CLUB MILEAGE REPORT” (on the right). And the spreadsheets will popup; click on the 2015 or 2016 tab for the current spreadsheet. Enter your name, residence, and mileage here.

For additional information about joining our 2,000 Mile Club, see the Breeze or contact our club officers Bernie Meggison, thosmeggisons@gmail.com, Jack Jacobsen cyclejac51@yahoo.com, or Paul Currier paulcurrier@comcast.net.

-Paul Currier, Coordinator of Biking Activities

Southern Presidential Hut-to-Hut Traverse

Aug 4-7, 2016

Contributed by Len Ulbricht

A few years back I hiked this route in a chapter trip. Though renowned for its "WOW, look at that" views of mountain peaks and valleys, up close and distant, and its string of seven summits, including five 4000 footers, we spent 3 miserable days in viewless fog and rain. So this summer I decided to try again for the WOW. Our group met on Thursday Aug 4 for a Highland Center dinner and overnight at Shapliegh bunkhouse, enabling an early Friday start. I had hoped the long range forecast of a sunny Friday and Sunday with weather front passing through in the early hours Saturday morning would give us 2 1/2 WOW days. Close but no cigar.

Day 1, Friday Aug 5: Temperature in the 80s, sunshine and humid. Our group of nine gathered at 8 am to spot cars at the Cog RR base station and carpooled to the Webster Cliff Trail start. This trail, renowned for its many cliffside viewpoints over Crawford Notch, is a long, steep and arduous climb stressing thighs, calves and Achilles.

An hour into the hike one member of the group, suffering from nausea and having to frequently stop to rest, decided to turn back rather than continue the climb. Our co-leader Anne accompanied him back down, drove him to his car to return home, and then took the Crawford Path, a shorter route to the hut where we would meet. Meanwhile the rest of us, halfway to the Webster summit came to our first WOW, a fabulous lookout over Crawford Notch, with route 302 and the North Conway railway lining the valley and Mts. Willard, Avalon, Field, Willey and unnamed others arrayed on the far side.

We continued up to higher lookouts and WOWs, but soon before reaching the Webster summit, I was stricken with leg cramps, in my left thigh initially, and later my right. The heat of the day and strain of the climb caught up with me. Had to stop, chug water, and massage out the cramp, continue a bit, then stop, massage again and more water. Off and on this continued over Webster then Jackson, finally subsiding as we approached Mizpah Spring hut. We arrived about 2 hours after Anne. At the hut our bunk room looked to have been recently renovated. My bunk had LED reading lights and a storage shelf the full length of the bunk. Nice additions from what I remember of last trip.

Day 2, Saturday Aug 5: Each morning at hut breakfast the day's weather report is awaited with anticipation, sometimes with worry. We were fogged in and the news was not good. Summit outlook was high winds, 40 mph with higher gusts, fog, thunderstorms likely, especially in the afternoon, not promising for a 4 mile exposed ridge line hike. Options discussed with the group were to bag the trip and descend immediately, climb Pierce and, if conditions looked no better, descend Crawford Path from there, or take a short risk and hike 1.5 miles by Eisenhower to next decision point and descent opportunity, Edmands Path.

We decided to climb Pierce and take a look see. The summit was no better, more wind and totally fogged in. Then some good news. A solo hiker from our planned destination, the Lakes of the Clouds hut, walked by and reported no rain or wind difficulties on the exposed ridge. Better

news came when Mark, a member of our group, had cell coverage and called a work colleague monitoring weather radar who reported no rain approaching the White Mountains. With that it was off to the next decision point just beyond Eisenhower.

Too foggy for a WOW view, we stayed on the Crawford Path skipping the Eisenhower summit option given the lightning threat, and reached the Edmands Path junction. Still no rain, no thunder, no WOW, just fog and wind. Encouraged by more hikers passing us, onward. The next segment passed Franklin and Monroe to the hut, about 2.5 miles, and being more exposed was windier but with some brightness as if the fog were thinning. And it was. Franklin appeared, then Monroe which we bypassed, and then the hut. No distant WOWs, but also no rain or thunder storms. All felt relieved. After hut check-in, lunch, and Rima's fabulous chocolate brownies, a few in our group hiked Monroe and then took a lake swim. No cramps this day. I just rested my legs. Dinner that evening was a most welcome spread of roast turkey, mashed potatoes, peas and cranberry sauce. After sunset viewing and picture taking the wind continued to batter the hut and temperatures dipped. T'was wool blanket time at lights out.

Day 3, Sunday Aug 7: At today's breakfast the high peaks weather report was typical Washington like, denser fog, more wind, colder temperatures, but good news too, only a slight chance of a thunderstorm. Time for gloves, fleece pullover and hat, and windbreaker. Up we went, the wind at our backs, cairn to next faintly visible cairn, sometimes a single white quartz capstone catching the eye against the gray. The summit reached, we took time to dry off and explore the Tip-Top House, a stone replica of an early hut complete with bunks and kitchen, the mountain top museum, hot water and electric hand dryers (a novelty after the AMC huts), and of course the summit photo-op at 6288 feet above sea level. No WOW views from the summit in this fog.

After our respite we began the rock pile descent to the Gulfside Trail, again cairn to barely visible cairn, but this time into the teeth of the gusty 45-55 mph wind that made keeping one's balance on the rocks a challenge. Slowly we made it, crossing the Cog RR tracks as a locomotive disappeared into the fog. But then we had brief glimpses of the Great Gulf and soon thereafter we were under the gray fog layer and had WOW views of the Jewell Trail ridge line all the way to the Cog RR base station. Gosh what a sight as diminishing winds and emerging sunshine guided us all the way to the Jewell Trail Spur, and finally to our destination, the Cog RR station and our prepositioned cars. On our descent we passed another kind of WOW, 3 generations hiking up: an 83 year old, his son, and his son's 4 year old son, who insisted on hiking and not being carried. Their rewarding journey beginning as our's ended.

Total 3 day distance hiked: 18.1 miles

Total trip elevation gain: 5270 feet

4000 footers summited: Jackson, Pierce and Washington plus Monroe for some participants

Paddle Report

Location: Child's River & Waquoit Bay, Falmouth
Leader: Bill Fischer
Paddlers: Paul Corriveau
Ed Foster
Debbie Hayden
Susan Laundry
Jean Orser

It was a great day for paddling. A nice breeze from the southwest was in our face as we went down the Childs River but was gone as we turned into the Seapit River and out and across Waquoit Bay. We proceeded through the culvert that leads into Hamblin Pond and on to Little River where the breeze was once again in our face all the way to the South Cape Beach where we stopped for lunch. (Just over 4 miles of paddling). After lunch - think brownies - we continued along South Cape Beach to Tim's Pond. There was easily enough water to navigate Tim's Pond to the portage over to Eel Pond, except we missed the portage on our initial pass. Now with the wind at our backs we returned to the put-in for 7.5 miles of wonderful time on the water.

Susan brought her [Oru Kayak](#) that she assembled at the put-in and took apart at the end of the paddle. It was a boat to make Bob Zani jealous and it seemed to paddle quite well.

Content Submissions from AMC Staff for Chapter Newsletters/Websites

CT River Paddlers' Trail Campsite

The Appalachian Mountain Club (AMC), working in partnership with the MA Department of Conservation and Recreation, is pleased to announce an exciting new recreational opportunity in the Connecticut River Greenway State Park. Now open is the *Whately Oaks Primitive Campsite*, the first Connecticut River Paddlers' Trail campsite in Massachusetts. The campsite is located at Lat/Long is 42.458480, -72.590543 and is a short paddle down from the Sunderland Bridge on River Right. The campsite features two tent platforms, which can accommodate up to ten people or 4 tents. The campsite is available to non-motorized boats and is paddle access only from the river, there is no land access. The campsite is first come first, first serve –registration (not a reservation) is requested at <http://goo.gl/forms/16D7KcWPOnLCOm0D3>. Please contact Kristen Sykes at the AMC with any questions at: ksykes@outdoors.org.

Become an AMC Adventure Travel Leader

Sign up for Adventure Travel Leadership Training!

November 11-13, 2016

(photo credit: Reji James – AMC AT Trip to

Iceland)

Visit some of the most exciting places in the world as the leader of an AMC Adventure Travel trip!

This workshop provides important training to people who have AMC chapter leadership experience (no beginners) to transition from leading weekend chapter activities to more complex and longer trips, domestically and overseas.

Previous outdoor leadership training is necessary. Emphasis is on planning, cost estimating, marketing, trip management, people skills, risk management, and reporting. Includes procedures

and guidelines for researching, proposing, and leading AMC Adventure Travel trips. Exchange ideas, problems, and solutions with some of AMC's most experienced and skilled leaders. Small group size assures abundant discussion and access to instructors. Click below for a registration packet - <http://www.outdoors.org/pdf/upload/LeadershipRegistrationForm2016.pdf>.

Visit www.outdoors.org/adventuretravel for more information.

RED LINE THE BLUE HILLS PICNIC
By Alan Greenstein

A very enjoyable “mid season” picnic for Red Line The Blue Hills (RLBH) hikers was held on July 14 at a picnic grove at Houghton’s Pond. Event Coordinator Nancy Coote was joined by Sue Chiavaroli for the initial set-up. After 9 hikers joined the 8 picnickers, Grillmasters Skip Maysles and Richie Monarch prepared hot dogs and hamburgers. The grilled items included chicken and beef skewers as well as delicious cold salads. Pies and the traditional chocolate cake rounded out the feast. A terrific time was had by all.

Please join us for the RLBH hikes each Thursday evening commencing at 6:00pm through mid-September. Sign-up to receive the weekly trail head notices (Poop Sheets)

RLBH_registrar@amcsem.org

Paddle Report

Location: Barnstable Harbor, Wells, Bridge, and Brickyard creeks
Leader: Ed Foster
Paddlers: Paul Corriveau
Bill Fischer
Cliff Miller
Lisa Miller
Jean Orser

We left exactly at 10:30 and headed NNW across Barnstable Harbor toward Wells Creek. Unlike the May trip this time we could actually see Sandy Neck. The crossing was uneventful with only a mild headwind. Initially it was difficult to discern the edges of the creek (high tide of 10.8' at Beach Point at 11:20) but as we worked our way up the creek the banks became slightly more pronounced. We decided to see how far up the creek we could go and got pretty close to the end, just past a house with almost two dozen birdhouses in front of it. After retracing our path part way out the creek we cut across the marsh, first trying to stay in the channel, but finally giving up and paddling over the marsh, which was still underwater. We recrossed Barnstable Harbor heading southwest toward the entrance to Bridge Creek and passed a small house on a float moored in what seemed to be the middle of the harbor (just past the 4 mile mark on the GPS track) but would actually be fairly close to land at low tide. Once in Bridge Creek we opted to take the loop to the northwest rather than the cutoff and then continued up the creek to within a quarter mile of route 6A before taking a cutoff to Brickyard Creek through one of the many drainage ditches in the marsh. We had been paddling against an outgoing tide in Bridge Creek but once we got into Brickyard Creek we had a nice strong current helping us along until the creek widened enough to ease the current. The rest of the trip back was uneventful, just easy paddling through the marsh which was now nicely above water. The trip had been advertised as 7 to 8 miles but the extra trip up Wells Creek and the extra loop in Bridge Creek added 1.4 and 0.7 miles respectively turning what would have been a 7.4 mile trip into a 9.5 mile one. Several paddlers noshed in their boats while paddling while the rest of us ate lunch back at the put-in.

17

Paul and Jean arrived at the put-in early enough to watch commercial shell fishermen loading up their catch. The rest of us missed it. Photo – Jean Orser

At the put-in, Bill, Lisa, and our 6 kayaks (high tide was still an hour ahead, that truck's tires may have gotten wet). Photo – Jean Orser

Traverse of the Osceolas, July 16, 2016

Contributed by Len Ulbricht

Sixteen years ago or there about, before I knew AMC existed, on what was my first ascent of a 4000 footer as it turns out, I climbed Mount Osceola with some work colleagues. We took the easy route from Tripoli Rd, a 3.2 miles moderate grade ascent, in late October snow flurries. At the summit someone said there is also an East Osceola peak a little further, but with short daylight we passed on that and descended to the cars. But now I know about AMC and having picked up the peak bagging bug still had to do East Osceola. And, since I wasn't sure the 16 year old Osceola climb would qualify for the peak bagging, decided it was time to hike both peaks.

So in peak bagging mode a few years back, while scanning a trail map for route options, the aha moment came to me. I'll do a traverse over the two peaks, from Livermore through the Greeley Ponds Scenic Area, up East Osceola, then Osceola, and down to cars spotted at Tripoli Road. It would be great, through hiking two 4000 footers and as a bonus the lovely Greeley Ponds. But just then Hurricane Irene came through in 2011 and washed out the Greeley Ponds trail, closing it several years for trail reconstruction. Upon the trail's reopening last year planning began this past winter for the traverse.

Saturday July 16, the chosen day, dawned sunny with blue skies, pleasant 70 degree hiking weather and moderate humidity. (We were lucky. Summits of Lafayette, Lincoln, and Eisenhower among others were clouded in). I met my co-leader Ken Carson and our seven participants at the Tripoli Road parking area which was overflowing with hikers and cars from a meet-up group (the easy way up Osceola is popular). No room in the lot forced drivers to park along Tripoli for quite a distance. We spotted two cars and drove to the Livermore trailhead for ample parking and only a few cars. We were on Greeley Ponds Trail by 9:30 for an easy 4 mile gradually ascending hike to the Mount Osceola Trail junction, where we would begin the ascent of East Osceola. Signs of the trail reconstruction are everywhere, from new bridges over the Mad River to newly graded or new trail cuts on rerouted portions of the Greeley Ponds Trail. A XC ski trail intersects with the hiking trail a few times and is marked with blue diamonds and arrows, avoiding the confusion as to which path to take. There are two ponds, Lower Greeley and Upper Greeley, each one lovelier than the other if that's possible. Upper Greeley even had a sand beach area where we saw a couple soaking up the sunshine. We hiked by it all but this scenic area is a place to come back to and enjoy, summer, fall or winter.

About 11:30 we began the 1.5 mile 1850 foot ascent up East Osceola, which was steep at times with some scrambling. We came to an exposed inclined ledge where we all spread out and sat amphitheater style with magnificent views of the Tripyramids to the southeast, a great rest stop. Upon climbing further to the summit we came to a west facing lookout where we could see the Franconia Ridge summits shrouded in clouds, and the Kinsman summits beyond. Wow did we pick a good day. Moving on it was down to the col then up to Osceola. This is where we came to the steep chimney ledge scramble. I elected to take the scrambling bypass, somewhat less steep boulder scrambling, but others took the chimney. It was doable. And we had a nice look back to East Osceola at the chimney top. Finally we made the summit of Osceola a little before 3 pm. Up to this point we passed a few hikers, some going some coming, but we felt we had the trail mostly to ourselves. Not so Osceola summit. The crowds we saw at the Tripoli Road parking lot

were there. Fortunately, the Osceola summit is wide open with plenty of room to spread out and take in the expansive southeasterly view. After an extended time to rest and take in nature's gift to our souls we began the descent and reached our spotted cars by 5 pm.

Hike statistics: Two peaks East Osceola (el 4156 ft) and Mount Osceola (el 4340 ft), hiking distance 9.86miles, elevation gain 2716 ft, hiking time 7 1/2 hours (book time 6 hr 36 min).

Osceola Group: l to r Joe, Eva, Len, Erin, Will, Rebecca, Ken and Leslie.

Friends of the Bourne Rail Trail

www.bournerrailtrail.org

Friends of the Bourne Rail Trail is a 501 (c)(3) nonprofit organization dedicated to supporting the development of a recreation trail along Bourne's coastline. The proposed trail will utilize the state-owned rail corridor that passes through the villages of Gray Gables, Monument Beach, Pocasset, and Cataumet and into North Falmouth. The Cape Cod Commission will be completing the feasibility study of the project in the summer of 2016 and it is expected that the study will be complete in the early fall.

In Memoriam

Carol (Johnson) Brown of Yarmouth Port, passed away on August 3, 2016. Her spirit was peacefully released from the strain of pulmonary fibrosis, surrounded by all her children and is now exploring the great universe, despite already beating her children to Asia, Africa and Antarctica.

Carol was born in Boston to Edward and Helen Johnson, spent her childhood in West Roxbury and Roslindale, MA, attended Forsyth School of Dental Hygiene and had a life-long hygienist career. A loving and proud volunteer of the Cape Cod History Museum in Brewster for over a decade, Carol shared the beauty of the cape with friends and family. She was also member of the AMC, First Parish UU Church in Brewster, and enjoyed playing mahjong, bowling, traveling, hiking, ukulele, croquet, and was a Kings Way ambassador.

Carol touched the lives of many people and instilled many valuable lessons amongst her family and friends during her 83 years. Her courage never wavered when times were rough, single handedly raising a loving family of four children with no-nonsense spunk and never complaining about the challenges she met in life. In photos with her daughters and granddaughters we never knew which one was the mother.

Everyone who remembers Carol is asked to celebrate Carol's life in their own way. Instead of flowers, Carol would hope that you perform an act of stewardship for the environment she dearly loved.

23

Hilary Dillingham Hunt of Falmouth died August 16th, 2016 of a sudden illness, peacefully, and with her family by her side. She was the daughter of Paul Addison Dillingham and Tryne Gabrielle (Griek) Costa. Hilary Hunt was the daughter-in-Law of C. Raymond Hunt, famous Naval Architect, designer of the Boston Whaler, the Concordia Yawl, and deep-vee hulls.

She was born in New Bedford, grew up in South Dartmouth and graduated Dartmouth High School class of 1965. Hilary attended Swain School of Design in New Bedford and earned a BFA in Design from UMass Dartmouth. The former wife of Joshua Hunt, she leaves four children: Lori Ashley of Middleborough, Heather (Hunt) Furey of Falmouth, Angela Hunt of Phoenix, Arizona, Stephen Hunt of Rochester, and seven grandchildren. She was the sister of Eve O'Rourke, Anastacia (Metcalf) Lundholm, Christopher Dillingham, and the late Stephen Dillingham. A memorial service will be held in Spring 2017. Please email memorial4hilary@gmail.com, to be informed of details. For online guestbook and obituary visit ccgfuneralhome.com.

19 MILE BROOK PHOTO BY ANNE-MARIE LATULIPPE

Carter Notch is Pleasing in Any Weather

Written by Paul Miller, SEM Hike Leader

My co-leader for this trip, Peggy Qvicklund, summed up the weekend best in her follow-up email to the participants: "Where else but in the AMC can you gather together eleven strangers, be outdoors in the rain, sleep in tight quarters, and end the weekend with smiles and hugs!"

While most of my visits to pristine Carter Notch in recent years have been as an SEM Winter Hiking Series leader, Peggy and I had just led a trip there earlier in July. The contrast in the Carter Notch "experience" between winter and summer is amazing! For one thing, rather than the cold, crisp, sunny/ snowy weather and snow-covered trails typically encountered in winter, on this summer trip into the Notch we contended with cool, damp, rainy weather and soggy trails.

Maureen Kelly
Chapter Chair
chair@amcsem.org

View from the Chair

Dear SEM Members,

The First thing I have to tell you is to **SAVE THE DATE** for the **SEM Annual Meeting and Dinner on Nov. 5 at the Brookside Club in Bourne**. We are expecting a great crowd this year but it will be more fun if you and your friends join us. Even better, work up an appetite first with our [Winter Hiking Workshop](#) or the [Stroll Down Memory Lane](#) at Eagle Pond. All the Annual Dinner details are [here](#). Business will include voting on the [slate](#) of Executive Board members for the coming year.

The second thing I have to tell you is that **Fall is a fabulous time to be outdoors in New England!** October is the final month of the SEM Paddling Season so get your boat on top of your car and paddle Long Pond in Brewster, Cotuit Bay in Osterville, Indian Lakes in Marston Mills, the Bass River in Dennis, and a mysterious Leader's Choice paddle. Click [here](#) for paddling details.

I can't list all of the other activities we have for October. You'll have to read about [them](#) yourself. Ok, I'll just mention two--The Full Hunter Moon [Bike](#) Ride on the Cape Cod Canal and the weekend in [Acadia](#) National Park. What could be better? The SEM Chapter has leaders who can't wait to take you to beautiful places. They are the best.

See you outdoors.

Carter Notch *Continued from Page 1*

At the Trailhead

*Photo by Kimberly
Tate-Brown*

In the winter, we typically don either snowshoes or microspikes at the trailhead to negotiate the deep snow and/or icy conditions often encountered on the hike into the AMC Carter Notch Hut from any direction. For this trip, we had to dig out our rain gear, since the sunny, hot, and humid weather earlier in the week had given way to cool and wet weather, with the forecasters predicting steady rain for pretty much the entire weekend with a chance of thunderstorms ominously popping up at any time!

After arriving at the AMC Pinkham Notch center Friday afternoon, as planned, we did our pre-dinner “mini-hike” to nearby Square Ledge (.5-mile each way) to stretch out our legs from the long drive and shake out our wet weather gear. While the ground was plenty wet from earlier showers, we lucked out with just light mist for this hike.

With the low cloud cover and mist, we couldn’t deliver the fine views of Pinkham Notch from Square Ledge that I had promised in the “poop sheet” sent to hike participants the week before. Still, everyone enjoyed this pleasant little hike and, as intended, it also gave us a chance to get to know each other a little better. Most trip participants, who had traveled from as far as Ottawa, Canada; West Harford, CT;

and the Bronx, had never hiked with the SEM before.

Due to the nasty forecast, Peggy and I decided to alter our plans for the weekend. All along we had planned to hike into Carter Notch “from the south,” via the peaceful and beautiful Wildcat River Trail. For the return leg on Sunday, we had planned to first summit 4,800-foot Carter Dome and then return to the trailhead via the relatively remote Rainbow, Wild River, and Wildcat River Trails (with a short jaunt on the conveniently located NH forest road to avoid the aptly named Bog Brook Trail). However, due to one potentially problematic crossing of the Wildcat River, we decided to use the more popular (and much drier) Nineteen Mile Brook Trail.

On the Way to Square Ledge

Photo by Peggy Qvicklund

Continued on Page 4

On the Trail *Photo by Kimberly Tate-Brown*

Carter Notch *Continued from Page 3*

But I get ahead of myself.

Pretty much as forecast, it began to rain in earnest after breakfast on Saturday morning—just as we were meeting outside the Pinkham Information Center/Trading Post/Dining Hall to carpool the short distance up Rte. 16 to the Nineteen Mile Brook trailhead. Undaunted, we covered our packs, donned our raingear, and hit the trail at around 9:15 a.m. Luckily, the steady rain at the onset gradually gave way to light rain, drizzle, and ultimately light mist, so we could shuck our rain gear. It took about three hours for us to make our way the 3.8 miles to Carter Notch, where we found the two pristine, now-mist-enshrouded Carter Lakes quite captivating.

When we arrived at the hut, we found Morgan, the croo chef for the evening, hard at work preparing the fresh bread for that evening's dinner. After checking in with Morgan, we dropped off our things in our assigned bunkrooms in the two separate bunkhouses; washed up a bit in the washhouse where, unlike in winter, the sinks have running water

from a spring piped in from somewhere on Wildcat Mountain; and got together in the cozy main hut building to eat our packed-in lunches.

After lunch, we marshalled our energy for a group hike up to the 4,288-foot summit of Wildcat A. While only a mile away from the hut (at 3,290 feet), this stretch involves a gain of 1,000 feet of elevation. The slick footing made the steep climb a little challenging, and the descent back to the hut even more so. While we couldn't see a thing from the summit, everyone got up and down safely, in good spirits, and—most important—in time for the hearty turkey dinner served by the amiable young hut croo!

Following some post-dinner socialization accompanied by the wine many of us hiked in, most of us turned into our bunks early for a well-deserved night's sleep. After an equally hearty, croo-prepared breakfast in the morning, we packed up our things and hit the Nineteen Mile Brook Trail again for the mostly downhill hike back to the trailhead. There we hugged each other goodbye, made pledges to hike together again at a future date, and then took to the road for the long drive back to our homes.

While not the trip that I had planned, I can't say that I have a single regret about the route, the weather, or this very nice group of people.

Adventure Travel Leadership Training November 11-13, 2016

For experienced outdoor leaders only: Visit some of the most exciting places in the world as leader of an AMC Adventure Travel trip! Learn the range of skills needed, and exchange ideas, problems, and solutions with some of AMC's most experienced and knowledgeable leaders. Volunteer of the Month

Bill Fischer

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Paddling Committee recognizes BILL FISCHER for his continuing contributions. This is the fifteenth year that Bill has led paddling trips for the AMC. He began paddling with us in 2001, and the next year he volunteered to lead several trips. That was at a time when we had almost 20 leaders, so several trips per leader pretty well filled up our schedule. As years went on and we gradually lost more and more leaders, Bill regularly stepped forward to pick up the slack. This year he volunteered to lead eleven paddling trips. He has also served as chairman of the Paddling Committee, accepting that position when no one else was willing to serve, and thereby keeping the program going.

52 With-a-View: A Different Kind of List

Written by Dexter Robinson

Photos by Dexter Robinson

Several years ago I was introduced to a list I had never heard of called the 52 With-A-View. I took a look and was intrigued with some of the mountains and locations in New Hampshire I had never visited. At one time I had vowed to retire from doing “lists,” but this one seemed quite different from most of the others. I was looking for some easier mountains to climb as a warm-up to some other hiking.

52 WAV originated in 1979 by a group called the “Over the Hill Hikers” who were tired of only hiking the NH 4000 footers. This list of 52 mountains in NH contains mountains with elevation between 2500 and 4000 feet with “amazing views.” What is different about this list is that some of the views are not at the summits, but rather at locations on the way to or near a viewless summit. When I first took a look at the list I was surprised at how many I had already done, like Mt. Chocorua, Welch-Dickey, Hedgehog, and Mt. Monadnock, to name a few.

Here are a few mountains that I found memorable.

Square Ledge (2620') near Sandwich, NH, is one of the “mountains” on the list that does not seem like a mountain at all. It resembles a huge rectangular block of rock that was just dropped into the woods. It is nearly impossible to see from a distance. When you find the place to scramble up onto it and walk to one end you are rewarded with a 180 degree view that includes Mt. Passaconaway and surrounds.

Continued on Page 6

A side of Square Ledge

52 With A View *Continued from Page 5*

Some of the mountains require very little effort for a great view. **Mt. Pemigewasset** (2557') in the Franconia area is one such mountain. The trail to its summit is 1.8 miles with a vertical of 1200 feet that can be easily hiked in an hour and a half or less. It offers great views to the west and south, and limited views of the Franconia ridge.

Enjoying the many views from Mt. Pemigewasset

Mt. Success (3565') located near Gorham lies on the Appalachian Trail and offers a short nearby side trip to a plane wreck. In December of 1954, a commercial airliner, Northeast Airlines, crashed on

the side of Mt. Success on its approach to Berlin airport. Most of the seven passengers survived, although it took almost two days to rescue them. The wreck is fairly intact as wrecks go and you can actually go into the galley area of the plane.

Explore a 1954 plane wreck

Part of the challenge of hiking **Magalloway Mountain** (3383') is getting to the trailhead which is east of Pittsburg, NH, a town not far from the Canadian border. This is almost a three-hour drive from Lincoln, NH one way. I knew I was entering a faraway wilderness area when I encountered a road sign that read "Moose Crossing Next 15 miles". After leaving the paved highway a few miles from Pittsburg, I traveled 8 miles on two different gravel roads. It was here that I encountered a moose trotting along the edge of the road. I slowed down to his travel rate to enjoy watching him for a short while. Reaching the summit is a steep but short .08-mile hike climbing 800 feet to an area that features a large mowed grassy area, camp buildings, and a fire tower that offers 360 degree views of the surrounds including several of the Connecticut lakes.

The Horn (3905') is north of Mt. Cabot near Berlin and can be reached via the Unknown Pond and

Continued on Page 7

52 With A View *Continued from Page 5*

View to the north from the fire tower atop Magalloway Mountain

Kilkenny Ridge trails. An intense rain shower marked the beginning of this hike and then the temperature dropped to the upper 30's—not what one would expect for early June. But the weather front passed quickly and by the time I reached Unknown Pond I had a nice view of the Horn. Climbing onto the summit ledge (or rock) can be quite a challenge, but the views are well worth it.

The Horn from Unknown Pond

Mt. Crawford (3119') was one of my favorite hikes. The first time I did it was in January and I was impressed with the view into Crawford Notch for a modest climbing effort. This five-mile round-trip hike

is listed as taking 4 hours but in winter it seemed to take much less time. I had a chance to do it again this past summer and it seemed more difficult despite several trail sections of stone stairs.

View from Mt. Crawford summit looking north into Crawford Notch

The Internet has much information about 52 WAV. A complete list of peaks, directions to trailheads, hiking trails, and photos can be found at the website [here](#). A patch is available after hiking all of the peaks on the list.

Superb Chapter Hut Weekend at AMC Cardigan Lodge, Alexandria, NH

Written by Alan Greenstein

Forty-five AMCSEM Members and guests enjoyed two summer-like days of outdoor activity during the 2016 Chapter Hut Weekend September 15-18. Five hikes of varying lengths and difficulty were led by Leslie Carson, Barry Young, Maureen Kelly, and Paul Miller. Among the destinations were Walton Falls, Holt Trail to Grand Junction, Clark Mountain, Orange Mountain, and Fire Screw and Cardigan Summits.

Luther Wallis led well-attended kayak paddles on Friday and Saturday on Newfound Lake. In addition to the distance, the paddlers dealt with considerable headwinds on Saturday, but were treated to a bald eagle sighting and crystal clear water on the picturesque lake.

The Caretaker and supporting staff at the Cardigan Lodge provided delicious meals and were most hospitable in all regards including setting up well-attended after dinner camp fires both Friday and Saturday evenings.

Special thanks to Jodi Jensen, Membership Chair & event Registrar as well as the activity leaders mentioned above. It was a FUN gathering with terrific camaraderie!

White Line Series: Oh, what fun it is! Photo by Cathy MacCurtain

SEM winter programs in the Blue Hills

Written by Cathy MacCurtain, Trails Chair

Help us prepare our adopted Blue Hills trail for winter. The work will include cutting back encroaching vegetation, raking stones off rockwork stairs, and digging out blocked water diversion structures. No experience necessary, and tools will be provided. Called off if it rains.

When: Saturday, November 19, 2016, 9:30 am until 1:30 pm

Where: Houghton's Pond parking lot, Blue Hills Reservation, Milton, MA

Leader: Cathy MacCurtain

Co-Leader: Pete Tierney

Co-Leader/Registrar: Skip Maysles, piks126@yahoo.com or 781-344-0611

Trails Chair Cathy MacCurtain was interviewed by Harvard Magazine about year-round—especially winter—activities in the Blue Hills Reservation for a November-December 2016 article, "[Destination: Take to the Hills.](#)" Among the outdoor delights mentioned in the article, Cathy encouraged participation in the free hikes sponsored by ACM-SEM, particularly the weekly four-hour hiking series she leads with Paul Brookes from December 27 to March 14.

Maureen Kelly, Chapter Chair
chair@amcsem.org

View from the chair

Hello SEM Members,

This is my last *View from the Chair* as I step down as Chapter Chair on November 5. I've enjoyed meeting many of you hiking, paddling and in our workshops and trainings. Together we have shared some wonderful times in beautiful New England places. Thank you to all of my activity leaders for getting so many SEM members outdoors.

The incoming SEM Chair is Barry Young, who has the desire and the skills to lead SEM for the next two years. Please give him your help and support as he continues to offer recreation, conservation, and education to the SEM Members. One way to help is to volunteer for our activity committees, our service committees, and membership and social committees. Email Barry to talk about it.

There are a few seats left if you'd like to join us at the AMC SEM **Annual Meeting and Dinner** on November 5 at the **Brookside Club** in Bourne. AMC President John Judge will be there as well as guest speaker Doug Arion, the AMC astronomer.

I am honored to have been the SEM Chair for the past two years and I will still...

See you outside!

Acadia National Park Trail Crew

Written by Kristen Yngve

For 2016 the AMC Trails Department issued an Award Voucher (value of \$425) for an active member in each chapter to participate in a one-week AMC staff-managed Volunteer Trail Crew Program in the Northeast Region. Kristin Yngve, selected by the SEM chapter, reports on her experience at Acadia National Park in Maine.

I had an amazing week, and I'm sure I'll sign up for future trail work weeks.

We worked on building a new section of trail in Acadia to replace a section of trail that was as old as the park. Happy 100th Birthday, Acadia! While some purists argued that the old trail could have simply been improved a bit, the Park's goal was to create a more accessible (wider, smoother, level) trail that more visitors could use.

Rain or shine, the work goes on.

Photo by Kristin Yngve

Cadillac Mountain in Acadia National Park

Wikimedia Photo by [Jr Libby](#)

We learned how to build an effective retaining wall, create a culvert to direct water flow off-trail, and build a lasting pathway with layers of various-sized rocks and dirt. Tool-wise, we:

- used a pick-mattock and rock bar to safely dig up and move large rocks for the retaining wall
- used a cutter-mattock and a grip hoist to remove a stubborn tree stump
- used a double-jack for breaking large rocks and a single-jack for crushing rocks (for creating a stable trail base)
- sourced materials (rocks and dirt) from the immediate surroundings without disturbing the woods within sight of the trail.

Through all that, we learned about conservation philosophies and strategies, saw the impact that even a small group can make within just four days, and simply had fun with a diverse group of fellow nature-loving people.

I put the rain gear Cathy sent me to good use. And I did indeed enjoy my beer at the end of the work day.

Watch Barbara's winning Trip Talk video [here](#).

Adventure in the White Mountains

Written by Barbara Gaughan

It was my good fortune, as the winner of the trip talk video contest, to receive an AMC gift certificate for two people for two nights at the lodging of my choice. (Thank you, Jeff Hyman, my videographer!) Emboldened by my hikes from Cardigan Lodge on our Chapter Hut Weekend (Thank you, Maureen Kelly and Paul Miller!), and setting aside fears that I had not stayed in one of the high mountain huts for over 30 years, I was ready to get outdoors with AMC for another adventure.

Staying at the Highland Center in Crawford Notch Thursday, we did a warm-up hike. My co-worker hikes the Blue Hills and Borderland, but had never hiked the Whites. The only trail up Mt. Willard is off Rt. 302 behind the Crawford Depot, across the train tracks. The first real cold front of the fall season was forecast, but this day was sunny, warm, and perfect for spending an afternoon on the open ledges at the 2,865-foot summit with views of Mt. Washington, as well as the notch and unusual disc-shaped clouds.

It hadn't been a strenuous day of hiking, but that didn't stop me from enjoying a 4,000 Footer IPA

from the Woodstock Inn Brewery with my dinner back at the Highland Center. The center was to be filled to capacity the next night, but for this night the main dining area was populated with a large group from the German International School Boston with their adult chaperone. Our dining room had about 16 guests. I enjoyed my stay in the Alpine Garden room, and the Highland Center overall with its L.L. Bean décor and AMC photos dating from the 1890's to the present day adorning the walls throughout.

Friday we set out for the hiking hub of Franconia Notch, Lafayette Place Campground. Our destination for the night was Lonesome Lake. It had rained heavily Thursday night and, while no precipitation was falling at the start of our hike, it was raining when we reached the hut via Lonesome Lake Trail. Two hikers were just departing for Cannon, but we opted to play cards, build a jigsaw puzzle, and nap. I filled my head with stories of 150 years of misadventure on the Presidential Range of the White Mountains from Nicholas Howe's *Not Without Peril*, a book on the shelves in the hut.

(Note to self: On your next visit to a high hut, bring a new deck of cards and a new jigsaw puzzle as gifts. I am sure they would be received if I hiked out with one of the many incomplete packs of playing cards and one of the jigsaw puzzles with missing pieces!!)

We had an upper bunkroom to ourselves, as only 17 people were spending the night. And what a night it was for viewing stars, the Milky Way, Cassiopeia, and the moon! The rain had stopped, the skies had cleared, and the temperature dropped to 35 degrees.

The hut crew shared the Mt. Washington Observatory weather forecast Saturday morning over breakfast. (*Continued on Page 5*)

White Mountain Adventure

(Continued from Page 4)

Visibility from the summit—130 miles! Summit in and out of clouds under a partly sunny sky with chance of snow showers late. Valley outlook—mostly sunny, lower 60s, NW wind 10-15 mph. We were psyched for a perfect hiking day!

Fishin' Jimmy Trail leads from Lonesome Lake to Kinsman Ridge Trail at Kinsman Junction. We passed the first-come-first-served Kinsman Pond Shelter on our way to the shore of Kinsman Pond, then returned to Kinsman Junction to summit 4,293' North Kinsman via Kinsman Ridge Trail. We were rewarded with the views, obscured as they were by clouds rolling in and clouds rolling out. Glorious!

After lunch on the summit, we opted for the same trails we'd ascended. This is a very popular hike for people with dogs, we discovered. We were back at the trailhead at 3:10 pm. It was then that we met up with what the croo had described as a "hiking club" of 35 that would be filling the hut Saturday night. It was a group of young girls, maybe 8-9 years old, and their adult chaperones, just setting out!

I'll leave you with the joke that 5-year-old Sydney, hiking with her Dad, told us after dinner Friday night.
Q: "What do you call cheese that is not your own?"
A: "NACHO CHEESE"!!!!!!

Thank you, AMC, for a wonderful adventure.

**Volunteer of
the Month:
Anne Duggan**
Written by
Leslie Carson,
Hiking Chair

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy leading terrific trips to make our Chapter one of the best. This month, the Hiking Committee recognizes Anne Duggan for her continuing contributions. For those of you who don't know Anne, she:

- is a four season hike leader
- loves to find a swimming hole at the end of a hike
- always packs a bathing suit (except winter)
- has a hand-knit snack sack filled with snacks to share
- enjoys hiking the less crowded Berkshires
- leads at a pace to suit the group
- entertains us with stories of her sheep
- keeps the group engaged so no one feels left out
- likes hiking Mt. Tom with views of western MA, especially during the spring raptor migration
- is partial to winter snowshoe hikes
- volunteers at SEM workshops

Thank you, Anne, for all you do! It is greatly appreciated.

Anne will receive a Volunteer of the Month Certificate and a \$50 gift card.

Bourne Rail Trail Update:

Dear Friends,

As summer has turned to fall on Cape Cod, we want to send a brief update on the status of the Bourne Rail Trail, and extend our thanks to the growing number of supporters who will help make the vision for the Bourne Rail Trail a reality.

You may have read about the trail in the news recently as it relates to potential future use of the existing rail tracks. As part of the Feasibility Study, the Cape Cod Commission has been reaching out to various stakeholders regarding their interests in future use of the state-owned land. This includes members of the Joint Base Cape Cod Military-Civilian Community Council and the Board of Managers of the Upper Cape Cod Transfer Station. These groups have expressed an interest in maintaining the tracks. This is not surprising, and it does not mean that the trail will not be built. Outreach to these groups is part of the Feasibility Study by the Cape Cod Commission. ***The Study is not yet complete.***

The Friends of the Bourne Rail Trail are interested in exploring ***all options*** for the use of this state-owned land. These include keeping the tracks in place and building a trail adjacent to them, or removing the tracks and building the trail. The most viable option will be the one that provides the greatest benefit to the public (including Bourne residents), is grounded in facts, and is vetted through a transparent public process.

To this end, we are committed to supporting a full and thoughtful exploration of the use of the corridor. We met many of you through our Trail Ambassador Program this summer, the Friends' efforts to raise awareness in Bourne and throughout the Upper

Cape about this tremendous opportunity. If you are receiving this email, count yourself among the trail's earliest supporters. Many of you have wondered how you can help: "Can I give a donation?" "Is there a petition to sign?"

At this point in the process, some of the things that you can do are to talk to friends and neighbors, [write a Letter to the Editor of our local papers](#), and [contact our elected officials](#) at Allselectmen@TownofBourne.com to let them know that you support the project. Most important, please attend meetings about the project. The Friends will keep you updated.

We anticipate the Feasibility Study will be complete [in late October] and we urge you to stay engaged with this project. We plan to host a community forum this fall, after the Feasibility Study is released, providing an important opportunity for the community to provide feedback on the Study and the vision for the trail.

Thank you so much for your interest, support, and enthusiasm for this project! We look forward to seeing you soon!

Friends of the Bourne Rail Trail

Public Meeting Draft Resource Management Plan for the Blue Hills Complex

Including the following properties:

Borderland State Park
Blue Hills, Cutler Park, Neponset River, and Wilson Mountain Reservations
Bristol Blake State Reservation
F. Gilbert Hills, Franklin, and Wrentham State Forests
Bridgewater, Rehoboth, and West Bridgewater State Forests

**Thursday, November 10, 2016 - 6:00 p.m. to 7:30 p.m.
Sharon Public Library, 11 North Main Street, Sharon, MA**

DCR will be presenting an overview of the draft plan's contents and recommendations, and inviting public comments. Prior to the meeting, the draft plan will be available on the DCR website at <http://www.mass.gov/eea/agencies/dcr/conservation/planning-and-resource-protection/rmp/blue-hillscomplex.html>, and review copies will be available during business hours at Blue Hills Reservation headquarters, Milton; Borderland State Park visitor center, North Easton; and Mass Audubon's Stony Brook Wildlife Sanctuary, Norfolk. Additional copies will be made available at local libraries, consult the DCR web page, at the above address, for a list of libraries with public review copies.

Public comments on the draft plan may be submitted to DCR until December 12, 2016, either online at <http://www.mass.gov/eea/agencies/dcr/public-outreach/submit-public-comments/> or by writing to the Department of Conservation and Recreation, Office of Public Outreach, 251 Causeway Street, 6th Floor, Boston, MA 02114.

If you have questions, concerns, or would like to be added to an email list to receive DCR project specific or general announcements, email mass.parks@state.ma.us or call 617-626-4973.

The meeting presentation will be available after November 10, 2016 on DCR's website at <http://www.mass.gov/eea/agencies/dcr/public-outreach/public-meetings/>.

Join us on Twitter @ MassDCR!

Reasonable accommodations for people with disabilities are available upon request by emailing Agatha Summons-McGuire at agatha.summons@state.ma.us or by calling her at 617-626-1282. Please provide Ms. McGuire with a description of the accommodation you will need, including as much detail as you can, as well as information on how she can contact you if more information is needed. Please allow at least two weeks (14 days) advance notice to Ms. McGuire of a need for reasonable accommodations; last-minute requests will be accepted, but may be impossible to fill. To request materials in accessible formats (Braille, large print, electronic files, audio format), please also contact Ms. McGuire.

AMC-SEM Member News

In Memoriam: Robert A. Kennedy III

We are saddened by the loss of our good friend Bob Kennedy. See the full obituary [here](#).

Robert Andrew Kennedy III, 71, of Brockton died peacefully on Friday, October 21, 2016, in the presence of his family after a courageous battle with cancer. Robert, known as Bob or Andy to his family and friends, was born in Brockton, March 11, 1945.

After a long career in engineering, Bob pursued his love for teaching full time, first at Massachusetts Maritime Academy and then at Massasoit Community College for the past 15 years.

Bob lived in Brockton all his life and enjoyed many summers in Chatham creating treasured memories with his children, and in recent years pursuing his joy of biking and hiking.

He will be remembered by many for his unique character, wit and wisdom, small acts of kindness, and above all his devotion to his children and grandchildren.

Coming soon to a trail near you!

Sat., Nov. 5. (FT) (NM) SEM Annual Meeting & Dinner, Brookside Club, 11 Brigadoone Rd, Bourne, MA 02532, Massachusetts, Southeast, MA. Join us for the SEM Annual Meeting & Dinner. We'll have chapter elections, social hour, buffet dinner, awards, raffle and speaker. All members, potential members, and friends are welcome. Buffet is \$20 / person before 10/29. Join us for a fun celebration of the year's events. See the flyer for more details, and to register. L Maureen Kelly (chair@amcsem.org) L Jodi Jensen (781-249-8346, membershipchair@amcsem.org), R See Registration Link below (membershipchair@amcsem.org)

Bicycling

Sat., Nov. 5. AMC/SEM annual meeting bike ride, Cape Cod Canal, Massachusetts, Cape Cod, MA. Please join us for a short fun ride along the local area roads and the Cape Cod Canal. Will depart from the Brookside Club off Route 28 in Bourne, MA. Start time 2:00 PM. Some short hills but mostly flat. Distance, 15-20 miles, speed 12-15 MPH Please join us for our chapters annual meeting following the ride. Annual meeting event starts at 4:30 PM at the Brookside Club For details, go to AMCSEM.org for the annual meeting details. Or, contact ride leader,. L Bernie Meggison (617-930-4029 8:00 AM - 8:00 PM, themeggisons@gmail.com, AMC/ SEM bike chair)

Mon., Nov. 14. Cycle the Beaver Full Moon on the Cape Cod Canal, Sandwich, Cape Cod Canal, Freezer Road Rec Area, Massachusetts, Cape Cod, MA. The Beaver Moon got its name from our native American Indians. This moon is when they would set traps for harvesting meat and furs for the winter months. Ride with our group towards Buzzards Bay and Mashnee Island. Beautiful sunsets, and seeing the moon ride over the Cape Cod bay. Please have lighting at the ready and bikes and tires ready for a 3:30 PM Departure Distance. 22 miles, mostly flat. Pace, 12-15 MPH. L Bernie Meggison (617-930-4029, themeggisons@gmail.com)

Education

Sat., Nov. 5. SEM Winter Hiking Workshop, Lakewood Hills, East Sandwich, MA, Massachusetts, Cape Cod, MA. Do you get bored indoors in the winter with nothing to do? Are you a three-season hiker who has wondered what winter hiking would be like? Then come join us for a fun-filled afternoon with presentations and anecdotes about winter hiking. You will learn about necessary clothing and gear, nutrition and hydration requirements, winter conditioning, winter issues and how to avoid them and why we love to hike in the winter. The workshop is free to all and is a prerequisite (or prior winter hiking experience) to join us for the SEM Winter Hiking Series. Workshop running from 12:00 to 3:00 pm. Join us for the Annual Meeting and Dinner after the workshop at the Brookside Club in Bourne. See the link below. L Leslie Carson (508-833-8237, ltc929@comcast.net)

Hiking-Cape Cod

Thu., Nov. 3. Hike John's Pond Mashpee, Massachusetts, Cape Cod, MA. Hike around John's Pond through woodlands, wetlands and skirt a golf course. From Rte 151 turn NORTH not South onto Currier Rd then right on Ashumet Rd in a short distance Ashumet bears R but continue straight on Hoopple Rd (unmarked). Continue 1.5 miles and turn R onto Back Rd and follow .06 mile to large beach parking lot. Lunch following hike at Laura's kitchen. L Nancy Wigley (508-548-2362 Before 8 PM, nrwigley@verizon.net)

Thu., Nov. 3. (FT) (NM) Thursday Morning Hikes - Newport Cliff Walk, Cliff Walk, Newport, RI, Rhode Island, RI. Meet at 10 a.m. at foot of Narragansett Ave facing the Cliff Walk. Park on street. Leisurely 3.5 mi. walk each way. 2/3 paved, 1/3 rocky walk behind Newport Mansions. Return by mansions on Bellevue Ave. to complete 7-mi. loop. Sturdy walking shoes required. Bring water, snack. Lunch at local restaurant. Heavy rain cancels. Limited parking - carpool if you can. Call leader for carpool info. L Barbara Hathaway (508-880-7266 before 9 p.m., barb224@tmlp.net)

Sat., Nov. 5. (FT) (NM) Stroll Down Memory Lane and Hike Eagle Pond Cotuit, Cotuit, MA, Massachusetts, Cape Cod, MA. A great way to connect with fellow members of AMCSEM. This hike will be paced to meet the skills of the group. We will take a walk along cartways and wooded trails to begin the social activities in a healthy way. Eagle Pond is a 106 acre conservation area with history back to the days of the Pilgrims. If desired we can take in a view of Cotuit Bay and hike around a white cedar swamp. There are several benches along the trail so people will have opportunities to stop, rest and hydrate. Rain will cancel event. For directions to meet up area please contact hike leaders. After the hike, join us for the 2016 AMCSEM Annual Meeting and Dinner at the Brookside Club in Bourne. Social hour begins at 4:30. See the link to register for the Annual Dinner. Come and join us! L Jane Harding (508-833-2864 Before 8 PM, janeharding@comcast.net) L Catherine Giordano (cmgiordan@msn.com), R Jane Harding (508-833-2864 Before 8 PM, janeharding@comcast.net)

Sun., Nov. 6. Hike North South Trail, Section #8, Rt 44, entrance to George Washington Wildlife Management Area Camp Grounds, Rhode Island, RI. . The North-South Trail is a 77 mile continues marked footpath along the border of Rhode Island and Connecticut from Block Island Sound to the Massachusetts border. This hike will be an 8.56-mile-long section of this trail, tucked into the Northwest corner of Rhode Island. We will travel south from Buck Hill Rd. (Rt. 101) in Burrillville Rhode Island, through the George Washington Wildlife Management Area ending at Rt. 44. We will be mainly hiking on abandon gravel roads and single track hiker-only trails. Moderately hilly we travel in part through a beautiful swamp filled with white cedars and hemlocks, cross earthen dams and around several ponds. This could be your last chance to view the waning colors of fall. Registration is a requirement for this hike. Hike information sheet will be sent to you upon registering. Plan 5 hours, plus travel time for this section. Please join us for a pleasant day. L Fred Wason (508-838-6049, fmwason@gmail.com), R Fred Wason (508-699-7635, fmwason@gmail.com)

Thu., Nov. 10. (AN) Thurs. Morn. Hike Gilbert Hills State Forest, Foxboro, MA (B3C), F. Gilbert Hills S.F., Foxboro, MA., Massachusetts, Southeast, MA. Thu. Oct. 20, 10 a.m. Meet Lakeview Pavilion, Foxboro. Dir. 95 Exit 7B. After rotary, 140N to Lakeview Rd. on left. .3 mi. on right. Water, snacks/lunch. L Joanne Stanisica (508-528-6799 7-9 p.m., jstaniscia@comcast.net)

Sat., Nov. 26. Thanksgiving Weekend Hike, New Hampshire, Monadnock Region, NH. A great opportunity to stretch your legs after a Thanksgiving feast. Our group will hike up both North Pack Monadnock and Pack Monadnock. With luck, a crisp, clear November day will reward us with great views from both "small" monadnocks. The Wapack Trail includes some short, steep, rocky sections, and a mixture of hardwood and hemlock forest. Total elevation gain approx. 1300', as we go up and down the two mountains. Hike distance approx. 5.5 miles. L Peggy Qvicklund (508-883-1623 please call before 9 pm, qvickan@comcast.net) L Jeannine Audet (508-493-8221 please call any time before 9 pm, MILMOD@aol.com)

Hiking

Sat., Dec. 3. Winter Series Hike #1 - Mt. Wachusett, Massachusetts, Central, MA. Join us for the first hike in this year's popular SEM Winter Hiking Series and discover the fun, beauty, and camaraderie of winter hiking. We'll be doing an enjoyable, app. 4.5-mile loop hike with some elevation gain and loss at Mt. Wachusett in Princeton, MA. Weather permitting, we should enjoy expansive views and, if we're really lucky, get an opportunity to try out our specialized winter hiking gear as well as practicing "layering" for winter hiking. Participation in the SEM Winter Hiking Workshop on Nov. 5th and/or significant winter hiking/snowshoeing experience required to participate in this series. L Leslie Carson (508-737-6627, ltc929@comcast.net, In addition to being an experienced four-season SEM hiking/backpacking leader, Leslie is an AMC August Camp hike leader and Major Excursions leader. Leslie currently serves as hiking chair for the Southeastern Mass. Chapter.) L Paul Miller (paulallenmiller@verizon.net, An experienced four-season SEM hike leader, Paul enjoys sharing his knowledge of and enthusiasm for winter hiking with others. Paul previously served as the hiking chair for the Southeastern Mass. Chapter.) L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net), R Leslie Carson (508-737-6627 before 9:00 pm,)

Thu., Dec. 8. (FT) (NM) Thursday Morning Hike, Moose Hill, Sharon, MA, Sharon, MA, Massachusetts, Southeast, MA. Meet at 10 am in Sharon at the Audubon Moose Hill Wildlife Sanctuary parking lot for a 5-mile hike, starting on the Vernal Pool loop. Relatively flat route. Parking fee for non-Audubon members is \$3 for Seniors. Bring rain gear, lunch, water and sturdy shoes. Rain cancels. L Hans Luwald (508-668-0462 before 9 pm, hans.luwald@gmail.com) CL Debbie Lepore (617-778-4339 before 8 PM)

Thu., Dec. 15. Thurs. Morning Hike - Massasoit State Park, Massasoit State Park, E. Taunton, Massachusetts, Southeast, MA. Meet at 10 a.m. at Massasoit SP, East Taunton's "hidden jewel." Approx. 6 miles on trails lined with pine needles that wind around lakes and ponds on mostly flat to gently rolling terrain. Wear boots, bring water, snacks and lunch. Rain cancels. L Barbara Hathaway (508-880-7266 before 9 pm, barb224@tmlp.net)

Tuesdays, Dec. 27; Jan. 3, 10, 17, 24, 31; Feb. 7, 14, 21, 28; March 7, 14). White Line the Blue Hills, Blue Hills Reservation, Milton, MA, Massachusetts, Southeast, MA. This series will run from the Winter Solstice to the Spring Equinox. We will meet Tuesday mornings at 10am and hike trails in the Blue Hills for about 4 hours at a moderate pace. The first hike is Tuesday Dec 27 (last hike is March 14). Register once and then come when you can, info sheets for registered participants will be emailed the prior week. After the first snowfall winter clothing, winter hiking boots, micro-spikes and snow shoes will be required. Also, Paul will have his dog Sunny with him when weather permits. Have you been Red Lining and would like to try White Lining or do you simply enjoy winter hiking? Then we hope you consider joining us Tuesday mornings; it's fun to hike without bugs and is a good way to keep fit during the long winter. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.) L Catherine MacCurtain (781-848-9506, camaccurtain@aol.com) CL Pat Achorn (plachorn@me.com), R Pat Achorn (plachorn@me.com)

Sat., Jan. 7. Winter Series Hike #2 - Morgan-Percival, New Hampshire, Lakes Region, NH. Join us for the second hike in our popular SEM Winter Hiking Series. On this classic app. 5.4-mile loop hike we will visit the summits of both Mt. Morgan (2,220 ft.) and Mt. Percival (2,212 ft.) with expansive views of nearby Squam Lake to the south and into the Sandwich Range Wilderness to the north. In addition to appropriate winter-rated hiking boots and appropriate (non-cotton) clothing, depending on conditions, microspikes and/or snowshoes may also be required for this hike. Participation in the SEM Winter Hiking Workshop on Nov. 5th and/or significant winter hiking/snowshoeing experience required to participate in this series. L Paul Miller (paulallenmiller@verizon.net, An experienced four-season SEM hike leader, Paul enjoys sharing his knowledge of and enthusiasm for winter hiking with others. SEM 2016 Annual Meeting and Dinner

Written by Maureen Kelley, Past Chapter Chair

The SEM 2016 Annual Meeting and Dinner was a fun and important night for the SEM Chapter. One hundred and twenty members came together at the Brookside Club in Bourne on November 5 for business and for connecting with friends.

As members arrived, the night began with a social hour and appetizers. The invitation requested that guests bring gently used fleece clothing for the AMC YOP (Youth Opportunities Program) and they certainly did—a total of three trash bags full!

Maureen Kelly, Chapter Chair, ran the AMC SEM Annual Meeting, with the major event being the election of the incoming 2017 Executive Board. The slate passed unanimously with new incoming officers: Barry Young, Chapter Chair; Paul Miller, Communications Chair; Bill Cannon, Conservation Chair; Sandy Santilli, Membership Chair; Pete Tierney, Trails Chair. Joining these new members are the continuing Executive Board members Patty Rottmeier, Treasurer; Bernie Meggison, Biking Chair; Jane Harding, Cape Hikes Chair; Doug Griffiths, Education Chair; Leslie Carson, Hiking Chair; Ed Foster, Paddling Chair; Barbara Hathaway, Skiing Chair; and Maureen Kelly moving into the Past Chapter Chair position. *(continued on page 3)*

**Barry Young, Chapter
Chair chair@amcsem.org**

View from the chair

Hello SEM Members,

I am both honored and grateful to be elected as your Chapter Chair and look forward with enthusiasm and excitement to serving you the members of SEM. Since rejoining AMC a few years ago, I have met a great group of people who both like the outdoors and support the AMC mission. I am constantly “wowed” by all the volunteer efforts that make our chapter flourish.

I am pleased to report your chapter is in terrific shape due in large part to the efforts of outgoing Chapter Chair Maureen Kelly and her leadership team. Your chapter is financially sound and led with great volunteer leaders. For the first time in recent memory, we enter the new year with a full slate of all 15 voting positions on the Executive Board filled with enthusiastic volunteers.

One of my stated goals as your Chair is to get more of our membership participating in our events. We offer outdoor programs in hiking, biking, paddling, skiing, and trail work. In addition we provide excellent educational and training opportunities in leadership, conservation, and wilderness first aid. We also provide workshops throughout the year in hiking, backpacking, and use of map and compass. All of these events are listed on our website www.amcsem.org.

Lastly, while we have a great group of leaders currently in place, we are always looking for new volunteers and have several ways for you to help your chapter. So if you would like to help your chapter and meet some new people with a similar love of the outdoors, please contact me at any time with your thoughts and suggestions.

See you all outside!

Barry Young

Annual Meeting and Dinner

(Continued from page 1)

Notice was given that Christine Racine would be a candidate for Vice Chair at the next Executive Board Meeting on November 16, and she has since been elected.. As the business meeting was proceeding, a beautiful red-pink-orange sunset filled the sky behind the speaker and some members caught it with their cameras.

Dinner was a delicious buffet offering salad, baked cod, chicken parmigiana, and vegetables; dessert of coffee and homemade cookies followed. Our friendly annual Master of Ceremonies, Luther Wallis, guided us through the evening. The Annual Dinner festivities kicked off with awards. The SEM Distinguished Service Award was won this year by Farley Lewis. Farley has been active in Cape Hikes, Skiing, the Executive Board, and many chapter events. Cape Hikes gave awards to Robin McIntyre for Special Recognition and Nancy Wigley for Cape Hikes Master Leader. The Hiking Committee gave four awards to its leaders: Paul Miller for Most Enthusiastic Winter Hike Leader; Len Ulbricht for Leading the Most Hikes; Jeannine Audet for Outstanding New Leader; and Bob Vogel for the Hiking Service Award. The Trails Committee also awarded Bob Vogel their one award—the Get Out, Get Dirty, Give Back Trailwork Award. Congratulations and thank you to all leaders.

Outgoing Committee Chairs and Executive Officers were thanked for their service, along with former Chapter Chairs and former Executive Board members. Ellen Thompson, Communications Committee member announced the 10, 25 and 50-year SEM member anniversaries and congratulated them.

John Judge, President and CEO of AMC, joined us during dinner to chat with members and update us all on the latest news and programs that AMC is running. Following John was our featured speaker for the night, Doug Arion, resident astronomer for AMC. Doug is passionate about connecting the public with the sky and all its stars and planets. He showed us how the celestial world has helped shaped us as human beings and that light pollution is unhealthy for us. He is working on creating a Dark Sky Preserve in central Maine.

The feeling in the Brookside Club that night was warm, friendly and lively. The SEM Chapter of the AMC continues to be committed to getting people outdoors and enjoying every minute of it.

Farley Lewis, right, is recognized for Distinguished Service to the chapter. *Photo by Ken Carson*

THANK YOU

Presenters Walt Granda, left, Leslie Carson, Paul Miller, and (not pictured) Ken Carson ran a successful workshop on winter hiking. *Photo by Ken Carson*

Workshop Kicks Off Winter Hiking Series

By Paul Miller, SEM Winter Hike Leader

As has been our tradition in recent years, the SEM Hiking Committee kicked off our popular Winter Hiking Series with an instructive indoor workshop on Cape Cod during the afternoon just prior to the SEM Annual Meeting and Dinner held elsewhere on the Cape.

The purpose of this workshop is to provide experienced three-season hikers with an overview of the clothing, boots, and specialized gear needed, as well as other considerations for safe and enjoyable winter hiking in the mountains of New Hampshire. Twenty-six prospective winter hikers joined us for this year's workshop, held at the Lakewood Hills Clubhouse in Sandwich, Mass.

Due to some key-related confusion beyond our control, many participants had an opportunity to enjoy the beautiful Cape Cod sunshine and fresh air for a bit before we could gain access to the clubhouse. The workshop started just a little behind schedule, but not enough to seriously impact the program.

This began with Leslie Carson, SEM Hiking Chair, welcoming the workshop participants, reviewing the objectives and agenda, and introducing the presenters. Leslie then asked everyone to introduce themselves and briefly share what they've been doing recently from a

hiking perspective and what they hoped to get out of the workshop.

SEM Hike Leader Ken Carson then took a few minutes to share his thoughts on what's so special about winter hiking, specifically the beauty and solitude of the mountains in winter, the lack of crowds and insects, the great views, and "the opportunity to use some neat gear."

Paul Miller, SEM Hike Leader and self-avowed "winter hiking evangelist," then discussed the key points about clothing for winter hiking: avoid cotton and other non-wicking materials, use a layering strategy that enables you to constantly adjust layers to keep from overheating, and—above all—don't overdress, since this leads to sweating, which is what you want to avoid as much as possible. Paul then pulled examples of the different clothing articles he wears in different temperature, wind, and moisture conditions and how he mixes and matches them as needed to stay comfortable (and avoid hypothermia) in cold weather.

Leslie then discussed and showed examples of the various types of specialized gear we require for our winter trips up North. These include microspikes for hard-packed, snow-covered, or slightly icy trails; snowshoes for deeper snow conditions; and 10- or 12-point crampons for more challenging winter conditions when we would have

Photo by Ken Carson

(Continued on next page)

Winter Series Workshop

(Continued from page 3)

to negotiate steeper, icier trails. She explained that while we might not always require all this gear on the trail for every hike, we almost always ask you to bring it to the trailhead with you...just in case. For the overnight trip that serves as the finale for our Winter Series, Leslie stressed the importance of a good winter sleeping bag rated down to at least zero degrees F.

Leslie also covered the critical topic of winter footwear, including well-insulated/waterproof hiking boots, wool, synthetic, or wool/synthetic blend winter socks, and gaiters to keep the snow out of your boots. Leslie showed several examples of appropriate winter boots and discussed the pros and cons of each type. She also discussed her own voyage of discovery to finally find a pair of winter boots that worked well for her.

Next, SEM Hike Leader, Walt Granda, discussed nutrition and hydration requirements for safe and enjoyable winter hiking. Since our bodies burn food as fuel to maintain heat in winter, he stressed the need for high-caloric foods that are easy and convenient to eat while out on the trail when the temperature drops to well-below-freezing levels. He also explained why bladder-type hydration setups don't work well in winter (the tubes almost always freeze

up), and strategies for keeping your Nalgene-type water bottles from freezing. These include putting one water bottle upside down in an insulated carrier, and burying a second, backup water bottle deep in your backpack.

Finally, Ken explained that since winter hiking typically involves carrying heavier loads than at other times of the year, it's important to condition properly...and start doing so well in advance of any planned hikes. He then provided suggestions for how to accomplish this.

To conclude the workshop, Leslie and Paul quickly summarized the schedule for this season's Winter Hiking Series:

Winter Series Hike #1 - [Mt. Wachusett](#)

Date: Saturday, December 3, 2016

Winter Series Hike #2 - [Morgan-Percival](#)

Date: Saturday, January 7, 2017

Winter Series Hike #3 - [CRAWFORD NOTCH](#)

Date: Saturday, February 4, 2017

Winter Series Hike #4 - [LONESOME LAKE HUT OVERNIGHT TRIP](#)

Dates: Friday, March 3 to Sunday, March 5

Trail Work Event 11/19/16

Written by Pete Tierney, Trails Committee Chair

Armed with rakes, shovels, loppers, picks and saws, ten AMCSEM volunteers went out Saturday morning, November 19, to do trail work in the Blue Hills reservation. Through the efforts of Hike Leaders Dexter Robinson and Cathy MacCurtain, the chapter has recently adopted a section of the Skyline Trail. Extending from Hillside Street near Park Headquarters to Route 28, the trail crosses Tucker Hill, North Boyce Hill and Buck Hill. This is a popular and heavily used trail, enjoyed by individual hikers and families alike. It needs careful maintenance so that people do not stray off the treadway and create a maze of unofficial, erosion-prone trails.

Two main areas of concern were the rock stairways that climb up Buck Hill from the east and the west. These stairways had become less and less useful as they filled up with rock scree and decayed organic materials. As the stairs filled up, hikers used “work-arounds” that bypassed the stairs and created alternate paths that contributed to harmful erosion. Using picks, rakes and shovels, the volunteers cleared off the stairs and restored their usefulness. As the work progressed and hikers climbed and descended Buck Hill, it was gratifying to see them using the newly cleaned stairs rather than the “work-arounds.” Many hikers expressed their thanks for the

work of the volunteers and it provided an excellent opportunity to inform people about the AMC.

in addition to the work on the stairways, the trail crew cut vegetation that had encroached on the treadway and cleared clogged water bars. Water bars (or grade reversals) are essentially shallow ditches, faced with wood or stone, dug at an angle across the trail. Their purpose is to divert water from the trail to cut down on erosion. They do fill up eventually with dirt, rocks and organic material and they need to be cleaned out to remain functional.

Gratified by the improvement on the trail, heartened by the thanks of passers-by and refreshed by brownies supplied by Trails Committee Vice Chair Skip Maysles, the volunteers then moved on to the Quarries section of the Blue Hills. Hike Leader Paul Brookes has recently adopted the trails around the St. Moritz Ponds. In researching the history of the area, he found that one of the obscured, badly overgrown trails that he adopted had likely played a prominent role in the popular annual Winter Carnival held on the site from 1929 to 1940. The crew uncovered wooden stairs that marked the beginning of the trail and worked on defining the path past an old fire pit on the shore of the pond. Even though it was past the time allotted for the trail work event, the volunteers elected to stay a while longer to complete the work.

As volunteer Bob Jabaily said, “Who knew that doing yard work could be so much fun?”

A Shining Treat at World's End

Written By Éva Borsody Das

On Thursday Oct 13, 2016, the Thursday hike series toured World's End, a Trustees of Reservations property in Hingham. In addition to the beautiful tree-lined carriageways, the rugged rocky shorelines, and the views of the Boston skyline in the far distance across the water, the group encountered a special treat.

We are pictured here (with leader Éva Borsody Das, 4th from the right) in front of an eye- and light-catching installation by Danish-born artist Jeppe Hein, called *New End*. A labyrinth of mirrored columns is placed in a nautilus arrangement, inviting visitors to wander through and catch the myriad reflections of the landscape and water. This fascinating site-specific piece will remain on view through October 31, 2017. The trails are well-marked and suitable for leisurely self-guided walking.

Photo by Friendly Stranger

2017 Volunteer Teen Trail Crews Coming Soon!

1-Week, 10-Day, 2-Week, & 4-Week Trail Crews for ages 14-19 in these locations:

- New Hampshire's White Mts. & Cardigan Campground
- Maine Woods & Land Trust Partners
- Massachusetts Noble View Outdoor Center & The Berkshires
- Boston's Bay Circuit Trail
- New York's Harriman State Park
- New Jersey's Mohican Outdoor Center

Register NOW for AMC's 2017 Annual Summit!

January 28, 2017

Four Points by Sheraton, Norwood, MA

Annual Summit is AMC's thanks to the people who make our mission a reality everyday: our members and dedicated volunteers!

Whether you're a lifelong member or a newcomer interested in discovering all that AMC has to offer, we hope you will join us!

Our workshop schedule offers something for everyone: Need CPR certification? Want to walk through Blue Hills Reservation while learning about forest ecology? Interested in new navigation apps, or pro tips for backcountry photography? Check out the offerings [here!](#)

The event features:

- Your choice of more than 20 workshops and presentations
- A delicious buffet lunch
- An early evening Celebration Reception, with a drink and hors d'oeuvres
- AMC's annual volunteer service awards
- Committee meetings, open to all
- The 141st Annual Business Meeting

For those traveling a distance, who would like to stay Friday and/or Saturday night, we have secured a great group rate. You'll find the lodging details on the registration page.

Register at www.outdoors.org/AnnualSummit

\$30 if you register by December 31

\$40 if you register in January

Plant Conservation Volunteer Program

Register by Feb. 1, 2017, for one-day training to help the New England Wild Flower Society monitor rare plants and their habitats. Free field trips & learning opportunities.

Copicut Woods Family Hike

Written by Jeannine Audet

On Sunday, October 30, 2016, our group of nine hikers enjoyed a 2.3-mile Family Hike in Copicut Woods, Fall River. Several of our hikers got into the weekend spirit and wore their costumes. We had a beautiful day—plenty of sunshine and fairly warm for the season. Our group completed a loop on the Shockley and Meadowhawk Trails.

We talked about the foliage, trees, birds, and animals, and were fortunate to find two salamanders. The kids excitedly led the way at times, and also enjoyed taking a break sitting on the stone walls. The remnants of the Isaac Miller Homestead sparked the interest of the adults.

All in all, a great time! I look forward to leading more Family Hikes to encourage kids to learn about and enjoy the outdoors!

Volunteer of the Month: **Bob Vogel**

Written by Cathy MacCurtain,
Past Trails Chair

In addition to his contributions as a hike leader, Bob has been instrumental in trail maintenance locally and up North. Not only was Bob a tremendous mentor to Cathy MacCurtain, our outgoing Trails Chair, but he was also responsible for holding several trail cleanup events at Borderlands and the Blue Hills during 2016. Bob brings his wonderful enthusiasm and a great sense of humor to every trail clean up.

Bob is patient with his trail volunteers yet provides great leadership in the proper techniques to use in trail maintenance.

Kudos to Bob Vogel for his outstanding commitment to trail work for the SEM Chapter.

He will receive a Volunteer of the Month Certificate and a \$50 gift card.

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy leading terrific trips to make our Chapter one of the best. Bob Vogel, a member of the SEM Chapter for many years is the SEM Trail's Volunteer of the Month.

Columbia River Gorge AMC's August Camp 2017

The mighty Columbia River cuts a panoramic gorge in the shadows Mount Reiner, Mount Saint Helens, Mount Adams and Mount Hood! Camp near the Bridge of the Gods, where the Pacific Crest Trail crosses the Columbia River.

Hike, raft, bike and more visiting many stunning waterfalls and scenic vistas on dozens of activities led by trained AMC volunteers. Just arrive and enjoy the activities and camaraderie. Everything's provided: tents, hearty and delicious meals prepared by our staff, local transportation and a free shuttle from Portland International Airport.

AMC's August Camp 2017

Explore Washington's Columbia River Gorge and the Pacific Crest Trail!

What, you may ask, is August Camp? It's an adult hiking camp sponsored by AMC that moves locations from year to year. In recent years, it has been based in a variety of great places such as Olympic National Park, Oregon's Central Cascades, Mt. Rainier National Park, and the Canadian Rockies. August Camp provides large tents with two cots (they pair you with a same gender tent mate if you are traveling alone) and handles all meals and transportation once you arrive at the designated airport. Individuals sign up to attend one or two weeks of camp, Saturday to Saturday. Each week accommodates 64 campers ranging in age from mid-30s to mid-80s. No matter which week you attend, you will meet a congenial group of fellow hikers and share a week of fun adventures.

Every day, 5-6 hikes of varying levels are offered. These are labeled as A, B, and C hikes with A being the most challenging. There are also alternative activities such as whitewater rafting, kayaking, mountain biking, and visits to scenic local attractions offered throughout the week.

Why is August Camp so wonderful? Because you meet great people and get to reconnect with them each summer, you get to go to beautiful places with people who share your interest in the outdoors, you don't have to do any work, and the cost of attending camp includes everything but airfare. At a cost of \$925 a week (including lodging, meals and ground transportation) for AMC members, it makes for a real bargain in the world of vacation travel.

August Camp 2017 will take place in an exciting new location, in the center of a triangle formed by Mount Adams, Mount Saint Helens, and Oregon's Mount Hood. The camp will be located a short distance north of the spectacularly beautiful Columbia River Gorge and the Bridge of the Gods, where the Pacific Crest Trail (PCT) crosses the mighty Columbia River. The PCT meanders right by the camp site, which will be located just west of

Stabler, WA, just one and a half hours from Portland International Airport.

Activities are planned and led by AMC-trained and approved volunteer leaders; meals are prepared by the friendly camp staff. All you have to do is show up at the airport Saturday to enjoy the hiking, the scenery, the people, and the fun that is August Camp!

Detailed info, pricing and registration materials will be available at augustcamp.org beginning in early December. Camp filled by mid-February in 2016, so don't miss out! Plan your one or two week adventure now and be part of one of the AMC's oldest traditions. Registration opens January 2, 2017.

Week 1: July 15 - July 22

Week 2: July 22 - July 29

Week 3: July 29 - Aug. 5

Week 4: Aug. 5 – Aug. 12

For additional information, including registration details, go to augustcamp.org

Explore the Pacific Northwest this summer at AMC's August Camp!

New Information Volunteers needed for Mohican Outdoor Center and Harriman Outdoor Center

Information Volunteers greet guests in a friendly manner, orient them to the facility, and offer advice about hiking trails and other outdoor activities. They also provide information about conservation and natural history, assist with retail sales, help guests at

the waterfront with boats and equipment, and promote AMC membership. Essential qualifications include familiarity with nearby hiking trails as well as the facility's lodging accommodations and outdoor activities; an outgoing, friendly personality; and knowledge about outdoor gear and backcountry safety.

Information Volunteers serve at Mohican and Harriman on weekends in summer and fall. Volunteers commit to providing at least 32 hours of service per year. Training will be provided for new Mohican and Harriman "Info Vols" during a spring training weekend, April 21-23, 2017. Volunteers must be at least 18 years old and pass an annual criminal background check. For more information, and to request an application for the program, please contact Kyra Salancy, AMC's Outdoor Program Centers Volunteer Coordinator, by January 15th, at amcvolservices@outdoors.org.

Outdoors Together Diversity, Equity & Inclusion Training

What: Outdoors Together: Diversity, Equity & Inclusion Training

Who: Led by The Avarna Group

When: Sat & Sun, March 25 - 26, 2017
(Friday night optional)

Where: Prindle Pond Conference Center
Charlton, MA

Cost: \$50, includes all food, lodging and materials

Space is limited. If you are an active volunteer and would like to apply, or for more information, please contact Lisa at lrobbins@outdoors.org.

AMC volunteers lead the way in outdoor recreation, education and conservation.

You promote outdoors engagement with every trip, mentor the next generation of volunteers, and help grow the community that protects our natural treasures.

That is **WHY** AMC is excited to announce Outdoors Together. This creative program explores how we can welcome and include people from diverse backgrounds and experiences, to sustain our energy, relevance and values into the future.

The Avarna Group, nationally recognized innovators in building relationships between people and the environment, will lead our training.

We hope you will join us for this wonderful weekend!!

To read more about the ideas inspiring this training, go to www.TheAvarnaGroup.com.

BICYCLING

Tue., Dec. 13, 2016—Sunset and Full Cold Moon Cycling, Massachusetts, Cape Cod, MA. Road cycling on streets and canal roadflats & hills—22+/- Miles/ 2 +/- hours. December is the month when winter begins for most of the Northern Hemisphere; hence, its full moon is called the Cold Moon. We'll cycle from Sandwich Recreation Area at the end of Freezer Road in Sandwich to Monument Beach and return along Shore Road and through Gray Gables and Mashpee Island for sunset at Tidal Flats Recreation Area across the canal from MMA. Return along the canal with a stop at Aptuxet Trading Post including President Cleveland's Railroad Station and moonrise over the Sagamore Bridge. Contact leader to register and for start time. L Paul Currier (508-833-2690 9-7, paulbcurrier@comcast.net)

Sun., Jan. 1. 14th Annual New Years Day Cycling, Massachusetts, Cape Cod, MA. SEMAMC 14Th ANNUAL NEW YEAR'S DAY CYCLING Road Cycling—We'll cycle on the streets and Shining Sea Bike Path from North Falmouth to Woods Hole and return. 27+/- miles—3 hours or so. We'll do a shorter ride if the weather is iffy. We'll start at the Shining Sea Bike Path parking lot in North Falmouth. First re-group at Old Silver Beach and a look toward Marion, Rochester, Mattapoisett, and Fairhaven. Perhaps a couple of side tours past Gunning Point and Racing Beach and Nobska Light. Then on to Woods Hole for a stop at Pie in the Sky for refreshments in the sun. Start time—late morning—contact leader for time, directions, and registration—e-mail preferred. L Paul Currier (508-833-2690 9-7, paulbcurrier@comcast.net)

HIKING CAPE COD

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Thu., Feb. 2. (B3C), Thursday Morning Hike: Whitney and Thayer Woods, Cohasset, Hingham, Massachusetts. Whitney & Thayer Woods (B3C) Lovely woods walk across rolling hills on Trustees of Reservations property. Meet at 10:00am in the Whitney and Thayer Woods main parking area. Boots suitable for weather/trail conditions, possibly traction devices or snowshoes, water, winter wear (layers, hats, mittens) and snacks/lunch required. Directions: from Route 3 (Exit 14), take Route 228N for 6.5 miles through Hingham. Turn right onto Route 3A eastbound and follow for 2 miles to the entrance. Parking is on the right. Contact L if weather is questionable. Please carpool if possible, as parking is limited. L Eva Borsody das (781-925-9733, borsody@gmail.com)

Sat., Feb. 4. WINTER SERIES HIKE #3—CRAWFORD NOTCH, White Mountains, NH. Join us for Winter Hike #3 in the popular SEM Winter Hiking Series. On this outing we will summit a 4000 foot mountain in the Crawford Notch area. The actual mountain will be determined based upon the weather and snow conditions. Mountains under consideration include Tom (4051'), Jackson (4052'), Pierce (4310'), and Field (4340'). Participation in the SEM Winter Hiking Workshop on November 5th and/or significant winter hiking experience required to participate in this series. L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net) L Leslie Carson (lrc929@comcast.net), R Barry Young (Barry.young@comcast.net)

Fri., Mar. 3-5. Winter Hiking Series Trip #4—Lonesome Lake Overnight, White Mountains, NH. Join us for the fourth and final trip in our popular SEM Winter Hiking Series. On Friday, we will hike into the AMC Lonesome Lake Hut from the Lafayette Campground in Franconia Notch. After checking into the hut, we will have an opportunity to explore the beautiful Lonesome Lake area before enjoying our "social hour" and group-prepared dinner in the hut. Following our group breakfast on Saturday, we will offer one or more hikes to nearby peaks (probably Cannon Mtn. and or North/South Kinsman). After returning to the hut, we will once again get together for a social hour and group-prepared dinner. After breakfast on Sunday morning, we will pack up our stuff and hike back down to the trailhead for the drive back home. While the hike into the hut from Franconia Notch is relatively short, we will be carrying full winter packs and either hike on Saturday will be relatively challenging. In addition to appropriate winter-rated hiking boots and appropriate (non-cotton) clothing, we will require microspikes, snowshoes, and 10- or 12-point crampons for this trip. Since the bunkrooms are unheated, we will also require a winter sleeping bag rated down to AT LEAST zero degrees F. Participation in the SEM Winter Hiking Workshop and/or significant winter hiking/snowshoeing experience required to participate in this series. For the overnight trip, we will also give preference to those who participated in the earlier hikes in this winter series. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul, an experienced SEM winter hiking leader and instructor, takes great pleasure in introducing three-season hikers to the many pleasures of winter hiking.) L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net)

Thu., Mar. 23 (FT) (NM) Thurs. Morning Hike—Oldham Trail & Harold Clark Forest, Harold Clark Forest, Foxboro, MA, Massachusetts, Southeast, MA. Hike the Oldham Trail and Harold Clark Forest in Foxboro. Meet at 10:00 am at parking lot on Rt. 140 across from Sunoco Station. Heavy rain will cancel. Bring lunch or snack and water and wear appropriate footwear. L Muriel Guenther (508-699-7461 Before 9:00PM, murielguenther@comcast.net)

Fair Skies and Super Cycling

Written by Paul Currier, Leader

Once again we enjoyed a beautiful winter's day for our 14th New Year's Cycling - blue skies, mid 40s, but with a bit of a breeze; just enough to keep the sweat from forming on our brows.

Starting once again in North Falmouth, we rode to our first stop and regroup - Old Silver Beach. There we watched an exciting surf glider demonstrate his skills - we were pretty much in agreement that he was not on his first trip. Over to the right were the Old Silver dippers doing their usual NYD frigid plunge. To each his/her own!

Continuing along streets and the Shining Sea bike path to Woods Hole, we cycled through the scenic Gunning Point and Racing Beach areas.

HAPPY NEW YEAR!

As we begin 2017, I want to wish you and your families all the best for a healthy and rewarding new year.

This is the time of year when most people think about self-improvement. Year after year, the top New Year's Resolution is to lose weight and get in shape. Well, AMC has great news for you! No need to sign up for one of those expensive gym memberships. Despite the weather turning cold, there is still plenty of opportunity to get outside and participate in an AMC sponsored activity.

The dedicated leaders of the SEM Chapter have a full slate of activities planned to get you outside. From local weekly hikes in the Blue Hills and on the Cape, to challenging winter hikes in the White Mountains, there is something for everyone. Want to learn to cross-country ski? Check out the local adventure planned by our ski leaders for January 29th! Afraid you might be cold? Our well-trained leaders will show you how to dress in layers, wear the proper footwear, and carry the right equipment. Guaranteed you won't be cold!

If you haven't been to our website lately, [check it out](#). All our activities are listed [here](#). Get your family and friends involved and participating with you by sharing our newsletter and activities with them. Participants do not have to be members to share in the excitement, so encourage them to join you.

See you all outside!

Biking to the Beach! *Photo by Robyn Saur*

New Year's Cycling

Continued from page 1

Upon arriving in Woods Hole we stopped at the ferry terminal and fortunately found a Good Samaritan to take pictures of our group in and around a huge wreath.

We proceeded to Coffee O (awesome hot chocolate!) for refreshments followed by the return trip, taking in Nobska Light and Martha's Vineyard. The skies were the bluest of blue and we could see the lighthouse on Gay Head—the first time I recall being able to pick it out from Nobska.

On a clear day, you can see the lighthouse!

Photo by Paul Carrier

Next was the return trip along the Shining Sea path which was of course offering numerous splendid views of bays, Sippewisset Little and Great Marshes, ocean, birds, bogs, and a beautiful ending for another enjoyable ride.

Returning riders from 2016: Barbara Gaughan, Bernie Meggison, Joe Tavilla, and me. New riders joining us this year included Robyn Saur, Bill Brown, Jeffrey Hyman, and Julia Slatkiewicz, an AMC'er from Taunton.

Volunteer of the Month: Joanne Staniscia

**Written by Leslie Carson,
Hiking Chair**

Photo by Ken Carson

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes JOANNE STANISCIA for her continuing contributions.

Joanne has been an active leader with the Southeastern Mass Chapter for the past few years leading local hikes, particularly for the SEM's Thursday Morning hikes. She has been hiking for many years with the Southeastern MA Chapter in all four seasons and is known to many. She is quick with a smile, has a positive outlook and a dry sense of humor. Her hikes are always well planned out (you may see her on the trail pre-hiking her route) and very well attended.

Thank you, Joanne, for all you do!

Joanne will receive a Volunteer of the Month Certificate and a \$50 gift card.

Noble View Outdoor Center 2015 Photo by Ken Carson

Intro to Snowshoe Hiking and XC Skiing

Written by Paul Brookes, Hiking Leader

Test out your new winter skills and/or equipment with a weekend of hiking, cross country skiing, and snowshoeing, depending on winter conditions. Our Hiking and Skiing Committees are sponsoring an introduction to these winter sports Feb. 10-12 at the [Noble View Outdoor Center](#) in Russell, MA, about two hours west of Boston.

The weekend is capped at 28 people, based on the two cottages we have reserved. There are still some spots left, but if you're interested email Walt Granda, the registrar, sooner rather than later. In past years this trip has filled up fast.

I've been to Noble View a few times and can vouch for it: It's a ton of fun and very social. You can go on morning and afternoon hikes or skiing, or just sit in front of the fire reading. Bring your own wine or beer and enjoy chatting, or playing board games or cards in the evening.

The registration fee of \$105 per person for AMC members/\$115 for non-members includes two nights lodging and meals. You arrive late afternoon Friday and get settled in during the evening. Dinner Friday night is provided, as well as breakfast, lunch, and dinner on Saturday and breakfast Sunday (left-overs Sunday).

I have sent in my reservation for the weekend and will be leading a Saturday morning hike in boots or snowshoes, depending on how much snow there is. There will also be leaders who will be doing cross-country skiing (again if there's enough snow). All told, it's a really fun weekend! [Here's the listing.](#)

For questions or to register, contact Walt Granda, 508-999-6038 before 9 p.m., or wlganda@aol.com.

Whooshing and waddling in a winter wonderland.
2015 Photos by Walt Granda

We Love Your Photos...

When you send them, please include if possible: activity, location, date, names of people featured prominently, different filename for each photo, name of photographer. Thanks!

The Conservation Corner

Written by Bill Cannon, Conservation Chair

As members of the AMC we tend to be more conscious of the outdoors and how fragile it is. We take Conservation and Leave No Trace seriously and have a desire to preserve the outdoors for those who come after us.

With that, I want to tell you about a room. Some of us have seen this room. Some choose to ignore it. Some have never seen it. It is the largest room in existence. It is the Room For Improvement. When we practice Conservation of our Outdoors, there is always the Room For Improvement. Let me cite some examples:

When you are hiking after a rain, do you go around the puddles?

When there is a tree down in the trail do you make a new trail around it?

Do you throw out that peach pit or apple core onto the shore from you canoe?

Do you leave your trash bag home when you go out?

Do you leave the filled doggy-doodoo bags at the trailhead thinking someone will pick them up?

Do you only snowshoe because you can't see the debris below the snow?

These are only a few areas that we can improve on as individuals and especially as a group.

That one plant I stepped on going around a puddle may survive, but may not survive the twenty more feet that are behind me. That apple core may rot in place and become compost for the flora, but the twenty other cores are likely to make the fauna sick.

We all have to enter that Room For Improvement. In this room we will find Training, Information and Wisdom. If we take what we learn in the Room and apply it to our outdoor activities we will be able to preserve the Outdoors for many generations.

I recently went to the Room and read a great article In AMC Outdoors by Karen Ingraham titled "[How to Reuse and Recycle Outdoor Gear.](#)" She has some great and easy ideas that we can apply to our Outdoor Activities. Please give it a read, and enter the Room For Improvement.

Become a Plant Conservation Volunteer

New England Wild Flower Society is seeking enthusiastic people who have a commitment to plant conservation and protecting natural habitats to participate in their Plant Conservation Volunteer Program. PCVs collect information on rare plants and their habitats across all six New England states. There are also opportunities to assist with invasive species removal, habitat management projects, and botanical surveys that benefit rare plants. The Society also offers free field trips and some learning opportunities to PCVs. Develop your botanical skills, put them to work, learn more about the flora of New England, meet others with similar interests, and help preserve your state's natural heritage.

How to apply: You must be able to attend the annual 1-day training session held on a weekend in March/April for

each of the New England states to review surveying protocols and PCV guidelines. The schedule for training sessions is on our website. To apply [visit our website](#) and fill out the electronic application by **February 1st, 2017**

A New Headquarters for AMC

I am very excited to [announce our purchase](#) of a new headquarters building at 10 City Square in the Charlestown neighborhood of Boston. This location provides many of the elements we have been looking for, including more modern space, proximity to public transportation, green space, as well as room for future growth and access to a broader urban constituency.

Charlestown is a dynamic neighborhood and we expect our move will strengthen our current partnerships with Boston City Parks, the National Park Service, the Charlestown Boys and Girls Club, and others. 10 City Square is adjacent to City Square Park along the Freedom Trail and near the Boston National Historical Park and Bunker Hill Community College.

We will be using the proceeds of the sale of our Joy Street buildings for the purchase and renovation of 10 City Square. In the coming months, we will make the investments necessary to renovate the building and create a 21st century work and program space—an “outdoor hub,” we can all be proud of. We also expect to raise funds to offset some of these costs and allow us to pursue even broader mission opportunities for this space.

Much as we did in the 1970s with the purchase of 3 and 4 Joy Street, we will initially be occupying about half of the building. The remainder will be leased out, giving us flexibility for future growth and an important new income stream. Our exact move date depends on a number of factors, but for now I can tell you that it is likely no earlier than July 1, and no later than September 23 of 2017.

Buying the building is only the first step in our journey. We are looking forward to working with our staff, Boston chapter volunteers, and program partners to create the work and program space we want and a location that raises our public profile and celebrates who we are as an organization.

Thank you all for your support as AMC takes this important step forward.

John Judge, AMC President & CEO

2017 Is Here, and Annual Summit's Filling Up Fast! Register Now!

Saturday, January 28

Four Points by Sheraton, Norwood, MA

Whether you're a lifelong member or a newcomer curious about all AMC has to offer, we hope to see you there!

This year's schedule is better than ever. Highlights include:

- Trails, Ecology and Forestry: Walk the Blue Hills with AMC conservationist and land manager Steve Tatko
- Trouble in the Presidentials: What a Mountaineering Tragedy Teaches about Decision-Making & Managing Risk, with Primex CEO Ty Gagne
- Adding GPS & Apps to Map & Compass, with Philip Werner of SectionHiker.com
- CPR Certification
- Mountain Shenanigans, 1930s-style, with AMC archivist Becky Fullerton
- The Appalachian Trail Through the Eyes of Trail Architect Myron Avery, with AMC author Jeff Ryan
- Trip Planning: on the Connecticut River; in southern NY; especially for kids; and more
- All About Axes and Griphoist & Highline (outside) with AMC trail staff
- Yoga for Outdoor Enthusiasts
- Volunteer Open House with resources about AMC opportunities and a drawing for a free hut stay!

See the full 25-workshop schedule @ outdoors.org/AnnualSummit

Your \$40 registration includes:

- Your choice of workshops and presentations
- A delicious buffet lunch
- An early evening Celebration Reception, with a drink and hors d'oeuvres
- AMC's annual volunteer service awards
- Committee meetings, open to all
- The 141st Annual Business Meeting

For those traveling a distance, who would like to stay Friday and/or Saturday night, we have secured a great group rate. You'll find the lodging details on the registration page.

Register at
outdoors.org/AnnualSummit

New hiking thriller from AMC member Ray Anderson

Following his success with *The Trail*, AMC member Ray Anderson has published a second thriller about Karl Bergman, trail name Awol. In *Sierra* Bergman sets out on a thru-hike of the Pacific Crest Trail with his dog, Blazer, in hopes of returning home a better man. But the discovery of a dead body on the outskirts of the Anza-Borrego Desert threatens to embroil Bergman and his estranged son with a violent cartel moving drugs from Mexico to Canada.

AMC's Mountain Skills Manual: The Essential Hiking and Backpacking Guide

By Christian Bisson and Jamie Hannon

This comprehensive guide, from the nation's oldest outdoors club, covers the essential skills every hiker and backpacker needs to know. Novice and experienced outdoorspeople will appreciate this authoritative resource on trip planning, gear, food, navigation, and mountain safety, as well ways to be an active steward of our trails and natural resources. *AMC's Mountain Skills Manual* is rooted in the best practices taught in the Appalachian Mountain Club's outdoor leadership training programs. Whether readers want to map out a new adventure in the wilderness, perfect their pace and pack weight, or simply plan a weekend of car camping and day hikes, this guide will be an essential companion to enjoying every moment outdoors. *Available February 10, 2017*

AMC's Real Trail Meals: Wholesome Recipes for the Backcountry

By Ethan and Sarah Hipple

Tired of following up those invigorating hikes with packaged meals full of preservatives? Kick your backpacking menu up a notch with AMC's first ever cookbook. Adopting a practical, easy-to-follow approach, *Real Trail Meals* teaches the basic principles of dehydrating food for preservative-free and trail-stable foods, with icons noting which recipes are vegetarian, gluten-free, kid-friendly, or require kitchen prep ahead of time. Each recipe comes with a breakdown of nutrition to pack weight, giving you the most nutrient-dense bang for your buck. *Available April 2017*

Newly Updated AMC Books

Continued from page 8

White Mountain Guide: AMC's Comprehensive Guide to Hiking Trails in the White Mountain National Forest, 30th Edition

Compiled and edited by Steven D. Smith

With its 30th edition, AMC's *White Mountain Guide* marks its 110th year of serving hikers. This comprehensive guidebook is the most trusted resource for the hiking trails of the magnificent White Mountain National Forest and surrounding regions. The 30th edition has been thoroughly updated and revised, prioritizing easy-to-read at-a-glance stats for every hike. You'll find accurate descriptions of more than 500 trails, plus six pull-out topographic maps with trail segment mileage, trip planning and safety information, and a checklist of New England's 4,000-Footers. *Available mid-May 2017*

AMC's Best Day Hikes near Washington D.C., 2nd Edition: Four-Season Guide to 50 of the Best Trails in Maryland, Virginia, and the Nation's Capital

By Beth Homicz and Annie Eddy

Discover 50 of the best day hikes in the Washington, D.C., area with this fully updated and revised four-season guide from AMC's Best Day Hikes series. This book is a must-have resource for shorter walks and day-long adventures along the trails of Washington, D.C.; Maryland; and Virginia. This updated edition features ten new hikes, expanding into the urban areas of Annapolis and Baltimore in Maryland and further south into Virginia's George Washington and Jefferson national forests. An at-a-glance trip planner highlights the best hikes near public transportation, as well as those for kids and for winter snowshoeing and skiing. GPS coordinates for trailheads make finding hikes a breeze, and updated essays throughout the book provide information on historical aspects of the area. *Available mid-March 2017*

Quiet Water Maine: AMC's Canoe and Kayak Guide to the Best Ponds, Lakes, and Easy Rivers, 3rd Edition

By Alex Wilson and John Hayes

Discover more than 100 spectacular ponds, lakes, and rivers ideally suited for canoeing and kayaking, newly updated for the first time in a decade. This revised edition highlights driving directions; parking; launch information; detailed tour descriptions including time, distance, and difficulty; and extensive notes on flora and fauna. Suitable for both beginner and experienced paddlers alike, *Quiet Water Maine* showcases this rugged state's most serene and spectacular paddling trips in a comprehensive, user-friendly format. *Available late April 2017*

AMC's Best Day Hikes in the Catskills and Hudson Valley, 3rd Edition: Four-Season Guide to 60 of the Best Trails, from the Hudson Valley to Albany

By Peter W. Kick

Available for the first time in rich full-color, this title is readers' go-to guide for hikes in this popular New York region, encompassing more than 600 miles of trails within just a few hours of New York City. This fully updated edition—now including Harriman State Park—leads beginner and experienced hikers alike along 60 of the region's most spectacular trails, from shorter nature walks to longer day hikes. An at-a-glance trip planner highlights the best hikes near public transportation, as well as those for kids, pets, and winter snowshoeing and skiing, while each hike description includes GPS coordinates for trailheads; information on time, distance, and difficulty; and a trail map. *Available mid-February 2017*

AMC's Best Day Hikes near Boston, 3rd Edition: Four-Season Guide to 60 of the Best Trails in Eastern Massachusetts

By John Burk, Alison O'Leary, and Michael Tougias

Available for the first time in vibrant full-color, this indispensable guide has been fully revised and updated to bring you 60 of the best day hikes in the Boston area. Whether you are an avid local hiker or just visiting the city, this book is a must-have resource for shorter walks and day-long adventures. This is not your standard Freedom Trail guidebook to Boston. *Best Day Hikes near Boston* explores the Middlesex Fells and Blue Hills, the infamously soft sands of Crane Beach and Cape Cod, and the secluded forests of eastern Massachusetts. An at-a-glance trip planner highlights the best hikes near public transportation, as well as those for kids, pets, and winter snowshoeing and skiing, while each hike description includes GPS coordinates for trailheads; information on time, distance, and difficulty; and a trail map. *Available late March 2017*

Outdoor Adventures Acadia National Park: Your Guide to the Best Hiking, Biking, and Paddling*

By Jerry Monkman and Marcy Monkman

(*Formerly *Discover Acadia National Park*)

This retooled title puts outdoor activities front and center, highlighting 50 of the best hiking, biking, and paddling trips in Acadia National Park for all ability levels. First-time visitors and veteran explorers alike will enjoy this comprehensive guide to trips on Mt. Desert Island, Isle au Haut, and Schoodic Peninsula, paired with an indispensable pull-out trail map. *Available mid-April 2017*

Newly Updated Maps

HIKING CAPE COD

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Thu., Jan. 12. Hike Myles Standish State Forest Bentley Loop, Plymouth, MA. Bentley Loop is 3.7 miles of moderately rolling terrain. The trail is usually free of snow most of the winter, but if winter is particularly generous this year, snowshoes may be desirable. The parking lot is plowed by the state, so parking will not be an issue. Directions to hike start. Myles Standish is between Exits 3 and 5 off Route 3 in Plymouth. From the south, take Exit 3, turn left on Clark Road. After 1/3 mile, turn right on Long Pond Road. After 2.5 miles, turn left into park on Alden Road. After 1.4 miles, bear left on Upper College Pond Road. Stay on Upper College Pond Road for 2.5 miles to "Hike and Bike Trails" parking lot on right near intersection with fire road Three Cornered Pond Road. From the north, take Exit 5, turn right onto Long Pond Road. Follow Long Pond Road for 4 miles to park entrance and then continue as above. L John Bescherer (508-419-1616, johnbescherer@gmail.com)

Sun., Jan. 15. Hike Long Pond, Falmouth, Massachusetts, Cape Cod, MA. 2 hour hike in the Falmouth Town Forest with scenic views of Long Pond and a small kettle hole. The hike includes some hilly sections with uneven footing. Heavy precipitation cancels. L Deborah Hayden (shaferhayden@gmail.com)

Thu., Jan. 19. Canal/Town Neck Hike, Massachusetts, Cape Cod, MA. 4.5 mi hike along the CC Canal, Town Neck Beach, Mill Creek, Boardwalk, Town Neck on soft, sandy beach, rocky beach, flat walkways, sidewalks, paved roads. Check out the new harbormaster's ofc, new boat-to-table seafood mrkt/restaurant & refurbished TNB. RT 6 Exit 2. 130N x 1.4 mi. RT on Tupper x 0.7 mi. RT on Freezer to Sandwich Rec Area prkg. 10a.m.-12p.m. Opt'l lunch Cafe Chew post hike. Heavy rain/sleet/snow cancels. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net, SEM Level 1 hike/bike leader)

Sun., Jan. 22. Hike--Monk's Park and Little Bay, Bourne, MA. This 2 hour hike over approximately 4 miles is in Bourne Conservation Trust properties of Little Bay and Monk's Park. We will hike wooded trails and a fire road with views of Little Bay from the bluff. A beach walk section will be included with views of Buzzards Bay. The terrain is frequent, moderate rolling hills on the wooded trails throughout the hike. Icy trails may cancel this hike due to the hills. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net. Robin is a second year Level 1 SEM/Cape hike leader with WFA training.)

Thu., Jan. 26. (AN) Hike-Truro, Ryder Beach (C3C), Massachusetts, Cape Cod, MA. Beach, woodland trails, hills, scenic bay views. Rte 6, L on Prince Valley Rd. to end. R on County Rd. L on Ryder Beach Rd. Park at End. Meet 9:45 a.m. 2 hrs. L Janet Kaiser (508-432-3277 before 9 p.m., jtkaiser@comcast.net)

Thu., Mar. 23. Hike--Four Ponds and Bourne Town Forest, Bourne, MA. This 2 hour approximately 4 mile hike is in the Bourne Four Ponds Conservation Area and adjacent Bourne Town Forest. The terrain is wooded pathways, fire roads, and mountain bike trails with some moderate hills. It offers views of the ponds. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net, Robin is a second year Level 1 SEM/Cape hike leader with WFA training) L Deborah Hayden (508-548-8726 Before 9 p.m., shaferhayden@gmail.com, Debbie is a second year Level 1 Cape hike leader.)

Thu., Apr. 20. Hike Hawksnest State Park, Brewster, MA. Spring hike on wooded trails and dirt roads by ponds in small state park. We will hike approximately 4 miles in 2 hours at a moderate pace. From Rte. 6 - exit 11 turn L at light and immediate R onto Spruce Rd. Park on side of road approximately 1/2 mile down the road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a long time hike leader having been active in both CT chapter and SEM chapter.)

Sat., Apr. 22. Hike and Remove Litter from Four Ponds Conservation Area Bourne (Pocasset), MA. In recognition of Earth Day, join Nancy Wigley, AMC Life Member/Naturalist and Jane Harding Cape Hike Chair to hike and remove litter on the necklace of trails around ponds of the Pocasset River. This area seemingly untouched by human hands will reveal secrets of its past uses. Walk where President Grover Cleveland and Calvin Coolidge fished for brook and rainbow trout, stand on a bluff above one of the ponds and view the remains of the fishing camp where their catch was cooked and enjoyed. The walk will take you along paths by the ponds and we will follow the river on its journey to the sea. This area is used by 4th grade students studying forest ecology and AMC will set a good example to show that it is not the place to dispose of beer bottles etc. Bring gloves, plastic bags will be provided. L Nancy Wigley (nrwigley@verizon.net) L Jane Harding (508-833-2864 before 9 pm, janeharding@comcast.net)

Sun., Apr. 30. Hike Maple Swamp, Cape Cod, MA. Hike historic area which dates back to glacial erosion. This hike has lots of steep climbs and declines with uneven terrain. Hiking boots and poles strongly recommended. Driving directions to start take Rte 6 to exit 3 Quaker Meetinghouse Rd and turn S off of ramp. Take first L onto Service Rd and look for Maple Swamp parking area on R past Mill Ln. Meet at 12:45 PM for 1 PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

Sun., May 14. Hike Santuit Pond, Marston Mills, MA. Join us on Mother's Day for a delightful hike on wooded trails that will give us the opportunity to view a newly refurbished herring run and with some luck we will see rare Birdsfoot Violets blooming around a cranberry bog. Meet at 12:45 PM for a 1PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net, Level 1 hike leader with 3 years experience. Cape Hike chair for AMC.) L Nancy Wigley (nrwigley@verizon.net, Hike leader with many years of experience.)

Thu., May 18. Hike Herring River, Harwich, MA. Hike wooded trails around 2 reservoirs and cranberry bog. See working Herring Run. From Rte 6 take exit 9A. Follow Rte 134 to 3rd Traffic light and turn L and then take immediate L onto Great Western Rd. Go approx. 3 miles to R on Bells Neck Rd follow about 1/8 mile to reservoir and park on either side of dirt road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a veteran AMC member who has led numerous hikes.)

Fri., Mar. 3-5. Winter Hiking Series Trip #4 - Lonesome Lake Overnight, White Mountains, NH. Join us for the fourth and final trip in our popular SEM Winter Hiking Series. On Friday, we will hike into the AMC Lonesome Lake Hut from the Lafayette Campground in Franconia Notch. After checking into the hut, we will have an opportunity to explore the beautiful Lonesome Lake area before enjoying our "social hour" and group-prepared dinner in the hut. Following our group breakfast on Saturday, we will offer one or more hikes to nearby peaks (probably Cannon Mtn. and or North/South Kinsman). After returning to the hut, we will once again get together for a social hour and group-prepared dinner. After breakfast on Sunday morning, we will pack up our stuff and hike back down to the trailhead for the drive back home. While the hike into the hut from Franconia Notch is relatively short, we will be carrying full winter packs and either hike on Saturday will be relatively challenging. In addition to appropriate winter-rated hiking boots and appropriate (non-cotton) clothing, we will require microspikes, snowshoes, and 10- or 12-point crampons for this trip. Since the bunkrooms are unheated, we will also require a winter sleeping bag rated down to AT LEAST zero degrees F. Participation in the SEM Winter Hiking Workshop and/or significant winter hiking/snowshoeing experience required to participate in this series. For the overnight trip, we will also give preference to those who participated in the earlier hikes in this winter series. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul, an experienced SEM winter hiking leader and instructor, takes great pleasure in introducing three-season hikers to the many pleasures of winter hiking.) L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net)

Tue., Mar. 7, White Line the Blue Hills series, Blue Hills Reservation, Milton, MA. We will meet Tuesday mornings at 10am and hike trails in the Blue Hills for about 4 hours at a moderate pace. SEM Winter Hiking Series Update

Participants in the popular SEM Winter Hiking Series hiked through snow and cold Feb. 4th to the summit of Mount Pierce (4310') in the Crawford Notch, NH, region of the White Mountains. This was the third hike in the series open to members who attended the Winter Hiking Workshop in November and others with significant winter hiking experience.

The fourth and final trip in the series is a March 3-5 overnight in the White Mountains, NH. On Friday, the group will hike into the AMC Lonesome Lake Hut from the Lafayette Campground in Franconia Notch. There will be time to explore the beautiful Lonesome Lake area before enjoying "social hour" and group-prepared dinner in the hut. Following breakfast on Saturday, leaders will offer one or more hikes to nearby peaks. After returning, the group(s) will get together for a social hour and group-prepared dinner. After breakfast on Sunday, the group will pack up and hike back down to the trailhead for the drive home. Preference will be given to those who participated in the SEM Winter Hiking Workshop and earlier hikes in this winter series. See Activities listings for more details. **More photos on page 8.**

Barry Young, Chapter Chair
chair@amcsem.org

View from the chair

Let it Snow!

Just because the lyrics to the song say “Oh, the weather outside is frightful,” that is no reason to stay inside. Your dedicated and knowledgeable leaders have plenty of outside activities planned for February and March. Cape hikes, local hikes, White Mountain hikes—we’ve got it all. Skiing and snowshoeing—you bet! Volunteer opportunities—absolutely!

And now for an inside story. Your Chapter was well represented at the 141st AMC Annual Summit meeting held in Norwood, MA, on January 28th. In addition to myself, members from the Board included Christine Racine, chapter vice chair; Maureen Kelly, past chapter chair; Pete Tierney, trails chair; Bill Cannon, conservation chair; Sandy Santilli, membership chair; and Leslie Carson, hiking chair. Several other leaders, past and present, were also there attending the great workshops and presentations. It is always so impressive to hear about all the great work AMC is doing and hear all the stories from all the volunteers.

And now back outside. Spring is just around the corner and in addition to all the usual hikes, bikes, and paddles, it will be extra busy as we have plans for Leadership Training, Open House, and Wilderness First Aid. But in the meantime, “Let it snow, let it snow, let it snow.”

See you all outside!

Winter Weekenders Jeannine Audet (Leader), left, Debra Kass, Kathy Blythe, Bruce Eisenhut, Barbara Havumaki, and Paul Audet enjoy a cross-country ramble.

MLK Weekend at Applebrook B & B Written by Jeannine Audet, XC Skiing vice chair

For the 31st year, AMC members gathered for the Martin Luther King Jr. weekend to enjoy cross-country skiing and camaraderie. Organized by the SEM Chapter, 17 members of SEM, NH, and Boston Chapters once again called Applebrook Bed & Breakfast in Jefferson, NH, our home base. Our hosts, Remy & Priscilla, prepared a hearty breakfast each morning and kept the fireplace stoked. Dinners were organized by our leader, Barbara Hathaway.

Saturday, we skied as one group on a brisk but sunny day, along the Ellis River Trail at Jackson Cross-Country Ski Touring Center. The views of the river were beautiful and the small hills provided just enough challenge, as the snow was somewhat packed and icy. *Après ski*, some of the group headed to the Wildcat Tavern for a cocktail, while others did some shopping. Back at the B & B, we regrouped for a dinner of pizza and salad, followed by lively conversation and the Patriots game.

Sunday, after some morning flurries, our group divided at Bear Notch Center. One group chose the lovely, largely flat trails along the river, while the other group skied some more challenging trails in Bartlett that passed

waterfalls and provided some views of the nearby mountains. We then met for a lunch break of Bear Notch's tasty soup and bread. Afterward, the second group skied the river trails, while some chose to snowshoe. Others tried out skis for sale at Great Glen Center. Back at the B & B, we met for happy hour, followed by a delicious dinner of three choices of homemade soups with bread and strawberry shortcake. After dinner, some chose to converse and play games, others to watch more football.

We bade each other farewell Monday morning, to look forward to our next SEM weekend in March at the Old Field House in Intervale, NH.

Leadership Training Offered in April 2017 Written by Doug Griffiths, Education Chair

There is still plenty of space in the next one-day Leadership Training course on Saturday, April 8, 2017. The all-day training, with a mixture of classroom and outdoor exercises, is held at the Foxboro Recreation Department Rec Hall, 68 Mill Street, Foxboro, MA 02035. This course is offered at no cost to chapter members. Lunch and refreshment breaks are provided.

This training is required for prospective SEM trip leaders, but is useful for any participants interested in improving their outdoor skills and anyone wishing to become familiar with group trip management. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. This course prepares trip leaders for managing AMC sanctioned trips, but non-trip leader candidates are also welcome.

Those interested in this Leadership Training course may also wish to consider Wilderness First Aid training, coming up May 6 and 7, 2017.

To register, please contact AMCSEM Education Chair Doug Griffiths at RedDougG@aol.com or 508-758-4315 after 6 PM.

Wilderness First Aid Training in May 2017

Written by Doug Griffiths, Education Chair

The next Wilderness First Aid two-day training course will be held Saturday and Sunday May 6 and 7, 2017, in Foxboro, MA. The course runs 8:00 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM. The course will be given at the Rec Hall, 68 Mill Street, Foxboro, MA 02035.

Instruction is provided by SOLO, experts in providing wilderness medical training. Their excellent courses have been well received by AMC members for years and we look forward to continuing to sponsor their trainings.

As usual, we have a lot of interest in Wilderness First Aid from various sources, including Scout troops and leaders. If there are AMCSEM leaders who want to sign up, we will give them preferred status, but I would like to hear of that interest soon. Please contact me ASAP.

Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings, and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to be certified.

The training is required for most AMCSEM trips leaders, but is a great experience for any outdoor enthusiast. I would encourage any AMC trip participant to consider taking this course. You will find it exciting and stimulating.

Pricing is as follows: \$160 AMC for AMC members, \$175 for non-AMC members. Price includes lunch and break service both days. The optional CPR course costs an additional \$35. To register, please contact AMCSEM Education Chair Doug Griffiths at RedDougG@aol.com or 508-758-4315 after 6 PM.

Volunteer of the Month: Dave Selfe

Dave & Kathy Selfe

Written by Cathy Giordano, Cape Hiking Vice Chair

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month the Cape Hiking Committee recognizes Dave Selfe for his numerous contributions.

Dave has been a gold star participant in at least 80% of Cape hikes, logging nearly 400 miles as part of the 100 Mile Club. Dave's artistic eye captures Mother Nature's beauty in photos he takes along the trails, and he generously shares them with appreciative fellow hikers.

His GPS maps are used by leaders to scout and review hikes, as well as to assist with developing new hiking routes. Dave also actively recruits new hikers and welcomes them into the group. Finally, he is a proud supporter of SEM activities. Dave and his wife, Kathy, attended the Annual Dinner in November and have already signed up for the Welcome Spring Pot-Luck in March.

Thanks for all you do, Dave!

Dave will receive a Volunteer of the Month certificate and a \$50 gift certificate.

Registration Open for Spring End2Ender

Written by Paul Brookes, Hike Leader

This fun End-to-End hike traverses the Blue Hills from the northernmost end of Fowl Meadow in Canton to Shea Ice Rink in Milton, with a stop at Houghton's Pond for a leisurely lunch. We will avoid the summits and generally stick to well-maintained trails in the wooded lowlands. The total distance is 11 miles, and we will hike at a moderate pace ideal for walking and talking at the same time. It's a beautiful hike to do in the spring, since the woods are alive with spring flowers and the twitter, croak, and grunt of new life.

Other than a short section around Little Blue and Great Blue Hill, the trails will be flat or gently inclined. This popular hike is limited to 24 people so register early to avoid being wait-listed. Also, since we are keeping to lowlands, heavy rain or flooding will cancel. Lastly, one of the leaders, Paul, will have his well-behaved dog with him, if you wish to bring your dog, please discuss during registration.

Pat Achorn is the registrar for this hike, as she has been for the White Lining series. Here's the [registration link](#).

If you've been approved for White Lining, she will consider you already screened for the Woodland end-2-end so you just need to email her at plachorn@me.com.

FOR SALE: Outdoor Research Men's Crocodile Gaiters. Brand new, unused, XX-Large, black, 100% Nylon Bottom Shear Tab Secures Front Closure, Durable, waterproof, and breathable, Abrasion Resistant Cordura Inner Leg and Boot, Larger Circumference Accommodates Plastic Boots, Lightweight and Durable Bio Thane Instep strap. \$45, Dexter Robinson, dexpcdoc@gmail.com.

Mountains and Climate Change From Understanding to Action

Yuki Fujita, left, Paul Dale, Tom Carey, Richard Doucette, and Tom Boydston on the summit of Pioneer Peak, Northern Adamants, British Columbia.
Photo by Chris Dame

Written by Paul Dale, Boston Chapter

I have been a climber, skier, and mountaineer for over 40 years and active with the AMC for decades. I have served as vice chair, chair, and now former chair of the Boston Chapter. In thinking about what is the most important way in which I can give back to other outdoor enthusiasts and to future generations, including my kids, addressing the problem of climate change is by far the most important.

I have spent the last year learning about the options and programs to deal with this challenge, and participating in climate change activities. I have dedicated myself to writing a series of articles that I hope will educate you about energy and climate change initiatives in Massachusetts, and thus move you from agreeing that climate change is a problem to taking action to deal with it, both personal and political. I want to provide easy to follow guidance on how to be effective in the fight for a better future. The first article lists personal things you can do (other than the standard call to install low wattage light bulbs).

The first article in the series begins on the next page.

10 Things You Can Do About Climate Change

Written by Paul Dale, Boston Chapter

2017 is here with record global warmth and record risk to our national commitment to address climate change. Many of us are frustrated by the feeling that whatever action we take will be insignificant. The problem is so large, how can one person make a difference? Your efforts **will** make a difference, more so than you might think. The U.S. has the 11th largest per capita carbon footprint of 204 countries ranked. Just like voting, each of us can make a difference, and your decision to do something about climate change makes more of a difference than people in other countries can.

Here are 10 things you can do:

Watch Leonardo DiCaprio's movie "Before the Flood" (1hr 30min): Why? It's eye-opening, informative, entertaining, and available online on YouTube (and it's Leo). Google search for "stream before the flood".

Investigate solar for your home: The investment can pay back in 5 to 7 years. Why? Solar produces clean electricity right on your rooftop with no pollution.

Join the Green Electricity program at Mass Energy Consumer's Alliance: Why? If you cannot go solar, this program ensures your electricity is generated from renewable sources, not fossil fuels. Visit www.massenergy.org/renewable-energy

Eliminate or reduce beef from your diet.: Why? Livestock production is the leading source of methane emissions, a greenhouse gas 72 times more potent than carbon dioxide and it takes 1800+ gallons of water to produce 1 pound of beef.

Avoid packaged or prepared foods that contain palm oil: Why? Palm oil is in 40-50% of household products in developed nations like the U.S. We lose 300 football fields of rainforest per hour clearing land for palm oil production. Forests are a necessary defense against a warming planet.

Drive less: Perhaps carpooling, biking, mass transit, or

walking are options for you. Why? Transportation is now the largest source of emissions in Massachusetts and across the United States.

When buying your next vehicle, consider only electric or hybrid models: Massachusetts offers a \$2500 rebate. See <http://mor-ev.org>. Why? Even when factoring in electricity generation, electric vehicles on average produce 70% less pollution than gas vehicles.

Call or meet with your elected officials: Your legislators have meeting times in your district. Why? They work for you, but they cannot represent you if they do not hear from you. Find your elected officials at <https://malegislature.gov/Search/FindMyLegislator> Don't be shy. The Massachusetts Sierra Club can help you prepare. Email energyactionbrigade@gmail.com with the subject line "Meet my Legislator."

Get informed and stay informed on environmental issues: One way is to subscribe to the EnergyActionBrigade@gmail.com by sending a note with "Subscribe" in the subject line.

Talk to your family, friends, and neighbors about these problems and solutions: Help make climate change a common topic of discussion for Massachusetts residents. State level engagement is critical. Host a viewing party of "Before the Flood" at your local library, school, or function hall. Or volunteer by sending a message to EnergyActionBrigade@gmail.com with "Volunteer" in the subject line.

Look for future climate change articles focusing on what we can do in Massachusetts. If you don't want to wait, learn about the Renewable Portfolio Standard (RPS). This program requires that a certain percentage of the electricity provided to you is from renewable resources such as wind and solar. Legislative action to strengthen this program is a top priority now. I'd love to talk with you. Write me a paulbdale@gmail.com or call 617 794-0851.

Teen Trail Crews on Bay Circuit Trail

Do you know a teen who is passionate about conservation?

Cares about making a difference in their community?

Wants to help in our mission to make the outdoors more accessible to all?

Maybe they're not ready to carry heavy packs miles into the backcountry, but they are excited to learn about trail stewardship and construction while enjoying the creature comforts of a front-country campground. If so, spread the word about AMC's Bay Circuit Trail Base Camp Teen Crews! Our BCT teen crews work on beautiful forest conservation areas in outer-Boston during the day, and come back each night to a camp with a swimming pond, bathhouse, and canoes!

We'll offer two crew weeks this summer:

July: Sun 7/23—Fri 7/28

August: Sun 8/6—Fri 8/11

[Sign up now through the Activities Database.](#)

Youth Opportunities NYC Program Update

Two groups from the Boys' Club of New York City are participating in YOP's first-ever Winter Cabin Stay Youth Adventure this February. Eighteen boys from multiple clubhouses throughout the city will learn backcountry snowshoeing, Winter First Aid, and teambuilding at the Mohican Outdoor Center. Two new YOP Members, who completed their Outdoor Leadership Trainings last year, are taking advantage of the Youth Adventure component of YOP NY/NJ where new members co-plan and lead an outdoor experience for their youth in preparation for future independent trips.

Date	Crew Name-Adult Volunteer Vacations FMI: http://www.outdoors.org/volunteer/trails/volunteer-vacations.cfm	Total Spaces	Fee

Poetry and Motion

Patriot Ledger reporter Sue Scheible, an AMCSEM member, shared with her readers the delight of a recent Thursday hike in Borderland State Park with leaders Hans Luwald and Debbie Lepore. Debbie recited a poem by Mary Oliver at journey's end, and then the leaders hosted a social gathering in the Visitors' Center. [Read the article here.](#)

Summiting Mount Pierce

Packs on! *Photos by Les Lechowicz*

Still having fun.

Where are we?

Second thoughts?

At the Top!

Medawisla Lodge, Cabins Open July 1

GREENVILLE, Maine— The Appalachian Mountain Club (AMC) is set to re-open Medawisla Lodge and Cabins July 1 following a major two-year reconstruction project. This “off the grid” destination, located on the shore of Second Roach Pond near Kokadjo, will again offer hiking, paddling, fly-fishing, wildlife watching, and skiing opportunities as well as new options for mountain biking and canoe camping. Guests will find a newly built waterfront pavilion, central lodge with water views for dining and programs, as well as nine new private cabins.

Medawisla Lodge and Cabins will connect to AMC’s two other Maine Wilderness Lodges, Little Lyford and Gorman Chairback, and the family-run West Branch Pond Camps, through a 130-mile trail network built and maintained by AMC. These trails are open to guests and the general public, and offer a range of lodge-to-lodge hiking, biking, and skiing adventures.

Reservations can be requested online at www.outdoors.org/lodging-camping/Lodges/medawisla/index.cfm, or by calling (207) 358-5187. AMC’s Maine Wilderness Lodges are open to the general public.

Guests will find a range of overnight options, from deluxe cabins with private bath to more traditional cabins with shared bath to a bunkhouse suitable for groups. Four-course dinner, breakfast, and trail lunch are included in most cabin rates, with linens and hot showers available. Several cabins and one bunkhouse will include kitchens, providing a self-service option for guests who wish to prepare their own meals.

Guests can enjoy miles of cross-country skiing, hiking, and paddling just steps from their cabin door. Adventurers can use Medawisla as a starting point for overnight and multi-day paddling trips using remote campsites created by AMC’s Maine Chapter members on Second, Third, and Fourth Roach ponds and Trout Pond.

Nearby day trips include Baxter State Park, Big and Little Spencer mountains, and the new Katahdin Woods and Waters National Monument. Hikers can also take on the challenge of the Moosehead Pinnacle Pursuit by climbing

to the summits of six nearby mountains: Mount Kineo, White Cap, Eagle Rock, Borestone, Big Moose, and Number Four mountains.

AMC lodge staff includes several Registered Maine Guides who will offer scheduled programs and custom guided trips. AMC is also partnering with local guides to offer additional outdoor experiences such as river rafting.

The new Medawisla is a component of AMC’s broader [Maine Woods Initiative](#), an approach to conservation that combines outdoor recreation, resource protection, sustainable forestry, and community partnerships. To date, AMC has purchased and permanently conserved more than 75,000 acres of forest land, all open to the public; created more than 130 miles of rec-reational trails, and opened three sporting camps to the public, established a Forest Stewardship Council-certified sustainable forestry operation that employs local forest products workers and supplies local mills; and developed partnerships with local Piscataquis County schools.

“The new Medawisla was built from the ground up as a premier backcountry destination for outdoors enthusiasts who want to explore—or simply unplug and relax— here in the iconic Maine Woods,” said AMC Senior Vice President Walter

Graff. “We are excited to be bringing new nature-based tourism opportunities to the region.”

Aerial photo of recently conserved Silver Lake lands.
Forest Society of Maine Photo

Popular Forestlands Permanently Conserved for People and Wildlife

BANGOR, Maine—The Forest Society of Maine has teamed up with the Appalachian Mountain Club and the Open Space Institute to acquire and conserve 4,358 acres of forestland surrounding Silver Lake and 12 miles of the West Branch of the Pleasant River in Piscataquis County, Maine. These lands are visited each year by thousands of people from Maine and afar for fishing, hiking, camping, paddling, hunting, snowmobiling, and more. The property’s popular campsites and access to the river and lake are part of the amenities important to the region’s recreational and tourism economies. Public recreational access is now guaranteed forever.

The project safeguards vital river habitat for Eastern brook trout and Atlantic salmon spawning, and habitat for American black duck, Canada lynx, Northern long-eared bat, wood turtle, bald eagle, and many other species of state and national significance. The project additionally protects a 400-acre mature silver maple flood plain forest—one of the largest and best examples in Maine.

These newly conserved lands, adjacent to the historic Katahdin Iron Works, help buffer this state-owned site. Remnants of this operation can still be found. The area also became a popular tourist destination in the 1890s with the Silver Lake Hotel drawing visitors from across

the country. The hotel no longer stands, but the region’s beauty and natural resources persist and are now conserved for future generations.

“The remarkable mix of ecological and recreational values found here made this a high priority project for us, especially as it fills a key gap in the network of two million acres of already-conserved lands in this region of Maine’s North Woods,” said Alan Hutchinson, executive director of the Forest Society of Maine.

The Forest Society of Maine worked with Conservation Forestry—a New Hampshire-based timber investment firm and the owner of these lands since 2009—to develop a conservation future for the property. The Appalachian Mountain Club (AMC) now owns these lands, and the Forest Society of Maine holds a conservation easement on the property.

“Silver Lake and the watershed of the West Branch of the Pleasant River are an ecological treasure trove of plant and animal life. We are honored to be the new stewards of these spectacular lands and waters, and are committed to their protection and accessibility for nature-based recreation,” said Walter Graff, senior vice president of the Appalachian Mountain Club. “This parcel will also allow us to expand our outreach to local youth by providing new and accessible water-based opportunities for canoeing, kayaking, and fishing,” Graff said.

The lands are adjacent to AMC’s 70,000 acres of other conservation holdings in the area which provide the focus for its Maine Woods Initiative.

The Forest Society of Maine needed to raise \$4.35 million for this acquisition. Success was made possible with the help of many partners and supporters. Leadership gifts were provided by the Elmina B. Sewall Foundation, Jane’s Trust, the Knobloch Family Foundation, The Nature Conservancy, Sweet Water Trust, and the Wyss Foundation through the Open Space Institute.

The Forest Society of Maine extends its deep gratitude to the people and organizations whose help resulted in permanently conserving these thousands of acres of woods and waters in Maine’s North Woods that are so special to many people and many species of wildlife.

New AMC Books and Maps

Don't miss these new and updated books and maps, available from [AMC Books](#) in spring 2017.

All New Books

**AMC's Mountain Skills Manual:
The Essential Hiking and
Backpacking Guide**
*By Christian Bisson and
Jamie Hannon*

This comprehensive guide, from the nation's oldest outdoors club, covers the essential skills every hiker and backpacker needs to know. Novice and experienced outdoorspeople will appreciate this authoritative resource on trip planning, gear, food, navigation, and mountain safety, as well ways to be an active steward of our trails and natural resources. *AMC's Mountain Skills Manual* is rooted in the best practices taught in the Appalachian Mountain Club's outdoor leadership training programs. Whether readers want to map out a new adventure in the wilderness, perfect their pace and pack weight, or simply plan a weekend of car camping and day hikes, this guide will be an essential companion to enjoying every moment outdoors. *Available February 10, 2017*

**AMC's Real Trail Meals:
Wholesome Recipes for the Backcountry**
By Ethan and Sarah Hipple

Tired of following up those invigorating hikes with packaged meals full of preservatives? Kick your backpacking menu up a notch with AMC's first ever cookbook. Adopting a practical, easy-to-follow approach, *Real Trail Meals* teaches the basic principles of dehydrating food for preservative-free and trail-stable foods, with icons noting which recipes are vegetarian, gluten-free, kid-friendly, or require kitchen prep ahead of time. Each recipe comes with a breakdown of nutrition to pack weight, giving you the most nutrient-dense bang for your buck. *Available April 2017.*

Newly Updated AMC Books & Maps

**White Mountain Guide: AMC's
Comprehensive Guide to Hiking
Trails in the White Mountain
National Forest, 30th Edition**
*Compiled and edited
by Steven D. Smith*

With its 30th edition, AMC's *White Mountain Guide* marks its 110th year of serving hikers. This comprehensive guidebook is the most trusted resource for the hiking trails of the magnificent White Mountain National Forest and surrounding regions. The 30th edition has been thoroughly updated and revised, prioritizing easy-to-read at-a-glance stats for every hike. You'll find accurate descriptions of more than 500 trails, plus six pull-out topographic maps with trail segment mileage, trip planning and safety information, and a checklist of New England's 4,000-Footers. *Available mid-May 2017*

**AMC's Best Day Hikes near Washington D.C., 2nd
Edition: Four-Season Guide to 50 of the Best Trails
in Maryland, Virginia, and the Nation's Capital**
By Beth Homicz and Annie Eddy

Discover 50 of the best day hikes in the Washington, D.C., area with this fully updated and revised four-season guide from AMC's Best Day Hikes series. This book is a must-have resource for shorter walks and day-long adventures along the trails of Washington, D.C.; Maryland; and Virginia. This updated edition features ten new hikes, expanding into the urban areas of Annapolis and Baltimore in Maryland and further south into Virginia's George Washington and Jefferson national forests. An at-a-glance trip planner highlights the best hikes near public transportation, as well as those for kids and for winter snowshoeing and skiing. GPS coordinates for trailheads make finding hikes a breeze, and updated essays throughout the book provide information on historical aspects of the area. *Available mid-March 2017*

Newly Updated AMC Books & Maps

Quiet Water Maine: AMC's Canoe and Kayak Guide to the Best Ponds, Lakes, and Easy Rivers, 3rd Edition

By Alex Wilson and John Hayes

Discover more than 100 spectacular ponds, lakes, and rivers ideally suited for canoeing and kayaking, newly updated for the first time in a decade. This revised edition highlights driving directions; parking; launch information; detailed tour descriptions including time, distance, and difficulty; and extensive notes on flora and fauna. Suitable for both beginner and experienced paddlers alike, *Quiet Water Maine* showcases this rugged state's most serene and spectacular paddling trips in a comprehensive, user-friendly format. *Available late April 2017*

AMC's Best Day Hikes in the Catskills and Hudson Valley, 3rd Edition: Four-Season Guide to 60 of the Best Trails, from the Hudson Valley to Albany

By Peter W. Kick

Available for the first time in rich full-color, this title is readers' go-to guide for hikes in this popular New York region, encompassing more than 600 miles of trails within just a few hours of New York City. This fully updated edition—now including Harriman State Park—leads beginner and experienced hikers alike along 60 of the region's most spectacular trails, from shorter nature walks to longer day hikes. An at-a-glance trip planner highlights the best hikes near public transportation, as well as those for kids, pets, and winter snowshoeing and skiing, while each hike description includes GPS coordinates for trailheads; information on time, distance, and difficulty; and a trail map. *Available mid-February 2017*

AMC Books and Maps

AMC's Best Day Hikes near Boston, 3rd Edition: Four-Season Guide to 60 of the Best Trails in Eastern Massachusetts

By John Burk, Alison O'Leary, and Michael Tougias

Available for the first time in vibrant full-color, this indispensable guide has been fully revised and updated to bring you 60 of the best day hikes in the Boston area. Whether you are an avid local hiker or just visiting the city, this book is a must-have resource for shorter walks and day-long adventures. This is not your standard Freedom Trail guidebook to Boston. *Best Day Hikes near Boston* explores the Middlesex Fells and Blue Hills, the infamously soft sands of Crane Beach and Cape Cod, and the secluded forests of eastern Massachusetts. An at-a-glance trip planner highlights the best hikes near public transportation, as well as those for kids, pets, and winter snowshoeing and skiing, while each hike description includes GPS coordinates for trailheads; information on time, distance, and difficulty; and a trail map. *Available late March 2017*

Outdoor Adventures Acadia National Park: Your Guide to the Best Hiking, Biking, and Paddling*

By Jerry Monkman and Marcy Monkman

(*Formerly *Discover Acadia National Park*)

This retooled title puts outdoor activities front and center, highlighting 50 of the best hiking, biking, and paddling trips in Acadia National Park for all ability levels. First-time visitors and veteran explorers alike will enjoy this comprehensive guide to trips on Mt. Desert Island, Isle au Haut, and Schoodic Peninsula, paired with an indispensable pull-out trail map. *Available mid-April 2017*

EDUCATION

Sat., Apr. 8. Leadership Training Workshop Southeastern MA Chapter, 68 Mill Street, Foxboro, MA 02035. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to chapter members. This course will be held at the Foxboro Recreation Department Rec Hall, 68 Mill Street, Foxboro, MA 02035. Topics are presented by experienced AMC trip leaders and staff. This training is required for prospective SEM trip leaders, but is useful for any participant interested in improving their outdoor skills and anyone wishing to become familiar with trip group management. All those interested in this Leadership Training course may also wish to consider Wilderness First Aid training coming up 5/6 and 5/7/2017. L Douglas Griffiths (508-758-4315 after 6 pm, RedDougG@aol.com)

Sat., May 6-7. Wilderness First Aid Two Day Training, 68 Mill Street, Foxboro, MA 02035. Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. Instruction is provided by SOLO, experts in providing wilderness medical training. The course runs 8:00 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM. The course will be given at the Rec Hall, 68 Mill Street, Foxboro, MA 02035. Contact leader for registration form. L Douglas Griffiths (508-758-4315 After 6 pm, RedDougG@aol.com)(508-758-4315 after 6 pm, RedDougG@aol.com)

Sun., Feb. 26. Ryder Conservation/Lowell Holly Reservation Hike Sandwich, MA. 4-4.5 mi hike thru Conservation areas with frontage on Mashpee & Wakeby Ponds. Footpaths, carriage roads, cpl moderate hills. Rare example of a Cape Cod old-growth forest embellished with plantings by Abbott Lowell. Rt 6 Exit 3 > Quaker Meetinghouse Rd so. x 2.5 mi > LT @ light on Cotuit Rd x 2 mi. Trail head prkg on right. 1 p.m-3-3:30 p.m. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net, SEM Level 1 hike/bike leader)

(AN) Sun., Mar. 5. Sandy Pond Recreation, West Yarmouth, Cape Cod, MA. Route 6, Exit 7S to left on Camp Street, then left on Buck Island Road. Left at Sandy Pond Recreation Area. Meet at 12:45 p.m.. L Janet Kaiser (508-432-3277 before 9:00 p.m., jtkaiser@comcast.net)

Thu., Mar. 16. Hike Nickerson State Park, Brewster, MA. Late winter hike looking for signs of spring. Enter Nickerson State Park from 6A in Brewster. Park in front lot immediately on R. Two hours. Moderate pace. Meet at 9:45 for 10:00 start. Icy conditions may cancel. L Janet DiMattia (jandimattia@verizon.net, Janet is a long time AMC member who has led hikes both in CT and Cape Cod.)

Thu., Mar. 23. Hike--Four Ponds and Bourne Town Forest, Bourne, MA. This 2 hour approximately 4 mile hike is in the Bourne Four Ponds Conservation Area and adjacent Bourne Town Forest. The terrain is wooded pathways, fire roads, and mountain bike trails with some moderate hills. It offers views of the ponds. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net, Robin is a second year Level 1 SEM/Cape hike leader with WFA training) L Deborah Hayden (508-548-8726 Before 9 p.m., shaferhayden@gmail.com, Debbie is a second year Level 1 Cape hike leader.)

(FT) (NM) Sun., Apr. 16. Quaker Woods Hike (C4C), West Falmouth, Cape Cod, MA. Easy 2-hour hike, stepping back in time 350 years to the site of one of the earliest Cape settlements, and see the first Quaker Burial Ground on the Cape. Depending on time, may also walk a bit on local bike path, West Falmouth Harbor, and possibly beach. Rain cancels. Call leader if in doubt about weather. Kids welcome, as well as adults. Directions: From the north or the east, take Route 28S to the Brick Kiln Road exit. Right at the end of the ramp. After 0.5 miles, turn right at the flashing yellow light onto Route 28A, then go 0.6 miles to a left at Old Dock Road. Go 0.1 miles and park in the lot on the right by the bike path. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Apr. 20. Hike Hawksnest State Park, Brewster, MA. Spring hike on wooded trails and dirt roads by ponds in small state park. We will hike approximately 4 miles in 2 hours at a moderate pace. From Rte. 6 - exit 11 turn L at light and immediate R onto Spruce Rd. Park on side of road approximately 1/2 mile down the road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a long time hike leader having been active in both CT chapter and SEM chapter.)

Sat., Apr. 22. Hike and Remove Litter from Four Ponds Conservation Area Bourne (Pocasset), MA. In recognition of Earth Day, join Nancy Wigley, AMC Life Member/Naturalist and Jane Harding Cape Hike Chair to hike and remove litter on the necklace of trails around ponds of the Pocasset River. This area seemingly untouched by human hands will reveal secrets of its past uses. Walk where President Grover Cleveland and Calvin Coolidge fished for brook and rainbow trout, stand on a bluff above one of the ponds and view the remains of the fishing camp where their catch was cooked and enjoyed. The walk will take you along paths by the ponds and we will follow the river on its journey to the sea. This area is used by 4th grade students studying forest ecology and AMC will set a good example to show that it is not the place to dispose of beer bottles etc. Bring gloves, plastic bags will be provided. L Nancy Wigley (nrwigley@verizon.net) L Jane Harding (508-833-2864 before 9 pm, janeharding@comcast.net)

HIKING CAPE COD

(FT) (NM) Sun., Apr. 23. Hike Quashnet River (C3C), East Falmouth/Mashpee, MA, Cape Cod, MA. Spend 2 hours walking in a small valley along a stream. May see some herring and trout. Meet at 1245 for 1300 start. Rain cancels, but phone or email leader if any doubt about weather. Kids welcome, as well as adults and new members. L John Gould (508-540-5779, jhgould@comcast.net)

Sat., Apr. 29. Moraine Trail Hike, Falmouth, Cape Cod, MA. Nine mile, 5-hour, moderate, one-way, hike along moraine and pond with lunch stop. Meet in Goodwill Park in Falmouth at 0930, and will carpool at 0945 to hike start at 1000. Bring lunch, water, and your favorite tick prevention. Cancelled if rain. Please phone or email leader if any question about cancelling due to weather. L John Gould (508-540-5779, jhgould@comcast.net)

Sun., Apr. 30. Hike Maple Swamp, Cape Cod, MA. Hike historic area which dates back to glacial erosion. This hike has lots of steep climbs and declines with uneven terrain. Hiking boots and poles strongly recommended. Driving directions to start take Rte 6 to exit 3 Quaker Meetinghouse Rd and turn S off of ramp. Take first L onto Service Rd and look for Maple Swamp parking area on R past Mill Ln. Meet at 12:45 PM for 1 PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

Sun., May 14. Hike Santuit Pond, Marston Mills, Cape Cod MA. Join us on Mother's Day for a delightful hike on wooded trails that will give us the opportunity to view a newly refurbished herring run and with some luck we will see rare Birdsfeet Violets blooming around a cranberry bog. Meet at 12:45 PM for a 1PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net, Level 1 hike leader with 3 years experience. Cape Hike chair for AMC.) L Nancy Wigley (nrwigley@verizon.net, Hike leader with many years of experience.)

Thu., May 18. Hike Herring River, Harwich, MA. Hike wooded trails around 2 reservoirs and cranberry bog. See working Herring Run. From Rte 6 take exit 9A. Follow Rte 134 to 3rd Traffic light and turn L and then take immediate L onto Great Western Rd. Go approx. 3 miles to R on Bells Neck Rd follow about 1/8 mile to reservoir and park on either side of dirt road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a veteran AMC member who has led numerous hikes.)

Thu., May 25. Hike- Long Pond and Picnic, Goodwill Park, Falmouth, Cape Cod, MA. Traverse rolling wooded trails through Falmouth's Town Forest. Enjoy scenic views of Long Pond, a kettle pond formed at the edge of the glacial moraine. Sturdy shoes, plenty of water, sunscreen and tick repellent are strongly recommended. The Cape is a known tick habitat! Poison ivy is also abundant in the woods and along the sides of the trail. You may consider wearing long pants. Meet at 9:45 for trail talk. Hike begins promptly at 10 AM. PICNIC LUNCH to follow hike. Bring your own main course plus a salad, dessert or snacks to share with the group. Call leader with questions 508 243 3884. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

Thu., Feb. 23. Ponkapoag Pond Hike, 2167 Washington Street, Canton, MA 02021. Meet at 10:00 am in Ponkapoag Golf Course Parking Lot for a five-mile hike/snowshoe (depending on conditions) around the Pond. Bring water, snacks and appropriate footwear. L Deborah Lepore (617-778-4339 before 9 PM, DLepore2@GMail.com) CL Hans Luwald (508-668-0462 Before 9 PM, Hans.Luwald@Gmail.com)

Thu., Mar. 2. Thursday Morning Hike - Burrage Pond WMA - 15 Hawks Ave, Hanson, Ma Hike in The Burrage Pond WMA in Hanson & Halifax. A three hour, 5 to 6 mile moderate hike on mostly flat sandy trails. This area was once the largest cranberry bog operation in the country and is now being reverted back to wild lands. Bring lunch, water, warm clothing and especially warm windproof head gear as these open spaces can get very chilling in the winter with a stiff breeze. Heavy rain or heavy snow will cancel. Good snow shoeing if weather permits. Please contact leader BEFORE bringing DOGS on this hike. L Richard Carnes (508-947-3204 Before 8 PM, rcarnes2@aol.com)

Fri., Mar. 3-5. Winter Hiking Series Trip #4 - Lonesome Lake Overnight, White Mountains, NH. Join us for the fourth and final trip in our popular SEM Winter Hiking Series. On Friday, we will hike into the AMC Lonesome Lake Hut from the Lafayette Campground in Franconia Notch. After checking into the hut, we will have an opportunity to explore the beautiful Lonesome Lake area before enjoying our "social hour" and group-prepared dinner in the hut. Following our group breakfast on Saturday, we will offer one or more hikes to nearby peaks (probably Cannon Mtn. and or North/South Kinsman). After returning to the hut, we will once again get together for a social hour and group-prepared dinner. After breakfast on Sunday morning, we will pack up our stuff and hike back down to the trailhead for the drive back home. While the hike into the hut from Franconia Notch is relatively short, we will be carrying full winter packs and either hike on Saturday will be relatively challenging. In addition to appropriate winter-rated hiking boots and appropriate (non-cotton) clothing, we will require microspikes, snowshoes, and 10- or 12-point crampons for this trip. Since the bunkrooms are unheated, we well also require a winter sleeping bag rated down to AT LEAST zero degrees F. Participation in the SEM Winter Hiking Workshop and/or significant winter hiking/snowshoeing experience required to participate in this series. For the overnight trip, we will also give preference to those who participated in the earlier hikes in this winter series. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul, an experienced SEM winter hiking leader and instructor, takes great pleasure in introducing three-season hikers to the many pleasures of winter hiking.) L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net)

HIKING

Sat., May 13. Woodland End2Ender hike in the Blue Hills, Southeast, MA. This fun End-to-end hike traverses the Blue Hills from the Northernmost end of Fowl Meadow in Canton to Shea Ice Rink in Milton, stopping at Houghton's Pond for a leisurely lunch. We will avoid the summits and generally stick to well-maintained trails in the wooded lowlands. The total distance is 11 miles and we will hike at a moderate pace ideal for walking and talking at the same time. Other than a short section around Little Blue and Great Blue Hill the trails will be flat or gently inclined. This popular hike is limited to 24 people so register early to avoid being waitlisted. Also, since we are keeping to lowlands, heavy rain or flooding will cancel. Lastly, one of the leaders, Paul, will have his well-behaved dog with him, if you wish to bring your dog, please discuss during registration. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. Fresh Snow Is Ideal for Noble View Weekend Trip

Written by Walt Granda

WOW, what a perfect winter weekend! This is my fifth winter weekend at Noble View, and every year exceeds my expectations. This year was especially good because of the Thursday storm that gave us 14 inches of snow on the trails.

The Noble View outdoor center in Russell, MA, is one of the AMC's larger land holdings. It is located on 358 acres on a quiet mountaintop that offers great views of the Pioneer Valley to the east of Mt. Wachusett. The really great aspect of the location is that it is the perfect place for anyone to experience cross-country skiing, snowshoeing, or winter hiking without the stress of having to carry in a lot of extra gear or food.

Continued on page 3

View from the chair

Take it outside in April!

Have you been cooped up all winter and now you're good and ready to get outside? We have some terrific events coming up to help cure your cabin fever.

First, on April 8, we will be holding our annual Leadership Training for prospective new activity leaders. While this event is primarily intended for those who want to become activity leaders, it is open to all AMC SEM members who would like to learn more about AMC and what goes into planning an event. You will learn what goes on behind the scenes to make a hike, bike, paddle, ski trip, or trail work trip successful. You'll also become a better participant, knowing the decisions that need to be made on a trip, how you can show up with the right equipment, and how to influence the group dynamics in a positive manner. This free, all-day training session is being held in Foxboro near the F. Gilbert Hills State Forest.

Next up, on Saturday April 15, is the AMC SEM Open House with this year's theme: "Take it Outside 2017." The Open House event will be held this year at Myles Standish State Forest in Carver and Plymouth. Join us for beginner and intermediate hikes and bike rides. This year, we will also have trail work events to help maintain the many hiking trails in the forest. We'll serve a free lunch for participants from noon to 1 PM at Park Headquarters, where we'll also provide presentations on conservation activities.

At the end of the month—tentatively scheduled for Wednesday, March 29—we will have an event to help clean up the National Seashore on the outer Cape. This will most likely be a morning work party followed by a pizza party. Details are still being worked out, so stay tuned and visit our website (www.amcsem.org) often.

See you all outside!

Noble View Weekend

Continued from page 1

The first winter weekend was organized in 2012 by Maureen Kelly and Luther and Joyce Wallis. Over the last five years we got to explore the trails that were snow-covered, icy, or free from snow and ice. It doesn't make a difference; we always have a great time. The fifth annual winter weekend took place from February 10 to 12.

Friday afternoon was reserved for unloading our gear, finding a room in one of the two cottages, socializing, and exploring the trails near the cottages. Our meals for the weekend were planned and prepared by Sandy, Lysa, and Sue. Because of their terrific preparation, recipes, and fantastic cooking ability, we never went hungry.

On Saturday, after a hearty breakfast, everyone was looking forward to exploring the trails on skis or snowshoes. Jeannine Audet and Walt Granda were the leaders who guided the cross-country ski and snowshoe trips, and neither wasted any time getting everyone out on the trails.

The 14 inches of fresh snow on the trails and the snow-covered trees gave us that wintery wonderland look that we don't get to experience at home. The snowshoers and skiers returned to the cottage by noon for lunch and a short break, before heading out for the afternoon

adventure. The late afternoon and evening activities were sledding, socializing, games, relaxing, and, most important, eating. After dinner, Jeannine led a yoga session in the North Cottage for those interested in stretching out after a day on the trails.

The fun-filled weekend ended Sunday with breakfast, clean up, and packing before heading home, though a few stayed for a quick snowshoe hike before leaving.

Relaxing with great food and friends after a fun, but strenuous day outdoors.

Thanks to all our volunteers who made this weekend a great success, especially Sandy and Lysa for keeping us well-fed, and Sue Mulligan, who was unable to attend.

A great time was had by all, and everyone is looking forward to Noble View 2018!

A fallen tree over the trail creates an arch, not an obstacle.

Deborah, left,
Gretel,
and Hans.

Volunteers of the Month: Deborah Lepore and Hans Luwald

Written by Leslie Carson, Hiking Chair

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes **Deborah Lepore** and **Hans Luwald** for their continuing contributions.

Deborah and Hans have been AMC members for approximately 16 years and became leaders in 2011. Since 2012, they have led more than 30 hikes and are active leaders for the SEM Thursday Morning hikes, which run from September through May. This dynamic duo leads many hikes around such local areas as the Blue Hills, Powissett Farm in Dover, Adams Farm in Walpole, and Pequisett Farm in Canton, to name a few. Recently they were recognized in the *Easton Journal* for one of their Borderland hikes, which attracted more than 25 participants and ended with a reading of a short poem and a social gathering at the visitors' center.

Both Deborah and Hans ski cross country and are members of the Audubon Society. Hans monitors bluebird boxes and demonstrates maple-sugaring at the Moose Hill Wildlife Sanctuary. If you have the opportunity, you may want to join in the fun on one of their upcoming hikes.

Thank you, Deborah and Hans, for all you do!

Hans and Deborah will each receive a Volunteer of the Month certificate and a \$50 gift card.

Dear Friends,

We are pleased to report that the [Cape Cod Commission](#) has issued the draft Feasibility Study of the extension of the Shining Sea Bikeway to the Cape Cod Canal. The Commission's draft report acknowledges the broad public support that the project has received and provides three alternatives for making the trail a reality.

The three alternatives include "Rail to-trail," "Rail-with-trail," and "Rail-with-trail with at-grade crossings." The "Rail-to-trail" option includes the removal of the existing rails and constructing a paved bike path (the new bike path would utilize the existing bridges). "Rail-with-trail" involves construction of a paved bike path adjacent to the existing rail line (the existing rail would remain active and new bridges would be required for the new bike path). The "Rail-with-trail with at-grade crossings" would include a new bike path constructed beside the existing rail line (the existing rail line would continue to be active). However, instead of constructing new bridges, some low-volume road crossings would be at grade.

We encourage you to review the report and submit any questions and comments to the Cape Cod Commission **by March 15, 2017**. Comments on the draft document may be submitted via regular mail or email to Glenn Cannon, Technical Services Director with the Cape Cod Commission: gcannon@capecodcommission.org.

**Cape Cod Commission Shining Sea Bikeway Study
c/o Glenn Cannon, Technical Services Director
P.O. Box 226
Barnstable MA 02630-0226**

Please make your voice heard! Your support of the project has been critical in advancing the project forward!

Rich River Habitats Support Rare Species Photos by Greg Gales

A group of AMC Thursday Morning hikers led by Richard Carnes enjoyed a beautiful day March 9th at the 164-acre Striar Conservancy along the lower Winnetuxet River in Halifax.

The preserve supports as many as 90 species of birds, plus deer, fox, and locally-uncommon river otters. The trails meander through mature woodlands and along marshes and streams with views of the second-largest river basin in Massachusetts.

“We saw vernal pools, ponds, feeder streams into the Winnetuxet River, chickadees, skunk cabbage,” said Greg Gales, who provided these photos. “And we heard loud wood frogs—they sound like ducks.”

Winter Cold No Match for SEM Winter Hikers By Paul Miller, SEM Communications Chair

The fourteen intrepid participants in this year's SEM Winter Hiking Series had an opportunity to put their winter gear and skills to the test in our series finale, a two-night stay at the AMC Lonesome Lake Hut above Franconia Notch on the weekend of March 3rd through 5th. As readers might recall, that weekend featured some of the coldest and windiest weather all year, with temps around zero and 20-to-30-mile-per-hour winds—and that was down here in Massachusetts!

Needless to say, the conditions were even more severe up in northern New Hampshire with below-zero temps at night in the (unheated) Lonesome Lake bunkrooms. We certainly were glad that we had hauled our warmest winter sleeping bags up to the hut, along with all our other winter gear and our group food. We were also glad that the Lonesome Lake Hut caretaker kept the wood stove in the main hut stoked for a good part of each day, providing respite from the bitter conditions outside.

Luckily, while cold and windy all weekend, the winds didn't start to get really wild until later in the day on Saturday and into Sunday morning. As a result, we had a nice sunny hike up to the hut from the trailhead at the Lafayette Place Campground Friday morning. And by layering up appropriately and minimizing exposed skin, we were able to enjoy several hikes from the hut on Friday afternoon and Saturday. Saturday's hikes included one up Fishin' Jimmy Trail toward Kinsman Pond in the morning and up the Lonesome Lake Trail to the Kinsman Ridge Trail in the afternoon. For both hikes, we prudently used appropriate traction (either microspikes or full crampons, as needed) and stayed below treeline. This enabled us to avoid the exposed summit of Cannon Mountain and the somewhat less exposed summit of Kinsman North.

While we couldn't avoid the strong winds encountered on Sunday morning while hiking around the lake for the trip back down to the trailhead, we were only exposed to the worst of the wind for about 20 minutes or so and the rest of the hike out was a just a "walk in the woods" (albeit one carrying full winter packs and with microspikes strapped on to our insulated winter boots).

Not sure about everyone else, but I'm already looking forward to next year's winter series.

**AMC's Best Day Hikes in the
Catskills and Hudson Valley, 3rd
Edition: Four-Season Guide to 60 of
the Best Trails, from the Hudson
Valley to Albany**
By Peter W. Kick

Available for the first time in rich full color, *AMC's Best Day Hikes in the Catskills & Hudson Valley*, Third Edition, is the go-to guide for hikes in this popular New York region. Encompassing more than 600 miles of trails within just a few hours of New York City, the Catskills and Hudson Valley are a hiker's paradise, boasting varied and scenic terrain from Westchester County to Albany, including Harriman State Park. This fully updated guide leads beginner and experienced hikers alike along 60 of the region's most spectacular trails, from shorter nature walks to longer day hikes. Including GPS coordinates for trailheads, info on parking, natural highlights, and summaries of time, distance, and difficulty, this is the ultimate guide to day-hiking in the Catskills and Hudson Valley.

Inside You'll Find:

- 60 hiking trips for all ability levels and seasons
- At-a-glance trip planner to help you find the trip that's right for you
- Detailed maps showing parking, trails, and highlights
- Summaries of time, distance, and difficulty level for each trail
- GPS coordinates for all trailheads
- Hiking and safety tips, including advice on what to carry in your pack
- Essays on nature and history of the region

About the Author: Peter W. Kick is a native of the Catskill Mountains, a New York State licensed guide, and author of several hiking and cycling guides, including *Catskill Mountain Guide*, *Discover the Adirondacks*, and *Desperate Steps*. Kick's work has also appeared in *Backpacker*, *Sailing*, *Cruising World*, and *Adirondack Life*. He is a lifetime member of AMC and lives in St. George, Maine.

Hiking in Bryce & Zion National Parks
Written by Len Ulbricht

This fall, September 23 to October 1, I will be co-leading an AMC Adventure Travel trip to hike the canyons of Bryce and Zion National Parks. Bryce Canyon, known for its hoodoos and sculpted multi-color landscapes, and Zion, for its narrow steep red rock walls and awesome geological features, offer unique hiking experiences, be they high up on the canyon rim or down on the canyon floor. You can check out details of the trip (and view photos) by clicking on the prospectus link. Email me at lenu44@gmail.com with any questions.

Angels Landing towers 1,488 feet above the floor of Zion Canyon. *Photo courtesy of the National Park Service*

**AMC's Mountain Skills Manual:
The Essential Hiking and
Backpacking Guide**
*By Christian Bisson and
Jamie Hannon*

This comprehensive guide from the nation's oldest outdoors club covers the essential skills every hiker and backpacker must know. Novices will welcome the authoritative advice on trip planning, clothing, gear, food, navigation, setting up camp, and mountain safety, while experienced backpackers will benefit from the detailed discussions of weather, winter skills, ultralight backpacking, and group leadership. All outdoors-lovers will appreciate the thoughtful, comprehensive coverage of land ethics and trail etiquette.

AMC's Mountain Skills Manual is rooted in the best practices taught in the Appalachian Mountain Club's outdoor leadership training programs. Drawing on that wealth of field-tested knowledge, this book helps hikers and backpackers plan for the best but prepare for the worst. Bad weather, accidents, and a host of worst-case scenarios get their due, along with tried-and-true ways of avoiding hazards in the first place.

Whether you want to map out a new adventure in the wilderness, perfect your trail pace and pack weight, or simply plan a weekend of camping and day hikes, this manual is your essential companion to enjoying every moment outdoors.

Inside You'll Find:

- Vital information on weather patterns, land ethics, health, safety, wildlife, and winter recreation
- Essential tips on clothing, gear, first-aid and repair kits, and going ultralight
- Instruction in outdoor skills, from packing and lifting your pack to staying hydrated, compass and celestial navigation, knot tying, bushwhacking, and setting up camp in the backcountry

- Detailed advice on hiking with groups, young children, and people of all ability levels
- Original illustrations, including many step-by-step how-tos, depicting the skills discussed
- Detailed advice on hiking with groups, young children, and people of all ability levels
- Original illustrations, including many step-by-step how-tos, depicting the skills discussed

About the Authors: Christian Bisson (Ed.D.) teaches adventure education at Plymouth State University. He has been an instructor at the National Outdoor Leadership School (NOLS) since 1990, specializing in wilderness backpacking for outdoor educators. He lives in New Hampshire, where he hikes with his wife and children.

Jamie Hanson has been involved in outdoor and adventure education since 1981, guiding and teaching for a range of organizations, including NOLS, the Chewonki Foundation, and the University of Maine's MaineBound. He teaches adventure education at Plymouth State University.

Companion Videos

AMC has created three outdoor skills videos—on planning a day hike, the 10 essentials, and trail etiquette—based on AMC's Mountain Skills Manual. To view these videos, please visit:

- [outdoors.org/planningadayhike](https://www.outdoors.org/planningadayhike)
- [outdoors.org/10essentials](https://www.outdoors.org/10essentials)

Ordering Information for AMC Books

AMC Books are available nationwide through booksellers and outdoor retailers, and can be ordered directly from AMC at [outdoors.org/amcstore](https://www.outdoors.org/amcstore) or by calling 800-262-4455. (AMC members receive a 20% discount.) E-book versions are available online through Amazon, iBooks, and Barnes & Noble. AMC Books are distributed to the book trade by National Book Network.

AMC: First in Conservation— Reaffirming Our Values

Written by John Judge, AMC President & CEO

As the nation's oldest conservation and recreation organization, the Appalachian Mountain Club's conservation leadership is needed more today than at any point in our history. From conservation policy and trail stewardship to science-based advocacy and protecting our outdoor places, AMC's time to lead is now.

I have been asked by many people—AMC members and the general public—about how AMC will lead in conservation during these turbulent times. Given threats with the potential to undermine or overturn the good work we have done on everything from air quality to public lands protection, it is important for us to reaffirm our role as a conservation leader.

In the weeks and months ahead, I ask for your support in making America's great outdoors the best it can be: open to all, protected from unwise development, and naturally clean and healthy for generations to come.

We hope to engage you in this important work. Our key strategic themes for conservation leadership include:

Science-based. AMC will continue to lead in policy and advocacy backed-up and supported by science. Our positions are more persuasive because they are supported by our well-known conservation science and research. In addition to a legacy that includes monitoring the impacts of weather and climate in the Northeast's alpine zone for almost 100 years, AMC continues to build its capabilities in other areas, including energy project siting and sustainable forestry.

Outdoor Citizenship. We will engage and rally public support. When many may question whether conservation is a priority, it is critical for citizens to stand-up for the outdoors. In addition to opportunities to galvanize people around policy priorities, we will work to engage people in understanding science, sharing knowledge and love of the natural world, and in leadership opportunities. As our region's premier trails organization, we will maintain, build, and steward a vibrant trails network to connect

people to the beauty and wonder of the outdoors.

Speaking-Out. We will speak out and defend our public lands and waters. These special places belong to all Americans and once they are destroyed there is no going back. AMC will lead the way in these efforts, as we have against the threat of the Northern Pass transmission project in New Hampshire's White Mountains. This mission-centric policy work will include our efforts in cities, suburban areas, and our long-standing work in rural and wilderness areas.

Advocate. We will advocate for public funding and appropriate management policies to secure wise stewardship of the outdoors. We will speak up to strengthen our regional trails network and to create new trails connections. We will work in coalitions to advance important programs like the Land and Water Conservation Fund. We will work to advance projects and policies that expand recreation opportunities, preserve natural areas, foster landscapes that mitigate against the effects of climate change, and lower greenhouse gas emissions.

Maine Woods. AMC has taken an incredible leadership role to preserve, protect and enact AMC's 75,000 acre Maine Woods. With nearly \$70,000,000 invested, this is AMC's biggest conservation effort and a world class conservation model. AMC will work to protect this critical wilderness region and ensure that the Maine Woods leads in sustainable forestry, eco-tourism, outdoor recreational infrastructure, environmental education and conservation stewardship.

Together we have an unprecedented leadership opportunity to elevate the conversation on conservation in our region, our nation, and around the world. Thank you for your continued support, encouragement, and hard work, and for helping AMC lead in conservation for our next 141 years.

EDUCATION

Sat., Apr. 8. Leadership Training Workshop Southeastern MA Chapter, 68 Mill Street, Foxboro, MA 02035. This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader candidates are also welcome. It is an all-day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to chapter members. This course will be held at the Foxboro Recreation Department Rec Hall, 68 Mill Street, Foxboro, MA 02035. Topics are presented by experienced AMC trip leaders and staff. This training is required for prospective SEM trip leaders, but is useful for any participant interested in improving their outdoor skills and anyone wishing to become familiar with trip group management. All those interested in this Leadership Training course may also wish to consider Wilderness First Aid training coming up 5/6 and 5/7/2017. L Douglas Griffiths (508-758-4315 after 6 pm, RedDougG@aol.com)

Sat., Apr. 15. Take It Outside with AMC 2017 - AMC SEM's Open House at Myles Standish SF, Myles Standish State Forest, MA. (C) (FT) (NM) Are you a member of AMC but haven't tried any of our activities yet? Good, because we have an Open House for you! Join us at Myles Standish State Forest in Plymouth, MA, on Saturday, April 15, 10:00-3:00 for "Take it Outside with AMC 2017" to meet our leaders and try a hike, some trail work, a nature walk, or a bike. All are welcome; bring a friend. Free lunch to participants. We know once you try it, you'll be hooked. Contact Maureen, mokel773@aol.com for more information. Each activity has a separate listing and you will need to register. Free Parking! L/R Maureen Kelly (508-224-9188 4-8pm, <mailto:mokel773@aol.com>)

Thu., May 4. Blue Hills PHOTO-OP Trek, Thursday Morning, Ponkapoag Pond, Canton, MA. 4 ½ - 5-mi. hike around Ponkapoag Pond with Boardwalk/Bog option. (FT) (NM) Slower pace than usual for photo opportunities and instruction. More frequent stops than usual, in order to "smell the roses". The walk and talk will concentrate on some of the composition and technique aspects of photography. The "Art of Nature" will be the theme during this "Renaissance of The Seasons" hike. Bring Point-and-Shoot and/or DSLR Camera, lunch & water. Sunscreen and bug repellent suggested Limited to 20 hikers - Registration required "No Dogs" please. L Walt Granda (<mailto:wgrand@comcast.net>) CL/R Ken Cohen (508-941-0060 5:50pm to 7:30pm, <mailto:mokel773@aol.com>)

Sat., May 6-7. Wilderness First Aid Two Day Training, 68 Mill Street, Foxboro, MA 02035. Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. Instruction is provided by SOLO, experts in providing wilderness medical training. The course runs 8:00 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM. The course will be given at the Rec Hall, 68 Mill Street, Foxboro, MA 02035. Contact leader for registration form. L Douglas Griffiths (508-758-4315) After 6 pm, RedDougG@aol.com

TRAIL WORK

Sat., Apr. 22. Hike and Remove Litter from Four Ponds Conservation Area Bourne (Pocasset), Bourne, MA, In recognition of Earth Day, April 22, 2017 join Nancy Wigley, AMC Life Member/Naturalist and Jane Harding Cape Hike Chair to hike and remove litter along the necklace of trails around ponds of the Pocasset River. This area seemingly untouched by human hands will reveal secrets of its past uses. You will walk where President Grover Cleveland and Calvin Coolidge once fished for Brook and Rainbow trout, stand on a bluff above one of the ponds and view the remains of the fishing camp where their catch was cooked and enjoyed. The walk will take you along paths by the ponds and we will follow the river on its journey to the sea. This area is used by 4th grade students studying forest ecology and AMC will set a good example to show that this area is not the place to dispose of beer bottles etc. Bring gloves, plastic bags will be provided. L Nancy Wigley (<mailto:nrwigley@verizon.net>) L Jane Harding (508-833-2864 before 9 PM, <mailto:janeharding@comcast.net>)

Sat., Apr. 15. Take It Outdoors with AMC 2017 - Afternoon Trail Work Event, Myles Standish State Forest, Carver, MA, (C) (FT) (NM). Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for a Trail Work Event. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! No experience is needed because we have the right job for you and the experienced leaders to train you. Help open trails for the spring/summer hiking season. HIKING CAPE COD

Sun., Apr. 16. Quaker Woods Hike (C4C), West Falmouth, Cape Cod, MA. (FT) (NM) Easy 2-hour hike, stepping back in time 350 years to the site of one of the earliest Cape settlements, and see the first Quaker Burial Ground on the Cape. Depending on time, may also walk a bit on local bike path, West Falmouth Harbor, and possibly beach. Rain cancels. Call leader if in doubt about weather. Kids welcome, as well as adults. Directions: From the north or the east, take Route 28S to the Brick Kiln Road exit. Right at the end of the ramp. After 0.5 miles, turn right at the flashing yellow light onto Route 28A, then go 0.6 miles to a left at Old Dock Road. Go 0.1 miles and park in the lot on the right by the bike path. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Apr. 20. Hike Hawksnest State Park, Brewster, Cape Cod, MA. Spring hike on wooded trails and dirt roads by ponds in small state park. We will hike approximately 4 miles in 2 hours at a moderate pace. From Rte. 6 - exit 11 turn L at light and immediate R onto Spruce Rd. Park on side of road approximately 1/2 mile down the road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a long time hike leader having been active in both CT chapter and SEM chapter.)

Sat., Apr. 22. Hike and Remove Litter from Four Ponds Conservation Area Bourne (Pocasset), Cape Cod, MA. In recognition of Earth Day, join Nancy Wigley, AMC Life Member/Naturalist and Jane Harding Cape Hike Chair to hike and remove litter on the necklace of trails around ponds of the Pocasset River. This area seemingly untouched by human hands will reveal secrets of its past uses. Walk where President Grover Cleveland and Calvin Coolidge fished for brook and rainbow trout, stand on a bluff above one of the ponds and view the remains of the fishing camp where their catch was cooked and enjoyed. The walk will take you along paths by the ponds and we will follow the river on its journey to the sea. This area is used by 4th grade students studying forest ecology and AMC will set a good example to show that it is not the place to dispose of beer bottles etc. Bring gloves, plastic bags will be provided. L Nancy Wigley (nrwigley@verizon.net) L Jane Harding (508-833-2864 before 9 pm, janeharding@comcast.net)

Sun., Apr. 23. Hike Quashnet River (C3C), East Falmouth/Mashpee, Cape Cod, MA. (FT) (NM) Spend 2 hours walking in a small valley along a stream. May see some herring and trout. Meet at 1245 for 1300 start. Rain cancels, but phone or email leader if any doubt about weather. Kids welcome, as well as adults and new members. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Apr. 27. Hike Long Nook Truro, Cape Cod, MA. 2 hour hike. Visit AF Base and Jenny Lind Tower. Directions: From Route 6 take Right on Long Nook Rd (1.2 miles after Pamet Rd Exit) and follow to parking lot at the end. Meet at 9:45 and hike 10 am – 12:00 pm. L Richard Kaiser (508-432-3277, rjkaiser@comcast.net) CL David Selfe (kdselife@comcast.net)

Sat., Apr. 29. Moraine Trail Hike, Falmouth, Cape Cod, MA. Nine mile, 5-hour, moderate, one-way, hike along moraine and pond with lunch stop. Meet in Goodwill Park in Falmouth at 0930, and will carpool at 0945 to hike start at 1000. Bring lunch, water, and your favorite tick prevention. Cancelled if rain. Please phone or email leader if any question about cancelling due to weather. L John Gould (508-540-5779, <mailto:jhgould@comcast.net>)

Sun., Apr. 30. Hike Maple Swamp, Cape Cod, MA. Hike historic area which dates back to glacial erosion. This hike has lots of steep climbs and declines with uneven terrain. Hiking boots and poles strongly recommended. Driving directions to start take Rte 6 to exit 3 Quaker Meetinghouse Rd and turn S off of ramp. Take first L onto Service Rd and look for Maple Swamp parking area on R past Mill Ln. Meet at 12:45 PM for 1 PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

Sun., May 14. Hike Santuit Pond, Marston Mills, Cape Cod MA. Join us on Mother's Day for a delightful hike on wooded trails that will give us the opportunity to view a newly refurbished herring run and with some luck we will see rare Birdsfeet Violets blooming around a cranberry bog. Meet at 12:45 PM for a 1PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net, Level 1 hike leader with 3 years' experience. Cape Hike chair for AMC.) L Nancy Wigley (<mailto:nrwigley@verizon.net>, Hike leader with many years of experience.)

Thu., May 18. Hike Herring River, Harwich, MA. Hike wooded trails around 2 reservoirs and cranberry bog. See working Herring Run. From Rte 6 take exit 9A. Follow Rte 134 to 3rd Traffic light and turn L and then take immediate L onto Great Western Rd. Go approx. 3 miles to R on Bells Neck Rd follow about 1/8 mile to reservoir and park on either side of dirt road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a veteran AMC member who has led numerous hikes.)

HIKING

Sat., Apr. 1. April Fools Day hike to Mt Greylock, Mt Greylock State Reservation, West Mountain Rd, Adams, MA. No fooling, there is a mountain in Massachusetts as high as 3,491 feet! Explore the highest mountain in MA in early spring, as the first spring flowers poke through the earth. Approaching from the east, (Adams, MA), we will make a loop using the Gould Trail and the Cheshire Harbor Trail. The Gould Trail has some steep, rocky sections, (the State Reservation website lists this as moderate to strenuous). The open summit allows for 60-90 mile views on clear days. Layered clothing and traction for your hiking boots may be required, as we could even be fooled with a snowstorm! Elevation gain: 2100 ft Distance: 6.6 miles RT Time: approx. 5 hrs. L Peggy Qvicklund (774-893-3011, <mailto:qvickan@comcast.net>, Four season hiker, the NH 48 completed, but most importantly enjoy being outdoors with likeminded folks!) L Len Ulbricht (<mailto:lenu44@gmail.com>)

Thu., Apr. 6. Thursday Morning Hike at the Eleanor Cabot Bradley Estate, 2468 Washington St. (Route 138), Canton, MA, (FT) (NM) Join us for a 3 + mile hike in this 90-acre Eleanor Cabot Bradley country estate in Canton, MA. View a majestic home with elegant gardens, fields and woodlands-all the amenities of the turn-of-the-century living in the Neponset River Valley. Dress according to weather forecast for the day of hike. Traction devices may/may not be needed. Bring water, snacks, and lunch. Rain cancels. Directions: From Route 128 (I-93/Route 1), take exit 2A and follow Route 138 south. After crossing bridge (from Route 128 north exit) or coming off exit ramp (from Route 128 south exit), turn into first driveway immediately on right Follow signs to parking lot. L Fred Wason (508-838-6049, fmwason@gmail.com)

Thu., Apr. 13. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM). Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. Once you register, an email will be sent to you every week telling you where to meet. This is a great way to end your day, get outside and strengthen your hiking legs and socialize with a nice group of people. This is the 12th year of the Red Line series! L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.) L Michael Swartz (<mailto:swartz@brandeis.edu>), R Sue Svelnis (781-849-9299 before 9 pm, suesvelnis@gmail.com)

Sat., Apr. 15. Take It Outside With AMC 2017 - Intermediate Morning Hike- Cherry Pond, Myles Standish State Forest, Carver, MA, (C) (FT) (NM). Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for an Intermediate Hike to Cherry Pond. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! Cherry Pond is a scenic little pond north of College Pond in Myles Standish State Forest. An unmarked trail leads to Cherry Pond and continues into a valley running east and west for a mile. The trail returns via a tall pine plantation. This hike is only about 3 miles but if we get going on time, we can easily add another mile or two. We will have about a 5 minute carpool from headquarters to the hike start. L John Bescherer (508-742-7973 Before 9pm, <mailto:johnbescherer@gmail.com>, John has been leading hikes in Myles Standish State Forest since 2010 and has tried to explore every corner of the gigantic park. He began leading for the AMC in 2016 in order to show some of the best parts of it to AMC members.) L Leslie Carson (<mailto:lrc929@comcast.net>, Leslie is the hiking Chair for the Southeastern Mass AMC)

Sat., Apr. 15. Take It Outside With AMC 2017 - Intermediate Afternoon Hike- Pine Barrens Path, Myles Standish State Forest, Plymouth, MA, (C) (FT) (NM). Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for an, Intermediate Hike to the Pine Barrens Path. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! For this intermediate hike, we will hike the prettiest half of the Myles Standish Pine Barrens Path. The Pine Barrens Path is about 8 miles long and was marked in 2016. It is shown on the 2016 state-issued map of Myles Standish. (link below) We will do a portion of the southern half of the trail. The hike will be about 5 miles long. We will carpool to the start from headquarters after lunch is concluded. (Lunch starts at 12pm.) Everyone is welcome, members and non-members. L John Bescherer (508-742-7973 Before 9pm, <mailto:johnbescherer@gmail.com>, John has been leading hikes for the Friends of Myles Standish since 2010. He has attempted to explore every corner of the gigantic park and wants to show the best of it to AMC members.) L Eva Das (borsody@gmail.com)

HIKING

Sat., May 13. Woodland End2Ender Hike in the Blue Hills, Southeast, MA. This fun End-to-end hike traverses the Blue Hills from the Northernmost end of Fowl Meadow in Canton to Shea Ice Rink in Milton, stopping at Houghton's Pond for a leisurely lunch. We will avoid the summits and generally stick to well-maintained trails in the wooded lowlands. The total distance is 11 miles and we will hike at a moderate pace ideal for walking and talking at the same time. Other than a short section around Little Blue and Great Blue Hill the trails will be flat or gently inclined. This popular hike is limited to 24 people so register early to avoid being waitlisted. Also, since we are keeping to lowlands, heavy rain or flooding will cancel. Lastly, one of the leaders, Paul, will have his well-behaved dog with him, if you wish to bring your dog, please discuss during registration. L Paul Brookes (603-799-4399 After 7am and before 9pm [mailto: PaulBrookes1966@outlook.com](mailto:PaulBrookes1966@outlook.com), Living in Boston I enjoy hiking around Greater Boston and beyond. White Liners Endure Stormy Season

Written by Paul Brookes, Hiking Leader

Our second annual season of White Lining the Blue Hills has sadly come to a close. We met weekly Tuesday mornings and hiked in the Blue Hills during the winter months from the Winter Solstice to the Spring Equinox.

Although in general the winter was mild, the few storms that we did have arrived on precisely the wrong days, forcing us to cancel three of the twelve hikes. The first cancellation was at the trailhead. Only the leaders and three other people turned out, which just shows that the majority can be wiser than the few. I and three hardy souls did an informal hike through horizontal rain for a couple of hours before retreating back to the warmth of our cars. The blizzard on March 15 stopped us from being able to do our final week's hike, which was planned as a shorter hike followed by lunch at the Hillside pub. This cozy, family-run pub with good beers and food is located on RT138 between Little Blue and Great Blue Hills, ideally situated to quench the thirst and hunger of active Blue Hill hikers. Ask for the Irish pizza.

Continued on Page 8

View from the Chair

This month we are starting a new feature in the Breeze called “Remember When?” which will feature a photo from times past. Breeze readers are encouraged to try to recognize the people, time, and place of the photo. Prizes will occasionally be awarded for correct identification of photos. Also, we are seeking submissions of photos from times past, so if you have one you would like to see published, please send it along.

This year marks the 41st anniversary of the SEM Chapter. We have a lot of archival information, which unfortunately is all over the place; some at Joy Street, some with the Chapter Chair’s records, and some squirreled away in members’ files. Our current webmistress, Cheryl Lathrop, has done an excellent job of posting a lot of this information on our website. This includes making many of the past Breeze newsletters available to everyone.

In an effort to bring all this history together in some organized fashion, we are seeking an ad hoc Chapter Historian/Archivist—someone who would like to gather this information and organize it for everyone to view. This person should have some minimum computer skills, photo and document scanning capabilities, perhaps an interest in scrapbooking, and most importantly—a desire to want to document the history of our great chapter. If you are interested, please contact me at chair@amcsem.org.

Also, please join me and your fellow SEMers for our chapter-wide "Take it Outside" open house event at Myles Standish State Forest on Saturday, April 15. We're offering a variety of fun outdoor activities starting at 10:00 am and 1:30 pm. Enjoy a family-friendly nature walk, beginner and intermediate hikes, beginner and intermediate bike rides, trail work activities, and a free lunch at noon! For more information about the open house and to register for any of the events, just visit www.amcsem.org.

See you all outside!

AMC Earth Day Gear Swap April 22

Written by Lisa Robbins, AMC

AMC is hosting its 1st annual Spring Gear Swap on Earth Day, April 22, in conjunction with other open house activities at Joy Street.

Clear out your gear closet, shop for gear, or both! Reuse. Recycle. Get Outdoors with Great Deals on Gear!

The open house activities include sign-making for the March for Science, starting at 2 pm on Boston Common. We'll provide the sign-making supplies and light refreshments.

Staff scientist Georgia Murray will present "AMC's Climate Change and Air Quality Research," followed by audience Q&A.

We'll be accepting your items for sale at 5 Joy Street the week before the swap. Gear for all seasons and all outdoor sports welcome, items big and small items in good condition. Have a price you'd like in mind, or donate the proceeds to AMC's conservation work. All transactions will be in cash.

Contact Lisa, lrobbins@outdoors.org, if you have questions.

AMC 1st Annual Earth Day Gear Swap

April 22, 10 am–5 pm

Cabot Auditorium, 5 Joy Street, Boston, MA 02108

Gear Drop-off Hours:

Tuesday thru Friday, April 18-20, 11:30 am–7 pm

Earth Day Open House Schedule at Joy Street.

10 am–5 pm: Gear Swap

10 am–1:30 pm: Sign-making for the Science March

11 am: "AMC's Climate Change and Air Quality Research" followed by audience Q&A.

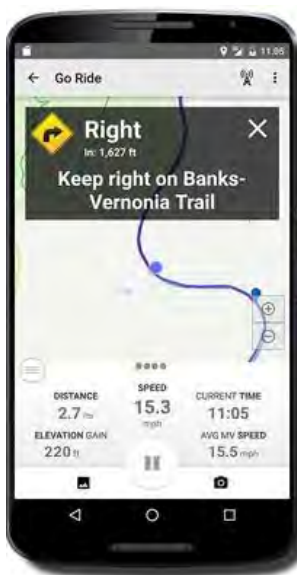

See you on
Earth Day!

Get Free GPS-Plus Program Account

Written by Bernie Meggison, Bike Chair

Our AMCSEM bike group has acquired a new and exciting GPS mapping, cue sheets, and voice turn-by-turn program from ridewithgps.com. This is by far the most advanced GPS-based activity program in the world. They have about a half million users worldwide and hundreds of club accounts.

This program is available FREE to all AMC/SEM current members.

This will provide our riders and leaders alike with precise directions for all their rides. The saved rides are stored FREE in our AMC/SEM Club Account. All our rides can be viewed, and you will have the ability to extract maps, written cue sheets, and voice directions on your personal Apple or Android smartphones.

NOTE: This is also great for our hiking community, but the hiking committees should have separate club accounts to minimize any confusion.

Please check out the links below to get a "feel" for this product.

Here is the link to their [PowerPoint presentation](#). 1) Sign up for a free or starter Ride with GPS account or, if you have an existing account, [sign in](#).

2) After you are signed into your account, click this link which will automatically add you to the [AMC Southeastern Massachusetts Club Account](#).

After you are added to the club, you'll have access to [all of these features](#) on all club routes and events

Note: I will hold a ride and training meeting for all ride leaders on Saturday, April 29th, in Sandwich. Details will be listed shortly.

AMC Women's Conservation Leadership Program

The Appalachian Mountain Club has three guiding principles: *Recreation, Conservation, and Education*.

But sometimes obstacles get in the way and, like invasive species, we need to understand how to manage or remove them. During the two-day program, we will come together to discover and explore how nature and leadership are often closely aligned.

Our leaders are trained as trail leaders with skills in safety and nature, as well as leadership.

Saturday night's accommodations will be at Noble View Outdoor Center's Double Cottage which includes beds, kitchen and bath area.

Noble View Outdoor Center's 358.5 acres of [trails](#) wind through woodlands and abandoned farm fields, passing brooks, stonewalls, cellar holes, and diverse habitats including an old-growth hemlock stand.

Who Should Attend This Program?

- Women interested in the Appalachian Trail and/or the Berkshire Chapter of AMC
- Women who want to help protect the indigenous/rare species along the trail
- Women who want to learn more about conservation and what each of us can do to promote a healthier lifestyle
- Women who want to align with nature and our environment
- Women who would like an opportunity to bond with other conservation-minded women
- Women interested in exploring leadership styles and enhancing their own personal leadership style

What to Expect?

- Participate in experiential hikes, discussions on conservation and leadership, and training on how to identify and remove invasive species
- Enjoying fresh air and exercise

- Learning about conservation by helping to restore the balance of nature by removing the invasive species that harm indigenous species on the Appalachian Trail
- Discovering your own style of leadership through experiential hiking and follow-on discussions
- Strengthening ourselves as women leaders, striving to achieve our goals and potentials while acquiring new friends
- Experiencing teambuilding through group dynamics and assigned collective activities

Agenda Includes:

June 10, 2017

9am to 3pm—Conservation: A learning and work day focused on identifying indigenous and invasive species, and removing the invasives (led by Steve Smith).

4pm to 5pm—Showers and clean up at Noble View and set up for dinner.

5pm to 7pm—BBQ dinner, bonding, and campfire chatter about leadership and conservation.

8pm to 10:30pm—Experiential Night Hike on Noble View trails with an experienced guide/leader (Frank Evans, Bess Dillman, Deena Gilbert, Laura Stinnette).

June 11, 2017

7am to 8:30am—Breakfast: A lesson in group dynamics and leadership.

9am to 10am—Gathering to discuss and explore leadership roles and styles, including solutions to challenges and best behaviors (whole group).

10am to 11am—Yoga Class outdoors: Finding inner peace and strength.

11:30am to noon—Kristen Sykes: Presentation on Conservation.

Noon to 1pm—Experiential hiking (Laura Stinnette, Bess Dillman and Deena Gilbert).

1:30 to 2:30pm—Roundtable discussion and lunch (sandwiches and cold cuts/pizza).

Call for details and registration: 413-881-4009/203-898-3131, referencing the event, or access registration form through [Eventbrite](#).

Volunteer of the Month: Paul Miller

Written by Leslie Carson, Hiking Chair

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes PAUL MILLER for his continuing contributions.

For more than 10 years, Paul has been an active volunteer member for the Southeast Mass Chapter. He was the Communications Chair from 2006 to 2008, took a few years off to lead hikes, returned to become the Hiking Vice-Chair then Hiking Chair and is our current Communications Chair (again). Paul is a 4-season hike leader and enjoys leading hikes, particularly in the winter months. He recently completed the 2016-2017 Winter Hiking Series with a frigid, yet enjoyable overnight weekend at Lonesome Lake Hut. Paul has also been an organizer and presenter for the SEM Winter Hiking Workshops offered each fall in November, imparting his vast winter hiking knowledge and experience to those who are new to winter hiking.

Thank you, PAUL, for all you do!

Paul will receive a Volunteer of the Month Certificate and a \$50 gift card.

Members Go Native on Morocco Trip

White Lining the Blue Hills

Continued from page 1

For those of you who like statistics, the White Liners hiked 63 miles over 9 hikes. We did trails in all the sections of the reservation (except for Fowl Meadow) over diverse terrain, from flatter, longer hikes to hilly and (slightly) shorter hikes (see p. 10). With between 15 and 20 people turning up most weeks, we appreciated the good company, were happy to keep fit during the winter months, and enjoyed the winter trails.

This year, we had two hikers complete their White Lining series. This is where you hike every trail in the Blue Hills during the 12 weeks of winter usually over multiple seasons. Equal congratulations to them both! Bill Doherty completed his first White Lining series on January 16th and we celebrated with him on our hike around the AMC cabins. Bill maintained the tradition started by the Red Liners of bringing cookies to share and Pat Achorn, our newest hike leader, presented Bill with a patch.

Then, Bob Jabaily completed his White Lining March 12, becoming the only person to complete two White Lining

series. Bob tells me that this winter was so mild that he felt it was a little bit of a cheat. He tells me his new goal is to complete a single-season White Line during a winter such as that of 2015, when hurricane Juno dropped 6 feet of snow on Jan 27. That prompted me to put pen to paper and come up with this poorly prosed but appropriate thought:

*Whether the weather is cold or
Whether the weather is not;
Whether the weather, whatever the weather,
White lining in one season is a lot.*

Here are a few of the sites we mentioned during the series:

[DCR map of the Blue Hills](#)

[Red Lining website](#)

[100 mile patch](#)

[Adopt a trail program](#)

[Writings and old maps](#)

[St. Moritz Winter Carnival](#)

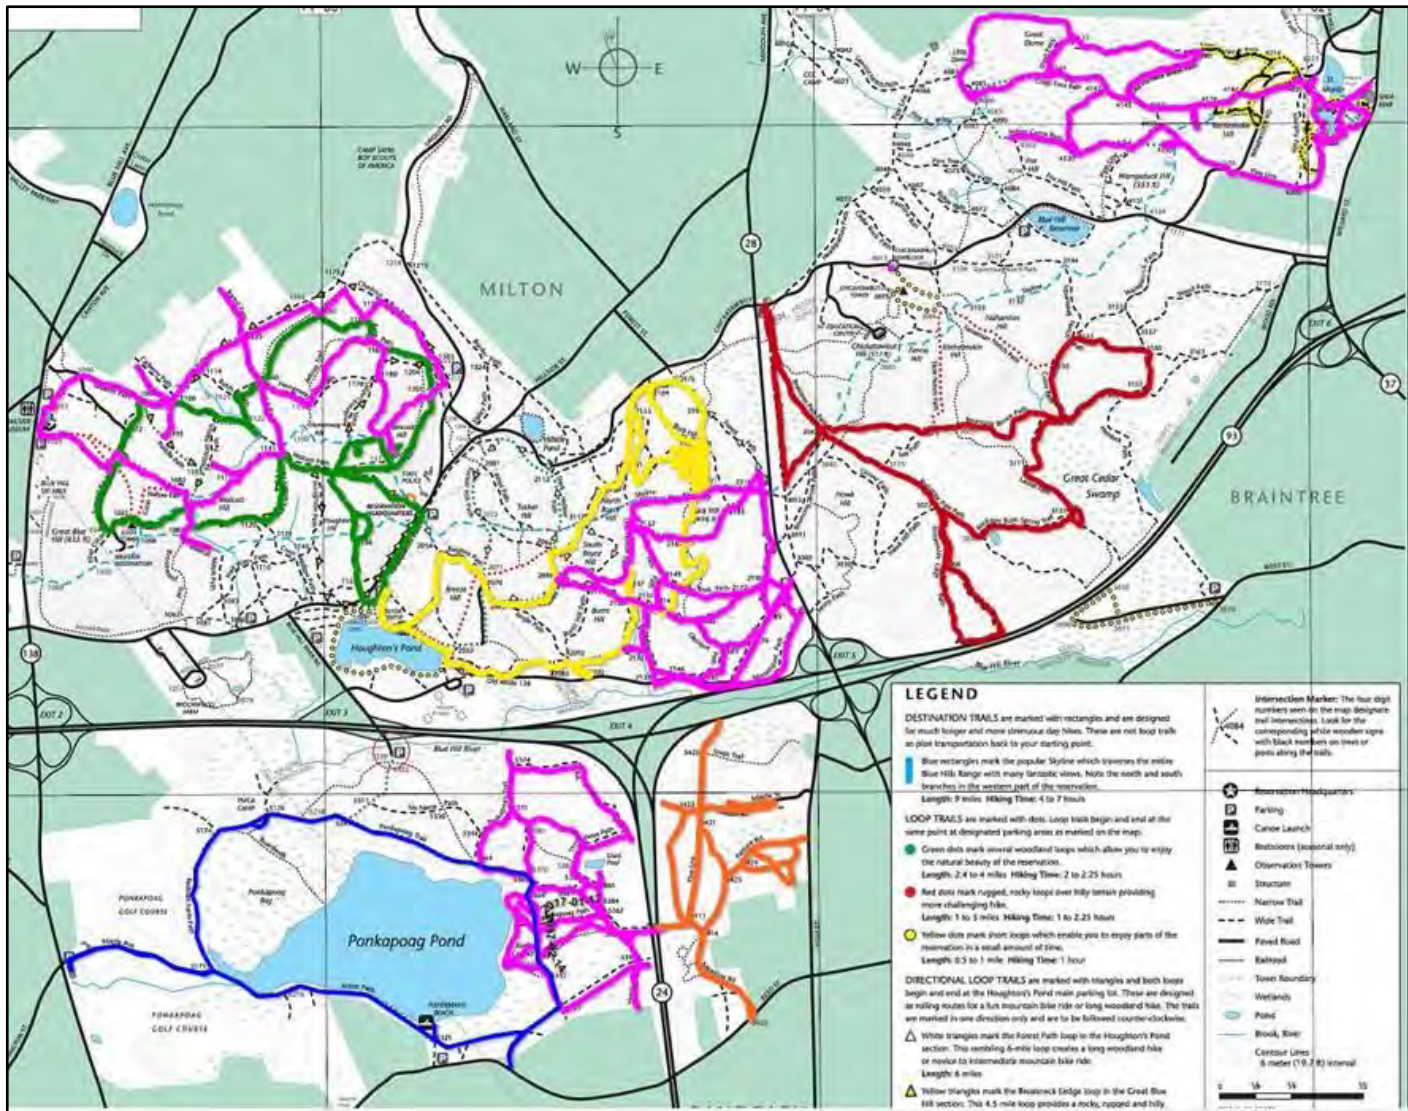

[Nike Missile Site](#)

I would like to end with a few thank-yous. First to Pat and Cathy MacCurtain, my other hike leaders. They are a joy to work with and they keep me honest. Without their moderating influence on my British tendencies, I would be leading you into polar vortexes during sub-zero temperatures and white-out conditions with the entreaty to “Keep Calm, and Carry-on.” Thank you also to everyone who sent me condolences while I was in England for my Dad’s funeral, as well as the picture that you sent of your hiking poles making a heart. Lastly, thank you to all who participated in our series; you made it easy for us leaders. Thank you for turning up to the hikes early, coming in the right clothes and with the proper gear, keeping together, and giving us grace when we needed to retrace a path after taking a wrong turn.

Until next year’s White Lining, we wish you blue skies and happy trails!

Bill Doherty completed his White Lining series to earn his patch. Bob Jabaily’s patch is being kept in the vault until he can claim it for completing his second White Lining series. *Photo by Paul Brookes*

White Line Series 2017

Our White Lining series offered nine hikes (three others cancelled due to weather) of varying lengths and terrain for a total distance of 63 miles.

AMC Adventure Travel: New Zealand's Wild South

This remarkable journey on New Zealand's South Island could be your adventure of a lifetime! We have worked with local experts to hand-select a variety of the island's most spectacular—and often most remote—destinations to explore. We have included many creature comforts, like an overnight cruise on fabled Milford Sound. By utilizing creative means of transportation when necessary, we are able to offer hikes which otherwise would be impossible without backpacking. Contact the leaders and see a [full prospectus](#). This trip is already half full so don't delay!

New Leaders-in-Training

Photo by Ken Carson

The Leadership Training Workshop held April 8 at Gilbert State Forest in Foxboro, MA, was once more filled to capacity with enthusiastic participants. The course prepared students to lead AMC-sanctioned trips with material on leadership styles, trip planning considerations, screening criteria to ensure similar group member skills, risk mitigation, and qualifications to become a leader. Presented by experienced AMC trip leaders and staff, the all-day workshop included classroom studies and outdoor exercises. The course is free for AMC members.

Canyon Hiking in Bryce and Zion National Parks

Written by Len Ulbricht

This fall, September 23 to October 1, I will be co-leading an AMC Adventure Travel trip to hike the canyons of Bryce and Zion National Parks. Bryce Canyon, known for its hoodoos and sculpted multi-color landscapes, and Zion, for its narrow steep red rock walls and awesome geological features, offer unique hiking experiences, be they high up on the canyon rim or down on the canyon floor. Check out the [Prospectus](#) or email me at lenu44@gmail.com for details.

EDUCATION

Sat., Apr. 15. Take It Outside with AMC 2017 - AMC SEM's Open House at Myles Standish SF, Myles Standish State Forest, MA. (C) (FT) (NM) Are you a member of AMC but haven't tried any of our activities yet? Good, because we have an Open House for you! Join us at Myles Standish State Forest in Plymouth, MA, on Saturday, April 15, 10:00-3:00 for "Take it Outside with AMC 2017" to meet our leaders and try a hike, some trail work, a nature walk, or a bike. All are welcome; bring a friend. Free lunch to participants. We know once you try it, you'll be hooked. Contact Maureen, mokel773@aol.com for more information. Each activity has a separate listing and you will need to register. Free Parking! L/R Maureen Kelly (508-224-9188 4-8pm, mokel773@aol.com)

Thu., May 4. Blue Hills PHOTO-OP Trek, Thursday Morning, Ponkapoag Pond, Canton, MA. 4 ½ - 5-mi. hike around Ponkapoag Pond with Boardwalk/Bog option. (FT) (NM) Slower pace than usual for photo opportunities and instruction. More frequent stops than usual, in order to "smell the roses". The walk and talk will concentrate on some of the composition and technique aspects of photography. The "Art of Nature" will be the theme during this "Renaissance of The Seasons" hike. Bring Point-and-Shoot and/or DSLR Camera, lunch & water. Sunscreen and bug repellent suggested Limited to 20 hikers - Registration required "No Dogs" please. L Walt Granda (wigranda@aol.com) CL/R Ken Cohen (508-941-0060 5:50pm to 7:30pm, kcohen@comcast.net).

Sat., May 6-7. Wilderness First Aid Two Day Training, 68 Mill Street, Foxboro, MA 02035. Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. Instruction is provided by SOLO, experts in providing wilderness medical training. The course runs 8:00 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM. The course will be given at the Rec Hall, 68 Mill Street, Foxboro, MA 02035. Contact leader for registration form. L Douglas Griffiths (508-758-4315) After 6 pm, RedDougG@aol.com

SOCIALS

Thu., May 25. Hike- Long Pond and Picnic, Goodwill Park, Falmouth, Cape Cod, MA. Traverse rolling wooded trails through Falmouth's Town Forest. Enjoy scenic views of Long Pond, a kettle pond formed at the edge of the glacial moraine. Sturdy shoes, plenty of water, sunscreen and tick repellent are strongly recommended. The Cape is a known tick habitat! Poison ivy is also abundant in the woods and along the sides of the trail. You may consider wearing long pants. Meet at 9:45 for trail talk. Hike begins promptly at 10 AM. PICNIC LUNCH to follow hike. Bring your own main course plus a salad, dessert or snacks to share with the group. Call leader with questions 508 243 3884. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

BIKING

(NM) Sat., Apr. 15. Take It Outside with AMC 2017- Intermediate Road Cycling, Myles Standish State Forest, Carver, MA. Join the AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for a morning (10am-12pm) 20 mile, 13-15 mph intermediate bike ride starting at Cranberry Rd & Lower College Pond Rd and heading out to mostly flat main & secondary roads thru scenic Carver & Middleboro. FREE parking. FREE lunch for all participants. Bring water, snacks. Helmet required. Bike in good working condition. Tires pumped and ready to roll at 10am. L Barbara Gaughan (781-572-1321 before 9 pm, barbaragaughan12@comcast.net, Level 1 SEM bike & hike leader) CL Jeff Hyman (SEM leader in training.)

Sat., Apr. 15. Take It Outside with AMC 2017- Open House beginner/ intermediate bike ride, MA. This will be two loops of a 6 mile ride. On state park paved roads. Some small rolling hills. Average speed will be 8-11 MPH Have your tires pumped up and the bike ready ready to roll for a 1:00 PM start. FREE pre ride bike safety check by leader, Bernie Meggison from noon to 1:00PM. L Bernie Meggison (617-930-4029, thosmeggisons@gmail.com) CL Irene Caldwell (774-454-3361)

Wed., May. 10. Sunset & Full Flower Moon Bike Ride, Cape Cod, MA. 22+/- Miles/ 2 +/- hours. Mostly flat - We'll start and end on Town Neck Beach in Sandwich; down Freeman Ave from Horizons on the Bay to the beach parking lot. The moonrise and sunset are within a few minutes of each other so we can catch the sun descending over the marsh and the moon ascending over the bay. Registration required - paulbcurrier@comcast.net Flowers spring forth in abundance this month. Some Algonquin tribes knew this full Moon as the Corn Planting Moon or the Milk Moon. L Paul Currier (508-833-2690, 9 AM-7 PM, paulbcurrier@comcast.net)

Tue., Jul. 11. Nantucket Island Day Bike Trip, Nantucket, Cape Cod, MA. Take the Steamship Authority high speed ferry from Hyannis to Nantucket for a day long riding and sightseeing adventure. We will visit the quaint villages of Siasconset, the beaches of Surfside, and with time permitting Madaket beaches. Finish off the day with fun at the Cisco Brewery for entertainment, food and libations. Cost of ferry is \$64.00 round trip including bike. Depart Hyannis at 8:15 AM, arrive in Nantucket 9:15 AM. Return trip, depart Nantucket 6:15PM, arrive Hyannis, 7:15 PM We must make reservations by June 26th!! Rain cancels. Rain date, July 12th. Maximum riders 15. Must be 21 years of age to attend. First come, first served. Contact leader for additional details. Approx 40 miles. Pace of 12-15 MPH. Small rolling hills. L Bernie Meggison (617-930-4029 8:00-8:00, thosmeggisons@gmail.com, AMC/SEM Bike Chair)

TRAIL WORK

(C) (FT) (NM) Sat., Apr. 15. TAKE IT OUTSIDE WITH AMC 2017 - Morning Trail Work Event, Myles Standish State Forest, Carver, MA. Join AMC SEM Chapter with the Friends of Myles Standish for Trail Work. All events will begin from the Headquarters on Cranberry Rd. Plenty of free parking. FREE LUNCH for all Open House participants! No experience needed because we have the right job for you and the experienced leaders to train you. Help open trails for the spring/summer hiking season. Participants bring their own water, snacks, long pants (no matter how hot it is!), sturdy hiking boots, and other clothing appropriate for the weather. The AMC Trail Crew Leaders will provide gloves, trail tools, instruction and supervision. No experience is required to participate; we encourage beginner and experienced trail volunteers alike. Event will last from 10am-12pm. Sat., Apr. 22. Hike and Remove Litter from Four Ponds Conservation Area Bourne (Pocasset), Bourne, MA, In recognition of Earth Day, April 22, 2017 join Nancy Wigley, AMC Life Member/Naturalist and Jane Harding Cape Hike Chair to hike and remove litter along the necklace of trails around ponds of the Pocasset River. This area seemingly untouched by human hands will reveal secrets of its past uses. You will walk where President Grover Cleveland and Calvin Coolidge once fished for Brook and Rainbow trout, stand on a bluff above one of the ponds and view the remains of the fishing camp where their catch was cooked and enjoyed. The walk will take you along paths by the ponds and we will follow the river on its journey to the sea. This area is used by 4th grade students studying forest ecology and AMC will set a good example to show that this area is not the place to dispose of beer bottles etc. Bring gloves, plastic bags will be provided. L Nancy Wigley (nrwigley@verizon.net) L Jane Harding (508-833-2864 before 9 PM, janeharding@comcast.net)

HIKING CAPE COD

Get your 100-mile patch! Contact hikingchair@amcsem.org.
Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Sun., Apr. 16. Quaker Woods Hike (C4C), West Falmouth, Cape Cod, MA. (FT) (NM) Easy 2-hour hike, stepping back in time 350 years to the site of one of the earliest Cape settlements, and see the first Quaker Burial Ground on the Cape. Depending on time, may also walk a bit on local bike path, West Falmouth Harbor, and possibly beach. Rain cancels. Call leader if in doubt about weather. Kids welcome, as well as adults. Directions: From the north or the east, take Route 28S to the Brick Kiln Road exit. Right at the end of the ramp. After 0.5 miles, turn right at the flashing yellow light onto Route 28A, then go 0.6 miles to a left at Old Dock Road. Go 0.1 miles and park in the lot on the right by the bike path. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Apr. 20. Hike Hawksnest State Park, Brewster, Cape Cod, MA. Spring hike on wooded trails and dirt roads by ponds in small state park. We will hike approximately 4 miles in 2 hours at a moderate pace. From Rte. 6 - exit 11 turn L at light and immediate R onto Spruce Rd. Park on side of road approximately 1/2 mile down the road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a long time hike leader having been active in both CT chapter and SEM chapter.)

Sat., Apr. 22. Hike and Remove Litter from Four Ponds Conservation Area Bourne (Pocasset), Cape Cod, MA.. In recognition of Earth Day, join Nancy Wigley, AMC Life Member/Naturalist and Jane Harding Cape Hike Chair to hike and remove litter on the necklace of trails around ponds of the Pocasset River. This area seemingly untouched by human hands will reveal secrets of its past uses. Walk where President Grover Cleveland and Calvin Coolidge fished for brook and rainbow trout, stand on a bluff above one of the ponds and view the remains of the fishing camp where their catch was cooked and enjoyed. HIKING CAPE COD

Sun., Apr. 23. Hike Quashnet River (C3C), East Falmouth/Mashpee, Cape Cod, MA. (FT) (NM) Spend 2 hours walking in a small valley along a stream. May see some herring and trout. Meet at 1245 for 1300 start. Rain cancels, but phone or email leader if any doubt about weather. Kids welcome, as well as adults and new members. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Apr. 27. Hike Long Nook Truro, Cape Cod, MA. 2 hour hike. Visit AF Base and Jenny Lind Tower. Directions: From Route 6 take Right on Long Nook Rd (1.2 miles after Pamet Rd Exit) and follow to parking lot at the end. Meet at 9:45 and hike 10 am – 12:00 pm. L Richard Kaiser (508-432-3277, rjkaiser@comcast.net) CL David Selfe (kdsselfe@comcast.net)

Sat., Apr. 29. Moraine Trail Hike, Falmouth, Cape Cod, MA. Nine mile, 5-hour, moderate, one-way, hike along moraine and pond with lunch stop. Meet in Goodwill Park in Falmouth at 0930, and will carpool at 0945 to hike start at 1000. Bring lunch, water, and your favorite tick prevention. Cancelled if rain. Please phone or email leader if any question about cancelling due to weather. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., May 4. Sandy Pond Recreation, West Yarmouth, Cape Cod, MA. Wooded trails, pond views in mid-cape area. Route 6 Exit 7S, left on Camp Street, left on Buck Island Road, and left at Sandy Pond Recreation Area. Meet at 9:45 AM. L Janet Kaiser (508-432-3277 before 9:00 p.m., jtkaiser@comcast.net) CL Kathy Selfe (508-771-0620 Before 9:00 p.m., kdsselfe@comcast.net)

Sun., May 7. Hike Maple Swamp, Cape Cod, MA. Hike historic area which dates back to glacial erosion. This hike has lots of steep climbs and declines with uneven terrain. Hiking boots and poles strongly recommended. Driving directions to start take Rte 6 to exit 3 Quaker Meetinghouse Rd and turn S off of ramp. Take first L onto Service Rd and look for Maple Swamp parking area on R past Mill Ln. Meet at 12:45 PM for 1 PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

Sun., May 14. Hike Santuit Pond, Marston Mills, Cape Cod MA. Join us on Mother's Day for a delightful hike on wooded trails that will give us the opportunity to view a newly refurbished herring run and with some luck we will see rare Birdsfoot Violets blooming around a cranberry bog. Meet at 12:45 PM for a 1PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net, Level 1 hike leader with 3 years' experience. Cape Hike chair for AMC.) L Nancy Wigley (nrwigley@verizon.net, Hike leader with many years of experience.)

Thu., May 18. Hike Herring River, Harwich, MA. Hike wooded trails around 2 reservoirs and cranberry bog. See working Herring Run. From Rte 6 take exit 9A. Follow Rte 134 to 3rd Traffic light and turn L and then take immediate L onto Great Western Rd. Go approx. 3 miles to R on Bells Neck Rd follow about 1/8 mile to reservoir and park on either side of dirt road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a veteran AMC member who has led numerous hikes.)

Thu., May 25. Hike- Long Pond and Picnic, Goodwill Park, Falmouth, Cape Cod, MA. Traverse rolling wooded trails through Falmouth's Town Forest. Enjoy scenic views of Long Pond, a kettle pond formed at the edge of the glacial moraine. Sturdy shoes, plenty of water, sunscreen and tick repellent are strongly recommended. The Cape is a known tick habitat! Poison ivy is also abundant in the woods and along the sides of the trail. You may consider wearing long pants. Meet at 9:45 for trail talk. Hike begins promptly at 10 AM. PICNIC LUNCH to follow hike. Bring your own main course plus a salad, dessert or snacks to share with the group. Call leader with questions 508 243 3884. Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Sat., Apr. 15. TAKE IT OUTSIDE WITH AMC 2017 - Morning Nature Walk with a Birder and a Botanist - East Head Loop, Myles Standish State Forest, Carver, MA, (C) (FT) (NM) Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for a Nature Walk with birder, Glenn d'Entremont and botanist, Irina Kadis. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! This Nature Walk is a great opportunity to meet two well-known area naturalists who will identify plants and birds in the local Plymouth / Carver habitat. This walk will be slow-paced with many stops to look at wildlife along the East Head Pond Loop. The Nature Walk will last about 2 hours. Bring your cameras! L Jane Harding (508-833-2864 before 9 pm, janeharding@comcast.net) CL Glenn d'Entremont CL Irina Kadis

Sat., Apr. 15. Take It Outside With AMC 2017 - Intermediate Morning Hike- Cherry Pond, Myles Standish State Forest, Carver, MA, (C) (FT) (NM). Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for an Intermediate Hike to Cherry Pond. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! Cherry Pond is a scenic little pond north of College Pond in Myles Standish State Forest. An unmarked trail leads to Cherry Pond and continues into a valley running east and west for a mile. The trail returns via a tall pine plantation. This hike is only about 3 miles but if we get going on time, we can easily add another mile or two. We will have about a 5 minute carpool from headquarters to the hike start. L John Bescherer (508-742-7973 Before 9pm, johnbescherer@gmail.com, John has been leading hikes in Myles Standish State Forest since 2010 and has tried to explore every corner of the gigantic park. He began leading for the AMC in 2016 in order to show some of the best parts of it to AMC members.) L Leslie Carson (lrc929@comcast.net, Leslie is the hiking Chair for the Southeastern Mass AMC)

Sat., Apr. 15. TAKE IT OUTSIDE WITH AMC 2017 - Intermediate Morning Hike - The Bentley Loop, Myles Standish State Forest, Carver, MA, (C) (FT) (NM) Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for an Intermediate on the Bentley Loop. All events will begin from the Park Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! (after the morning activities) This hike will be the Bentley Loop -- 3.7 miles of beautiful woodlands with rolling hills, open meadows and several ponds. It is one of the most used and loved trails in Myles Standish State Forest. Because it is well marked, it is also one of the better trails to walk in the winter in case there is still a snow coating obscuring the trail bed.. Since all hikes will meet at the Myles Standish headquarters for the open house, we will make a short five minute drive to the trail head once we are gathered. We encourage newcomers to join us for this walk. Dress warmly with hat and gloves and bring water. L Catherine Giordano (508-243-3884 Before 9pm, cmgiordan@msn.com) CL Vickstrom, William (774-454-7386 Before 9pm, wrwick@comcast.net, Bill has been leading hikes in Myles Standish State Forest for many years. He is the President of the Friends of Myles Standish State Forest), R Catherine Giordano (508-243-3884 before 9 pm, cmgiordan@msn.com)

Sat., Apr. 15. TAKE IT OUTSIDE WITH AMC 2017 - Afternoon Beginner Hike - East Head Pond Loop, Myles Standish State Forest, Headquarters on Cranberry Rd., Carver, MA (C) (FT) (NM). Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for a Beginner Hike around the East Head reservoir. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! This will be a slower paced hike along a nature trail that loops around the East Head pond reservoir. We will stop often at numbered trail posts to observe the various trees and flora outlined in the free Interpretive Program guide provided by Myles Standish State Forest. The loop is 2.6 miles long and we will plan to be on the trail for about 2 hours. Lunch will be available from 12 noon and our hike will start at 1:30pm at gate W39. Please bring a small pack with water and some trail snacks. Registration is required, however everyone is welcome whether you are a new member, non-member or newly active. L Paul Brookes (PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.) HIKING

Sat., Apr. 15. Take It Outside With AMC 2017 - Intermediate Afternoon Hike- Pine Barrens Path, Myles Standish State Forest, Plymouth, MA, (C) (FT) (NM). Join AMC SEM Chapter Open House event with the Friends of Myles Standish at Myles Standish State Forest in Plymouth for an, Intermediate Hike to the Pine Barrens Path. All events will begin from the Headquarters on Cranberry Rd where there is plenty of free parking. Also, FREE LUNCH for all Open House participants! For this intermediate hike, we will hike the prettiest half of the Myles Standish Pine Barrens Path. The Pine Barrens Path is about 8 miles long and was marked in 2016. It is shown on the 2016 state-issued map of Myles Standish. (link below) We will do a portion of the southern half of the trail. The hike will be about 5 miles long. We will carpool to the start from headquarters after lunch is concluded. (Lunch starts at 12pm.) Everyone is welcome, members and non-members. L John Bescherer (508-742-7973 Before 9pm, johnbescherer@gmail.com, John has been leading hikes for the Friends of Myles Standish since 2010. He has attempted to explore every corner of the gigantic park and wants to show the best of it to AMC members.) L Eva Das (borsody@gmail.com)

Tue., Apr. 18. Blue Hills Tuesday Spring Conditioning Hike Series, DCR Blue Hills Reservation, Milton, MA. Hike hilly Skyline Trail and adjacent trails on ten successive Tuesday mornings 3/21-5/23, progressively increasing distance, elevation gain and pack weight (optional) to condition for summer hiking season up north. Moderate to fast pace 3 to 4 hour hike, distance 3 to 8 miles. 9:30 am start. Not suitable for beginners. May finish series with extended day hike. Register once for entire series. L Len Ulbricht (lenu44@gmail.com, Len has been an AMC Southeast Mass chapter member since 2008. He leads three season hikes in the White Mountains, both day hikes and multi-day hut trips, and an annual spring conditioning series in the Blue Hills. He has summited 44 of the 48 NH 4K peaks and is an AMC Adventure Travel co-leader.)

Thu., Apr. 20. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM) Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. Once you register, an email will be sent to you every week telling you where to meet. This is a great way to end your day, get outside and strengthen your hiking legs and socialize with a nice group of people. This is the 12th year of the Red Line series! L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. HIKING

Thu., Apr. 27. Thursday Morning Hiking in the Blue Hills, Blue Hills Reservation, Milton, MA. (FT) (NM) A 5 mile hike in the Blue Hills on the Red Dot Trail that is marked by rugged, rocky loops over hilly terrain. L Sue Chiavaroli (508-496-6452 7PM-9PM, brillo6452@yahoo.com)

Sun., Apr. 30. Mt Greylock Hike, Near Adams, Berkshires, MA. Approach the summit of Mt Greylock (3,491ft) using the less frequented trails on the eastern side of the mountain. We will follow the Cheshire Harbor Trail and the Gould Trail, dipping into Peck's Brook ravine. This is one of the shortest routes to the summit, but the elevation gain is as significant as some trails in the White Mountains, at 1930 ft. The loop is approx. 6.6 miles. (This hike was originally scheduled for April 1, but was cancelled due to trail conditions.) L Peggy Qvicklund (qvickan@comcast.net, Lists are great, I've done NH 48, let's explore our own state!) L Jeannine Audet (MILMOD@aol.com)

Tue., May 2. Blue Hills Tuesday Spring Conditioning Hike Series, DCR Blue Hills Reservation, Milton, MA. Hike hilly Skyline Trail and adjacent trails on ten successive Tuesday mornings 3/21-5/23, progressively increasing distance, elevation gain and pack weight (optional) to condition for summer hiking season up north. Moderate to fast pace 3 to 4 hour hike, distance 3 to 8 miles. 9:30 am start. Not suitable for beginners. May finish series with extended day hike. Register once for entire series. L Len Ulbricht (lenu44@gmail.com, Len has been an AMC Southeast Mass chapter member since 2008. He has summited 44 of the 48 NH 4K peaks and is an AMC Adventure Travel co-leader.)

Thu., May 4. Blue Hills PHOTO-OP Trek, Ponkapoag Pond, Canton, MA, (FT) (NM) 4 ½ - 5-mi. hike around Ponkapoag Pond with Boardwalk/Bog option. Slower pace than usual for photo opportunities and instruction. More frequent stops than usual, in order to "smell the roses". The walk and talk will concentrate on some of the composition and technique aspects of photography. The "Art of Nature" will be the theme during this "Renaissance of The Seasons" hike. Bring Point-and-Shoot and/or DSLR Camera, lunch & water. Sunscreen and bug repellent suggested Limited to 20 hikers - Registration required "No Dogs" please. L Walt Granda (wgrand@aol.com) CL Ken Cohen (508-941-0060 5:50pm to 7:30pm, k-cohen@comcast.net), R Ken Cohen (508-941-0060 5:30pm to 7:30pm, k-cohen@comcast.net)

Thu., May 4. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM) Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. Once you register, an email will be sent to you every week telling you where to meet. This is a great way to end your day, get outside and strengthen your hiking legs and socialize with a nice group of people. This is the 12th year of the Red Line series! L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. Thu., May 11. Thursday Morning Hike - World's End, Hingham, MA, (C3C) (FT) (NM). Meet at 10am, \$6 pp non-Trustees members. Moderate 4-5 miles. Explore unique peninsula in Boston Harbor with stunning views, hilly, carriage ways and rocky paths. There could be muddy sections. Wear layers, wind protection, good shoes suitable for weather and conditions. Bring water, snacks/lunch. Directions at <http://www.thetrustees.org/places-to-visit/greater-boston/worlds-end.html>. L Eva Das (borsody@gmail.com)

Sat., May 13. Woodland End2Ender Hike in the Blue Hills, Southeast, MA. This fun End-to-end hike traverses the Blue Hills from the Northernmost end of Fowl Meadow in Canton to Shea Ice Rink in Milton, stopping at Houghton's Pond for a leisurely lunch. We will avoid the summits and generally stick to well-maintained trails in the wooded lowlands. The total distance is 11 miles and we will hike at a moderate pace ideal for walking and talking at the same time. Other than a short section around Little Blue and Great Blue Hill the trails will be flat or gently inclined. This popular hike is limited to 24 people so register early to avoid being waitlisted. Also, since we are keeping to lowlands, heavy rain or flooding will cancel. Lastly, one of the leaders, Paul, will have his well-behaved dog with him, if you wish to bring your dog, please discuss during registration. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. HIKING

Sun., May 21. Family Hike #1: Borderland State Park, Easton, MA. Join us for a 2 to 3 mile hike at a leisurely pace around the Leach Pond in beautiful Borderland State Park. The hike is suited to families with children ages 3 to 10 years. We will explore and learn about following trails, the wildlife and Leave No Trace principles. Wear sturdy shoes or hiking boots, as the trails may be damp. Bring water and a snack. You may choose to bring a picnic lunch to enjoy at the end of the hike. Heavy rain will cancel. L Jeannine Audet (508-493-8221 Weeknights after 7:00 pm, weekends anytime, milmod@aol.com) CL Anne Duggan (abduggan12@gmail.com)

Tue., May 23. Blue Hills Tuesday Spring Conditioning Hike Series, DCR Blue Hills Reservation, Milton, MA. HIKING

Sat., Jun. 10. Photo Hike, Sandy Neck Beach, Sandwich/Barnstable, Cape Cod, MA. A Photo Hike on The Marshside Trail that parallels Sandy Neck Beach. The trail travels along a great marsh, dunes, a winding sandy trail, passing older summer homes. Hopefully, we will see wildlife in action as well as different fauna. The trail is approx. 10 miles long round trip, but because this is a photo hike, we will decide on a turn-around time instead of distance. We will have an early morning start to try and capture activity. Bring your own photo equipment, plenty of water, lunch, snacks, and sunscreen. There will be a parking fee. L Ken Carson (508-833-8237 between 10 am-7pm, kcciii@comcast.net)

HIKING

Sat., Jul. 8-10. Joe Dodge Lodge and Madison Hut Overnight, Mt. Madison, White Mountains, NH. On Saturday afternoon, prior to our group dinner at Joe Dodge Lodge, we'll take a short hike up to a scenic spot in Pinkham Notch to get to know each other and shake out any gear issues. After breakfast at JDL on Sunday, we'll carpool over to the Appalachia trailhead and hike up to the new Madison Spring Hut via either the Valley Way or Airline Trails (depending on the weather) and then summit Mt. Madison (5,367 ft.) in the afternoon to (hopefully) take in the amazing panoramic views before enjoying our Croo-served dinner in the hut. After breakfast at the hut on Monday, we may also have an opportunity to climb nearby Mt. John Quincy Adams before hiking back down to the trailhead. This is a great opportunity for strong hikers who may not have had an opportunity to spend much time above tree line to experience the beauty and drama of the Alpine Zone in the Northern Presidentials. Trip is limited to 10 people, including leaders. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul Miller is an experienced four-season hike leader and former Hiking Chair for the Southeast Mass. Chapter) L Michael Swartz (swartz@brandeis.edu, Michael is an experienced hiking leader for both the Boston and Southeast Mass. Chapters), R Paul Miller (169 S. Washington St., N. An eager troop of Open House participants hit the trail around the East Pond Reservoir for the afternoon Beginner Hike led by Peggy Qvicklund and Paul Brookes.
Photo by Paul Brookes

Open House draws 120+ to 'Take it Outside'

More than 120 people participated in the SEM Chapter's annual "Take it Outside" Open House on April 15. This year's event, held in conjunction with both the Massachusetts Department of Conservation and Recreation (DCR) and the Friends of Myles Standish State Forest, was held at the expansive forest in Carver. The Open House featured a variety of nature, hiking, biking, and trail work activities; plus a free lunch for all participants.

We could not have put on this event without the organizational skills of Maureen Kelly and the many volunteers who stepped up to set up, clean up, lead events, and make sure everyone had a fantastic time. Thank you Sandy Santilli for the food; Karen Singleton, Alan Greenstein, Sue Svelnis, Barry Young, Claire MacDonald, Ken Carson, Bill Cannon, Richie M. Activity leaders were Bill Vickstrom, Jane Harding, Dia Prantis, Barbara Gaughan, Jeff Hyman, John Bescherer, Leslie Carson, Cathy Giordano, Skip Maysles, Pete Tierney, Peggy Qvicklund, Paul Brookes, Bernie Meggison, Irene Caldwell, and Eva Borsody Das.

View from the chair: We Deliver FUN!

**Barry Young, Chapter
Chair chair@amcsem.org**

Hello SEM Members,

For those of you who know Alan Greenstein, one of our most active hikers, you have probably had him come up to you at some point in time and had him greet you with “Hope you are having FUN today with a capital F–U–N.” Well, that is what AMC SEM does for you. We help you have FUN.

We have local hikes like our Red Line the Blue Hills series, Thursday morning hikes, hikes on the Cape, and of course the more challenging hikes up north or out in the Berkshires. For those of you with young children (or grandchildren!), we just posted a series of Family Hikes. Want to hike and learn all about photography at the same time? We have a great photography hike coming up in June. Recently we listed on our website several kayak paddling trips on the Cape with all the secret places to put in and park during the summer.

We also offer cycling trips and recently purchased a software program from “Ride With GPS.” We provide a free account to all AMC SEM cyclists who wish to log their rides and take advantage of our cycling library, complete with turn-by-turn directions.

Want to get your hands a little dirty? There are opportunities coming up for trail work and conservation activities. Check out our activities on our [website](#).

If, after looking at all the ways we deliver FUN, you still can’t find something, send me an email and I’ll find a leader to plan a trip just for you.

See you all outside!
Barry Young

Remember When?

Photo by Dexter Robinson

Last month's photo challenge produced no winners. In fact, none of the submitted entries were even close! So this month we are moving up in time. This one's even in color instead of black and white! Can you identify when and where it was taken and who the people are in the photo? For those who hike in the White Mountains, the location should be easy. The gentleman in the middle finished his NH48 on this hike. Many of you SEM hikers should recognize at least one active hiker in this photo. Maybe you can track that hiker down and get the answers! Please send your responses to chair@amcsem.org.

Exciting Opportunities in Education!

Written by Doug Giffiths, Education Chair

The Education Committee needs volunteers to help our chapter organize programs for the coming year. You can sign up as a committee member or as Vice Chair and learn to become Chair of the committee in a year or two.

The Education Committee arranges one Leadership Training one-day workshop each Spring and at least one Wilderness First Aid two-day workshop per year. Wilderness First Aid is aimed at hike and trip leaders, but is open to all desiring to expand their knowledge in that area. Some years WFA is held both Spring and Fall if required to meet the needs of chapter activity leaders.

Educational programs can be arranged when a need or interest is identified. An example is the Map and Compass half-day course last held in Fall 2016. The Committee responds to ideas and requests from other activity committees to help them meet their needs.

There are standard formats for our usual workshops, but committee members can suggest improvements and develop their own ideas if desired. The AMC main office provides assistance through their professional education and training staff who are enthusiastic, accessible, and very supportive in developing successful workshops.

This committee work puts you in touch with dedicated leaders of varied activities and club members seeking to expand their abilities. Working with these positive-minded people creates a stimulating and gratifying experience for all. It's great fun to see people enjoy and respond to our workshops.

Please consider helping out with this important volunteer work.

Joe Keogh (right) presents Bill Cannon with his patch for Blue Lining the Blue Hills. The presentation was made before 27 other hikers on the Thursday, May 4, hike from Houghton's Pond. Congratulations, Bill! *Photo by Barbara Gaughan*

Nineteen hikers turned out on April 13 for a 4.5 mile hike through the Bell's Neck Conservation Area. On a sunny 55-degree day, hikers were treated to sure signs of spring: herring, osprey, equestrians, and mayflowers. *Photo by Barbara Gaughan*

Earth Day Cleanup Crew at Blue Hills

Written by Len Ulbricht

For several years the Tuesday Blue Hills Spring Conditioning Series has held a trash pickup hike in recognition of Earth Day. So on Tuesday, April 18, fifteen hikers donned work gloves and filled trash bags with all kinds of manmade trail debris. Our focus was on North and South Skyline and a portion of SE Mass Chapter's adopted trail, the Skyline Trail from park HQ to Buck Hill. That's 5.2 miles worth of trash pickup.

We spent four hours collecting all sorts of stuff: coffee cups, beer and soda containers, tissues, a T-shirt, orange peels, Cliff Bar wrappers—yes, even plastic bags of dog poop. And much of this stuff was tossed off trail in underbrush and briars, not the easiest of access.

The mindset of some people is astonishing. Orange peels don't decay. Nature designed the peel to be hardy, to protect the fruit inside. And it lasts a long, long time in the environment, drying out and resisting decay. Bagging dog poop is great, but leaving the bagged poop on trail and not carrying it out? Why?

Kudos to all fifteen volunteers who pitched in: Ken Carson, Leslie Carson, George Danis, Bill Doherty, Wendy Fox, Jean Hauck, Livia Imada, Bob Jabaily, Craig MacDonald, Nancy McLaughlin, Judy Melanson, Peggy Qvicklund, Dexter Robinson, John Schepis, Len Ulbricht.

Their reward for cleaning up the trails: A priceless view.
Photo by Ken Carson

Volunteer of the Month: Larry Kornetsky

Written by Bernie Meggison, Biking Chair

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Biking Committee recognizes LARRY KORNETSKY for his continuing contributions.

Larry Kornetsky has been an AMC'r for over 15 years. He actually took his leadership training at Joy Street, and a weekend training in the Berkshires. Larry does 70 percent of his riding on his 29'r mountain bike.

His extensive experience with our new cycling APP, ridewithgps.com, is impressive. He was the lead trainer in our recent training class. Larry will lead several trips this year with his interesting routes.

Thank you, LARRY, for all you do! Larry will receive a Volunteer of the Month Certificate and a \$50 gift card.

Pilgrim Spring Cleanup Crew Clears Trail Brush at National Seashore

Written by Jane Harding, Cape Hiking Chair

On an overcast, cool spring morning in the 40s, ten AMC-SEM volunteers reported for duty at the parking lot for Pilgrim Heights in Truro. The volunteers were Dave and Annette Winther, Ted Franklin, Janet Kaiser, Nancy Wigley, Jeff Hyman, Susan Carpenter, Lilo Kimball, Deb Hayden, and Cape Hike Chair Jane Harding.

Lizabeth Rodriguez from AmeriCorps greeted us and had all required safety gear laid out for us to put on: a Nomax shirt, safety helmet, safety goggles, leather gloves, and earplugs. She had wipes for people allergic to poison ivy to rub on exposed skin prior to beginning work as a preventive measure. We each signed in on an attendance/waiver sheet, and Jane Harding completed a sheet with more information on AMC-SEM.

We circled up with other AmeriCorps volunteers Julien Garcia, Sam Gilvrage, Joseph Bell, Brad Falco, Hunter Moore, and Ryan Souto and introduced ourselves. David Schell, Program Director for Americorps, thanked us for coming to help out. David Crary, Fire Management Officer, shared with the group a brief history of the area and the ecological benefits of trail maintenance.

Equipped with loppers, the group proceeded down Pilgrim Spring trail to begin the work. AMC-SEM's responsibility was to cut down all the low growth to ground level for ten feet beyond the edge of the trail.

The AmeriCorps members used weed-whackers and chainsaws to facilitate the process. Fires to burn all the brush cleared were monitored by AmeriCorps staff. We did encounter a small amount of poison ivy, but once it was identified we worked around it.

We had spectacular views of the Atlantic Ocean, which allowed us to take short respites and just enjoy the view. At 11:45 AM we started to wind down work for a lunch break. This completed AMC-SEM's volunteer effort. Back in the parking lot, we once again circled up and shared the experience with one another. Overall the AMC-SEM volunteers felt the experience was beneficial, and they thanked the Americorps members for their hospitality.

The AMC-SEM staff adjourned to the Red Barn Restaurant for pizza.

Sign Up for 2017 AMC Fall Gathering

Registration opens July 1 for your fall weekend in the heart of New Hampshire's White Mountains.

Join fellow AMC members for a great time at the 2017 AMC Fall Gathering at Camp Robin Hood in Freedom, NH. Plan your getaway weekend this fall and join this annual AMC October event—a great time to be in the White Mountains!

Come to: Launch and Paddle from the host camp; hike Mount Chocorua or other White Mountain greats; enjoy hearty meals and great company; celebrate autumn's splendor; get away and enjoy the great outdoors.

Check it out at www.outdoors.org/fallgathering

Have bag, will conquer trash! *Photos by Dave Selfe*

Four Ponds Earth Day Hike

Written by Nancy Wigley & Jane Harding

In recognition of Earth Day, April 22, 2017, seven hikers joined Nancy Wigley, AMC Life Member/Naturalist, and Jane Harding, AMC Cape Hiking Chair, in removing trash from the trails of the beautiful Four Ponds Conservation Area in Pocasset. This area is where President Grover Cleveland and President Calvin Coolidge once fished for Brook trout and Rainbow trout.

Clean-up included not only the Four Ponds Conservation Area, but two ponds beyond, as we followed the flow of water in its journey to the sea. This cleanup was important because this area is used by both high school students and 4th-graders studying forest ecology. The group hiked 3.7 miles and removed a couple of large

bags of plastic and glass bottles, plus one large bag of trash. The weather was overcast with some drizzle, but the job got done with great spirit from everyone. AMC has set a good example to the students in cleaning up this area, and we wish to thank again those who participated.

Massasoit students, Professor Susan Martelli, and Wildlands Trust Property Manager Erik Boyer at the 20 ft. boulder, or "glacial erratic," at Brockton Audubon Preserve.

Students Canvass for Preserve

Written by Maureen Kelly, Past Chapter Chair

On a beautiful Monday afternoon in April, Massasoit Community College honor students led by Professor Susan Martelli met up with Wildlands Trust staff, Erik Boyer and Ryan Krapp, to canvass the neighborhoods surrounding the new and improved trail system at Brockton Audubon Preserve.

The goal of the day was to hand out more than 100 invitations to come enjoy the new trails located in Brockton residents' back yard. There are now more than 1.5-miles of trails with two new boardwalks, a large kiosk at the Pleasant Street parking lot, and five interpretive trail-side signs along the way. If you haven't been to Brockton Audubon Preserve in a while, you better stop by to check it out! Get the [map here](#).

Thanks Massasoit Community College honor students for your volunteerism and enthusiasm for the work we're doing in Brockton!

Space Open on Teen Trail Crews

Do you know a teen who is passionate about conservation? Cares about making a difference in their community? Wants to help in our mission to make the outdoors more accessible to all? Maybe they're excited to learn about trail stewardship and construction while enjoying the creature comforts of a campground.

If so, spread the word about AMC's Bay Circuit Trail (BCT) Base Camp Teen Crews! Our BCT crews work on beautiful forest conservation areas in outer-Boston and come back each night to a camp with a swimming pond, bathhouse, and canoes! Teens earn 40 hours of community service during the Sunday-Friday program.

Two crew weeks this summer!

July 23 to 28

August 8 to 11

AMC's Best Day Hikes Near Boston, Third Edition:

Four-Season Guide to 60 of the Best Trails in Eastern Massachusetts

By Michael Tougias, John S. Burk, & Alison O'Leary

\$19.95 (Print) • \$9.99 (e-book)

Available for the first time in vibrant full color, this indispensable guide has been fully revised and updated to bring you 60 of the best day hikes in the Boston area. Whether you are an avid hiker or just visiting the city, this book is a must-have resource for shorter walks and day-long adventures, taking you on hikes in the Middlesex Fells and Blue Hills Reservations, the sands of Crane Beach, and the forests of eastern Massachusetts. Both visitors and locals alike will find something to enjoy in this volume offering a variety of trails for all ability levels and interests.

Inside You'll Find

- 60 hiking trips for all ability levels and seasons
- At-a-glance trip planner to help you find the trip that's right for you
- Detailed maps showing parking, trails, and natural highlights
- Summaries of time, distance, and difficulty level for each trail
- GPS coordinates for all trailheads
- Hiking and safety tips, including advice on what to carry in your pack
- Essays on nature and history of the region

Michael Tougias is a *New York Times* best-selling author and co-author of 25 books. **John S. Burk** is an outdoor writer, photographer, and historian from central Massachusetts. **Alison O'Leary** is a longtime journalist, public speaker, and the author of two other books.

Ordering Information for AMC Books

AMC Books are available nationwide through booksellers and outdoor retailers, and can be ordered directly from AMC at outdoors.org/amcstore or by calling 800-262-4455. (AMC members receive a 20% discount.)

New Bridge Built at Gap Mountain

Trail season is off to a great start on the Metacomet-Monadnock trail with the successful construction of a new bridge at Gap Mountain in Troy, New Hampshire. This project was the result of a successful partnership between AMC's Berkshire Chapter and the Society for the Protection of New Hampshire Forests (SPNHF).

Volunteers recruited by both organizations worked over a series of three days to haul in material, prepare the site and construct the bridge. The project was led by the experienced and long-time leader for AMC Mike Zlogar, while funding was provided by SPNHF.

To learn about more volunteer opportunities on the Metacomet-Monadnock trail or its partner trail the New England National Scenic Trail, please contact Bridget Likely at blikely@outdoors.org.

Hiking Bryce & Zion National Parks

September 23 to October 1, 2017

Hike two of Utah's dramatically different National Parks, Bryce and Zion, that attract visitors the world over. Bryce Canyon, known for its hoodoos and sculpted multi-color landscapes, and Zion, for its narrow steep red rock walls and awesome geological features, offer hiking experiences high up on the rim and down on the floor of each canyon.

At Bryce for two days we will hike the famous Fairyland Trail plus Navajo and Peekaboo loops for our up-close experience with hoodoos. We have four days at Zion to hike high up to the East and West canyon rims, checkout Angels Landing, delve far into the Narrows portion of this slot canyon, and to soak up its many unusual geologic features including the Weeping Rock, Hanging Gardens and Emerald Pools.

Trip price of \$1,715 includes car rentals, motel lodging, breakfasts, dinners, and park admissions. Las Vegas airfare not included.

For details see [trip prospectus](#) or contact L Sarah Keats, slkski@gmail.com, 207-756-4226, CL Len Ulbricht, lenu44@gmail.com.

BIKING

Wed., May. 10. Sunset & Full Flower Moon Bike Ride, Cape Cod, MA. 22+/- Miles/ 2 +/- hours. Mostly flat - We'll start and end on Town Neck Beach in Sandwich; down Freeman Ave from Horizons on the Bay to the beach parking lot. The moonrise and sunset are within a few minutes of each other so we can catch the sun descending over the marsh and the moon ascending over the bay. Registration required - paulbcurrier@comcast.net Flowers spring forth in abundance this month. Some Algonquin tribes knew this full Moon as the Corn Planting Moon or the Milk Moon. L Paul Currier (508-833-2690, 9 AM-7 PM, paulbcurrier@comcast.net)

Sat., May. 13. Water Views, Cape Cod, MA. We will hug Shoestring Bay, Cotuit Bay & Popponesset Bay as we cycle thru quiet neighborhoods in Marston's Mills, Cotuit & Mashpee. Some busy main roads. Mostly quiet secondary roads. 23 miles. 13-15 mph. Lunch/bathroom stop at mile 20. Rain cancels. Helmet, snack, water required. Wheels rolling 9:30 a.m. L Barbara Gaughan (781-572-1321 Before 9 pm, barbaragaughan12@comcast.net, SEM Level 1 bike/hike leader) CL Nancy Cahn

Sun., May. 14. Mother's Day Muffin Ride, Southeast, MA. Join us for a beautiful ride through gently rolling country roads in Wrentham. Stop halfway at Phantom Farms in Cumberland, RI, for a delightful muffin and coffee. Get to know new friends and/or catch up with old ones. Approximately 20 mile ride. Bike must be in good working order, you must know how and when to shift gears. There will be one long climb right before the muffin stop. This ride is NOT for beginner cyclists! L Jodi Jensen (781-249-8346, jodijensen@gmail.com)

Sat., May. 20. Cycling the Villages of Bourne, Cape Cod, MA. 25 mile ride 13-15 mph thru scenic Bourne. We will cycle past harbors, beaches, yacht clubs, and historic sites. Coffee/snack stop mile 12. Wheels rolling 9:30 a.m. L Barbara Gaughan (781-572-1321 Before 9 p.m., barbaragaughan12@comcast.net, SEM Level 1 hike/bike leader) CL Jeff Hyman (771-521-9235 Before 9 p.m., jodijensen@gmail.com, Leader-in-training), R Jeff Hyman (774-521-9235 Before 9 p.m., jah17@comcast.net)

Sun., Jul. 2. Cycling & Ice Cream in Westport & Dartmouth, MA, Gooseberry Island, Massachusetts, Southeast, MA. Join us for a beautiful ride in Westport & Dartmouth, MA. We will pass farms, beaches, & conservation areas. We will have options for ice cream breaks along the way. The ride will be approximately 30- 35 miles, with a 12-15 mph pace. Helmet & water required. Heavy rain will cancel. Please contact registrar for additional information. L Jeannine Audet (508-493-8221 Weeknights after 7:00 pm, weekends anytime, milmod@aol.com)

HIKING CAPE COD

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Sun., May 14. Hike Santuit Pond, Marston Mills, Cape Cod MA. Join us on Mother's Day for a delightful hike on wooded trails that will give us the opportunity to view a newly refurbished herring run and with some luck we will see rare Birdsfeet Violets blooming around a cranberry bog. Meet at 12:45 PM for a 1PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net, Level 1 hike leader with 3 years' experience. Cape Hike chair for AMC.) HIKING CAPE COD

Sun., May 14. Hike Santuit Pond, Marston Mills, Cape Cod MA. Join us on Mother's Day for a delightful hike on wooded trails that will give us the opportunity to view a newly refurbished herring run and with some luck we will see rare Birdsfoot Violets blooming around a cranberry bog. Meet at 12:45 PM for a 1PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net, Level 1 hike leader with 3 years' experience. Cape Hike chair for AMC.) L Nancy Wigley (nrwigley@verizon.net, Hike leader with many years of experience.)

Thu., May 18. Hike Herring River, Harwich, MA. Hike wooded trails around 2 reservoirs and cranberry bog. See working Herring Run. From Rte 6 take exit 9A. Follow Rte 134 to 3rd Traffic light and turn L and then take immediate L onto Great Western Rd. Go approx. 3 miles to R on Bells Neck Rd follow about 1/8 mile to reservoir and park on either side of dirt road. Meet at 9:45 AM for 10 AM start. L Janet DiMattia (jandimattia@verizon.net, Janet is a veteran AMC member who has led numerous hikes.)

Thu., May 25. Hike- Long Pond and Picnic, Goodwill Park, Falmouth, Cape Cod, MA. Traverse rolling wooded trails through Falmouth's Town Forest. Enjoy scenic views of Long Pond, a kettle pond formed at the edge of the glacial moraine. Sturdy shoes, plenty of water, sunscreen and tick repellent are strongly recommended. The Cape is a known tick habitat! Poison ivy is also abundant in the woods and along the sides of the trail. You may consider wearing long pants. Meet at 9:45 for trail talk. Hike begins promptly at 10 AM. PICNIC LUNCH to follow hike. Bring your own main course plus a salad, dessert or snacks to share with the group. Call leader with questions 508 243 3884. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

Sat., Jun. 10. Photo Hike, Sandy Neck Beach, Sandwich/Barnstable, Cape Cod, MA. A Photo Hike on The Marshside Trail that parallels Sandy Neck Beach. The trail travels along a great marsh, dunes, a winding sandy trail, passing older summer homes. Hopefully, we will see wildlife in action as well as different fauna. The trail is approx. 10 miles long round trip, but because this is a photo hike, we will decide on a turn-around time instead of distance. We will have an early morning start to try and capture activity. Bring your own photo equipment, plenty of water, lunch, snacks, and sunscreen. There will be a parking fee. L Ken Carson (508-833-8237 between 10 am-7pm, kcciii@comcast.net)

HIKING

Thu., May 11. Thursday Morning Hike - World's End, Hingham, MA, (C3C) (FT) (NM). Meet at 10am, \$6 pp non-Trustees members. Moderate 4-5 miles. Explore unique peninsula in Boston Harbor with stunning views, hilly, carriage ways and rocky paths. There could be muddy sections. Wear layers, wind protection, good shoes suitable for weather and conditions. Bring water, snacks/lunch. Directions at <http://www.thetrustees.org/places-to-visit/greater-boston/worlds-end.html>. L Eva Das (borsody@gmail.com)

Sat., May 13. Woodland End2Ender Hike in the Blue Hills, Southeast, MA. This fun End-to-end hike traverses the Blue Hills from the Northernmost end of Fowl Meadow in Canton to Shea Ice Rink in Milton, stopping at Houghton's Pond for a leisurely lunch. We will avoid the summits and generally stick to well-maintained trails in the wooded lowlands. The total distance is 11 miles and we will hike at a moderate pace ideal for walking and talking at the same time. Other than a short section around Little Blue and Great Blue Hill the trails will be flat or gently inclined. This popular hike is limited to 24 people so register early to avoid being waitlisted. Also, since we are keeping to lowlands, heavy rain or flooding will cancel. Lastly, one of the leaders, Paul, will have his well-behaved dog with him, if you wish to bring your dog, please discuss during registration. L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. Thu., May 18. Thursday Morning Hike - Chase Woodlands & Peters Reservation, Chase Woodlands, Dover MA. Chase Woodlands & Peters Reservation are properties of the Trustees on opposite sides of Farm Street in Dover MA. Each has unique qualities that complement each other, Chase Woods was actively farmed for more than two centuries. On the other hand {and on the other side of the road Peters Reservation is cherished as a place of quiet reflection, Our combined Hike will be approximately 5 miles long with moderate elevation gains. L Fred Wason (508-838-6049, fmwason@gmail.com)

Sat., May. 20. Mt. Garfield Hike, White Mountains, North Country, NH. Garfield Mountain is a 4,500 foot mountain in Franconia, New Hampshire in the White Mountains. It is one of the NH48. Lying in the Franconia Range, Mt. Garfield has sweeping 360-degree views to neighboring Mount Lafayette, Lincoln, Flume and Liberty. It also rests along the edge of the Pemigewasset Wilderness. This is an out and back hike of 10 long miles that we will be covering at a moderate pace over moderate terrain. The AMC guide does classify this peak overall as moderate to strenuous given both the distance and the elevation (as the 17th highest of the 48.) Please contact Christine Racine (christineracine1@gmail.com) to register for this hike. L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net) CL Christine Racine (Christineracine1@gmail.com) CL Les Lechowicz, R Christine Racine (Christineracine1@gmail.com)

HIKING

Sun., May 21. Family Hike #1: Borderland State Park, Easton, MA. Join us for a 2 to 3 mile hike at a leisurely pace around the Leach Pond in beautiful Borderland State Park. The hike is suited to families with children ages 3 to 10 years. We will explore and learn about following trails, the wildlife and Leave No Trace principles. Wear sturdy shoes or hiking boots, as the trails may be damp. Bring water and a snack. You may choose to bring a picnic lunch to enjoy at the end of the hike. Heavy rain will cancel. L Jeannine Audet (508-493-8221 Weeknights after 7:00 pm, weekends anytime, milmod@aol.com) CL Anne Duggan (abduggan12@gmail.com)

Tue., May 23. Blue Hills Tuesday Spring Conditioning Hike Series, DCR Blue Hills Reservation, Milton, MA. Hike hilly Skyline Trail and adjacent trails on ten successive Tuesday mornings 3/21-5/23, progressively increasing distance, elevation gain and pack weight (optional) to condition for summer hiking season up north. Moderate to fast pace 3 to 4 hour hike, distance 3 to 8 miles. 9:30 am start. Not suitable for beginners. May finish series with extended day hike. Register once for entire series. L Len Ulbricht (lenu44@gmail.com, Len has been an AMC Southeast Mass chapter member since 2008. Sat., Jun. 3. Monadnock Without the Crowds, Mt. Monadnock, NH. To avoid the springtime crowds (at least initially) on this popular southern NH mountain, we'll start at the Monadnock State Park headquarters, but then loop around to Bald Peak (one of the three sub-peaks in the park) via the less-traveled Parker, Lost Farm, and Cliff Walk Trails. From Bald Peak, we'll make our way up to the main summit via the Smith Connecting Link and White Dot Trail, where we're finally likely to run into the masses. After enjoying the views (weather permitting) and our lunches on the expansive summit, we'll return to the trailhead via the Pumpelly, Red Spot, Cascade Link, and White Dot Trails. This approximately six-mile long loop hike involves lots of steep and rugged hiking and will require sturdy hiking boots, appropriate hiking clothing, and well-conditioned legs and lungs. But it should also be a lot of fun! L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul, an experienced, four-season Southeastern Mass. Chapter hike leader, hikes at a moderate, "user-friendly" pace.) CL Dia Prantis R Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net)

HIKING

Sat., Jun. 10. North-South Trail Stepping Stone Falls Hike, Exeter, RI. This beautiful 7.7 mile section of the North South Trail is a must see. A series of footpaths, abandoned and gravel roads are all within the Arcadia Wildlife Management Area and follows the banks of the Falls River. This offers great opportunities to view and photograph the beauty of a fast-flowing river in the wild. Along the way we will find signs of early commerce as well as old farms from the 19th and 20th century. We will be meeting at trail mile 26.45 on Arcadia Road, Exeter RI, then travel north by car to Hazard Rd in West Greenwich RI where we will start our hike. Hike description (B-3-C) with minimum elevation gain. Direction will be e-mailed upon registration. L Fred Wason (508-838-6049, fmwason@gmail.com)

(FT) (NM) Thu., Jun. 15. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM) Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. Once you register, an email will be sent to you every week telling you where to meet. Sat., Jun. 17. Pine Barrens Path Hike, Myles Standish State Forest, Plymouth, MA. The Pine Barrens Path is an 8 mile trail running down the east side of Myles Standish State Forest. It passes some typical pine barrens and other scenic areas in the park. This hike will be about 9 miles long because we will start from the park's East Entrance, which adds another mile. (Links below go to the park trails map.) The hike took four and a half hours when we did it last summer. Bring your lunch and plenty of water. Bug and sun protection are recommended. Meet at the parking lot right at the park's East Entrance off Long Pond Road in Plymouth. We will carpool to the start of the hike which is about a 10-minute drive away. L John Bescherer (508-742-7973, john.bescherer@gmail.com, John has been leading hikes in Myles Standish since 2010 for the Friends of Myles Standish State Forest)

Sat., Jul. 8-10. Joe Dodge Lodge and Madison Hut Overnight, Mt. Madison, White Mountains, NH. On Saturday afternoon, prior to our group dinner at Joe Dodge Lodge, we'll take a short hike up to a scenic spot in Pinkham Notch to get to know each other and shake out any gear issues. After breakfast at JDL on Sunday, we'll carpool over to the Appalachia trailhead and hike up to the new Madison Spring Hut via either the Valley Way or Airline Trails (depending on the weather) and then summit Mt. Madison (5,367 ft.) in the afternoon to (hopefully) take in the amazing panoramic views before enjoying our Croo-served dinner in the hut. After breakfast at the hut on Monday, we may also have an opportunity to climb nearby Mt. John Quincy Adams before hiking back down to the trailhead. This is a great opportunity for strong hikers who may not have had an opportunity to spend much time above tree line to experience the beauty and drama of the Alpine Zone in the Northern Presidentials. Trip is limited to 10 people, including leaders. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul Miller is an experienced four-season hike leader and former Hiking Chair for the Southeast Mass. Chapter) L Michael Swartz (swartz@brandeis.edu, Michael is an experienced hiking leader for both the Boston and Southeast Mass. Chapters), R Paul Miller (169 S. Washington St., N. Sat., Jul. 22. 52 with a View Hike - Mts. Crawford, Resolution and Stairs Mtn., Davis Path Trailhead, Crawford Notch, NH. Are you interested in hiking where there are magnificent views instead of in the trees? Are you working on the 52 with a View list? If so, then this hike is for you. Join us for a long, but rewarding day hiking the Davis Path to Mt. Crawford (3119 ft.), Mt. Resolution (3415 ft.) and Stairs Mountain (3468 ft.) with views of Mt. Carrigain, the Tripyramids, Crawford Notch, the Dry River valley and the surrounding ridges and peaks. Distance is 10.8 miles round trip with an elevation gain of 3897 feet. L Leslie Carson (508-833-8237, lrc929@comcast.net) L Ken Carson (kcciii@comcast.net)

Sun., Jul. 23. 52 with a View Hike - Mt. Parker, River St., White Mountains, Bartlett, NH. Are you interested in hiking where there are magnificent views instead of in the trees? Are you working on the 52 with a View list? If so, then this hike is for you. We will be passing Cave Mtn. as we make our way up along the moderate trail with switchbacks to the open summit of Mt. Parker (3004 ft.) where there are excellent views, especially north up the Rocky Branch valley to Mt. Washington. Distance is 7.8 miles round trip with an elevation gain of 2886 ft. This hike can be combined with Saturday's hike (7/22) to three other 52 with a View peaks (register separately for each hike). L Leslie Carson (508-833-8237 Before 9 pm, lrc929@comcast.net, Leslie is a 4-season SEM hike leader who also leads for AMC's August Camp and Adventure Travel.) L Ken Carson (kcciii@comcast.net)

Sun., Jul. 23. Family Hike #3: Blue Hills Reservation, Milton MA. Join us for a 2 to 3 mile hike along the trails near the Trailside Museum. This hike is appropriate for families with children ages 3 to 10 years. Our pace will allow time to explore and talk about what we see. We will learn about following trail markers, the plants & wildlife, & Leave No Trace principles. Bring water and a snack, & wear sturdy shoes or hiking boots. You may wish to bring a lunch to enjoy after the hike. Heavy rain will cancel. L Jeannine Audet (508-493-8221 Weeknights after 7:00 pm, weekends anytime, milmod@aol.com)

PADDLING

Wed., May 24. Herring River North, West Harwich, Cape Cod, MA. Paddle upstream to Coy Brook to end and to East Reservoir and to Herring River for lunch at North Road Bridge. Afterwards paddle to West Reservoir to see herring run and return to put-in. Bring lunch and water. Wear PFD and bring spray skirt in case it is windy. Please register with co-leader for directions to put-in. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com)

Wed., May 31. Paddle Mashpee and Wakeby Ponds, Mashpee, Cape Cod, MA. Explore Mashpee and Wakeby Ponds, large freshwater ponds. L George Wey (781-789-8005 before 9:00PM, geowey16@gmail.com) CL Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com), R Deborah Hayden (508-548-8726 before 9:00PM, shaferhayden@gmail.com)

Sat., Jun. 3. Mill Walker Ponds, Brewster, Cape Cod, MA. Paddle 3 fresh water kettle ponds & narrows for about 7 miles. See Stone Brook Grist Mill (1873) & herring run. Lunch Slough Road picnic area. Bring lunch and water. Wear PFD and bring sprayskirt in case of wind. Please register for directions to put-in. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau

Wed., Jun. 7. Leader's Choice, Cape Cod, MA. The leader will settle on a trip location approximately a week before the scheduled date for the trip. L Ed Foster (erfoster@comcast.net)

Sat., Jun. 10-10. Swan Pond and River, Dennis, Cape Cod, MA. From the launch on Swan Pond paddle down river to mouth on Nantucket Sound. Lunch on beach. Venture into Sound if not too choppy. Return on river and circumnavigate pond for about 7-8 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with leader for directions to put-in. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau

Wed., Jun. 14. Paddle Cotuit Bay, Cotuit, Cape Cod, MA. Rt. 6 to S on rt. 149. R on 28 to L on Putnam St to Town Landing. Unload and Park back up on Putnam. PFD and spray skirt required. Paddle Three Bays and lunch on Dead Neck. Possible trip out into Nantucket Sound. L Bill Fischer (508-420-4137 before 9 pm, wmbarbarafischer@comcast.net)

Sat., Jun. 17. Indian Ponds, Marstons Mills, Cape Cod, MA. Paddle around the parameter of both lakes - about six miles. Call the leader for put in directions. L Louise Foster (508-420-7245, janelouise@comcast.net)

Wed., Jun. 21. Nauset Marsh from Mill Pond, Orleans, Cape Cod, MA. Paddle from beautiful put-in on Mill Pond to Nauset Beach. Lunch on beach. Walk to ocean and to see cut. Circle Tern and head towards town cove and return to put-in. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with co-leader for directions to put-in. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com)

Sat., Jun. 24. Paddle Oyster River and Stage Harbor - Chatham, Cape Cod, MA. Explore Oyster River and Stage Harbor in Chatham. PFD required and spray skirt may be required based on weather conditions. L George Wey (781-789-8005 before 9:00 PM, geowey16@gmail.com) CL Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com), R Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com)

Wed., Jun. 28. Mashpee Wakeby Ponds, Sandwich, Cape Cod, MA. Paddle 2 fresh water ponds. Lunch at end of Wakeby Pond and return to put-in for about 7 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with leader for directions to put-in. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau

Sat., Jul. 1. Lewis Bay, Hyannis, Cape Cod, MA. Paddle Lewis Bay, explore Uncle Robert's Cove, have lunch on Egg Island, and perhaps journey into Hyannis Inner Harbor and mix it up with the big boys. L Ed Foster (erfoster@comcast.net)

Wed., Jul. 5. Bass River South, Dennis, Brewster, Cape Cod, MA. From launch paddle 'fingers' and bays to mouth of Bass River on Nantucket Sound. Lunch on West Dennis beach. Venture into Sound if not too choppy. Return and paddle Grand Cove for 8-9 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with co-leader for directions to put-in. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com) CL R jean orser (jeanorser@gmail.com)

Chapter members summit Mount Garfield in May. *Photo by Friendly Hiker*

AMCSEM Hikes Mount Garfield

Written by Christine Racine

Barry Young, Les Lechowicz, and Christine Racine led 12 hikers up Mt. Garfield on Saturday, May 20th. It was a fun day for all and a great way to kick off non-winter hiking.....err, well sort of! We'll get to that!

Mount Garfield is the 17th highest of the forty-eight 4,000-foot mountains in New Hampshire, at 4,500 feet in elevation. It is a 10-mile out-and-back on the Garfield Trail and Garfield Ridge Trail. The mountain affords sweeping views into the Pemigewasset Wilderness and over to neighboring Franconia Ridge, specifically with views to the backside of Flume, Liberty, Lincoln, and Lafayette, as well as Owl's Head. There is an old fire tower at the summit where only the base remains. It's a terrific open summit to spend time on a beautiful day, which is what we got!

The day started in the 40s with temperatures reaching the 60s with a light wind. Despite the warm-up over the last week, since the White Mountains had received two feet of snow the weekend before, everyone was asked to bring micro-spikes, which turned out to be a proper decision.

Continued on Page 4

Have a Great Summer—OUTSIDE!

Barry Young,
AMCSEM Chapter Chair
chair@amcsem.org

Summer is almost officially here and that is the time most people think about being outside. We have a full line-up of hikes—local hikes like our Red Line the Blue Hills series, and of course the more challenging hikes up north in the “Whites” or out in the Berkshires. For those of you with young children (or grandchildren!), we just posted a series of Family Hikes. There are several paddling trips on the Cape and some exciting destination bicycle rides coming up. Check out our activities on [our website](#).

When you go on an AMC event this summer, why not ask a friend to come along? You do not have to be a member of AMC to participate in one of our events. Hopefully, your friends have a good time and will want to eventually join AMC, but membership is not necessary to go on our hikes, bike rides, and paddles.

While we have several activities going on this summer, the Executive Board will be taking a brief break from our monthly Board meetings for the summer so we can all spend more time outside too. Also, the *Breeze* will not be published in July and August, but please continue to send your articles and photos to the *Breeze* editor so everybody can read about “How I spent my summer!” come September, when we publish again.

This September we will once again return to the AMC Cold River Camp in Evans Notch, NH, for our Chapter Hut Weekend. The dates are Friday through Sunday, September 15-17, with an optional stay of Thursday night the 14th. To register, go to our activities database and see the detailed instructions. This is a popular event with several hikes of varying abilities, bike rides, and maybe a paddling event also. Don’t miss out as space is limited and usually sells out, so sign up soon.

If after looking at all the summer trips and activities, you still can’t find something you like, send me an email at chair@amcsem.org and I’ll find a leader to plan a trip just for you. We have some new leaders coming on board after graduating from our Leadership Training class in April, and they are anxious to take you on a trip!

See you all outside!
Barry Young

Remember When?

Photo submitted by Linda Church

Can you identify when and where this photo was taken and who the people in it are? Please send your responses to chair@amcsem.org.

Last month's winner was Linda Church, who replied within 15 minutes! "Walter Wells is in the middle w/ arm around a lady. The child next to him is Bobby Vogel (red coat, standing). Bob Vogel (father) is diagonal from him in back row (leaning a little). On the right in the second row at end is John Poirier (green jacket) and next to him on left is Louise Poirier. Person in light blue shirt in back row is Charlie Farrell (hat tied around neck). Place was Mt. Monroe."

Linda will receive an REI gift card.

Clair and Craig MacDonald balance over water crossing.

Mount Garfield

Continued from Page 1

The day brought muddy conditions with black flies, and near the summit the monorail was still in force with lots of snow and ice to contend with. We got a lovely blend of all seasons and a perfect bluebird day to spend quality time at the summit enjoying lunch and taking pictures.

Thanks to Barry for supporting Christine, acting as leader, and Les, acting as co-lead on this hike; both are working on their certification as Level 2 hike leaders. Interested in leading hikes, bikes, or paddles, or joining any of those activities as a participant? It's terrific fun! Reach out to our board or for the latter, check our Activities Database for upcoming [events](#).

Sun & Showers on Mt. Greylock Hike

Written by Peggy Qvicklund & Jeannine Audet

This hike up Mt. Greylock was originally planned for April 1st, but the joke was on us. Wet snow, sleet, and freezing rain moved into the area the night before—basically a set-up for slick driving and uncomfortable hiking conditions. Hikers love cold, love snow, but freezing rain? Not so much.

Mother Nature mostly cooperated for a re-scheduled hike on April 30th. The snow, slush & ice were gone, and the only trace of Old Man Winter was the muddy trails after the last of the monorail melted.

This hike was planned for a Sunday, and everyone agreed the drive was so enjoyable since the rest of Massachusetts was still sleeping! Fourteen hikers, including 2 new to our SEM Chapter activities, met at the Cheshire Harbor trailhead at 0900. Skies were clear and the temperature in the 50's.

The head of the Cheshire Harbor trail is wide and gentle, giving everyone a chance to stretch out after the drive and to chat, catching up with old friends and getting to know new folks. The hikers enjoyed a mostly sunny ascent 1+ miles to the Peck's Brook trail.

We turned onto Peck's Loop, which brought us down the somewhat eroded slope of the "ravine" to the crossing of Peck's Brook. On the opposite side of the brook, the trail headed back up the steep slope using some switchbacks, then passed through a lush hemlock forest to the connection with the Gould Trail.

Not in any rush, we took the side trail to the Peck's Brook Shelter, perched above the brook, where we had a lovely "first lunch" break. Then onward and upward. The group continued on the Gould Trail, then met up with the AT for the short final leg to the summit.

We were looking forward to the 360-degree view, but the clouds quickly rolled in, and there were rumbles of thunder as we neared the summit (despite the weather forecast of 20 percent chance of precipitation). We reached the Memorial Tower just in time to put on our rain gear and take a group photo. A brief shower limited the views and shortened our stay.

The rain abated as we headed back down the Cheshire Harbor trail to complete the loop. Fortunately, the heavy rain held off until our drive home! The sky opened up to provide a departure downpour, just as we reached our cars at 2:30 pm.

The day was an enjoyable beginning to the summer hiking season. Lively conversation about family, work, and AMC trips peppered the hike, as well as stops to identify and photograph the flora.

Help AMC Protect Our Outdoors!

Reports on national and state issues affecting the outdoors we enjoy are all over the news these days. AMC has helpful resources to learn how the latest developments may impact the lands, rivers, and trails you use, the air we breathe even at the highest peaks, and how you can join the conversation and take action.

Most of the natural areas we enjoy are in places that are available and beautiful because people organized and spoke up in support of protecting the lands, forests, and river put-ins we use throughout the year. But we have further to go, plus the challenges of addressing climate change. Often protection takes federal and state funding. And ongoing protection of high-quality recreational experiences and landscapes takes ongoing vigilance.

As you head out this summer, especially if you lead trips on which others have a chance to learn about the place you're exploring, check out [AMC's Conservation Blog](#) for the latest news on issues like the Northern Pass Transmission Line, the impacts of federal budget cuts, and fun developments like the latest "urban bird city" to be named in our region.

Go one step further at [AMC's Conservation Action Center](#) and sign up to receive updates directly. Also, touch base with your Chapter Conservation Chair, who may have local conservation information on your Chapter website or access to other resources you can use, such as Leave No Trace cards and contacts with partner organizations hosting park, trail, or river clean-ups.

Monadnock hikers pause for photo on scenic overlook on the Lost Farm Trail. *Photo by Friendly Hiker*

Mt. Monadnock (Mostly) Without the Crowds

By Paul Miller, Hiking Leader

On June 3rd, nine AMC hikers showed up at the main parking lot at Mt. Monadnock State Park in southern NH for what I had billed as a “Monadnock Without the Crowds” hike. It was actually “Monadnock With Fewer Crowds.” While we ran into few other hikers early on or later in the hike, there was no shortage of traffic on the middle (summit) portion.

This was not unexpected. The loop I put together for this hike started at the main parking area (already pretty much filled to capacity when we arrived at 8:45 am), but avoided the main trails to the summit by looping around on the rarely-trod Parker and Lost Farm Trails; returning to the trailhead via some other less-travelled trails. The summit area of this popular mountain is almost always crowded on a typical spring weekend.

We also encountered wide variability in the weather. The clear blue skies that held so much promise at the beginning of the hike gradually gave way to partly-cloudy skies, then fully-overcast skies, and finally to light drizzle as we got close to Monadnock’s atypically low tree line—a result of a past fire that burned the soil right off the summit area. Luckily, the rain didn’t last long and we didn’t hear any rumbles of thunder, which would have forced us to abort the hike for safety’s sake as we approached this very exposed summit.

From the Lost Farm Trail, we headed up to Bald Peak on the Cliff Walk Trail, where we encountered a rather large snake lazing around on one of the steeper scrambly parts of the trail. Initially, he paid us no heed as we tried to quietly step around him, but apparently we weren’t quiet enough, because he woke up and slowly slithered out of our path.

From Bald Peak, which we had all to ourselves, we followed the uncrowded Smith Connecting Trail to the always-popular White Cross Trail, where the ambience shifted dramatically. This brought us up to the typically windy and well-populated 3,165-foot-high summit of Grand Monadnock. After tagging the summit, we found a more-or-less protected spot below the US Geological Survey marker in which to rest and eat our lunches. While the precipitation had ended by that time, the still-overcast skies cut down on the usually expansive views...but no one seemed to mind.

After lunch and conversation, we began our return trip by following the exposed Pumpelly Trail a short distance down to the Red Spot Trail. By then the skies began to clear up. This allowed us to enjoy better views of the countryside and distant hills and peaks, including whale-shaped Mt. Wachusett and even a distant peek at the Boston Skyline.

From the Red Spot Trail, we followed the wonderful (and uncrowded) Cascade Link Trail back to the main White Dot Trail, which took us back down to our cars to wrap up this approximately 6-mile loop hike, which we completed in about 6.5 hours.

Volunteer of the Month: Janet DiMattia

Written by Cathy Giordano, Cape Hiking Vice Chair

Each month we recognize one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month the Cape Hiking Committee recognizes Janet DiMattia for her numerous contributions.

Janet's first AMC hike in 1985, near her home in Connecticut, was particularly memorable. Stormy wet weather forced the group of complete strangers to shelter in a small boulder-lined cave. For hours, they passed the time getting to know each other while sharing m&ms and wonderful conversation. Little did Janet know this experience would create long-lasting friendships and an immense love for nature and the outdoors. It also created an enduring relationship with AMC.

As a member of the Connecticut Chapter, Janet co-led major excursions in the Canadian Rockies and in Anza-Borrego Desert State Park in California. She climbed to the summit of all the 4,000-footers in New Hampshire and 93 of the highest peaks in the northeast; hiked the Grand Canyon; and trekked hut-to-hut in Normandy. Janet has led August Camp hikes for at least 4 years.

She moved to Cape Cod 16 years ago and became an active SEM leader and Cape Hiking Chair for 3 years. She continues to lead Cape hikes and mentors leaders and potential leaders seeking co-leading experience.

Did I mention that Janet is a LIFE MEMBER of AMC?

Janet appreciates the people she has met and the lasting friendships she has formed through AMC and we appreciate everything she contributes to our organization. Thank you for all you do, JANET!

Janet will receive a Volunteer of the Month Certificate and a \$50 gift card.

Red Liners at Quincy Quarries

Written by Bill Cannon, Conservation Chair
Photos by Bill Cannon

Here are a few photos taken during our Red Line hike May 18th in the Quincy Quarries. A very colorful hike, to say the least.

A great turnout considering it reached 100 degrees during the afternoon. The hike was 3.25 miles through the quarries and some historical areas that had examples of old rigging and cranes that were used to extract the granite from the earth. One interesting fact is the granite used to build the Bunker Hill Monument was taken from the Quincy Quarries.

AMC 20s & 30s Leadership Training and Stewardship Weekend

September 15-17, 2017 – AMC Cardigan Lodge, Alexandria, NH

Want to brush up on your outdoor leadership skills? Want to connect with other outdoor enthusiasts in their 20s & 30s? Take the first step to become a trip leader for your local AMC Chapter! AMC is hosting a Leadership Training designed for 20s & 30s and it is sure to be a great time. Participants will have a chance to network with other AMC Young Members (YM) from across the region and learn important leadership skills that will set them on the path to becoming trip leaders for local AMC Chapters.

AMC is also offering a 20s & 30s Trail Stewardship course at Cardigan Lodge that weekend. If you're interested in learning trail work skills and networking with other 20s & 30s, this weekend is for you!

Registration will be open June 15, 2017 – August 31, 2017. To register, call AMC Reservations at 603-466-2727.

Sun., Jun. 11. Cycling Chatham's Scenic Shoreline, Harwich, MA. We will be treated to picture postcard scenery in a beautiful seaside town with its scenic shoreline, restored homes & inns, museums & historic sites. Combination of CCRT bike path, main and secondary paved roads. Rolling hills. Lunch stop. 25 miles. 13-15 mph. 9:30 wheels rolling. Helmet, water, snack required. Rain cancels. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net, AMCSEM Level 1 bike/hike leader) CL Joe Tavilla (AMCSEM bike leader extraordinaire.)

Sun., Jul. 2. Cycling & Ice Cream in Westport & Dartmouth, Gooseberry Island, MA. Join us for a beautiful ride in Westport & Dartmouth, MA. We will pass farms, beaches, & conservation areas. We will have options for ice cream breaks along the way. The ride will be approximately 30- 35 miles, with a 12-15 mph pace. Helmet & water required. Heavy rain will cancel. Please contact registrar for additional information. L Jeannine Audet (508-493-8221 Weeknights after 7:00 pm, weekends anytime, milmod@aol.com)

Tue., Jul. 11. Nantucket Island Day Bike Trip, Nantucket, MA. Take the Steamship Authority high speed ferry from Hyannis to Nantucket for a day long riding and sightseeing adventure. We will visit the quaint villages of Siasconset, the beaches of Surfside, and with time permitting Madaket beaches. Finish off the day with fun at the Cisco Brewery for entertainment, food and libations. Tuesday, July 11, 2017 Cost of ferry is \$64.00 round trip including bike. Depart Hyannis at 8:15 AM, arrive in Nantucket 9:15AM Return trip , Depart Nantucket 6:15PM, arrive Hyannis, 7:15PM We must make reservations by June 26th !! Rain date, July 12th. Rain cancels. Maximum riders 15 Must be 21 years of age to attend. First come, first serve. Sign up early as we have 6 slots filled as of 4/15/17. Contact leader for additional details. Approx 40 miles Pace of 12-15 MPH Small rolling hills. L Bernie Meggison (617-930-4029 8:00-8:00, thosmeggisons@gmail.com, AMC/SEM Bike Chair)

Fri., Jul. 21. Private Tour of Woods Hole Oceanographic Institute Ride, Falmouth, MA. This ride is open to any current AMC members. Maximum number of riders is 12. Register early!! After riding the beautiful Shining Sea Bikeway in N. Falmouth to Woods Hole, we will have a private special tour of the Woods Hole Oceanographic Institute. A retired scientist and longtime friend will conduct our private tour. Hopefully, we will see the famous deep diving Alvin submarine if it is in port. After the tour, we will have lunch at the WHOI cafeteria. Then head back to N.Falmouth. It's a mid morning start. Plan on about 4 hours Distance about 20 miles Flat trail Average speed 12-15 MPH Have bike ready,,, tires pumped,,, ready to roll Helmets required. L Bernie Meggison (617-930-4029 8:00 AM- 6:00 PM, thosmeggisons@gmail.com, AMCSEM Bike Chair)

HIKING CAPE COD

Get your 100-mile patch! Contact hikingchair@amcsem.org.

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Sat., Jun. 10. Photo Hike, Sandy Neck Beach, Sandwich/Barnstable, Cape Cod, MA. A Photo Hike on The Marshside Trail that parallels Sandy Neck Beach. The trail travels along a great marsh, dunes, a winding sandy trail, passing older summer homes. Hopefully, we will see wildlife in action as well as different fauna. The trail is approx. 10 miles long round trip, but because this is a photo hike, we will decide on a turn-around time instead of distance. We will have an early morning start to try and capture activity. Bring your own photo equipment, plenty of water, lunch, snacks, and sunscreen. There will be a parking fee. L Ken Carson (508-833-8237 between 10 am-7pm, kcciii@comcast.net)

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Sat., Jun. 10. North-South Trail Stepping Stone Falls Hike, Exeter, RI. This beautiful 7.7 mile section of the North South Trail is a must see. A series of footpaths, abandoned and gravel roads are all within the Arcadia Wildlife Management Area and follows the banks of the Falls River. This offers great opportunities to view and photograph the beauty of a fast-flowing river in the wild. Along the way we will find signs of early commerce as well as old farms from the 19th and 20th century. We will be meeting at trail mile 26.45 on Arcadia Road, Exeter RI, then travel north by car to Hazard Rd in West Greenwich RI where we will start our hike. Hike description (B-3-C) with minimum elevation gain. Direction will be e-mailed upon registration. L Fred Wason (508-838-6049, fmwason@gmail.com)

(FT) (NM) Thu., Jun. 15. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM) Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. Once you register, an email will be sent to you every week telling you where to meet. This is a great way to end your day, get outside and strengthen your hiking legs and socialize with a nice group of people. This is the 12th year of the Red Line series! L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.) L Michael Swartz (swartz@brandeis.edu), R Sue Svelnis (781-849-9299 before 9 pm, suesvelnis@gmail.com)

Sat., Jun. 17. Pine Barrens Path Hike, Myles Standish State Forest, Plymouth, MA. The Pine Barrens Path is an 8 mile trail running down the east side of Myles Standish State Forest. It passes some typical pine barrens and other scenic areas in the park. This hike will be about 9 miles long because we will start from the park's East Entrance, which adds another mile. (Links below go to the park trails map.) The hike took four and a half hours when we did it last summer. Bring your lunch and plenty of water. Bug and sun protection are recommended. Meet at the parking lot right at the park's East Entrance off Long Pond Road in Plymouth. We will carpool to the start of the hike which is about a 10-minute drive away. L John Bescherer (508-742-7973, john.bescherer@gmail.com, John has been leading hikes in Myles Standish since 2010 for the Friends of Myles Standish State Forest)

(FT) (NM) Thu., Jun. 22. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM) Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. HIKING

Sat., Jun. 24. Hike Mt. Osceola and East Osceola, White Mountains, NH. Mount Osceola (4340 ft) and its East peak (4156 ft) form the north-west wall of the Waterville Valley basin in the White Mountains. While the view from East Osceola has been described as "definitely - and exclusively- coniferous", Mount Osceola offers one of the best summit views in the White Mountains with sweeping vistas of Pemigewasset Wilderness to the north. This is an out and back hike of approximately 8.5 miles that we will be covering at a moderate pace over mostly moderate terrain. The AMC Guide does classify this hike as moderate to strenuous. AMCSEM Hiking Key - B3B. Please contact Les at lhi2015@yahoo.com to register. L Barry Young (508-339-3089 Before 9 PM, Barry.young@comcast.net) CL Leszek Lechowicz (Lhi2015@yahoo.com) CL Christine Racine (Christineracine1@gmail.com), R Leszek Lechowicz (Lhi2015@yahoo.com)

(FT) (NM) Sun., Jun. 25. Hike Arnold Arboretum, Jamaica Plain, Boston, MA. Visit to Arnold Arboretum including two vistas - Bonsai Exhibit and "Explorers Garden". A 4-5 mile hike at moderate pace. Bring water, sturdy footwear, sun screen, bug spray, snack or lunch. Meet at the visitor center (Hunnewell Building) located at 125 Arborway, Jamaica Plain, at 9:15 for a prompt 9:30 start. Plenty of on street parking along the Arborway; or walk to entrance from Forest Hills Orange Line T-stop. Rain cancels; leashed dogs OK. For directions see website at <https://www.arboretum.harvard.edu/visit/directions/>. L Barry Young (508-339-3089 Before 9 PM, barry.young@comcast.net) CL Ken Cohen (K-Cohen@comcast.net)

Sun., Jun. 25. Family Hike #2: F. Gilbert Hills State Park, Foxboro, MA. Join us for a leisurely 2 to 3 mile hike in the less-traveled, but lovely & wooded F. Gilbert Hills State Park. This hike is suited for families with children ages 3 to 10 years. It is the second in our 3 hike series for families. We will explore and learn about the local wildlife, following trails & Leave No Trace principles. Wear sturdy shoes to hiking boots, & bring water & a snack. You may wish to stay after the hike to have a picnic lunch. Heavy rain will cancel the hike. L Jeannine Audet (508-493-8221 weeknights after 7:00 pm, weekends anytime, milmod@aol.com) CL Brian Duane (781-820-9985, bduane105@comcast.net)

(FT) (NM) Thu., Jun. 29. Red Line the Blue Hills - Hiking, Blue Hills Reservation, Milton, MA. (FT) (NM) Join us to hike all the trails in the Blue Hills or just enjoy a walk in the woods. Location, terrain and elevation will vary each week. Time is approximately 6-8 pm Thursday night. Register once then show-n-go when you can make it. HIKING

Sat., Jul. 8-10. Joe Dodge Lodge and Madison Hut Overnight, Mt. Madison, White Mountains, NH. On Saturday afternoon, prior to our group dinner at Joe Dodge Lodge, we'll take a short hike up to a scenic spot in Pinkham Notch to get to know each other and shake out any gear issues. After breakfast at JDL on Sunday, we'll carpool over to the Appalachia trailhead and hike up to the new Madison Spring Hut via either the Valley Way or Airline Trails (depending on the weather) and then summit Mt. Madison (5,367 ft.) in the afternoon to (hopefully) take in the amazing panoramic views before enjoying our Croo-served dinner in the hut. After breakfast at the hut on Monday, we may also have an opportunity to climb nearby Mt. John Quincy Adams before hiking back down to the trailhead. This is a great opportunity for strong hikers who may not have had an opportunity to spend much time above tree line to experience the beauty and drama of the Alpine Zone in the Northern Presidentials. Trip is limited to 10 people, including leaders. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul Miller is an experienced four-season hike leader and former Hiking Chair for the Southeast Mass. Chapter) L Michael Swartz (swartz@brandeis.edu, Michael is an experienced hiking leader for both the Boston and Southeast Mass. Chapters), R Paul Miller (169 S. Washington St., N. Attleboro, MA 02760, 508-369-4151 before 9:00 pm, paulallenmiller@verizon.net)

Sat., Jul. 22. 52 with a View Hike - Mts. Crawford, Resolution and Stairs Mtn., Davis Path Trailhead, Crawford Notch, NH. Are you interested in hiking where there are magnificent views instead of in the trees? Are you working on the 52 with a View list? If so, then this hike is for you. Join us for a long, but rewarding day hiking the Davis Path to Mt. Crawford (3119 ft.), Mt. Resolution (3415 ft.) and Stairs Mountain (3468 ft.) with views of Mt. Carrigain, the Tripyramids, Crawford Notch, the Dry River valley and the surrounding ridges and peaks. Distance is 10.8 miles round trip with an elevation gain of 3897 feet. L Leslie Carson (508-833-8237, lrc929@comcast.net) L Ken Carson (kcciii@comcast.net)

Sun., Jul. 23. 52 with a View Hike - Mt. Parker, River St., White Mountains, Bartlett, NH. Are you interested in hiking where there are magnificent views instead of in the trees? Are you working on the 52 with a View list? If so, then this hike is for you. We will be passing Cave Mtn. as we make our way up along the moderate trail with switchbacks to the open summit of Mt. Parker (3004 ft.) where there are excellent views, especially north up the Rocky Branch valley to Mt. Washington. Distance is 7.8 miles round trip with an elevation gain of 2886 ft. This hike can be combined with Saturday's hike (7/22) to three other 52 with a View peaks (register separately for each hike). L Leslie Carson (508-833-8237 Before 9 pm, lrc929@comcast.net, Leslie is a 4-season SEM hike leader who also leads for AMC's August Camp and Adventure Travel.) L Ken Carson (kcciii@comcast.net)

PADDLING

Sat., Jun. 10. Swan Pond and River, Dennis, MA. From the launch on Swan Pond paddle down river to mouth on Nantucket Sound. Lunch on beach. Venture into Sound if not too choppy. Return on river and circumnavigate pond for about 7-8 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with leader for directions to put-in. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau

Wed., Jun. 14. Paddle Cotuit Bay, Cape Cod, Cotuit, MA, Rt. 6 to S on Rt. 149. R on 28 to L on Putnam St to Town Landing. Unload and Park back up on Putnam. PFD and spray skirt required. Paddle Three Bays and lunch on Dead Neck. Possible trip out into Nantucket Sound. L Bill Fischer (508-420-4137 before 9 pm, wambarbarafischer@comcast.net)

Sat., Jun. 17. Paddle Indian Ponds, Marstons Mills, MA. Paddle around the perimeter of both lakes - about six miles. Call the leader for put in directions. L Louise Foster (508-420-7245, janelouise@comcast.net)

Wed., Jun. 21. Nauset Marsh from Mill Pond, Orleans, MA. Paddle from beautiful put-in on Mill Pond to Nauset Beach. Lunch on beach. Walk to ocean and to see cut. Circle Tern and head towards town cove and return to put-in. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with co- leader for directions to put-in. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com)

Sat., Jun. 24. Paddle Oyster River and Stage Harbor, Chatham, MA. Explore Oyster River and Stage Harbor in Chatham. PFD required and spray skirt may be required based on weather conditions. L George Wey (781-789-8005 before 9:00 PM, geowey16@gmail.com) CL Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com), R Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com)

Wed., Jun. 28. Mashpee Wakeby Ponds, Sandwich, Mashpee, MA. Paddle 2 fresh water ponds. Lunch at end of Wakeby Pond and return to put-in for about 7 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with leader for directions to put-in. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau

Sat., Jul. 1. Lewis Bay, Hyannis, MA. Paddle Lewis Bay, explore Uncle Robert's Cove, have lunch on Egg Island, and perhaps journey into Hyannis Inner Harbor and mix it up with the big boys. L Ed Foster (erfoster@comcast.net)

Wed., Jul. 5. Bass River South, Dennis, Brewster, MA. From launch paddle 'fingers' and bays to mouth of Bass River on Nantucket Sound. Lunch on West Dennis beach. Venture into Sound if not too choppy. Return and paddle Grand Cove for 8-9 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with co-leader for directions to put-in. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com) CL Jean Orser, R Jean Orser (jeanorser@gmail.com)

Sat., Jul. 8. Paddle Jackknife Cove and Pleasant Bay, Orleans / Chatham, MA, MA. Explore Jackknife Cove and Pleasant Bay and possibly the Muddy River, as time permits. PFD and spray skirt required. L George Wey (781-789-8005 before 9:00PM, geowey16@gmail.com) CL Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com), R Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com)

Wed., Jul. 12. Mill Walker Ponds, Brewster, MA. Paddle 3 fresh water kettle ponds and narrows. See Stoney Brook Grist Mill (1873) and herring run. Lunch at Slough Road picnic area. Return to put-in for about 7 miles. Bring lunch and water. Wear PFD and bring spray skirt in case of wind. Please register with co- leader for directions to put-in. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com)

Wed., Jul. 19. Paddle Meetinghouse Pond and Little Pleasant Bay, Orleans, MA. Explore Meeting House Pond, Arey's Pond and Little Pleasant Bay. PFD required and spray skirt may be required depending on weather conditions. L George Wey (781-789-8005 before 9:00 PM, geowey16@gmail.com) CL Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com), R Deborah Hayden (508-548-8726 before 9:00 PM, shaferhayden@gmail.com)

The 4000-footer trio: Terry Stephens, left, Eva Borsody Das, and Tammy Straus.
Photo by Tammy Straus

Trio Complete their New Hampshire 48 Article by Len Ulbricht, Trip Leader

Saturday August 19, 2017 was an auspicious day for Terry Stephens, Eva Borsody Das, and Tammy Straus. All three women summited Mt Isolation, thereby completing their individual quests to hike all 48 New Hampshire 4000-footers. And their achievement was an arduous 13.3 miles of slippery rocks and tree roots; boot-sucking mud; five river crossings and, in the first 3.2 miles, 3200 feet of rugged elevation gain.

They and seven others hiked into the White Mountains National Forest Dry River Wilderness, starting at the Glen Boulder trailhead and exiting via the Rocky Branch trail. Slippery conditions, due in part to the previous day's rain, caused several falls and almost-falls, with one hiker twisting an ankle and limping out and a second sporting a cheekbone bruise and subsequent black eye. This hiking route is a candidate for the toughest any of us have been on.

Sign Up by September 10th for the Chapter Hut Weekend!

View from the chair

“Get Outside and Bring a Friend”

Did you know the membership of the AMC Southeastern Massachusetts Chapter is approaching 4000 members, yet less than 10 percent take advantage of all the great (mostly free) events put on by our chapter volunteers? We offer a variety of hikes, bicycle rides, and paddling trips, as well as opportunities to do trail work and other volunteer activities. Check out our activities on [our website](#) and after looking at all the trips and activities, if you still can't find something you like, send me an email at chair@amcsem.org and I'll try to find a leader to plan a trip just for you.

And while you're looking for something to do outside, why not “ask a friend” to come along? You do not have to be a member of AMC to participate in one of our events. Hopefully, your friends have a good time and will want to join AMC at some point, but membership is not necessary to go on our hikes, bike rides, and paddles.

Here is a great idea to get outside—we still have a few spots left for our Chapter Hut Weekend at the AMC Cold River Camp in Evans Notch, NH. The dates are Friday through Sunday, September 15–17th, with an optional also to stay Thursday night, the 14th. To register, go to our activities database and see the detailed instructions. This is a popular event with several hikes of varying abilities, or you can just hang out and relax at the camp. The accommodations include small, cozy cabins, most with fireplaces, and all meals for the weekend are included.

While membership in AMC is a very worthwhile way to support the outdoors, conservation, and the environment, don't be an “armchair member”—take full advantage of your membership and participate in one of our activities!

Hope to see you outside!

Ten Reasons to Come to Chapter Hut Weekend Sept. 15 thru 17

Need a good reason to join AMC Southeastern Mass. Chapter members for our rapidly approaching Chapter Hut Weekend at Cold River Camp, Sept. 15-17?

Here are ten:

1. Get outdoors, reconnect with old friends, and meet new ones. Bring a friend—doesn't have to be an AMC member.
2. Drive in to [AMC Cold River Camp](#) through beautiful and peaceful Evan's Notch, straddling the New Hampshire and Maine Border in North Chatham, NH.
3. Sleep in a small, cozy cabin, most equipped with a fireplace or wood stove.
4. Enjoy the "civilized" amenities at Cold River Camp, including flush toilets and hot showers.
5. Fill your plate with wonderful, hearty breakfasts and dinners prepared by the Volunteer Staff, and pack a trail lunch from the bountiful table they lay out for us each day—all included in the fee.
6. Choose from easy, moderate, and more challenging hikes each day in the nearby hills and mountains.
7. Cycle the beautiful, uncrowded roads in the area and paddle the nearby lakes and rivers.
8. Just "hang around" the Cold River Camp; explore the area, read a book, or play games in the library, or laze around in a rocking chair on the lodge porch or in the comfortable, fireplace living room.
9. Socialize and compare notes on the day's activities during "Happy Hours" on the lodge porch, with its excellent views of nearby Baldface Mountain.
10. For only \$70.00 per night, lodge in cozy two-to-four person cabins, enjoy hearty breakfasts and dinners in the dining hall, and pack daily make-it-yourself trail lunches.

Friday, Sept. 15–Sunday, Sept. 17

Cost of \$140 includes hearty meals and lodging for two nights; come a day early for an additional \$70.

Contact Sandy Santilli at smsantilli@comcast.net to register. Do it NOW!

Deadline extended to September 10th!

FAMILY HIKE IN F. GILBERT HILLS

Written by Jeannine Audet & Brian Duane

It was a great day in F. Gilbert Hills on Sunday, June 25th, as two families joined us for a Family Hike! The weather was perfect, and our young hikers, ranging from ages 2 to 6 years, had an abundance of energy. The hikers eagerly searched for treasures along the trails, checking off the pictures on their scavenger hunt sheets. We even found a red salamander, which caused considerable excitement.

The boys shared their knowledge and interest in their findings, with one participant particularly interested in the caterpillars, which he pointed out along the way. The young hikers learned about following trail blazes, and attentively helped the leaders follow the trails. I am looking forward to leading more Family Hikes for SEM! Please watch for them in the online listing and spread the word! Co-leaders also are welcome!

Hanging Out Above Treeline in the Northern Presidentials

Written by Paul Miller, Trip Leader

Based on my previous visits, I already knew that the AMC Madison Hut, nestled as it is just above treeline in the rocky knoll between Mts. Madison and Adams in the Northern Presidentials, is a very special place. But since it had been a number of years since I'd last visited, I was looking forward to organizing an SEM trip to be able to check out the recently rebuilt hut and re-explore the area with others.

When I finally got around to arranging the logistics for this trip earlier this year, I discovered that no bunks were to be had at Madison Hut on Saturday night in the July "high season" in New Hampshire (no surprise there). So, resorting to "Plan B," I booked some bunks at the much larger, drive-in AMC Joe Dodge Lodge in Pinkham Notch for Saturday night and at Madison Hut for Sunday night, with plans to return to the trailhead on Monday. While this worked out okay for my own reasonably flexible work schedule, as I learned subsequently, it did not for several otherwise-interested participants. This made for a small group of five, including the two leaders, Mike Swartz and myself, which worked out just fine since we all hiked well together and had a great time.

On the Airline Trail

Photo by Paul Miller

As planned, we all met up at Joe Dodge Lodge (JDL) Saturday afternoon for a quick "shake down" hike up to nearby Square Ledge to get to know each other a little better and work out any gear issues before tackling the main hike up to Madison Hut the next day.

Continued on Page 5

Mt. Madison from the AMC Hut *Photo by Paul Miller*

The Northern Presidentials

Continued from Page 4

While the morning had brought rain to the White Mountains, the sun returned by the time most of us got up to Pinkham Notch. But while waiting around for the last member of our group to arrive, the rest of us observed the ominously increasing cloud cover. It was still dry when the now-assembled group finally set off across Rte. 16 to hit the nearby trailhead, and remained so while we made our way up the short distance to Square Ledge. But due to some approaching thunder and lightning—we had to make a quick retreat from the exposed ledge before we could get a chance to fully appreciate the usual fine views down into Pinkham Notch, across to the ravines on Mt. Washington, and into the Northern Presidentials.

Other than some light rain showers, the storm passed us by and we made it back down to the lodge without getting too wet. (Although I did slip on some mud on the way down and managed to get a nasty gash on my leg).

After showering up and changing into dry clothes at JDL, we had a nice, hearty, family-style roast chicken dinner together at the AMC Pinkham Notch dining hall, with its wonderful views of the Wildcat Range.

After dinner, we checked out all the gear, maps, books, and other neat stuff in the Pinkham trading post and then some of us took in the traditional Saturday evening program in the dining hall. A reasonably eloquent ranger presented this lecture on the “Ghosts of the White Mountains.” She recounted stories of many of the people who had died on the mountain, largely due to their own lack of preparedness or just outright foolishness. She also recounted her personal involvement in several of those rescue attempts. For dramatic effect, she passed around her personally updated list of those names; since—unfortunately—the printed copies can’t keep up with the fatalities.

Following the presentation, I poured myself a nice glass of cab and snagged a comfortable seat in the cozy loft in the JDL library to read my book for about an hour or so before hitting the sack.

After a hearty breakfast in the dining hall at 6:30 am Sunday, we regrouped at 8:00 am and drove over to the Appalachia trailhead parking lot on Rte. 2 in nearby Randolph, NH. From the trailhead, we followed the Airline Trail steadily up through the woods until, after about four miles of hiking, we finally broke out of the trees onto the dramatic, and very exposed, Durand Ridge. From this vantage point, we enjoyed spectacular views down into King Ravine and upwards toward nearby Mounts Adams and Madison. After about another quarter of mile on the ridge, which included several fun scrambles, we dropped down the Madison Hut on the 0.2-mile long Airline Cutoff Trail. The hut is approximately 4.5 miles away from and 4,000 feet above the Appalachia trailhead, making for a vigorous climb.

Once at the hut, we checked in with the assistant hutmaster, a young woman who was busy preparing the yummy homemade bread for dinner, a staple in all the AMC huts. Then, we claimed our bunks in the new bunkroom, lightened our packs a bit, and ate our lunches in the refreshingly bright dining room while resting up our tired legs and feet. Since the weather appeared to be holding out okay, after lunch we re-shouldered our now-slightly-lighter backpacks and headed up the Osgood Trail toward the summit of Mt. Madison, approximately one-half mile and 541 feet above the hut.

Once out of the scrubby vegetation, rather than a “trail” in the traditional sense, this section of the Osgood Trail is not much more than some blazes painted on a jumble of rocks, rising haphazardly up toward the summit.

Continued on Page 6

The Northern Presidentials

Continued from Page 5

We had to make frequent stops to let the many descending hikers walk, stumble, or (on the steeper sections) “butt slide” down around us. As we approached the exposed, 5,367- foot high summit of Mt. Madison, we experienced some pretty healthy gusts of wind, adding to the drama.

Once at the summit, we were able to take in some pretty nice views across the Great Gulf to the summit of Mt. Washington and across Pinkham Notch to the Wildcat Ridge and beyond. But the thickening cloud cover and threat of afternoon thunderstorms conspired to encourage us not to linger for very long on this very exposed summit.

We got back down to the hut ahead of the rain and in time for a bit of socialized prior to consuming the hearty, croo-served dinner of soup, stuffed shells, homemade bread, and dessert. Following dinner, the croo put on one of the better skits I’ve seen, humorously reminding guests to tip the croo and demonstrating how to fold blankets, AMC-style. We all slept relatively well that night in the totally revamped (and booked-to-capacity) Madison bunkroom, which now features an ample number of handy pegs to hang up our clothing and gear, convenient benches to sit on while putting on and taking off our hiking boots, reading lights in the bunks, and other such relatively cushy amenities. The washrooms and toilet facilities had also been greatly upgraded since my previous visits before the hut was rebuilt.

Thankfully, the sun was out when we sat down for breakfast Sunday morning, so after eating, we packed up our stuff, shouldered our full backpacks once again, and then took the Gulfside Path back to Airline and continued on toward nearby Mt. Adams. But rather than going all the way up to the main summit of that 5,799-foot-high peak, we bushwhacked up some rocks to the top of 5,410-foot high Mt. John Quincy Adams, one of the two major Adams sub-peaks. From this summit, we paused for a bit to enjoy the views before scrambling back down to Airline (using great care to avoid stepping on the fragile alpine vegetation). For our return trip to the trailhead, we ad-libbed a very interesting and (I’m pretty certain) rarely used route that combined stretches on the Airline, Upper Bruin, Valley Way, Lower Bruin, and Brookside Trails, and finally returned to the Valley Way Trail for a short distance to the Appalachia Trailhead.

Waterfall on Snyder Brook Photo by Paul Miller

While certainly not the shortest (or quickest) way down, this route certain had its high points. These included fabulous views from the Airline Trail and several pretty waterfalls and easy water crossings of Snyder Brook on the relatively untrammed Brookside Trail.

We made it back to the Appalachia Trailhead by about 3:00 pm, leaving plenty of daylight left for us all to make the long drive back down to Massachusetts.

2017 AMC Fall Gathering

Oct. 13-15, 2017—Camp Robin Hood; Freedom, NH

Join fellow AMC members for a great time at the 2017 AMC Fall Gathering in the heart of the New Hampshire White Mountains. Plan your getaway weekend at this annual AMC October event—a great time to be in the White Mountains!

Immerse yourself in peak fall foliage, crisp air, and mountain views at this wonderful camp on the shores of Lake Ossipee. Enjoy your favorite outdoor activities, hearty food, guest speakers, entertainment, and the great company of your AMC community.

Come to...

- Launch and paddle from the host camp.
- Hike Mount Chocorua or other White Mountain greats.
- Enjoy hearty meals and great company.
- Celebrate Autumn's splendor.
- Get away and enjoy the great outdoors.

Where: Camp Robin Hood, Freedom, NH

When: October 13-15, 2017

What: Outdoor activities (hiking, biking, paddling), entertainment, campfire, yoga, fall foliage, good company and more!

More Info: [outdoors.org/fallgathering](http://www.outdoors.org/fallgathering)

Registration closes September 15 or until the event is filled.

We hope to see you there!
AMC New Hampshire Fall Gathering Committee

AMC Adventure Travel Training

Sign up for Adventure Travel Leadership Training, November 10-12, 2017. Become an AMC trip leader!

Visit some of the most exciting places in the world as the leader of an AMC Adventure Travel trip! This workshop provides important training to people who have AMC chapter leadership experience (no beginners). Transition from leading weekend chapter activities to more complex and longer trips, domestically and overseas. Previous outdoor leadership training is necessary. Emphasis is on planning, cost estimating, marketing, trip management, people skills, risk management, and reporting. Includes procedures and guidelines for researching, proposing, and leading AMC Adventure Travel trips. Exchange ideas, problems, and solutions with some of AMC's most experienced and skilled leaders. Small group size assures abundant discussion and access to instructors.

Click below for a registration packet.

<http://www.outdoors.org/pdf/upload/LeadershipRegistrationForm2016.pdf>.

Place: Prindle Pond Conference Center; Charlton, MA

Cost: \$95 includes 1 night lodging on Saturday (Saturday lunch through Sunday lunch); \$115 includes two nights lodging, Friday and Saturday (Saturday breakfast through Sunday lunch).

For more information, visit:

www.outdoors.org/adventuretravel

AMC AT Trip to Iceland Photo by Reji James

"Build a Bridge?"

AMC Southeastern Massachusetts Chapter is looking for possible locations and projects to help communities in our area. One possible project is constructing a bridge in the Southeastern Massachusetts BioReserve. On August 7th, representatives from AMC, DCR, and the City of Fall River met to survey a location on Doctor's Mill Pond in Fall River. The existing bridge consists of a single plank that washes away every spring. Tentative plans call for a new 20-foot bridge with hand rails.

If you know of any potential projects where AMC-SEM could help "give back" to a community effort in our area, please contact chair@amcsem.org.

"Where in Southeastern Massachusetts?"

Paying a visit to the Angle Stone Tree monument are Jim Goyea (on left), SEM member and president of the Friends of the Warner Trail; two members of F. Gilbert Hills Trails Advisory Group; and Tom Ashton (on right), Forest and Park Supervisor, F. Gilbert Hills State Forest. *Photo by Barry Young*

The Angle Tree Stone

The Angle Tree Stone is a nine-foot slate monument made in 1790 by a father and son team that manufactured gravestone markers. It replaced an actual tree that had long been used as a boundary marker between the Massachusetts Bay and Plymouth colonies. Today, the Angle Tree Stone marks the border between North Attleboro and Plainville, as well as boundary between Bristol and Norfolk counties. This DCR property is the smallest of all the DCR locations in the Commonwealth of Massachusetts and is accessible off High Street in North Attleboro.

If you know of a unique spot or two in Southeastern Massachusetts that our members might be interested in visiting, please submit a photo and the location to chair@amcsem.org with the subject line "Where in Southeastern Massachusetts?"

Cyclists had a beautiful day June 11 on Chatham’s scenic shores. From left: Bill Brown, Barbara Gaughan, Karen Deangelis, Larry Decker, Joe Tavilla. *Photo by Barbara Gaughan*

Four members earn their “Red Lining the Blue Hills” patches

Written by Bill Cannon, Conservation Chair

Four members are the newest recipients of the Red Lining the Blue Hills patch. The recipient of the patch must hike all the trails in the Blue Hills.

There are approximately 140 miles of trails in the Blue Hills. Many of these trails have to be hiked multiple times to get to others for the first time. The hikers end up covering over 300 miles to get their patches.

Another rule that we take very seriously (my favorite rule) is that the recipients must bring a baked good to share with the group the night they receive their patches. No one can say we don’t enjoy hiking to its fullest!

Clockwise from top left: Joe Keogh presents patches to Cathy Gerry, Linda Douglas, Randy Mills and Claire MacDonald. *Photos by Bill Cannon*

Volunteer of the Month

Because of the early publication of this issue, the Volunteer of the Month for September will be announced in the October issue.

We depend on our members to volunteer for the executive board, for committees, and in other roles, so we can provide fun, challenging, and safe activities.

Look through the listings on page 2 of this newsletter for positions marked “Open,” and consider volunteering. Contact chair@amcsem.org for information on any open position or if you have other talents you can share.

Renewable Portfolio Standard (RPS): Moving Massachusetts to Clean Energy

Written by Paul Dale, Boston Chapter

This is the second article in a series, "Climate Change: from Understanding to Action," dedicated to informing you about energy and climate change initiatives in Massachusetts and giving specific ways you can help. (The first article, "10 Things You Can Do about Climate Change," appeared in the February 2017 issue of *The Breeze*.)

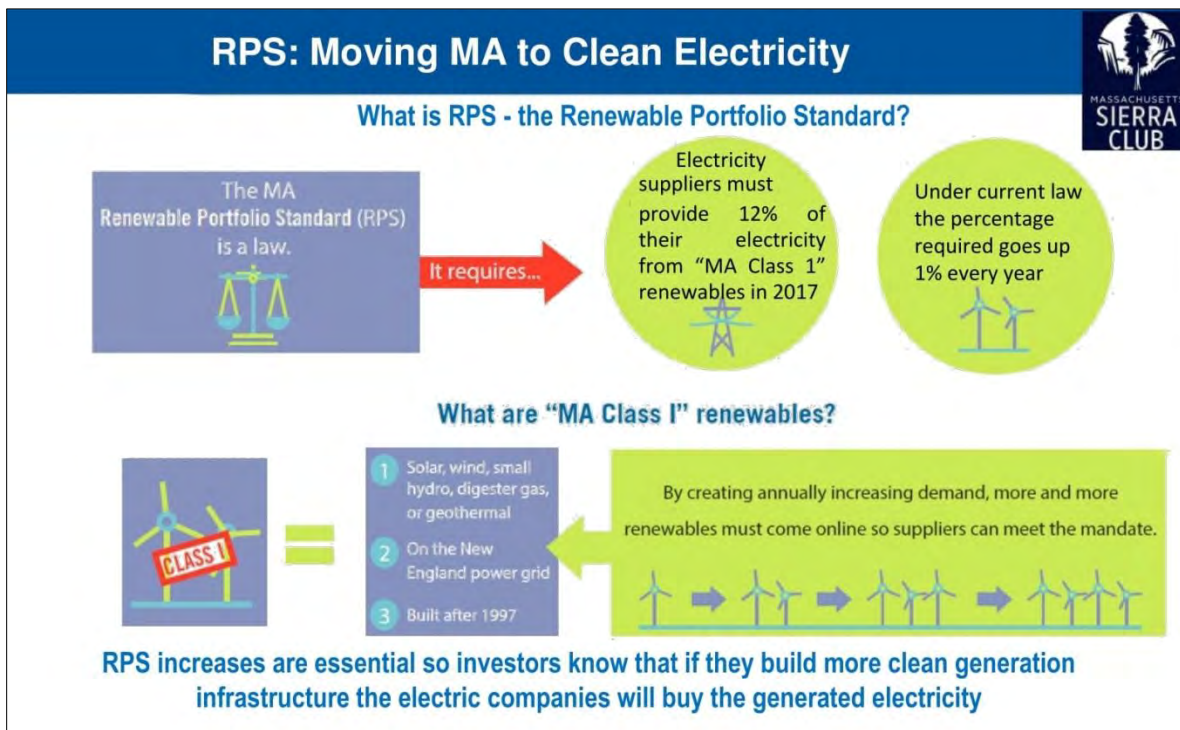

In a renewable energy economy we will not burn fossil fuels; instead we will use clean electricity for everything: cars, trucks and buses, mass transit, and heating and cooling for buildings. So moving electricity generation to renewable energy sources such as wind and solar is essential for meeting clean energy goals and creating local and regional green economy jobs.

Hopefully you saw the call to action on 7/28/17 from AMC's VP of Conservation, Susan Arnold, to write or call the Governor to strengthen the Regional Greenhouse Gas Initiative (RGGI). RGGI requires increasing year-over-year reductions in pollution from fossil fuel power plants.

Massachusetts and the New England states have a second hugely important legal mechanism that creates a demand for electricity from renewable sources, electricity with **no** pollution. This is the Renewable Portfolio Standard, or RPS. RPS is a key driver of renewable energy demand and development. Sixty percent of U.S. renewable electricity generation, primarily wind and solar, and 57 percent of capacity since 2000 has come online because of state RPS requirements. The problem is that under current law the RPS mandates are not nearly strong enough to stimulate further investments in renewable electricity generation. **Massachusetts state legislation is required.**

The RPS requires that electric utilities provide a certain percentage of the electricity they deliver from renewable sources, such as wind and solar. This year it is 12 percent. Currently the percentage goes up only 1 percent a year. At this rate we won't get to 100 percent renewable electricity until 2105. Several states are already above 30 percent today.

The primary benefit of the RPS is that it provides a long-term financial incentive for investing in large-scale renewable energy projects. *Paul Dale can be reached at paulbdale@gmail.com.*

CAPE HIKES

(FT) (NM) Thu., Sep. 14. Hike Coonamessett River Headwaters, Falmouth, MA. An easy 1 3/4 hr hike through woods and along a dirt road on the south side of Coonamessett Pond in Falmouth, one of the larger ponds on the Cape. We will see the origin of the Coonamessett River ("river" on the Cape refers to anything wider than a foot!) and follow it past old cranberry bogs, as it flows south toward Great Pond and the sea. As with most hikes on the Cape, poison ivy and ticks are present. Rain cancels, but if in doubt about the weather, call the leader. Meet 0945 for a 1000 start. L John Gould (508-540-5779, jhgould@comcast.net)

Sat., Sep. 16. Hike West Barnstable Conservation Area, West Barnstable, MA. Come experience this new hike in West Barnstable conservation area. We will hike up and down hills and pass a vernal pool and some named rocks. We will also hike on some ancient cart ways. Take mid cape highway (Rte 6) to exit 5 (Rte. 149) and turn south towards Marston Mills. Take 1st right onto Service Rd and park under high tension lines. Meet at 9:45 AM. L Jane Harding (508-833-2864 before 9 pm, janeharding@comcast.net) CL David Selfe (508-771-0620 before 8 PM, kdselife@comcast.net)

Thu., Sep. 21. Hike--Monk's Park and Little Bay, Bourne, MA. This 2 hour hike over approximately 4 miles is in Bourne Conservation Trust properties of Little Bay and Monk's Park. We will hike wooded trails and a fire road with views of Little Bay from the bluff. A beach walk section will be included with views of Buzzards Bay. The terrain is moderate rolling hills on the wooded trails throughout the hike. L Robin McIntyre (508-789-8252 Before 9 p.m., robinm McIntyre@comcast.net, Robin is a third year Level 1 SEM/Cape hike leader with WFA training.)

(FT) (NM) Sun., Sep. 24. Bourne Farm, West Falmouth, MA. Enjoy a leisurely early autumn Sunday afternoon meander beginning at a lovely old farm. We will enter a woodland with a few hills, cross two streams, and go around a cranberry bog. As with most hikes on the Cape, poison ivy, ticks, and mosquitoes are present. Rain cancels, but if in doubt about the weather, call the leader. Meet 1245 for a 1300 start. The hike should last 1 1/2 to 2 hours. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Sep. 28. Hike Beebe Woods, Falmouth, MA. Come hike in historical Beebe Woods in Falmouth. Enjoy traversing a network of rolling wooded trails. This 383 acre parcel includes attractive ponds as well as Peterson Farm. We will hike approximately 4 miles at a moderate pace. Sturdy shoes are recommended. Bring plenty of water, snacks, sunscreen and bug spray. Cape Cod is a known tick environment. Meet at 9:45 to begin hike promptly at 10:00 am. Any questions, call leader Cathy Giordano 508 243-3884. L Catherine Giordano (508-243-3884 before 9 pm, cmgiordan@msn.com)

Sun., Oct. 1. Ryder Conservation/Lowell Holly Reservation Hike, Sandwich, MA. Join us for a 4-4.5 mi hike in Sandwich conservation area and Mashpee Trustees of Reservation property. The terrain is mostly flat with a few steep but short climbs thrown in. Meet at 12:45 for a 1 p.m. start. Heavy rain cancels. Rt 6 to Exit 3 > Quaker Meetinghouse Rd South x 2.5 mi > L @ light on Cotuit Rd x 2 mi. Trailhead parking on R for about 12 cars. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net, SEM Level 1 hike & bike leader)

Thu., Oct. 5. Hike Herring River Conservation, (C3C), Harwich, MA. Hike dirt roads, woodland trails with water views in Herring River Conservation Area. Meet at 9:45 a.m. Park in small lot on Bell's Neck Rd. or on roadside. L Janet Kaiser (508-432-3277, jtkaiser@comcast.net)

Thu., Oct. 12. Hike Falmouth Moraine, Falmouth, MA. Hike approximately 5 miles along the Falmouth Moraine Trail, passing through some hilly, heavily forested areas. This is a one way hike. The pace will be moderate and the terrain is strenuous in parts. Meet in Goodwill Park at 9:45 am promptly for trail talk. From here we will carpool to the start. Not a beginners hike! Sturdy hiking boots are a must. Dress in layers, bring plenty of water, snacks/lunch, personal first aid kit, sunscreen. Be aware that poison ivy is abundant along the trails. This is a known tick habitat. Repellent is strongly recommended. Any questions, call leader Cathy Giordano 508 243 3884. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

Sat., Oct. 14. Hike Santuit Pond and River - Mashpee, Barnstable, MA. Hike along woodland trails around Santuit Pond and River past a newly refurbished herring run and hopefully find some witch hazel in bloom. We will also hike around a cranberry bog. Take mid-cape highway to Exit 5 (Rte 149) and turn South to Rte 28. Turn R on Rt. 28 and follow to R on Santuit-Newtown Rd. Go 0.8 mile to yellow gate on L; park on grass along edge of road. Meet at 9:45 am. L Nancy Wigley (508-548-2362 Before 8 PM, nrwigley@verizon.net)

Sat., Sep. 23. Mt Moriah Hike, Berlin, NH. Mount Moriah (4049 ft) is the northeastern outpost of the White Mountains high peaks, towering 3200 ft above the town of Gorham. A popular destination since mid-1800s due to its proximity to town, it offers scenic trail approaches from several directions with abundant views from open ledges and a near 360-degree panorama at the top. This is a loop hike of approx. 10.0 miles that we will be covering at a moderate pace over mostly moderate terrain. The AMC does classify this hike as moderate to strenuous. Please contact Les @ lhi2015@yahoo.com to register for this hike. Related Link(s): <http://www.outdoors.org/trip-ideas-tips-resources/plan-your-trip/nh-4000-footers/hiking-mount-moriah.cfm>. L Christine Racine (christineracine1@gmail.com) CL Les Lechowicz (lhi2015@yahoo.com), R Les Lechowicz (lhi2015@yahoo.com)

(FT) (NM) Sat., Sep. 23. 2017 AMC/SEM Intro Hiking Series Blue Hills, Blue Hills, MA. This series of five hikes is for those who are new to or interested in getting back into hiking. For those unfamiliar with the Blue Hills, or who only know a small section of the 250 miles of hiking trails available, this is also a good way to broaden your experience of the Reservation. Each hike builds on a prior hike to increase stamina with increasing distance, elevation, challenging trails, or a combination of those features. No novice hikers will be registered after the second hike. Registration is required for this series. Exact meeting times and location will be sent to all registered hikers by the Wednesday preceding the hike. In order to accommodate busy schedules, we will start all the hikes at 8:30 a.m. Series Hike Dates: September 23, 2017 October 7, 2017 October 21, 2017 November 4, 2017 November 11, 2017. L Patricia-Lee Achorn (781-784-8983, plachorn@msn.com) CL Wendy Fox (wendyefox@gmail.com), R Pat Achorn (plachorn@msn.com)

Thu., Sep. 28. Thursday Morning Hike - F. Gilbert Hills - Foxboro, Foxboro, MA. Join us for enjoyable hike in the F. Gilbert Hills State Forest for a five mile hike from 10 AM till 2 PM. Easy to moderate pace. Meet at forest headquarters , 45 Mill Street, at 9:45. AM. Bring water and a lunch and or snacks. Route will encompass the Acorn Trail and parts of the Warner Trail. Along the way we will see several glacial erratics, several water holes constructed by the CCC, and a huge pine tree growing right out of a large rock! Mostly flat, with a few hills. Heavy rain cancels. Registration not required, however, if you have questions, contact leader. L Barry Young (508-339-3089 Before 9 PM, barry.young@comcast.net)

Sat., Sep. 30. Mount Cabot Loop Hike, Berlin, NH. Enjoy leaf peeking while climbing NH's northern most 4K mountain. This 11.4 mile loop hike will include Mount Cabot and The Bulge and the Horn from the New England Hundred highest list. Moderate hike at a 1.5 - 1.8 mile per hour pace. Elevation gain 3310 feet. Expect an early start. L Anne Duggan (508-789-5538 before 9 pm, abduggan12@gmail.com) CL Maureen Kelly (mokel773@aol.com) CL Linda Church (lchurch@whoi.edu), R Anne Duggan (Rochester, MA 02770, 508-789-5538 before 9 pm, abduggan12@gmail.com)

Sun., Oct. 1. Ryder Conservation/Lowell Holly Reservation, Sandwich/Mashpee, MA. 4-4.5 mile hike in Sandwich Conservation area and a Trustees of Reservation property. Relatively flat on varied terrain with a couple steep but short hills thrown in. Meet 12:45 for a 1:00 p.m. departure. Limited parking at trailhead. Rt 6 to Exit 3 > Quaker Meetinghouse Rd south x 2.5 mi > left @ light on Cotuit Rd x 2 mi. Parking on right. Heavy rain cancels. L Barbara Gaughan (781-572-1321 Before 9 p.m., barbaragaughan12@comcast.net, SEM Level 1 hike & bike leader.)

Thu., Oct. 5. Thursday Morning Hike at Hammond Pond Reservation, Chestnut Hill, MA. Join us for a 3-4 mile hike in the Hammond Pond Reservation and Webster Conservation area including a trip to a garden, now wild, created by Mrs. Clement S. Houghton in 1906. The hike leader (Paul) will have his well-behaved dog Sunny with him. L Paul Brookes (603-799-4399 After 7am and before 9pm, paulbrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.)

HIKING

Sat., Oct. 28. Blue Hills Fowl Meadow Hike, Royall St. Canton, MA. Join the 'Red Line the Blue Hills' hikers as they finish their season by hiking 9 miles of Fowl Meadow along the Neponset River. The terrain will be mostly flat and probably wet in some areas. Meet at the end of Royall St. Canton at 9:30. Only non-Red Liners need to register. Red Liners can just show n go. Bring lunch and a smile. L Joe Keogh (508-542-0665 before 9 pm, jpkeo24@gmail.com) L Michael Swartz (swartz@brandeis.edu), R Joe Keogh (508-542-0665 before 9 pm, jpkeo24@gmail.com)

Sat., Oct. 28. SEM Winter Hiking Workshop, Lakewood Hills clubhouse, 7 Kiah's Way, East Sandwich, MA. In the winter months, many of us think about going skiing or escaping to somewhere warm, but have you thought about winter hiking and snowshoeing? Do you like to be active and outside, but the thought of getting cold keeps you indoors? Then come join us for an informative afternoon that will change your mind about hiking and being outdoors in the winter months. You will learn about necessary clothing and gear, nutrition and hydration requirements, winter conditioning, winter issues and how to avoid them and why we love to hike in the winter. The workshop is free to all and is a prerequisite (or prior winter hiking experience) to join us for the SEM Winter Hiking Series. The workshop runs from 12:00-3:30 with clothing and gear demonstrations. Light lunch/snacks will be provided. After the workshop, join us for the SEM Annual Meeting/Dinner at the Brookside Club in Bourne (registration is separate- see listing). L Leslie Carson (508-833-8237 before 9 pm, lrc929@comcast.net, Leslie is a 4-season SEM hike leader who also leads hikes for AMC's August Camp and Adventure Travel.) L Paul Miller (paulallenmiller@verizon.net) L Ken Carson

Oct. 28. Redliners do not need to register for this hike but other people do need to register. L Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com) L Joe Keogh (jpkeo24@gmail.com) L Paul Brookes (603-799-4399 After 7am and before 9pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. PADDLING

Sat., Sep. 2. Paddle Bass River South, Dennis, MA. From launch paddle 'fingers' and bays to mouth on Nantucket Sound. Lunch on West Dennis Beach. Return and paddle Grand Cove . About 7 miles. Wear PFD, bring skirt in case of wind, lunch and water. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau , R Je (jeanorser@gmail.com)

Wed., Sep. 6. Paddle Jackknife Cove and Pleasant Bay, Chatham, MA. Explore Jackknife Cove, Pleasant Bay and possibly the Muddy River, as time permits. L George Wey (781-789-8005 before 9:00 PM, geowey16@gmail.com) CL Deborah Hayden (508-274-2820 before 9:00 PM, shaferhayden@gmail.com), R Deborah Hayden (508-274-2820 before 9:00 PM, shaferhayden@gmail.com)

Wed., Sep. 13. Paddle Lewis Bay, West Yarmouth, MA. Our last attempt at this trip was cut short due to high winds so we'll try again. We'll paddle around Lewis Bay, explore Uncle Robert's Cove, have lunch on Egg Island (it's underwater except at low tide) and perhaps venture into Hyannis Inner Harbor. Plan on a 7 to 8 mile paddle. L Ed Foster (erfoster@comcast.net)

Wed., Sep. 20. Swan Pond and River, Dennis, MA. From Swan Pond paddle down river to mouth on Nantucket Sound and venture into the Sound if it is not too windy. Lunch on beach. Return and circumnavigate pond for about 7 mile paddle. Wear PFD, bring spray skirt in case of wind, lunch and water. L Jean Orser (jeanorser@gmail.com) CL Paul Corriveau , R Jean Orser (jeanorser@gmail.com)

Wed., Sep. 27. Paddle Indian Lakes, Marstons Mills., MA. Paddle Indian Lakes, Middle Pond and Mystic Lake. PFD required. Spray Skirt maybe required. Take Mystic Drive off of rt. 149. Stay to Rt. to put-in (less than a mile.) Fall Colors should be starting. L Bill Fischer (508-420-4137 before 9pm, wmbarbarafischer@comcast.net)

Sat., Sep. 30. Follin's & Mill Ponds, Dennis, MA. Paddle Follin's Pond to Weir Creek bridge & if tide allows paddle into Mill Pond passing Crab Creek Conservation area & back to circumnavigate Follin's Pond & see signs of Vikings visiting. Lunch on small sandy beach. Paddle Dinah's Pond, Kelley's Bay and return past Mayfair boatyard for about a 7 mile paddle. Wear a PFD, bring a spray skirt in case of wind, lunch & water. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com), R Jean Orser (jeanorser@gmail.com)

Wed., Oct. 4. Paddle Herring River north, West Harwich, Dennis, MA. Paddle upstream to Coy Brook & to end & then to cut into the East Reservoir & circle it to cut to Herring River for lunch at North road bridge. Afterwards paddle to West Reservoir & see herring run & reverse direction heading directly back to the put-in for 7-8 mile paddle. Wear PFD, bring spray skirt in case of wind, lunch & water. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com), R Jean Orser (jeanorser@gmail.com)

Sat., Oct. 7. Leader's Choice Paddle, Hall's Creek?, West Hyannisport, MA. If the winds co-operate we'll paddle Hall's Creek in West Hyannisport, typically an easy 6 mile paddle. If the winds don't co-operate, we'll explore the creeks in Barnstable Harbor for a slightly longer paddle. L Ed Foster (erfoster@comcast.net)

PADDLING

Wed., Oct. 11. Paddle Mashpee/Wakeby ponds, Mashpee, MA. Take rt. 130 to Fishermans Landing Just South of Great Neck Road. Drive down to the put-in, unload and park back up in the lot.. Paddle the Second largest fresh water ponds on cape Cod. fall Colors shoud on display. L Bill Fischer (508-420-4137 before 9pm, wmbarbarafischer@comcast.net)

Sat., Oct. 14. Paddle Long Pond, Harwich/Brewster, MA. Circumnavigate Long Pond checking small lily pond & if there is enough water visit Greenland pond. Lunch on beach and paddle back to put-in for 6-7 mile trip. Wear PDF, bring spray skirt (in case of wind), lunch & water. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com), R Jean Orser (jeanorser@gmail.com)

Wed., Oct. 18. Leader's Choice Paddle, Barnstable Harbor?, Barnstable, MA. We'll probably paddle the creeks of Barnstable Harbor or Hall's Creek in Hyannisport. Which one depends on the winds and where the trip of October 7 ended up going. Check with the leader a couple days before the trip for a better idea of our destination. L Ed Foster (erfoster@comcast.net)

Sat., Oct. 28. Paddle Walker/Mill Ponds, Brewster, Dennis, MA. Paddle 3 fresh water kettle ponds & narrows between them. See Stoney Brook Grist Mill (1873) & herring run. Lunch either on beach or Slough road picnic area. Continue around ponds back to Punkhorn put-in for about 7 miles. Wear PFD, bring spray skirt (in case of wind), lunch & water. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com), R Jean Orser (jeanorser@gmail.com)

Introduction to Hiking builds skills & stamina

This series of five Saturday hikes is for those who are new to, or interested in, getting back into hiking. For those unfamiliar with the Blue Hills, or who only know a small section of the 250 miles of hiking trails, this is also a good way to broaden your experience of the Reservation. Each hike builds on prior ones to build stamina with increasing distance, elevation, challenging trails, or a combination of those features.

You do not have to be a member of AMC to participate in our events, and you're encouraged to bring a friend! You don't have to attend all five hikes (the first took place Sept. 23). Registration is required for this series, and no novice hikers will be registered after the second hike scheduled for October 7th.

Exact meeting times and locations will be sent to all registered hikers by the Wednesday before the hike. In order to accommodate busy schedules, we will start all the hikes at 8:30 a.m. Series Hike Dates: September 23, October 7 and 21, November 4 and 11.

Thanks to Leader Patricia-Lee Achorn and co-Leader Wendy Fox! To register, contact Pat at plachorn@msn.com or 781-784-8983. Include information about your previous hiking experience.

Not Just “A Meeting”!

Our upcoming SEM Chapter Annual Meeting is not just a meeting! Sure there'll be some chapter business we have to take care of briefly (such as voting in our new slate of officers!), but we also have some great activities planned both before and after the meeting to encourage you to get outside, learn some new skills, meet some new people, enjoy a good meal, and be stimulated by some exciting stories and photography from our featured speaker.

Before the meeting, you can join in a gentle “Memory Stroll” hike, a scenic bike ride along the canal, or our ever-popular winter hiking workshop. All activities take place near The Brookside Club in Bourne, so you will be done in plenty of time to attend the social hour beginning at 4:30 pm. The social hour features a cash bar and free appetizers, plus the opportunity to reacquaint with old friends and meet some new ones. After the dinner (just \$20/pp if paid for before Oct.19th), we've lined up a featured speaker from the Mount Washington Weather Observatory presenting “Tales from the Home of the World’s Worst Weather,” complete with slides and video.

You do not have to be a member to attend this event, so why not bring a friend and show them what the AMC SEM Chapter is all about? In this issue of the *Breeze*, you'll find details on our annual meeting/dinner and how to register. Don't delay, register now while it's fresh in your mind. Last year's event almost sold out, and we wouldn't want you to miss out this year!

Quickly, on another subject, I had the pleasure this past week of leading a hike for our Thursday morning hiking group. Three of the fourteen participants had just retired in the past month and were looking for ways to get outside and get some exercise. Our Thursday morning hiking series, which runs now until May, was the perfect answer! You can find all our activities (hike, bike, paddle, trail work, snowshoe, volunteer) at our website, www.amcsem.org.

Hope to see you outside!

The Maine AT's 100-Mile Wilderness

Written by Dexter Robinson

In mid-August I joined Bill Vickstrom, Bryan Jones, and Joe Marrone, a hiking friend from Connecticut, for ten days backpacking the 100-Mile Wilderness section of the Maine Appalachian Trail. The 100-Mile Wilderness is generally considered the wildest section of the entire 2,187-mile trail that runs from Springer Mountain, Georgia, to Mount Katahdin, Maine.

This trail section is one of the more challenging to navigate and traverse. It includes backpacking over a mountain range and numerous stream crossings with some that require fording. The trail offers a wide variety of trail conditions, from a gentle walk in the woods to boulder fields, ledges, steep ascents and descents, bog bridges through swamps, and a number of stone stairs.

Dexter, left, celebrates 100-mile Maine AT trail's end with Bryan Jones and Bill Vickstrom! *Photo by Joe Marrone*

Numerous mushrooms of all types and 120-foot-plus eastern pines were among the many sights. A cool breeze the first few days was sufficient to ground all flying insects. Over all, there were few bugs to contend with and no black flies! The weather was generally favorable to the group, although a cool, wind-driven rain prevented enjoyment of the views from the highest point, White Cap Mountain at 3,644 feet. The group passed many ponds, lakes, and glacier erratics. All in all a great trip!

Tales from the Home of the World's Worst Weather

Bitter cold, dense fog, heavy snow, and record winds: Mount Washington is known worldwide for its unpredictable and dangerous weather. For a mountain its size, why is Mt. Washington called the “Home of the World’s Worst Weather”?

Join Mount Washington Observatory's Will Broussard for an investigation into the unique life and work of weather observers stationed at the observatory year-round. We will explore how the mountain's weather works and what it can tell us about New England’s own weather patterns. This program will include stunning photography and video footage from the summit.

Volunteer of the Month: Paul Corriveau

Written by Ed Foster, Paddling Chair

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! In September, the Paddling Committee recognized **Paul Corriveau** for his numerous contributions. *The Breeze* was published early last month, so we are pleased to honor him in this issue.

Paul has been leading paddling trips for 10 years, and as the number of leaders has slowly declined he has stepped up and offered to lead more and more trips. He's a hands-on leader: On more than one occasion, he has gotten out of his boat to pull, push, and drag other boaters through tight spots and shallow shoals. He's scouted out new and improved put-ins for many of our old standard trips. Without Paul we'd have a lot fewer trips and less interesting ones.

Paul will receive a Volunteer of the Month certificate and a \$50 gift certificate.

The proper gear makes the difference between a winter wonderland and a deep freeze. *Photo by Ken Carson*

Winter Hiking Workshop October 28

Written by Leslie Carson, Hiking Chair

In the winter months, many of us think about going skiing or escaping to somewhere warm, but have you thought about winter hiking and snowshoeing? Do you like to be active and outside, but the thought of getting cold keeps you indoors? Then come join us for an informative afternoon that will change your mind about hiking and being outdoors in the winter months.

You will learn about necessary clothing and gear, nutrition and hydration requirements, winter conditioning, winter issues and how to avoid them, and why we love to hike in the winter. The workshop is free to all and is a prerequisite (or prior winter hiking experience) to join us for the SEM Winter Hiking Series. The workshop runs from 12:00-3:30 p.m. with clothing and gear demonstrations. Light lunch/snacks will be provided.

Saturday, October 28, 2017

12:00-3:30 PM

Lakewood Hills Clubhouse

7 Kiah's Way, East Sandwich, MA

The workshop leaders are Leslie Carson, Paul Miller, Ken Carson, Dexter Robinson, Maureen Kelly, and Anne Duggan.

To register, contact Leslie at lrc929@comcast.net or 508-833-8237 before 9 pm.

After the workshop, join us for the SEM Annual Meeting & Dinner at the Brookside Club in Bourne. (Registration is separate—see listing.)

Pete Tierney, left, and Skip Maysles re-blazed SEM's adopted part of the Blue Hills Skyline Trail, from Rte. 28 west to the State Police HQ. This will help prevent hikers from getting lost. Special thanks to the kind hikers who applauded them for their work.

Paddling with the Spirits... Oyster Pond to Stage Harbor

Written by Max Sarazin

As we paddled down Oyster River into the jaws of uncertainty there was a rush of cool air one senses when a spirit passes you in a haunted house. There the curtain closed and the play hadn't yet started. That curtain was a heavy dense fog brought on by the spirits to conceal the upcoming scheduled arrival of the evasive full moon. We needed our sorcerer who when we contacted later said, "Sorcerer indeed!" Our mainstay also said he was out riding the Tijuana Taxi. Where are these people when we need them so badly?

We arrived at our beach in the dark vast emptiness of Stage Harbor. Through the fog (or was it a witch's mist?), we could barely see Stage Harbor Light. That eerie scene looked like a great photo op. We convinced the spirits to leave the beach to us for a while as we had our monthly ritual to perform. Would the full moon come up? It would if we edged it on with proper ceremony. Meanwhile the ladies opted to get a closer look at the phragmites.

We claimed our small piece of real estate and set up our altar to partake of the bounty smuggled in from the cove. The good old days were mentioned when we had milk carton tables, red and white table cloths, black stem wine glasses, camp stools, etc. At that point, out came Max's table with R/W table cloth, wine glasses, camp stools, etc. All was quiet when the magic moment arrived. We looked and pointed in different directions. We were sure we'd know where and when the spectacle would arrive if just a glimpse through the heavy mist.

We finished the toast and after enjoying natural tendencies, slipped into our vessels and drifted silently away, leaving the salty licked sands for the spirits to return. Were they offended? We think not as they rather enjoyed observing the foolish things we mortals do to get a kick out of life; they should see us on New Year's Eve!

We were constantly looking over our shoulders as we paddled away, not that we feared the spirits, but just hoping to get a glimpse of the moon. But there it was, as soon as we arrived home it was as big and beautiful as ever! Next time we may get creative and set up our lawn chairs in the canoe on the front lawn.

Volunteer of the Month: Jeannine Audet

Written by Bernie Meggison, Biking Chair

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month the Biking Committee recognizes **Jeannine Audet**.

Jeannine has been an excellent advocate for leading AMCSEM rides in the southeast coast of our chapter. Her enthusiasm is wonderful. All of her rides are informative and have destination-type routes. She is always conscious of our riders' safety and encourages courteous road-sharing. Overall, Jeannine is a prime example of leader excellence in our entire AMC family.

Jeannine will receive a Volunteer of the Month certificate and a \$50 gift certificate.

Pre-Annual Meeting & Dinner Activities

Whether or not you're planning to attend the SEM Chapter's Annual Dinner and/or Meeting at the Brookside Club in Bourne on Oct. 28, we hope you'll join fellow SEMers for our gentle and sociable "**Stroll Down Memory Lane**" in Cotuit; a **Scenic Bike Ride** along the nearby Cape Cod Canal; or our informative annual **Winter Hiking Workshop** (registration required) in Sandwich. For details on any of these activities, just click on the hyperlinks provided or see the activities listings at the end of this issue of *The Breeze*.

Good Times at 2017 SEM Chapter Hut Weekend

Written by Paul Miller, Communications Chair

More than 20 Southeastern Mass. Chapter members journeyed up to the AMC Cold River Camp in peaceful Evan's Notch, NH, last month for our 2017 Chapter Hut Weekend. The weekend featured an assortment of hiking opportunities, some fun water activities, a little independent kayaking, plenty of great food prepared by a professional chef and served up by the Cold River Camp volunteer staff, lots of socializing, and even a chance to cook our own s'mores over a campfire. As one enthusiastic participant commented: "It's just like being at the summer camp that I never got to go to as a kid!"

Ellen Thompson gets her patch from Paul Brookes for Blue Lining the Blue Hills.

Hikers earn milestone patches

Written by Joe Keogh

Congratulations go out to Ellen Thompson for hiking every trail in the Blue Hills for the second time. This is called Blue Lining. She will now be working on her Green Lining. Ellen treated us, in the usual tradition, with homemade chocolate chip cookies.

Sue Svelnis received her patch for finishing her Blue trails on Aug. 28, and Paul Brookes received his patch for finishing his Purple trails on Aug. 17.

It has been the Red Lining the Blue Hills tradition when you finish your trails to bring cookies to the hike. Paul set a new standard this year, providing homemade cookies and ice cream for a delicious ice cream sandwich.

If anyone is interested in joining the Red Liners on Thursday nights, starting again in the spring of 2018, you can find us on the AMCSEM web page. Sue Svelnis will be more than happy to put you on the email list. If you sign up now, we have two weekend hikes left this season: the Skyline End-to-End on Oct. 7th and the Fowl Meadow hike on Oct. 28th. Both of these hikes can be found on the web page.

Plein air painting by artist, Michael E. Vermette.

Paintings displayed until Oct. 29

The AMC Highland Center at Crawford Notch is the setting for the exhibition, “The Painted Sketch: Crawford Notch,” by artist Michael E. Vermette, which runs through Oct. 29 in the Mt. Willard Dining Room.

The exhibit features Vermette’s contemporary painted sketches created in the “plein air” style, outdoors in the White Mountain National Forest and Crawford Notch State Park, and at the Highland Center site.

The exhibit is free and open to the public when the space is not otherwise in use.

Vermette served as artist in residence at the Highland Center for a week last fall and a week last winter. During those residencies, he created 11 painted oil sketches and 11 watercolor sketches that were made completely outdoors (*en plein air*) within the region. Sometimes working near the lodge, other times snowshoeing to a site with his studio on his back, he painted in cold weather amid challenging conditions. Each painting was rendered within a two- to three-hour block of time on location to capture the light.

Crawford Notch has long been an inspiration for artists drawn by the majesty of the surrounding peaks and crags. White Mountain School of Art painters frequented the area in the 19th and early 20th centuries to practice *plein air* outdoor landscape painting. One of the school’s more famous members, Frank Shapleigh, worked from his art studio in what is now the Shapleigh Bunkhouse on the Highland Center site.

Vermette’s expressive paintings show a love of color and

light. In his evocative oils, watercolors, and pastels, he emboldens color by putting into practice traditional methods of the masters to cause the pigment to be brighter, richer, and more translucent.

A full-time artist and part-time teacher, Vermette has been painting in oil, watercolor, and pastel for more than 45 years. He has won numerous awards for his work, and has participated in several “Paint for Preservation” art auctions at Cape Elizabeth, Maine.

Vermette leads several *plein air* workshops in watercolor and oil painting in Maine and New Hampshire throughout the year. For more information on the exhibit, call the Highland Center at (603) 278-4453, or email amchighlandinfo@outdoors.org.

AMC’s Real Trail Meals:

Wholesome Recipes for the Backcountry

By Ethan and Sarah Hipple

\$18.95 (Print) • \$9.99 (e-book)

Kick your trail menu up a notch with [AMC’s Real Trail Meals: Wholesome Recipes for the Backcountry](#).

Drawing on the field experience of outdoor leaders, including AMC staff and hut croo, this book delivers a buffet of lightweight and nutritious dishes. Adopting a practical, easy-to-follow approach, the cookbook shares recipes for breakfast, cold lunches and snacks, hot dinners, and desserts and sweet drinks, as well as the basic principles of dehydrating to create your own preservative-free and trail-stable foods. Icons indicate dietary preferences (vegetarian, gluten-free, dairy-free, etc.), as well as which dishes should be made at home, in the field, or consumed on the first night out. Each recipe comes with a breakdown of nutrients to pack weight, giving you the most calorie-dense bang for your buck.

The design of the new AMC headquarters combines historic preservation with minimizing environmental impact.

AMC opens new Boston HQ

by Laura Hurley, AMC Staff

The Appalachian Mountain Club (AMC) has officially moved into its new headquarters at 10 City Square, in Boston's historic Charlestown neighborhood, to better support its staff, cultivate expanded community connections, and achieve its long-term growth and mission objectives.

The move will enable AMC to expand on its “enduring legacy of connecting people with the outdoors and conservation stewardship,” said John Judge, President and CEO. “[O]ur aspiration is to create an outdoor hub here that fosters local, urban connections to Boston open space and beyond through programming, training, access, information, and gear, while working alongside partners and organizations with similar missions.”

Centrally located across the Charles River from North Station, in proximity to both subway and bus transportation, AMC's new headquarters is located on Boston's Freedom Trail surrounded by an array of revitalized urban open spaces, including the adjacent City Square Park and John Harvard Mall, Paul Revere Park, and the Boston National Historical Park.

In addition, AMC has established an adjunct training and outdoor equipment center in Charlestown at 6 Spice Street, adjacent to the Sullivan Square MBTA station. The space primarily supports the specialized needs of AMC's long-running [Youth Opportunities Program](#) (YOP), to give urban youth workers and teachers the resources

they need to lead groups on outdoor adventures.

The space accommodates program staff, outdoor leadership trainings, a gear lending library to outfit up to 15 groups at one time, and staging for hundreds of trips and trainings each year. It may host other AMC activities in the future.

“Many of the youth we work with are taking their first trip outdoors,” said Stefanie Brochu, Vice President of Outdoor Learning and Leadership. “[T]his center provides ease of access for their leaders to plan and implement a wide range of adventures.”

Renovations to the six-floor headquarters building, listed on the National Register of Historic Places, focus on stewardship of an older building and a commitment to environmental sustainability. The AMC will occupy the entire second and third floors of the building, plus half of the fourth floor. The remaining space is leased by other businesses, including the Legal Oysteria restaurant.

AMC's second floor features flexible program space for large groups, with high-quality AV equipment, a catering kitchen, abundant natural light, and adjacent gallery and conference room spaces. It will be available to both AMC and non-AMC groups on a limited basis starting in 2018. AMC's new office layout combines private and shared offices, open office work spaces and meeting areas, numerous conference rooms, a staff kitchen and social space, and a reception area.

Interior building renovations were designed to optimize natural light, celebrate the “bones” of the building, and highlight the character of the original construction, while updating the IT infrastructure. To minimize environmental impact, AMC has recycled construction and demolition waste, reused many existing walls and ceilings, and incorporated low-impact, non-toxic, and locally-sourced paint and flooring materials, lighting, plumbing fixtures, and office furniture..

AMC is developing its long-term sustainability strategies. Goals include evaluating building-wide energy reduction options, such as conversion of existing mechanical systems, energy-saving renovations to the building envelope, potential on-site renewable energy sources, and green operations and maintenance practices.

In recognition of the organization's momentous move, AMC is offering a select number of naming opportunities at 10 City Square and 6 Spice St., including program space, the gear lending library, conference rooms, and the gallery.

Wild Alaska Sampler: June 16-25

This spectacular journey is for the day hiker who prefers the comforts of 3-star accommodations. We will visit some of the high points of Alaska, with only a day pack on your back! Our hikes will be in the moderate range, up to 6 miles in length, leading us through forests and meadows to grand views of the state's impressive peaks.

The trip starts in Anchorage and its nearby state park, featuring the Chugach Mountains. We will hike in Denali National Park, and take a cruise from Seward Port to see the glaciers and marine wildlife of Kenai Fjords National Park. We will stop in Talkeetna, a funky hamlet straight out of your mental picture of life in small-town Alaska, 115 miles north of Anchorage. Talkeetna is the staging area for over 1,000 climbers who attempt to climb Denali (formerly known as Mount McKinley) each year.

We have room in our schedule for optional activities, including flightseeing tours of Denali with glacier landings, jet boat rides to see class V rapids, museums, a visit to a dog-sled camp, a wildlife viewing excursion, or just enjoying the surrounding beauty of our largest state: all available during free time or on a rainy day.

Contact the leaders for a detailed prospectus and an application/registration package: Janis Stahlhut at jestahlhut@me.com, 203-820-9275 and Samir Patel at sam5670@yahoo.com, 978-270-0714.

White Mountain Guide, 30th Edition
Compiled and Edited by Steven D. Smith
\$24.95 Paperback • 656 pp • 5"x 7"
Boxed set with 3 pull-out double-sided maps

Now in print for 110 years, AMC's comprehensive [White Mountain Guide](#) remains hikers' most trusted resource for trails in the magnificent White Mountain National Forest and surrounding regions. This 30th edition has been thoroughly updated and revised post-Tropical Storm Irene, with accurate descriptions of more than 500 trails, trip-planning advice, safety information, and a checklist of New Hampshire's 4,000-footers. New are at-a-glance icons for suggested hikes and redesigned, easier-to-follow statistics for all trails, charting cumulative distance, elevation, and time between waypoints.

This boxed set also contains six pull-out topographic maps, updated to reflect the latest trail openings, closings, and reroutings. Redesigned with bolder, clearer colors and GPS-charted by AMC's cartography department, these maps include trail-segment mileage; hut, lodge, camping, and shelter locations; wilderness-area boundaries; AMC shuttle stops, and more. Whether you're planning a day trip to stunning waterfalls, a backpacking trek through the Great Gulf Wilderness, or a section hike along the Appalachian Trail, the *White Mountain Guide* is your quintessential resource for adventure in the White Mountains.

AMC Books are available nationwide through booksellers and outdoor retailers, and can be ordered directly from AMC at outdoors.org/amcstore or by calling 800-262-4455. (AMC members receive a 20% discount.) E-book versions are available online through Amazon, iBooks, and Barnes & Noble. AMC Books are distributed to the book trade by [National Book Network](#).

BICYCLING

Thu., Oct. 5. Full Hunter's Moon Cycling, Sandwich, MA. Canal area - 22 Miles/ 2+ hours. We'll ride from Sandwich Recreation Area at the end of Freezer Road in Sandwich to Monument Beach and return along Shore Road and through Gray Gables and Mashpee Island for sunset at Tidal Flats Recreation Area across the canal from MMA. Return along the canal with a possible stop at the Railroad Bridge for the Energy Train and Aptuxet Trading Post followed by moonrise over the Sagamore Bridge. Contact leader for further information. Ride starts around two hours before sunset. This full Moon is often referred to as the Full Hunter's Moon, Blood Moon, or Sanguine Moon. Many moons ago, Native Americans named this bright moon for obvious reasons. The leaves are falling from trees, the deer are fattened, and it's time to begin storing up meat for the long winter ahead. Because the fields were traditionally reaped in late September or early October, hunters could easily see fox and other animals that come out to glean from the fallen grains. Probably because of the threat of winter looming close, the Hunter's Moon is generally accorded with special honor, historically serving as an important feast day in both Western Europe and among many Native American tribes. L Paul Currier (508-833-2690, 8 am-7 pm, paulbcurrier@comcast.net)

Sat., Oct. 7. Cranberry Country Cruise Bike Ride, MA. Beautiful 35-mile ride through the cranberry country of Rochester, Middleboro, Carver, West Wareham. Easy pace, 12-13 MPH over flat terrain. Ice cream stop near the end at Captain Bonney's in Rochester. To sign up and get start location, email or phone ride leader, Jack Jacobsen, long time fun leader for AMC/SEM. L Jack Jacobsen (508-353-3708, 8 AM- 8 PM, cyclejac51@yahoo.com,)

Sat., Oct. 28. AMC/SEM Annual Meeting Canal Ride, Cape Cod, MA. Come one, Come all to the SEM Annual Meeting Canal Bike Ride We will depart from the Brookside Club in Bourne and ride over to the Cape Cod Canal. Maybe a ride through Mashpee Island for spectacular Buzzards Bay vistas. Note: Check the AMCSEM.ORG web site for additional annual meeting note. All are welcome, members and potential new members. We have an excellent wilderness presenter for the closing talk. L Bernie Meggison (617-930-4029, thosmeggisons@gmail.com, AMC/SEM Bike Chair)

Sat., Nov. 11. Cycling & Wine Tasting, Westport Rivers Winery & Vineyard, Westport, MA. Join us for a beautiful ride through Westport, MA & Tiverton, RI, past farms, conservation lands & the Westport River. Ride will be 25-30 miles, with some hills, at a moderate pace 12-15 mph. We will conclude with a private wine tasting for our group at the Westport Rivers Winery. L Jeannine Audet (508-493-8221 weeknights after 7:00 pm, weekends anytime, milmod@aol.com)

CAPE HIKING

Thu., Oct. 5. Hike Herring River Conservation, (C3C), Harwich, MA. Hike dirt roads, woodland trails with water views in Herring River Coservation Area. Meet at 9:45 a.m. Park in small lot on Bell's Neck Rd. or on roadside. L Janet Kaiser (508-432-3277, jtkaiser@comcast.net)

Sun., Oct. 8. Hike--Monk's Park and Little Bay, Bourne, MA. This 2 hour hike over approximately 4 miles is in Bourne Conservation Trust properties of Little Bay and Monk's Park. We will hike wooded trails and a fire road with views of Little Bay from the bluff. A beach walk section will be included with views of Buzzards Bay. The terrain is frequent, moderate rolling hills on the wooded trails throughout the hike. L Robin McIntyre (508-789-8252 Before 9 p.m., robinm McIntyre@comcast.net, Robin is a second year Level 1 SEM/Cape hike leader with WFA training.)

Activities

For the most current information, [search activities online](#)

CAPE HIKING

Thu., Oct. 12. Hike Falmouth Moraine, Falmouth, MA. Hike approximately 5 miles along the Falmouth Moraine Trail, passing through some hilly, heavily forested areas. This is a one way hike. The pace will be moderate and the terrain is strenuous in parts. Meet in Goodwill Park at 9:45 am promptly for trail talk. From here we will carpool to the start. Not a beginners hike! Sturdy hiking boots are a must. Dress in layers, bring plenty of water, snacks/lunch, personal first aid kit, sunscreen. Be aware that poison ivy is abundant along the trails. This is a known tick habitat. Repellent is strongly recommended. Any questions, call leader Cathy Giordano 508 243 3884. L Catherine Giordano (508-243-3884 before 9 PM, cmgiordan@msn.com)

Sat., Oct. 14. Hike Santuit Pond and River - Mashpee, Barnstable, MA. Hike along woodland trails around Santuit Pond and River past a newly refurbished herring run and hopefully find some witch hazel in bloom. We will also hike around a cranberry bog. Take mid-cape highway to Exit 5 (Rte 149) and turn South to Rte 28. Turn R on Rt. 28 and follow to R on Santuit-Newtown Rd. Go 0.8 mile to yellow gate on L; park on grass along edge of road. Meet at 9:45 am. L Nancy Wigley (508-548-2362 Before 8 PM, nrwigley@verizon.net)

Sun., Oct. 22. Hike Maple Swamp, Service Rd., East Sandwich, MA. Hike historic area which dates back to glacial erosion. This hike has lots of steep climbs and declines with uneven terrain. Hiking boots and poles strongly recommended. Driving directions to start take Rte 6 to exit 3 Quaker Meetinghouse Rd and turn S off of ramp. Take first L onto Service Rd and look for Maple Swamp parking area on R past Mill Ln. Meet at 12:45 PM for 1 PM start. L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

(FT) (NM) Sat., Oct. 28. Stroll Down Memory Lane and Hike Eagle Pond, Cotuit, MA. A great way to connect with fellow members of AMCSEM. This hike will be paced to meet the skills of the group. We will take a walk along cartways and wooded trails to begin the social activities in a healthy way. Eagle Pond is a 106-acre conservation area with history back to the days of the Pilgrims. If desired we can take in a view of Cotuit Bay and hike around a white cedar swamp. There are several benches along the trail so people will have opportunities to stop, rest and hydrate. Rain will cancel event. For directions to meet up area please contact hike leaders. After the hike, join us for the 2017 AMCSEM Annual Meeting and Dinner at the Brookside Club in Bourne. Social hour begins at 4:30 PM. See the link to register for the Annual Dinner. Come and join us! L Jane Harding (508-833-2864 Before 8 PM, janeharding@comcast.net) L Catherine Giordano (cmgiordan@msn.com), R Jane Harding (508-833-2864 Before 8 PM, janeharding@comcast.net)

Thu., Nov. 2. Hike - Mashpee River Woodlands (C3C), Mashpee Neck Rd, Mashpee, MA. Wooded walk along Mashpee River. Take Orchard Rd. off Rte.28 to end. Turn R. then quick L onto Mashpee Neck Rd. Go 1.1 miles to Mashpee River Woodlands Pkg.Lot on R. Meet at 9:45AM. Hike 10 am - 12 pm. L Farley Lewis (508-775-9168 Before 9 PM, farlewis@comcast.net)

Sat., Nov. 4. Hike Bell's Neck Conservation Lands, Sand Pond, Harwich, MA. 4.5mi hike on trails surrounding West Reservoir, cranberry bogs, the herring run and salt marsh. Exit 10 to 124S to end. R on 39S x 1.9 mi to Sand Pond prkg on right. Arrive 9:45 a. m. for a 10:00 start. End 12:15. Heavy rain cancels. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net, AMCSEM Level 1 hike & bike leader.)

Thu., Nov. 9. Hike Crowes Pasture, Dennis, MA. Hike in Crowes Pasture out to Quivett Neck and on beach along Cape Cod Bay. Expect soft sand! Directions: RT 6 to Exit 9 and RT 134 North. Follow RT 134 north to traffic lights on RT 6A and turn right. Turn left on School St (Airline Rd on right) then turn right at intersection on South St. Pass cemetery on right and park in small wooded lot on right. L Deborah Hayden (shaferhayden@gmail.com) CL Paul Corriveau

Sun., Nov. 12. Hike--Four Ponds and Bourne Town Forest, Bourne, MA. This 2 hour approximately 4 mile hike is in the Bourne Four Ponds Conservation Area and adjacent Bourne Town Forest. The terrain is wooded pathways, fire roads, and mountain bike trails with some moderate hills. It offers views of the ponds. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net, Robin is a third year Level 1 SEM/Cape hike leader with WFA training) L Deborah Hayden (508-548-8726 Before 9 p.m., shaferhayden@gmail.com, Debbie is a third year Level 1 Cape hike leader and paddle leader.)

Thu., Nov. 16. Hike Quashnet River, Falmouth and Mashpee, MA. Hike in woods surrounding the Quashnet River. Expect rolling terrain and a moderate pace. L Deborah Hayden (shaferhayden@gmail.com)

Always looking for additional hike leaders! Contact hikingchair@amcsem.org

Thu., Oct. 5. Thursday Morning Hike at Hammond Pond Reservation, Chestnut Hill, MA. Join us for a 3-4 mile hike in the Hammond Pond Reservation and Webster Conservation area including a trip to a garden, now wild, created by Mrs. Clement S. Houghton in 1906. The hike leader (Paul) will have his well-behaved dog Sunny with him. L Paul Brookes (603-799-4399 After 7am and before 9pm, paulbrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. You may often find me in the Blue Hills with my dog Sunny.)

(C) Sat., Oct. 7. Blue Hills Skyline Trail End to End Hike, Blue Hills Reservation, Milton, MA. Join us to hike the Blue Hills from one end to the other with fall color and cool breezes. This is a great hike of about 9 miles with 1300' of elevation as we go up and down most of the hills in the reservation. We'll maintain a moderate pace and expect about a 6 hour day with a planned lunch stop on Buck Hill. L Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com) L Joe Keogh (jpkoe24@gmail.com), R Maureen Kelly (508-224-9188 before 8 pm, mokel773@aol.com)

(FT) (NM) Sat., Oct. 7. 2017 AMC/SEM Intro Hiking Series Blue Hills, Blue Hills, MA. This series of five hikes is for those who are new to or interested in getting back into hiking. For those unfamiliar with the Blue Hills, or who only know a small section of the 250 miles of hiking trails available, this is also a good way to broaden your experience of the Reservation. Each hike builds on a prior hike to increase stamina with increasing distance, elevation, challenging trails, or a combination of those features. No novice hikers will be registered after the second hike. Registration is required for this series. Exact meeting times and location will be sent to all registered hikers by the Wednesday preceding the hike. In order to accommodate busy schedules, we will start all the hikes at 8:30 a.m. Series Hike Dates: September 23, 2017 October 7, 2017 October 21, 2017 November 4, 2017 November 18, 2017. L Patricia-Lee Achorn (781-784-8983, plachorn@msn.com) CL Wendy Fox (wendyefox@gmail.com), R Pat Achorn (plachorn@msn.com)

HIKING

Sat., Oct. 28. SEM Winter Hiking Workshop, Lakewood Hills clubhouse, 7 Kiah's Way, East Sandwich, MA. In the winter months, many of us think about going skiing or escaping to somewhere warm, but have you thought about winter hiking and snowshoeing? Do you like to be active and outside, but the thought of getting cold keeps you indoors? Then come join us for an informative afternoon that will change your mind about hiking and being outdoors in the winter months. You will learn about necessary clothing and gear, nutrition and hydration requirements, winter conditioning, winter issues and how to avoid them and why we love to hike in the winter. The workshop is free to all and is a prerequisite (or prior winter hiking experience) to join us for the SEM Winter Hiking Series. The workshop runs from 12:00-3:30 with clothing and gear demonstrations. Light lunch/snacks will be provided. After the workshop, join us for the SEM Annual Meeting/Dinner at the Brookside Club in Bourne (registration is separate- see listing). L Leslie Carson (508-833-8237 before 9 pm, ltc929@comcast.net, Leslie is a 4-season SEM hike leader who also leads hikes for AMC's August Camp and Adventure Travel.) L Paul Miller (paulallenmiller@verizon.net) L Ken Carson

PADDLING

Wed., Oct. 4. Paddle Herring River north, West Harwich, Dennis, MA. Paddle upstream to Coy Brook & to end & then to cut into the East Reservoir & circle it to cut to Herring River for lunch at North road bridge. Afterwards paddle to West Reservoir & see herring run & reverse direction heading directly back to the put-in for 7-8 mile paddle. Wear PFD, bring spray skirt in case of wind, lunch & water. L Paul Corriveau (paulcorri@gmail.com) L Jean Orser (jeanorser@gmail.com), R Jean Orser (jeanorser@gmail.com)

Sat., Oct. 7. Leader's Choice Paddle, Hall's Creek?, West Hyannisport, MA. If the winds co-operate we'll paddle Hall's Creek in West Hyannisport, typically an easy 6 mile paddle. If the winds don't co-operate, we'll explore the creeks in Barnstable Harbor for a slightly longer paddle. L Ed Foster (erfoster@comcast.net)

PADDLING

Wed., Oct. 11. Paddle Mashpee/Wakeby ponds, Mashpee, MA. Take rt. 130 to Fishermans Landing Just South of Great Neck Road. Drive down to the put-in, unload and park back up in the lot.. Paddle the Second largest fresh water ponds on cape Cod. fall Colors shoud on display. L Bill Fischer (508-420-4137 before 9pm, wambararafischer@comcast.net)

Sat., Oct. 14. Paddle Long Pond, Harwich/Brewster, MA. Circumnavigate Long Pond checking small lily pond & if there is enough water visit Greenland pond. Lunch on beach and paddle back to put-in for 6-7 mile trip. Wear PDF, bring spray skirt (in case of wind), lunch & water. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com), R Jean Orser (jeanorser@gmail.com)

Wed., Oct. 18. Leader's Choice Paddle, Barnstable Harbor?, Barnstable, MA. We'll probably paddle the creeks of Barnstable Harbor or Hall's Creek in Hyannisport. Which one depends on the winds and where the trip of October 7 ended up going. Check with the leader a couple days before the trip for a better idea of our destination. L Ed Foster (erfoster@comcast.net)

Sat., Oct. 21. Paddle Centerville River from Dowses Beach, Centerville/Osterville, MA. Paddle the Centerville River and Scudder Bay with a possible trip into Nantucket Sound. Directions: From Rt. 28 go south onto Old Stage Road and continue to stoplight. Turn right onto South Main St. and then turn left onto East Bay in Osterville. After East Bay Road bends right (354 East Bay Rd, Osterville), turn left into the Dowses Beach Parking lot. L Bill Fischer (508-420-4137 Before 9pm, wambararafischer@comcast.net)

Sat., Oct. 28. Paddle Walker/Mill Ponds, Brewster, Dennis, MA. Paddle 3 fresh water kettle ponds & narrows between them. See Stoney Brook Grist Mill (1873) & herring run. Lunch either on beach or Slough road picnic area. Continue around ponds back to Punkhorn put-in for about 7 miles. Wear PFD, bring spray skirt (in case of wind), lunch & water. L Jean Orser (jeanorser@gmail.com) L Paul Corriveau (paulcorri@gmail.com), R Jean Orser (jeanorser@gmail.com)

SOCIALS

Sat., Oct. 28. Annual Meeting and Dinner, Bourne, MA. Join us for the 2017 SEM Annual Meeting and Dinner at the Brookside Club in Bourne, MA. Special Guest Speaker from the Mount Washington Weather Observatory "Tales from the Home of the World's Worst Weather". Register using the link http://www.amcsem.org/events_amd.2017.flyer.pdf Hiking and Biking events before the meeting are listed separately on the activities database. L Barry Young (Barry.young@comcast.net)

TRAILS

(C) (FT) (NM) Sat., Oct. 14. Trail Maintenance, Blue Hills Skyline Trail, Canton, MA. Join the SEM Chapter for routine trail maintenance and cleanup on the Chapter's adopted section of the Skyline Trail from the State Police Barracks to Route 28. Maintenance will include clearing steps, water bars, removing loose rocks, etc. Meeting time is 8:50 at Houghton's Pond parking lot, Hillside Street, in the northeast corner near the exit. SEM will supply all tools, gloves and snacks. Please bring water, any special food, wear appropriate clothing (long pants, long sleeve shirt, boots, hat), sunscreen, bug spray, etc. Registration required - contact Skip Maysles at piks126@yahoo.com. L Peter Tierney (Pxtierney@aol.com) CL Skip Maysles (Piks126@yahoo.com), R Skip Maysles (Piks126@yahoo.com)

SEM Annual Meeting and Dinner Did Us Proud

By Paul Miller, SEM Communications Chair
Photos by Ken Carson

More than a hundred AMC Southeastern Mass. Chapter members attended our Annual Meeting and Dinner at the Brookside Club in Bourne, Massachusetts on October 28th.

The pre-Meeting social hour gave us all a chance to catch up with old friends and get acquainted with newer members, quite a few who were attending their very first chapter-wide event.

During the brief business meeting that followed, Chapter Chair Barry Young introduced the current executive board members (most of whom will be returning for a second term); Chapter Secretary Ann McSweeney presented the 2017 SEM Annual Report (available for all to read on our website [here](#)); Chapter Treasurer, Patty Rottmeier, provided an update on the chapter's solid financial position; and Alan Greenstein from the nominating committee presented the slate of officers for the coming year.

Continued on page 3

View from the Chair: “Calling all Volunteers!”

What a turnout for our recent SEM Annual Meeting and Dinner, over 100 people in all! Of these, approximately 20 were attending their first meeting and over half were volunteers in some capacity with our SEM Chapter. We held 324 events last year, with the numbers for most activities (hikes, paddles, biking, trail work, workshops, etc.) up significantly over the year before. These activities were led by 64 leaders, all volunteering their time and having fun doing it.

During the Annual Meeting portion of the meeting, we elected the incoming Executive Board for 2018. On a very positive note, many of the Board members are returning for another year which will provide the Chapter with great continuity and consistency. On the downside, we have one opening on the Board, Chapter Vice Chair, and several Committee Vice Chair positions remain unfilled.

From talking with many of the attendees, I know there were some recent retirees, people about to retire, and some “empty nesters” in attendance. Some of the people about to retire expressed a concern and were questioning how they were going to fill up their time now that they were not going to work every day. Well, I have a great answer for you! How about getting involved with your AMC SEM Chapter? We can surely use your help, whether it be 30 minutes a week or 3 hours a week. I’m sure we can find something that interests you and affords you the opportunity to give back to a great club.

AMC is the oldest outdoor conservation club in the United States, founded in 1876. At the risk of trying not to sound too political, I think we would all agree times are tough right now for finding funds for conservation and the outdoors. So what better way to help out and volunteer some of your time to the Chapter and its causes? We provide free leadership training for volunteers as well as free skills-based training. What could be better than this—meeting new similarly minded friends and learning new skills!

As we approach the winter season, there is still plenty to do outside. This year our popular Winter Hiking series will have six hikes instead of the usual four—surely one of those hikes should fit your schedule. We also have some snowshoe events, ski events, and full moon hikes coming up, so stay tuned to the website for new activities being posted all the time. And if you do attend an event, bring a friend—attendees at our events do not have to be AMC members to participate. You can find all our activities (hike, bike, paddle, trail work, snowshoe, volunteer) at our website: www.amcsem.org

Hope to see you outside!

SEM Annual Meeting

Continued from page 1

Alan commented that while we have a full slate of chapter- and committee-level chairs, it would be great if we could fill many of the open vice-chair positions to ensure leadership continuity in the coming years. In good parliamentary procedure form, Alan then asked for someone to move to accept the slate, someone else to second the move, and then called for a show of hands in favor of approving the slate.

Following the official business meeting, Faith Salter, AMC director of volunteer relations, first took an opportunity to compliment us all on the vibrancy of our chapter and the leadership we apparently provide to other AMC chapters in terms of technology adaption and other areas. (Pretty darn good for such a small chapter!)

Faith Salter of AMC

Faith then provided us with an update on the recent move of the AMC headquarters staff from the venerable brownstone building on Joy St. on Boston's Beacon Hill, to new (actually refurbished) digs across the Mystic River

in Charlestown. Faith also briefed us on the progress of the AMC's Diversity, Equity, and Inclusion initiative.

We then all enjoyed an excellent buffet dinner, followed by coffee and humungous homemade cookies.

After dinner, came the awards portion of the evening, intended to recognize the contributions of our outstanding volunteer leaders. Joe Keogh, who spearheads our popular Red Line the Blue Hills (RLBH) hiking series year after year, received the chapter's annual Distinguished Service Award. Walt Granda and Maureen Kelly received Hiking Committee Awards; John Gould and Jane Harding received Cape Hikes Committee awards; and Maureen Kelly and Leslie Carson received Chapter Chair Awards.

Will Broussard from Mt. Washington Observatory.

Finally, our guest speaker Will Broussard from the Mt. Washington Observatory, gave his fascinating presentation; "Stories from the Home of the World's Worst Weather," which certainly left us all with a better appreciation of what it takes to be a year-round weather observer atop Mt. Washington.

Distinguished Service Award winner Joe Keogh, left, with Alan Greenstein. *All photos by Ken Carson*

- #4 Feb. 3rd—Mts. Tom and Field, Crawford Notch, NH
- #5 Mar. 2nd-4th—Zealand Hut Weekend, Twin Mtn., NH
- #6 Mar. 11th—Mt. Liberty—Franconia Notch, NH

ADDITIONAL WINTER HIKES

- Snowshoe Hikes**—Dec. 16th, Jan. 20th (Anne Duggan)
- Sunday Morning Hikes**—Nov. 26th, Dec. 10th, Dec. 24th, Jan. 14th, Feb. 18th, Mar. 18th (Maureen Kelly)
- Noble View Weekend**—Feb. 9th–11th (Walt Granda)

Get ready to White Line the Blue Hills

Written by Paul Brookes, Hike Leader

Fall is moving along, and it's time to start thinking about winter activities, and that includes White-Lining the Blue Hills (WLBH). This is hiking all the trails in the Blue Hills in the "winter," from the Winter Solstice to the Spring Equinox. It may take you several years to complete this one! Unlike colored lining, which runs serially (first red, then blue, then green, etc.), and runs all year long, White Lining may run in parallel with colored lining, but you can't count the same trail for both—unless you walk it twice!

Cathy MacCurtain, Pat Achorn, and I are happy to be running the series again this winter. If you would like to register, please email PaulBrookes1966@outlook.com, and then answer a few questions about your hiking experience. If you remind me that you hiked with us last year, then I will not need to rescreen you.

Nothing much will change from the way we did things last year. We will meet Tuesday mornings somewhere in the

Blue Hills, ready to hike at 10 am. Registered hikers will receive an email the prior week that will provide the upcoming meeting location and hike details.

We will hike at an enjoyable moderate pace and have lunch on the trail. We intend the pace and distance to be relaxed enough that folks can both socialize and enjoy the winter vistas while getting a bit of exercise. This is not a conditioning series.

As with last year, the hikes will run from the winter solstice to the spring equinox. This year that means the first hike is the day after Christmas. Yay to working off some of that Christmas pudding! As with last year, register once and come whenever you want. Come only when the snow is virgin and the days are sunny, or test yourself on weeks when it's cold and the trails are icy. It's totally up to you.

We look forward to seeing some of you again this year, as well as some new faces.

Wishing us snow-filled days,
Paul, Cathy, and Pat

Great season's end for Red-Liners

By Bill Cannon, Conservation Chair

The Red Liners finished up the season with a 9.5-mile hike in Fowl Meadow along the Neponsett River on the 28th of October. It was a perfect fall day. Twenty-one hikers started out at 9:30 am off Neponsett Valley Parkway. The woods and river were beautiful.

The trails were a little overgrown from lack of summer use, but the group managed to get through.

In our last mile along the river, we came upon a dozen trees being cut by beavers. Quite an unusual find!

If you are interested in hiking with the Red Liners, keep an eye on the AMC SEM web site this spring when we start up again.

Above: The 2017 season for AMC SEM's Red-Lining the Blue Hills Hiking series ended on a beautiful autumn day.

Left: One of a dozen trees gnawed by beavers along the Neponsett River.

Bill heads into the morning mist.

Fog lifts for Indian Ponds kayakers

Written by Bill Fischer, Paddling Leader

Trip Report: Wednesday, **September 27, 2017**

Location: Indian Ponds, Marstons Mills

Leader: Bill Fischer **Paddlers:** Paul Corriveau, Ed Foster, Carol Houghton, Jean Orser

The trip started out very foggy but we know the waters very well and the fog was expected to lift shortly. It did. We took a right out of the put-in and paddled close to shore along Middle Pond and after about a mile and a half we took the cut into Mystic Lake. The cut was as wide as any of us could remember for this late in the season. We continued to hug the shore the length of Mystic Lake and then went around the Island at the far end of the lake before stopping for lunch at the Race Lane Put-in. There was a short rain shower during lunch but it caused no problems and Jean's brownies were great, as usual.

Rain can't compete with Jean's brownies.

Carol, Ed, Paul, and Bill paddle into the lifting fog.

Paul drags Ed across shallows blocking the herring run inlet.

After lunch we paddled back to Middle Pond staying on the right shore. When we got to the Herring run in Middle pond there was a sand shoal built up that prevented Kayaks from going any further but Paul pulled all of us over so we were able to paddle in that area. The fall colors were just starting to show in some trees. Both ponds were very calm and it turned out to be a nice, easy 5 mile paddle.

Ed and Bill in the inlet to the herring run.

SEM Winter Hiking Series Workshop Instructors Ken, left, and Leslie Carson, Dexter Robinson, Paul Miller, Ann Duggan, and Maureen Kelly. *Photos by Ken Carson*

Pre-Annual Meeting & Dinner: Winter Workshop, Hike, and Bike Ride

Written by Paul Miller, Communications Chair

As has become our tradition in recent years, SEM members and their friends and relatives had an opportunity to join in a variety of nearby activities in the afternoon prior to our Annual Meeting in Bourne. This year, those activities included a gentle and sociable hike on the Cape, a scenic bike ride along the Canal, and our annual Winter Hiking Series Workshop in Sandwich, MA.

This year's winter workshop drew 20 participants, who learned about the joys (and challenges) of winter hiking, as well as how to dress, what to bring, and how to get in shape for safe and enjoyable winter hiking. The leaders also discuss the expanded schedule of progressively more challenging hikes for this year's Winter Hiking Series, designed to gradually increase the skill and comfort levels of series participants, who typically are already experienced three-season hikers.

Dexter Robinson discusses snowshoe options.

A Tribute to Dave Williams

A touching moment at the recent SEM Annual Meeting was Nancy Wigley's moment of silence in remembrance of Dave Williams, a long-time SEM member and popular activity leader who passed away on October 26th following a brief illness.

His obituary notes, "Dave was an avid outdoorsman and enjoyed camping, hunting, fishing, bicycling, kayaking and canoeing. He and Barbara...led many canoe trips on the Saco River in Maine."

According to Nancy, "Dave Williams and his wife Barbara will be greatly missed. It was on AMC canoe-camping trips that I got to know them and learned so much about canoe/camping from them. The time spent on those trips were some of the happiest days of my life. I appreciated the opportunity at the Annual Meeting to have everyone join me in a moment of silence in remembrance of someone who made such a difference in the lives of others."

We'll all miss you Dave!

Here is a [link](#) to Dave's full obituary.

Volunteer of the Month: Walt Granda

Written by Leslie Carson, Hiking Chair

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes WALT GRANDA for his continuing contributions.

Walt became an AMC member in 1997, but wasn't really involved in AMC activities until 2006. In 2009, he became a hike leader for the SEM Chapter and has led day and overnight hikes in Massachusetts and New Hampshire. A few years later, Walt volunteered to be the SEM Hiking Vice Chair, then moved into the position of Hiking Chair. For the past six years, he has been organizing, as well as leading, the well-attended Thursday Morning Hikes that explore various local spots around Massachusetts and Rhode Island. Another one of the roles Walt has taken on has been organizing the popular February Noble View Snowshoe and X-C Ski Weekend in Russell, MA.

Thank you, WALT, for all you do! Walt will receive a Volunteer of the Month Certificate and a \$50 gift card.

The October family hike included "Leave No Trace" lessons and a scavenger hunt. Photo by Maureen Kelly

October Family Hike: Destruction Brook Woods

Written by Jeannine Audet

A lively group of 16 hikers walked the wooded trails of Destruction Brook Woods in Dartmouth, MA, on October 18th, led by Jeannine Audet and Maureen Kelly. The kids ranged in age from three to thirteen. Several members of our group were Girl Scouts, with one Boy Scout.

They learned about following trail maps and blazes and "Leave No Trace" principles. They filled out scavenger hunt sheets when they found mushrooms, evidence of animal homes, and other features, and shared their family experiences hiking and camping. Stops along the way included Alice's Spillway and Ella's Bridge, where we watched Mallard ducks and watched leaves and sticks follow the flow of Destruction Brook. The weather cooperated: the rain held off just until we finished our hike!

Mist in the marshes of Squaw Island

Written by Jean Orser

Trip Location: October 7, 2017 Location: Squaw Island Marshes, West Hyannis Port

Leader: Ed Foster **Paddlers:** Paul Corriveau, Bill Fischer, Louise Foster, Jane Harding, Debbie Hayden, Carol Houghton, Jean Orser

At launch time there was a light wind, fog, and mist, and a gentle swell breaking on the beach made the launch a little tricky. As we headed east along Nantucket Sound, glasses fogged up from the mist and even those with terrible eyesight said they could see better without their glasses.

We paddled into the marsh behind Squaw Island and proceeded counter clockwise around it. The water was calm and beautifully clear. We had lunch at an association picnic area at the end of 5th Ave/Cross Street. The locals didn't seem to mind, but then someone arrived with a boat trailer to pull his boat. Since our kayakers were spread across the ramp to the water, we cut our lunch short to launch our boats and get out of his way.

After lunch we paddled up the creek at the west end of the marsh, not quite getting all the way to Craigville Beach Road. Then we turned around and headed back into the sound to return to the put-in, still surrounded by fog. Once at the put-in, we'd no sooner loaded the boats onto the cars than the fog lifted completely and we could see for miles! Still it was a beautiful 6.2-mile trip.

Fog and small swells breaking on shore at the put-in.

Louise discovers glasses do not help in fog.

The weather is always right for lunch.

Day-Hiking the French and Swiss Alps

Written by Len Ulbrecht

AMC Adventure Travel Trip # 1838:

August 11-20, 2018

Our trip will be based in Chamonix, France, and Zermatt, Switzerland. In Chamonix, we will be surrounded by Mont Blanc, the highest mountain in the Alps, and many of our hikes will have views of the mastiff and its glaciers. We will then head to Zermatt for views of another great mountain—the Matterhorn (the sixth highest peak in the Alps and one of the best known because of its unique shape)—while we hike through charming Swiss villages, past alpine tarns (lakes), and through alpine meadows.

Anticipated highlights include hiking for five (5) spectacular days; rides in mountain gondolas and funiculars (an underground cabled railway); a tour of Geneva; a visit to Chamonix's *L'Aiguille du Midi*, where you can choose to step out onto The Void; and visiting "the most attractive hamlet" in Switzerland—Findeln.

We'll take time to explore the towns, meet the locals and socialize! This trip is designed for social, fit people with the luxury of hotels and good meals at the end of the day.

Trip cost of \$2,950 includes: lodging, most meals, one Geneva lake/city tour, all ground transport. Airfare is not included. The AMC trip listing can be found [here](#). For further information, contact trip leader Mike Darzi, mike.darzi@gmail.com, or co-leader Len Ulbricht, lenu44@gmail.com.

Volunteer with AMC

Now is the time to apply to volunteer at AMC's Huts & Lodges for the 2018 season. Help others enjoy the outdoors and learn about the natural world!

Information Volunteers greet guests in a friendly manner, orient them to the facility, and offer advice about nearby hiking trails, outdoor gear, and activity programming. They provide information about conservation and natural history, promote AMC membership, and may lead evening programs or nature walks. Volunteers at lakeside lodges also help guests with boats and waterfront equipment; and volunteers in the huts and at Hermit Lake also assist with retail sales. Information Volunteers serve at AMC's backcountry huts, at Hermit Lake Shelters, and at these AMC lodges: Medawisla, Mohican, Harriman, Pinkham, Highland, and Cardigan.

Volunteer Naturalists provide outreach in AMC's backcountry huts, primarily by sharing information about local natural history during evening programs. Naturalists can offer a variety of programs over a few days, or focus on just one or two topics; they can gear their programs toward kids, adults, or both. In addition to evening programs, Volunteer Naturalists offer short talks after breakfast, help guests with hike planning, and may offer afternoon nature walks.

For more information, and to request an application, please [contact Kyra Salancy](#), AMC's Outdoor Program Centers Volunteer Coordinator.

Spend an evening on the New England National Scenic Trail

Thursday, Nov. 30 at 6 PM-8 PM, Jones Library, 43 Amity St, Amherst, MA Come spend an evening with the Appalachian Mountain Club to learn more about the New England National Scenic trail and hear music inspired by the trail, performed by NET Artist-in-Residence Ben Cosgrove. The evening will also include the opportunity to learn about the history of canoes in North America from writer Norman Sims and find out how you can take a canoe on the Massachusetts stretch of the Connecticut River Paddlers Trail.

(FT) (NM) Sat., Nov. 25. Hike (part of) Pachaug Trail, Exeter, R.I., Exeter, RI. Let's stretch our legs and walk off some Thanksgiving dinner. This hike will skirt Beach Pond, and take us through some pretty, fern-lined ledges before reaching the lake edge again. This forested path has some mild ups and downs, but not strenuous. We plan to walk about 2.5 miles to a beach front spot for lunch or snack, then return the same route, for a total of approx. 5 miles. If the weather is wonderful and folks would like, we can extend the hike a bit further. THIS IS HUNTING SEASON, WEARING ORANGE IS A MUST. Wear sturdy footwear and clothing layers of fleece/down, no cotton please. L Peggy Qvicklund (774-893-3011 any time before 9 pm., qvickan@comcast.net) L Walt Granda (wlgranda@aol.com), R Peggy Qvicklund (774-893-3011 any time before 9 pm., qvickan@comcast.net)

Sun., Nov. 26. Winter Morning Out Hike at Myles Standish State Forest, Carver, MA. Enjoy the winter season by getting out and hiking in it. Join me for an 8 am Sunday morning hike at Myles Standish State Forest in Plymouth/Carver. Combining the flat, pond-side East Head Loop and the hilly, wooded Bentley Loop will give us about 7 miles of beautiful trails. Once we're done, we'll still have the rest of the day for other things. Meet at 7:45 at the Forest Headquarters Parking Lot, 194 Cranberry Road, Carver, 02330. We'll plan on a moderate pace to complete the hike in about 3 hours. Registration is not required, but email the leader with questions or concerns. If we have snow, the hike will become a snowshoe and the distance will be adjusted. There is no hunting in the State Forest on Sundays but bring blaze orange anyway. L Maureen Kelly (617-943-4288, mokel773@aol.com, Maureen is a 4 season hike leader for AMC SEM.) L John Bescherer

Sun., Nov. 26. Family Hike at Weetamoo Woods, Weetamoo Woods Tiverton, RI. Join us for a 2-3 mile hike in scenic Weetamoo Woods. We will hike at a leisurely pace, to explore the trails, talk about the history of the area & the wildlife, and learn about following maps & trails & Leave No Trace principles. The trails are fairly flat but rocky; suitable for children ages 5 to 12 years. Wear hiking boots. L Jeannine Audet (508-493-8221 weeknights after 7:00 pm, weekends anytime, milmod@aol.com)

(FT) (NM) Thu., Nov. 30. Thursday Morning Hike Ridge Hill Reserve, Collins Corner Road, Dartmouth, MA. Meet 9:45 at the Collins Corner parking lot for a 4+ mile hike. The 175-acre reserve is one of the 50 reserves that is protected by the Dartmouth Natural Resources Trust (DNRT). The property lies just south of the Copicut Reservoir between the Copicut and Shingle Island Rivers also border's the 14,000-acre "Southeastern Massachusetts Bioreserve". Required equipment: backpack, rain gear, hiking shoes, water, snacks, and lunch. It is hunting season so orange vests and orange hats are recommended. Heavy rain will cancel. Parking is limited so try to car pool. L Walt Granda (508-999-6038 before 9:00 pm, wlganda@aol.com)

Sat., Dec. 2. Welch-Dickey Loop Hike, Mt. Welch and Mt. Dickey, NH. 2017-2018 SEM Winter Hiking Series event. Total loop distance is 4.4 miles with an 1800-foot elevation gain. Full winter gear required plus snacks and lunch. Depending on conditions snowshoes and/or microspikes may be optional. Registration required. Rt. 93 north to RT 49 (NH) exit. 4.5 miles after junction with NH 175 turn left onto Upper Mad River Road. In 0.7 miles turn right on Orris Road. Follow for 0.6 miles, turn right at fork and park. L Maureen Kelly (mokel773@aol.com) L Leslie Carson (Itc929@comcast.net) L Paul Miller (paulallenmiller@verizon.net) CL George Danis R George Danis (339-236-0597 After 6:00 PM, dansdad51@outlook.com)

(FT) (NM) Mon., Dec. 4. Full Moon at Borderland State Park, 259 Massapoag Ave, Easton, MA. Hike in the moonlight at Borderland State Park. This hike will be at an easy to moderate pace, be 4-5 miles and will last approximately 2 hours. Headlamps/flashlights, water, and sturdy footwear are a must. Wear appropriate clothing for the weather. Registration is required for this activity. Participants will be sent trip details after registering. Parking fee or pass required for this state park. L Patricia McNally (508-212-0330, pmcally@comcast.net) L Nancy Coote (508-596-8222, cranstonst22@gmail.com) CL Bill Cannon (508-649-6730) R Bill Cannon (bcannon56@gmail.com)

HIKING

Thu., Dec. 7. Wilson Mountain/Whitcomb Woods Hike, Wilson Mountain Reservation, Dedham, MA. Wilson Mountain Reservation is 207 acres of wild and varied terrain. Large tangled thickets of rhododendrons grow on a hillside. Wilson Mountain is the highest point in Dedham at 295 feet. While not a true mountain, it does provide hilltop views of the surrounding area. There are well marked trails to the summit of Wilson Mountain on the Dedham/Needham line. Managed by the Massachusetts Department of Conservation and Recreation. After Wilson Mountain, at your option, we'll cross Common Street to the Whitcomb Woods trail head. Forested level trails with views of the Charles River and gazebos. Total hike is 5 - 7 miles at a moderate pace. Bring water snacks/lunch, sturdy footwear/traction devices if icy. Steady rain/snow cancels. Dogs on leash O.K. L Ken Cohen (508-942-1536 Before 8:00 pm, k-cohen@comcast.net) CL Walt Granda (508-971-6444 Before 8:00 pm, wigranda@aol.com)

(FT) (NM) Thu., Dec. 14. Borderland State Park/Bay Circuit Trail Thurs. AM Hike, Borderland State Park, MA. Meet at 10AM at Borderland SP parking lot on Massapoag Avenue on the Sharon/North Easton border for a six-mile hike, including portions of the Bay Circuit Trail with pond views. Bring water, lunch, layers, sturdy footwear. Rain or storm cancels. Parking fee is \$5.00 for residents, \$6.00 for non-residents.. L Deborah Lepore (617-778-4339 before 9 PM, DLepore2@GMail.com) CL Hans Luwald (508-668-0462 before 9 pm, Hans.Luwald@GMail.com)

(NM) Thu., Dec. 21. Rocky Woods Hike, Rocky Woods Trustees of Reservations, MA. Join us on this hike to welcome winter, the Winter Solstice occurs at 11:28 am! The trails at Rocky Woods have gentle ups and downs, with one moderate climb to Lookout Point, the site of a former fire tower. Be prepared for winter temperatures, fleece, down and wind/rain jacket. Please no cotton clothing. Traction devices for the boots may even be necessary. Heavy rain or difficult driving conditions cancels. Please contact leader with any questions. L Peggy Qvicklund (774-893-3011 until 9pm., qvickan@comcast.net)

Tue., Dec. 26. White Line the Blue Hills Hike, Blue Hills, MA. This series will run from the Winter Solstice to the Spring Equinox. We will meet Tuesday mornings at 10am and hike trails in the Blue Hills for 3 to 4 hours at a moderate pace. The first hike is Tuesday Dec 26 (last hike is March 20). Register once and then come when you can, info sheets for registered participants will be emailed the prior week. After the first snowfall winter clothing, winter hiking boots, micro-spikes and snow shoes will be required, also Paul, one of the hike leaders, will have his dog Sunny with him when weather permits. We hope you consider this winter series; it's pleasant hiking without bugs and it's an effective way to keep fit during the long winter. Sun., Mar. 18. Winter Morning Out Hike at Myles Standish State Forest, Carver, MA. Enjoy the winter season by getting out and hiking in it. Join me for an 8 am Sunday morning hike at Myles Standish State Forest in Plymouth/Carver. Combining the flat, pond-side East Head Loop and the hilly, wooded Bentley Loop will give us about 7 miles of beautiful trails. Once we're done, we'll still have the rest of the day for other things. Meet at 7:45 at the Forest Headquarters Parking Lot, 194 Cranberry Road, Carver, 02330. We'll plan on a moderate pace to complete the hike in 3 hours. Registration is not required, but email the leader with questions or concerns. If we have snow, the hike will become a snowshoe and the distance will be adjusted. L Maureen Kelly (617-943-4288 before 8 pm, mokel773@aol.com) L John Bescherer

What do you love about winter hiking?

"When I put on a pair of snowshoes and trudge through fresh snow I feel 8 years old again!"
Anne Duggan

"Brilliant blue skies against snow laden evergreens. And yes, no roots!" Peggy Qvicklund

"Snow! No people on the trails, no leaves on the trees, no roots & rocks underfoot."
Cheryl Lathrop

"The stillness and solitude of the mountains and forests in winter." Ken Jones

"The light bouncing off the snow and ice." Ken Carson

"The quiet, the beauty & looking at the animal tracks!" Jeannine Audet

"Cool, clear, crisp. No rocks, no roots, bugs...." Mike Woessner

"Winter hiking is when the mountains are most beautiful and peaceful, the trails (usually) to negotiate, the bugs absent, and your companions most companionable." Paul Miller

"Food for the soul. Mantra of crushed snow with each step, crisp clean air with each breath, and crystal clear views brings pure peace and serenity." Kevin Mulligan

"Such desolate beauty, a wonder of ice and reflected light." Paul Brookes

"I think that I shall never see a poem pretty as an ice rimed tree!" Michael Swartz
(with apologies to Joyce Kilmer)

'Invigorating' hike detailed in Ledger column

Twenty-six enthusiastic hikers joined the December 7th trek to the top of Wilson Mountain in Dedham, MA, followed by a brisk stroll through Whitcomb Woods and Newbridge on the Charles. The AMCSEM hike led by Ken Cohen and Walt Granda was featured by participating member Sue Scheible in her weekly "A Good Age" column in *The Patriot Ledger*.

Describing the outing as "an easy, but invigorating walk," Sue concluded: "It's a good choice for a quick hike if you are out that way or going along the highway and feel like a break."

View from the Chair: “Get Healthy!”

As we approach the New Year, a lot of people begin to think about ways to improve themselves and one area that always comes up is—Health! Ralph Waldo Emerson once said, “The first wealth is health.” If improving your health is on your mind, here are a couple of suggestions:

VOLUNTEER—Volunteering can improve your health in a couple of ways. First, it usually gets you active, and second, it helps your emotional side by improving your social connections. As the daylight hours grow shorter, it is very important to get out and connect with people, preventing “cabin fever” and other forms of isolation. Volunteering forces you to interact with other people and gives a very positive feeling of “giving back” to society. Specifically, by volunteering with AMCSEM you will be interacting with other like-minded people concerned about the outdoors and conservation. We have several ways you can volunteer for your chapter—from filling openings on our board and committees, becoming an event leader, or submitting an article for our newsletter. We are offering free Leadership Training on April 7, 2018, which is always a good time even if you don’t want to eventually become a SEM leader. If you are looking for ways to volunteer and don’t see anything on our website that might interest you, please contact me at chair@amcsem.org and I’m sure we can find a way for you to volunteer for something.

GET OUTSIDE—Although our paddling events and bike rides have pretty much come to end for the season, they have been replaced by some exciting, healthy outdoor events. How about going on a Full Moon hike, a Cape Hike, a gentle snowshoe hike, or a cross-country ski trip? We are also starting a series of family hikes and events, so why not get your kids or grandkids outside and get some fresh air? And when you get outside, don’t forget to bring a friend—there’s that social thing again! You can find all our activities (hike, ski, trail work, snowshoe, family hikes, and/or volunteer) on our website at www.amcsem.org.

Hope to see you outside!

Winter series returns to Welch-Dickey

By Paul Miller, Communications Chair

On Saturday, December 2nd, eighteen enthusiastic, well-equipped AMC hikers showed up at the Welch-Dickey trailhead near Waterville Valley, NH, for the second hike in this season’s SEM Winter Hiking Series. This included a good mix of both newer and experienced SEM winter hikers, plus two amiable visitors from the Boston Chapter (who we’re likely to see join us again on future trips).

While we haven’t visited Welch-Dickey for the last several winter series, this is always a favorite winter hike. Not only are there awesome views, but the hike is not too challenging from the perspective of either length (4.5 miles) or elevation gain (neither Mt. Welch nor Mt. Dickey is over 3,000 feet high).

**2017-2018 SEM WINTER
HIKING SERIES CONTINUES**

- #3 Jan. 6th**—Mt. Kearsarge North, Intervale, NH
- #4 Feb. 3rd**—Mts. Tom and Field, Crawford Notch, NH
- #5 Mar. 2nd-4th**—Zealand Hut Weekend, Twin Mtn., NH
- #6 Mar. 11th**—Mt. Liberty—Franconia Notch, NH

ADDITIONAL WINTER HIKES

- Snowshoe Hikes**—Dec. 16th, Jan. 20th (Anne Duggan)
- Sunday Morning Hikes**—Dec. 24th, Jan. 14th, Feb. 18th, Mar. 18th (Maureen Kelly)
- Noble View Weekend**—Feb. 9th–11th (Walt Granda)

Maureen Pena and Doug Griffiths enjoy the awesome views. *Photo by Len Spada*

However, the footing can get a bit tricky in early winter since the ledges are often icy, making microspikes—or sometimes even full crampons—essential. As expected, the trail conditions varied from bare rock at the bottom to mixed ice and rock mid-mountain; plenty of ice on the ledges; and mostly snow on the two summits.

This made for a great “teaching opportunity,” because the newer winter hikers among us learned to use and trust their microspikes, a key winter hiking lesson. We’re hoping to have a similar teaching opportunity for snowshoes on the next winter series hike, January 6th, to Mt. Kearsarge North in Intervale, NH.

Why we hike in the Winter!

Hiking the Forests of Rhode Island

By Peggy Qvicklund, SEM Hike Leader

Who knew our country's smallest state held a forest so untouched and with such varying terrain that it could be used as a set for a movie with elves and trolls!

Eleven AMC hikers experienced this magical place on the Saturday after Thanksgiving. We met at Beach Pond to hike a portion of the Pachaug Trail. The sun was so warm in the parking lot we almost didn't want to enter the woods.

But off we went, and soon we were hiking in a mixed woods of white and red pine along with the usual hardwood, stepping over blowdowns from recent wind storms.

The trail took us along the edge of the pond. It was tempting to stop and just sit at the water's edge. The trail was easy to follow, with ups and downs—eskers created by the glaciers, maybe? This kept it interesting. A mile or

so in we found a mailbox on the ground with a hikers' log, and Barbara thought it was a perfect place to leave her painted rock for someone else to find. Check out "860 Rocks" on Facebook to learn more.

But the best was yet to come. The trail continued into Connecticut, where the hemlock forest took over with beautiful rock jumbles everywhere. We passed along the foot of a huge outcrop with some small caves and ferns still adorning the crevices. Sunlight only filters in to this area, and I'm sure it would be a perfect spot to cool off on a hot summer day.

After passing along the base of this massive rock, the trail eventually took us back to the water's edge. Here we stretched out and enjoyed our lunch while the sun warmed us.

We returned to our cars on the same trail, but as is often the case, the trail looked different from the other direction and was just as enjoyable heading homeward.

Certainly the amazing November weather, sun, and 60-degree temperatures made the hike especially enjoyable. But honestly, the folks on this hike made it the best. Members from the Worcester, Southeastern Massachusetts, and Rhode Island chapters were present. These members had the honor of welcoming three in our group—Jodi, Patty, and Mike—who were on their very first AMC hike. As always, I enjoyed meeting new and interesting people, and I hope they enjoyed the "troll forest" as much as I did!

New AMC hikers Jodi Marchese, left, Patricia and Mike Little. *Photo by Peggy Qvicklund*

Jeannine Audet, left, Jan Su, Patty Hathaway, Johanna Vanstrien, Bernie Meggison, and Carlos Pena were among those defying the near-freezing temperatures for a Veterans Day ride. *Photo by Barbara Gaughan*

Weekend of Wheels and Wine

By Jeannine Audet

On a sunny but very brisk day, seven riders bundled up for a 24-mile ride through Westport, MA, and Adamsville and Tiverton, RI. We passed farms, stone walls, an orchard, and a grist mill. Temperatures hovered around 37 degrees, but there was only a light breeze and the bright sunshine was appreciated. Afterward, our group enjoyed a private wine tasting at Westport Rivers Winery.

A toast to a great ride! Bernie Meggison, left, Jeannine Audet, Barbara Gaughan, Gary Harris, Jan Su, Carlos Pena, Patty Hathaway, Johanna Vanstrien. *Photo by our guide.*

Register Now! AMC's 2018 Annual Summit! January 27, 2018

[Four Points by Sheraton, Norwood MA](#)

Please join AMC in kicking off another year in the outdoors! No matter what adventures you are planning for 2018, the 142nd Annual Summit has something for you. This event will connect both newcomers and lifelong members with valuable resources, and provide opportunities for meeting people with similar interests and passions.

Annual Summit is AMC's thank you to our dedicated volunteers and members! We welcome you to sign up for a combination of workshops, trainings, and meetings that matches your interests. Check out the full list of offerings [here](#).

This year will feature:

- Interactive workshops led by AMC experts and outdoor pros
- Organization-wide committee meetings
- A delicious buffet lunch
- AMC's annual volunteer service awards
- The 142nd Annual Business Meeting
- Early evening reception, with complimentary drink and hors d'oeuvres
- Updates on AMC's work in conservation, recreation, and education

For those interested in staying over Friday and/or Saturday night, AMC has arranged for special group rates. Visit our registration page for more details.

Early Bird Special Pricing:

Register before January 1, 2018

Pay only \$35!

Regular rate of \$45 applies after January 1, 2018. Register at

www.outdoors.org/AnnualSummit.

Falmouth’s Moraine Trail is not a stroll on the beach! Left: The uneven terrain is strewn with boulders. Right: AMCSEM hikers scramble up another slope on the wooded trail. *Photos by Lenny Collins*

Falmouth Moraine Trail Surprises

By Barry Young, Chapter Chair

Who knew you could hike for nine-and-a-half miles in the woods with several ups and downs, walk by large boulders and glacial ponds—on Cape Cod! When most people think of the Cape, they think of sand, beaches, and dunes with beach grass. Yet in Falmouth there is a lovely long wooded trail guaranteed to get your heart beating faster.

On November 18th, SEM Hike Leaders Cathy Giordano and John Gould led eight hikers on a very different Cape hike. The Falmouth Moraine Trail, unlike most Cape trails which traverse gentle and flat terrain, skirts deep, steep-sided valleys, scrambles up rocky slopes, and circles around hills. The irregular terrain makes it an excellent hiking trail.

The last two miles of the hike traverse the east side of Long Pond, an unusually large and deep kettle-hole pond formed by retreating glaciers 15,000 years ago. Today it is easy to see the difference between the smooth, sandy southeast side and the steep and rocky shores to the north and west forming the Falmouth Moraine.

John Gould has posted this hike again for April 2018, so look for it on our website. As an added bonus, John was one of the original trail blazers for the trail, and he adds a rich commentary as you hike along. And if Cathy Giordano joins in again, you will be treated to some interesting natural history discussions on the birds, trees, flowers, and shrubs that make up the Moraine habitat.

Good turnout for Nov. 26th "Show & Go" hike at Myles Standish State Forest on Nov. 26th. *Photo by Paul Miller*

Volunteer of the Month: Rob McDonald

Written by Peter Tierney, Trails Chair

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Trails Committee recognizes ROB MACDONALD for his continuing contributions.

Rob is an avid birder, photographer and hiker. He believes in leaving trails in better condition than he found them and typically has brush clippers and a small saw in his pack so he can maintain paths as he hikes them. Rob participates in the Trails Committee's maintenance events and acts as informal liaison between AMCSEM and the Bay Circuit Trail Committee's representative in Hanson, MA. In addition to his efforts for the AMC, Rob is also an active volunteer for the Wildlands Trust and the Stellwagen Bank National Marine Sanctuary.

Thank you, ROB, for all you do! Rob will receive a Volunteer of the Month Certificate and a \$50 gift card.

Setting out from the west end of the canal, across from the Mass. Maritime Academy: Peter Meggison, left, Melissa Ann, Ute Anderson, Barbara Gaughan, Larry Decker, Patty Williams, Jim Kilpela, and Paul Currier, Leader. Photo by Maureen Colbert

The Beaver Moon appeared at the east end of the canal, much to the surprise of many, as the sunset was fogged and clouded out. Never give up!

Photo by Barbara Gaughan

Cape Cod Canal riders rewarded with moonlit views

Nine cyclists set out on November 3 for a ride along the cape side of the Cape Cod Canal. They headed out to Monument Beach and Gray Gables under persistently foggy gray skies. Resigned to missing the hoped-for Beaver Moon, the group was elated to spot the full moon cutting through the clouds when they reached the east end of the canal near the power plant. The November full moon gets its name from the Algonquin people, according to *The Old Farmer's Almanac*: "This was the time to set beaver traps before the swamps froze, to ensure a supply of warm winter furs."

Explore the North Cascades with August Camp 2018

In 2018 AMC's August Camp returns to the breathtaking North Cascades of Washington State. Hikes will be in the North Cascades National Park, Mt. Baker-Snoqualmie National Forest, and Ross Lake and Lake Chelan National Recreation Areas. Choose from a variety of 4-6 hikes every day, or add in backpacking, rafting or kayaking to expand your experience. No matter what you do, you'll be surrounded by amazing vistas!

This full-service tent village for 64 campers each week offers home-cooked meals, daily hikes at all levels, nightly campfires and wonderful camaraderie. The 2018 campsite is on the banks of the swift-flowing Skagit River, a popular rafting destination, in the shadow of glaciated 10,781-foot Mt. Baker, and just down the road from Cascadian Farms, known for their organic food and wonderful ice cream. The site is reached by the North Cascades Highway, considered the most scenic drive in Washington State. Fly into Seattle-Tacoma International airport, from where the fleet of camp vans provides free transportation to Camp each Saturday. The vans also provide transport to and from daily activities.

Activities are planned and led by AMC-trained and approved volunteer leaders; meals are prepared by our friendly camp staff. All you have to do is show up at the airport Saturday to enjoy the hiking, the scenery, the people, and the fun that is August Camp!

Detailed info and registration materials will be available on the [August Camp website](#) in early December. Availability is limited so plan your one or two week adventure now and be part of one of the AMC's oldest traditions. Registration opens January 2, 2018.

AUGUST CAMP 2018

Week 1: July 14-July 21

Week 2: July 21-July 28

Week 3: July 28-Aug. 4

Week 4: Aug. 4-Aug. 11

Mountain Majesty

North Cascades • AMC's August Camp 2018

Explore magnificent North Cascades National Park, Mt. Baker-Snoqualmie National Forest, and Ross Lake and Lake Chelan National Recreation Areas. Camp on the banks of the swift Skagit River in the shadow of 10,781 foot high glaciated Mt. Baker.

Hike, raft, bike and more, visiting many stunning waterfalls and scenic vistas on dozens of activities led by trained AMC volunteers. Just arrive and enjoy the activities and camaraderie. Everything's provided: tents, hearty, delicious meals prepared by our staff, local transportation and a free shuttle from Seattle-Tacoma International Airport.

July 14 through August 11. Plan to attend for one week or two. Detailed info, pricing and registration will be on our web site by early December. **Questions? Ask Trish Niece at AugCampReg1887@gmail.com**

Show-and-Go hikes at Myles Standish State Forest

Written by Maureen Kelly, AMCSEM Hike Leader

Nine hardy hikers headed out early on December 10th for the second in the series of Winter Morning Out hikes in Myles Standish State Forest led by Maureen Kelly and John Bescherer.

The hikes are a collaboration between AMCSEM and Friends of Myles Standish. The seven-mile hike covering both the East Head Reservoir and the Bentley Loop will be repeated on: January 14th, February 18th, and March 18th.

These hikes are show-and-go with no pre-registration, so meet us at the Myles Standish State Forest Headquarters Parking Lot and join us for the next one.

BICYCLING

Mon., Jan. 1. SEMAMC 15th ANNUAL NEW YEAR'S DAY CYCLING, North Falmouth, MA. We'll cycle the streets and Shining Sea Bike Path from North Falmouth to Woods Hole and return for 27+/- miles or 3 hours or so. We'll do a shorter ride if the weather is iffy. Last year was beautiful: sunny, 44 degrees, little wind. We'll start at the Shining Sea Bike Path parking lot in North Falmouth. First re-group is Old Silver Beach and a look toward Marion, Rochester, Mattapoisett, Fairhaven, New Bedford and Puget Sound. Perhaps I'll include a couple of side tours into Gunning Point and Racing Beach areas. Then we're on to Woods Hole for refreshments. The return ride will bring us to Nobska Light and then the Shining Sea Path. Start time - late morning with riders and tires pumped and ready to roll. Helmets, water, spare tube required; used pump and tire changing tools would be a plus. Contact leader for start time and registration. L Paul Currier (508-833-2690 8 am - 7 pm, paulbcurrier@comcast.net)

CAPE HIKING

Thu., Jan. 4. Hike Quashnet River, Falmouth / Mashpee, MA. Hike along the Quashnet River and through surrounding woods. Meet at 9:45AM for 10:00AM start. From the Mashpee Rotary take Rte. 28N towards Falmouth. Follow Rte. 28 for 2.1 miles to a right on Martin Rd. (just after crossing the Falmouth town line). Parking is in a small lot or along Martin Rd. L Deborah Hayden (508-274-2820 before 9:00PM, shaferhayden@gmail.com)

Sun., Jan. 7. Hike Otis-Crane Wildlife area, Falmouth, MA. Join us for a nice winter wooded hike. Flat to rolling hills. Hopefully we will find Mt. Zig this time and swing on the swing w/ a view. Meet at 12:45pm for a 1pm start. Go S on Rt 28 to the 151 Exit. Go R at ramp and in a short distance you will see the dirt parking lot on R. Meet in the dirt parking lot across from animal hospital. L Linda Church lchurch@whoi.edu)

Thu., Jan. 11. Hike--Sagamore Hill and Scusset Beach State Park, Sagamore, MA. This 4 mile, 2 hour hike is on wooded paths to historic Sagamore Hill, along level wooded trails in Scusset Beach State Park, and along the Cape Cod Canal service road. Dress for wind along the canal. The hike may be modified due to icy conditions. Go over the Sagamore Bridge, taking Exit 1A/Scusset Beach Road. Go 1.5 miles to the parking area, passing through a traffic light, pass McDonald's on the right, pass the fire station on the left. You will see the sign for Scusset Beach State Park. Pass the guard shack. Fairly soon on the right you will see the Headquarters sign. Park in that lot, on the near end of the parking lot near the road. L Robin McIntyre (508-789-9752 Before 9 pm, robinm McIntyre@comcast.net, Robin is a third year Cape hike/SEM leader with WFA training.) L Jane Harding (508-833-2864 Before 9 PM, janeharding@comcast.net)

Thu., Jan. 18. Hike Bourne Farm and Beyond, West Falmouth, MA. Enjoy hiking the wooded trails at Bourne Farm and Cardoza Farm in West Falmouth. Some hills. Weather will dictate the decision to go beyond these areas to the beach or to the pond and bog areas. Dress in layers. Bring water, snacks, traction devices such as Yaktrax for icy areas. We meet at Bourne Farm at 9:45 am to begin the hike. From the Bourne Bridge (cape side) take Rt 28 south From Rt 151 West take Rt 28 south Then take the Thomas Landers exit. Turn right (West) off the ramp. At the stop sign turn right, make a quick left into Bourne Farm. Park here. Call leader Cathy Giordano if you have questions 508 243 3884. L Catherine Giordano (508-243-3884 Before 9 PM, cmgiordan@msn.com)

Sun., Feb. 18. Winter Morning Out Hike at Myles Standish State Forest, Carver, MA. Enjoy the winter season by getting out and hiking in it. Join me for an 8 am Sunday morning hike at Myles Standish State Forest in Plymouth/Carver. Combining the flat, pond-side East Head Loop and the hilly, wooded Bentley Loop will give us about 7 miles of beautiful trails. Once we're done, we'll still have the rest of the day for other things. Meet at 7:45 at the Forest Headquarters Parking Lot, 194 Cranberry Road, Carver, 02330. We'll plan on a moderate pace to complete the hike in 3 hours. Registration is not required, but email the leader with questions or concerns. If we have snow, the hike will become a snowshoe and the distance will be adjusted. L Maureen Kelly (617-943-4288, mokel773@aol.com) L John Bescherer L Peggy Qvicklund

Tue., Feb. 20. White Line the Blue Hills Hike, Blue Hills, MA. This series runs from the Winter Solstice to the Spring Equinox. We will meet Tuesday mornings at 10am and hike trails in the Blue Hills for 3 to 4 hours at a moderate pace. The first hike is Tuesday Dec 26 (last hike is March 20). Register once and then come when you can, info sheets for registered participants will be emailed the prior week. After the first snowfall winter clothing, winter hiking boots, micro-spikes and snow shoes will be required, also Paul, one of the hike leaders, will have his dog Sunny with him when weather permits. We hope you consider this winter series; it's pleasant hiking without bugs and it's an effective way to keep fit during the long winter. L Paul Brookes (603-799-4399 After 8am and before 8pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. HIKING

Fri., Mar. 2-4. SEM Winter Hiking Series Trip#5 - Zealand Falls Hut Overnight, Zealand Notch, NH. We'll return to beautiful Zealand Notch for the 2017-2018 SEM Winter Hiking Series overnight trip. Participants have an option to stay at the AMC Zealand Falls Hut for either one or two nights under our group reservation. At the hut, we'll enjoy camaraderie and group breakfasts and dinners. App. 6-mile hike or snowshoe into the hut, with minimal elevation gain. For participants who stay both nights, we'll also offer several shorter hikes from the hut. A warm winter sleeping bag (rated to at least 0 degrees F.) will be required along with full winter gear, including well-insulated winter boots, snowshoes, and microspikes. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in an SEM Winter Workshop (or equivalent) required. Preference will be given to those who participated in previous hikes in the series. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net, Paul is an experienced winter hike leader who enjoys helping others learn about the joy (and challenges) of hiking in winter.) Welcome Winter Solstice! Photos by Ken Cohen

Twenty AMC-SEM hikers joined leader Peg Qvicklund (front & center) on Dec. 21 to celebrate either the official start of winter or the end of ever-shorter days. The 2.3-mile loop of the Rocky Woods trail near Medfield, MA, included a moderate climb to Lookout Point (left), site of a former fire tower and a break for mulled cider!

View from the Chair: *Welcome to 2018!*

I hope you enjoyed a nice holiday season spent with family and friends and at least a portion of it outdoors!

The AMC-SEM Executive Board is looking forward to a busy and exciting 2018. We have many events and opportunities planned for you to gather with your SEM friends. Be sure to check out the activities section of our website for upcoming events. Here are a couple of highlights coming up to consider and put on your calendar now:

April 7th—Leadership Training in Foxboro, MA. Here is an opportunity to receive free leadership training from some of our best active leaders. This training prepares you to become an event leader in our chapter—to lead hikes, bike rides, paddling trips, ski trips, or trail maintenance events. If you are looking for a way to volunteer and give back to the outdoors and conservation, this is the first step. There is no obligation after attending the training, but after seeing what a fun time this can be, we are sure you will want to continue on.

April 14th—Open House at Myles Standish State Park. The planning for this event is in full force. Our Past Chapter Chair, Maureen Kelly, is once again organizing this event. We will have free food, hikes, nature walks, bike rides, conservation, and trail maintenance events. Registration for our largest outdoor event of the year will be open soon, so stay tuned!

With the recent addition of Len Ulbricht as Chapter Vice Chair, the SEM Chapter for the second year in a row has a full slate of 15 voting members. That being said, if you are interested in volunteering for your chapter, we still have plenty of opportunities with some committee vice chair and other ad hoc positions still open. In these times of government cutbacks to the outdoors at both the federal and state level, volunteering is something you can proactively do to help both the environment and your own self-improvement by giving back.

As I begin my second full year as Chapter Chair, I am honored to be a part of this amazing organization. The talents and commitments of our volunteers are unsurpassed, and their passions for the outdoors and conservation are an inspiration.

Hope to see you outside!

Cross-Country Skiing

- Waterville Valley—February 23-25
- White Mountains—March 2-4

Noble View Winter Hiking & Cross-Country Skiing Weekend—Feb. 9-11 (Walt Granda)

AMC-SEM Chapter Begins “New Member” Hike Series

By Barry Young, SEM Chapter Chair

On Sunday, January 21st, we kicked off our series of “new member” hikes at the North Hill Marsh Wildlife Sanctuary in Duxbury, MA. We designed these hikes to appeal to those who are new to the AMC, new to the SEM chapter, or have not been active with the club lately. The hikes provide a great opportunity to get outside, meet some new people, and have some fun!

Twenty-three hikers met at the trailhead on Mayflower Street and embarked on a 4.6-mile hike on the trails surrounding the North Hill Marsh. Most were new to AMC or new to hiking with the SEM Chapter. Some experienced SEM hikers came along to answer questions about AMC and hiking in general.

Due to the size of the group, the hikers split into two groups to minimize the impact on the trails. Hike leaders Claire and Craig MacDonald each led a group of hikers around the 90 acres of reservoir and marsh, sprinkling in bits of history and local natural sightings along the way.

After the hike Sandy Santilli, SEM Membership Chair, organized a social gathering at the Duxbury Public Library, complete with some fruit, tasty snacks, and hot cider. Everyone made it home in plenty of time to watch the Patriots!

If you are interested in participating in a future hike in the “new member” series, please contact Sandy at membershipchair@amcsem.org. We are also looking for leaders and experienced hikers to participate and help out with these hikes. The next new member hike is planned for the Wompatuck State Park in Hingham in the March timeframe—stay tuned!

We also encourage you to visit the [activity schedules](http://www.amcsem.org) posted at www.amcsem.org to learn about all the great hikes, ski trips, bike rides, paddles, and conservation activities organized by our chapter volunteer leaders. Chances are good that you’ll find something that appeals to your interests and skill level!

See the photo collage from our first “New Member” Hike on the following page.

'New' Members at North Hill Marsh

Photos by Barry Young & Sandy Santilli

New hikers and father and son Robert (left) and Michael Castagna, enjoy the observation deck.

Some members of the hiking group led by Claire MacDonald (back row center) take a break in the pine grove.

New member Kristin Pimental (left) enjoys hike with friend and Membership Chair Sandy Santilli.

A teepee shelter is just one of the intriguing discoveries along the trail.

New member Jen Campbell (left) and experienced SEM hiker Hadley Donaldson enjoy the cranberry bog and teepee.

Cranberry bogs are part of the 991-acre woods and wetlands surrounding the North Hill Marsh preserve.

Organizers of the social after the hike Sandy Santilli (left), membership chair, and Ellen Thompson, membership vice chair, take a break.

An AMC blaze directs hikers to the right-hand trail.

Leadership Training 2017 presenters and participants. *Photo by Ken Carson*

Leadership Training Offered in April 2018

Written by Doug Griffiths, Education Chair

The next one-day Leadership Training course will be held on Saturday, April 7, 2018 at the Foxboro Recreation Department Rec Hall; 68 Mill Street; Foxboro, MA 02035. This course prepares trip leaders for managing groups they will be leading on AMC-sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to ensure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip-leader candidates are also welcome. It is an all-day course with a mix of classroom and outdoor exercises. Lunch and refreshment breaks are provided. This course is offered at no cost to chapter members.

This training is required for prospective AMC-SEM trip leaders, but is useful for any participant interested in improving their outdoor skills and anyone wishing to become familiar with trip group management. All those interested in this Leadership Training course may also wish to consider Wilderness First Aid training coming up May 5-6, 2018.

Leslie Carson leads a phone screening exercise for future group trip organizers. *Photo by Ken Carson*

To register, please contact AMC-SEM Education Chair Doug Griffiths RedDougG@aol.com or 508-758-4315 after 6 PM.

Mike Woessner (wearing cap) with a first aid trainee group assessing a victim. *Photo by Doug Griffiths (2016)*

Wilderness First Aid Training May 2018

Written by Doug Griffiths, Education Chair

The next two-day Wilderness First Aid training course will be held Saturday and Sunday, May 5-6, 2018 in Foxboro, MA. The course runs 8:00 AM to 4:00 PM both days with an optional CPR course available Saturday at 4:00 PM. The course will be given at the Rec Hall, 68 Mill Street, Foxboro, MA 02035.

Instruction is provided by SOLO, experts in providing wilderness medical training. Their excellent courses have been well received by AMC members for years and we look forward to continuing to sponsor their trainings.

Pricing is as follows: \$170 AMC Member Price, \$185 for non-AMC members. Price includes lunch and break service both days. The optional CPR course costs an additional \$35.

Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course

is a mix of classroom lecture and practical exercises. Both days are required to certify.

The training is required for most AMC-SEM trip leaders, but is a great experience for any outdoor enthusiast. I would encourage any AMC trip participant to consider taking this course. You will find it exciting and stimulating.

To register, please contact AMC-SEM Education Chair Doug Griffiths RedDougG@aol.com or 508-758-4315 after 6 PM

Volunteers of the Month: Maureen Kelly & Robin McIntyre

Written by Mike Woessner, Hiking Chair and Cathy Giordano, Cape Hiking Vice Chair

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month we recognize two terrific volunteers.

The Hiking Committee recognizes **Maureen Kelly** for her contributions.

Maureen joined the AMC in 2006. After participating in many hikes, she made the plunge to become a hike leader. She co-led her first hike in 2010. Soon after, when she had completed the requisite co-leads, she became a full leader.

Maureen has led many hiking trips throughout the years. She is an enthusiastic leader and enjoys engaging with new hikers. She is a major organizer of winter series hikes, including this winter's Sunday Morning Out hikes. Maureen has also established a year-round series of "Show and GO" hikes in Myles Standish State Forest.

Maureen served as Cheryl Lathrop's Chapter Vice Chair from 2012-2014, and she was our Chapter Chair for 2014-2016. She has also served as Conservation Vice Chair, and has helped organize many of the Chapter's open houses and annual dinner meetings.

The Cape Hiking Committee recognizes **Robin McIntyre** for her numerous contributions.

With Leadership Training under her belt in April, 2015, Robin jumped right into her new role as leader of hikes!

She is a master at crafting routes through conservation land, often featuring beautiful water views, in her home town of Bourne, Massachusetts. Robin is well prepared to share her knowledge with fellow hikers. She researches history and environmental impact, as well as significant features of the area, and plans her hikes to take advantage of this information. She warmly welcomes her followers with an enticing preview of the trip ahead, coupled with a visual in the form of a well-displayed map.

Robin emphasizes "Leave No Trace" prior to each hike. She is well aware of the need for conservation, especially near the water. Robin has been known to end her hikes with bags of trash collected along the way.

It's always good to have a Wilderness First Aid-trained person on a hike. Robin completed WFA training in 2016 and is ready, willing, and able to use it should the need arise, off or on the trail.

Robin serves the SEM Chapter as Hike Leader and as a member of the Nominating Committee, now into her third year. We greatly appreciate Robin's service.

Thank you, Robin and Maureen, for all you do! Robin and Maureen will each receive a Volunteer of the Month Certificate and a \$50 gift card.

Explore the North Cascades with August Camp 2018

In 2018 AMC's August Camp returns to the breathtaking North Cascades of Washington State. Hikes will be in the North Cascades National Park, Mt. Baker-Snoqualmie National Forest, and Ross Lake and Lake Chelan National Recreation Areas. Choose from a variety of 4-6 hikes every day, or add in backpacking, rafting or kayaking to expand your experience. No matter what you do, you'll be surrounded by amazing vistas!

This full-service tent village for 64 campers each week offers home-cooked meals, daily hikes at all levels, nightly campfires and wonderful camaraderie. The 2018 campsite is on the banks of the swift-flowing Skagit River, a popular rafting destination, in the shadow of glaciated 10,781-foot Mt. Baker, and just down the road from Cascadian Farms, known for their organic food and wonderful ice cream. The site is reached by the North Cascades Highway, considered the most scenic drive in Washington State. Fly into Seattle-Tacoma International airport, from where the fleet of camp vans provides free transportation to Camp each Saturday. The vans also provide transport to and from daily activities.

Activities are planned and led by AMC-trained and approved volunteer leaders; meals are prepared by our friendly camp staff. All you have to do is show up at the airport Saturday to enjoy the hiking, the scenery, the people, and the fun that is August Camp!

Detailed info and registration materials will be available on the [August Camp website](#) in early December. Availability is limited so plan your one or two week adventure now and be part of one of the AMC's oldest traditions. Registration opens January 2, 2018.

AUGUST CAMP 2018

Week 1: July 14-July 21

Week 2: July 21-July 28

Week 3: July 28-Aug. 4

Week 4: Aug. 4-Aug. 11

Mountain Majesty

North Cascades • AMC's August Camp 2018

Explore magnificent North Cascades National Park, Mt. Baker-Snoqualmie National Forest, and Ross Lake and Lake Chelan National Recreation Areas. Camp on the banks of the swift Skagit River in the shadow of 10,781 foot high glaciated Mt. Baker.

Hike, raft, bike and more, visiting many stunning waterfalls and scenic vistas on dozens of activities led by trained AMC volunteers. Just arrive and enjoy the activities and camaraderie. Everything's provided: tents, hearty, delicious meals prepared by our staff, local transportation and a free shuttle from Seattle-Tacoma International Airport.

July 14 through August 11. Plan to attend for one week or two. Detailed info, pricing and registration will be on our web site by early December. **Questions? Ask Trish Niece at AugCampReg1887@gmail.com**

EDUCATION

Sat., Apr. 7. Leadership Training Workshop, Foxboro Recreation Department Rec Hall, 68 Mill Street, Foxboro, MA 02035.

This course prepares trip leaders for managing groups they will be leading on AMC sanctioned trips. The course covers leadership styles, trip planning considerations, screening criteria to insure similar group member skills, risk mitigation, and qualifications to become a leader. Non-trip leader participants are also welcome. It is an all-day course with a mix of classroom and outdoor exercises. The usual schedule is 8 am to 5 pm. Lunch is included and refreshment breaks are provided. This course is offered at no cost to AMC members. For Southeastern Mass chapter members, this is the first step in becoming a trip leader, followed by several co-leads with current chapter trip leaders, arranged in the weeks or months after this program. This training is required for prospective SEM trip leaders, but is useful for any participant interested in improving their outdoor skills and anyone wishing to become familiar with trip group management. L Douglas Griffiths (508-758-4315 after 6 pm, RedDougG@aol.com)

Sat., May 5-6. Wilderness First Aid Two-Day Workshop, Foxboro Recreation Department Rec Hall, 68 Mill Street, Foxboro, MA 02035.

Wilderness First Aid is a comprehensive lesson in how to react, respond, and save lives in remote, life-threatening situations. Wilderness First Aid is a two-day class designed for trip leaders, co-leaders, and outdoor enthusiasts. This course teaches the skills necessary to identify and treat medical issues common to wilderness settings and to prepare for long-term care scenarios. This emergency response training includes patient assessment, trauma, musculoskeletal and soft tissue injuries, splinting, environmental emergencies, animal and insect bites, and a variety of other topics. The course is a mix of classroom lecture and practical exercises. Both days are required to certify. This training is required for AMCSEM trip leaders, but is a great experience for any outdoor enthusiast. Instruction is provided by SOLO, experts in providing wilderness medical training. L Douglas Griffiths (508-758-4315 after 6 pm, RedDougG@aol.com)

CAPE HIKING

Sat., Feb. 24. Hike--Monk's Park and Little Bay, Bourne, Bourne, MA. This 2 hour hike over approximately 4 miles is in Bourne Conservation Trust properties of Little Bay and Monk's Park. We will hike wooded trails and a fire road with views of Little Bay from the bluff. A beach walk section will be included with views of Buzzards Bay. The terrain is frequent, moderate rolling hills on the wooded trails throughout the hike. Dress for wind on the beach. From Bourne Bridge/Cape side, take Route 28S toward Falmouth for 1.7 miles. Go right on Clay Pond Road/Monument Beach (green state sign) before McDonald's. Go 1.3 miles, cross County Road onto Beach Street for .2 mile. Go left onto Shore Road (Cumberland Farms on corner) for 1 mile. Go right onto Valley Bars Road and Monk's Park is at the end. Park at the end just before the underpass. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net, Robin is a third year Level 1 SEM/Cape hike leader with WFA training.)

Sun., Mar. 11. Hike Cape Cod Canal/Town Neck Sandwich, MA. Taking advantage of low tide we will hike 4-5 miles along the canal, along Town Neck & Boardwalk beaches which vary from very rocky terrain to soft & hard packed sand then through the Town Neck neighborhood. Gather at 12:45 for a 1 p.m. start from Sandwich Recreation Area parking lot at end of Freezer Rd off Tupper Rd, Sandwich. Heavy rain cancels. L Barbara Gaughan (781-572-1321 Before 9 p.m., barbaragaughan12@comcast.net, SEM Level 1 hike & bike leader.)

Thu., Mar. 15. Hike--Four Ponds and Bourne Town Forest, Bourne, MA. This 2 hour approximately 4 mile hike is in the Bourne Four Ponds Conservation Area and adjacent Bourne Town Forest. The terrain is wooded pathways, fire roads, and mountain bike trails with some moderate hills. It offers views of the ponds and some wildlife. From the Bourne Rotary/Cape side, take Route 28S for 1.7 miles. Take a right onto Clay Pond Road/Monument Beach (green state sign) before McDonald's. Go .5 miles and turn left onto Valley Bars Road. Go .3 miles and pull up in back of the Weary Traveler's Club into their parking lot--the driveway is a U shape around the back of the club. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net, Robin is a third year Level 1 SEM/Cape hike leader with WFA training.)

Sat., Mar. 24. Walker Lookout and Beech Tree Trail Hike, Barnstable, West Barnstable, MA. A moderate hike with some hills. A wonderful view from Walker Lookout. Some fire roads and a some beautiful trees on the Beech Tree trail. Then a gentle climb up to the highest point in Barnstable with another beautiful view. If it is clear you can see Martha's Vineyard. Good boots of a mid height are recommended. This hike is under 5 miles but will feel like more. L David Selfe (508-771-0620 after 5, kdselfe@comcast.net, lever 1 hike leader of Cape Hikes with over 500 miles on Cape Cod)

Thu., Apr. 5. Hike Crowes Pasture, Dennis, MA. Hike in Crowes Pasture, along surrounding marsh and beach and through historic Quivet Neck neighborhood. Expect soft sand! Meet at 9:45AM for 10:00AM start. Cold Storage Beach parking: RT 6 to Exit 9 and RT 134 North. Follow RT 134 north to traffic lights at RT 6A and turn right. Follow RT 6A for .8 miles and turn left on School St (Airline Rd on Right). Follow School St for .4 miles and turn left on Cold Storage Rd. Follow Cold Storage Rd for .5 miles to parking lot at the beach. L Deborah Hayden (508-274-2820 before 9:00PM, shaferhayden@gmail.com)

Sat., Apr. 14. Hike Bell's Neck Conservation Lands, Sand Pond, Harwich, MA. 4.5mi hike on trails surrounding West Reservoir, cranberry bogs, the herring run and salt marsh. Exit 10 to 124S to end. R on 39S x 1.9 mi to Sand Pond parking on right. Arrive 9:45 a. m. for a 10:00 a.m. start. Heavy rain cancels. L Barbara Gaughan (781-572-1321 before 9 p.m., barbaragaughan12@comcast.net, AMCSEM Level 1 hike & bike leader.)

(FT) (NM) Sun., Apr. 15. Falmouth, Beebe Woods Hike (C3D), Falmouth, MA. Spring stroll through woods, passing ponds and a farm. Meet at 12:45pm. 2 hours. Take Route 28 South to hospital lights, then 0.6 miles to a right on Depot Avenue. Continue 0.4 miles up the hill and past Highfield Hall into the parking lot at Cape Cod Conservatory. If question about weather, contact Leader. L John Gould (508-540-5779, jhgould@comcast.net)

Thu., Apr. 19. Hike--Bourne Sisters, Bourne, MA. This 2 hour approximately 4 mile hike is in the Bourne Conservation Trust areas of the Bourne Sisters and Perry Woods. It also includes a cranberry bog and Town of Bourne Leary Property. The terrain is wooded pathways with frequent moderate rolling hills. We will have views of Back River from the Leary Property. Icy trails may be a reason for cancellation of this hike due to the hills. L Robin McIntyre (508-789-8252 Before 9 p.m., robinmcintyre@comcast.net, Robin is a third year SEM/AMC Level 1 hike leader with WFA training.)

Tue., Jan. 30. White Line the Blue Hills Hike, Blue Hills, MA. This series runs from the Winter Solstice to the Spring Equinox. We will meet Tuesday mornings at 10am and hike trails in the Blue Hills for 3 to 4 hours at a moderate pace. The first hike is Tuesday Dec 26 (last hike is March 20). Register once and then come when you can, info sheets for registered participants will be emailed the prior week. After the first snowfall winter clothing, winter hiking boots, micro-spikes and snow shoes will be required, also Paul, one of the hike leaders, will have his dog Sunny with him when weather permits. We hope you consider this winter series; it's pleasant hiking without bugs and it's an effective way to keep fit during the long winter. L Paul Brookes (603-799-4399 After 8am and before 8pm, PaulBrookes1966@outlook.com, Living in Boston I enjoy hiking around Greater Boston and beyond. HIKING

Wed., Jan. 31. Full Moon Hike at Borderland State Park, 259 Massapoag Ave, Easton, MA. Hike in the moonlight at Borderland State Park. This hike will be at an easy to moderate pace, be 4-5 miles and will last approximately 2 hours. Sturdy footwear, headlamps/flashlight and water are required for this activity. Participants will be sent trip details after registering. L Nancy Coote (cranstonstreet22@gmail.com) L Patricia McNally (pmcally@comcast.net) CL Bill Cannon (bcannon56@gmail.com), R Bill Cannon (bcannon56@gmail.com)

Thu., Feb. 1. BCT hike in Walpole Town Forest, MA. We will hike 5 mostly flat miles through the Town Forest on the BCT and adjoining trails past ponds, the Neponset River, and ballfields of the high school. In case of sufficient snow, we will snowshoe a shorter loop. In any case: bring water, lunch, proper footwear, traction devices for slippery conditions, proper clothing and possibly snowshoes. Rain cancels. L Hans Luwald (508-668-0462 Before 9:00 PM, hans.luwald@gmail.com) CL Debbie Lepore (617-778-4339 Before 9:00pm)

Sat., Feb. 3. SEM Winter Hiking Series Trip #4 - Mts. Tom and Field, Crawford Notch, NH. Trip #4 gives us the opportunity to hike two 4000-footers in winter. Mts. Tom (4051) and Field (4340) are located in the Willey Range "that rises sharply out of Crawford Notch. The ridge is rather narrow with steep sides, giving it a rugged appearance from many viewpoints, but its crest undulates gently with relatively broad summits and shallow cols." (White Mountain Guide, 30th ed.). Hiking both peaks would be a distance of 7.4 miles and 2850' of elevation. Hiking one mountain may also be an option. Prior winter hiking experience and/or participation in an SEM Winter Workshop (or equivalent) required. Preference will be given to those who participated in previous hikes in the series. L Maureen Kelly (617-943-4288 before 8 pm, mokel773@aol.com) L Leslie Carson (lrc929@comcast.net) L Paul Miller (paulallenmiller@verizon.net)

Tue., Feb. 6. White Line the Blue Hills Hike, Blue Hills, MA. This series runs from the Winter Solstice to the Spring Equinox. We will meet Tuesday mornings at 10am and hike trails in the Blue Hills for 3 to 4 hours at a moderate pace. The first hike is Tuesday Dec 26 (last hike is March 20). Register once and then come when you can, info sheets for registered participants will be emailed the prior week. After the first snowfall winter clothing, winter hiking boots, micro-spikes and snow shoes will be required, also Paul, one of the hike leaders, will have his dog Sunny with him when weather permits. Sun., Feb. 18. Winter Morning Out Hike at Myles Standish State Forest, Carver, MA. Enjoy the winter season by getting out and hiking in it. Join me for an 8 am Sunday morning hike at Myles Standish State Forest in Plymouth/Carver. Combining the flat, pond-side East Head Loop and the hilly, wooded Bentley Loop will give us about 7 miles of beautiful trails. Once we're done, we'll still have the rest of the day for other things. Meet at 7:45 at the Forest Headquarters Parking Lot, 194 Cranberry Road, Carver, 02330. We'll plan on a moderate pace to complete the hike in 3 hours. Registration is not required, but email the leader with questions or concerns. If we have snow, the hike will become a snowshoe and the distance will be adjusted. L Maureen Kelly (617-943-4288, mokel773@aol.com) L John Bescherer L Peggy Qvicklund

Sun., Feb. 18. Snowshoe #3 -- Beartown State Forest, Lee and Tyringham, MA. Explore a gem in southwestern MA! We will follow the AT through beautiful Beartown State Forest in Lee MA starting at Benedict Pond. We will ascend to the Ledges and Mt Wilcox. 7 -9 miles depending on conditions. L Anne Duggan (508-789-5538 before 9 pm, abduggan12@gmail.com) L Ken Carson (kciii@comcast.net) CL Brian Duane (bduane105@comcast.net), R Anne Duggan (177 Rounseville Road, Rochester, MA 02770, 508-789-5538 before 9 pm, abduggan12@gmail.com)

HIKING

Thu., Mar. 1. Blackstone River and Canal Hike, MA. Meet at 10:00 in Uxbridge, behind the Stanley Woolen Mill building off of Route 16. (NOT at the Visitor's Center on Oak Street) After a pleasant, level walk along the Blackstone Canal, we will walk up the street, and continue across the field at Rice City Pond. Following the King Phillip Trail, we will reach Lookout Rock with views over the Blackstone River. Returning to the Stone Arch Bridge, we have an option to take a loop hike over Goat Hill before returning to our cars. The DCR Visitor Center should also be open, with exhibits focusing on the history of the area. L Peggy Qvicklund (774-893-3011 before 9 pm, qvickan@comcast.net)

Fri., Mar. 2-4. SEM Winter Hiking Series Trip#5 - Zealand Falls Hut Overnight, Zealand Notch, NH. We'll return to beautiful Zealand Notch for the 2017-2018 SEM Winter Hiking Series overnight trip. Participants have an option to stay at the AMC Zealand Falls Hut for either one or two nights under our group reservation. At the hut, we'll enjoy camaraderie and group breakfasts and dinners. App. 6-mile hike or snowshoe into the hut, with minimal elevation gain. For participants who stay both nights, we'll also offer several shorter hikes from the hut. A warm winter sleeping bag (rated to at least 0 degrees F.) will be required along with full winter gear, including well-insulated winter boots, snowshoes, and microspikes. Depending on trail conditions, we may also need either 10- or 12-point crampons. Prior winter hiking experience and/or participation in an SEM Winter Workshop (or equivalent) required. Preference will be given to those who participated in previous hikes in the series. L Paul Miller (508-369-4151 before 9:00 pm please, paulallenmiller@verizon.net, Paul is an experienced winter hike leader who enjoys helping others learn about the joy (and challenges) of hiking in winter.) SKIING

Fri., Feb. 23-25. Cross Country Skiing in Waterville Valley, 5 Old Waterville Rd., Campton, NH. Join us for a cross country skiing weekend in Waterville Valley, NH. We will stay at the Mountain Fare Inn. The Inn features en suite rooms with full breakfast & nearby skiing. This is a collaborative trip with the Narragansett Chapter. L Jeannine Audet (508-493-8221, milmod@aol.com) L Barbara Hathaway (508-662-0724, barb224@tmlp.net) CL Karen Rudio (508-397-2316, karenrudio@comcast.net), R Barbara Hathaway (508-662-0724, barb224@tmlp.net)

Fri., Mar. 2-4. XC Ski White Mountains, Intervale, NH. Can you think of a better way to begin the month of March than XC-skiing in the White Mountains? Join the SEM and Forty Plus chapters on Mar. 2 for 2 nights lodging at the Old Field House in Intervale, NH. Room rates are from \$125 to \$135 per night plus tax and include a hearty breakfast on Saturday and Sunday mornings. Visit their website www.oldfieldhouse.com for a complete description of their rooms and amenities. After registering by phone with the AMC Leader, call the Old Field House at 800-444-9245 to reserve your room. If you don't have a roommate, leader or innkeeper will try to match you up with one or you have the option of paying for a single supplement. We'll ski at Jackson, Great Glen, or Bear Notch - or right out the door on the Intervale trails. Bring your snowshoes, too. Walt Granda and Len Ulbricht are able to lead snowshoers or hikers. The weekend begins with pizza, salad, and socializing on Friday night (nominal charge) around 6:30. Bring a snack to share at Happy Hours and your favorite beverage. Space is limited, so reserve a spot soon. L Barbara Hathaway (508-880-7266 before 9pm, barb224@tmlp.net, XC Skiing and Hiking Leader and past XC Ski Committee Chair for Southeast Mass Chapter.) CL Wayne Cardoza (Leads trips for Forty Plus chapter), R Barbara Hathaway (508-880-7266 before 9 pm, barb224@tmlp.net)

Moonlight shines through a light haze and reflects off snow at Borderland State Park during a January 31st hike. *Photo by Bill Cannon*

There's nothing like hiking by the light of the moon

Written by Nancy Coote & Bill Cannon, Hike Co-Leaders

If you have not been on a Full Moon Hike, you should have some fun and give a walk in the moonlight a try. The experience of breathing the cool, crisp air of winter while hiking under a starry, moonlit sky shouldn't be missed. OK, so the sky might not always be clear, but from our perspective the hike is always fun.

This year's Full Moon Hikes at Borderland State Park have been well attended by a really enthusiastic group of hikers. No, the moon isn't always visible on a cloudy night, and many of the trails may be covered with snow, but a night out in nature can be pure bliss.

If you're lucky, you won't need a headlamp: There will be moonlight reflected on snow to light the way. You might even see some white-tailed deer sprinting through a field!

View from the Chair: AMC Leadership Training can be empowering

With our upcoming Leadership Training workshop on April 7, 2018, I thought I would take a moment and reflect on what it means to be a “leader” for AMC.

Leadership can be a difficult term to define. The various dictionary definitions all talk about “the action of leading a group of people or an organization” or “leading or guiding other individuals, teams, or entire organizations.” However, as I’m sure you will agree, words like *inspire*, *motivate*, and *accountability* are also part of leadership, and these subjective words are the truly defining parts of a great leader.

If you have ever participated in one of our hikes, paddles, bike rides, or trail work events, that activity was organized and led by a trained AMC Southeastern Massachusetts Chapter leader. Part of the leader’s training was attending our free, one-day Leadership Training workshop. This includes both indoor lecture-type talks and some fun practical exercises, many of which occur outdoors. In addition to taking the workshop, there are various co-lead requirements before you become a full-fledged leader. These depend on the specific activity and the level of leadership you wish to pursue. These requirements are all covered in the course and, by the way, if you decide not to pursue anything beyond the workshop, that’s okay too.

Ever wonder what type of leader you are? This topic is covered in the course under “leadership styles.” There are many different types and one type is not necessarily any better than another—just different. Attending the course could teach you something about yourself that you may not already know!

What if you are reading this and you are saying to yourself, “The course sounds great and a lot of fun, but I’m just not leadership material”? Well, that’s okay—our chapter also needs great “followers.” Our activity leaders love to have people on their events who have been through the classroom part of the Leadership Training course, because they make great participants. They understand a little bit about group dynamics, what might go right or wrong, and can put themselves in the shoes of the leader and truly contribute to the event because of their leadership understanding. So even if you do not ever want to be an AMC leader, this workshop is empowering for you as an individual and will contribute to your own personal improvement.

Our SEM Chapter is always looking for leaders who desire to make a positive impact and to make the world a better place. I hope some of you reading this will consider spending a day both improving yourself and helping your chapter. You can sign up by clicking [here](#).

Hope to see you at Leadership Training!

The Full Moon's 'leadership bug'

Continued from page 1

The credit for beginning these Full Moon Hikes at Borderland State Park needs to be given to Bob Vogel. A long-time AMC hike leader, Bob has been inspirational in sparking interest in hiking and leadership. He sponsored both Nancy and Patti McNally in obtaining leadership certification, and he continues to put adventure into your bones. We hope to foster this enthusiasm in others.

Take Bill Cannon: After a gap in hiking during the 2016-2017 season, Bill was bitten with the leadership bug. This season he became an AMC Hiking Leader, earning his certificate by co-leading hikes with Nancy and Patti at Borderland. Bill's approach, asking if there was interest in bringing back the Full Moon Hikes if he helped lead them, led to an awesome season! That was all it took for Nancy and Patti to say yes. They had missed the hikes due to conflicts in their schedules, and were unable to commit to lead them once a month.

This year, with Bill's help registering hikers and co-leading, the hikes have been a great success and especially eventful. You won't see another night for a long time when a super moon, a full moon, and a lunar eclipse occur together! But you will have many nights when you can watch the full moon rise and see a super moon shine across the pond, while you hike with enthusiastic adventurers and even get some exercise.

The hikes are about 4-5 miles and the terrain is mostly flat and easy walking. We encourage you to get out and enjoy a hike any time, but it is especially nice by the light of the silvery moon.

Note: AMC-SEM Hike Leaders obtain permission from the DCR for each moonlight hike, which is outside normal park hours. Don't do this on your own. The next approved Full Moon Hike is on March 1st. See the Activities pages for details.

Volunteer teen trail crew vacations

Here's a great way for teens to act on their sense of purpose and contribute to a greater cause. Teen trail crews are active all summer from Pennsylvania to Maine and provide camaraderie with conservation work. Whether it's one week, ten days, or a four-week leadership program, this experience will not only build trails, but confidence and commitment. Learn more [here](#).

Invite your friends to Open House!

Join fellow SEMers for our chapter-wide "Take it Outside" open house at Myles Standish State Forest on Saturday, April 14. We're offering a variety of fun outdoor activities starting at 10:00 am and 1:30 pm. Enjoy a family-friendly nature walk, beginner and intermediate hikes, beginner and intermediate bike rides, trail work activities, and a free lunch at noon! Invite a friend to experience the fun of being an AMC-SEM member! For more information about the open house and to register for any of the events, just visit www.amcsem.org.

Hikers ascend Mount Tom and Mount Field in frigid conditions

By Paul Miller, Communications Chair & Hike Leader

Due to the bitterly cold and windy weather conditions predicted for our Winter Series Hike #3 in January, your SEM winter hike leaders wisely decided to cancel that trip to Kearsarge North in Intervale, NH—to the disappointment of many. The exposed, largely treeless terrain approaching the summit of that mountain would have posed a definite frostbite risk for hikers.

The similar weather forecast for Winter Series Hike #4 on Feb. 3rd also did not bode well. Frigid, below-zero temperatures and windy conditions were predicted for this planned hike to Mts. Tom and Field. But since the hike up to Mt. Tom at least is in the trees the whole way with virtually no exposure to wind, we decided that the hike was a “go.”

Twenty-four intrepid winter hikers showed up at the AMC Highland Center in Crawford Notch at 8:30 am, well-equipped with full winter clothing and gear. This was a good thing, since the temperature at the trailhead was a nippy nine degrees *below* zero. Luckily, the sun was shining and—amazingly—there was no wind, which made the frigid temps tolerable.

Based on the advice of the AMC Highland staff (but against the best judgment of our leaders), we left our snowshoes and full crampons in the cars, broke into two

groups to minimize our disruption on the trail, and headed up the Avalon and A-Z Trails in our microspikes. These worked fine on the lower, flatter sections of the trail, but didn’t really provide all the traction (or flotation) we would have preferred on some of the steeper, icier sections we encountered higher up.

While the initial plan was to first hike up Mt. Field and then double back and hike up Mt. Tom, when the first group reached the intersection with the Mt. Tom Trail, it was time to reassess the situation. The two groups merged temporarily and had a meeting of the minds. Since we had ample leadership for this trip, we could reorganize into three groups.

One group went on to Mt. Field to ultimately summit both peaks. One group headed up the Mt. Tom Trail and—after enjoying the sunshine and the limited views—had a quick lunch on the summit and then headed back down. The third group had lunch at the trail intersection, then headed up to the summit of Mt. Tom Trail before heading down. Eventually, these two Mt. Tom groups merged again on the trail back down to the Highland Center.

Despite the extremely cold conditions, all three groups made it back down to the Highland Center in safety and, equally important, we all had big smiles on our faces!

AMC Mountain Leadership School Photo

Member's SEM Leadership Training was great preparation for MLS

Written by Ed Eads, Former AMC-SEM member

My name is Ed Eads and until recently I was an AMC-SEM Chapter member. (I moved to RI.) In April 2016, I took the SEM Chapter leadership class at Foxboro and then attended Mountain Leadership School (MLS) in June 2016. Since then, I started lending a hand at MLS. I'm reaching out to you to share how useful I found MLS after attending the [SEM Chapter Leadership Training](#).

My goal in taking the SEM Leadership Training was to learn more about the chapter and get more involved. I found the topics covered and the collaborative sharing of experiences by SEM Chapter leaders excellent. It was a nice blend of basic leadership training and chapter specific trip leadership information. Jess Wilson from AMC Headquarters presented the section on Liability and Risk, and she also mentioned MLS to our class. I decided to attend MLS as a next step in learning about AMC and developing my own leadership skills. The two leadership training opportunities dovetailed very nicely and I enjoyed both thoroughly.

Mountain Leadership School has been AMC's premier leadership school for 60 years and is led by experienced volunteer instructors. The school uses an experiential teaching method that allows students to practice the skills they are learning hands-on each day. It is also set mostly in the field, which allows students to practice in the actual environment in which they will be leading hikes for AMC or their friends.

The school is based out of the Highland Center in New Hampshire and runs from a Wednesday through a Sunday in June each year, with options for leaders interested in Backpacking and also Day Hiking. The topics covered range from Group Dynamics to Trip Planning to "Leave No Trace" principles to Emergency Scene Management and a great deal more. MLS is also a fun adventure that tests you as a student and also feels safe and inviting. For me, I think the format and topics covered were the perfect progression after attending the SEM Chapter Leadership Training.
